COALMONT WINS SUNDAY'S GAME

BEST BALL GAME SEEN ON LOCAL GROUNDS IN MANY YEARS. EXCITED FANS ENCROACH ON BALL DIAMOND

It was a hard game to lose. Coming from behind and tying the score in the ninth inning; with the head of their batting list up for the extra session, it looked as is Doc Smith's pill chasers were really going to pull the bacon out of the fire and romp home with it in their third game of the season with the coal heavers on Sunday afternoon. But old man "Luck" who figured so largely in the game throughout, decreed otherwise and handed the winning break to Coalmont, on a silver platter, in the twelfth inning.

It was a pitchers' game all the way. The best any player secured was a single and even they were few and scattered. To Horn, a new recruit on the Coalmont team, goes the credit of winning the game. After the score was tied in the ninth he was brought in from the outer garden to relieve Plummer, another recent importation. Prest pitched the first three innings for Princeton and backed by nice support retired the fist nine men up. In the fourth, when trouble started he was relieved by Geo. Allen, Almstrom taking third base and Prest the field. Princeton's line-up was further changed by Slevin relieving Van Smith of the big mitt, the latter going to right field and Burr to short stop.

In he opening innings Farrar grounded to the pitcher; Slevin hit to second and was safe on J. McMahan's fumble. Advanced to second on Plummer's baulk and third on Doc Smith's sacrifice. The chance of a run was nipped by Allen grounding to the pitcher.

In the second with two down Van Smith lobbed over third. He ,also, drew Plummer into making a baulk and went to send, then suicided in trying to steal third. It was one, two, three for both sides in the third. In the fourth stanza after Slevin fanned Doc Smith, beat the thirdbaseman's throw but was nipped at second on fielders choice when Allen grounded to J. McMahon. Two bum throws to second and third and Allen crossed the plate with the first run.

Coalmont came right back and stepped into a thre-one lead in their half. With one down J. McMahon singled, stole second and scored on Pettigreen's single. F. McMahon dropped one at the plate which the Princeton catcher heaved far beyond first. With the score tied; one down and second and third occupied, Allen was rushed to the mound but failed to check the coal miners until two more had registered. Pettigrew scored on Plummer's sacrifice to second. G. McMahon hit to Almstrom at third whose wide throw to first allowed F. McMahon to score. Baggy was hit by pitched ball and stole second. Almstrom's neat fielding of DeMers hot grounder to third retired the side.

In the fifth Almstrom's grounder beat Pettigrew, Van Smith hit to second and Almstrom was out on fileder's choice, Colton did the same retiring Van Smith and barely escaping a double. At this stage his umps got Plummer's goat by allowing another baulk. Fireworks ensued but they finally kissed and made up.

In the sixth two singles and an overthrow put Doc Smith and Allen on second and third, with two down A single by Burr would have evened the score but he failed to connect. In the seventh and eighth neither side got a man to first. The ninth opened with Doc Smith out, third base to first and Princeton backers had just about kissed their money good-bye when something dropped that brought their stock back to par and sent the fans wild with excitemen. Allen sent a grounder to the pitcher who juggled it long enough to make the runner safe. Two more errors by the short stop and Allen had scored and Almstrom and Burr occupied second and third. The latter attemtped to score on Van Smith's bunt but was nipped at the plate. Then Colton contributed the single necessary to tie the score. 3-3 Prest flied out to short.

Great work by Allen prevented Coalmont breaking the tie again in their half of the ninth. Pettigrew fanned. F. McMahon got a life on a questionable hit to the right foul line and stole second. Plommer grounded to Allen who held McMahon on second while retiring the runner at first. G. McMahon grounded to third and beat the throw to first, F. McMahon going to third. Baggy had a chance to end the game but grounded out, second to first and the play went into the extra series.

With Horn in the box for Coalmont Farrar grounded to second. Slevin singled over third and reached second on a passed ball. Doc Smith was hit by pitched ball. Allen lined one to short and an easy double retired the side. Coalmont failed to reach first in either the 10th or 11th innings. With one down, and Farrar on second Princeton had another chance to score in the twelfth but both Slevin and Doc Smith fanned.

Then came a ragged finish to a good game. Plummer, first up for Coalmont singled. A low peg by Slevin to intercept the steal to second travelled to the outfield and the runner was safe on third, a passed ball and he trotted over the plate with the winning run.

Strikes

How are you going to keep the crowd back and give the players a chance? Easy enough. Let the umps refuse to proceed with the game. He is not suposed to have any friends nohow.

The game will be played over again at Coalmont next Saturday. Don't miss it.

The only fellow who didn't get his money's worth on Sunday wasn't at the game.

