Princeton First, Last and Always.

SIMILKAMEEN STAR

Published in the interest of Princeton and Similkameen district.

Vol. viii. No. 37. PRINCETON, B. C., WEDNESDAY, SEPTEMBER 18, 1907. $2 a Year, in Advance

LOCAL AND GENERAL.

Usual Grist of Interesting Localets Compiled by "Devil."

N. Bangs arrived from a flying trip to Spokane on Tuesday.

County Court will be held in Princeton on October 17th next, Judge Brown presiding.

Miss Irwin returned to her home in Kamloops on Saturday last, making the trip on horseback.

Mrs. Revely, mother of Fred Revely, of Hedley, spent several days in Princeton last week, the guest of Mr. and Mrs. Hugh Hunter.

Duncan Ross, M. P., was in Keremeos on Wednesday last on a brief visit, leaving the same day for Ottawa on postoffice business. It is understood Mr. Ross intends to visit Princeton in October after Liberal convention in Vancouver, to be held on the 2nd of next month.

Mr. McKinney, the original discoverer of Camp McKinney, came over the Hope trail last week and left yesterday morning for Stevens County, Washington. Mr. McKinney is a wreck of his former self and is suffering from an aggravated case of cancer in his left cheek, the whole side of the face being practically eaten away. Mr. McKinney is going home for care and attention.

Robt Stevenson left for old Cariboo on Fripay last to visit the scenes of his early advenures forty years ago. Mr. Stevenson ges in search of a mica deposit he discovered at that time in Cariboo and was quite confident he could locate it.

J. E. McCauley wishes the Star to correct a statement made in the last issue in connection the sudden death of the late Mrs. Finlay. The deceased lady, instead of falling off her horse, as stated, was assisted to the ground by Mr. McCauley, when she expired.

HOSPITAL IS NEEDED.

Princeton Must Soon be Provided with This Modern Requisite.

The time has arrived when something should be done in the way of providing, even if only in a small way as a beginning, something in the way of a hospital for Princeton. The want of such an institution has been felt in the past and will be required more urgently in the future, especially when railway construction gets under way in this neighborhood. No doubt Mr. Shatford would use his influence with the Government to lend a helping hand and the citizens generally can be counted on to iurther the scheme. Considerable money could be raised during the coming winter by local talent getting together and providing public entertainments. It would provide pleasant and enjoyable gatherings as well as help along a worthy cause. Let the citizens take this important matter up and carry it through to a successful issue.

LIBERAL ASSOCIATION.

Anti-Asiatic Resolution and Memo Regarding Platinum Field.

The Princeton Liberal Association at an ordinary meeting last night passed two resolutions to be forwarded to Ottawa and appointed delegates to the convention at Vancouver, Oct. 2nd. Both resolutions have an important bearing on the prosperity and general welfare of the province as will be observed :

"To the Hon. Rodolphe Lemieux, Postmaster General and Minister of Labor—Resolved : That the Princeton Liberal Association views with much concern the alarming inflow of Asiatic cheap labor in this province to the degradation of white labor already employed and the contamination of our civilized population by heathen customs, rites, habits and associations. The non-assimilating character of Asiatics ; their known disease-breeding propensities, being especially fertile in deadly contagions, as bubonic plague, 'Asiatic' cholera and leprosy ; their barbaric religious rites, impenetrable ignorance and dire poverty make them wholly undesirable as citizens of this country. We respectfully urge that your Department of Labor will not permit Asiatics to come into competition with white laboringmen, preserving this land for the Caucasian race, who discovered it and endured the hardships and labor necessary to develop and make it habitable for themselves and their succeeding generations."

"To the Hon. Wm. Templeman, Minister of Mines — Memorandum : The Princetou Liberal Association begs to direct your attention to the need of further geological exploration and scientific investigation in the Tulameen section regarding the platinum found there and respectfully ask that a report on this field be compiled by a specialist at as early a date as possible."

Delegates appointed to convention are : J. R. Campbell and L. Thomson ; alternates, Kennedy, Reith, Wynne, Godsoe and Wright.

CHEAP SCHOOL BOOKS.

