Liberal Association Elects Officers and Presbyterians Appoint Board of Managers.

A E. Jackson and wife leave to-morrow for Toronto, where they will reside in future.

Word comes from Bumpin creek that the platinum property lately bonded by Denver parties from Dan Coutenay and now being developed, are showing up well. The assay office has been running for some time and satisfactory results are being obtained.

Nicola now has a branch of the Asiatic Exclusion League.

Dominion immigration returns for the six months from April to September, both months included, show a total of 193,690, as compared with 147,760 for the same time last year. The increase is 45 930. The arrivals from the United States were 35,092, a decrease of 2,891, and from ocean ports 158,598, an increase of 48,821. The total percentage of the increase was 31 per cent., by ocean ports 44 per cent., and from the United States a decrease of 8 per cent.

There is said to be hundreds of white men out of employment in Vancouver and the City Council are asking local employers of labor to voluntarily replace Asiatics in their employ by taking on he whites.

A tennis tournament is now in progress on the courts of J. Oswald Coulthard's. Among those taking part are Miss Rowan, Miss Popple, Mr. Marlow and Mr. Gordon. Next season should see this popular pastime flourishing in Princeton.

ANNUAL LIBERAL MEETING.

The annual meeting of the Princeton Liberal Association was held last night and the following officers elected: President, Arthur Reith; vice president, B S. Kennedy; secretary - treasurer, J. M. Wright, and a strong executive committee was also formed. A lot of routine business was transacted and a communication was read from J. D. Swanson, secretary of the Kamloops Liberal Association, acquiescing in the local association's recommendation that the convention to nominate a candidate for the next Dominion election be held during the Easter holidays.

Barclay Bonthorne, in charge of the coaling operations at Collin's Gulch, was in town this week.

PRESBYTERIAN MISSION FIELD.

A meeting of those interested in the maintenance and well being of the Presbyterian mission here was held in Court House on Monday evening at 8 o'clock, the Rev. J. Thurburn-Conn in the chair. The meeting was well attended and a good deal of business transacted. A board of managers was elected as follows: W. C. McDougall, chairman; G. Murdoch, vice chairman J. M. Wright, M. L. Gordon, and J. M Smith. Hugh Hunter was selected as secretary-treasurer. The prospects for the success of the mission work here were never brighter and the feeling is general that in the hands of the Rev. J. Thurburn-Conn the work will continue to prosper It was decided to adopted the envelope system for contributions.

Next year it is more than likely that steps will be taken to erect a properly appointed place of worship.

TULAMEEN NOTES.

Tulameen, Nov. 9.

C. F. Law was in the city Friday on his way to Bear Creek. He reports everything fine at the camp and the lead has been struck in the new tunnel. W. Godfrey, manager of the Bank of B. N. A. at Vancouver, accompanied Mr. Law, and expressed himself as highly pleased with the mineral prospects of Bear Creek Mr. Law and family intend spending the winter in Europe.

The C. P. R. survey party are at Tulameen.

The new strike of coal in Collins' gulch measures eight feet.

W. J. Henderson has returned from a brief visit to the coast.

C. T. Wilson, manager for P. Burns & Co., was in town yesterday.

Dance on Friday Night.

The Prince Quadrille Club was organized last night and from the enthusiasm shown by the promoters there will be something doing this winter in the dance line. It was decided to hold the first ball on Friday night next, to which the public are invited, and from the preparations being made it should be a huge success. The music engaged is said to be the best ever, and refreshments will be served at midnight. The ladies are requested to furnish the necessary. Admission—gents, $1; ladies, free.

C. O. French is building a tin shop near his residence. He will also act in the capacity of agent for Welldo.

The proprietors of the Hotel Tulameen are erecting a large storeroom and ice house at the rear of the hotel.

Mrs. W. C. Lyall returned to-day from an extended visit to relatives in Vancouver.

LOVE AND COURTSHIP

Lecture was Edifying and Elevating—Music by the Symphony Club.

Being a Bachelor Lecturer Touched Lightly on Marriage—Course of Lectures.

