Princeton coal high in thermal units, clean, smokeless

SIMILKAMEEN STAR

Have faith; Divine Love heals and saves the sick.

B.C. Portland Cement Co. erecting large works in East Princeton, will have large payroll when cement is made—Mining outlook is very bright—Capital required to develop vast mineral resources—Sportsmen's paradise—Everybody boost: Don't be a clam.

Vol. XII. No. 28. PRINCETON, B.C., WEDNESDAY, JULY 5, 1911. $2 a Year in Advance

DAY DULY OBSERVED

Dominion Day made Glorious by Fair Women and Brave Men.

Ball Game, Races, Athletic Sports, and the Band Make Celebration Gleeful Time.

Weather, crowd, sports, the band, and a spirit of loyal enthusiasm all conduced to a very successful Dominion Day celebration. Citizens may, on the whole, feel a certain pride in being able to draw a crowd together and present such inducements in the program and in the town itself as has from year to year attracted a large, intelligent and patriotic assemblage. Nothing occurred to mar the general good feeling of the crowd to which the harmonizing influence of the band largely contributed. In fact the celebration would have been tame indeed but for the martial and patriotic band music wafted to the hills and echoed back to the surging throngs of merrymakers. Citizens of Princeton heartily thank visitors for their attendance and gladsome social qualities and hope to see them all again a year hence.

Among a large contingent from Hedley were Major A. Megraw, F. M Gillespie, the Misses Smith, H. A. Hincks and C. Sproule; from Keremeos, Mr. and Mrs. J. A. Brown, Mrs. Miss and Maurice Daly, Miss Corrigan and J. S Cooper. Granite creek, Coalmont, Tulameen, Onemile, Ashnola, Welldo, Orangeville Bromleyton and East Princeton we e all well represented.

The first event of the day was the trap shooting contest, 5 entries: 1st, Bert Irwin, prize $15, score 22; 2nd, E. Waterman, $10, 18; 3rd, J. D. Lumsden, $10, 13.

In the pack horse race there were 4 contestants for the prize, $20, donated by R H. Parkinson. Owing to dispute the prize is unawarded and the race may be run again to settle the question.

Boys' race under 16, 1st, J. Norman, 2nd, G. Schisler. Girls race, Grace Norman, 1st; Flora Norman, 2nd. Three-legged race, 1st, Andras.Brown; 2nd, Clerf-Garrison. Putting shot, 1st, G. Clerf, 2nd, Vic Ryder.

Baseball—Princeton v. Coalmont-Tulameen. Princeton 9, $50; Coalmont-Tulameen, 3, $25. Dell Young umpired the game with satisfaction to all. J. S. Cooper made high score, 3, for Princeton.

Hop-step and-jump—1st, Vic Ryder; 2nd, Miller. 100 yards race, 1st, D. McCurdy, 2nd, Smith. 220 yards race—1st, D. McCurdy; 2nd, Miller.

Bicycle race—1st, H. Gibson; 2nd J. Chester.

Tugofwar—Princeton v. Mines, won by Princeton.

In the freeforall horse race Kit Summers was first under the wire.

The grand civic ball in the evening was the best ever held in Princeton, the music being provided by Prof. Coulthard's orchestra.

The grand feudejoie at 5 a.m. was both soul and foot stirring. It is hoped the committee will do it some more.

Secretary P. Russell and R. Carmichael worked untiringly and they are entitled to public recognition for their generous services. The total amount collected was $316.50, including $40 special prizes. Disbursements: Prizes, $259, band, $48.75; expenses, printing, etc., $8.75.

TOWN AND DISTRICT.

Mrs. Coles, sister of Nurse Thomas, the efficient matron of Princeton general hospital, has arrived from England and will visit relatives here. She will meet her husband also coming from England around the Horn and eventually may settle in these parts. She is delighted with our climate and scenery, seeing much of the latter from a seat in her brother's high power, speedy and elegant automobile.

Mrs. Hewat and children of Fairview are guests of Mrs. Hall and were present at the grand celebration. Their attachment for Princeton since removing has increased and they long for the green hills, the gentle zephyrs and the social endearments for which Princeton stands unrivalled.

W. Davis and family have gone to Nelson on a visit during the slack time in plastering business and will return when this branch of the building trade booms in the near future.

J. Peck McSwain, traveller, raconteur, poetaster, mind reader, printer, &c., is reported to be on passage over Hope mountains and may be expected to drop into Princeton at any moment. It is about two years since he was here but memories of him are still as fresh and aromatic as the spices of Araby. Welcome, brother, welcome, and what is the latest thou hast seen and heard in thy pilgrimages across the vasty deep and up the dizzy peaks of this old orb? [Since the foregoing was put in cold type Peck has arrived. Citizens, have courage!—J. P. M.]

