BRIDGE IS DELAYED

Four Bents of New Railway Bridge Goes Out on the Rising Tide.

Construction to Princeton Expected as Soon as the Tracklayers are at Keremeos.

The V., V. & E. bridge at Armstrong which was well advanced with the false work necessary for the superstructure has had a serious setback to its ultimate completion by the carrying away of four bents of piling, recently driven, by high water in the Similkameen river. The pile driver had finished with the channel of the river and was at work on the approach when the mishap occurred. It is not expected that the delay will be long but all hinges on the stage of water, which at present is receding

It is only 12 miles from the bridge to Keremeos, which would have been reached by the middle of June with the track layers. So near and yet so far, the railroad drags its weary length toward Princeton still distant some fifty miles from the end of the track and the nearest rail connection yet obtained. Once the track is at Keremeos it is only a matter of routine until a daily mail and reduced freight service are inaugurated. At present freight and passengers are being delivered at Chepaco, a station just north of the international boundary.

It may reasonably be expected that business will receive a filip throughout the whole upper Similkameen with the rails at Keremeos. So many evidences of construction being proceeded with to Princeton are apparent that the general belief is that contractors will be breaking ground as soon as Keremeos is made a base for hauling material and supplies.

BAD COIN AT COAST.

Almost every bank in Vancouver has samples of counterfeit coin which is circulating freely in two-bit (25c) pieces. It is believed to be the work of an artist over the border. So far, Princeton has not experienced any alarm from an influx of spurious coin, the chief concern being that a shortage of good money might occur. However, there is nothing to fear while there is plenty of gold and silver here with which to make genuine coin.

FINDING SHORTER ROUTE.

Engineers of the Grand Trunk Pacific are now bending all their energies to the survey of an entirely new line across the central part of British Columbia. Several parties are out and it is expected that if a feasible route is obtained over 80 miles of track will be saved and a fine country tapped. An important feature of the new survey is that it proposes to carry the main line a hundred miles to the south of the village of Hazelton. The new survey runs from the Telquah river westward through the Copper river valley and it is proposed to meet and cross the Skeena river at Kitsalas canyon. The belief of people in the north is that this will be the route finally selected. The Copper river district is rich in minerals.

LOCAL AND GENERAL.

Jas. Reith, of Reith & Tweddle, proprietors of the Keremeos Hotel, drove up to Princeton on Monday on a short visit to his brother, returning next day. Mr. Reith was accompanied by R. Elmhirst, manager of the Armstrong ranch at that place. This was Mr. Elmhirt's first visit to Princeton and he expressed himself as delighted with the town and vicinity and he looked to see a large population established here in the near future.

P. Swanson, proprietor of the Great Northern Hotel, left on Monday morning on a business trip to Grand Forks.

Mr. J. A. Sibley and family arrived from Millinocket, Maine, on Saturdav and intends making Princeton his home for the summer.

Princeton Lodge I. O. O. F. No. will be instituted next Tuesday without fail.

M. L. Gordon was a passenger on Monday's stage from Hedley. having arrived from Fernie to take the position of teller in the Canadian Bank of Commerce, in place of H. T. Newmarch, who is being removed to Penticton. General regret is expressed at the departure of Mr. Newmarch in both social and sporting circles.

Lyall & Macdonell, general merchants, are having their store painted which will add greatly to the appearance of the building.

A Winnipeg despatch of the 15th says flour was advanced 10 cents per hundred on all grades as the direct result of wheat prices going soaring. This is the second jump inside of a week.

Great Northern passenger trains to Midway are crowded every day with people heading west over the V., V. & E., many of whom are homeseekers.

Some of Premier McBride's faithful friends and boosters are anxious to know if he has yet arrived at the foot of the throne in London where he set out for about a month ago. His secretary, Mr. McRae, is a newspaper man and it seems strange that he should fail to herald the great man's arrival to admirers in B.C. Probably the premier and his secretary have not recovered from sea sickness (?)

N. A. Bangs, of Spokane, is expected to arrive in Princeton this week to look over his timber interests here.

It is about time the proper authorities got busy and appointed a scavenger.

CELEBRATE THE DAY

Victoria Day will be Loyally Observed by Citizens and Country Cousins.

Everybody Invited to Enjoy Sports and Dance—Man vs. Horse in Straightaway Race.

Friday will be the 24th of May, known the world over as the birthday of the late Queen Victoria—Victoria the Good. The day will be observed throughout the British possessions by celebrations of one character or another, and although there has been no elaborate programme drawn up for that day the people of Princeton have arranged for a good day's sport. There will be a baseball match, Princeton vs. Tulameen, and a matched race for a distance of twenty-five yards between man and horse. The day will be wound up with a dance in the Court House, for which excellent music has been provided.

