Minutes of the previous meeting

Dean Will) Dean Kitts)	That the minutes of the First regular meeting of Senate for the Session 1979-80, having been circulated, be taken as read and adopted.

It was noted that Mr. N. Akiha's name had been omitted from the list of those in attendance at the previous meeting, and that on page 7228 the title of Japanese 280 should read "Intensive Summer course in Intermediate Japanese".

The motion was put and carried.

Wednesday, October 10, 1979.

Business arising from the Minutes

Research Park

In reply to queries raised concerning the proposed Research Park the Chairman stated that although there had been no public hearings the proposal had been widely publicized and therefore there had been ample opportunity for concerns to be expressed. He also confirmed that there had been no discussion on the part of the University concerning the possible future expansion of the Research Park into the endowment lands. The Chairman further stated that the proposed Board of Management would be composed of people involved with the Research Park and people from the University; however, the question of student representation could be looked into.

From the Board of Governors

Notification of approval in principle of Senate recommendations - subject, where applicable, to the proviso that none of the programs be implemented without formal reference to the President and the formal agreement of the President; and that the Deans and Heads concerned with new programs be asked to indicate the space requirements, if any, of such new programs.

Ad hoc Committee on the Implementation of the Universities Act

School Councils

Dr. Smith presented the following report which had been circulated:

"Senate at its meeting of February 16, 1949 accepted the principle of the naming of certain university departments as "schools". Those departments so designated offered courses which were mainly professional or vocational in character, offered a specialized curriculum leading to a distinctive degree, and had some relationship with an outside professional body. Although the Universities Act 1974 does not make provision for such "schools", nevertheless Section 4, paragraph 8, permits the continuance of this organization.

The Schools are:

Architecture	Nursing
Community and Regional Planning	Physical Education and Recreation
Home Economics	Rehabilitation Medicine
Librarianship	Social Work

The Committee, in reviewing the concept of Schools, found that practice had deviated sufficiently from the principles established in 1949 to merit a recommendation for an amendment to these principles.

The Committee, therefore, recommends that the regulation:

"that the Dean of the Faculty, in consultation with the Director, appoint a council for each school consisting of all members of 'faculty' status in the school and representatives of closely related departments"

be amended by the insertion following the word "council" of the clause

"if deemed appropriate".

In recent years the schools in the Faculty of Arts have become indistinguishable from departments in their relationships with the Faculty. The councils for these schools have become anachronisms in the Faculty organization.

The School of Community and Regional Planning in the Faculty of Graduate Studies does not have a council.

The approval by Senate of the amendment would permit the dissolution of the councils for the Schools of Home Economics, Librarianship and Social Work and would regularize the status of Community and Regional Planning."

Dr. Smith)
Dr. Stager) That the regulation concerning School Councils be amended to read:

"that the Dean of the Faculty, in consultation with the Director, appoint a council, if deemed appropriate, for each school consisting of all members of 'faculty' status in the school and representatives of closely related departments"

Reports of Committees of Senate

Ad hoc Committee on the Implementation of the Universities Act (continued)

Replacement procedures for student representatives on Senate

It was stated in the report that the schedule for the elections of student representatives to Senate was approved by Senate each year and that the A.M.S. was consulted prior to the presentation of the proposed schedule to Senate. However, in some instances no nominations were received for representatives from one or more Faculties.

The term of office of a member of Senate elected under section 35(h) is "one year and thereafter until his successor is elected". When no nomination is received for a student representative on Senate for a particular Faculty and the incumbent is ineligible or unwilling to serve another term, under present arrangements the seat would remain vacant until the next regular election.

The committee recommended that the following steps be adopted in order to ensure that every effort had been made to achieve full student representation on Senate as provided for in the Universities Act, (section 35 (2)).

- The Senate shall declare a vacancy at the January meeting, effective April 1.
- Nominations shall be called for from those in attendance at the Senate meeting, such nominations to carry the name of one member of Senate in support of the nomination and the signature of the nominee indicating willingness to run for election.
- Nominations will be required to be in the hands of the Registrar no later than February 7, 1980 (i.e. prior to the date of the meeting of the Senate Agenda Committee for the February Senate meeting).
- If more than one nomination is received the names of the candidates will be announced on the Senate agenda and voting will be by show of hands of those members of Senate present at the February meeting of Senate. (No proxy voting will be allowed.) The Chairman shall have an additional casting vote to be used in the event of a tie.
- If no nominations are received the seat will remain vacant until the next regular election.

