Building of Section of Hope-Princeton Road to Roche River Urged by Trade Board

H. W. R. Moore Will Make Appeal at Victoria on Behalf of Local Board; Scheme Is Gaining Favor Throughout Province; Many Boards Endorse Resolution; Attitude on Big Bend Sought

A resolution urging the immediate construction of an important link of the Hope-Princeton road, to provide an outlet for mining activities at Roche River, by the Princeton end, was passed unanimously at Monday night's meeting of the board of trade, and marks a new venture in the board's policy on the much discussed highway question.

The suggestion is that even if the government cannot see its way clear to undertake the entire project at once, the immediate demands of this particular section are such that they cannot be overlooked.

The recent acquisition of the Red Star and Anaconda properties by coast interests represented by H. E. Wilmott, and the announcement of plans for the development of these properties this spring, has made such an outlet an absolute necessity, and the board considers that it is expedient that the government undertake this work at once. It would have the dual effect of providing means of transportation for this property, and at the same time would be a concrete step towards the completion of the last link of the Vancouver-Nelson highway, a project in support of which public bodies throughout a large section of the province have been enlisted.

These properties are situated about 30 miles from Princeton. Already a passable road exists from Princeton beyond Whipsaw Creek, and the work would involve construction of some 17 miles of new road. Should this be approved by the government, it would mean that half the distance of the survey between Hope and Princeton has been covered, and it is felt that the last gap would be bridged as a matter of consequence.

Copies of the resolution were forwarded to Premier Tolmie, Hon. W. A. McKenzie, Similkameen member, and Hon. N. S. Lougheed, minister of works. The resolution will no doubt be backed up by strong persuasions on the part of the property owners.

Another important move in the Hope-Princeton road construction program was the board's decision to take advantage of the visit of H. W. R. Moore to the coast some time in February, when he will visit Victoria in the interest of the board to do some effective lobbying among the legislators on this question.

Many in Favor

Meanwhile more and more outside suport is accumulating in favor of the project, and it appears to be only a matter of time when the mass of public opinion will practically build the last section of the southern trans-provincial road.

....A number of replies from various boards have been received. Pressure of space prevents publication of summaries of these and other interesting matter on the subject, which is reserved for a later issue.

DIRECT LINE TO PENTICTON FROM COAST IS COMPLETED

The recent completion of stringing of wire into Penticton gave the Similkameen electoral riding two direct lines to Vancouver by the service of the B.C. Telephone Company, which only acquired the Merritt-Kamloops-Princeton sector this summer as a result of the purchase of the lines of the government telephones.

The new Penticton line follows the Kettle Valley Railway from Hope, via Princeton. The new connection cuts off the long and circuitous route from Penticton to Vernon, Kamloops Merritt, and then to Hope, and allows for quicker connection, with no possible interference through other calls.

The new service was inaugurated just in time for Christmas, perfect connections being made when Penticton wished the coast a merry Christmas. Just a fortnight before the B.C. Telephone Company completed a direct line from Merritt and Princeton to Vancouver, via Chilliwack. Two lines have been completed from Kingsville to Merritt and thence to Kamloops.

NEWLY ELECTED PRESIDENT OF BOARD OF TRADE

W. A. Wagenhauser

BARKER PROPERTY UP GRANITE CREEK TO BE DEVELOPED

Development of properties up Granite Creek held by Messrs. Bysouth and Barker, is to be undertaken at an early date, according to J. J. Minnec, president of Valley Financial Securities Ltd., who outlined plans for the opening of operations on ten claims by a company known as the Coalmont Gold Mines, Ltd., which will shortly, he states, put its stock on the local market.

This would be the first attempt at lode mining on properties in this area, where placer operations have been carried on for some time, notably on the Andy Gordon claims. The properties are between Newton and Barker creeks, tributaries of Granite Creek.

The deal for the transfer of the ten claims was completed December 13, and already a force of eight men is at work, cleaning out three old tunnels, and preparing for a definite development program. A camp has been established in the old Cameron property, where buildings already existed.

It is planned to have a producing mine in eight months. Negotiations are now being carried on for the engagement of a well known engineer, who will be put in charge. The stock issue should be ready in two or three weeks. Field men will be brought in at once.

Of the three tunnels on the property, one is in to a depth of 500 feet, and it is on this that efforts will chiefly be concentrated. All three tunnels are being put in shape, cribbing and cleaning being done.

The chief attraction on the property is known as the Barker vein, which, Mr. Minnec believes, has already shown beyond a doubt good values in both gold and silver.

Mr. Minec has already been in communication with Hon. W. A. McKenzie and plans to have the district mining engineer, P. B. Freeland, make an inspection early in March, by which time the camp should be in good shape.

DANGEROUS CROSSING

The dangerous nature of the K.V. railway crossing a short distance east of Princeton on the Hedley road, was again discussed at the annual meeting of the board of trade on Monday evening.

In view of the fact that former protests made to the railway officials had failed to bring the desired results, it was decided to take the matter up with the railway commission direct, and the secretary was instructed to write accordingly.

Though we have received no official notice for publication, which might reasonably have been expected, we are informed that the Water Commission, J. E. Lane, chairman, is slated to sit at the court house, Princeton, next Tuesday, January 22, to consider the application of the Princeton Waterworks Company for a renewal of their rates schedule, an objection having been filed.

ROADS IN SHAPE

Princeton-Merritt highway will be kept open for motor traffic all winter if this is possible. The government snow plow started work from the Merritt end last week to clear the road, and the local snow plow is also at work from this end. Close watch will be kept on the One Mile section of the road.

