Princeton, Portal to Steamboat Camp.

SIMILKAMEEN STAR

Great minds glory in another's success; only small minds envy.

No better indication of the nativ wealth of Princeton district than the number of companies about to operate—Mining and allied industries will make Princeton large centre—Real estate will never be cheaper than now—Opportunity knocks at your door.

Vol. XII. No. 7. PRINCETON, B.C., WEDNESDAY, FEBRUARY 8, 1911. $2 a Year in Advance

THE BOARD OF TRADE

Reciprocity Informally Considered in its Effect on Fruit and Coal.

Publicity Big Factor in Bringing Capital is Advocated — Mining School Wanted.

The board of trade met Monday night for its regular monthly session. After routine communications were read as fol lows:

From the Penticton board of trade re road to connect Osprey lake with Trout creek.

From L. W. Shatford, M.P.P., re appropriation for Steamboat trail.

From Heaton's Agency, Toronto, bill for writeup of Princeton iu Commercial Handbook. Paid

From A. E. Howse to assistant public works engineer, J. Griffiths, re completion of Princeton-Nicola road via Onemile, its great advantages, and the assistance already given to it by Premier McBride and L. W. Shatford, M.P.P. A resolution endorsing the letter and amplifying the necessity of direct communication by road with the districts was ordered to be sent to the hon. the minister of public works.

From C. R. Briggs, Secretary B.C. Portland Cement Co., Vancouver, proffering valuable assistance toward giving Princeton proper publicity. The board contributed $5 toward a proposition to erect an advertising sign in Vancouver. In this connection the board expressed genuine appreciation of the good work being done by Mr. Briggs and H. B. Brown in attracting world wide attention to our great mineral resources.

Fire protection in Princeton was discussed, consideration of reduced insurance rates being emphasized as soon as a brigade is properly equipped.

A mining school located at Princeton, where there is almost every kind of mining and mineral for field instruction of students, was discussed with a view to riveting the attention of the minister of mines to this section when the school is located.

The board advised that samples of land notices be printed in full in the B.C. Gazette as a guide to purchasers of crown lands, thus avoiding much confusion and expense, together with concise information relating thereto, and that copies of the land and mineral acts be kept in bookstores or government offices.

Informal discussion of reciprocal free trade with the United States elicited an opinion that it would largely benefit the consumer and cause an increased demand for our natural products. The fruit industry was not jeopardized by reciprocity the home demand being in excess of local supply, and the quality defies competition. Reciprocity would also benefit our coal industry in lessening the duty, and the removal of all duty on zinc was of immense gain to the high grade deposits at Whipsaw and Summit.

J. D. Andras was elected a member of the board.

The board expressed gratification for the work of Premier McBride in his new 'Coal Mine Regulations Act,' which aims to preserve and protect human life to a greater extent than yet provided for. Frequent inspection of mines is a great necessity in avoiding dangerous conditions.

Board adjourned.

LADIES' HOSPITAL AUXILIARY.

The box social to be given Friday night in the I.O.O.F. hall by the Ladies' Hospital Auxiliary is promising a splendid repast for intellectual and physical man kind. Local talent, some of which will be heard for the first time in Princeton, will present a varied selection of music, songs, recitative sketches and character impersonations. This part of the program in charge of a special committee, is sure to attract a crowd and the Ladies in catering to the finer senses have not forgotten bodily appetite. Boxes containing choice eatables will be sold to the highest bidders, in this manner it is hoped to provide money urgently required for the generous work of the Ladies Auxiliary in connection with the Princeton general hospital. The cause should appeal to all for assistance and the good work of the Auxiliary should be encouraged heartily and cheerfully.

MINES AND MINING.

To date British Columbia has produced nearly $348,000,000 worth of minerals, including $126,000,000 of gold, $103,000,000 of coal and coke and $56,000,000 of copper.

Six mining claims at Steamboat have been recently sold for $50,000.

The reports of new discoveries at Steamboat are so common now that they scarcely create a ripple of excitement.

Prospectors and others going to Steamboat should bear in mind that they can get every necessary in Princeton.

The trail to Steamboat will be completed about the first of May.

The coal miners of Cambulang object to a 'dirt' scale.

