SIMILKAMEEN STAR

Think no evil, then actions will be right, bearing lovely fruit.

Construction of the B.C. Portland Cement works in full swing—Coalmont, with its immense deposits of coking coal, is a town of great possibilities—Hedley, world-renowned for gold, and Keremeos unexcelled for fruit, the Similkameen is indeed a land of plenty.

Vol. XII. No. 19. PRINCETON, B.C., WEDNESDAY, MAY 3, 1911. $2 a Year in Advance

THE BOARD OF TRADE

Maps Showing Country and Trail to Steamboat in Demand.

Need of Customs Sub Port of Entry as at Hedley Again Emphasized —Board Eulogized.

The regular meeting of the board of trade was held last Monday night in the court house. Communications were read from the Hon. Frank Oliver, minister of the interior, re land in the railway belt Several letters were received asking for maps, information about the district, etc., all of which were replied to by the secretary. On request of Great Northern Passenger Agent at Seattle 250 maps of Steamboat and trail to it were sent him.

Accounts: For printing maps, advertising and descriptive letterpress, $15; Heaton's Agency, .32; Similkameen Star, printing, $2.75; A. E. Howse Co., gasoline, $2 50; all accounts ordered paid.

Board's Big Boost.

The board expressed regret at the departure of Vice-President Murdock and Secretary Groffman, both valued and regular attendants. The secretary made use of the opportunity to remark that he knew of no institution which offered the helpful advantages for progress that the board did and all that Princeton and district had received in public improvements and expenditures for the general good could be traced to its origin in the board of trade. It was deserving of much better support than it was receiving at present.

K. C. Brown was unanimously elected secretary for remainder of term.

The board was pleased to informally discuss the celebration of King George's birthday on Friday, June 2nd, members expressing loyal sentiments and recommending to citizens generally early consideration of the proposal.

Two New Members.

On motion C. V. Semerad and P. W. Gregory were elected members of the board.

President Lumsden reported having pressed upon M. J. Costello, Great Northern official, the necessity for a telephone at the railway station. He was informed that the phone could be installed there for the convenience of the public on condition that the company be at no expense in connection therewith. The board entrusted the matter with the President who will endeavor to arrange for this great convenience and economizer of time and patience.

Consideration of the well nigh intolerable nuisance resulting from delay and inconvenience caused by the absence of a customs sub port of entry in Princeton was again before the board with an instance cited.

While unpledged to any definite action and being somewhat outside of its sphere of usefulness, the board fully recognized the importance of a citizens' brass band. It was generally conceded that a band would give tone to the town and prove a great attraction.

Owing to the small attendance, seven members, a resolution favoring reciprocity with the United States was not put.

Board adjourned.

HEAVY COSTS AGAINST 'SUNSET.'

Judgment was handed down in the Supreme Court yesterday afternoon giving costs against the defendants in the recent libel action brought against Messrs. Ford & McConnell, proprietors and publishers of the Vancouver Saturday Sunset by J. S. Emerson.

This case it will be remembered was heard in the Supreme Court about two weeks ago before Mr. Justice Gregory and a special jury, and judgment rendered for the plaintiff, awarding him five cents in lieu of the contemptous damages

The action brought by Mr. Emmerson was on au article that appeared in the Saturday Sunset criticizing in very strong terms the erection of a high board fence on one side of Mr. Emerson's property on the corner of Davie and Cardero streets. While the damages were infinitesmal the cost will amount to $1,000 or so —Province.

[Poor Mac, or 'Bruce,' will have the sympathy of many for his indiscreet and abusive remarks which in the end will have cost him much more than the above amount. Like all of us he is poor and requires to work for a living. Sorrowing most for him will, no doubt, be those of his bailee friends 'back east' in Bruce county.—ED.]

The map compiled by C. M. Snowden and Sam Moore of the district is now on sale. It is full of accurate detail, many of the sketches being made on the ground. It is precisely what everyone needs travelling in the hills.

Knight & Day will begin next week on the Lucky Pair at Whipsaw camp. They will continue 500 feet if necessary on the lead begun last year and will lay track and put on car to expedite the work. As a silver-lead camp Whipsaw is without a peer as far as development discloses.

Mrs. Guinan and the brothers Treherne arrived from England today and will settle at Fivemile.

C. J. Bunbury has retired from the provincial police force and will move to Vancouver. He will be succeeded by I. A. Dinsmore.

P. G. Growley, assistant to Mr. Gregory, P.L.S., has arrived.

LOCAL AND GENERAL

Baseball at Granite Opens Season of Sport—Map of District.

May Showers are Welcome, Turning Hills to Richest Green, and O, the Wildflowers.

J. A. Brown, Keremeos, has been gazetted official administrator for the Similkameen electoral district.

Smith Curtis expects to visit Princeton this month.

Rev. E. Vans left on Monday for his home in the Okanagan, having filled his term of supply until the arrival of Mr. McIvor. Mr. Vans is a retired Presbyterian minister of many years service, whom to know is to highly regard. His simple, sincere christianity and tender solicitude for the church he loves and for all christians endears him to all Truth seekers.

A. H. Gravener, constable, has been appointed sub mining recorder at Hope.

E. O. DeLong arrived from Naramata last week and will make his home and fortune here.

J. O. Coulthard, fire warden, has begun duty for the season and no fires may be set out without permit from him. C. A. Mix, of Grand Forks, is divisional fire warden.

According to recent ruling, in the eyes of the law, any person who receives from the postoffice for three months a weekly newspaper is considered a bona fide subscriber, whether he has paid the fee or not, and is liable for the same. In the case of daily papers the time limit is only one month.