With the winter half over and nothing but mild weather and light snow fall to date, little difficulty is expected in keeping the road open and in passable condition. If this is accomplished, it will be quite an achievement.

MARKETING ACT NOT SUCCESS AGREES COMMITTEE MEMBER

That, after two years' intimate experience with market control, he believed that the act was impractical and unworkable, was the frank concession of O. Hembling, a member of the Interior Committee of Direction, addressing the meeting of the Keremeos local of the B.C. Fruit Growers' Association in Victory Hall Friday night.

In his personal experience he had found, Mr. Hembling stated, that it was next to impossible to carry out the workings of the bill. With about 100 licensed shippers, evasions of the act on technical points were frequent.

The real solution of the problem, Mr. Hembling gave it as his opinion, lay in a single selling agency controlled by the growers themselves. This would remove all internal competition, and place the producer in a position to successfully meet competition from outside.

The speaker fully realized, he said, that this suggestion would be countered by the usual arguments "British rights," the charge of coercion, etc., but these charges were illogical and immaterial. In all legislation majority rule is recognized. Especially is this the case in civic by-laws, where one hears no grumblings of coercion by the minority.

Doubtless this problem will be thoroughly thrashed out at the annual B.C.F.G.A. convention now in session at Penticton, and for the sake of all concerned it is hoped that a satisfactory conclusion will be reached.

Mrs. H. Tweddle was appointed local director for 1929, and delegate to the Penticton convention.

E. M. Crooker, who occupied the chair, made a strong plea for better support of the association, pointing out that the B.C.F.G.A. was the only official organization of the fruit and vegetable growers and recognized as such by Dominion and provincial governments.

TO PRIVY COUNCIL

The Granby Company has been granted permission by the British Columbia court of appeal to carry to the privy council the appeal against the dismissal of mandamus proceedings taken last October against the West Kootenay Power & Light Company. Permission was granted on the provision that the Granby Company pays a higher scale of charges for power than has been in effect. The assigned rate was 1.05 cents per kilowatt, while the price of copper remains above 15½ cents per pound.

For the power company A. H. McNeill unsuccessfully sought an order making the new rate applicable to all power used since September last.

NOT DEAD; JUST DORMANT

Asked for a report of the committee on village incorporation at the annual meeting of the board of trade on Monday evening, Chairman Burr reported the various members of the committee were still at work collecting the data that had been assigned them.

The Christmas holiday, he explained, had held up the work as it was impossible during the festive season to get replies to letters some of which would entail quite a bit of work. He expected, however, that it would not be long now until the various members had their tasks completed and would be ready to report.

BANK MANAGER TO LEAVE

After a residence in Princeton for the past four or five years, F. C. O. Edwards, manager of the local branch Canadian Bank of Commerce, will leave Princeton with his family about the end of the month.

He will be succeeded by G. M. Harman of Kamloops.

During his residence here Mr. Edwards has taken an active part in public affairs. He was nominated for the position of secretary of the board of trade for 1929, and is a member of the board of school trustees.

Mr. Edwards' departure will necessitate a meeting of the ratepayers to appoint a successor on the board. His term normally would expire July 1930.

Mr. Harman is a Dawson old timer and a keen sportsman He and his family will occupy the house at present occupied by Mr. Edwards.

For the time being Mr. Edwards will act as relieving manger for Vancouver. His wife's health is the reason for his removal.

W. A Wagenhauser Heads Princeton Board of Trade

ELECTION OF VICE-PRESIDENT AND SECRETARY LEFT OVER UNTIL NEXT MONTHLY MEETING; NEW MEMBERS

At the annual meeting of the Princeton board of trade held in Secretary Gregory's office on Monday evening it developed that the only name placed in nomination for the position of president for the ensuing year was that of W. A. Wagenhauser and he was duly elected to lead the activities of the board for the ensuing year.

Two names had been posted for the position of secretary, those of Mr. Edwards and Mr. Gregory, but as the former is leaving Princeton shortly, and as the latter now finds his own work too exacting for him to continue to devote the time which the duties require, both asked that their names be withdrawn.

The election of a secretary and also a vice-president, a position for which no nominations had been posted, will be left over till the next regular monthly meeting when the various standing committees will also be named.

In quitting the chair the retiring president, Mr. E. E. Burr, briefly reviewed the work that had been accomplished during the past year and made a strong plea for greater and more united effort during the coming year. "Every business man in town should be a member of the board," he stated, and his suggestion that every present member be a committee of one to try and bring in new members for the next meeting is to be acted upon. Former members, who allowed their membership to lapse, it was agreed, may make a fresh start and will be enrolled on payment of dues for the current year.

Mr. Wagenhauser, in accepting the chair, thanked the members for the honor they had bestowed upon him and promised to fill the position to the very best of his ability. He anticipated that the coming year would be an important one in the history of Princeton, and that there were several important issue which would have to be grappled with. Outstanding among these was the shortage of houses in Princeton, adversely affecting our population, and in consequence the business interests, and the necessity of securing definite action towards the commencement of work on the Hope-Princeton highway.

A hearty vote of thanks was tendered the retiring officials.

New members elcted to the board were A. C. Bloom, S. R. Gibson, E. Thomas, H. H. Avery and R. D. Affleck.

