In the absence of Dr. Brown, Dr. Finnegan spoke briefly to the motion.

Wednesday, April 25, 1973.

Business arising from the Minutes

Student Membership in Faculties - motion by Dr. D. G. Brown (continued)

Dr. Finnegan)
Dr. Norris)

That the recommendations of the Senate ad hoc Committee on Student Membership in Faculties be referred to each of the bodies affected by them, and that Senate make clear to those bodies that they are invited to return to Senate any recommendations they see fit on matters of principle as well as detail.

During the following debate some members expressed the opinion that it would be desirable to obtain the views of the Faculties before Senate adopted the recommendations contained in the report of the Committee on Student Membership in Faculties to be discussed later in the meeting.

It was felt that the recommendations of the committee did not lay down stringent requirements which Faculties, Schools or other bodies must follow beyond saying that there should be student representation in Faculties.

The motion was lost.

Open University - motion by Mr. S. J. Robinson

At the request of Mr. Robinson it was agreed that discussion of the following motion be deferred until the May 23, 1973 meeting of Senate: -

"That Senate establish a committee to examine the costs and benefits of adopting the Open University concept in British Columbia with particular reference to The University of British Columbia's role in such a programme."

Wednesday, April 25, 1973.

Business arising from the Minutes (continued)

Criteria for admission to professional Faculties - motion by Mr. P. A. Insley

The documents to be sent to the Admissions Committee shall include at least the average age of the applicant, the total number of applicants, the sex of the applicant, and the average age, number and sex of the applicants accepted."

Courses by newspaper

A proposal for offering courses by newspaper forwarded by the editor of "The Province" had been circulated.

Dr. Norris reported that the Senate Curriculum Committee had considered the proposal but felt the Centre for Continuing Education was the appropriate body to examine the feasibility of offering courses by newspaper.

Dr. Norris)
Mrs. Sonthoff) *That the proposal to offer courses by newspaper be referred to the Centre for Continuing Education.*

In amendment:

Dr. Hardwick)
Dean Cowan) *That the proposal to offer courses by newspaper be referred to the Centre for Continuing Education for recommendation to Senate regarding propriety and feasibility.*

The motion as amended was put and carried.

Wednesday, April 25, 1973.

Wednesday, April 25, 1973.

Reports of Committees of Senate

Agenda Committee

Part-time degrees (continued)

The Agenda Committee felt that these reports should be referred to the Senate Admissions Committee for correlation and report to Senate.

Dr. McGregor)
Mr. Osborne) *That the submissions of the Faculties concerning part-time degree studies be referred to the Senate Admissions Committee for correlation and report to Senate.*

Carried

Curriculum Committee

Faculty of Law (See Appendix)

Dr. Norris presented the report on items submitted from the Faculty of Law.

Dr. Norris)
Dr. Johnstone) *That the proposal of the Faculty of Law to offer new courses be approved.*

Carried

The Chairman of the Curriculum Committee reported that the Faculty of Law had requested that the proposal to change the numbers of Law 501 and Law 503 be withdrawn. A revised proposal would be submitted at a later date.

Proposal to fuse the Curriculum Committee and the New Programmes Committee

A proposal to fuse the Curriculum Committee and the New Programmes Committee had been circulated.

Wednesday, April 25, 1973.

Reports of Committees of Senate

Curriculum Committee

Proposal to fuse the Curriculum Committee and the New Programmes Committee (continued)

It was explained that members of both these committees felt they were performing the same function. Proposed new programmes or extensive changes in existing programmes were at present reviewed by both committees which resulted in a duplication of efforts and, on occasion, delay and confusion.

Dr. Norris)
Mr. Anderson)

(a) That the New Programmes Committee be abolished and its functions be transferred to the Curriculum Committee;

(b) that the Curriculum Committee create a standing sub-committee called the New Programmes Sub-committee to consider all new programmes and substantial changes in existing programmes;

(c) that the Curriculum Committee report to Senate on all Category A curriculum changes, including new programmes and substantial changes in programmes, and list all Category B curriculum changes; and

(d) that Senate members have a majority of seats on the Curriculum Committee.