F. E. Groffman left on Tuesday for the coast, going by fast auto via Merritt. He wil be located at Vancouver, 319 Pender St., his letterheads reading 'timber dealer.' Mr. Groffman will always be a staunch friend of Princeton and his many friends regret his departure.

Attention of stallion owners is directed to the Horse Breeders' Lien Act, which requires the pedigree and description, among other things, to be enrolled in the department of agriculture. Address M. A. Jull, Live Stock Commissioner, Victoria, B.C.

Rev. A. E. Bruce left last week for Abbotsford. During his stay here he and his wife were held in high esteem for their scholarly Christain attainments.

Duncan and Hugh McRae are at work on their Kennedy mountain mineral properties and have recently exposed 4 feet of ore, which assays as high as $108 per ton, and looks as good as anything they saw at Steamboat or Portland Canal. The boys are satisfied now after seeing many other camps and will hold Kennedy mountain down as long as pork and beans hold out.

Bert Irwin is erecting a building for H. H. Avery next his flour store.

The first game of baseball this season was played last Sunday at Granite Creek between the Otter Flat and Granite-Coalmont teams, the score standing 5 to 3 in favor of the home team. The batteries Rash and Humer for Granite and Clerf and Henderson for Otter Flat showed stamina and precision, while many snapy plays were made by the teams generally. What the boys lost in hockey they hope to make good on the diamond—boys are all right. What about the Princeton ball aggregation this year?

Miss C. Shepherd, of Tako, Sask., is visiting her sister, Mrs. A. Bell.

A. T. Anthony, representing the Modern Woodmen of America, was in town this week and added six members to this fraternal organization.

PRINCETON BRASS BAND.

EDITOR STAR.—Sir: If rumors prove true, the people of Princeton will soon be able to sit on their verandas and listen to the music of the band. For the past three years Princeton has possed sufficient musical talent to organize a band but not until the arrival of H. Rainbow from Greenwood a month ago has any interest been taken in it. Mr. Rainbow, who is an experienced bandsman, and player on drums and clarinet, has already induced some of the boys to send for an instrument. Len Huston should soon learn the clarinet; Geddes Lyall with an alto, and when Charlie Semerad blows into a double B Bass stand clear of the bell end. John Knudson has volunteered to beat the drums. Eric Anderson should master the euphonium quickly. Ralph Murdock prefers tenor while Melville Waddell goes down to Tuba. There is yet a number to be consulted. The experienced talent available are Billy Knight who can cut the air with a piccolo, Oswald Coulthard, an experienced bandsman, 1st cornet; Sam Gibson, also an experienced bandsman, and solo cornetist. John Nathan, B flat clairnet. With proper organization and training this combined talent should in a few months play any popular music. Yours truly,

MUSICAL OBSERVER.

Princeton, B. C., May 2nd. 1911.

[Music is an indispensable feature of the age. In one form or another it is found at every turn and all admit the pleasure it affords. As there is talent in Princeton it would be unworthy of citizens to neglect support of the proposed brass band. About $200 will be required to put the band on a playing basis. As they say in Rome: 'Bis dat qui cito dat' —he that gives promptly gives twice.—ED.]

NOTES AND COMMENTS.

The China Famine Relief Committee, of which the Governor-General is patron, has addressed a circular to editors throughout the Dominion asking their cooperation in an appeal for help for the famine stricken provinces of Anhui and Kiangsu where nearly three million people are perishing. One Dollar and Fifty Cents will Save a Human Life! The next crop will not be available for these dying Chinese before the 1st of July, the last crop having been destroyed by flood. Believing in that charity which knows no difference between the white and colored races and recognizing the brotherhood of all mankind many will gladly give to allay that mighty wail of suffering coming from China. Chinamen have already contributed liberally from Princeton and small amounts from whites were sent to Vancouver but the present one is a national appeal to raise one hundred thousand dollars. Money may be sent direct to the Treasurer, S. J. Moore, 445 King St., W., Toronto, or if sent through the Star will be acknowledged in its columns.

The enemies of progress and reciprocity are saying 'let well enough alone, Canada is prosperous now.' A good business man will not content himself with staying in a rut but is ever on the alert to expand his trade. He knows that trade begets trade and the more and freer outlets there are correspondingly will be the increase of revenue and profits. Free trade courts competition and glories in the survival of only those who are worthy and fit. Protection pampers the few to the hurt of the many; it makes a few wealthy monopolists at the expense of the consumers and it destroys the liberty of the subject to buy in the cheapest market. If Canadians are not competent to compete with the world protection will never make them able. World wide free trade is a little in advance of the times, it may be, but it must come if the leading English speaking nations adopt it.

Russia is the home of despotism and Italy gave birth to the blackhanders. British Columbians have always taken a worthy pride in giving every man a 'square deal' and anything that savors of despotism or black hand methods is not tolerated. One of the dangers of large majorities in legislatures is the tendency to domineer and set up lordly authority by some unbalanced minister. Nothing in social or political life could be more distasteful than the self importance of some upstart, who lacking the characteristics of a gentleman, seeks to stamp his presence on all with whom he comes in touch. Tyrrany belongs to the dark ages. In this province no man can be condemned unheard and no man can be dismissed from the public service on the sayso of any accuser without the opportunity of defence. That is fair play and justice.

Here is a sample of some of the vicious things printed by editors who are weak mentally and morally: 'Telling the truth is not always wise. Those who adhere to this policy invariably die in the poor house.' As it prosperity were contingent on lying and that truth telling tended to poverty. This is depravity with a vengeance and is enough to cause the blush of shame on all truth loving persons for the man who could write such stuff. What of the many prosperous business concerns whose owners are the embodiment of truth, honor and uprightness, and who are the respected of any community or nation, the liars or the truth tellers?

Spring with all its rejuvenating and quickening influences is here—Princeton is growing naturally and healthy.