J. Snowden and party of trail builders returned from their labors yesterday. The trail was constructed to within a few miles from Steamboat camp. The country is very rugged and it would be so expensive to complete to Steamboat that possibly it would not pay in the present undeveloped, and one might say, uncertain, condition of that much talked of camp. The trail will, however, be useful for prospectors and in construction of the interprovincial trunk road.

IMPROVE THE HORSE

Dominion Government will Aid Propagation of Better Horse Breeds.

Not Enough of High Class Horses to Meet Demand—Similkameen is Suitable.

During recent years many appeals have been made to the Hon. Sydney Fisher, Minister of Agriculture, by horsemen anxious to bring about an improvement in the quality of our light horse stock and who are of opinion that for this purpose an infusion of thoroughbred blood is essential. Recognizing the force of these appeals as well as the importance of the subject, Mr. Fisher has decided to grant assistance under certain specified conditions to persons maintaining thorobred stallions for service in the various provinces.

In deciding upon this step the Minister has been largely influenced by the fact that while stallions of other recognized breeds when in capable hands are as a rule fairly profitable, this is seldom the case with regard to the thoroughbreds, the advantage of breeding to horses of this class being unfortunately not fully realized by the present generation of Canadian farmers.

The lack in our light horses of the quality derivable only from the infusion of thoroughbred blood is the subject of adverse comment by all European horse men who visit the Dominion with a view to investigating its possibilities as a field for the purchase of horses whether for military purposes or for ordinary saddle or harness use. In this connection it should be remembered that while horses for the last named, or in fact, for any of these purposes, may well be bred from sires other than thoroughbred, it is of importance that on the side of the dam there should, in order to produce the best results, be, in such cases, a strong admixture of thoroughbred blood.

The coditions under which assistance will be given are as follows:

1. All horses on account of which aid is given by the Department must be registered in the Thoroughbred Stud Book of the Canadian National Live Stock Records.

2. Horses should be of good size, quality and conformation and shall be free from all hereditary unsoundness; these conditions to be insured by submission annually to a thorough, carefull examination either at the hands of the Veterinary Director General or such other members of the veterinary staff of the Department, or other persons as the Minister may from time to time appoint for this purpose.

3. Horses so approved shall be duly and properly advertised to stand for service of mares, under the ordinary and general conditions usual in the districts in which they are to be kept, at an annaual service fee (except in the case of thoroughbred mares) of not more than $10 to insure, such service fee to become due and payable only when mares prove to be in foal.

4. Any person, firm or corporation owning or controlling any thoroughbred stallion in regard to which all of the conditions above set forth shall have been duly and properly fulfilled, shall, on production of satisfactory evidence thereof and of the fact that a reasoable number of mares, other than thoroughbred mares, have been served during the season, be entitled to receive at the close of each such season the sum of $250.00 from the funds of the Live Stock Branch. If, in the event of a horse dying or becoming incapacitated for service during the season, an approved substitute is immediately placed in the same district, the Minister may, after due consideration of the circumstances, authorize the payment of the subsidy above mentioned.

5. The necessary forms will be furnished on application to the Veterniary Director General and Live Stock Commissioner, Department of Agriculture, Ottawa.

MINES AND MINING.

Chas. Camsell has taken about a half ton of alluvial from the Tulameen diamond belt to be assayed at Ottawa. Mr. Camsell has gone to Steamboat.

E. P. Wheeler went down to Concon-ully, Wash., Monday, and will return soon to attend to his Friday creek mining operations.

W. L. Parrish and family of Winnipeg, are at Coalmont. Mr. Parrish is a large stockholder and official of the Columbia Coal & Coke Co.

Jim Snowden shows some fine specimens of silver-lead ores which were discovered in place on the Muddy. With L. McMullen assessment work will be done in that section.

Day & Knight are at work on the Lucky Pair after taking in the celebration.

Eric Connant, representing Alvo von Alvensleben, broker, of Berlin, Germany, was a visitor to Princeton last week enquiring into the mineral resources of the district.

E. E. Campbell, representing the Granby Consolidated Mining & Smelting Co. of Grand Forks, B.C., has made a running inspection of several camps in the Princeton district. He will probably return and visit other camps.

Manufacturing industries are closing down in Alberta for want of coal. They should move to Princeton where there are a billion tons waiting to be mined.

FIGHTING BUSH FIRES.