It was suggested that since a committee had been established at the previous meeting to review the report of the Committee on the Role and Organization of Senate it would be appropriate to refer the proposal to that committee.

Wednesday, April 25, 1973.

Reports of Committees of Senate

Curriculum Committee

Proposal to fuse the Curriculum Committee and the New Programmes Committee (continued)

In amendment:

Dr. Clark)
Mrs. Angus)

That the proposal to fuse the Curriculum Committee and the New Programmes Committee be referred to the Committee to Review the Report of the Committee on the Role and Organization of Senate.

In the following brief discussion it was felt that no useful purpose would be served by referring the proposal to another committee.

The amendment was lost.

The motion was put and carried.

Dr. Norris)
Dr. Gray)

That the following recommendations be made to the Senate Nominating Committee:-

(a) That the membership of the Curriculum Committee for the remainder of the present term be as follows:-

12 Faculty Curriculum Chairmen or their representatives

13 senators (4 of whom will be students).

(b) That Senate members be chosen from those at present serving on the Curriculum Committee and the New Programmes Committee.

Wednesday, April 25, 1973.

Reports of Committees of Senate

Curriculum Committee

Proposal to fuse the Curriculum Committee and the New Programmes Committee (continued)

In amendment:

Mr. Robinson)
Mr. Andreone) *That in part (a) after the words "4 of whom will be students" the words "and at least 2 of whom would be convocation members" be added.*

Following a brief discussion the amendment was carried.

The motion as amended was put and carried.

Proposed procedures of the Curriculum Committee

A report proposing revised procedures which would apply to the curriculum presentations by Faculties and Schools was presented by the Chairman of the Curriculum Committee.

The report included: -

(i) a schedule for curriculum presentations to ensure that curriculum business is more evenly distributed throughout the year than at present;

(ii) a new form and set of instructions for curriculum presentations; and

(iii) a statement of the committee's methods of doing business.

Dr. Norris)
Dr. Gray) *That Senate approve the adoption of the proposed procedures as circulated.*

Wednesday, April 25, 1973.

Reports of Committees of Senate

Curriculum Committee

Proposed procedures of the Curriculum Committee (continued)

In amendment:

Dean White)
Dean Finn)

Having regard to the fact that the Faculty of Graduate Studies comprises over 50% of members of Faculty, a course recommended to Senate by the Faculty of Graduate Studies shall normally be placed in Category B.

Dean White explained that the intent of the amendment was to speed up the procedure for approving graduate courses. He felt that since proposed new courses and curriculum changes received thorough investigation by the Faculty of Graduate Studies Curriculum Committee it was unnecessary to further delay the procedure by requiring the approval of the Senate Curriculum Committee.

In the discussion the concensus was that there was no basis for making a distinction between the procedure for approving graduate courses and that for undergraduate courses.

The amendment was lost.

The motion was put and carried.

Native Indians at U.B.C.

Professor Fields presented the report. The committee was established in November 1969 and in March 1970 submitted an interim report outlining the following areas which it felt should be examined:-

Wednesday, April 25, 1973.

Reports of Committees of Senate

Native Indians at U.B.C. (continued)

1. a counselling programme and information service
2. a "transitional year programme"
3. admissions streamlining
4. longer range considerations

The final report outlined the committee's action in respect of each of the above areas.

Mr. Fields)
Dr. Gray) *That the report be received.*

Carried

Mr. Fields)
Dr. Aho) *That the University urge the Provincial Government in co-operation with the Union of B. C. Indian Chiefs and the B. C. Association of Non-status Indians to implement and fund a counselling and information programme concerning post-secondary educational opportunities for native Indians in British Columbia.*

Mr. Robinson stated that the committee established to look into the feasibility of a special introductory programme for native Indian students hoped to be in a position to report at the May meeting of Senate and suggested that discussion of the motion be deferred until that time.