Dr. Smith)
Dean Kitts) That the recommendations of the committee concerning replacement procedures for student representatives on Senate be approved.

During the following discussion the opinion was expressed that student representatives to Senate should be elected by students and that therefore the proposal was unacceptable.

Mr. Watts)
Mr. Ryan) That the motion be tabled.

Student elections to Governing Bodies

The Registrar presented a report in which it was stated that in accordance with the Universities Act, section 43, Senate was required to make and publish all rules in respect of nominations, elections and voting. It was also pointed out that Senate, at its meeting of November 12, 1975, had agreed that the elections for two students to serve on the Board of Governors and seventeen students to serve on Senate, as outlined in the Universities Act, sections 20 (e) and 35 (2) (h), be conducted annually in the following manner:

- the calls for nominations by mid-November
- the close of nominations on the last day of the first term
- the voting to be completed by the end of January
- those elected to the Board of Governors to take office at the first Board meeting on or after February 1
- those elected to Senate to take office at the first meeting of Senate on or after April 1

Recommendations for 1979 Elections:

That the elections for student representatives to the Board of Governors and the Senate in this Academic Year be as follows:

- call for nominations in The Ubyssey, Friday, November 16, Tuesday, November 20 and Thursday, November 22, 1979.
- close of nominations, 4.00 p.m., Friday, December 21, 1979.
- election date, Tuesday, January 22, 1980.
- advance polls 5.00 p.m. to 7.00 p.m., Monday, January 21, 1980.
- polling, Tuesday, January 22, 1980.
- students may not vote without their A.M.S. cards as proof of identity.
- students may not vote by proxy.
- the results of these elections will not be announced until at least 48 hours after the close of balloting and will not be considered official until they have been announced in writing by the Registrar.

1. Nominations

(a) The Registrar shall be responsible for placing the call for nominations in the Ubyssey on November 16, 20 and 22, 1979.

(b) Nominations shall be on the forms provided by the Registrar.

(c) Nominees shall be required to appear in person at the Registrar's Office to produce identification (A.M.S. card) and sign their nomination forms indicating their willingness to stand for election.

(d) The Registrar shall be responsible for checking nominations and preparing ballot papers.

Student elections to Governing Bodies (continued)

2. Ballots

(a) Ballots for student representatives to the Board of Governors and for Senate representatives of the student body at large will be on one piece of paper.

(b) The ballots will be prepared for machine counting.

(c) The Registrar shall be responsible for having the ballots counted by the Computing Centre.

3. Voting

That Senate authorize the Registrar to delegate the responsibility for the operation of the polling stations to the Chairman of the Elections Committee of the S.A.C. These responsibilities to include:

- making sure that the polling stations are staffed
- collecting the ballots and polling station instructions from the Registrar the day prior to polling
- ensuring that the polling staff are fully instructed in their duties including prohibition of time and place that campaigning may take place
- ensuring that the ballot boxes are sealed and returned to the Registrar after the polls are closed (holding the boxes over night after the advance polls)
- checking the number of unused ballots returned by each polling station
- ensuring that the polling stations do not run out of ballots
- checking the results with the Registrar prior to their release.

4. Election Results

(a) In the event of a tie in the voting for either the Board or the representatives to Senate, the Senate at its next meeting following the election shall cast the deciding vote.

(b) That Senate name a committee to hear appeals on election irregularities; the committee to meet not earlier than 48 hours after the polling has closed, in order that the election results may be available to the committee when considering any alleged irregularities to enable the committee to decide whether in its opinion such irregularities would have changed the results of the election. The committee would use as its guidelines the Provincial Elections Act for the Province of British Columbia - Sections 146 and 147.

(c) Any allegation of irregularities must be submitted in writing to the Registrar within 48 hours of the close of polling and must include the signatures of at least three students eligible to vote.

(d) Upon receipt of an allegation submitted in compliance with clause (c) above, a meeting of the committee mentioned in (b) above, will be called and the results of the election will be withheld pending the decision of the committee as to whether the election shall be declared invalid.

Student elections to Governing Bodies

4. Election Results (continued)

   (e) The decision of the committee will be final and will be submitted to Senate at its next meeting for information.

5. Campaign Regulations

   That the limitation of $75.00 campaign expenditure be on an honour basis and not used as a basis for suggesting an illegal election.

6. Instructions to Polling Staff

   That the Notice to each Poll, circulated with the report, be approved as the basic instructions to the polling staff.

