Royal Fisk Esqr

Dear Sir

Yours of the 17th has been duly received.

Please find inclosed Sight on Bank of British Columbia for one thousand five hundred Dollars $1500.00 which please credit.

Do not send any more onions at present figures, we hope you have not yet shipped any per sailing vessel.

Please forward if not more than 1½ per lb as last.

400 Sks Pink Beans 60 lbs Sks

If more than the above price only 200 Sks

Also 250 Sks Barley for Brewing purposes

50 Bbls Pacific Extra if finer better Sks than last — these were disgraceful. The Miami flour you sent us was nothing but fine middlings, & for that we will be obliged to sell it. If Coffee has fallen considerably please send us 1000 lbs in good sacks & genuine Java Coffee would suit us best, but we leave it

to you for the choice

We are sorry to hear that the freight is likely to be put up to $4 per ton before we have had our Hay & Bran, but we do not think it is definitely settled & you may still have a chance to ship at former rates. If complaints are made about Wharfage, we would just as soon pay it if they only made the reduction of 50 cts per ton on the freight Bill.

Yours truly
Lemuel J.
