Best domestic and general use coal mined at Princeton

SIMILKAMEEN STAR

The penalty of success and ability is jealousy from the knocker.

Princeton and other towns in the Similkameen can only come into their own full possibilities by completion of direct railway to the coast. Great Northern and Canadian Pacific railways will give transportation for coal, ore, cement, &c., when built—Time to invest is now.

Vol. XIII No. 28 PRINCETON, B.C., WEDNESDAY, JULY 10, 1912. PER YEAR: $2, Cash Single Copy, 5c

MINES AND MINING

Driving to Main Lead on Lucky Pair Rich Strike Made of Galena.

Princeton Coal & Land Co. Want the Direct Route to Coast Market for Coal.

Knight & Day recently made a big strike on the Lucky Pair, opening up a second lead bigger and richer than the original discovery. From samples of the ore left at Star it can be seen that concentration of the metals is more evident and as progress is made on the drift still further solidification is expected. At present Knight & Day have every encouragement to expect a mine develop from their labor. Their staying qualities have been proven and tested to an unusual degree but their practical knowledge of this particular class of ore in other camps has lured on where less persevering miners would have quit. From open cuts this second lead appears to parallel No. 1, and about 150 feet to the north with the same dip as No. 1 to the northeast. The tunnel on No. 1 is iu 230 feet with ore still in the face About 120 feet more to run will bring the tunnel to a vertical point beneath the large surface showings. Considering the ore chute they are passing through and the short distance to run to reach the best showings it is regrettable to see the work in No. 1 abandoned. However, a tunnel has been started on No. 2 lead; it is advanced already about 15 feet. This is now in overlying surface crushings showing clear galena ore, samples of which are being assayed. Knight & Day declare they will honeycomb Whipsaw to locate the ore body which they are confident is now fairly within their grasp. All they ask is transportation for the ore which they are now producting on a small scale. A smelter will follow, no doubt, somewhere in the district convenient to all the producing miners tn Whipsaw camp.

The Princeton Coal & Land Co could easily fill an order for 10,000 tons of coal for a coast firm if there were railway transportation over Hope mountains. To haul coal to Vancouver by the roundabout way now used some 700 miles, whereas 150 miles will suffice when the V. V. & E. is built, is too great a freight charge. When will Princeton get direct railway transportation to its natural market for coal.

The annurl report of the Minister of Mines for B. C. for 1911, shows the mineral production for the year to have been of a total value of $23,499,075, as compared with $26,377,066 for 1910. The report intimates that the decrease in total value was due to the shutting down of the coal mines in East Kootenay owing to labor disputes. Metalliferous mining produced $11,880,063; non-metalliferous, $11,619,009.

A large boiler for the B. C. Copper Co. was hauled by an eight horse team belonging to N. Huston Soigt camp on Tuesday. This Company is pushing the work of development with unusal energy and the camp will soon be on a regular productins basis. Nothing definite is known as to the location of the smelter, but an uncoufirmed report is going about that ore will be shipped to the Greenwood smelter as soon as the railroad is built to Ashnola.

The 13th general meeting of members of the western branch of the Canadian Mining Institute was held at Greenwood on the 27th. ult. Fred Keffer occupied the chair in the absence of the president R. R. Hedley. W. Keffer gave some inte esting particulars regarding Voigt camp which will be published in a report.

At Chilliwack a company has been formed to prospect for coal, oil and gas

THE CEMNET WORKS.

C. R. Briggs, secretary of the B. C. Portland Cement Co., was in town today and stated that all obstacles to the laying of the spur railway track to the cement works had been removed. Steel has arrived and a gang of tracklayers will soon be at work. An effort will be made to overtake the delay cause by legal technicalities and the work of installing machinery can be pushed with the spur in operation. The Kettle Valley railway will also have access to the cement works when their line is built. Mr. Briggs leaves on Friday for Vauconver.

CHURCH OPENING.

The dedicatory services to be held in the new Methodist church, East Princeton, on Suuday, 3 p m, and again at night in the Oddfellows' hall, Princeton, will be of an impressive and interestnig character. The Rev. T. A. Osborne and co labopers have been busy making preliminary arrangements. To Mr. Osborne the credit is largely due for the pretty church to be devoted to the religious purposes intended and on Sundav excellent sermons and singing, as the result of his forethought, will be heard. The Rev. D. Davidson, B. A., B. D., of Kelowna, will be one of the speakers on Sunday and again on Tuesday evening at the East Princeton church after the chicken supper to be served there. The public generally are cordially invited to the concert already announced in last issue and to the services

G. H. Whiteman returned from England with his bride on Tuesday and is receiving congratulations of numerous friends.

DOMINION DAY SPORTS

Following is the official report of the various events:

Baseball—Princeton v. Keremeos, won by Princeton 3, 0. Prize $100. Battery for Princeton, Petrie and Gunn; for Keremeos, Daly and Bartell.