The lecture, "Love, Courtship and Marriage," delivered by Rev. J. Thurburn Conn in the Court House last Friday night, proved a very interesting topic for the large audience who intently listened to the speaker throughout his practical analysis of a somewhat intricate subject. The Princeton Symphony Club (piano, Miss Popple; violin, Mr. Coulthard; flute, Mr. Simmons; piccolo, Mr. Knight) gave introductory, interlude and closing musical selections which were very much appreciated. The lecturer also sang "Sing Me to Sleep," and for an encore gave "Juanita." No admission fee was charged but a collection of about $12 was taken up.

As a lecturer Rev. Mr. Conn has the knack of holding his audience in perfect control, giving them choice thoughts in plain, understandable English which never lacked a moment of appealing interest to old or young, married or single. Fluent and vivacious, serious and impressive, his tuneful voice conveyed sentiments of high and ennobling character which touched the hearts of all thoughtful hearers. His definition of love was on a high plane having no trace of flippancy or suggestive levity, the whole being in keeping with so important a subject which has been characterized as "the greatest thing in the world." Other lecturers may treat the subject of "Love, courtship and marriage" in lighter vein, but Rev. Mr. Conn eliminated all that was sentimental or mawkish, appealing rather to reason and the finer qualities of men and women for its rich and full course in connection with courtship and marriage. The lecturer stood for marital unions based on the moral and physical fitness of the contracting parties. The offspring of such marriages would produce nation having world wide influence and force and tend to the betterment of all mankind.

A hearty vote of thanks was tendered the lecturer for his able address, and the Symphony Club received thanks for its assistance to the evening's enjoyment.

Rev. Mr. Conn is a young man, single, a graduate of Glasgow University and has an undoubtedly bright and successful career ahead. He is talented, accomplished and a hard worker. It can hardly be expected that a man of his attainments will long remain on the frontier when so many inviting pulpits in large cities are open. He will deliver a course of lectures during the winter, the next one of which will be given on Friday, the 22nd inst., the subject being "Moses—the child, shepherd and leader." Mr. Conn will sing "The Holy City" on this occasion, and it is safe to say the hall will be packed.

POLICE COURT SITTINGS.

There has been a regular run on the "cooler" lately, no less than three arrested having been made last week. Two were for drunk and disorderly and one case of alleged theft. The well known all round athlete Emil Todd, who resides anywhere between Princeton and nowhere, happened in town on Saturday and wishing to forget his numerous and strenuous troubles, sought the flowing bowl, and partook of its contents not wisely but too well. He was locked up to allow him to think it over. He was brought before the cadi and fined $5 and costs.

Chas Asp got an over dose of "sidefixings" with the result that he sought repose on the Tulameen bridge, where he slumbered at the hour when most men are busy at their daily toil. He stopped the wheels of progress on the bridge and had to be removed. Monday morning he appeared before Messrs. Thomas and Waterman, J. P.'s, and was fined $5 and costs and a warning not to do it again, or he would be sent to Kamloops for a change of air.

The other case that of Ah Ming, accused of stealing a coat from Alfred Allison on Nov. 6th, occupied the attention of the court for several days. On the case being resumed on Monday morning, before Messrs Thomas and Waterman, J. P.'s, Mr. B. S. Kennedy appeared for the prisoner. The old evidence was gone over, and new testimony taken, which went to show that the Chinaman admitted taking the coat, but said he found it on the road and took it home, thinking someone had lost it. He disclaimed any intention of stealing it. Mr. Kennedy argued that there was nothing in the prosecution's evidence to show there was any intention on the prisoner's part to steal the coat, he having found the coat on the public highway, with no one in sight to claim it, he naturally took it home with him. He therefore asked the court to give the prisoner the benefit of the doubt and discharge him.

The court held otherwise, however, and sentenced Ah Ming to 30 days in goal. On behalf of the accused Mr. Kennedy gave notice of appeal to the next County Court sitting at Princeton. Bail was asked for and granted.

The Dominion Parliament convened on Saturday last. The present session promises to be an interesting one and the Asiatic question will likely be the subject for lively debates.

SLANDER CAMPAIGN HAS FAILED.

Conservatives have pursued a policy of villification which does not recommend itself to the people. By endorsing the Dominion Government at the recent bye election at North Wellington, the most positive rebuke has been given Conservatives and the Liberal Government has been tendered a most significant and gratifying evidence of confidence.