E. E. Burr occupied the chair, with P. W. Gregory recording. Others present included W. B. Ewart, N. McFadden, A. Sorenson, J. A. Brown, W. L. Boult, O. Carlson, O. Johnson, W. A. Wagenhauser, Rev. J. C. Goodfellow, L. A. Dodd, H. W. R. Moore, Rev. A. J. Williams, H. C. McGuffie, G. G. Lyall and C. R. Watson.

COYOTE FALLS PREY

The "big coyote" that for some time annoyed East Princeton is no more. A well directed shot by Bob Taylor spelt his quietus last week, and a mangy specimen he proved to be. Still, Bob collected the $7.50 bounty which is paid by the government, and now East Princeton residents live in safety. A report comes from Allenby that a coyote or coyotes have been playing havoc with a local resident's hen house.

HOME BUILDING ASSOCIATION

Some concrete action toward remedying the house shortage at present existing in Princeton, and seriously affecting the growth of the place, may be expected.

The matter was broached at the board of trade meeting on Monday evening and there was considerable discussion on the feasibility of organizing a local building company to finace the building of a number of moderately priced homes.

The idea was for a syndicate to build a house; sell it to a home seeker, who could pay as much as he was able down and borrow from a loan company up to 60 per cent. of its value; the syndicate carrying him for the difference between what he could pay and the remaining 40 per cent. of the cost.

The shipping in of ready made houses was suggested but did not meet with much approval as it was felt that it would be much better business to patronize local lumber yards and contractors rather than send the money out of town. It was felt that by letting a contract for a number of houses, similar in type, that a favorable price could be secured from the contractor.

However, it was decided that that phase of the question was not one for the board of trade to grapple with and the initiative will be left to those public spirited enough, and in a position, to take the matter up.

YOUR ATTENTION PLEASE

The annual meeting of the Princeton Athletic Association is called for Tuesday evening next at the Hotel Princeton at 7 o'clock.

The removal from Princeton recently of several citizens who took a leading part in the work of the association has left the organization badly crippled as far as an executive is concerned and there is urgent need for the election of a new set of officials.

If you believe that the efforts of the association tend to liven up and benefit the town; if you believe that the opportunity for good clean, healthy athletics is in the best interests of our youth, then attend this meeting and lend all the assistance you can.

WINTER WORK SUCCESSFUL ON SEVEN DEVILS PROJECT

Construction work now being carried out on the Hedley-Keremeos road marks the first attempt of any magnitude that has ever made in the valley to carry out work of this nature during the winter months.

Can it be done advantageously? is a question which many residents have been asking.

Through the courtesy of Mr. A. D. Broomfield with his big, comfy car, and accompanied by Mr. A. S. Black, the editor visited the scene of operations last Friday and our impressions were that there is something to be said both for and against attempting to carry on road construction work with the temperature ranging from the freezing point to possibly the zero mark at times.

Where the ground is gravelly, rocky and dry, with a minimum amount of soil the frost appears to make but little difference, except that some of the larger and more firmly bedded boulders are harder to start. Where it is mostly soil it freezes more solidly and difficulty is experienced in breaking it up even with the heavy machinery in use.

For this very reason present operations are being carried on on a section of the road where it is high and dry and where there is a maximum of boulders and gravel and a minimum of soil. It is that section of road extending for several miles west of Ashnola bridge and including a long stretch of hillside and the portion commonly known as the "Seven Devils." The new route keeps a higher level in sweeping around the hill and only touches the present road for a short distance at the top of the climb. Instead of swinging south at the old Atherton ranch it keeps straight on on a higher level past the Seven Devils.

Many Boulders

This section of the bench land is thickly strewn with boulders and, naturally, clearing them off the roadway forms a large portion of the entire work. This is hand work, with the tractor and cable being brought into requisition in the case of the larger rocks. The proximity of the power line which the new road will follow closely at this point, makes it necessary to exercise the greatest care in the use of explosive. At that, it is claimed, the tractor is less expensive in dealing with the larger boulders than is the use of powder. A well equipped drill and compressor is available when blasting operations are necessary.

With this boulder strewn section of roadway disposed of, and with the advent of spring, more rapid headway will be possible as the splendid array of machinery that has been provided can then be brought into full use.

At the time of our visit the survey crew, under Mr. Latimer, had the lines run as far west as the Lawrence ranch adjoining Brushy Bottom on the west. The road is being built to the standard width of 18 feet and there will be no grades exceeding seven or eight per cent. When the road is completed from Princeton to Keremeos, Road Supervisor McKay claims that it will be possible for those, so disposed, to make the trip between the two places in an hour.

Judging from the splendid showing of work already accomplished in so short a time we have no hesitation in endorsing the decision to prosecute the work during the winter time. There is no snow to interfere and what minor difficulties and inconveniences are encountered, are more than offset through the benefit derived from furnishing employment to some thirty men, residents of the district, who might otherwise experience difficulty in finding remunerative employment at this time of the year.

NEW PRESIDENT ENTERTAINS

W. A. Wagenhauser, newly elected president of the Princeton board of trade, entertained the members at his home after the annual meeting on Monday evening.

The monotony of the board of trade routine during the present year, it is understood, will be varied with occasional lunches, served business men style and followed by brief discussions on topics of current interest. Visitors of note who may happen to be in town will be invited to attend.