Editor Star—Sir: Please let the people know that the arithmatic gazetted for 1908 for the public schools consists of three parts—one 35, two 40, and three 45 cents. Thus, after Christmas, unless the people prevent it, the arithmetic for a family will cost $1.20 instead of 25 cents, as at present. A new geography and history are also authorized. First steps in English at 40 cents was introduced a year or two ago, and it is as useful as a fifth wheel to a coach. A Canadian history at 50 cents was introduced this year, and it is no good for use in school. If there is a rake-off for somebody for these new books it is natural that as many as possible should be introduced. The people must assert themselves.—CITIZEN.

GEOLOGICAL SURVEY.

Platinum Resources of Tulameen Require Scientific Investigation.

Charles Camsell, Dominion geologist, of the Department of the Interior, was in town last week on his way to Agate mountain, near Wolf lake, where his party will make collections of the agates to be found in large quantities there. Last year Mr. Camsell took some of the agates away with him to Ottawa which proved to be of great interest to the students of petrography ; since then the stones have been in large demand all over the country by collectors. Agates are beautiful when polished but are not much used in fine jewelry. There is a mountain of them at Wolf lake which may prove to be of considerable economic value.

Mr. Camsell has about completed the season's work which is much shorter than last year. The importance of the Similkameen as a field for mineral research and scientific study demands closer inspection and larger appropriations from the geological section of the Department of the Interior and also from the Department of Mines. An exhaustive study of the origin and source of the platinum placers of Granite creek and Tulameen river may result in the discovery and operation of large platinum mines, in any case a scientific investigation and report thereon is due from the Dominion Department of Mines. So far the only examination and report of any moment was made by Mr. Kemp for the U.S. government. The attention of the Hon. Mr. Templeman, Minister of Mines, is respectfully directed to the platinum resources of the Princeton district with a view to further discoveries. Mr. Camsell may find time to make a hurried visit to Granite creek and the North Fork coal banks before returning to Ottawa. Next year it is hoped he may have instructions to study platinum conditions here.

Messrs. Nicholson and Horsefall, travelling for Victoria and Vancouver houses, respectively, were in town the first of the week.

J. E. McCauley has started a gang of men on the Reco mine, and will work six or more men during the winter, with Sam Spencer in charge. Necessary buildings are now being erected and things put in shape. The first work in hand will be a crosscut tunnel to tap the lead. The working force will be increased as occasion demands.

At a meeting of property holders and business men of Penticton held recently a site for a dock was selected at the foot of Main street. Penticton expects to be incorporated shortly when the one man rule will be done away with.

Constable Hewat gives notice that all cesspools must be removed by Saturday.

PRINCETON BREWERY.

Beer Produced in Big Demand from this Up-to-Date Institution.

The Princeton branch of the Nelson Brewing Co. has an advertisement on the third page of this issue which it would be well to read. This brewery was opened about a year ago for business and has produced good beer, despite the fact that a great deal of trouble has been experienced with the water supply. It may seem strange to mix water up with beer, but good, pure water is indispensible in the manufacture of this beverage.

When the present manager, Gus Johnson, took charge a few months ago, he at once took steps to procure an efficient supply of pure water, and pipes have now been connected with the Similkameen, from where the water is pumped to the brewery. It will now be possible to put on the market an even superior article than has heretofore been turned out. Mr. Johnson has also made other improvements to the plant, and it will not be his fault if Princeton beer does not become as famous as the great Milwaukee brand.

The present output of the brewery is about 500 gallons per month, which will be increased as business demands. Later on porter and ale will be made. Tulameen City and Granite Creek use Princeton beer and speak well of it.

DATES OF FALL FAIRS.

Followlng are the dates of the chief fairs to be held in British Columbia this fall:

Vernon exhibition, September 16, 17 and 18.

Nelson exhibition, September 18, 19 and 20.

Kelowna exhibition, September 19 and 20.

Kamloops exhibition, 19, 20 and 21.

Armstrong exhibition, September 24 and 25.

Salmon Arm exhibition, September 30 to October 1.

Delta exhibition, Ladner, September 20 and 21.

Surrey exhibition, Surrey Centre, Sep- 24.

Langley exhibition, September 25.

Victoria exhibition, September 24 to 28.

Maple Ridge exhibition, Port Haney, September 26.

Coquitlam exhibition, September 27.

Richmond exhibition, Eburne, Oct. 8 and 9.

Central Park exhibition, September 26 and 27.

Provincial exhibition, New Westminster, Oct 2, 3, 4, 5.

Spokane inter-state fair, September 25 to October 5.

