Dear Sir

Your letter of 24th inst I have just received; and reply by return post, as I am going to Cowichan this day week to visit friends & thought if I could at once bought home your answer before leaving Victoria

If you will take off the land of the north half block on the upper bench where the little lakes are, some-where about 100 acres. the price could be twenty five dollars per acre. the cost of survey to be divided equally between us. 1/4. cash. the remainder in three yearly payments. at 6 per cent interest - any thing less than all

the land up above I would not sell as to do so would injure the ranch selling as a whole. Please excuse this hurried scribble and

Believe me

Yours truly

W. J. B. Wilson