In twelve innings Coalmont had only 4 runners left on bases, Princeton only 8. Double plays, Coalmont 1, Princeton 1. Earned runs: Coalmont 1.

Line-up as follows: Coalmont—Plummer, p.; F. McMahon, c.; G. McMahon, 1st b.; J. McMahon, 2nd b.; Pettigrew, 3rd b.; Cummings, s. s.; Baggy. l. f.; DeMers, c. f.; Horn, r. f. Princeton—Prest, p.; Van Smith c.; Dr. Smith, 1st b.; Farrar, 2nd b.; Allen, 3rd b.; Slevin, s. s.; Almstrom, l. f.; Colton, c. f.; Burr, r f.

Umpire—Geo. Pollock.

Score by Innings

Coalmont	0	0	0	3	0	0	0	0	0	0	1	—4
Princeton	0	0	0	1	0	0	0	0	2	0	0	—3

COALMONT NEWS

(From our own correspondent.)

All aboard for Coalmont on the 1st.

* * * *

Mrs. Thos. Bysouth returned on Monday from a short business trip to Vancouver.

* * * *

Mrs. M. McLeod, and her two children, returned Sunday from a month's visit with Mrs. McLeod's parents in Vancouver.

* * * *

Mr. and Mrs. W. Nelson motored down to Allenby and spent the week there, returning home Sunday.

* * * *

Miss Lily Pickthall came up from Princeton after the ball game on Sunday, and is visiting her sister, Mrs. Oxley.

* * * *

The Coal company is now operating 16 hours daily instead of 12 hours, an extra shift having been put on on Thursday night.

* * * *

Mr. and Mrs. Fred Parrish, who have been spending their honeymoon here, left on Saturday for Winnipeg, where they will make their home.

* * * *

Mr. Walter Holmes will return Friday, having so far recovered from his accident that he will be able to leave the hospital at Princeton, where he has been for the past month.

* * * *

On Monday afternoon, a couple of auto and motor truck loads of young folks went up to the lake at Tulameen for a swim. All enjoyed themselves hugely. From the present outlook there will be quite a colony of campers at the lake this year. It is an ideal place for fishing, boating and bathing.

* * * *

The Coalmont Baseball team went to Princeton to play last Sunday, and won to the tune of 4-3. It was voted by far the best game of the season. It was a very happy, noisy bunch that returned home in the evening.

* * * *

Latest reports from our bank manager, C. R. Malcolm, who is in Vancouver having his eye treated, are that he is getting along nicely, and will be back "on the job" before long.

P. A. B. LEAGUE SCHEDULE

July 2—K. P.'s vs. Masons.
July 9—Masons vs. Senior Boys.
July 16—K. P.'s vs. Boys.
July 23—K. P.'s vs. Masons.
July 30—Masons vs. Senior Boys.
Aug. 6—K. P.'s vs. Senior Boys.
Aug. 13—K. P.'s vs. Masons.
Aug. 20—Masons vs. Senior Boys.
Aug. 27—K. P.'s vs. Senior Boys.
Games to start at 3 o'clock sharp.

STOP GUESSING COMPETITIONS

Ottawa, June 26.—The Senate on Saturday gave the third reading to a bill to amend the Criminal Code in a manner forbidding, among other things, the conducting or taking part in baseball or football competitions by newspapers. The amendment to the code is as follows:

"Everyone is guilty of an indictable offense and liable to two years' imprisonment who induces any person to take or hazard any money or other valuable property or thing on the result of any dice game, shell game, punchboard, coin table or other like game of chance or mixed chance and skill, in which the contestant or competitor pays money or other valuable consideration."

In the discussion of the amendment it was stated that there were several newspapers in Western Canada which have been carrying on guessing contests as to the result of English football and American baseball matches, the scheme being so devised and worked as to render possible an escape from the existing provisions of the Criminal Code in regard to gambling.

MEMBER VISITS PRINCETON

W. A. McKenzie, of Penticton, member for this constituency in the local house, was in town a couple of days this week shaking hands with old friends and meeting new ones. No; gentle reader, there is not a provincial election on. Such visits used to be quite common and indicate the amount of interest a member of parliament takes in the district he represents.

In reply to an equiry by the Star re the approaching conservative convention Mr. McKenzie stated that each constituency would be requested to send 11 delegates and that these would be apportioned among the various locals. The number from this valley will probably be five including one each from Coalmont, Princeton, Hedley, Keremeos and Cawston. Like a true politician W. A. declined to express any opinion as to the main issue at the convention—the selection of a leader.

From here Mr. McKenzie proceeded to Hedley and Keremeos on a visit to the lower valley. Come again Bill; the oftener the better.