The C. P. R. is offering reduced rates from all points to these exhibitions.

All money due Carlson & Lynn, scavengers, must be paid to J. R. Campbell. *

Payable in Advance.

Subscribers will confer a favor on this office by promptly reporting any change in address or irregularity in receipt of their paper.

Advertising rates furnished on application.

Legal notices 10 and 5 cents per line.

Four weekly insertions constitute one month advertising.

WEDNESDAY, SEPTEMBER 18, 1907.

THE ASIATIC INVASION.

The agitation that has been going on in the province lately against the wholesale influx of Japanese into this Province, reached its climax last week in Vancouver when a hostile demonstration was made against the little brown men. The hoodlum element took advantage of the occasion and turned loose on the Japanese quarters and demolished their property and indulged in a regular Bowery mix-up. That the Asatic invasion is a serious proposition for the white workingman of this Province to face is admitted on all sides, but the tactics displayed in Vancouver will not be conducive to a speedy and satisfactory settlement of the trouble. The whole incident is a blot on the name of the Terminal City. By all means let us stand out firmly for a "white man's" country, but let us secure it in a manner befitting the name of Canada.

Probably the most striking and disgraceful act of the whole incident was the burning in effigy of the Lieutenant-Governor, Hon. James Dunsmuir, the excuse being that he withheld his assent to the Natal Act, passed at the last session of the Provincial Legislature. A deal has been said and written on this withholding of the Governor's signature to this Act, no satisfactory explanation apparently being in sight, except that he was advised to do so by the Dominion government. Now, however, that the searchlight of investigation has been turned on by that ever alert and capable representative for Vancouver, R. G. Macpherson, a new and interesting aspect is given to the cause of the inflow of the Asiatic hordes.

The Natal Act, which practically excludes all Orientals of the coolie class, was introduced last session of the B.C. legislature and passed the house unanimously. It was, nevertheless, vetoed by Lieut.-Governor Dunsmuir who withheld his signature to the measure. There was much speculation at the time and since as to the cause of His Honor's despotic high-handedness. Some said he did it in conformity with his well known preferential attitude on Oriental labor in his mines; others of that ignoble type of men who slander and accuse falsely all who differ from their opinions, said that he was the "tool of Laurier;" still others said the 'Governor' refused his sign manual under pressure from that soulless company, the C.P.R. No one ever hinted, surmised, conceived or had any thought that Premier McBride, who supported the Act in the House, was the man who as minister and official adviser to Governor Dunsmuir, caused him to refuse his signature and thus annul the Act. Proof of McBride's cupidity and double-dealing is in the office of the Secretary of State at Ottawa.

The English language does not contain words of sufficient force to denounce such conduct in a sworn minister of the crown and representative of all the people. What glaring deception! What contemptible turpitude! O, foolish man! Making wreck of a political career that otherwise might be useful and respectable. Pandering to the gallery gods while a sycophant of the great anti-white-labor railway company. Catching workingmen's votes with one face while smiling on the Asiatic importers with the other—a fine specimen of the genus Jekyll & Hyde. And yet many of the locoed workingmen in the Similkameen and other parts will hail him with shouts of "Great is Richard!" when he is on one of his treating tours. No wonder corruption and dishonesty permeate the various departments of government when double-dealing is practised with brazen impunity by the "honorable" premier.

It will surprise many to learn that the railway mileage of Canada now exceeds that of England, Ireland, Scotland and Wales, being about 24,000 miles with, not yet, 7,000,000 inhabitants.

Free, for Catarrh, just to preov merit, a trial size box of Dr. Shoop's Catarrh Remedy. Let me send it now. It is a snow-white, creamy, healing, antiseptic balm. Containing such healing ingredients as Oil Eucaliptus, Thymol, Menthol, etc., it gives instant and lasting relief to catarrh of the nose and throat. Make the free test and see for yourself what this preparation can and will accomplish. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by J. R. Campbell.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, the Heart or the Kidneys. Troubles of the Stomach Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak stomach nerves—the inside nerves—mean stomach weakness, always. And the heart, and kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's restorative has made its fame. No other remedy ever claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's restorative. Write me to-day for sample and free book. Dr. Shoop, Racine, Wis. The restorative is sold by J. R. Campbell.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Dr. Shoop's Rheumatic Remedy
Sold by J. R. CAMPBELL

When

we say we have the best facilities in the Similkameen for keeping meat fresh and cool during the warm weather we are making no idle boast. We have installed up-to-date cold storage arrangements for the benefit of the public, and there is no necessity of cutting off your meat diet for fear that it is not properly kept. We want your business and trust us for the rest.