The people of every nation acknowledging the rights and liberties of its subjects should not be deprived of the privilege to buy in the cheapest market. Reciprocity lowers the tariff wall and makes it possible to buy in the cheapest and sell in the highest priced markets,

THE WEEKLY GRIST

Building Contracts are Let and Prospects of Busy Season Good.

Springlike Weather Foreruns Birds and then Flowers Soon will Bloom Tra-la-la.

Semerad's for new lettuce and celery, also fresh oysters.

The Misses Fraser and Bond, nurses of Hedley, are guests of Mr. and Mrs. Lumsden at Maple Villa.

Thirteen Oddfellows visited Princeton lodge recently and were given the right hand of brotherly friendship They all admired the natural beauties of Princeton and were struck with its marvellous wealth of coal and ore.

J. Allen, of Sandpoint, Idaho, is in town and is inspecting our coal resources.

Reserve the 14th, St. Valentine's Day, for the grand ball under the auspices of the Rebekahs.

Next Tuesday night is Rebekah night. The place—I O.O.F. hall. The time—8 p.m. The occasion—grand annual ball. The object—good fellowship, pleasure.

J. B. Wood has purchased lots 2 and 3 in block 8, fronting on Bridge street and Billiter Av.

Wm. Britton has bought the corner lot 1 in block 8, fronting on Bridge St.

J. J. Farrell offers the whole of his household effects for sale at a bargain. Residence near court house.

The Princeton-Chilliwack Coal Co. are in coal after sinking about a hundred feet.

Bert Irwin has a number of building contracts ready to begin at the first break of spring. A fine residence for Mrs. Allison and a large addition to the Granite Creek hotel for Louis Marcotte will be started soon.

J. F. Waddell returned from the coast recently and was successful in putting through the sale of the Similkameen Lumber Co's mill.

W. V. Bowron, of Barkerville, Cariboo, is in town in connection with the gold platinum placer testing drill.

Miss Manly, for some days confined to her apartments with rheumatism, is now much improved and will resume duty as principal of public school Monday.

C. M. Snowden and Dave Leggatt are at the head of the Ashnola river.

Hotels are all well filled with guests who are likely to become permanently interested in the town and district.

The Bishop of London speaking on behalf of Trinity college, Toronto, said Canada was destined to be a nation of one hundred millions of people.

A. Wilmot of Wallace, Id., was in town last Monday.

Some people haven't enough to eat in this world of greed while others have more than they wish and actually don't eat enough. Fasting is the fad in our little city of Princeton.

If you have not gifts of gold you can at least donate a kind word or deed.

GRADE V. V. & E. TO SUMMIT.

Following out the statement recently made by Mr James J. Hill in Vancouver that the Great Northern would push construction on V., V. & E. line from Princeton westward across the Hope mountains, the announcement was made recently that within a short time tenders will be called for the grading of forty two miles of line between the new coal town of Cardiff west of Princeton and Hope Summit. It was also stated that steel would be laid thi year from Princeton to Cardiff, and from Abbotsford east to a point in the vicinity of Sumas River.

THE LYCEUM PLAYERS.

The Lyceum Company played to a large and appreciative audience Thursday night. This company sustained its record for good and clean comedy as presented by the old favorite, Walter McRaye, and Miss Noxon, both doing full justice to their respective roles, pleasing the audience immensely. Romanilli touched that oldest and almost sacred instrument, the harp, with such soul and deftness as to carry one back in thought to the great harpist of Israel. Mr. Gordon has a musical and powerful voice, his enunciation, or possibly defective acoustics, marring the good effect usually produced by distinct wording and singing combined.

HORSE AS EVIDENCE.

Editor Star, Sir: Would you give space in your valuable paper for a kick against police methods in the district. I had a horse stolen from me at Hedley last fall and when the police were finally induced to move in the matter they found the horse at Merrit it took them 5 or 6 weeks to recover the animal from the livery stable man at Merritt and all this time I was compelled to stay in Hedley waiting for them, they knowing all the time where the horse was. The Indian was sent up for trial and the horse held for evidence and this evidence Mr. Sproule has hired to Innis to work in the livery stable. I have twice written to Mr. Sproule that I do not want this horse worked in harness as I use him prospecting I am working here in Princeton coal mine to get money to hire a lawyer to recover my horse from the police.

Yours truly,

Feb. 1, 1911. T. J. GRIFFIN.