The provincial government is convinced that the most vigorous action is necessary to protect the timber resources of this province and in furtherance of this policy no permits will be issued during the summer. Following is a synopsis of a circular recently issued:

No matter how efficient the patrol system may be it is inevitable that fires will occur. The Government desires to make it very clear that the duty of the owners of timber and operating lumbermen is to protect their own property. The Ontario Government not only compels every stumpage owner to pay for fighting fires, but it throws on him also the costs of patrolling his limits. Washington and Idaho lumbermen have organized their own voluntary associations for fire fighting purposes, and assess themselves 2 or 2½ cents per acre each season. In shouldering the entire cost of fire patrol throughout British Columbia this summer, the Government is, therefor, doing more than other governments, and it should be clearly understood by all concerned that, except in circumstances detailed below, the cost of fighting fire to protect their own property must be borne by the private parties concerned. When wardens have to hire men to fight fire on private property the Government expects that the owners should pay the cost, as indicated below. The attention of timber owners, lumbermen and other persons owning property or employing labor in or near timbered districts is, therefor, drawn to the following regulations:—

1. Bush fires originating in or near any work conducted by the owner, his agents contractors, or employees, must be fought at the expense of such owner, agent or contractor. The Government will lend the assistance of its wardens gratis.

2. A proportion of the cost, not exceeding in any case, one half the actual expense of fighting a bush fire that can be proved not to have originated in the manner mentioned in (1), will be borne this summer by the Government, as a temporary measure of meeting existing emergencies.

In this matter of forest protection, the Government is acting on the common sense principle that it is far better to prevent fire than to fight fire, and that the big expenditure should be on the patrol work. But at the same time the Government feels it very necessary to draw the attention of operators to the fact that, as a class, owners of timber have devoted less money and trouble to fire protection than the owners of any other kind of valuable property; and that gross carelessness by workmen in the use of fire and the use of poor out of date spark arresters are far too often the causes of bad forest fires. The Government calls upon the operators of the Province to help the cause of forest protection by insisting that the modern fire preventing appliances be used properly by their workmen.

Probably no other place on the continent presents such unique advantages for a smelter as Princeton and vicinity do. Best coking coal at Coalmont, 13 miles distant, and abundance of high grade sub-bituminous coal in the Princeton basin, together with a wide variety of ores all around are certainly enough to induce capital to erect a smelter in this section.

Some people have no sense of the rights of others. Recently a man fenced off his neighbor's field and turned his animals in without ever asking permission. Another man or men cut timber along a road, although the law forbids it. Gall and greed are developed in some to an unbearable extent and produce trouble for their owners.

LOCAL AND GENERAL.

In accordance with time honored custom and the tenets of their order a celebration will be held by local and district Orangemen next Wednesday, July 12th. The posters announce speeches, ball and sports, besides the occasion will commemorate the battle of the Boyne in the year 1690. All loyal Orangemen are expected to join in the celebration and attend special church service in the school house Sunday evening next, July 9th, at 7:30.

J. C. Edwards, mining man, of Spokane, is looking up the mineral resources of Granite creek section.

School meeting will be held in the school house on the 8th inst. Every parent or guardian should attend.

Tink French, Len Huston, E. Waterman and Fred Wampole were a fishing party bound for Osprey lake this morning. Now for fish stories.

W. F. Loveland of Nelson, government fire auditor, was in town recently in connection with his official position.

Tom Sloan arrived over the Hope trail yesterday from Vancouver. He has made good in Vancouver 'stuff' and will be on the ground floor in Princeton, developing into a millionaire when the boom is here.

W. F. Cook of Grand Forks succeeds W. Machaffie in the Eastern Townships bank, the latter going to Winnipeg.

Born—On the 5th inst., the wife of J. Holden of a son.

D. J. McCurdy, manager for O. H. Carle, has resigned and is reported to be engaged in another capacity. Whatever may eventuate his myriad friends throughout the Similkameen will wish him 'all kinds' of prosperity and happiness.

W. H. McGregor, district firewarden at Nelson, has issued an order that no more permits will be issued in his jurisdiction this season.

P. W. Gregory, P.L.S., has started a party at work surveying a group of One-mile ranches. Mr. Cowley is in charge of the party.

The Bank of Commerce has distributed blotters, handsomely made and containing useful information, to patrons and others the whole forming a handy article. This bank has recently added another million to its reserve fund making it now $8,000,000. It is as strong as Gibraltar.

LOCAL AND GENERAL.

J. Ryan and wife of Vancouver are guests at the Great Northern and will become residents of Coalmont.

Constable Martin arrested two men at Coalmont for being drunk and disorderly last Thursday They were brought to Princeton and tried before Magistrate Waterman, who fined them on the evidence produced.

Prospectors returning from Steamboat believe that there is much better ground for mineral this side of Hope mountains. They say Steamboat is only a recollection, a memory, something to be forgotten as soon as possible. Most of the 200 prospectors who went there in the spring are making their way toward Lightning creek and the headwaters of the Tulameen and Granite creek.

Methodist church service, Sunday, July 9th. In the Oddfellows' hall, 7:30 p.m.

Presbyterian church services—Sunday school, 11 a.m. Evening service in the court house, 7:30. Coalmont—Morning service, 11 a.m.