Dr. Elder)
Dr. Bentley) That the recommendations of the Registrar concerning the election of student representatives to the Board of Governors and the Senate be approved.

Faculty of Agricultural Sciences

Departmental Review Policy

Dean Kitts explained that, in accordance with the policy statement on departmental reviews adopted by Senate in September 1977, the Faculty of Agricultural Sciences had submitted the following proposal concerning review procedures:

"1. General

The Faculty of Agricultural Sciences accepts an obligation to initiate constructive reviews of its several departments. Reviews will be guided by the recommendations of the Report of the Senate Committee on Review Policy, which was approved by Senate in September, 1977.

2. Frequency of Reviews

Since a review procedure can be time-consuming, expensive, and stressful, there is a need for flexibility with regard to timing. A review of a Department may be carried out when the Headship becomes vacant, when a request for review is received from within or outside the Department, or, when the Dean, with the advice of the Committee of Heads, considers that the Department should be reviewed. Regardless of reason, such reviews of departments should not normally be undertaken at intervals of less than five years.

3. Terms of Reference

The terms of reference of the Review Committee will be prepared in writing by the Dean in consultation with the Committee of Heads. The terms of reference will focus on the academic strength and balance of the unit but may also include matters of administration or finance.

Faculty of Agricultural Sciences

Departmental Review Policy (continued)

"4. Composition of Review Committee

The Review Committee will have no more than five members, of whom at least two should be external to the University. Both of these individuals shall be appointed by the Dean, in consultation with the Committee of Heads. One of the outside reviewers will be nominated by the Department Head, the other chosen from a list submitted by the members of the Department. The remaining three members of the Committee, appointed by the Dean in consultation with the Committee of Heads, will be members of the Faculty of the University. One of them shall be designated by the Committee of Heads as the Chairman of the Committee.

5. Nature of the Review

The Review committee will receive whatever documentation the Dean, the Department Head and the Department members feel describes the development and direction of the Department since the previous review. The Review Committee should provide an opportunity for individuals to make written or oral presentations. Implementation of the review procedure should be undertaken with close cooperation between the Chairman of the Review Committee, the Dean and the Department Head.

6. Reporting Procedures

The Review Committee shall prepare its report as soon as possible after the completion of its review and transmit a copy to the Dean. On the advice of legal counsel, the Dean may delete any material in the Report that may be defamatory or have other legal consequence, or that might be considered an invasion of privacy. The Dean then shall make the edited report available for general distribution to the members of the Department being reviewed and shall request comments from the Department on the recommendations.

The Senate shall be advised of reviews being undertaken, and a copy of the final edited report will be deposited with the Secretary of Senate, and made available for examination by Senators."

Dean Kitts)
Dr. Richards) That the policy on review procedures submitted by the Faculty of Agricultural Sciences be approved.

Bachelor of Landscape Architecture Program - restriction of enrolment

A proposal to restrict enrolment in the B.L.A. program was referred to the Senate Admissions Committee with a request that the set of criteria to be used in the selection of candidates for the program be submitted to the committee and subsequently to Senate.

Bachelor of Landscape Architecture Program - change in date of application for admission

It was stated in the material circulated that the present application date for admission to the Faculty of Agricultural Sciences (June 30) did not provide sufficient time for the selection of applicants for admission to the B.L.A. program. Because of the large number of applicants and the limited number of spaces, considerable time was needed in order to obtain supplementary information and to arrange for and conduct interviews.

Bachelor of Landscape Architecture Program - change in date of application for admission (continued)

Dean Kitts)
Dr. Richards) That the application date for admission to the B.L.A. program be changed to April 30.

Faculty of Applied Science

Proposal to change the name of the Department of Mineral Engineering to the Department of Mining and Mineral Process Engineering and to change the name of the program in the Department to Mining and Mineral Process Engineering

It was explained in the proposal that the proposed names for both department and program described more explicitly the types of engineering education offered by the Department as the Department currently educates "mining engineers" and "mineral process engineers".

The Department found that the current departmental and program name of "Mineral Engineering" did not indicate to many potential students nor to many of the general public that "Mining Engineering" was in fact offered at U.B.C.

Dean Wedepohl)
Dr. Bohn) That the proposal that the name of the Department of Mineral Engineering be changed to the Department of Mining and Mineral Process Engineering and the name of the program in the Department be changed to Mining and Mineral Process Engineering be approved.