KEREMEOS BOARD OF TRADE CALL COMMUNITY MEETING

Keremeos, June 29.—A public meeting is called for Monday night, July 3, at 8 o'clock, in the Victory hall, under the auspices of the Board of Trade. It is hoped that all residents interested in the welfare of the community will be present, as many questions of vital importance to the district will be discussed.

The following pertinent questions will be asked the ratepayers at this meeting:

Do you want a highway between here and Vancouver? This means a lot to you.

Do you want electric light and power?

Do you want to help yourself?

Do you want to help the community?

Do you want a government municipal water control?

Do you want to own your own water system?

Do you want a better and shorter road to Cawston?

Do you want any roads opened that will help your part of the district?

Do you want a school conveyance for your children to go to school by?

Do you want the river dyked? (South side ranchers note.)

Do you want a clean river?

Do you want the fish and game in this district exterminated?

Do you want the same old railway service?

Cattlemen! Do you want shipping stock yards?

Do you want a pound law?

What are you doing to help?

Why not join the Board of Trade? Why not organize?

H. & K.

Russe'l Wells of the Penticton Ice and Cold Storage Company was in Princeton on Wednesday, on a trip which included the entire valley from Cawston to Coalmont. He was soliciting business and appointing agents for the high class products which they turn out at their big plant in Penticton.

H. & K., the initials of Holden and Kelly, original owners of the big refrigerating and cold storage plant, has been adapted as trade mark for the various soft drinks made and bottled on the premises. Manager Wel's also makes a specialty of cider and ice cream.

The superior quality of the products and the convenience of being able to secure them at Penticton has created a big demand in the Okanagan. The same will apply throughout the Similkameen one these products become better known. Insist upon "Purity" ice cream and H. & K. soft drinks.

PRINCETON PUBLIC SCHOOL

ROLLS OF HONOR

For Proficiency — Norma French, Peggy Cornish, Mary Herbison, Edward Almstrom, Gerald Burr.

For Deportment—Margaret Brown, Annie Gillespie, Edna Mitchell, Nan Steele, Geoffrey Cornish.

For Attendance—Evelyn Bell, Tom Boult, Jessie Ewart, Ethel Garrison, Gladys Wardle, Sadie McKinnon, Margaret Gellatly, Robert Herbison, Bernard Johnson, Gabriel Schulli, Mary Oreskovitch.

JUNE PROMOTION LIST
(In order of merit)

To Senior Four — Peggy Corinsh, Jessie Ewart, Pauline Marks, Clifford Avery, Jean Hall, Margaret Brown, Edna Garrison. Promotions on trial) —Ora Allen, Maurice Prest, Mike Oreskovitch, Olga Lukco.

To Junior Four — Mary Herbison, Gladys Wardle, Jack Gellatly, Mary Tappero, Annie Gillespie, Edna Mitchell, Duncan Campbell, Everett French, Harry Priest, James Muir, John Pesut. (Promotions on trial)—Margrethe Hansen and Ethel Garrison.

To Senior Three—Sadie McKinnon, James Cornish, Florence Meausette, Jean McDiarmid, Thelma Ekloff, Mary Howarth, Nick Oreskovitch, Clarence Johnson. (Promotions on trial)—Lena Darragh, Truda Broomfield.

To Junior Three — Annie Tappero, Nan Steele, Melville Young, Margaret Gellatly, Anne Hall, Olive Bromfield, George Ekloff, Mark Gregory, Bernard Johnson, James Brown.

To Senior Two — Harold Johnson, Lilian Mitchell, George Garrison, Evadne Parkins, Anna Swanson, George Lindsay, Frank Ioechini, Annie Mitchell, Gabriel Schulli, Lloyd Cooper (on trial.)

To Junior Two—Gerald Burr, Myrtle Garrison and Hugh McConnell, Arnold Wilson, Mary Oreskovitch, Beryl McDiarmid, Robert Swanson, Ellsworth Hansen.

To First Reader—John Ewart, Ernest Hampton, Mat Sarich, Frank Oreskovitch.

To Second Primer — Bunty Waterman and Geoffrey Cornish, Hugh Herbison, John Tappero, Lillian Johnson, Marshall Gellatly, Howard Garrison (on trial).

To First Primer—Men Chung, Emily Wardle, Pete Gregory, Noel Boult, Elfrida McDiarmid.

There was no train in from Princeton Monday night. Under the law, a train crew cannot be worked more than sixteen hours at a single stretch and the 16 hours expired Monday when the train on the return trip reached Chopaka, something over 20 miles from Oroville. The homes of the members of the crew are in Oroville, and yet, according to the declaration of those directly interested in reaching those homes, they are not permitted to run the train even the short time after the expiration of the 16 hours that it would require to reach Oroville. There were passengers on that train also who had the choice of camping out on the marooned train or making the run to Oroville in a speeder that was commandeered to convey the crew to Oroville. Tuesday morning the crew returned to the Chopaka via speeder and the belated train pulled into town some time during the morning. Great is the absurdity of some laws.—Oroville Gazette.