Copper Mountain Still Winning Hockey Games

INTEREST IN RACE INCREASES AS PRINCETON SHOWS IMPROVED FORM; LOCALS AT ALLENBY TOMORROW

Copper Mt.	6	6	0	32-16	12
Allenby	4	2	2	9-14	4
Princeton	6	0	6	14-25	0

Copper Mountain's lead is increased to three and a half clear games at the end of the third week's play in the Similkameen Hockey League. Allenby sinks farther behind, and Princeton, despite two good efforts, is still without a win. Games of the past week; Allenby 1, Copper Mt. 5; Copper Mt. 7, Princeton 5; Princeton 3, Copper Mt. 4 (overtime). Next week's games: Friday, Princeton at Allenby; Monday, Allenby at Copper Mt.; Wednesday, Allenby at Princeton.

While Copper Mountain is far ahead as to be almost a cinch for first place, there is still plenty of interest in the race. The championship is divided by a post-season playoff, in which the two leading teams compete, irrespective of how many points one is ahead. Princeton is only two games behind Allenby, and the way they are playing these days anything may happen.

Princeton 3, Copper Mt. 4

To carry three home games into overtime, and yet to be without a point, is the fate of Princeton's fighting hockey club. Last night everyone had written down a win after a revamped local team had ran the Copper Mountain lads ragged for two periods, but old man jinx cropped up three minutes from the end, and the score was tied at 2-all. When Princeton took the lead after two minutes' overtime play, the home folks thought the can was tied to the jinx's tail, but it was not to be; Copper Mt. flashed in the equalizer and won the verdict 4-3, on a goal that they'll be talking about next July.

It was this way. Play was fast and furious, both defenses being fairly open. A blue shirt flashed in on Cadden, and there was a crack of sticks. The puck came back, and was whisked goalwards again, but was wide. In the meantime the goal umpire held up his hand for a counter on the first shot. Cadden swears the rubber was never in, and Referee Rubbra says he didn't see the play. So that's that.

It was a bitter pill for the home fans. The locals, fighting mad, tore through and penned the visitors in their own territory. Copper Mountain by no means took it sitting down, and while they were not allowed to settle into their best game, it was fascinating hockey.

McKinnon went off at the start. O'Grady was open, and dangerous. Princeton piled up on Richmond. Princeton crowded in, and sticks flew everywhere in front of the visitors' goal. Rhodes and Schisler off. Princeton's hopes were doomed when O'Grady and Drake went through to score half way through. McKinnon robbed behind the net and flashed in, but the equalizer came when Davidson skated the whole length of the ice, eluding man after man, to equalize after 40 seconds. McKinnon made a great effort. Players piled up in the Princeton net.

The second opened with a McKinnon rush and a potpourri of legs and sticks. O' Grady and Drake were through, Cadden making a great save. O'Grady found himself placed on a random pass. A puck bounded off Cadden's chest, and a scramble followed. McKinnon and Muir went in fast, the latter putting Princeton ahead close in, after Davidson drew a penalty. Richmond made a great save of a chance shot, and fell on another. Cadden saved a sure goal by poking away a Copper Mountain pass on the net. Drake drew a penalty.

McKinnon took the puck from the face-off to go in on the net. Muir batted in a hard rebound. Drake came in fast. O'Genski went off. McKinnon was almost through. Cadden saved a scorcher. McKinnon went through for a lightning shot. O'Genski got in a hard shot. McKinnon was breaking play after play by hard checking. Muir and J. Pesut went of. G. Pesut off. Davidson and Drake off. O'Grady took Rhodes' pass to equalize form the left.

Princeton swarmed in the first overtime, Davidson, Muir and McKinnon having good chances. Davidson scored. Pesut evened up a minute later. Rhodes and Wright off. Even play followed. O'Grady scored with less than two minutes to go.

Summary

First period: 1, O'Grady from Drake, 10 min.; Davidson, 40 sec.; Penalties—McKinnon, Rhodes, Schisler.

Second Period: 3, Muir from McKinnon. Penalties—Davidson, Drake.

Third period: 4, O'Grady from Rhodes, 18 min. Penalties—O'Genski, Muir, J. Pesut, G. Pesut, Davidson, Drake.

Overtime: 5, Davidson from Muir, 3:10; 6, Pesut, 1:00; 7, O'Grady from Drake 4:40. Penalties — Wright, Rhodes.

Referee—Rubbra.

The Princeton Star

PUBLISHED EVERY THURSDAY AT PRINCETON, B. C.

J. A. BROWN, Editor

SUBSCRIPTION RATES

British Empire, One Year $2.00
Foreign, One Year $2.50
Payable in Advance.

THURSDAY, JANUARY 17, 1928

CORRESPONDENCE

Editor, Star,
Princeton, B.C.

Dear Sir.—The committees in charge of arrangements for the presentation to Dr. Lee Smith, which took place on January 4th last, requests that you allow a few lines of your valuable space for the purpose of showing the statement of accounts in connection with that occasion.

Subscriptions received	$1107.00
Presented to Dr. Smith	$1000.00
Supper expense	$47.35
Rent of hall	7.50
Orchestra	16.00
Pocket case	2.50
Balance, handed over to Princeton Athletic Ass'n	33.65
	$1107.00

The committees desire to thank all those both inside and outside this district who gave so generously; also those who assisted in preparing the hall, supplying the music, and the hall itself.

With regard to the balance; the committee desires to state that when the statement was shown to the Doctor, he expressed a desire that the balance be handed over to the Princeton Athletic Association, the project which had always been his personal hobby, and to which he himself had devoted so much of his time and personal means.

A. D. BROOMFIELD,
Chairman Finance Committee.
H. L. COLLAS,
Chairman Entertainment Committee.
Princeton, B.C. January 16, 1929.

