Only one Princeton, center of great mineral resources.

SIMILKAMEEN STAR

Deeds, not Words, are what a person is measured by.

With a number of large enterprises under way, others well within the realms of certainty ; with land values appreciating, railroads building and development all around, what fairer prospect could be desired ?—Vast mineral wealth quite untouched—Homes for the million—Reciprocity.

Vol. XII. No. 8. PRINCETON, B.C., WEDNESDAY, FEBRUARY 15, 1911. $2 a Year in Advance

NEW MINING CAPITAL

Reco and Other Properties in Deal which will be Big Boost.

Among the Best on Copper Mountain and Require Railroad Soon to Ashnola.

Combination Camp?

James E. McCauley, who makes his home at the Ridpath hotel, and who has been operating in the Princeton, B. C., country since he left the Coeur d'Alenes several years ago, has incorporated the Hercules Consolidated Mining & Smelting company, to acquire and develope three groupes of claims on Copper mountain, near Princeton, B. C The company is capitalized at $1,500,000 and its first board directors is composed as follows: President, Mayor N. S. Pratt; vice-president, Peter Hoogenboezem; directors, James E. McCauley, Andrew Anderson and Robert L. Shepherd The latter is from Chicago, all the rest being residents of Spokane ; R. H. Hughes is secretary.

The company's property consists of three groups, the Reco, Trachyte and Buffalo groups. The Reco has already had $23,700 expended on it; and the Trachyte and Buffalo have had 80 and 60 feet of tunnelling, respectively, done.

A big fissure vein on the Reco assays $60 per ton in the paystreak and the location vein has average assays of $16 in gold and copper. The Trachyte and Buffalo are equally good.

J. E. McCauley is well known in these parts and everybody will be pleased to know that he has a strong company to operate the above valuable properties. He has shown great confidence in the proposition and an admirable courage in overcoming almost insuperable difficulties. This country is in need of men who do things. Mr. McCauley hustles and works, these qualities usually bringing the success which now is his.

'COALMONT' NEWS.

New Name, New Town : Is on the Map to Stay—Great Coal Center.

'Coalmont' is the significant and euphonious name selected by the Columbia Coal & Coke Co. for the townsite on which will be reared a large and prosperous coal mining town. When the production of coal and coke is begun a large number of men will be employed and the company is wise to the fact that homeseeking miners will go where they have opportunity to make one. Coalmont takes its name from the mountain in which the large 7x11 tunnel is now driving to the measure of bituminous coal. Analyses have shown this coal to be of excellent fuel and coking qualities.

A postoffice, telephone and daily mail, besides railway connection whenever the V.V., & E. lays steel on the finished grade are among the requisites of the new town, Coalmont, which now takes the place of the temporary name, 'Cardiff.' It is situated about half way between Welldo aud Tulameen.

The Columbia Coal & Coke Co. will erect fifty cottages on its townsite for the accommodation of its workingmen. In the tunnel now being run to tap the coal good progress is made with three shifts daily.

Having a sawmill and a large quantity of standing timber on their property the Columbia Coal & Coke Co. will be in position to supply their own requirements for building purposes.

The construction of a bridge over the Tulameen river will be begun soon and when completed will be of great benefit to the travelling public.

RECIPROCITY.

General Good will Result now ; Universal Free Trade and Peace.

It is the misfortune of all reform that its promoters should be misrepresented and often abused for attempting to better conditions. Friends of reciprocity have the general good of the people, the consumers, in view, while its enemies look only to their selfish interests and large profits It is a law of economics that diffusion, not focussing, of wealth, makes a people prosperous, contented and progressive. The fathers of free trade and reciprocity have endured persecution and wrong at the hands of the friends of monopoly. The big trusts, steel corporations, copper combines, Standard oil, and food trusts choke off competition and denounce any movement tending to the general good. Any action taken by the Princeton board of trade regarding reciprocity should not be confined to merely consideration of local interests, although in coal and zinc there is much to warrant support of the proposed reduction in tariff, it should be weighed in the balance of national welfare and benefit. The wider market and the wholesome effect of competition tend to correct the abuses springing from a narrow market and little or no competition. In the past this town has had to submit to the culls of produce from shippers in the district who preferred to send better qualities farther away. Competition does and will rectify this evil and the great mass of the people the consumers, benefit thereby. Star, in its own optimistic way, as opposed to the pessimists and Little Canucks, welcomes reciprocity as the thin edge of free trade among all Anglo-Saxon countries and ultimately throughout the world. It presages friendship and peace where now are huge, impoverishing armaments and rumblings of war. Come reciprocity, come free trade!

