B. C. TREE FRUITS LIMITED

KELOWNA, B. C.

OFFICE CIRCULAR NO. 51: March 1, 1947.

TO ALL SHIPPERS:

ADVANCE ON APPLES: We are issuing a further advance on apples today. This is on the basis outlined in the last paragraph of Office Circular No. 48 and we are advancing 85% of the value arrived at on the above mentioned basis. In a few instances this 85% may not equal the amount previously advanced. There could be three reasons for this, the shipper concerned may have,

1. More than the average bulk or "distress" shipments.
2. Over-estimated on stocks.
3. Less than average pack-out of desirable grades and sizes.

With reference to "distress" shipments, there of course is no previous basis for advancing on this class of fruit and until such time as the Industry Pool Committee" determines the standing of these "distress" apples we are using the figure of $20.00 a ton or 40¢ a box for advance purposes.

WANTED TO PURCHASE: 250 Feet of No. 51 malleable chain. If you happen to have any, will you please contact the Oliver Co-operative Growers' Exchange direct.

Yours very truly,
B. C. TREE FRUITS LIMITED

G.E. BROWN
Secretary-Treasurer.