What must be done to convince the remnants of what was once a great Conservative party, that the people of Canada are not willing to surrender their allegiance to the Liberals? Appeals have been made to the baser instincts of men—resort has been had to slander of the vilest description—unjustifiable attacks have been made upon the Liberal policy—charges without a scintilla of proof have been alleged against the Administration, and as an expiring effort a very unsubstantial, misleading and vicious platform has been advanced to tempt men whose affiliations have always been with the Liberal party. All of these things have not been without their effect in the country. The matters alluded to here have been given wide circulation and the Leader of the Opposition has stumped the country from one end to the other devoting attention to these and kindred themes. Now the question is, what effect have these matters produced on the public mind?

The Conservatives said, when the people have an opportunity of expressing their sentiments at the polls, then it will be made clear that the Liberal Government no longer has the confidence of the electors. The election held at North Wellington was significant, for coming after the presentation of a Conservative platform, and its elaboration throughout the Dominion by Mr. Borden, the Conservative leader, it is a fair inference that the people made their choice as between continuing the Liberals in office, or accepting the policy propounded by Mr. Borden. The verdict was given in favor of the Liberal Government, and this must be taken as an expression of confidence which will have a very decided influence upon the country at large. Both candidates were local men, both equally entitled to support, it remained for the electors to say whether they should send to Ottawa a supporter of the Liberal Government, or a supporter of the Conservative leader, and the choice was made without fear or favor.

One cannot overlook the obvious significance of this election. The only fair deduction is that the electors remain uninfluenced either by the campaign of slander or the campaign of fatuous promises. It means that charges without substantial proof are of non effect. It means public disapprobation of personal abuse without reason or justification. It means that the electors are not in favor of the Halifax platform. It demonstrates conclusively that Canadians are satisfied with the Government of Sir Wilfrid Laurier and are not content to hand over the affairs of the Dominion to the party they have good reason to distrust as the result of bitter experience. It foreshadows what will be the public verdict when a general appeal is made to the public. It indicates very clearly that the Liberal Government has earned the gratitude of the electors, and that no sufficient reasons have yet been advanced which are of sufficient force to change that view. It implies that when a vote of confidence in the policy of the present Administration is requested, that it will be given with no uncertain sound. It assures to Canada a strong guiding hand, so that she may fulfil her glorious destiny. It is also a guarantee of continued happiness and prosperity for Canadians throughout the Dominion.

Stomach troubles, heart and kidney ailments, can be quickly corrected with a prescription known to druggists everywhere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its restorative action upon the controlling nerves of the stomach, etc.

Trial catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's catarrh remedy. Sold by J. R. Campbell.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Joseph Martin, K. C., in addressing the Asiatic league in Vancouver the other day, startled the members by stating that he was opposed to their views as to the excluding the Orientals. He justified Laurier in his course on this question ever since he came into power in 1896 Laurier had only promised to carry out the wishes of British Columbia as conveyed to him by its representatives, and no one could point to an instance where these Federal members had opposed Laurier in the Houses Martin rapped McBride for allowing Dunsmuir to defeat his bills. McBride had a remedy if he desired to use it by re enacting the Nata measure every time it was vetoed by Ottawa. He added that the Trades and Labor Council, whose members largely made up the league, were wrong in opposing the immigration of white labor in an effort to keep up the excessive price of labor in British Columbia.

Synopsis of Canadian Northwest Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26 not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months residence upon and cultivation of the land in each year for three years.

2 If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinty of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal—coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

Pain everywhere, pain in the head, painful periods, neuralgia, toothache, all pains can be promptly stopped by a thoroughly safe little pink candy tablet, known by druggists everywhere as Dr. Shoop's headache tablets. Pain simply means congestion—undue blood pressure at the point where pain exists. Dr. Shoop's headache tablets quickly equalize this unnatural blood pressure, and pain immediately departs. Write Dr. Shoop, Racine, Wis., and get a free trial package. Large box 25 cts.

To check a cold quickly, get from your druggist some little candy cold tablets called Preventics. Druggists everywhere are now dispensing Preventics, for they are not only safe, but decidedly certain and prompt. Preventics contain no quinine, no laxative, nothing harsh nor sickening. Taken at the "sneeze stage" Preventics will prevent pneumonia, bronchitis, la grippe, etc. Hence the name, Preventics. Good for feverish children, 48 Preventics 25 cents. Trial boxes 5 cts. Sold by J. R. Campbell.
