Dear Goldie,

Many thanks for your prompt reply enclosing copy of release clause. which covered all I wanted.
I thought the wheat would have threshed better, but suppose some of it was too green. Let us know how the Rye & Oats pan out. You do not mention having sent a cheque $55.12 to my credit. If possible I wish you could do this as I have to make a payment inside the next two days. If not convenient would you prefer giving a note for 30 or 60 days. which I could discount at your expense
The crops down here are splendid. They are threshing 116 bushels of oats off the land I bought. I do not know yet whether I shall retain a portion of the land for myself or sell it all off. Love to Women & generally

Yours sincerely