ORDER IN COUNCIL

Present:
HIS HONOR THE LIEUTENANT GOVERNOR IN COUNCIL.

WHEREAS by "An Act respecting Pound Districts" it is enacted that the Lieutenant-Governor in Council may, by Order in Council made public by notice in the British Columbia Gazette, constitute any part of the Province of British Columbia not within the limits of a municipality into a pound district;

AND WHEREAS under the provisions of this Act application has been made by proprietors of land in the Townsite of Hedley City, in the Similkameen Electoral District, in the Province of British Columbia, comprising all lands and included streets and lanes more particularly described as Blocks 1 to 20 inclusive, those portions of Blocks 23 and 24 lying west of Twenty Mile creek, Blocks 25 and 26 and the west half of Block 27 inclusive, as shown on the plan of Hedley City; Blocks 1 to 16 inclusive, as shown on the plan of the "Ready Cash" Mineral Claim, addition to Hedley City; Blocks 1 to 10 inclusive, as shown on the plan of the Eastern Addition to Hedley City, and Blocks 1 to 18 inclusive as shown on the plan of the Warremoo Addition to Hedley City to constitute the said District a pound district;

AND WHEREAS notice of intention to constitute such district a pound district was given in accordance with the requirements of the Act, and no objection has been made by any proprietor within the proposed pound district;

On the recommendation of the Honourable the Minister of Agriculture, and under the provisions of the "Pound District Act," His Honour the Lieutenant-Governor of British Columbia, by and with the advice of his Executive Council, has been pleased to order, and it is hereby ordered, that the Townsite of Hedley City be constituted a pound district.

J. D. MACLEAN,
Clerk, Executive Council.
Government House, Victoria,
June 16th, 1922. 32-2

Princeton Paragraphs

Miss Johnston was a passenger on yesterday's outgoing train for the coast.

Mr. A. S. Black returned Wednesday from Prince Rupert, where he attended the grand lodge A.F. & A.M. last week.

There will be morning service in the Church of England, Princeton, at 11 o'clock; and in the evening Rev. W. Govier will preach in St. John's church, Hedley, at 7.30 p. m.

Miss McCourt left yesterday to spend her vacation at her home at Nanaimo.

The annual Presbyterian Sunday school picnic will be held on Thursday afternoon next near Separation lakes. Cars will leave the church at 1.30.

Mrs. H. E. Hansen spent the past week end with friends at Hedley.

Misses K. Kirkpatrick and G. Young left on Saturday last to spend their holidays in Seattle.

Rev. and Mrs. R. Herbison and family left on Monday for a visit at Vancouver.

Mrs. E. B. Hall and children left on Sunday's train for a holiday visit at Half Moon Bay, on the coast.

An enjoyable impromptu dance was held on Wednesday night in the Parish hall as a farewell to the departing public school teachers.

Messrs. S. P. French, Sr. and Jr., of Vernon, were visitors by auto on Saturday last.

In the sixth game of the local baseball league series, yesterday afternoon, the Senior Boys defeated the K. P.'s by the score of 15—8.

The resignations of the entire staff of the Princeton school, with the exception of Miss McCourt, have been accepted by the School Board.

Mr. G. P. Jones, of Hedley, was in in town this morning on his return home from a brief visit at the coast. He was accompanied by Mrs. Jones, who has been spending some time at Vancouver.

Mrs. Grant, accompanied by her sons, Pete and Webb, left for her home at Cranbrook on Wednesday.

The annual school meting will be held on Saturday evening July 8th at 8 p. m. Every ratepayer should keep the event in mind.

E. Waterman and Barr Hall are spending the week at Mammoth Lake near Merritt. The lake probably got its name from the fish which these gentlemen catch there on their annual excursions. Full report next issue.

Entrance and high school exams finish today. In Princeton 23 have written on the former and 17 on the latter. Miss Carlson presiding over the high school exams and Miss McCourt over the entrance.

Everything is in readiness for the big celebration at Coalmont tomorrow. The committee have issued a generous list of prizes. Joe Wigmore (everyone knows "Joe") has been engaged as official announcer, and all indications point to a big time at the coal town tomorrow.

The sizzling weather of the past week has made bathing at Martin's Lake a popular pastime. Its distance from town—nearly three miles—is too great for the kiddies to walk and we would just suggest that owners of cars, who can still remember their own boyhood days, have it in their power to give the youngsters a real treat. Yesterday we saw a car, driven by a local doctor, returning from the swimming place with no fewer than 28 joyous little pieces of humanity abroad it.

