THE RAINBOW RANCHE

F. A. HEWER
MANAGER

July 15th 1909

Dear Jim :-

Regarding the proposition about which we were talking; Hewer has not definitely made up his mind but I undertakes to do so within the next few days and I believe he will decide to stay with the game. I will however let you know later, should anything develop.

My present plans are to go up to Coldstream Monday returning Wednesday here. This place is looking very fine although a cloud-burst last Friday did a lot of damage which can be quickly repaired.

Best wishes

Faithfully Yours
