Princeton coal once used always used; cook's delight.

SIMILKAMEEN STAR

Sickness, disease, result of error, evil habit, sin: God can heal all

Competition of two great lines of railway will ensure Princeton alternative routes east and west and competitive freight rates—Investments made now will double in value soon—Possibilities in minerals are, beyond question, the greatest in the west—Watch expansion.

Vol. XI. No. 29. PRINCETON, B. C., WEDNESDAY, JULY 13, 1910. $2 a Year in Advance

GLORIOUS TWELFTH

Orangemen Celebrate Battle of Boyne and Triumph of King William.

Speechmaking, Sports, Parade and Ball—Hedley Brethren Join in 'Doings.'

The celebration of the Battle of the Boyne was duly observed by the Orangemen of Princeton and Hedley assembling here and forming procession to the grounds on Fenchurch Av., where the oration was delivered by Rev. Bro. Kinney. C. L. Cummings, W.M., occupied the chair and after well chosen, introductory remarks of welcome, was followed by the speakers, Bro. Jamieson, W.M. of Hedley lodge, who, in a neat speech extolled Orangeism, and Rev. Bro. Kinney, who delivered a rousing address, replete with sound doctrine and good advice. The rev. gentleman is a powerful speaker and impresses an audience with his sincerity. He is popular with all Protestants and has attained fame as having been first to conquer Mt. Robson, one of the higher peaks of the Canadian Rockies.

The Orangemen of Princeton are to be commended for their zeal in having brought together so many of the brethren and for the success of their first celebration. With four secret societies as a beginning Princeton is destined to become a head centre for their annual celebrations, picnics, &c. Next year it is hoped that suitable grounds will be available for Orange and all other demonstrations.

In the principal sports events Hedley won in the tug-of war; Vic Ryder won in the long and high jumps; Mrs. McCorkle in the married women's race and R Jameson beat putting the shot. The children's races created much amusement.

The ball in the evening was well patronized and the music provided py the Princeton orchestra much appreciated.

'Big Bill Martin as director of ceremonies makes good.

A CHAPTER OF ACCIDENTS.

Hans Lof had the misfortune to lose a hand by explosion while at work on the railway grade west of Princeton last Wednesday. He returned too soon to a charge that he supposed had missed fire. Hans had only two more days' work to finish his contract when the accident occurred. Being a hard working, industrious and likable man much sympathy is expressed for him in this very serious accident. He was taken to Hedley hospital and attended by Dr. McEwen.

Andy Gray, in the employ of Madden & Hankinson, railway contractors, had his leg broken last week by a log rolling on him.

Jas. McKay, while bulldozing rocks on the railway the other day had his arm badly lacerated. Dr. McCaffery attended both he and Mr. Gray and sent them to Hedley hospital.

Maurice Daly, of Keremeos, while riding a runaway horse bareback rounding up others was thrown by the stumbling animal which fell on him, breaking his forearm near the wrist. The accident occurred last Sunday and was attended by Dr. McCaffery, who reduced the fracture, and the patient is now doing as well as can be expected.

THE PRINGLE COMPANY.

The Pringle Stock Company will open a short season at the I.O.O.F. Hall on Thursday, (tomorrow) July 14th. This excellent organization is the oldest stock company in Canada, having played all the larger cities in the eastern and western provinces. They have just finished a six week's engagement in Victoria and are playing the mountain towns during the summer. The Pringle Co. are playing at popular prices. Their repertoire consists of the latest uptodate comedies and dramas. There are no long waits between the acts, as they will introduce high class vaudevile, thus making the performance continuous. The opening play will be 'The Convict's Daughter.'

I.O.O.F. OFFICERS INSTALLED.

Following are the officers installed at last regular meeting of Princeton Lodge, I O O.F., No. 52: Noble Grand, J. D. Lumsden; Vice Grand, Percy Rowlands; Secretary, J. F. Waddell; Treas., P. Johnson; War., j. T. Conn; Con. J. L. Huston; Chap., H. Cowan; R.S.S., N. Huston; L.S.S., J. E. Kennedy; I.G. R. Gourlay; R S N.G., C. Willarson; L.S. N.G., Geo. Graham; R.S.V.G., O. E. Anderson: L.S.V.G., John Carlson. The installing officer, D.D.G.M. N. Huston, presided.