MINING NOTES

Gives Address

Van H. Smith, for some time in an important position with the Granby Company at Allenby and latterly engaged with a company of national repute, delivered a lecture in Vancouver under the auspices of the B.C. Chamber of Mines Friday night last. He spoke at one of a series of lectures given by the Chamber on concentration of ores by the oil flotation process, a subject on which he is conceded to be one of the best authorities. Mr. Smith had been visiting in Princeton, going down on Thursday's train.

* * * *

Know Nothing

The department of mines knows nothing of the reported resignation of Dr. G. T. James, resident government engineer in Prince Rupert, according to a statement issued by the department. It is reported in the north that Dr. James will join the staff of the Granby Company.

* * * *

Just Observing

There is no need for alarm at the laying off of a few men at the Wilson coal mine, it is officially stated. Mr. Wilson merely wishes time to make testing of several old prospects where he proposes to drive another tunnel.

Work is proceeding at the mine, the bridge rapidly nearing completion, though this is now overdue.

* * * *

No Announcement

Except that with payment of accounts being made, it was likely that wages would be paid the local employees in a day or two, there was no announcement forthcoming from the Lynden coal mine this week. It is understood that a reorganization is being made in the company. Meanwhile, the mine is not producing, but is being kept in readiness for an immediate resumption when difficulties are settled.

* * * *

Inspector Visits

Jno. G. Biggs, district inspector of mines, paid a periodical visit to local properties this week.

ANNUAL REPORT SHOWS ST. POUL'S CHURCH FLOURISHING

A year of progress will be reported by St. Paul's United Church when the annual meeting is held January 17. A markedly progressive move in this crusade of progress is the appearance of the first printed annual report, copies of which will be distributed among the congregation shortly.

The feature of the financial report is the successful effort to wipe out the church's indebtedness, which has been a faithful attendant of the church's history since its inauguration. Chiefly through the excellent work of the Ladies' Aid, the amount owing on the manse has been reduced to reasonable proportions, and the time is drawing in sight when the mortgage can be burned. The Ladies' Aid, which has in past years kept plugging away, this year raised $550 to wipe out a considerable portion of the amount owing on the mortgage. In addition, the special canvass among the congregation at Christmas time netted $202.00 which is applied to general expenses.

While a statement of assets and liabilities is not given, it is obvious that the church is in a generally healthy state, owning the church building, the East Princeton Church, and the manse.

With each of the centers in the church district—Princeton, Copper Mountain, Allenby, One Mile and Jura, contributing, the church was able to show a favorable balance of $80.02 for the year just closed.

Local Receipts Good

Princeton receipts totalled $2021.97, collections being $887.84. The choir contributed $196.35, the Ladies' Aid $575.00, the W.M.S. $35.78, the Sunday school $10.00, while proceeds from the rent of the East Princeton building were $125.00, and from the drive $202. Copper Mountain provided $246.05, the Ladies' Aid being the chief contributer. Allenby gave $110.75, the Ladies' Aid being the best worker. One Mile receipts were $16.60, Jura $9.05. Chief items of expenditure were the minister's stipend, the Princeton allotment under the church's maintenance and extension fund, which was $300, and the payment on the manse mortgage, which was $550.00. The above receipts do not include a $50.00 contribution from the Sunday school to apply on last year's deficit, nor the departmental allotment for the minister's stipend.

Church statistics show an approximate membership of 65, of whom 39 are resident in Princeton. There were 16 baptisms, 7 marriages and 18 funerals. Four communions were observed, the average number of communicants being 22.

The Princeton board of managers for 1928 was: chairman, A. C. MacKenzie; vice-chairman, H. B. Meausette; treasurer, H. Hunter; and managers, Messrs. J. Huey, H. Foster, and W. Stitt, and Mesdames W. Garrison, W. Foster and H. H. Avery.

The choir experienced a successful year under the leadership of H. Foster. In addition to assisting with the services by providing music for regular and special occasions the choir realized $76.35 on the spring concert and $120 on fall concerts at Princeton and Copper Mountain. The money was turned over to church funds.

Real Worker

The Ladies' Aid, however, was the banner organization locally. Led by Mrs. W. Garrison the Ladies' Aid did invaluable work both in extending the social service of the church and in assisting financially. Receipts reached the laudable total of $838.33. The executive was: president, Mrs. W. Garrison; vice-presidents, Mrs. J. Huey and Mrs. G. Allen; secretary, Mrs. W. Forsyth; treasurer, Mrs. N. McFadden. Thirty-one members were on the roll.

While less ambition in its social efforts the Women's Missionary Society did good work. The executive was: president, Mrs. J. A. McLellan; vice-president, Mrs. E. E. Hardwick; secretary, Mrs. L. Barton; treasurer, Mrs. H. B. Meausette. There were eight members on the roll.

In spite of lack of equipment the Sunday school did good work, with the young people's choir a distinct asset to the church. Following were the officers: superintendent, Rev. J. C. Goodfellow; secretary Lloyd Cooper and Hugh McConnell; treasurer and organist, Miss F. Meausette; librarian, Lillian Mitchell. There were six teachers. Receipts were $110.70, the balance being reduced by $65.92, chiefly through generous donations to church work.