Persons interested in the large deposits of Epsom salts near Oroville are hopeful of securing an increased customs tariff on that well known product, which will mean the profitable working of the deposits there. There are also large deposits on this side of the line near Osoyoos, from which large shipments were made during the war.

The absence of the usual June rains and the excessive heat this year is rapidly drying up the hills and ranges and creating, at a very early date, conditions favorable for forest fires. Should these conditions continue campers will require to be very careful and fire wardens very alert if disastrous fires are avoided. Stockmen with cattle on the ranges and ranchers with crops depending on rainfall are beginning to whistle.

BUSINESS LOCALS

FOR SALE — One heavy team, two yearling colts, 1 small cook-stove, 1 saddle, 1 children's saddle, 3 creamery cans, 1 tethering chain, bee hives. C. Cornish, Princeton.

FOR QUICK SALE—Cheap, 1 black team, weight 3000, good workers; also harness and wagons. J. Wilson, Princeton. 29-tf

STRAWBERRIES NOW ROLLING IN

FRUIT TREES SHOW THAT CONSIDERABLE DROP HAS TAKEN PLACE—MORE MOISTURE IS NEEDED.

Weekly News Letter No. 8, Horticultural Branch, Vernon, June 24.

District No. 2—Lower Mainland

June 21.—Dry and warm days with cool evenings still continue.

The strawberries are coming in and are in good condition. Honey district has shipped heavily this past week. Mission, Hatzic and other points are shipping steadily now.

Raspberries are doing fairly well and should be a fair crop.

Blackberries are showing a good bloom and prospects are for a good crop.

Loganberries are showing up better than anticipated.

District No.3—Okanagan

Vernon, June 23.—There is little change in regard to conditions from last week's report. All tree fruits are developing rapidly and it is now apparent in most tree fruits, that a considerable drop has taken place. This is not yet complete and on this account it is inadvisable to this week attempt to make a crop estimate. The conditions for this repart will be more favorable in another week.

Strawberries are now rolling heavily and there is apparently going to be a short crop of these berries owing to conditions and injury to plants through last winter and the dry weather prevailing over the past two or three weeks. Many of the later berries are showing up small and nobby and are of a poor grade.

All vegetable crops are coming along in excellent shape and such things as lettuce, onions, beets and turnips are now in strong evidence throughout the various stores of the town. Owing to the long dry spell we have experienced, hay crops without irrigation are going to be light. Grain crops under similar conditions are short and ebbing out prematurely.

Kelowna—Rather changeable weather has prevailed during the past week but no rain has fallen and the moisture question is becoming serious. Irrigation water will need to be very carefully conserved as it is reported none too plentiful.

A heavy drop is noticeable in most varieties of apples and in some the set was very light. Stone fruits excepting cherries have a heavy set and thinning is very necessary. In another week it should be possible to give a fair estimate of the crop.

Drouth Spot is causing a serious loss of apples in some orchards. So far it is confined to certain trees but the crop on these will be an entire loss. A few traces of Powdery Mildew and Scab have been noted but nothing serious. Bud Moth, Leaf Rollers and Green Fruit Worm have been a serious menace this year and the growers are spraying for their control.

The exceptionally warm weather has been very favorable for all ground crops which although delayed in starting, are now well advanced.

Early varieties of cherries are now being received in the packing houses. Royal Annes will move next week.

District No. 4—Kootenay and Arrow Lakes

Creston, June 20.—The continued hot weather has brought the strawberry season on with a rush. It started on the 15th with a couple of crates and on the 20th there is expected to be about 200.

Gooseberries have started rolling.

Apples apparently have set very well and if we get rain in the near future the valley will have as good a showing as last year.

Cherries are sizing rapidly and give promise of a fair crop.

Blackberries were in full bloom last week and no winter injury was apparent.

Aphis are becoming quite noticeable on the late growth and should be checked at this early stage in the young trees.

SUSPENDED SENTENCE

Found guilty of assaulting his wife and inflicting injuries to the extent of two fractured ribs, Pete Grant was, on Tuesday last, sentenced, by Judge J. R. Brown to one year in Okalla; sentence, however, being suspended in the interest of the wife and children, and pending the good behaviour of the accused. Mr. Lyons, of Penticton, conducted the prosecution and Mr. Patten, of Keremeos, acted for the accused.

CANADA'S MEMORIAL

The current month's issue of the Canadian Red Cross contains a photo of a model of the monument which the Dominion Government will erect in France in memory of Canada's honored sons who gave their lives for Liberty and who sleep upon the battlefields.