NEW HOTEL OPENED.

The opening of the Similkameen hotel last Monday makes another important addition to the public houses of Princeton. It is situated on Vermilion Av., just west of the court house, and as that street is one of the main arteries of town the position will always be eligible and convenient. The house is plastered and the floors deadened, so that transmission of sound from one apartment to another will practically be overcome. Every comfort of guests was studied in the construction and that this has been attained an inspection will certainly prove. The rooms are first class and the table will be supplied with the best the market affords. A commercial sample room is provided. Splendid light is furnished throughout.

THE WEEKLY GRIST

Weather Dry, with Thermometer Hovering Close to 90.

Committee Appointed to Investigate Question of Athletic Grounds, Race Track.

For Sale—A few household effects. Call at the Great Northern station. †

E. C. Blackwell and wife of Riverside, Wash, arrived in touring auto today, bound for Nicola and northwards. They think the B.C. roads are much superior to those of Washington.

Owing to sickness, the Sherrys, announced in last week's Star to appear in their high class comedy entertainment in Princeton tonight, have been obliged to cancel their engagement. They hope to come again shortly.

Mrs. A. E. Howse gave an afternoon reception at her pretty home in Nicola last Friday afternoon in honor of her guest, Mrs. Lawson, of Aberdeen, Scotland. A large number of guests attended and spent a delightful time, enjoying to the full the kindly hospitality of their gracious hostess.—Nicola Valley News.

P. W. Gregory, B. C. land surveyor, is in Princeton and will receive orders for work.

A policy in the Mutual Life Assurance Co. of Canada is a good investment. See Groffman & Rose. *

Fires have been devastating forests in Michigan and other states, also in Canada. It would be a great misfortune to have our forests destroyed and possibly other property, if not life, along with them. Every precaution is being taken to prevent fires and anybody starting one will be severely dealt with.

Mrs. Olding and sister, mother and aunt of Mrs. H. Hunter, are visiting her during the summer.

Fire Chief Campbell was called out about 1 a.m. Sunday morning to put out a blazing lamp in the Clay building on Bridge street. Some person carelessly left the lamp turned too high and it was only the promptness of the chief bursting the door in that averted an explosion and probable fire.

At the meeting held last Friday evening to consider a proposition for the acquisition of athletic grounds and race track the following committee was appointed to act, and report at a future meeting: W. Garrison, Chairman; Bert Thomas, C. Summers, G Murdock, L. Huston.

Mr. and Mrs. King, parents of Mrs. S. R. Gibson, Goldbank Farm, are visiting there at present.

A dance will be given at the Otter Flat hotel, Mrs. W. J. Henderson, on July 15th, (Friday). Fverybody welcome.

Groffman & Rose have sold lot 13 in block 8.

F. Dollemore, the ever genial proprietor of the Similkameen hotel, Hedley, was in town taking in the Glorious Twelfth.

K. C. Brown, leaves shortly for Kamloops to defend Carmanuchi, the Italian who recently cut the throat of his fellow countryman.

If you want to throw something at somebody or some enterprise let it be the good word or boost, otherwise keep your mouth shut. Knockers are the fungi of society, living on the generosity and public spiritedness of others.

J. D. Lumsdeu, manager of the Princeton branch of the A. E. Howse Co., left for Vancouver on Monday. It is understood he will return alone this time.

GRANITE CREEK NEWS.

(From Our Special Correspondent.)

The Columbia Coal & Coke Co. are tunnelling about a mile from Granite.

Chas. Camsell, Dominion geologist, is investigating the North Fork section.

A new bridge is being built across Granite Creek by W. H. Holmes and crew.

A proposition is before the Welldo Townsite Co. to install an uptodate waterworks system. The Co. has acquired all the water in Onemile creek, a sparkling, mountain-fed stream.

