Minutes of the Previous Meeting

Dr. McGregor)
Mr. O'Brien)

That the minutes of the second regular meeting of Senate for the Session 1970-71 having been circulated, be taken as read and adopted.

Carried

The Secretary referred to a letter received from Dr. R. F. Scagel, Chairman of the Project Team Committee which had proposed that classes should start at 8:00 a.m. A statement had been made in Senate that the Committee had not had students among its members. Dr. Scagel stated that the President of the A.M.S. had been invited to name a student to the Committee. Mr. Sean McHugh was selected by the A.M.S. and consequently received minutes of all meetings and participated actively and constructively in many of the meetings.

Senate Membership

The Chairman welcomed the new student members to Senate as follows:

Mr. J. J. Campbell	-	(Member-at-large)
Mr. S. E. Garrod	-	(Graduate Studies)
Mr. G. A. Letcher	-	(Arts)
Mr. J. A. McEwen	-	(Applied Science)
Mr. R. S. Sandhu	-	(Education)
Mr. A. M. Smolensky	-	(Member-at-large)
Mr. A. P. York	-	(Member-at-large)

From the Board of Governors

Notification of approval of Senate recommendations, subject, where applicable, to the proviso that none of the programmes be implemented without formal reference to the President and the formal agreement of the President; and that the Deans and Department Heads concerned with new programmes be asked to indicate the space requirements, if any, of such new programmes.

(i) A Transportation Centre be established, as outlined in the document dated October 2, 1970, from the New Programmes Committee, subject to the proviso that the Centre be placed

under the supervision of the Dean of a Faculty to be chosen by the President on the advice of the Committee of Deans and that consequently words indicating the Dean of the Faculty thus chosen by the President should replace the words "Deputy President" wherever they appear in the document dated October 2, 1970; and that the Centre be known as a Centre for Transportation Studies. (Page 5309-10)

(ii) New courses to be offered in Food Science and courses to be deleted in Agricultural Mechanics as recommended by the Faculty of Agricultural Sciences. (Page 5293)

(iii) Joint offerings of Economics 101 and Philosophy 100 as recommended by the Faculty of Arts. (Page 5261)

(iv) Actuarial Science Option 7 to be discontinued, as recommended by the Faculty of Commerce and Business Administration. (Page 5290)

(v) Curriculum changes to be made, as recommended by the Faculty of Pharmaceutical Sciences, but Anatomy 390 not to be made compulsory until such time as the Anatomy Department is able to accommodate the expected increased enrolment. (Page 5293)

From the Board of Governors

Notification of approval of Senate recommendations, subject, where applicable, to the proviso that none of the programmes be implemented without formal reference to the President and the formal agreement of the President; and that the Deans and Department Heads concerned with new programmes be asked to indicate the space requirements, if any, of such new programmes. (Continued)

(vi) The last day for submission of applications by students applying for admission to the University for the first time, excluding the Faculty of Graduate Studies and Faculties requiring an earlier application date, be June 30. (Page 5316)

Committee on Prizes, Scholarships and Bursaries

Dean Scarfe)
Dr. Norris)

That the new awards listed in Appendix 'A' be accepted subject to the approval of the Board of Governors, and that letters of thanks be sent to the donors.

Reports of Committees of Senate

Affiliation of a new Ecumenical Theological Centre with The University of British Columbia

The report of the Committee had been circulated. Dean Curtis stated that the Committee had examined the request of a new Ecumenical Theological Centre to affiliate with The University of British Columbia and it was entirely favourably disposed to this.

Dean Curtis)
Mr. O'Brien)

That the report of the committee be received.

Following a brief discussion of the report the motion was put and carried.

Senate agreed that each of the recommendations contained in the report be moved separately.

Reports of Committees of Senate

Affiliation of a new Ecumenical Theological Centre with The University of British Columbia (Continued)

Recommendation 1

Dean Curtis)
Mr. O'Brien)

That, pursuant to Section 71 of the Universities Act, the Senate approve the request of the Implementation Committee that the new Ecumenical Centre be affiliated with The University of British Columbia, and this resolution be transmitted to the Board of Governors for approval.

In answer to a query it was explained that, if the request for affiliation were granted by the Senate and the Board, the draft Bill would make provision for the repeal of the Acts of the Anglican College and the Union College, respectively. The motion was put and carried.

Recommendation 2

Dean Curtis)
Mr. O'Brien)

That Senate approve in principle the request that the new centre be entitled to select two members of the University Senate, and until such time as the Universities Act is amended to make this possible, the new centre should be represented on Senate by one voting member and one observer.

