Penticton July 8th 10

Dear Mr Goldie

As I have heard nothing more from you in connection with the range deal I have decided to write you to know what has been done in the matter. I would like to know at once whether the deal is going through. My reason for this is that real estate in Penticton is becoming valuable property and I wish to get in on some of the good things, but I do not wish to jeopardize the range deal by so doing. Kindly write and let me know at your earliest convenience so that I may governmyself accordingly

Yours very Sincerely
E. Foley-Bennett
