The Bellevue Ranche

WHITE VALLEY

Vernon, B. C.

20th Jan. 1911.

Dear Goldie.

I have been wondering whether you have come back from the East yet and when you could spare Evans to come and help me do the pruning, and should be glad if you would let me know as soon as possible so that I can make my arrangements. I suppose you have had a very good time things have been very quiet here and the temperature has been as far as twenty six below zero.

With kind regards.

Yours very truly

Chas Lomas.