It was explained that at the present time under the Universities Act any affiliated Theological College is entitled to have one member on the University Senate. Pending the revision of the Universities Act it was suggested that the new Centre should have one representative on Senate and one observer, it being contemplated that the Universities Act when amended would provide for two members to represent the Centre.

The motion was put and carried.

Reports of Committees of Senate

Affiliation of a new Ecumenical Theological Centre with The University of British Columbia (Continued)

Recommendation 3

Dean Curtis)
Mr. O'Brien)

That the Anglican and Union Colleges each cease to appoint a member to Senate as soon as the new centre appoints its voting member and its observer.

Carried

Recommendation 4

Dean Curtis)
Mr. O'Brien)

That, upon the establishment of the new Centre, the Senate of the University name two of its members to serve on the Senate of the new Ecumenical Centre.

Some members were of the opinion that it was not within the purview of Senate to pass the resolution as worded. After further discussion it was agreed that the motion should read as follows:

"That, upon the establishment of the new centre, the Senate of the University accept the invitation of the Implementation Committee to name two of the members of the University Senate to serve on the Senate of the new Ecumenical Centre."

The revised motion was put and carried.

Curriculum Committee

Dr. Norris presented the report of the Senate Curriculum Committee.

Faculty of Agricultural Sciences

Approval of the proposed changes in Agricultural Mechanics 300, 301 and 415 had been withheld at the October 14 Senate meeting until consultations concerning unnecessary duplication of material had been undertaken between the Department of Agricultural Mechanics

and the Department of Chemical Engineering. After consultation with the Departments concerned the committee recommended approval.

Dr. Norris)
Dr. Cavers) *That the proposed changes in Agricultural Mechanics 300, 30ℓ and 415, recommended by the Faculty of Agricultural Sciences and outlined in Appendix 'B', be approved.*

A brief discussion followed on the use of the term "engineering" in the title of these courses and it was agreed that the use of this term should be discouraged where it might be misleading.

The motion was put and carried.

Faculty of Dentistry

Dr. Norris)
Dr. Hardwick) *That the revision of admission requirements in Dental Hygiene, and new course descriptions, as recommended by the Faculty of Dentistry and outlined in Appendix 'B' page 5322, be approved.*

Carried

Faculty of Medicine

Dr. Norris)
Dr. Hardwick) *That the proposal of the Faculty of Medicine to offer a new course, Medical Microbiology 447, as outlined in Appendix 'B' page 5323, be approved.*

Carried

Faculty of Graduate Studies

Dr. Norris)
Mr. Osborne) *That new courses and course changes in Nursing, Community and Regional Planning, and Pharmaceutical Sciences, as recommended by the Faculty of Graduate Studies and outlined in Appendix 'B' page 5322-3, be approved.*

Carried

Reports of Committees of Senate (Continued)

New Programmes Committee

(a) Proposal to establish a Department of Anaesthesiology

The proposal to establish a Department of Anaesthesiology had been referred to the New Programmes Committee at the October 14 Senate meeting.

Mr. Bourne)
Dr. Hardwick) *That the proposal of the Faculty of Medicine to establish a Department of Anaesthesiology be approved.*

It was pointed out in the report of the Committee that Anaesthesiology was a distinct discipline within the field of medical studies and its academic development at the University had been inhibited by the present arrangements, one of which was that Anaesthesiology was only a division within the Department of Surgery. Additional space would be provided by the Vancouver General Hospital and would therefore not be a cost to the University.

The motion was put and carried.

(b) Statement concerning delays in submitting proposals to Senate

Mr. Bourne stated that members of the New Programmes Committee were of the opinion that proposals for new programmes submitted to Senate for approval had often not been brought before Senate as early as they should have been. From time to time the Committee had found that Faculties or other groups had taken initial steps to implement proposals, evidently acting on the assumption that Senate would approve them.

Reports of Committees of Senate

New Programmes Committee

(b) Statement concerning delays in submitting proposals to Senate (Continued)

Mr. Bourne)
Dr. Norris)

That Senate again urge Faculties and other groups with proposals that must be brought before Senate, to submit their proposals as soon as they are formulated and meanwhile not to do anything on the assumption that a proposal will be approved by Senate.

Following a brief debate the motion was put and carried.

Nominating Committee

The committee had been requested to name a replacement for Dr. N. A. Hall on the Academic Building Needs Committee, during the period of Dr. Hall's leave-of-absence ending June 30, 1971.

Dr. Cavers)
Dr. Moyls)

That Dr. P. A. Lusztig be requested to serve on the Academic Building Needs Committee in the absence of Dr. Hall.

