800,000,000 tons of superior coal in Princeton basin.

SIMILKAMEEN STAR

Be content with little, larger gifts will reward patience and toil.

14th Year No. 8 PRINCETON, B.C., FRIDAY, FEBRUARY, 21, 1913. PER YEAR: $2, Cash Single Copy, 5c

Cheap Power for Manufacturers-vast Mineral Wealth

LAND FOR SETTLERS IS FREE--CREMATE THE DEAD

(Staff Correspondence of Star)

VICTORIA, Feb. 17.—Members of the proviucial legislature were regal d on Tuesday with two very eloquent addresses delivered by Hon. W. R. Ross, minister of lands, in connection with the presentation of the respective bills regarding the inclusion of additional territory in the Strathcona park, and also for the reservation of 882 acres in the vicinity of Mt. Robson, which is to be utilized as the newest playground for British Columbians.

The bill provides for an extension of Strathcona park amounting to 204 sq. miles, bringing up the total area to 704 sq. miles. Mr. Ross explained that the high altitude of Mt. Robson park unfitted it for agricultural use, but that resources in the form of marble quarries and other mineral wealth had been discovered within its boundaries and would be utilized as soon as it was feasible to do so. His description of the scenic beau ties bespoke familiarity and appreciation of the marvels wrought by nature in this spot, so far removed from civilization.

L. W. Shatford, M.P.P., has presided over the activities of the private bills committee in the absence of the chairman, E. Miller, M.P.P.

Echoes of the coal miners' strike at Cumberland reverberated through the house on Wednesday in a long speech by the opposition leader, Parker Williams, M.P.P., who sought to introduce a reso lutton calling for a committee to investigate the issues at variance between the Canadian Collieries [Dunsmuir Ltd] and the employees of the company, now striking Tracing the origin of the strike, as he alleged, to discrimination on the part of the company against two men who were employed on a gas committee in No. 2 Extension mine, Mr. Williams cited some ancient history. He said the company had discharged one of the members of this gas committee outright, and the other would doubtless have been dis charged, had not the strike occurred.

It behooved Premier Sir Richard McBride, in his capacity as minister of mines to deny the soft impeachment alleged by the member from Newcastle that the government was in any way responsible, or had it in their power to terminate the strike.

Sir Richard pointed out that in view of the very large investment which the Canadian Collieries had at Cumberland and Extension and because of the fact that the company had already lost over half a million dollars as the result of the strike it was extremely unlikely that they should indulge in petty discrimination or spite against two minor employees of the mine when by so doing they would invite further loss. He could also state positively that the company were willing to take back the men at any time providing the International Mine Workers, a union with headquarters at Indianapolis, were not recognized as controlling their action in the matter. Mr. Williams' resolution was defeated by a vote of 35 to 2.

The carrying of air guns by the rising generation is forbidden in the Offensive Weapons bill fathered by the attorney-general, Hon. Mr. Bowser. It seems that these weapons are dangerous to sight when in careless hands. Hence the clause.

The negligence of the clergy and medical professions in registering vital statistics was commented upon caustically by the hon. the provincial secretary on Thursday. Citing one particular instance of neglect which had been brought to his attention hon. Dr. Young related an instance where a well known clergyman brought in the accumulated births, deaths and marriages which had occurred in his parish during the past 21 years. The clergy and the medical professions he dec ared should realize, or be made to realize the importance of registering these s atistics to ensure the legitimacy of children or to protect the rights of property. He intended to prosecute to the full extent of the law any future case of neglect coming to his knowledge.

Hon, Dr. Young introduced a measure to validate the burning of human remains, known as the 'Cremation Act.' The minister of education recommends the Act as a sanitary and scientific means of disposing of the dead.

The Land Act has been amended by the Hon. W. R. Ross and after March 31, proximo, preemptors may take land on payment of $2 for the record and $10 as crown grant fee. The land and the cost of survey are given without charge. After occupation for three years and making permanent improvements to the value of $5 per acre, including the clearing and bringing under cultivation of at least five acres, the applicant shall be entitled to receive a certificate of improvement under Form No. 4. It is further enacted that all persons in arrears under any former Act or this Act shall upon due notice in the official Gazette pay same to the minister or forfeit all right and such money as shall have been paid. All minerals, oil and natural gas are reserved to the crown. The acreage taken will be regulated by the lieutenant-governor in council.

Neil Thompson is selling his household effects preparatory to removing to Riverside, Wash , where he will embark in the blacksmith business. Both Mr. and Mrs. Thompson will be missed in social, fraternal and athletic circles and their departure will be regretted by a host of friends.

BIG MINING CAPITAL COMING--PROFITS ARE HUGE

The development of Leadville mining camp and the importance attaching to it through the investment of capital have made it imperative that wagon transportation should be afforded those operating in that camp. The Princeton conservative association and the board of trade have endorsed the proposal for a road and it will in all likelihood be built this summer by the department of public works.