The local fans are getting into fine shape and will keep the Tulameen Wolves guessing. Advices from the lake town say barrels of money will be hand to back their bunch of ball tossers, so sure are they of winning and they are bringing along a big crowd of rooters. This will be the first match of the season and both teams are anxious to win. Arrangements have been made to serve refreshments on the grounds and visitors to town can rest assured of getting their moneys worth.

Lay down the shovel and the hoe for one day and secure a seat in the bleachers early and avoid the rush. Chewing gum and peanuts can be had at any of the stores.

KELOWNA TOBACCO.

A company is on the eve of incorporation in Kelowna, whose operations may lead to the development of an industry in the Okanagan, says the Vernon News, which may rival fruit growing in importance and which cannot but add immensely to the possibility of wealth in the valley. A project is now on foot which will result in the formation of the International Tobacco Co., whose objects shall be the growing of tobacco on a large scale and eventually the establishment of a great cigar factory in Kelowna or the Mission district.

CHANGE IN TIME TABLE.

A material alteration in the running of trains on the Nicola branch is to be made. Heretofore on Mondays, Wednesdays and Fridays trains have left Spence's Bridge for Nicola and returned the same day. On and after June 1st departures from Spence's Bridge for Nicola will be on Mondays, Wednesdays and Fridays, but they will not return from Nicola the same day. Departures from Nicola will be on Tuesdays, Thursdays and Saturdays. Close connections at Spence's Bridge will be made by the Nicola trains with transcontinentals Nos. 1 and 2.

Since the launching of the elegant 21-knot steamer Okanagan on Okanagan Lake the C. P. R. have decided to operate her on a daily schedule between Okanagan Landing and Penticton.

MINING NOTES.

C. H. Henning, locator of the Independence mine at Bear Creek, came in from Spokane last week and will spend the summer at Bear Creek and locality.

Robt. Stevenson left on Tuesday for Hedley to attend to assessment work on his properties in that neighborhood.

Bert Thomas returned last week from Copper mountain where he has been engaged in assessment work. He brought back with him some good looking samples of copper ore.

Uhler & Cox, of Five-Mile, have recently had two mining engineers examining the Gladstone for the purpose of reporting thereon.

Forbes & McKinlay, mining brokers of Vancouver, announce the receipt of a communication from Glawgow clients stating that they could raise £600,000 in a short time for good paying copper properties.

TELEGRAPHIC DESPATCHES.

Toronto, May 21.—Wallace Nesbett, K. C., who has returned from Montreal, where he was a member of the conciliation board between the G. T. P. and machinists, declared in an interview that the Labor Disputes Act will settle almost any labor dispute to which it is applied. He speaks highly of the act in every particular.

Dishonest Conductor.

Montreal, May 21. — C. J. Creedon, sleeping car conductor, arrested at the instance of the C. P. R. Co. and who pleadee guiltp to a charge of appropriating for his own use money collected from passengers in payment of sleeping car fares, has been sentenced to a term of two months' imprisonment.

Wholesale Assassination.

St. Petersburg, May 21.—It has now been ascertained that the plan to assassinate the Czar was aimed at a wholesale weeding out of those in authority. Stolylin and the Grand Dukes were included among the intended victims.

New Irish Bill.

Dublin, May 21.—More than 2000 delegates from all parts of Ireland are here to attend the convention with reference to the new Irish bill.

Spirited Discussion.

Cslumbus, Ohio, May 21.—After a

A RECORD TO BE PROUD OF.

A government that has been in power eleven years and is stronger in its personnel and more deeply rooted in the confidence of the public after the expiration of such a term, must have gained its enviable position by an unbroken line of pledges faithfully kept. This is the position of the Liberal Dominion government today. When the affairs of the country, which for years previously had been so mismanaged by the Conservatives that business was at a standstill, emigration had practically ceased, the population, for some cause never satisfactorily explained, was dwindling, or at the best remaining stationary, and consequent slow progress and development of the whole country, then the Liberals were called upon to administer the affairs of the Dominion.

Previous to 1896 a number of scandalous transactions had been unearthed and exposed to light. It had been found that public money had been squandered without adequate return. Men in power had used their office and influence in directions calculated to bring advantage to themselves, and in their public transactions had not consulted the welfare of the people. Public interest had been scandalously neglected for private gain, and even the Conservative cabinet was so divided against itself that the leader of the then government described his own colleagues as a "nest of traitors." Under these circumstances there could be but one result, and that distinctly unfavorable and to the prejudice of the people generally.