Decision has not been made as to site. It was at first proposed to build it upon Hill 62 but later considerations have inclined to Vimy Ridge. A further review of possible sites will be made before final choice. The following is the sculptor's description of the monument:

"At the base of the impregnable wall of defence are the defenders; one group showing the breaking of the sword, the other the sympathy of the Canadians for the helpless. Above —symbolizing the forces of war—are the mouths of guns decorated with olive laurels. On the wall stands an heroic figure of Canada brooding over the graves of her valiant dead. Below is suggested a military grave with helmet and military accoutrements. Behind the figure of Canada stand two pylons symbolizing the two forces —Canadian and French. Between these at the base is the Spirit of Sacrifice, who, giving all, throws the torch to his comrade. Looking up they see the figures of Peace, Justice, which they fought. These figures are chanting the Hymn of Peace. Displayed near the figures are the shields of Britain, Canada and France and on the outside of the pylons is the cross."

The memorial will be 135 feet high and 225 feet wide. The sculptor, Walter S. Allward, of Toronto, will personally supervise the work of casting all the bronzes and of erecting the monument upon its site.

The monument was chosen by a commission appointed by the Dominion Government. Competitions were invited and 160 designs were submitted. They were judged by a subcommittee of experts representing Canada, France and Great Britain. From the 160 designs seventeen were selected as sufficiently good to warrant the artists being requested to make models to scale. This was done and the choice of the monument to be erected was made after an examination of the models. Mr. W. S. Allward's design was finally accepted.

Mr. Allward is a sculptor with high artistic ability and has carried out some very striking designs, among them being the memorial to the fallen in the South African War which stands at the south end of University Avenue in Toronto. Towards the erection of the monument to Canada's dead in the Great War he will devote the best of his energy for as long a time as is necessary to make the work a great one and worthy of the high purpose for which it is intended. He estimates that it may take five years to complete it in every detail.

Ottawa, June 23.—Widowed mothers, in the discretion of the pension board, will include a mother deserted by her husband, provided that during such separation she was not aware of her husband's whereabouts and was not supported by him, according to an amendment to the Pensions act, moved by H. S. Beland, minister of soldiers' civil reestablishment, and passed in the house today.

Another clause adopted provides for the granting of a pension to a woman who married a soldier after he became disabled.

Section 11 of the act was amended to provide that any soldier who was discharged with a disability would be considered to be suffering from a disability attributable to, or aggravated by war service, unless the board could show otherwise. This amendment was drawn by law officers of the crown to cover the point raised in committee. A clause providing that a pension may be refused to one "who is immoral" was dropped, the objection being that people's views on morality differ.

LAND FOR SALE

THE SOLDIER SETTLEMENT BOARD OF CANADA

Offers for Sale by Public Tender: Pt. of Lot 1972, Group 1, Similkameen District, situated 5 miles from Hedley, B. C., and comprises 159 acres.

The terms of sale are 20 per cent. of purchase price in cash on acceptance of tender, the balance in not more than nine equal, annual instalments, with interest at 6 per cent. per annum.

Each tender must be accompanied by an accepted cheque for 10 per cent. of the tender offered. This amount will be applied on the 20 per cent. if the tender is accepted.

In the event of a tender of a returned soldier being accepted, no advances will be granted him for Stock and Equipment or Permanent Improvements under the Soldier Settlement Act, 1919.

Tenders will be opened July 17th, 1922.

The highest or any tender not necessarily accepted. If the land is not sold on the date above mentioned, the Board will be prepared to receive tenders to purchase until such time as it is finally disposed of.

Tenders should be in plain envelopes marked "Tender for the purchase of Parcel No. 116" and addressed to:

The District Superintendent, SOLDIER SETTLEMENT BOARD
Vernon, B. C.

Dated at Vernon, B. C., this 17th day of June, 1922. 32-1

Nyal's FAMILY REMEDIES

LOOK FOR THE DANDELION COLORED PACKAGE

REAL COMFORT

In summer the feet ache, perspire, feel damp and uncomfortable. Cool shoes and thin stockings help some some, but not enough.

If you want real foot comfort use Eas-em.

Dust a little Eas-em in hte shoes, sprinkle some the stockings. It absorbs moisture, and checks perspiration to a large extent. Then the feet are comfortable, do not swell, do not ache.

It's fine when breaking in new shoes, summer or winter. Makes them slip on easily, overcome friction at the pinching places, prevents formation of corns and blisters.

Sprinkle top cannisters 25c. Like everything else in the line of Nyal's Family Remedies this Foot Powder is right, highest quality, liberal quantity, reasonable price.

SYNOPSIS OF Land Act Amendments

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished but parties of not more than four may arrange for adjacent pre-emptions with joint residences, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and must make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued. due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LAND.

