GRAND CELEBRATION

Dominion Day Will be Loyally Observed—Welcome to All.

Program will have New Features—Baseball and Athletic Sports Sure Draw.

The patriotism of Princetonians has never been questioned. The celebration of Dominion Day has always been proof of their loyalty and public spiritedness The program for this year may not be as pretentious as in former celebrations yet it will afford high class amusement and sport. Visitors will be expected to take part in the various events, for which liberal prizes have been provided.

As a special feature R. H. Parkinson P.L.S., will give a prize of $20 for packing and unpacking a broncho in quickest time.

On Friday, first day trapshooting and grand ball in the evening; second day, Saturday, will include all the other events on the program.

The city band has been retained to discourse patriotic and popular music. A good time is assured all who may wish to join in the festivities.

Come country cousins and brithers 'a; come and celebrate, associate and cogitate. Ladies join your lily white hands, gents shake your black and tans in this grand reunion on the glorious natal day of fair Canada, empire's jewel! Come tillicums, konawa ikta skookum kopa Princeton, Jimhilkameen, hyas kloosh chaco kopa Domlnion Day. Hoop la!

MINES AND MINING.

Charlie Saunders has discovered a large deposit of graphite about 6 miles from the railroad. Graphite is of considerable commercial value, being used as an ironware polish and as a constituent in lubrications for machinery.

The Granby Co. has recently become sole owners of the Hidden Creek mining property having bought the interest of M. K. Rodgers.

Writing to the Nelson Daily News, E. Jacobs gives the results of his visits to some of the coal properties in this section and states that the Osoyoos Coal Co. has the largest showing of coal in point of thickness, 60 feet, that is found in the Similkameen. The Princeton Collieries, Ltd., is down 200 feet in a slope, there showing 8 feet of coal. As soon as the railway track is laid to the tipple site a mining plant will be put in for production and shipping. The Princeton Coal & Land Co's mine was visited and 10 working faces with a 24-foot seam was shown by Supt. Holden. As soon as a plant and machinery are installed, for which Manager Waterman is awaiting advices from the directors in England, a coal selling firm is ready to take 250 tons daily of sized and cleaned coal. No difficulty will be found in maintaining a regular output of 350 tons daily when the new plant is installed.

The Hedley Gold Mines Co. will pay another dividend of 5 per cent., making 15 paid since December last. Shares in this company are at a premium.

E. E. Campbell, of Phoenix, representing the Granby Co., is a visitor here and will go to Copper mountain.

The United Empire Co. is putting in new steel track in their working tunnel and will shortly be in condition to produce and ship three carloads daily of choice coal.

F. Satchell Clarke, M. E., is operating a placer testing drill at the mouth of Slate creek. This ground is platinum-gold producing and was rich in the early gold surface mining days.

H. McCallister has been recently mining on his claims, Granite creek, and recovered some fine nuggets of gold.

A pending deal for a group of Copper mountain claims is said to be making favorable progress. The Voigt camp deal is also making slow but sure progress.

WILL BEGIN TRACKLAYING.

Rumored that Grading Westward will Begin—Big Contract.

A. H. Hogeland, chief engineer of the Great Northern railway, arrived in town yesterday morning and immediately left for Coalmont, the present terminus of the grade. He was accompanied by J. H. Kennedy and members of the firm A. Guthrie Co., grading and tracklaying contractors.

Tracklaying will begin at once, the men and outfit being expected to arrive hourly. The bridgebuilding will be in charge of L. M. Hale, who arrived last week.

From a usually reliable source it is learned that construction of the grade from Coalmont to Coquihalla pass will begin as soon as steel reaches Coalmont, about 90 days.

The spur to the B.C. Cement works will be immediately constructed, which includes a bridge across the Similkameen, by the Guthrie Co. This firm is also laying track on the Wenatchee branch.