Copper Mountain

The good work was extended into the district with good success, especially at Copper Mt. where church work was carried on by a board of managers including Messrs. W. Lindsay, F. J. Willway, Powell and Stalker. Services were held on alternate Tuesdays. The Ladies' Aid did good work with Mrs. W. Lindsay president, Mrs. W. Forshaw vice-president and Mrs. J. C. Truax secretary. The Sunday school, with Mr. Lindsay as superintendent, has 40 members on the roll. Mrs. Hughes conducts the girls' club.

Work at Allenby was a little disappointing, though, from funds on hand the Ladies' Aid were able to donate $100 to church work. Services were held on alternate Sunday afternoons at the home of Mr. and Mrs. E. E. Hardwick, One Mile. During the summer months services were held at Jura.

Owners of dogs are adviced that licences must be taken out immediately, otherwise said owners will be liable to summary prosecution. The same applies in connection with motor vehicle licenses. These may be obtained at the court house.

PRINCETON ASSESSMENT DISTRICT

Notice is hereby given that a Court of Revision and Appeal, under the provisions of the "Taxation Act" and amendments thereof and "Public Schools Act," for the Princeton Assessment District, respecting the assessment roll for the year 1929, will be held at Princeton on Tuesday, January 29th, 1929, at 10 o'clock a.m., in the Provincial Court House.

Dated at Penticton, B.C., this 10th day of January, 1929.

GEO. F. GUERNSEY,
Judge of the Court of Revision and Appeal. 10-1

DEPARTMENT OF LANDS

NOTICE

Application for Grazing Permits for the Season of 1929

Aplications for permits to graze livestock on the Crown range within any grazing district of the Province of British Columbia must be filed with the District Forester at Fort George, Kamloops, Nelson, Prince Rupert, Vancouver, or Williams Lake on or before March 31st, 1929.

Blank forms upon which to submit aplications may be obtained from the District Forester at the above named places, or from the Department of Lands at Victoria, B.C.

J. F. MADORE, Prop.

Fred Fryer, the able representative of law and order here a few years ago, and now residing in Vancouver, is spending a few days in the old town.

Princeton high school hockey team will play at Allenby tonight. Arrangements are being made to have the public school team play at Copper Mt. Thursday next.

Princeton Paragraphs

Alec MacDonald is spending a few days in town, up from Vancouver.

Jack Hume returned this week from a visit to Revelstoke over the holidays.

Rod MacDonald fell a victim to flu and spent the better part of the week in Princeton hospital.

Mrs. C. A. Bernard has been spending a few days at the home of her parents in Coalmont.

Born—In Princeton hospital, Jan. 11, to the wife of Mr. O. Bergeron, Copper Mt., a son.

"Judge" Murphy, evergreen Granite Creek old timer, is recovering from an attack of flu.

Born—In Prnciceton hospital, Jan. 15, to the wife of Mr. Jno. Howarth, Princeton, a son.

Mrs. Gerow has decided to leave her dressmaking business here and will remove from Princeton.

Miss Molly Kabstone, who has been visiting here, left Monday to resume studies at Crofton House school.

Automobile insurance is going up. Get yours now from Avery. A full cover policy at extremely low rates.-1

Miss E. McNaughton of Oliver, a graduate nurse of Kamloops hospital, has joined the staff of the local hospital.

P. W. Gregory returned this week from Victoria where he attended the annual convention of British Columbia surveyors.

Mrs. J. Wirth left Saturday to take up residence at the coast. Dr. Manson will occupy the house on Vermilion avenue she vacated.

Home brew, and home brew only, will comprise the Princeton hockey team for the balance of the year. Stan O'Genski and Dunc Quaill return to Nelson tomorrow.

A snap for somebody. How does this appeal to you? A Westinghouse 6-tube batteryless radio with speaker at $150.00 on good terms. Small cash payment. Princeton Garage Ltd. 10-1

Mr. Fred Demuth had the misfortune to upset his car on Friday last, when it skidded on the icy road. The only damage is reported to have been a broken window and a drained battery.

S. T. Larsen, who was well known here as provincial assessor for this district, and is now inspector of assessment districts, wa a visitor to Princeton this week, leaving by this afternon's train.

Twenty-five dollars down and the balance over ten months. If you live out of town we can give you a 6-tube Splitdorf battery set for this price. We install it. You think it over and act quickly. Princeton Garage Ltd. -1

Allan McDonald, formerly telegraph operator here, is in town from Revelstoke, where he is now employed. Allan had a good year on his orchard at Oliver. He is concerned about the illness of his aunt, Miss McDonald, here.

Mr. Gwyer, formerly road supervisor in this district, who was replaced by Mr. McKay when he was commissioned to take charge of the Big Bend road operations, has been appointed road supervisor for Prince Rupert district.

Mrs. Wagenhauer's many friends will be glad to know that she is now well on the road to recovery following a severe attack of inflamatory rheumatism which has confined her to bed for the past fortnight. Miss Wilson of Copper Mt. and Mrs. Bain have been in attendance.

A real old-time party was the order Saturday night when Mr. and Mrs. Jack Thynne were "at home" at their Burns ranch house. Over sixty couples attended, coming in from all points, and a wonderful time was enjoyed. The guests were full of praise for the hospitality of Mr. and Mrs. Thynne, whose receptions at Otter Valley a score of years ago were the talk of the Similkameen.

Open dates are hard to get in Princeton these days. A meeting of the athletic association was set for 8 o'clock next Tuesday evening, only to find that the regular monthly meeting of the hospital board and a whist drive in the Parish Hall were booked for the same date and hour. In order to work them all, in the hospital meeting will be held at 5 p.m. and the meeting of the athletic association at 7 p.m.

