Dear Mr. Goldie:

RE RAINBOW.

Your letter of the 17th received, and am very glad to know that things are looking well. I expect you have been extremely busy, and it must be gratifying to you to see at last some return coming.

I note what you say regarding shipping to Toronto independently, and will be guided by your views in this respect. I hope however you will give it serious thought and if it is not practicable, or not worth trying, we will let it go until we can talk it over.

I hope to be able to get out and see you some time during the month of October, but will let you know.

Yours very truly,

J E McAllister
