DOMINION COPPER CO

Representative Looking Over Ground on Copper Mountain--Will Likely Invest—Consulting Engineer to Arrive at Once and Make Exhaustive Examination.

W. C. Thomas, smelter superintendent for the Dominion Copper Co., with headquarters at Boundary Falls, arrived in Princeton by special conveyance, accompanied by Mr. Wilson, of P. Burns & Company.

Mr. Thomas made a special trip in for the purpose of looking over options held by his company on Copper mountain, the property of E. F. Voigt Although a somewhat brief examination was made by Mr. Thomas he expressed himself as well pleased with the property and stated that on his return home the company's consulting engineer, Maurice M. Johnson, would be sent in to make a thorough examination of the ground.

When questioned as to his opinion of the copper prospects and the chances of the Dominion Copper Co. becoming interested here, Mr. Thomas replied that from what he had seen during his short visit had very favorably impressed him.

At present he could not state what his company woud do regarding operating here, but if circumstances warranted it, they would come in, as they were always open to do business.

One thing, however, Mr. Thomas was quite frank in admitting, and that was that Princeton was one of the most picturesque and charmingly situated places he had yet seen and though this was his first visit to Princeton he was of the opinion that great things were in store for the town, especially when transportation facilities were given us by rail.

Mr. Thomas left for Hedley on Friday evening at 6 o'clock on his way home.

Divine service will be held in the Court House on Sunday evening, Rev Mr. Macdonald officiating.

Otter Creek and the Tulameen are rising rapidly.

Fire broke out this afternoon at about 2 o'clock on J. M. Wright's premises and with a high wind blowing threatened to prove disastrous. The fire brigade was summoned, but by the time they arrived the flames had been extinguished.

As a result of a conference between Grand Trunk officials and Premier McBride it is probable that an agreement satisfactory to both parties will be arrived at with reference to the occupation by the railway of the Indian lands on Kaien Island.

Suspected Murder at Trail---Man Found Dead with Neck Broken.

And Other Signs of Foul Play—Arrests Follow--Comparative Freight Rates on C. P. R.

Nelson, May 14.—David Hosker, brother of D. J. Hosker, of Kamloops, was found dead in the St. Elmo Hotel at Trail, last night. His neck was broken and other wounds were in evidence. Gustave Douchard is under arrest on suspicion of being implicated in his death.

Natural Advantages.

Winnipeg, May 14.—Jas. S. Ewart, a distinguished Canadian lawyer, is back in Winnipeg. He is interested in the question of freight rates on the C. P. R. and especially comparative rates granted from Winnipeg west and Vancouver east. He contends that if Winnipeg has any advantage it is a natural advantage and not one conferred by the railway company. To run from Winnipeg west is easy and the run from Vancouver east eifficult and expensive.

Death of Vancouver Pioneer.

Vancouver, May 14.—Dr. John C. Carroll, one of the pioneers of Vancouver, passed away last evening.

Scotch Bank Clerks.

Toronto, May 14.—A number of young Scotchmen arrived here yesterday for the Canadian Bank of Commerce. They will report to the head office.

Nelson, May 14.—Chas. S. Rasoidall, aged 47, assistant clerk in Proctor's real estate office, was found dead in bed at the Strathcona Hotel yesterday morning. Death was due to heart failure.

LOCAL AND GENERAL.

A meeting of the board of managers of the Presbyterian church will be held in the Court House on Monday, the 20th, at 8 p.m.

A. F. McDonald, of Grand Forks, paid Princeton a visit last week. Mr. McDonald is well known here and is interested in several mining properties in this vicinity. He returned home on Saturday morning.

E. F. Voigt left on a short visit to the coast last Saturday.

J. R. Rennie left for Nicola on Wednesday morning.

Podunk Davis returned to town Monday over the Hope trail from Cedar Valley, having guided the Holman party over the mountains from Tulameen City to that point. The trip occupied some four days and proved most difficult and dangerous and Podunk reports some thrilling experiences.

MAY TWENTY-FOUR

Will be Celebrated in Princeton==Baseball and Other Events.

Tulameen to Play Locals—Horse vs Man Race—Grand Dance in the Evening.

Friday, the 24th of May will be celebrated in Princeton by a baseball match between the local Tigers and the Tulameen City Wolves in the opening game of the season. Both teams have been practicing overtime for the past month and ball of gilt edged variety should be delivered when they meet. The Tulameen bunch will be accompanied down by their backers and a big crowd is expected in town to take in the sport. The team to uphold the honors of Princeton will be chosen from the following players: Campbell, Macdonell, Hughes, Summers, Gibson, Young, Davis, Newmarch, Huston, Kennedy, Bangs, Wampole, Ryder, Carlson, Jas. Wallace and Pete Swanson.

Probably one of the most interesting events of the day will be a matched race for a distance of twenty-five yards to decide whether Albert Johnston's horse can cover the ground faster than a local foot racer. The race is causing a good deal of discussion and opinions are about even as to the result. This event will be pulled off prior to the ball game, at about 2 o'clock.

In the evening a dance will be held in the Court House at 8:30 o'clock. Excellent music has been secured and refreshments will be served. Tickets for the dance have been placed at $1 and will be on sale at Campbell's drug store and the general stores. L. C. Wynne and J. R. Campbell are looking after the music, and Geo. Wardle, A. E. Jackson and H G. Godsoe are in charge of the refreshments, while the baseball committee is composed of J. G. Macdonell, J. R. Campbell and Thos. Hughes.

Although the day is not being observed as a general celebration, a good time is in store for everyone.

WHIPSAW CREEK BRIDGE.