MINES AND MINING.

Princeton is admittedly a fine location for a smelter. Coking coal and ore in abundance. Star will gladly answer any correspondents regarding the establishment of this industry.

Billy Knight came down from Whipsaw Monday and as instrumentalist was present at the Orange ball. He reports work still in progress on the Lucky Pair with favorable indications of approach to ledge. Knight & Day have done a lot of really hard development work on their property and are deserving the reward they are so perseveringly in search of.

Ben Baker, Billy Fearless and L. McMullen are at Whipsaw, doing assessment work on their claims. Ben has uncovered a ledge, but the others seem to have encountered deeper wash.

Jack Crowley and Tuck French were down recently from Whipsaw and report good showings on Sam Spencer's claim where development work is in progress.

Steve Young, a prospector of continental experience, struck camp last week after an absence of several years. He comes now from Mexico and is heading toward Whipsaw. He heard of the silver lead strike there and prospectorlike he wanted to see it.

The Similkameen Star.

A GOOD ADVERTISEMENT.

One of the many beneficial results derived from the celebration of Dominion Day as recently carried out in Princeton, is observed in the good advertising which the town and district received. Strangers, who had only heard of Princeton before, now came to see and prove the things which they had heard and read. So favorable an impression had been carried away by visitors that it is not improbable investments or commercial relations may follow. From sister towns in the valley it was expected that a strong delegation would come and help demonstrate the day, but it remained for our American cousins and brothers to not only enthuse and demonstrate but boost also. The Oroville Gazette, represented by Editor Dallam at the celebration, gave two and a half big columns of matter relating to Princeton and the sports. It says: 'There is no town along the B.C. border, on that side of the line, that has richer resources and brighter promise of making a city of great magnitude than Princeton. It is surrounded by and built upon a vast coal field. It is not a coking coal, but a most excellent fuel for domestic use. Besides the coal there are vast deposits of high grade copper ore in the immediate vicinity. Men of means are beginning to realize the importance of Princeton as a field for investment. Several American companies are gaining a foothold, and henceforward development with accompanying results will be much more rapid. From its naturally advantageous location and the extensive and exceptionally rich mineral resources existing so near at hand, to a disinterested observer it would seem that nothing can prevent Princeton from forging to the front and becoming one of the most important cities along the Great Northern road.' The foregoing is of great value, coming from one who has no pecuniary interest in the country. As an advertisement, by those who intelligently appreciate and practise advertising, the Gazette has well repaid the trouble and expense of the celebration.

NOTES AND COMMENTS.

A letter has been received by Star regarding the slump in United Wireless Telegraph stock, by which many thousands of purchasers lost heavily while a few made a heap of money. Pending a full exposure and, it is to be hoped, restitution by the promoters of this swindle, no good can come of bitter personal attacks in the press. The law of Canada is sufficient in cases of this kind. It is strange how easily some people can be buncoed, for Wireless employed all the well known inflation methods of fraudulent schemes.

The Nicola Valley board of trade stirred up Telephone Supt. Stevens and now Merritt will have an exchange and lineman. Board of trade resolutions are great correctives and there should be more of them where public grievances and nuisances are permitted by the government.

NOTICE.

Take notice that I intend to apply to the Commissioner of Lands for permission to purchase second class land in Kamloops division, Yale district, described as follows:

Commencing at the N.W. corner of lot 1514, thence east 80 chains, north 20 chains to lot 1523, west 80 chains, south 20 chains to point of commencement, containing 160 acres more or less.

HARRY J. GIBSON.

April 18th, 1910.

LOCAL AND GENERAL.

Bill Scruby was in Phoenix when last heard from, keeping a wistful eye on the Similkameen.

Nigel B. Ewart, of Princeton, has been gazetted a Provincial Constable from the 1st July. Constable Ewart covers the usual police district with headquarters at Princeton. It is understood his duties are purely constabulary.

Fire! Groffman & Rose protect against fire in old established insurance companies. *

Vermilion Av. and Bridge St have put on a citified appearance since H. H. Thomas has put on the finishing touches.

