James Goldie, Esq.,

Mgr. The Rainbow Ranche, Ltd.,

Okanagan Centre, B. C.

Dear Sir,

In reference to our conversation over the phone and back correspondence re the trees we shipped you, would say that the writer finds that the 1200 Jonathan & 750 Wagener trees were bought from the Washington Nursery Co., and the Yellow Newtowns were bought from the Wapato Nursery Co. Both these lots of trees were bought for you by Mr. Walker. We have suffered greatly in our purchases from the Wapato Nursery people; and there is not the slightest use in trying to get any redress from them, as it was nearly a question of going to law with us with them as to our trees.

On the Jonathan and Wagener that we bought from the Washington Nursery, at 25 cents, we actually lost money, in selling them to you at 25 cents, as the trees cost us 24½ cents without any expenses for handling in any sort of way, or Mr. Walker's expenses in Washington. We come out on the Wapato at 25 cents, as they quote us a little less. We shall be glad if you will forward us a cheque for same, as we paid out the money a long time ago.

As to Yellow Newtowns, we can supply you with 500, but we have no Spitzenberg or Crabs. These Newtowns are our own growing, and we will make the price 20 cents instead of 25 cents in view of the loss that you have had.

Yours faithfully,

Coldstream Estate Co., Ltd.

WCR.

Manager.