Johnnie Carlson and Andy Jensen have a group of twenty mineral claims near the Ross mining property, Leadville.

W.H. Taylor, representing Patsy Clark, the Montana millionaire mining man, is in Princeton. He has acquired some in terest in mineral claims at Leadville and will, no doubt, consider legitimate propositions in any camp. Mr. Taylor will bring his family here and make business excursions to camps as required.

During the last six months of 1912 the Granby yielded profits amounting to $796,054. The company closed the year with a balance of cash and copper on hand of $1,095,575.

The purchase of Voigt camp by the B.C. Copper Co. has been advanced to a stage where both parties to the deal are no longer iu doubt as to the issue. The formalities of closing the transaction are now progressing.

LOCAL AND GENERAL.

King & Gibson have removed their store to the Naish block, Bridge street, formerly occupied bv D. M. French. They will be pleased to show their customers builders' hardware and supplies in connection with the building trade.

Rev. T. A. Osborne and family leave for England in the early summer, having had urgent invitations to revisit the old land and probably remain. Frontier religious work has many drawbacks and is often discouraging. Good efficient men do not remain on missionary outposts, always being called to more appreciative fields. Mr. Osborne has made many friends and is held in very high regard by brethren of local orders.

Auditor Walker of the P. Burns Co. Ld, was in town yesterday.

The Picture Show is well patronized and all are pleased with the programs, which include high class drama.

Geo. Barman of Conconully, Wash., was in town this week and likes the prospects so well that he will locate with his family.

Rev. Mark Jukes will preach his fare well sermon in the church of England next Sunday, to which all are cordially invited. Mr. Jukes expects to leave on Monday for his home in Vancouver. He has faithfully labored among his flock for the past nine months, not always with the encouragement he deserved, yet persistently and patiently preaching the Word. Mr. Jukes takes with him high respect and good wishes of the community.

RAILWAY POINTS.

The Great Northern railway company binds itself to build and complete the line from Oroville to Wenatchee by December 31st, this year. This will bring Princeton nearer to the coast than it has ever been, saving, probably two or three hundred miles.

Tracklaying has reached Tonasket on the Wenatchee branch of the G N.

With only two steam shovels at work and the differences between the V.,V. & E. and Kettle Valley companies still unsettled, it is rather hopeless that either road will be completed within the time announced so boastingly last fall. Jim Hill is in the troglodyte class when quick action is required and Tom Shaughnessy resembles a lychnobyte, sleeping when he ought to be working. Wake up! Wake up!

HOCKEY IS 'THE' GAME.

Still another victory was added to the triumphal string won by the Princeton hockey club and the match played last Friday is probably the culmination of the season's sport. A lsrge crowd witnessed the game and the enthusiasm was catching. The ice was slow and the game disappointing as a spectacular attraction, in spite of which there was brilliant play in spots. Carmichael and Armstrong for Keremeos redeemed the game from lassitude or inertia our own players giving particular attention to the rules and the opportunity afforded for practise on 'hot,' slush ice. Hockey is our national winter game and as such is without a peer in interest and excitement, besides, it generates that spirit of friendly rivalry which characterizes true sportsmen. Next winter should see a hockey league formed in the Similkameen district. Score: 2-0. Following is the lineup:

Keremeos.		Princeton.
B. Cawston	goal	F. Barber
W. Frith	point	H. Russell
C. Armstrong	c. point	H. McLean
C. Keeler	center	C. Brookes
L. Coleman	r. wing	M. Waddell
R. Carmichael	l. wing	T. Cook

Referee Charlie Henderson gave his decisions promptly and there was not much show to doubt the correctness of them as a whole. Charlie knows hockey from A to Z and is the life of the game at Tulameen. Goal judges: G. Murchy and W. Hope.

THE SIMILKAMEEN STAR

(J. M. WRIGHT)

PUBLISHED EVERY FRIDAY

At PRINCETON, B.C., by

Mere reference must suffice today in reply to our esteemed cotem., the Hedley Gazette, which scarcely accords Star justice in its political, humorous, philosophic, economic and scientific editorial of last week. Technically and from an ex parte viewpoint the Gazette's defense of the Hedley Gold Mines Co. is sane and safe in its own behalf, but the great principle involved in absentee ownership, whereby none of the profits are returned or invested in enterprise that would help Hedlay and district, is entirely lost sight of. Absentee landhogs made one little island 'the most distressed country that ever you did see.' What has become of the land granted to the preceding company, now owned, we believe, by the H.G.M. Co.? Before the Gazette was, Star urged the government to grant this land for smelter and other industrial purposes. If this fine soil were held by honest settlers it would support more than foreign fungi, cacti and rattlesnakes and be a blessing to Hedley and district. The question of absentee ownership with a do-nothing policy that 'bleeds white' is one which Star intends forcing on the Dominion and Imperial governments. Akin to this question is the enormous per capita tax from unions and fraternal orders, 'bleeding white' by going to a foreign country never to return. Will Gazette favor protection that benefits all, instead of that corrupting, mushy stuff which centralizes wealth and limits trade with high tariff. Yes, or no, Gazette, without further argument.