LOCAL AND GENERAL

Land Boom Strikes Sunny Similkameen, Settlers to Follow.

Princeton Hospital Open for Reception of Patients—Hockey Draws Crowd.

Auction sale of household effects in the Avery block, Saturday, at 2 p.m. Fine opportunity to secure bargains.

Don't forget the play and dance to be held in the Oddfellows' hall, Wednesday Feb. 22nd Admission 50c.

Sewing machines for rent at White's.

Mrs Hans Richter and Mrs. Sinclair are guest of Mrs. Cummings, of Kenley avenue.

J. J. Farrell, for some years in the commissariat department of Foley, Welch & Stewart, railroad contractors, is leaving Princeton for Spokane in a few days. The contractors are closing up business here, the only remaining officials being Messrs. Macalpine and Farrell. In athletic sports Mr. Farrell took much practical interest and in social circles both he and Mrs. Farrell were esteemed by an ever increasing number of friends.

Mrs. Armstrong of Keremeos was a recent guest of Mr. and Mrs. Carmichael.

Mr. Lawson of the Eastern Townships bank is going to the branch at Victoria. During his short stay here he has made many friends and will be much missed in hockey arena.

The chief engineer of the B.C. Portland Cement Co., Mr. Osborne, will soon arrive and reside at East Princeton with his family.

The Princeton hockey team were again victorious in the match last Tuesday with the Tulameen-Granite team. The latter had very little practise since the last match with Princeton and were thus heavily handicapped in the struggle which euded 5 to 0 against them. The game was full of spectacular interest and swelled the gate money to satisfactory proportions.

The grand ball given by the Rebekahs last Tuesday night was true to its name, the general verdict being that it was the greatest success ever attempted in the town. A large number of guests were in attendance from Keremeos, Hedley, Tulameen, Granite, Coalmont, Otter Valley and Onemile.

The Tulameen hotel has recently installed a new bar and other improvements which add to the attractiveness and comfort of the house.

P. W. Gregory, P.L.S., expects to arrive in Princeton about the middle of March. Orders may be left with F. E. Groffman, Star building.

Mrs. Clare, of Hedley, is the guest of Mrs. L. Huston, Kenley ave.

The ice harvest is over and those of our citizens who had suitable buildings will defy the rays of Old Sol this summer.

Born.—On the 7th inst. to Mr. and Mrs. E. F. Thompson, a son.

BIG DEVELOPMENT.

"The country of which Princeton, B. C., is at the commercial centre is going to have a wonderful development during the next year or two," said C. O. French, of Princeton, to a reporter of the Review at the Hotel Spokane, recently. "Interest at present centers chiefly in the development of the coal fields surrounding and underlying the town, the mining camps of Copper and Kennedy mountains, on the Similkameen river to the south. aud Steamboat mountain, on the Muddy, a tributary of Skagit, to the west."

PRINCETON HOSPITAL.

Open for Patients—Box Social Great Success, Nets over $150.

The box social last Friday night was the success it was intended to be by the Ladies' Auxiliary. As president of the organization Mrs. W. C. McDougall was a moving inspiration among the people and she was loyally supported by all the members. It is now evident that without the cooperation of the ladies there would be serious difficulty in getting the hospital furnished and in receptive condition for patients. The attendance of gentlemen was not as large as was to be expected but those present were in generous mood, some bidding to the extent of ten, fifteen and twenty dollars for boxes. swelling their already liberal contributions to bountiful proportions. The Ladies will net over $150 as the result of the social. The auctioneer, H. Hunter, again proved his ability to extract the 'needful,' his services being appreciated by all. Nurse Thomas and Orderly Crisfield have been busy putting things in shape for the reception of patients and the institution is now open to public patronage. The hospital board will shortly make a statement to the public showing receipts and expenditures to date.

CHURCH SERVICES.

Presbyterian services held as follows : Sabbath school and Bible class each Sabbath at 11 a.m. Evening service at 7,30. All are welcome. T. W. MILLS.

St. Cuthbert's Church—Rector, Rev A. E. Bruce. Services—Morning prayer and holy communion at 11 a.m., 1st and 3rd Sundays in the month ; morning prayer and litany, 4th Sunday. Evening prayer every Sunday at 7:30 p.m. Mr. Bruce officiates at Granite second Sunday in month.