Travellers over the Kennedy mountain and Roach river trail report the bridge over Whipsaw creek in a most dangerous condition and unless immediate attention is given it the bridge will be swept away with the high water. This is the main source of travel to Kennedy mountain and just at this time of year is being constantly used by prospectors and others and those supposed to look after these matters should lose no time in getting busy and give this matter attention.

MINES AND MINING

Champion Creek Property Reported Bonded for Eighty Thousand Dollars.

Assessment Work Being Done and Good Showings Opening Up--Rich Ore Found at One-Mile.

Dan Coutenay has started work on a trail to the group of mines that he has bonded to Colorado parties four weeks ago, the consideration being eighty thousand dollars 10 per cent. down the first of September and the balance in quarterly instalments. The group is situated on the divide between Champion creek, Slate creek and Tulameen river.

John Burns was in town this week with some fine looking copper ore from One-Mile creek.

T. A. Connelley reached town on Sunday from Nighthawk and went on to Tulameen City. Mr. Connelley starts work next week on his group of claims on Rabbit mountain.

C. Willerson and Pete Johnson are engaged in assessment work on Copper mountain.

J. M. Erench and C. O. French left on Monday for Granite Creek, to attend to assessment work on their property in that secsion.

TULAMEEN NOTES.

Tulameen City, May 7.—J. R. Holman and M. Hickershan left to day for Hope over the south fork of the Tulameen. "Punk" Davis will accompany them to Cedar Flats where they will be met by N. Holman. They are locating a new pass through the mountains.

J. Riddell returned from Coutlee on Monday.

J. McMahon and Mr. Turner returned to the city to-day after being ten days lumber cruising up the Otter creek. They report favorable conditions.

Dan Ross passed through town on his way to Harrison Hot Springs. He is crippled up with rheumatism.

H. Hunter and Doctor McPhail paid the city a visit this week.

Dan Munroe, the well known freighter, passed through the city this week.

Billy Murray of Nicola visited the city this week.

Thos. Rabbitt and W. Holmes left for Kamloops this week.

The Tulameen baseball club will be there with the goods on the 24th.

The following were guests at the Otter Flat Hotel: J. R. Holman, M. Hickinshaw, J. Riddell, W. G. Murray, P. De Vine, D. Ross, D. Munro, T. Rabbitt, W. Holmes, J. McMahon, M. Turner, H. Hunter, Doc McPhail, Punk Davis, Sam Cessidy, N. Johnson, F. Paulson.

"INTELLECTUAL PREFERENCE."

The Canadian Courier, a high class weekly publication issued in Toronto, has an article on the above subject in which the facts are ably and clearly set forth, and as the question is of great interest we reproduce it:

"Canada has decided to give Great Britain an 'intellectual preference,' to use the words of the Hon. Rodolphe Lemieux, Postmaster-General. The tendency has been in evidence for some years, but the month of May will see the realization of perfected arrangements.

"At the present moment newspapers and periodicals mailed from Great Britain to Canada are charged a rate of eight cents a pound. This is a prohibitive rate, and for years an agitation for reduction has been proceeding. To secure that reduction it was necessary that Canada and Great Britain should co operate. Canada has been willing for some time, but the British Postmaster-General found it harder to get into that frame of mind. He had more difficulties to contend with, more postal regulations to consider. Finally, however, an agreement has been reached whereby this class of postal matter will be sent to Canada at one-quarter the present rates. People in this country will now be able to subscribe for British newspapers and periodicals without being taxed from one to five dollars a year for postage.

"The thanks of the nation are due to Sir William Mulock, Sir Gilbert Parker, the Canadian Press Association, the present Postmaster-General of Canada and Great Britain, and to a number of others who have helped in the great reform. Sir William Mulock was the first official on this side to take it up, and Sir Gilbert Parker led in the agitation in Great Britain.

"The 'preference' has still to be explained. This new rate of two cents a pound is higher than the rate charged on United States publications, which are mailed to Canada at one cent a pound. Canada, therefore, was under the necessity of getting that rate raised. As it was fixed by a convention between the two Governments, the old convention was cancelled and a new one negotiated. Under this new arrangement the United States publishers will pay four cents a pound on all periodicals mailed to Canada. This came into force on May 7th.

"In short, the result is: The British rate has been reduced from eight to two cents a pound, while the United States rate has been raised from one to four cents a pound. The Britisher pays two cents after May 1st; the United States pays four cents after May 7th. Thus, British periodicals will have a preference in this market.

"There will not likely be any immediate displacement of United States periodicals by British, but in the course of a year or two the sales of British publications here should be doubled and the sales of United States periodicals cut in two. This is as it should be. A British country should have British literature. Strangest of all the features of this movement is the circumstance that a French-Canadian Premier and a French-Canadian Postmaster-General were called upon to bear the burden of the delicate negotiations which were part of the final act in this postal drama."

NOTES AND COMMENTS.

John P. McConnell (well known in the Similkameen and vicinity) and R. S. Ford, his brother-in-law, are about to start a new weekly paper in Vancouver, to be devoted to current events, society, music and drama, literature and humor. Mr. McConnell has acted as special correspondent for the Vancouver Province for the last year or so, and has had a wide and varied newspaper experience throughout Canada.

The Dominion Conservative party is busy lining up for the next general election. The proposed conference to have been held this summer is declared off for the present, but the Hon. R. L. Borden is to tour the country from Nova Scotia to British Columbia, visiting every Province and making himself acquainted with practically every constituency.

The coal miners' strike has been settled at last and the public can safely rely on being able to secure coal for at least two years more. Although the miners and operators suffer to a certain extent on account of these strikes and lockouts, the general public come in for the greatest amount of inconvenience and loss and they should insist on stringent measures being taken by the powers that be to prevent these seemingly unnecessary and disastrous labor troubles. Government owned and operated mines would be the means of keeping up the supply during tieups.

Synopsis of Canadian Northwest Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26 not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.