It was agreed that the motion be tabled until the May 23, 1973 meeting of Senate.

Student Membership in Faculties

Dean White presented the second interim report of the committee.

Wednesday, April 25, 1973.

Reports of Committees of Senate (continued)

Recommendation 1

Dean White)
Dean Finn)

That the total number of student representatives at a Faculty meeting be not less than 5% and not more than 25% of the number of members of the teaching staff having Faculty rank, and the proportions of undergraduate and graduate students be determined by Faculty regulation.

In reply to a query it was confirmed that the motion should read "the total number of student representatives eligible to attend a Faculty meeting ...".

Some members felt that the prescribed percentages were impracticable as far as the majority of Faculties were concerned.

In amendment:

Dr. Rosenbluth)
Dr. Cavers)

That the motion be amended to read "That the total number of student representatives eligible to attend a Faculty meeting be not more than 25% ...".

The amendment was lost.

In amendment:

Miss Embree)
Mr. Robinson)

That the motion be amended to read "That the total number of student representatives eligible to attend a Faculty meeting be not less than 25% and not more than 49% of the total number of voting faculty and student members".

The amendment was lost.

Wednesday, April 25, 1973.

Reports of Committees of Senate

Student Membership in Faculties

Recommendation 1 (continued)

Concern was expressed that the phrase "the number of members of the teaching staff having Faculty rank" implied that all teaching staff eligible to attend Faculty meetings were eligible to vote.

It was also pointed out that there were Faculty members with voting privileges who did not come under the description of Faculty rank as defined in Principle 4 of the interim report submitted to the January 17, 1973 meeting of Senate, and outlined below:-

> *"At Faculty meetings or committee meetings where students have representation, membership shall be so constituted that members of the teaching staff having Faculty rank (i.e. professors, associate professors, and assistant professors) shall be in an appropriate majority."*

In amendment:

Dr. Webber)
Dr. Hardwick)

That the motion be amended to read "That the total number of student representatives eligible to attend a Faculty meeting be not less than 5% and not more than 25% of the number of members of teaching staff eligible to vote at Faculty meetings, and the proportions ..."

Carried

It was felt that since Principle 4 referred to attendance at Faculty meetings a problem could arise if an equal number of students and Faculty members attended; some students would have to be asked to leave until the number was down to the agreed 25% maximum.

Wednesday, April 25, 1973.

Reports of Committees of Senate

Student Membership in Faculties

Recommendation 1 (continued)

In amendment:

Dr. Rosenbluth)
Dr. Ross) *That the figure 5% be replaced by the number eight.*

It was pointed out that in some Faculties where membership was very small eight student representatives would comprise more than the agreed 25% maximum.

The amendment was lost.

The motion as amended, to read as follows, was put:-

> *"That the total number of student representatives eligible to attend a Faculty meeting be not less than 5% and not more than 25% of the number of members of teaching staff eligible to vote at Faculty meetings, and the proportions of undergraduate and graduate students be determined by Faculty regulation."*

Carried

Recommendation 2

Student representatives shall have the right to vote at Faculty meetings.

Dean White explained that no action by Senate was required concerning this recommendation since it merely reaffirmed Principle 1 approved at the January 17, 1973 meeting of Senate.

Wednesday, April 25, 1973.

Reports of Committees of Senate

Student Membership in Faculties (continued)

Recommendation 3 (a)

Dean White) Dean Finn)	*That in proposing to the Senate a scheme of undergraduate and graduate student representation, Faculties seek to provide representation by Departments and so far as is possible for the Faculty as a whole representation by students in all years.*

Considerable debate followed concerning the phrase "Faculties seek to provide representation by Departments ...". It was agreed that the words "Faculties seek to provide representation by their constitutent elements and so far as ..." be substituted.