Provision made for insurance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

WHAT WAS DOING HERE
TWENTY YEARS AGO
From the Similkameen Star of Friday, June 28, 1902

Mr. A. R. Barrow is engaged in surveying a number of claims in Hedley camp.

Mrs. H. H. Pitts, of Ashnola, spent last week in town as the guest of Mrs. Lawrence.

Owing to a severe cold, Mr. Jack Budd has been confined to his bed under the doctor's care.

M. P. Stewart, of Ashcroft, and Jno. Clark, of Nicola, drove in from the latter place on Wednesday, and left the next day for Penticton. It is reported that their visit is in connection with the mail service to be established between this place and Penticton.

Mr. D. R. Young came in from the Coast last Sunday and left again on Wednesday. Mr. Young made it understood while here that most of the work at Ashnola would be suspended until it became definitely settled as to when the railway would commence construction into this district.

HEDLEY NOTES

Mr. G. P. Jones is in Vancouver on business.

* * * *

Golf enthusiasts are arranging to entertain Princeton players on the links here this week end.

* * * *

Messrs. J. Robinson and R. E. Baxter were business visitors to the coast last week-end.

* * * *

Mr. Wilkes has resigned his position as principal of the school here and left for his home in Vancouver.

* * * *

Finley Fraser reports a splendid trip and an enjoyable time while attending Masonic grand lodge at Prince Rupert last week.

* * * *

An auction sale of the stock and implements of Mr. E. O. Brooker, who has relinquished his farm purchased under the S. S. B., will shortly be held in Hedley.

* * * *

Messrs. John and Kirk Robinson motored to Princeton on Wednesday to meet their sister, Miss Kathryn Robinson of Moose Jaw, who will spend her vacation here.

* * * *

On Friday afternoon, the ending of the school year, Miss Mercer, teacher in the primary department, who has resigned her position, was presented with a set of beauty pins as a mark of esteem from her pupils. Parents and friends were in attendance. A short spicy program was rendered by the pupils and refreshments served.

THOMAS BROS. - Princeton

GENERAL MERCHANTS

OLALLA NUGGETS

(From our own correspondent.)

Charley Brewer came home from Oliver last Friday. He had been over there driving a team for the past two months. He says the railway grade is complete for some distance below Oliver and will be continued to the boundary alongside Osoyoos lake.

* * * *

Garney Willis had a close call when he got that kick from a horse a short time ago. It might have broken his jaw, but he does not remember whether it was a horse that kicked him or not. It might have been one of the cows or he might have fallen on a rock. Anyhow, he says he was unconscious and can't explain where the kick came from. As he says himself, he has nothing to kick about. He is almost convalescent now.

* * * *

A. E. Irwin and Billy Shuttleworth spent Sunday up at Twenty Mile lake. Fishing was good and they returned with about 100 lbs. of splendid trout. None of the catch weighed less than one pound and some of them must have weighed over three pounds. These trout are usually caught with a net, as they do not rise to a baited hook. Years ago when I spent summer after summer up their mining, there were no fish in the lake and we used it as a bathing place. It was old John Lodge and his partner, Walter Macdonald, who put the young trout in Twenty Mile lake several years ago.

* * * *

Gee! It is hot today! I have two thermometers, both in the shade. The one over running water touched 90 and the other said 94. But I didn't need a thermometer to tell me how hot it was. I was literally swamped with prespiration, which no doubt was good for me, as the doctors tell us it is a fine way to ged rid of poisons in the blood. If I dealt in exaggeration I might say that the sweat poured off my face in such streams that the mosquitoes were washed away as fast as they tried to alight on it and start to work. But I gave up exaggerating years ago. It is foolish and unbecoming. Newspaper correspondents never do it. Oh, no! But most people will agree that mowing clover and swatting mosquitoes at the same time is a hot and strenuous job, even in January when the thermometer goes 10 below. And this is weather that emphasises the delicious coolness of the ice-cold water of Olalla creek.

* * * *

At present Olalla looks like a very large orchard in full b'oom—just like Keremeos looks early in May. It is a pretty and unique sight, and the autoists who pass through seem to want to take it all in, as they turn their faces first one side and then the other in the endeavor to take in both sides of the road at once. It is the syringea (or mock orange) bushes now in full blossom about two weeks ahead of their usual time. Although the cows have been feeding off them ever since the green tender shoots came out it does not appear to have affected their blossoming thickly, and they now present a most attractive appearance as huge masses of snow-white bloom. Late in April we have a similar spectacle when the olalla bushes put on their virgin white spring mant'e, a few days ahead of the early cherries and peaches. But the olalla blossoms are soon gone, only lasting about a week, while the syringea bloom will still be in evidence two weeks from now.