The Northern Construction Co. and Stewart & Welch have secured the contract from the Canadian Northern to build from Hope to Kamloops, a very heavy stretch, costing $15,000,000. The distance is 163 miles and a clause in the contract stipulates that it must be done in two years. Subcontractors are numerous in Vancouver.

HEALTH REGULATION

For the Sanitary Control of Lumber, Mining and Other Camps,

Sawmills and Other Industries Situated in Unorganized Districts in Province.

1. Every employer of labor on any work in any lumbering, mining construction, or other camp, saw mill, or other industry situated in any portion of an unorganized district, shall, upon the establishment of each and every camp of work, forthwith notify the Sanitary Inspector of the Province of the establishment of the same, ond when requested to do so shall furnish such particulars as may be required by the said Inspector.

2. The owner, manager, agent, or foreman of any lumber, mining or any other camp, sawmill or other industry located within an unorganized district, shall, in connection with every such industry or works, be responsible for the execution and enforcement of any regulation herein contained or hereafter to be adopted.

3. If, in the opinion of the Sanitary Inspector, the site of any camp or works is unhealthy or unsanitary, he may order the removal of such camp or works to some other site selected by him.

4. Any house, tent, or dwelling occupied by the employees engaged in any industry located within an unorganized district shall contain sufficient cubic feet of air space for every occupant thereof as may in each instance be deemed necessary by the Sanitary Inspector, and shall further be provided with efficient means of ventilation. The floor of every dwelling shall be constructed of boards or planks or other material equally suitable for the purpose, raised on supports at least 1 foot from the ground, and so made that it shall be tight. Every dwelling other than a temporary tent shall be lighted by windows so constructed that they can be opened when necessary.

5. The method of ventilation of every dwelling in which a stove or furnace is used shall be such as will satisfy the Sanitary Inspector. The temperature of the room shall be maintained at from 60 to 65 degrees Fahr., and a shallow pan supplied with water shall be kept on the stove to supply air moisture.

6. Every camp or works of every industry coming under these regulations shall be equipped with a wash-house or laundry containg a stove and tubs for bathing purposes.

7. Every camp or works shall be supplied with a building or tent properly constructed and set apart as a kitchen, and having a dining room in connection therewith, with proper conveniences for the cleanliness and comfort of the employees.

8. Proper receptacles must be kept on hand into which all refuse, whether liquid or solid, must be placed, and such refuse must be regularly destroyed by fire or removed to a safe distance from any building and be so deposited as not to create a nuisance or contaminate the drinking water.

9. Latrines, earth or other closets must be located, constructed and maintained in a manner satisfactory to the said Sanitary Inspector.

10 Stables in connection with any camp or works must be located as not to contaminate the water supply, and must not be less than 125 feet distant from any dwelling or kitchen. The distance may be increased at the discretion of the Sanitary Inspector.

11. The water supply of any camp or works must be uncontaminated and obtained from a source satisfactory to the Sanitary Inspector.

12. Printed copies of these regulations may be obtained from the Sanitary Inspector.

13. Should the Sanitary Inspector find that any of these regulations are not complied with, he may, when necessary, take steps to enforce them, and the expense of such action shall be paid by the employer or his agent.

14. The penalties contained and provided in section 97 of the "Health Act" shall apply to the violations of any of these regulations.

15. The Sanitary Inspector may, where deemed necessary, obtain the services of any Provincial constable or constables to assist him in the performance of his duties and to aid in the enforcement of these regulations. By Order.

L. T. DAVIS, M. D.,
Sanitary Inspector, Victoria, B. C.,

NEW BUSINESS FIRM.

A new firm will be found in our advertising columns, King & Gibson, who have recently purchased the retail business of the Princeton Lumber Co. Mr. King is an architect of 35 years experience and is thoroughly acquainted with all kinds of building materials and the construction of all kinds of buildings. He is able to advise prospective builders as to the best materials to use and can also make plans and give estimates for the construction of almost any kind of building Mr. King is familiar with the construction of concrete and cement block buildings and the designs exhibited in his office testify to his ability to design ornate buildings constructed of these materials. R. S. Gibson is well known in this section as a successful rancher and from the quality of the roads he builds for the public has earned the sobriquet 'Goodroads Gibson.'