Travellers report the planking on Fourteen-Mile bridge, Hope trail, as dangerously rotten, a horse having recently broken through, hazarding life and limb. Bridge replaced

Mrs. M. Wilson will not be 'at home' for remainder of summer.

Mrs. P. Swanson writes that she arrived safe and sound in 'Bonnie Dundee,' having had a pleasant voyage across the big pond.

W. C. McDougall and wife have moved into town and will occupy the Sloan residence, Tapton Av.

H. A. Massonat, jeweler, is still confined to his room with muscular rheumatism and may be obliged to take the hot springs cure.

C. O. French and J. B. Wood left Saturday for the headwaters of the Chuchuwachie and the glacier country. Trout and ice, also anthracite coal, seem to be objects of their quest.

A policy in the Mutnai Life Assurance Co. of Canada is protection. See Groffman & Rose. *

Mrs. Turner returned to Rossland today after a good visit with her parents, Mr. and Mrs. Hagerman,

The ground is very dry and the hot winds wilt vegetation. The hay crop will not be much more than half a yield, but other crops promise a bountiful harvest.

Major Anderson, Great Northern right-of-wayman, is expected in Princeton soon.

WATER NOTICE.

Notice is hereby given that an application will be made under Part V. of the 'Water Act, 1909,' to obtain a license in the Yale Division of Yale District.

A. The name of company in full: The Tulameen Power Company, Limited. The head office, 1006 Government St., Victoria, B C. The capital, how divided, thowing amount paid up: $10,000, divided into 200 shares of $50 each, of which $4000 is paid up.

B. The name of the lake, stream or source, South Fork of the Tulameen river

C. The point of diversion, a short distance above the head of the falls and about a mile from the mouth of the said South Fork.

D. The quantity of water applied for, thirty cubic feet per second.

E. The character of the proposed works: Dams, flumes, pipes, penstocks and necessary power stations.

F. The premises on which the water is to be used: Land immediately surrounding the falls on South Fork of Tulameen river.

G. The purposes for which the water is to be used: Power purposes.

I. If the water is to be used for power or mining purposes describe the place where the water is to be returned to some natural channel, and the difference in altitude between point of diversion and point of return: Below falls at a point about 100 feet lower than point of diversion.

J. Area of crown land intended to be occupied by the proposed works, 160 acres.

K. This notice was posted on the 6th day of June, 1910, and application will be made to the Commissioner thirty days after said date.

L. Give the names and addresses of any riparian proprietors or licensees who or whose lands are likely to be affected by the proposed works, either above or below the outlet. None.

Signature, THE TULAMEEN POWER COMPANY, Limited

COPPER HANDBOOK

(New Edition issued March, 1908.)

SIZE: Octavo.

PAGES: 1228.

CHAPTERS: 25.

SCOPE: The copper industry of the world.

COVERING: Copper history, geology, geography, chemistry, mineralogy, mining, milling, leaching, smelting, refining, brands, grades, impurities, alloys, uses, substitutes, terminology, deposits by districts, states, countries and continents, mines in detail, statistics of production, consumption, imports, exports, finances, dividends, etc.

The Copper Handbook is concededly the

World's Standard Reference Book on Copper.

The miner needs the book for the facts it gives him regarding geology, mining, copper deposits and copper mines.

The metallurgist needs the book for the facts it gives him regarding copper milling, leaching, smelting and refining.

The copper consumer needs the book for every chapter it contains. It tells what, and explains how and why.

The investor in copper shares cannot afford to be without it. The Copper Handbook gives statistics and general information on one hand, with thousands of detailed mine descriptions on the other, covering the copper mines of the entire world, and the 40 pages of condensed statistical tables alone are worth more than the price of the book to each and every owner of copper miuing shares.

PRICE: $5 in buokram with gilt top, or $7.50 in full library morocco.

TERMS: The most liberal. Send no money, but order the book sent you, all carriage charges prepaid, on one week's approval, to be returned if unsatisfactory, or paid for if it suits. Can you afford not to see the book and judge for yourself of its value to you?