After the clean sweep made in 1896 by the Liberals under the distinguished leadership of that great Canadian, Sir Wilfrid Laurier, conditions changed as if by magic. He called to his councils the best men the country produced, and from that time to the present, prosperity reigned where distress previously abounded, deficits were turned into surpluses, the business of the country became vitalized, industrial concerns provided work for the artisan and laborer, and peace and contentment succeeded dissatisfaction and unrest. Such results could only be achieved by honest, economical management of public affairs, coupled with an intelligent public policy, wisely administered. That the people of Canada appreciated this was demonstrated very forcibly at the general elections of 1900 and 1904, when the Liberals, with their record of trust faithfully kept, were before the people asking for a renewal of public confidence. The overwhelming majorities given to Sir Wilfrid Laurier's government on those two occasions are matters of history.

The Liberals during their first year of office succeeded to a Conservative deficit of $519,981, but by next year all this had changed, and from 1896 to date the Liberal administration of public affairs has resulted in the following substantial surpluses:

1897 8	$ 1,722,712
1898-9	4,837,749
1899 1900	8,054.714
1900 1	5.648,333
1901-2	7,291,398
1902 3	14,345,166
1903-4	15,036,984
1904 5	7,893,689
1905 6	12,898,719
1906 7	15,500,000
Total	$93,218,864

This satisfactory condition of affairs can only be accounted for by intelligent and honest management of the country's business. It supplies in addition the best possible evidence of the prosperous condition of the commercial affairs of the Dominion Even the Similkameen, though retarded from growth and development by the lack of railway communication has reaped the benefits of Liberal administration in having telephone connection with the outside world and provided with an expensive, yet efficient and satisfactory mail service. Postal facilities are being continually added and improved upon. Increases in the salaries of postmasters have been made, all of which and more has been done in the face of largely reduced rates of postage. It is a well known belief of those who are in a position to form accurate opinions that no railway would have been under construction in the Similkameen today if a Liberal government had not been in power at Ottawa. Some of the more blatant and untruthful Tory newspapers and politicians would rob the Liberals of any glory or praise for the construction of the V.,V. & E. and bestow them upon some obscure jay representative in the B.C. legislature. The policy of the Liberals is constructive, as witness the building of the government transcontinental railroad to connect with the Grand Trunk Pacific and the recent master stroke of Sir Wilfrid Laurier in securing the adoption of a motion in the Imperial Conference, London, favoring an all British subsidized steamship line from England to Australia via Halifax and Vancouver, of which space forbids further comment now.

HOLDEN AT VANCOUVER

IN THE MATTER of the "Plans Cancellation Act, 1906," and IN THE MATTER of the Townsite of Keremeos in the County of Yale and IN THE MATTER of the petition of WILLIAM HENRY ARMSTRONG and EDWARD BULLOCK WEBSTER.

BEFORE HIS HONOR JUDGE CANE
Saturday, the 20th day of April, 1907.

Upon reading the petition herein and the order of His Honor Judge Brown herein, dated the 5th day of April, 1907, and pursuant thereto, and upon hearing Mr. W. E. Burns of counsel on behalf of the said petitioners:

I DO ORDER that the hearing of the petition herein be fixed for 10 o'clock in the forenoon of the 20th day of May, 1907, before me at the Court House, Vancouver B. C.;

AND I DO FURTHER ORDER that the following advertisement be inserted in the Similkameen Star, published at Princeton, B. C., and the News-Advertiser, published at Vancouver, B. C., and to run for a period of 30 days before the said 20th day of May:

KEREMEOS TOWNSITE.

Notice is hereby given to the below mentioned owners of the lots in Keremeos respectively set opposite their respective names, that on Wednesday, the 20th day of May, 1907, at 10 a. m or so after as counsel can be heard, the petition of William Henry Armstrong and Edward Bullock Webster will be presented at the Court House, Vancouver B. C., to His Honor Judge Cane, Judge of the County Court of the County of Vancouver praying that the plan of Keremeos Townsite in so far as owned by the petitioners shall be annulled under the "Plans Cancellation Act, 1906."

spirited discussion in which it was charged that an attempt was being made to build up a Catholic hierarchy, the Presbyterian General Assembly yesterday adopted a report of a special committee on administration agencies. Rev. Alex. T. Keer, of Pennsylvania, denounced the report as born of the spirit of oligarchy and a blow at the basis of the principle of the church.

Still They Strike.

Buffalo, May 21.—1200 freight handlers struck work yesterday for an increase of wages. They were receiving 17½ cents and ask for 20 cents.

Crushed to Death.

Fernie, May 21.—At No. 5 mine, Michel, Ernest Delucca, an Italian, employed at a rope ladder on the main stope, was crushed by two cars loaded with timber. He was removed to the hospital, but died in a short time.

DRILLING CONTEST.