Germany wants colonies, eh? Is she able to protect them, or will she accept donations from them on plea of 'emergency.' Honorable fathers either take their growing up sons into full partnership or assist them into independent business—nations should be honorable, not small.

COUNTY COURT--YALE

A sitting of the County Court of Yale will be held at the Court House, Princeton, Tuesday, 4th day of March, 1913 at the hour of 2 o'clock in the afternoon. By command.

HUGH HUNTER,
Registrar County Court.

NOTICE.

Notice is hereby given that I am applying for a license to prospect for coal on the following described land, viz: Commencing at a post placed at the southwest corner of lot 1525, Kamloops division of Yale district, and extending thence 80 chains north, 80 chains west, 80 chains south, 89 chains east to point of commencement.

W. C, McDOUGALL,
Dated Feb. 13, 1913. Applicant

SPECIALS.

Lost—A blue scarf at the ball last Friday night owned by Mrs. J. A. Brown, Keremeos. Please return to A. E. Howse Co's store.

The Elite Restaurant is a fact and it is here to stay. If you are in need of special diet or want something tasty, it can always be obtained at the Elite. Meals served all hours. Bread, pies, cake and short order meals. Prices moderate and courteous attention. Patronage respectfully solicited. F. B. Maxwell, proprietor, the Irwin block, Bridge street—remember the place.

BREAD—Good homemade bread supplied at J. Knudsons, Tapton avenue. Try it and be convinced.

The agency of the Kootenay Steam Laundry has been transferred from the A. E. Howse Co. to Len Huston. Laundry basket will leave Princeton Mondays. Anyone wishing to send laundry kindly leave at Len Huston's, Cigars & News. *

FOR SALE.

House furnishings and effects, including gasoline stove, cooking stove, two heaters, chiffonier, &c. Apply to

N. THOMPSON, Blacksmith.

WHITE LEGHORNS OF QUALITY--The kind that Lay and Pay

B.C. Portland Cement Co.

East Princeton, B. C.

B.C. Portland Cement Co. now constructing large plant for manufacture of Cement; first unit of 500 barrels per day capacity will be in operation within a few months

Townsite is prettily situated and will afford homes for a large number of residents when cement making, coal mining and allied industries are in full operation

The natural growth of the district and progress of the country alone will make an investment in East Princeton profitable. No better time than now to buy

Write or interview C. R. Briggs, Gen. Agent 615 Hastings St. W. Vancouver, or D. G. McCurdy, Resident agent, East Princeton B.C.

LOCAL AND GENERAL.

The annual ball given by the Rebekah lodge last Friday night was one of the best ever held in the 'old town.' The hall was comfortably filled with willing waltzers who neither wearied nor halted to the inspiring strains of music from Prof. Legg's orchestra. The Rebekah ladies and gentlemen may well be congratulated for the success of the function. Guests from Coalmont, Keremeos, Hedley, Tulameen and Granite creek were in attendance.

The spring poet is due to arrive—crows are here.

P. Burns & Co. and Len Huston have sort of sandwiched the Star between two ice houses containing many tons of solid aqua pura. The 'devil' thinks that he has a good chance of keeping cool during next dog days and will improve the opportunity to reduce the temperature of his tinpanum while grinding out heavy editorial on the railway delay.

Guthrie & Co, V.V. & E. contractors, have secured the services of Dr. McCaffrey for their employees and will send patients to Princeton general hospital.

Miss Nora Lyall was a visitor from Hedley recently.

Frank Chitty, formerly lightning press operator and compositor on the Star, has started a new paper in Molson, Wash., making two that he has begun in that town during past six months. Frank is hard to beat when it comes to 'startin' somethin' and may he win at the finish.

It is reported that Welldo townsite will be put on the market in the early summer. It contains some very attractive acreage and its famed soup spring has caused considerable local comment.

NOTICE

TO DELINQUENT CO-OWNER.

TO OREN B. SMITH—Take notice that unless you do pay, within 91 days from the date hereof, the sum of $369, being your proportion of the expenditure required for the years 1911, and 1912 by Section 24 of the Mineral act, upon the Independence group of mineral claims, Bute, Boston, Bank, Redwing, Buckhorn, Copper, Eureka, Nickle, Independence, situate at the head of Bear Creek in the Similkameen mining division, together with interest and all costs of this notice, to the undersigned, your co-partner in the said mineral claims, your interest in the said claims shall become vested in the undersigned who has made the required expenditure.

CARL H. HENNING.

Dated this 20th day of December, 1912.

Synopsis of Coal Mining Regulations.

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1. an acre. Not more than 2,560 acres will be leased to one applicant.

Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-division of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5. which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five per cent per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only, but the lease may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10.00 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands

W. W. CORY
Deputy Minister of the Interior.
