Dear Mr. Goldie:

Your letter of the 14th received, and am sorry to note you are not going to be able to get the cannery this year for a packing house. The substitute which you propose seems alright, although it is too bad to have to make the outlay at this time. You however, are on the ground and can tell what is best.

Am glad to know that things are going along alright, and trust you will keep me posted.

Yours very truly,

J E McAllister