Pete Williamson brought down some fine-looking copper ore from the Prince of Wales the other day. It was taken from one of the three small quartz veins that traverse the claim east and west. These veins are composed of quartz and lime and vary in width from ten to twenty inches, with a southerly dip. They seem to widen as they go down, but no great depth has been reached yet. Free gold has been found in some of these little veins, especially on the Sunrise, owned by Jerome Drumheller, of Spokane, who has the claim crown-granted and says he is going to work it when the camp opens up again and the long-talked-of railway spur is run up from Keremeos. Years ago I picked up specimens of quartz from the dump on Drumheller's claim which glittered all over with free gold. I believe small pieces showing specks of gold can be picked up even now.

* * * *

News? Well, good people, there is no news, and you all know that no news is good news. So I must do a little stunt of philosophising this week to fill space allotted to Nuggets. Your Keremeos correspondent is certainly not a philosopher, so the advice given to the bachelors of Olalla to "splice up" is as good as can be expected. All through its history of twenty years and more Olalla has been a bachelor stronghold, and it is safe to say that until recently bachelors comprised more than two-thirds of its population. Your correspondent may not understand that the real, genuine prospector must necessarily be a bachelor. Not for him are the comforts, the happiness or strifes as the case may be, of wife and home. It costs to keep up a home and raise a family these days. If he works all winter and saves a little money it is generally just sufficient to carry him through the summer in his search for the elusive "rich strike" out in the hills. Of women he sees very few, and if one of them should be attractive to him he has to remind himself that he must take his lucky strike befor he can even think of marrying. And once away on his quest the lure of the hunt for mineral overshadows everything else, even the desire to the love of the girl he left behind. And only the real prospector knows the alluring attractions of that hunt. He finds a ledge. The joys of anticipation are great and he drills a hole in the outcrop with the never-ending hope that the first shot will disclose pay ore. "Hope springs eternal in the human (prospector's) breast." And then there is another point to be taken into consideration in your correspondent's complait against Olalla's bachelors. The girl may have had other views. The prospector bachelor may be a nice sort of fellow, good looking, etc., but—not for her! So, as all philsophers are not prospectors, but all prospectors are philosophers, he takes his setback philosophically and goes back to the hills to court the good will of that fickle goddess, Forunte, his lifetime love, and soon forgets the fickleness of the eternal feminine as represented by woman.

* * * *

It is mosquito time now and no doubt some of our readers would like to get something that would keep them off, for a time at least. Here are two recipes. In order to obtain rest at night try the following:

Oil of citronella, 1 oz.
Spirit of camphor, 1 oz.
Oil of cedar, 1½oz.

A few drops put on pillow, or on towel near the bed-head.

Another preparation for the same purpose is:

Oil of lavender, 1 oz.
Alcohol, 1 oz.
Castor Oil, 1 oz.

This is not as unpleasant as the other mixture, and a few drops can be sprinkled on the face and hands and on a towel hung at the end of the bed.

CAWSTON NOTES

(From our own correspondent.)

Misses Hilda and Bernice Gibbs entertained a number of little girl friends at their home on Saturday afternoon.

* * * *

Miss Bayne, of the Girls' Industrial School, Vancouver, lectured in the Community Hall Tuesday evening.

* * * *

Murdock McIntyre left for Merritt Wednesday on business.

* * * *

Wm. Kinch received one hundred two months old White Leghorn pullets from Vancouver. All came through in fino shape.

* * * *

Mrs. W. L. Lockhart entertained a number of little tots on Thursday afternoon for her daughter Wilma, who celebrated her second birthday.

* * * *

Mr. Helmer, of Summerland, lectured in the Community Hall Tuesday afternoon.

* * * *

Fred Phelps and Maurice Kennedy of Fairview, were in Cawston Tuesday looking for cattle for the Southern Okanagan Land Co.

* * * *

Ole Olson, of Sterling Creek, is the guest of friends in Cawston.

* * * *

R. B. Sheridan, who has been working at the sawmill on the Fairview road, is spending a few days with his family in Cawston.

* * * *

A party of young people, including Mr. and Mrs. J. MacDonald, Mr. and Mrs. R. A. Whyte, and Mrs. T. Wright, were chaperoned by Mr. P. Madden at a surprise party taken to the home of Mr. and Mrs. A. Prentice, on Friday evening. Ice cream and other refreshments were served.

* * * *

Mrs. P. Madden and Mrs. Geo. Wainwright returned Friday evening from attending the Institute convention held at Kelowna.

* * * *

The Cawston company of Girl Guides spent Saturday afternoon as the guests of Mrs. R. A. Whyte. Ice cream and cake were served. Meetings will be resumed on the return of the officers in September.

* * * *

The regu'ar meeting of the Cawston Board of Trade will be held in the hall Tuesday evening. A large attendance is desired. Business of importance.