In amendment:

Miss Embree) Mr. Robinson)	*That the method of election of students to Faculties and Faculty committees be governed by the undergraduate and graduate societies of the Faculties.*

It was explained that while eligibility requirements for student representation would have to be agreed upon by Senate the elections would be conducted by the undergraduate and graduate societies.

In the following dicussion it was agreed that the words "and Faculty committees" in the amendment be deleted, and that the words "and eligibility requirements be determined by the Faculty concerned" be added after "... undergraduate and graduate societies of the Faculties."

The amendment was lost.

Wednesday, April 25, 1973.

Reports of Committees of Senate

Student Membership in Faculties

Recommendation 3 (a) (continued)

In amendment:

Mr. Andreone)
Mr. Mattiussi)

That Senate determine the eligibility requirements and the procedure for electing the students and that the undergraduate and graduate societies conduct the elections.

Some members felt that the last phrase of the proposed amendment was out of order in view of the amendment just defeated.

A straw vote was taken and the amendment was ruled in order.

The amendment was carried.

The Secretary was requested to read the motion as amended, and outlined below:-

"That in proposing to Senate a scheme of undergraduate and graduate student representation, Faculties seek to provide representation by their constituent elements and so far as is possible for the Faculty as a whole representation by students in all years; that Senate determine the eligibility requirements and the procedure for electing the students and that the undergraduate and graduate societies conduct the elections."

The motion as amended was put and carried.

Recommendation 3 (b)

Dean White)
Dean Cowan)

That Graduate students be represented at the meetings of the Faculty of Graduate Studies and that Faculty shall propose a scheme of election in conformity with these principles.

Wednesday, April 25, 1973.

Reports of Committees of Senate

Student Membership in Faculties

Recommendation 3 (b) (continued)

In amendment:

Mr. Robinson)
Mr. Andreone) *That Graduate students be represented at the meetings of the Faculty of Graduate Studies; that Senate determine eligibility procedures for election; that elections be conducted by the Graduate Student Society.*

Carried

The motion as amended was put and carried.

Recommendation 4

Dean White)
Dr. Hardwick) *That where student representatives serve on Faculty committees the members having Faculty rank be in the majority, and the number of students form up to one-third of the membership of the committee.*

It was agreed that the wording of the motion be changed to read "That where student representatives serve on Faculty committees the Faculty members eligible to vote at Faculty meetings be in the majority ... ".

In amendment:

Mr. Robinson)
Mr. Swain) *That after the words "one-third of the membership of the committee" the words "and not less than two" be added.*

Mr. Robinson felt that without the addition of the words "not less than two" there was a possibility that students might not be represented on Faculty committees. The amendment was withdrawn when it was pointed

Wednesday, April 25, 1973.

Reports of Committees of Senate

Student Membership in Faculties

Recommendation 4 (continued)

out that the principle of student representation on Faculty committees had already been adopted by Senate in Principle 2 (page 5753 Senate minutes).

The motion, reading as follows, was put:-

> *"That where student representatives serve on Faculty committees the Faculty members eligible to vote at Faculty meetings be in the majority, and the number of students form up to one-third of the membership of the committee."*

Carried

Attention was drawn to Principle 4 adopted by Senate at the January 17, 1973 meeting (P.5754). It was felt that this should be amended in order to be consistent with the motions just approved.

Dr. Clark)
Dean White)

That Principle 4 be amended to read: "In the constitution of membership of Faculties and Faculty committees, Faculty members eligible to vote shall be in an appropriate majority."

Carried

Recommendation 5

Dean White)
Mr. Swain)

That Faculties shall submit the regulations to give effect to these policies by the November 1973 meeting of Senate.

In amendment:

Dean White)
Mr. Swain)

That Faculties be requested to submit regulations to the Senate Committee on Student Membership in Faculties; these regulations to be reported to Senate by November 1973.

The motion as amended was put and carried.

Wednesday, April 25, 1973.