Mike Costello of Keremeos, a guest of the government at Oakalla for the past three months owing to slight infraction of the liquor law, was in Princeton the first of the week on his way home. Mike was in ill health at the time and in consequence was not required to perform the usual routine. He considered the experience quite interesting and suggested to the editor of this great family journal that we would be able to write a very interesting story if we were to go down there for a week or two. We'll have to think that over a bit first Mike.

CURLING AT COPPER MT.

Curling is away to a great start at Copper Mountain, where ten rinks have been formed, and are now engaged in deadly combat. Competitions will be arranged as the season advances, but meanwhile the wielders of the "stones and brooms" find plenty of fun in friendly bouts.

Following are the rinks, skips being named first: Roberts, Richmond, A. Anderson, Wigmore; Mahon, McGee, Truax, Gomm; Lakeland, G. Anderson, Stalker, Langridge; Colly, Ellsmore, Maxwell, Krug; Harris, Moore, Johnson, Corrie; Lindsay, W. Ward, Cook, Walstrom; Plecash, Fraser, G. Ward, Olson; Nelson, Goldsworhy, Cvetokovich, Sinclair; Powell, Hall, Willway, Pierce; Forshaw, Goudl, Miskovich, Gibson.

COPPER MOUNTAIN

Miss Alberta Johnson of Princeton is visiting her sister Mrs. Jas. Meldrum.

* * * *

Austin Truax returned to Britannia after spending the past week with his parents, Mr. and Mrs. J. Truax.

* * * *

Miss Jessie Lindsay returned to Vancouver where she is attending high school, after spending the holidays with her parents, Mr. and Mrs. W. Lindsay.

* * * *

Mrs. Guy Murphy entertained four tables at bridge on Wednesday afternoon.

* * * *

Mrs. Jas. Meldrum entertained a few friends at her home on Thursday evening in honor of her sister Miss Johnson of Princeton.

* * * *

Automobile insurance is going up. Get yours now from Avery. A full cover policy at extremely low rates.-1

* * * *

Mr. and Mrs. Larry O'Grady entertained the Copper Mt. hockey team at their home on Tuesday evening.

* * * *

Mrs. Watling gave a surprise party for her daughter Mary on Thursday evening. The evening was spent playing games, after which dainty refreshments were served at a long table prettily decorated and centered with a birthday cake carrying 12 candles, the occasion being Mary's 12th birthday.

* * * *

Mr. and Mrs. Dan Knezevech moved to Princeton this week and Mike Sardich will occupy the house they vacated. Mike, who was one of the bunk house fire victims and is well known both on the Mountain and in Princeton is to be married soon to a Vancouver lady.

* * * *

We are pleased to see our Walter back in the store after a siege of the flu.

* * * *

Everybody was sorry to see Scotty hurt in Monday's game and he is wished a very speedy recovery. The team is doing splendidly, having won every game and shown really brilliant play and combination work in all their games. Good luck to them in the future.

* * * *

School is away again with everybody working at full pressure and a good attendance after the holidays. The enrollment is the same as before the vacation.

COALMONT NEWS

The center of attraction these days is the skating rink. This is the first rink that has successfully got under way in Coalmont for a good number of years. A few of the boys got busy last fall on the site of a small rink that was commenced about six or seven years ago and latterly was turned into a tennis court. After an uphill fight ice was finally made, the sheet measuring about sixty feet wide by one hundred and twenty feet long. A meeting was called for last Thursday afternoon which was well attended. The Coalmont Skating Club was formed, George Clark being elected president, C. R. Malcolm secretary-treasurer. A committee consisting of Jack Dickson, John Strange and Jack Barton was appointed to assist the other officers in running the rink. Fees for this season were set at: men $2.50, ladies $1.00, children under sixteen $1.00, and a family ticket, entitling a man and his wife and children under sixteen to use the rink $3.50, general admission 25c. Tommy Bysouth has been engaged to look after the rink. The Coalmont Collieries had their electricians string lights over the rink on Monday, and the first real night's skating took place on Tuesday evening when quite a number came down from Blakeburn to join in the fun. Wednesday afternoon a number of ladies took to the ice under the guidance of George Nicholson who had been appointed to teach them to skate. A pleasant time was had by all, but several well known ladies will be eating their meals off the mantle shelf for a few days.

* * * *

Mrs. C. A. Bernard of Princeton is visiting her parents Mr. and Mrs. R. V. Shaw.

* * * *

Gilbert Prideaux is paying one of his periodical visits to Coalmont and Blakeburn. We want him to stay over for Rabbie Burns night, but he says it can't be done.

* * * *

Mr. A. D. Worgan, whose office and residence was burned down some time ago has moved his temporary quarters on the old site, recently finished by Mr. A. A. Price and Louis Marcotte.

* * * *

The Skating Club pulled off a dance at the Coalmont Hotel on Saturday evening on very short notice, with the result that expenses were not met. However, it is hoped that this deficit will be wiped out by the takings at future dances. It is expected that the club will run a few dances on pay nights commencing after next pay day, Jan. 26th, which is the big night of the year, Rabbie Burns nicht, at Blakeburn.

* * * *

Automobile insurance is going up. Get yours now from Avery. A full cover policy at extremely low rates.-1

* * * *

BORN—At Coalmont, Dec. 29, to Mr. and Mrs. W. Rossiter, a son.

* * * *

Reports from around Tulameen indicate that the trappers are meeting with beter success since New Year. Previous to that results were very disappointing in the district.

