Dear Mr. Goldie:-

Since writing you on the 27th. your letters of October 22nd. and 27th. have been received. In the latter you give the Bank loans and wages owing, but do not state what the amount of estimated receivables is to meet these, and when you figure it will come to hand.

I presume you know now the total number of boxes of our pack, and this I would like to know, also your estimate of just what we will receive, and whether it will be in excess of the .40¢ per box greater than last year, which you figured some time ago.

As previously mentioned, it is most important to me in my case to get all the available cash in by November 15th. or at the latest the 20th., as I have heavy payments to make.

You say nothing about your plans for coming East, but I presume I will hear from you in the near future regarding this.

Yours very truly,

J E McCallisky