RACES.

Running high jump—McDougall, first, 4 ft. 9 ins., $10; McGillivray, second, $5.

Three legged race—Daly and McDaniels, first, $5; Shuttleworth and Vayder, second, $250.

'PRO BONO PUBLICO'—PLEASE TAKE NOTICE.

The Princeton Townsite Company, Ltd, of Spokane, Wash., Frank Bailey, m'g'r, hereby gives notice that they are the registered owners of Princeton Heights, more particularly known as Lot 'A' 1823. G. I. comprising 212 acres suitable for Townsite purposes, adjoining the old town of Princeton the greater portion of which was disposed of by the Vermilion Forks Mining & Development Co. Ltd of London England, and that it has no connection with the company advertising itself as the Princeton Coal & Land Co. Ltd. and futhermore it intends to change it name to 'The Princeton Heights Townsite Co. Ltd.' to prevent the Princeton Coal & Land Co. trading on our merits. Adv't.

EAST PRINCETON NOTES.

C. R. Briggs secretary and treasury, of the B. C. Portland Cement Co. arrived or Friday from Vancouver.

The Methodist church is now completed and will be dedicated on Sunday. On Tuesday evening a concert will be glven in the church.

S. Murchy is finishing the addition to the rear of his home.

R. Turner is having his house completed.

PLEASE TAKE NOTICE.

The Princeton Coal & Land Company, Limited, hereby gives notice that it is the owner of the town of Princeton, more particularly known and described as Lot 706, Group 1, Osoyoos division of Yale district, and that it has no conneetion with the company now advertising itself as the 'Princeton Townsite Co.' adv.

NEWSPAPER LAW.

1—A postmaster is required to give notice by letter (returning the paper does not answer the law) when a subscriber does not take his paper out of the Office and state the reason for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payments.

2—If any person orders his paper discontinued he must pay all arreages, or the publisher may continue to send it until payment is made, and collect the whole amount whether the paper is taken frhm the office or not. There can be no legal discontinuance uutil payment is made.

3—Any person who takes a paper out of the Post Office, whether directed to his name or not, or whether he has subscribed or not, is responsibli for the pay.

4—If a subscriber orders his paper stoped and the publisher continues to send, the subscriber is bound to pay for it if he takes it out of the Post Office This proceeds upon the ground that a man must pay for what he uses.

5—The courts have decided that refusing to take newspapers or periodicals from the Post Office or removing, leaving them uncalled for, is prima facie evidence of inentional fraud.

From the Post Office standpoint a person ceases to be subscriber to a newspaper or periodical when he refuses to take it out of the Post Office. In such cases it is the duty of the Postmaster to notify the publishers as required in the regulations in Sections 51 and 52.

Captain and Mrs Leader of Nicola were in Princeton the early part of the week on a pleasure trip.

McLean & Russell, the new real estate firm are now comfortably established in their new quarters and are prepared to attend to the wants of clients. Buyers and sellers should consult them on any prospective deal.

LOCAL AND GENERAL

R. L. Cawston, the pioneer cattleman and frontiersman, came up from Keremeos and took in the celebration sports. He looks young and spry and enjoys life to an unusual extent for a man of eighty.

A. C. Black, of the bank of Montreal, leaves today for Winnipeg, severing his connection with the bank for the present to engage in private enterprise. Mr. Black was popular and gave efficient service with satisfaction to all.

Foreman Ed Tingley has charge of the force of graders employed in finishing the remaining link in the Nicola Onemile-Princeton road. Ed knows just what is required for a motor road.

A number of Princetonians went down to Oroville to assist the eagle in observing the Glorious 4th.'

Mrs. P. Swanson left yesterday on a visit to friends and relatives at the coast and at Salt Lake City, Utah.

Advertisers wishing to change their advertisements should have the copy in the printer's hands not later than Monday morning.

Mr. and Mrs. J. A. Davison and Mrs. Wm. Martin go to Merritt shortly to meet Mrs. R. H. Barton and daughter, sister and niece of Mr. Davison; also Mrs. Emerson, sister of Mrs. Davison, all coming on a three months' visit at beautiful 'Martinvale,' Onemile.

M. Brotherton, representing the water branch of the lands department, Victoria, was in town last week leaving blank forms to be filled by owners of water records who are asked to show cause for said record on Aug. 9th, at the court house, Princeton, 2 p.m.

WATER NOTICE.

For a license to take and use water.