A rock drilling contest will be held at the Spokane Interstate Fair, Sept. 23 to Oct. 5, for which $1,250 has been donated in prizes. It is expected much interest will be centered in the event, which is open to all, and entries are expected from Washington, Montana, Oregon, Colorado, Idaho and British Columbia. The purse of $1,250 will be divided as follows: Nine hundred dollars for a double hand contest, of which $500 for first prize, $250 for second prize, and $150 for third. Three hundred and fifty dollars for single hand contest, of which $250 for first and $100 for second. The following rules will govern the contests: Entries close Sept. 23rd at noon; an entrance fee of $15 per man will be charged in each contest, and $10 of this will be returned to each man who drills. Any one entering and not drilling will forfeit entire entrance fee. Time allowed in two hand contest will be 15 minutes, in single, 10 minutes. Tools to be furnished by contestants; drills for two hand contest caliper ⅞ inch at bit and 3 inches at point back of bit; single hand contest, caliper ¾-inch at bit and at point three inches back of bit. Any weight hammer allowed. One assistant will be allowed to each team in two hand contest, and 10 each contestant in single hand contest, but under no circumstance is the assistant allowed to assist in changing the drills.

NOTICE.

SIXTY DAYS after date I intend to apply to the Chief Commissioner of Lands and Works for a licence to prospect for coal on the following described lands, situate in the Kamloops division of Yale district:

Commencing at a post planted at the N. E. cor. of lot 933, group 1, thence west 50 chains; thence north 50 chains; thence east 113 chains; thence south 63 chains; thence west 63 chains; thence north 13 chains, to point of commencement, containing 640 acres.

TIMBER LICENSES.

Notice is hereby given that thirty days after date I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in the Yale district of British Columbia.

1. Commencing at a post planted on the west fork of the Otter river on its west bank, about three miles above the fork and marked J. A. Mohr's southwest corner post; thence north 80 chains; thence east 80 chains; thence south 80 chains; thence west 80 chains, to the point of commencement.

2. Commencing at a post planted on the south side of the Otter river about 1½ miles McKay's ranch; thence east 160 chains; thence north 40 chains; thence west 160 chains; thence south 40 chains; to the point of commencement.

Dated March 20th, 1907.

3. Commencing at a post planted on east side of the west fork of the Otter river and about 2 miles from McKay's ranch and marked J. A. Mohr's southwest corner post; thence east 160 chains; thence north 40 chains; thence west 160 chains; thence south 40 chains; to the point of commencement.

4. Commencing at a post planted on the east side of the west fork of the Otter river, near the west boundary of McKay's ranch and marked J. A. Mohr's southwest corner post; thence east 160 chains; thence north 40 chains; thence west 160 chains; thence west 40 chains to the place of commencement.

Dated March 20th, 1907.

5. Commencing at a post planted on west side of the wagon road and about one mile south of Shrimp's ranch and marked J. A. Mohr's south-east corner post; thence west 80 chains; thence north 80 chains; thence east 80 chains; thence south 80 chains; to the point of commencement.

March 21st, 1907.

6. Commencing at a post planted on the east side of the wagon road about one mile south of Granite creek bridge and marked J. A. Mohr's southwest corner post; thence east 40 chains; thence north 160 chains; thence west 40 chains; thence south 160 chains, to the point of commencement.

Dated March 22nd, 1907.

7. Commencing at a post planted on the south side of the wagon road, north of the Tulameen river about two miles from Granite bridge and marked J. A. Mohr's southwest corner post; thence east 80 chains; thence north 80 chains; thence west 80 chains; thence south 80 chains, to the point of commencement.

8. Commencing at a post planted on south side of the wagon road, about 20 chains north of Tulameen and 7 miles from Princeton, and marked J. A. Mohr's east boundary; thence north 20 chains; thence west 160 chains; thence south 40 chains; thence east 160 chains; thence north 20 chains, to the point of commencement.

Dated March 22nd 1907.

9. Commencing at a post planted on the southwest side of wagon road about 40 chains from Tulameen river and seven miles from Princeton, marked J. A. Mohr's S.W. corner post; thence north 20 chains; thence east 160 chains; thence south 40 chains; thence west 160 chains, to point of commencement.

Commencing at a post on the south side of Kennedy mountain on the west bank of Similkameen river marked northeast corner post, thence 80 chains west; thence 80 chains south; thence 80 chains east; thence 80 chains north to point of commencement, containing 640 acres.

ERNEST WATERMAN,
Locator.
P. JOHNSON, Agent.
Dated April 21st, 1907. 17-21

Synopsis of Canadian Northwest Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 26, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2 If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

W. W. CORY,
Deputy of the Minister of the Interior.