Carried

Report of the President's Temporary Committee on Pollution

The Chairman explained that at its meeting of January 14, 1970 Senate requested that a report be prepared concerning efforts being undertaken by the University to solve the problem of Pollution.

Mr. Smolensky)
Mr. Osborne)

That the report of the committee be received.

The Chairman stated that certain departments on campus including Physical Plant had been requested to give the committee some indication of possible sources of pollutants in order that remedial measures might be considered.

Wednesday, November 18, 1970

Report of the President's Temporary Committee on Pollution (Continued)

It was agreed that the committee be requested to report to Senate from time to time.

The motion was put and carried.

Proposals of the Faculties

Faculty of Agricultural Sciences

The proposed new courses and course changes, outlined in Appendix 'B' were referred to the Senate Curriculum Committee.

Faculty of Arts

It was agreed that the proposed new courses and course changes, outlined in Appendix 'B', be referred to the Senate Curriculum Committee.

Faculty of Commerce and Business Administration

The Faculty of Commerce and Business Administration recommended to Senate the following additions to its membership:

1. One member of the Student Undergraduate Society.
2. One member of the Executive of the Master of Business Administration Association.

The Agenda Committee recommended that this matter be referred to an ad hoc committee to be established by the Chairman of Senate with the objective of clarifying Faculty Membership as defined by the Universities Act.

Mr. Osborne)
Dr. McGregor) *That an ad hoc committee be established by the Chairman of Senate with the objective of clarifying Faculty Membership as defined by the Universities Act.*

Discussion followed on the desirability of adding non-Faculty members to Faculty Membership. Concern was expressed regarding the overall implications.

Proposals of the Faculties

Faculty of Commerce and Business Administration (Continued)

In amendment:

Dr. Webber)
Dr. Hardwick) *That the terms of reference of the committee include consideration of the University-wide implications.*

Carried

In amendment:

Dean White)
Mr. Jacobs) *That the committee be asked to report to the January 14, 1971 meeting of Senate.*

The opinion was expressed that it was unreasonable to ask a committee reporting on University-wide implications to report back by a certain date.

The amendment was lost.

The motion as amended was put and carried.

Faculty of Law

The following proposed revisions in the method of recording examination grades and the ranking of students were submitted.

1. Classification of grades on course evaluations -

Proposal: That grades be recorded on students' records as follows:

A+, A, A-, B+, B, C+, C, D, F.

Marking and determination of standing would continue to be done by assigning a precise numerical score on the basis of 1 to 100. The relation between the letter and numerical grades to be as follows:

Wednesday, November 18, 1970

Proposals of the Faculties

Faculty of Law

1. (Continued)

Letter Grade	Numerical Grade
A+	85+
A	80 - 84
A-	75 - 79
B+	70 - 74
B	65 - 69
C+	60 - 64
C	55 - 59
D	50 - 54
F	49 and below

This relation to be indicated on the student's record.

2. Determination of 'averages'

Proposal: That the practice of indicating on a student's record an "average grade" and a "class standing" (i.e. First Class, Second Class, etc.) be terminated.

3. Ranking of students

Proposal: That, in order to preserve some indication of relative performance, the top 25% in each year be ranked individually, and the remainder be ranked according to position in the 2nd, 3rd or 4th quarter of the class, in descending order of the aggregate marks obtained by each student.

Dr. McClean)
Dean Curtis) *That the proposed revisions in the method of recording examination grades and the ranking of students recommended by the Faculty of Law be approved.*

It was pointed out that at the October Senate meeting it was agreed that the President would discuss with an appropriate group the role of marks, the various types of examinations and variations in current practice concerning evaluation of examinations. It was therefore suggested that the proposal of the Faculty of Law should be withdrawn for the time being until the President's group brought in its report,

Proposals of the Faculties

Faculty of Law (Continued)

on the understanding that every effort would be made to deal with the matter in time for such proposals to be adopted for graduation next Spring.

Dr. McClean agreed that if a report could be brought before Senate by the April 28 meeting this would be acceptable.

School of Physical Education and Recreation

The proposed new courses and course changes, outlined in Appendix 'B', were referred to the Senate Curriculum Committee.

Report of the Centre for Continuing Education

The annual report, 1969-70 of the Centre for Continuing Education had been circulated.

Dr. Ross)
Dr. Smith)

That the report be received and that questions concerning it be deferred to the next meeting of Senate.

Carried

Candidates for Degrees

The usual Fall list of candidates for degrees who had completed their studies since Congregation in May was presented.