J. T. Macalpin, for about 18 months representative of Welch & Stewart in Princeton, expects to leave at any time for the Canadian Northern. Since his residence here he has made a host of friends, among whom he is known as a prince of good fellows. The best wishes of citizens follow him and his family to their future home.

DOMINION DAY.

Dominion Day dates from the 1st July, 1867, making the Dominion of Canada just 44 years old on its birthday, next Saturday. The confederation of all the provinces was not accomplished without opposition, at times it being thought almost a hopeless task, so bitter did the opponents of change and progress object to union. Nova Scotia and British Columbia were not pleased with the prospect of being joined to their larger and wealthier neighbors, Ontario and Quebec and exacted certain conditions before signing the document which made them an united Canada. In the light of history there is no possible doubt as to the wisdom of the provinces joining under one government. The marvellous progress in all that goes to make a nation is admired by the world. Its excellent educational laws are patterned by other countries and its political system is superior to those of older nations. Freedom, and equality of all subjects in the administration of law, are the principles which conduce to the liberal and democratic form of government now so happily in force. The people are happy and contented, largely due to the civil and religious liberty which obtains throughout the provinces. There is no established church and class distinctions are tabooed. In the making of the giant west nearly every nationality is represented and all are glad to live in a land where law is respected and the rights of the citizen safeguarded. That a great nation is now making one has only to open his eyes and see the big trek of the flower of other countries into the west and north. Under the Union Jack and the Maple Leaf these immigrants will soon assimilate and become good Canadians.

ODE TO PRINCETON BRASS BAND.

A paroxysm in several fittes, dedicated in sympathy to the editor, with an answer.

FITTE YE FIRST.

What are those fearsome sounds that do
assail mine ears?
More awesome than the coyote's howl,
that fills my soul with fear,
Is it a carpet that they beat, or doth some
tortured soul
Seek to be freed from earthly pain, to
gain a heavenly goal?

FITTE YE SECOND.

Doth mother hush her infant to slumber's
sweet repose
By threats of dissolution from frantic
Indian foes
Swooped from some rocky fastness, with
sound of tom-tom shrill,
That shrieks from out the mountains,
and echoes from the hill.

FITTE YE THIRD.

But no, from out thy sanctum proceeds
the awful dirge,
Surely thy sins must grievous be to warrant such a scourge?
Music, we know hath power to soothe
the savage beast or breast,
But is THAT music which I hear that
makes my soul oppressed?

THE ANSWER.

Silence to thee, oh scoffer, who prates
about thy soul,
Know only that by travail we may attain
our goal,
The fearsome sounds thou hearest will
echo thro' the land
In sweet and tuneful melody, from
Princeton's first brass band.
Go to it, noble drumster, let B flat cornet
sound,
Mark how the startled hopper comes
bounding from the ground,
The marmot seeks his rocky nest, the
owl of ill repute
Welcomes a lusty rival with many a
distant hoot.

Here's luck to all that join us,
Come with thy sackbut gay;
And blow with all thy might and main,
To make a festal day.

Shrill Bakespeare.

IF ALL THE BOYS WERE JUST LIKE ME.

Can all the band depend on me
To fill my place, where'er it be;
Or do I let my duty pass
For pleasures which are as the grass;
They come today and then are gone,
And leave the thought: 'Have I done [wrong?'
What kind of a band would our band be,
If all the boys were just like me?

Has e'er the professor looked for me,
And found that I would missing be,
Without a word to let him know
Of my intention not to go?
If all the members do that way,
How long will this band last, I pray?
What kind of a band would our band be
If all the boys were just like me?