Notice is hereby given that Similkameen Power Company, Limited, of Vancouver, will apply for a license to take and use twenty cubic feet per second of water out of Red creek, which flows in a westerly and southerly direction through crown lands and empties into Fivemile creek, near Similkameen river. The water will be diverted at the falls about two miles from the junction of Red creek with Fivemile creek and will be used for power purposes on the land at the mouth of Red creek and to be sold within a radius of thirty miles thereof.

This notice was posted on the ground on the 4th day of May 1912. The application will be filed in the office of the Water Recorder at Nicola.

Objections may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C

The term for filing objections with the Water Recorder has been extended by the Comptroller of Water Rights to the 31st. day of July 1912.

LOCAL AND GENERAL

Rev. G. A. Wilson, Presbyterian, of Coalmont, was a visitor to Princeton this week and his first impressions of the town are very favorable. He is a graduate of Oxford and Edinburgh universities, a close observer of men and things and an interesting conversationalist. Mr. Wilson is a contributor to the local press at Coalmont, his articles, needless to say, being sensible and informing. It is not improbable that he may be stationed at Princeton as the result of reorganization of the field.

Friday next is the anniversary of the Battle of the Boyne, cherished and honored by all who love religious freedom. There is no chance for another Boyne as the day of liberty and education is taking the place of bigotry and ignorance. King William fought for the brotherhood of man as well as defeating the religious intolerants of that day and all days, 'Glorious Twelfth!'

Not a word, line or sentence has been written or 'concocted' in this office over an assumed name and published. The 2½ persons causing that report to appear among the 'T Eaton dope,' boiler plate news imported by slow freight, in a certain sheet, are on a par with a gentleman named Ananias.

W. D Dornberg came down from Summit camp last week where he has a bond on some silver lead properties, and went down to Spokane. A strike of very rich ore has been made on a fissure vein of high grade galena. Summit camp is looking better than ever in its long history.

G. M. K. Macleod, manager of the Royal Bank of Canada branch here, is leaving the bank shortly to engage in a private business enterprise at the coast. Many friends here wish him every success in his new debarture. During his stay in Princeton Mr. Mcelod has won the confidence of the business public and is a proven faithful and efficient servant of the institution he so able represents.

Mrs. Daly and family of Keremeos are camped in this section while attending to the large herd of cattle grazing on the hills carpeted with the celebrated bunch grass.

The local Rebecca lodge held their annual picnic today at Onemile and had a very successful and enjoyable time. The lodge is in a flourishing condition and as a branch of Oddfellowship is carrying out a cenevolent work along with socral uplift.

Jack Lucy, who ran the Palace Saloon in Granite in '85' is in town, and expects to redeem his lost fortunes in the hills adjacent to Princeton.

Joe Darrah, formly chief of police of Phoenix. is in town Joe is now a rancher near Rock Creek.

WORLD WIDE

Edward George Warren, whose death was recorded last week, was born at Wawkesbury, Ont, and was 38 years old. He had been manager of the Greenwood smelter about a year.

P. Burns, the well known beef baron, had hss assessment at Calgary reduced nearly $1,000,000, the original assessment being $3,284,120.

It will probably be another month before the census returns as to nationalities and religions are tabulated by the census branch. The statement that is expected that the work of the branch will be completed by November next is denied at the bureau, where it is said that it will require practically another year to complete the work.

REMEMBER YOUR OPPORTUNITY

The following has been sent Star for publication in this column:

'Always keep in mind that every knock you give your home community recoils with greater or less force upon yourself, and that in every benefite that follow a boost you also have a share if we would expand and prosper, we must work together for the common good. The opportunities of the country fair should appeal to every farmer, and yet there are some who always have a hammer out; what then should an international exposition, right in the very heart of this western country, require in the matter of your aid and cooperation through exhibiting the best that you have grown? And what about the man who criticises, when an exposition is made international-world- wide in scope, with displays of the best that nearly every country under the sun produces and it is brought right to his very door, with its thousands of attending official representatives, progressive argiculturists and captians of finance and transportation, who travel thousands and thousands of miles to ascertain what are his requirements, what they can do to make his journey through life easier and happier, and what is best for the country, yes, the world, as a whole? God loves an honest man; the Bible doesn't place a knocker anywhere near the throne.

Nearly every district throughout western Canada in every one of the four provinces is arranging to be represented at the great International Dry Farming Congress at Lethbridge, Alberta, October 21-26 next, and, in view of the fact that some $10,000 of prizes have already been announced, and more promised, it behooves every farmer in this community to get busy and join with his neighbors in arranging for the exhibit that will capture the sweepstake prize. It will be a boost for our district; not to do it may place us in the category of the knocker. A special meeting should be called at once, and we should make our preparations right now.