SMILES.

A lady who had recently moved to the suburbs was very fond of her first brood of chickens. Going out one afternoon she left the household in charge of her eight-year-old boy. Before her return a thunderstorm came on. The youngster forgot the chickens during the storm and was dismayed after it passed to find that half of them had been drowned. Though fearing the wrath to come, he thought best to make a clean breast of the calamity, rather than leave it to be discovered.

When Nelson's famous signal, "England expects every man to do his duty," was given at Trafalgar a Scotch sailor complained to a fellow-countryman: "Not a word o' puir auld Scotland." "Hoots, Sandy," answered his friend, "the Admiral kens that every Scotsman will do his duty. He's just giving the Englishers a hint."

The Secret of

A BEAUTIFUL COMPLEXION

now revealed

FREE

What beauty is more desirable than an exquisite complexion and elegant jewels. **An opportunity for every woman to obtain both,** for a limited time only.

The directions and recipe for obtaining a faultless complexion is the secret long guarded by the master minds of the ORIENTALS and GREEKS.

This was obtained after years of work and at great expense. It is the method used by the fairest and most beautiful women of Europe.

Hundreds of American women who now use it have expressed their delight and satisfaction.

This secret is easily understood and simple to follow and it will save you the expense of creams, cosmetics, bleaches and forever give you a beautiful complexion and free your skin from pimples, bad color, blackheads, etc. It alone is worth to you many times the price we ask you to send for the genuine diamond ring of latest design.

We sell you this ring as one small profit above manufacturing cost. The price is less than one half what others charge. The recipe is free with every ring

It is a genuine rose cut diamond ring of sparkling brilliancy absolutely guaranteed, very dainty, shaped like a Belcher with Tiffany setting of 12Kt. gold shell at your local jeweler it would cost considerable more than $2.00.

We mail you this beautiful complexion recipe free when your order is received for ring and $2.00 in money order, stamps or bills. Get your order in before our supply is exhausted.

This offer is made for a limited time only as a means of advertising and introducing our goods.

Send today before this opportunity is forgotten.

T. C. MOSELEY
32 East 23rd Street, New York City

FREE To women for collecting names and selling our novelties, we give BIG PREMIUMS, send your name today for our new plan of BIG PROFITS with little work. Write today. Address **C. T. MOSELEY,** Premium department. 32E. 23rd Street, New York City.

W. H. EDMONDS.
Land Registrary Office, District Registrar.
Kamloops, B. C., Aug 15 1907. 33-38

Synopsis of Canadian Northwest Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation o. the land in each year for three years.

2 If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at O.tawa of intention to apply for patent.

Coal—coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

NOTICE.

Certificate of Improvements.

Hattie, Kate, Clark Townsend, Moonshiner Fraction Mineral Claims, situate in the Similkameen Mining Division of Yale District. Where located: Porphry Dyke, Tulameen River.

TAKE NOTICE that Thomas A. Rogers, agent for the Mira Monte Mining Company, Free Miner's Certificate No. B9426, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 37, must be commenced before the issuance of such Certificate of Improvements.

Dated this 20th day of July, A.D. 1907. 30-38

PRINCETON

The COAL TOWN of the SIMILKAMEEN. Mining Centre of the District. Excellent Coking Coal in Vicinity.

PLACER GOLD AND PLATINUM IN TULAMEEN and TRIBUTARY STREAMS; auriferous deposits in Similkameen and basin.

Splendid Opportunities for the Investment of Capital.

The SIMILILKAMEEN STAR

Oldest Established Paper in the Similkameen District

The Star may properly lay claim to being an important factor in making known the vast mineral resources of the Princeton District and the consequent attraction of capital for the development of its extensive copper-gold propositions and the country generally. With the encouragement and patronage of the public the Star proposes to redouble its efforts for the promotion of the interests of the whole district. It is hoped to maintain its present form of eight pages and increase with the installment of an expensive Mergenthaler Linotype and electric presses. While the Star aims to give general satisfaction it cannot please all and wouldn't if it could. Subscription price from now to the end of 1908—$2.00. Send in your name and "dough" and help a good cause along.