Did I e'er pout, and sulk, and frown,
Because I'd like to go up town,
When all the boys were working hard
To get in shape to play their part
For some engagement which I knew
Would come within a week or two.
What kind of a band will this band be
If all the boys are just like me?

If I were in the leader's place,
Expecting that I'd see each face
Before me at the proper time (7:30 p.m.)
Would I be feeling extra fine
To find that Bill and Jim and John
Without a single word, were gone?
What kind of a band will our band be
If all the boys were just like me?

Am I to be habitually late
Thus causing all the rest to wait
Till I get seated in my chair,
When I could easily have been there?
And then they have to go all o'er
The music they have played before.
What kind of a band will this band be,
If all the boys are just like me?

'Tis plainly evident to me,
And doubtless all the people see
That I'm not what I ought to be:
So here's a resolution made
That, from this day, I'm not afraid
To do my part, until it's said:
'If all the band were just like me
We will have a band way up in G.'

George, by the Grace of God, of the United Kingdom of Great Britian and Ireland, King, Defender of the Faith.

To the Sheriff of the County of Yale.

We command you that you attach, seize and safely keep all the personal property, credits and effects, together with all evidence of title, or debts, books of account, vouchers and papers belonging thereto of A. J. Saunders, to secure and satisfy Wilson Bros., a certain demand of $252.08, with his costs of suit, and to satisfy the debt and demand of such other creditors of the said A. J. Saunders, as shall duly place their writs of attachment in your hands, or otherwise lawfully notify you of their claim, and duly prosecute the same. And we also command the said A. J. Saunders, that within three weeks from the first publication of this writ, he do cause special bail to be entered for him in our County Court of Yale in an action to recover $252.08 at the suit of the said Wilson Bros.: And we require the said A. J. Saunders to take notice that his personal property, credits and effects in British Columbia have been attached at the suit of the said Wilson Bros., and that in default of his putting in special bail as aforesaid the said Wilson, Bros., may, by leave of the court or a Judge, proceed therein to judgment and execution, and may sell the property so attached. And we command you, the said Sheriff, that as soon as you have executed this writ you return the same with the inventory and appraisement of what you have attached thereunder.

Witness His Honor, J. R. Brown, Judge of the County Court of Yale, this 5th day of May, nineteen hundred and eleven.

LOCAL AND GENERAL.

Mrs. Allison and daughter, Miss A. Allison, will leave in a day or two for Southern California, where they will visit relatives for the next two or three months. As the oldest resident of Princeton district Mrs. Allison has a store of historic reminiscences which make her an interesting conversationalist, besides she has a large and increasing number of friends who will wish her and Miss Allison a pleasant visit and safe return.

Following is a list of additional subscriptions to the City band: C. L. Cummings, $2; H. Hunter, $2.50; J. B. Wood, $1; P. Burns & Co., $5; W. C. McDougall, $5. Previously acknowledged, $68.50. Total, 83.50.

H. B. Meausette, plumber and tinsmith, is getting into shape in the Irwin block and will be ready in two or three days to execute all orders. He has a complete stock for all present needs and will be pleased to attend to the wants of the people of this district.

O. H. Carle, the grocer, is removing into the large premises in the Irwin block made necessary by the expanding business which he has acquired. In the new quarters he will have better facilities for handling the vegetable and fruit lines and the required space for a large and varied stock of groceries.

The 5-year old son of Hans Lof was drowned in Kootenay lake, June 9th. He was very fond of swimming and it is supposed he was overcome with cramps. Much sympathy is expressed for his father, who is a well known contractor here.

Miss Manly, teacher, has gone to Halifax, and it is reported will not teach any more, making her home in Ft. George.

Stephen Freeman is erecting a cottage suitable for two on lot 4, block 54, Auburn crescent, near the railroad tunnel. Later it is hoped to congratulate Mr. Freeman on the — er — beautiful location.