Dr. Moyls)
Dr. McGregor)

That the students named on the various lists receive their degrees as recommended, and that the Registrar in consultation with the Deans concerned and the Chairman of Senate make any necessary adjustments.

Carried

Wednesday, November 18, 1970

Proposals of Senate Members

(i) At the October 14 Senate meeting Dr. Moyls gave notice of motion concerning teaching experience for graduate students.

Dr. Moyls)
Mr. O'Brien) *That Departments make available to graduate students some teaching experience on a non-compulsory basis, the record of such experience to be entered on the student's transcript.*

It was suggested that there was a danger of exposing undergraduate students to ineffective teaching by those graduate students who lacked either ability or interest in this activity. It was also felt that there were budgetary implications as students who were expected to teach would also expect some remuneration.

After further discussion it was agreed that the motion be voted on in two parts.

Dr. Moyls)
Mr. O'Brien) *That Departments make available to graduate students some teaching experience on a non-compulsory basis.*

Lost

Dr. Moyls)
Mr. O'Brien) *That when graduate students have teaching experience at The University of British Columbia this be recorded on the student's transcript.*

Carried

(ii) At the October 14 Senate meeting Mr. Osborne gave notice of motion concerning the holding of examinations in the two weeks prior to the final examination period set by the University.

Mr. Osborne explained that the intent of the motion was to avoid undue pressure on students and other Faculty members in the period immediately preceding end of term examinations.

Wednesday, November 18, 1970

Proposals of Senate Members

(ii) (Continued)

Mr. Osborne)
Dr. Cavers) *That Senate adopt a policy of forbidding the holding of examinations in a class period in the two weeks prior to the final examination period set by the University.*

Senate agreed to a suggestion that the words "any time" should be substituted for the words "in a class period".

A lengthy debate followed. Some members thought that Senate should only inform Faculty of the problems involved and should not set out restrictions regarding the holding of examinations.

In amendment:

Mr. Smolensky)
Mr. Davies) *That the words "with the exception of those examinations held in Graduate courses" be added.*

Lost

It was argued that Senate should not impose rules on Faculties but rather refer such issues to the Faculties in the initial stage.

Dean Kenny)
Dr. Norris) *That the question of forbidding the holding of examinations in a class period in the two weeks prior to the final examination period set by the University be referred to the Faculties.*

In answer to a query it was confirmed that the resolution concerned Christmas and April examination periods.

The motion to refer the matter to the Faculties was put and carried.

Recommendations from the Long-Range Objectives Committee Report

It was agreed that discussion of recommendations 14, 16 and 17 from the Long-Range Objectives Committee Report should be deferred.

Wednesday, November 18, 1970

Other Business

(1) A query was raised regarding information given out about students by the Registrar's Office. The Registrar stated that normally the year and faculty in which the student was registered would be released to the public. However, all students had the right to request that their address and telephone number be kept confidential.

(2) Mr. Smolensky gave notice of motion as follows:

> "That the Senate instruct the Academic Planner to undertake a survey of all courses in all faculties in order to determine which of these have significant relevance to either French or English Canada, be it in the social, political, economic, historic, legal, or scientific fields. Further, that he report back to Senate with all possible haste the number and a description of each of these courses."

(3) Dean White queried if it would be in order for student bodies to send representatives to the meetings of the Faculty of Commerce and Business Administration as observers pending the report of the committee to be established to clarify Faculty Membership as defined by the Universities Act. The Chairman stated that it was within the right of the Dean to invite them.

Report of the Tributes Committee

As the report of the Tributes Committee concerned matters that as a courtesy to those involved should not be released immediately for publication, members of the gallery were asked to leave.

Wednesday, November 18, 1970

Report of the Tributes Committee (Continued)

The Committee recommended that invitations be extended to the following persons to receive honorary degrees at the Congregation 1971:-

Norman John Berrill - Degree of Doctor of Science

John William Ker - Degree of Doctor of Science

Frederick Gordon Campbell Wood - Degree of Doctor of Letters

It was also pointed out that His Excellency the Right Honourable D. R. Michener, Governor General of Canada, had been granted an Honorary Degree by Senate in September 1967, and expected to be present to receive it at the Congregation ceremonies in 1971.

It was agreed that the names of the proposed recipients of honorary degrees be taken individually.

Dean Curtis)
Dr. McDowell) *That Norman John Berrill be granted the degree of Doctor of Science.*

Carried

Dean Curtis)
Mr. Campbell) *That John William Ker be granted the degree of Doctor of Science.*