Anglican church services for next Sunday, July 9th, Princeton school building, 11 a.m.: Matins, holy communion and sermon. 7.30 p.m., evensong and sermon. James Williams, Incumbent.

Dell Young and Bert Thomas aeturned from Vancouver where they took a band of horses for sale.

W. E. Irby arrived from Spokane Saturday and is now installed as manager for O. H. Carle, the grocer.

Louis Marcotte will shortly call for tenders for a large hotel at Coalmont.

Board of trade meeting next Monday night at 8 sharp.

NOTICE TO Railroad Grading and Bridge Contractors.

TENDERS are hereby called for by the B.C. Portland Cement Co. Ltd, for building a railroad bridge across the Similkameen river and the grading of about two miles of spur track to the works of the Cement Co., and the coal mine of the United Empire Co.

Tenders will be received up to July 12

Profiles and specifications may be seen at the office of L. M. Hale, the Great Northern engineer at Princeton, B.C.

FLORENCE POLLARD,
March 16, 1911. H. H. Bartlett, agent.

Notice is hereby given that all vacant crown lands not already under reserve, situated within the boundaries of the Land Recording Districts of Cariboo and Lillooet, and the Kamloops Division of Yale Land Recording District, are reserved from any alienation under the "Land Act" except by pre-emption.

ROBT. A. RENWICK,
Deputy Minister of Lands
Department of Lands,
Victoria, B. C., April 3, 1911.

PUBLIC NOTICE is hereby given that, under the authority contained in section 131 of the "Land Act," a regulation has been approved by the Lieutenant-Governor in Council fixing the minimum sale prices of first and second class lands at $10 and $5 per acre respectively.

This regulation further provides that the prices fixed therein shall apply to all lands with respect to which the application to purchase is given favorable consideration after this date, notwithstanding the date of such application or any delay that may have occured in the consid ration of the same.

Further notice is hereby given that all persons who have pending applications to purchase lands under the provisions of sections 34 or 35 of the "Land Act" and who are not willing to complete such purchases under the prices fixed by the aforesaid regulation shall be at liberty to withdraw such applications and receive refund of the moneys deposited on account of such applications

NOTICE

Public notice is hereby given that, under the authority contained in section 131 of the "Land Act," a regulation was approved by the Lieutenant-Governor in Council fixing the minimum sale prices of first and second-class lands at $10 and $5 per acre respectively.

This regulation further provided that the prices fixed therein should apply to all lands with respect to which the applications to purchase were given favorable consideration after the date of said regulation, namely April 3, 1911.

Further notice is now given that by virtue of a regulation approved by the Lieutenant-Governor in Council on the 10th day of May, 1911, that the regulation dated the 3rd April, 1911, be held not to apply to applications to purchase vacant Crown lands which were received by the Assistant Commissioners of Lands on or before the said April 3rd, 1911, and with respect to which the required deposit of fifty cents per acre had been received by said Commissioners on or before the said April 3, 1911.

ROBT. A RENWICK,
Deputy Minister of Lands.
Department of Lands,
Victoria, B. C., 16th of May, 1911.

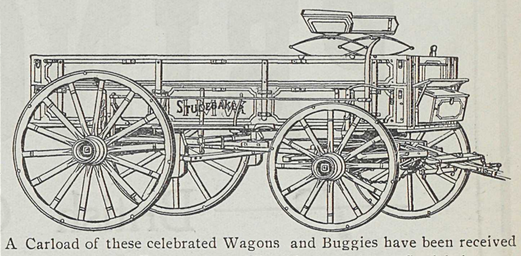
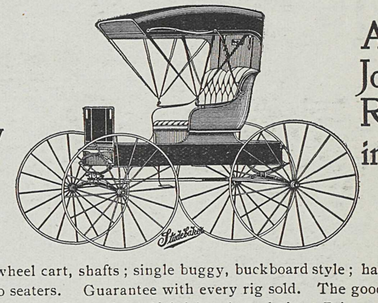
Studebaker Wagon

The Best Money Can Buy—The Best Buy for the Money



A Carload of these celebrated Wagons and Buggies have been received and are now offered to the public at lowest prices. Studebaker Wagons have stood most severe tests in war and in peace. As transport wagons for the war departments of many governments they have had unsurpassed success. The Farmer, Freighter or Liveryman will will find them satisfactory in every particular. These wagons conform to the law in width of tire a regulation which is now in force.

A Thing of Beauty and



A Joy to Ride in.

Two-wheel cart, shafts; single buggy, buckboard style; hacks, two seaters. Guarantee with every rig sold. The good roads and the beautiful drives in and about Princeton will always create demand for pleasure driving and what form of driving can equal that of a spanking team and a Studebaker carriage, going a 2:40 gait down the country boulevards. There is exhilarating pleasure in driving unknown to gassy chug-chug.

Take a Look at these Wagons and Carriages and get prices before buying elsewhere.