PBN PICTURES.

It is probable that no institution in the Dominion of Canada comes into touch with so large a number of persons who have made improvident investments as does the Annuities Branch of the Post Office Department. It is harely a day passes that several communications are not received in which the writers bewail the loss of money invested in some scheme that promised phenomenal dividends or returns. One of the saddest of these cases is that of a lady who about three years ago enqnire as to the cost of an Annuity of $600. The information was promptly given to her, but the opportunity to purchase was not embraced. She beleived she could invest her money to better advantage, and that by the time she attained her 55th birthday she would not only have enough to pay for the Annuity outright, but a little fortune besides. This week another letter has been received from the same lady, who by the way, is now over fifty years of age, which funnishes the sequel to the story. She says; 'I have spent my savings on worthless stocks, believing, firmly believing, that I would soon be rich. I would not listen to advice, convinced that I knew best. I wonder at my foolishness now, to waste my all in schemes I knew nothing about. For sometime I had a large salary and gave to certain companies every month. Now that they have turned out worthless, I see how crazy and wrong I was. I am sorroy, if ever anyone was sorroy, for what I have done, but nothing will bring back what I have wasted.' Her case is a pathetic one, and her experience has been costly, but it is the comon experience of many who have tried Get-Rich-Quick schemes.

SCHOOL MEETING.

At the annual meeting of Princeton school district held on Tuesday 9th. inst. in the school house at 10 a. m. there were present W. C. McDougall, chairman H. H. Avery, sr. trustee, E. Waterman, auditor; C. Willarson, J B. Desrosiers and J. M. Wright.

Hugh Hunter was elected trustee for the ensuing three years and E. Waterman was also elected auditor for the current year.

The estimated expenditure for the year, to be borne by ratepayers, amount to $1,659, and the amount appropriated to include unforeseen contingencies, $2,000. The painting of the school building, clearing and fenceing lots was considered and the trustees advised to carry out same.

The question of a high school somewhere in the district was discussed and the engagement of teachers Miss Burpee, $75 per month, and Miss Riddell, $70 per month, announced.

The importance of vocal musical training in the school was pointed out and agreed to. Board adjourned.

DEPARTMENT OF LANDS
WATER RIGHTS BRANCH

Take notice that the Board of Investigation acting under Part III of the 'Water Act' will meet at the times and places hereinafter mentioned to hear and determine claims to Water Rights on streams in their respective vicinities, existing on the 12th day of March, 1909:

On the 6th day of August, 1912, at 4 o'clock in the afternoon, at Grand Forks.

On the 7th day of August, 1912, at 3.30 o'clock in the afternoon, at Greenwood.

On the 9th day of August, 1912, at 2 o'clock in the afternoon, at Princeton.

On the 10th day of August, 1912, at 4.30 o'clock in the afternoon, at Keremeos.

On the 12th day of August, 1912, at 10 o'clock in the forenoon, at the Government Agent's office, Fairview.

On the 13th day of August, 1912, at 10 o'clock in the forenoon, at Penticton.

Parties who presented claims to the Board in 1910 and have received licences in substitution of the records need not present any statement of claim

Dated at Victoria, B.C., the 18th day of June, 1912.

By order of the Board of Investigation.
J. F. ARMSTRONG,
Acting Comptroller of Water Rights.

THE JULY ROD AND GUN.

'Reminiscence of a Sojourn at a Hudson Bay Post' by Frank Houghton, the opening number in the July issue of Rod And Gun In Canada 'W. J. Taylor, Limited, Publisher, Woodstock, Ont.' contains an interesting comparison between the characters of the white man and the Indian, illustrated in the almost quixotic honisty displayed by 'Wabun Annung-when temptation, in the guise of imminent starvation, might well have proved overpowering A profusely illustrated chaper of the popular continued article. 'The Culture of Black and Silver Foxes' is another feature of this issue which contains many stories and articles of outdoor life in the various Canadian Provinces.

RAILWAY WARNED

Some Engineers Do Not Give Signals at Level Crossings.

The railway commission has issued a cicular to the railways throughout Canada calling attention to the fact that section 274 of the Railway Act is not being lived up to by some of the locomotive engineers.

The section provides that when a train is approching at highway crossing at rail level the engine whistle shall be sounded at least eighty rods before reaching such crossiug, and the bell shall be rung continously from the time of the sounding of the whistle until the engine has crossed the highway This section does not apply to crossing in cities and towns where municipal bylaws are in force prohibiting the sounding of whistles or ringing of bells

Severe penalties are laid down for violation of this rule and companies are liable for all damages sustained by reason of neglect to observe it.