WOULD AID WELSH MINERS

At the annual meeting of the Princeton board of trade held on Monday Rev. A. J. Williams made a strong plea for the destitute coal miners in Wales and asked the board to use its influence with the Wilson interests to see if it could not be arranged for them to employ a number of these men when they begin operations in their coal mine here. He was strongly in favor of employing British in preference to aliens.

The board heartily endorsed the suggestion and the secretary was requested to take the matter up with Mr. Wilson at the first opportunity.

So acute is the distress among the unemployed Welsh miners that the Prince of Wales has made a personal appeal in their behalf, and the Toronto Globe has started a relief fund. There is talk of circulating a list locally in view of the deserving nature of the appeal, and also of the considerable number in this district employed in the coal industry.

The Globe concludes a strong editorial appeal by saying:

"Canadian contributions cannot solve the great basic problem behind the Welsh miners' plight. But Canadian gifts can and will help to tide them over till a larger remedy can be devised and applied. Indeed, such gifts will save few lives from actual starvation. Not many of the Welsh are dying from hunger alone. They are as yet just half-starved and half-clothed. Almost every family has a little clothing left. Almost every home is at least habitable, even if the furniture is all sold and the fireplace fireless. Almost every family is large enough to offset lack of bedclothes by huddling more closely together. Almost every child is sure of some food, for the school teachers are paying for a noon meal out of their own pockets.

"It is just that little children cry when they should be laughing; just that the cold winter feels a little more cruel to bare legs; just that weakened bodies succumb more quickly to the flu epidemic or to chronic diseases; just that the Red missionaries find it a little easier to sow the seeds of secret doubt in long-faithful hearts.

"Some Canadians will want to make the tragic period a little more hopeful."

CROVE FROM OROVILLE TO SEE HOCKEY GAME

Among the intensely interested spectators at last evening's hockey game were C. A. Powell and Art Bumgarten of Oroville, who made the 89 mile motor trip just for that purpose. They came via Osoyoos and Richter Pass and their time was just three hours and a half, which must be conceded pretty fair for the middle of January.

Commenting on the road construction work now under way on this side of the line, which will shortly mean a standard highway, from Princeton to the boundary line near Nighthawk, and with the likelihood of the completion of the Hope-Princeton cut-off to the coast in the not distant future, Mr. Powell says that the people of Oroville are well aware of the importance of having their section of the river road reconstructed in order to benefit, when the time comes, from the work on this side of the line. With a good highway on a water grade connecting the two places the running time would be reduced to about two hours or less.

Mr. Powell, who had not seen a hockey game in twenty years, but who remains none the less an enthusiast, and Art Bumgarten, better known to baseball fans, but a former associate of a number of our players who have made hockey famous, were both immensely pleased with the exhibtiion they saw here. We would liked to have seen Princeton win though, they remarked.

THREE ACCIDENTS

A regular shoad of winter sport accidents descended this week. Roy Carrington has been in the local hospital following a bad leg injury in the last Allenby game here. Scotty Craigen took a nasty bump from a flying stick Monday night, and is hors de combat with four stitches in a wound below the left eye.

The most serious, perhaps, is the knee injury young Derward Broomfield suffered when skiing near town Saturday, when he struck a rock. The wound, fortunately, while bad enough to confine this cheery lad to his home for a week yet, is not as serious as at first thought.

KEREMEOS NOTES

There have been a few cases of flu here but we are glad to say all the invalids are progressing favorably. Among the sufferers have been Mrs. Clarke, Mrs. Morilli, Mr. Beasley and Stanley and the Colwell children. Mrs. Roddick has gone to Hedley hospital for further treatment to the arm that she broke last fall. It has not mended as it should.

* * * *

Mr. Ben Williams returned on Thursday from a business visit to the coast. Mr. Gurney came in on Friday's train and resumed his duties at the school on Monday.

* * * *

Annual Meeting Victory Hall

Will all progressive citizens please taken notice that the annual meeting of the Victory Hall Society will take place in the Victory Hall on Monday, January 28th, at 8 p.m. There should be a large attendance at this meeting as we all get lots of pleasure and benefit from the hall and it behooves everybody to take an interest in it. The membership fee of the society is only fifty cents a year, for that one has the privilege of attending the annual meeting, electing the committee to run the hall for the year and voting on the various matters that come up in connection with the business of the hall. So everybody turn out on Monday week. The committee is planning a big dance for Valentine's day to celebrate the completion of the lining of the hall, etc.

* * * *

Madge East has arrived safely in San Francisco and has started her studies at the art school there.

* * * *

Mr. Robt. Armstrong, Mr. Harry Armstrong and Mr. Matheson arrived in town on Monday on their way to attend the B.C.F.G.A. convention being held this week in Penticton.

* * * *

J. W. Lewis, secretary of the Water Users' Committee, has received a letter from J. E. Lane, chairman of the Board of Investigation in which Mr. Lane states that he and the comptroller of water right will be in Keremeos on Wednesday, January 23, at ten o'clock in the forenoon to meet the water users. In accordance with Mr. Lane's request, a meeting is to be held in the Victory Hall on Wednesday, Jan. 23, at 10 a.m. and all water users are asked to be present.

* * * *

Last week we reported that an oldtimers' dance club was being formed. The club will henceforth be known as the "Pleasant Hour Club" and its object is to keep up the old time dances. The membership is limited to married people. The first dance was held on Saturday in the Orange Hall, about 36 people being present. The orchestra consisted of stringed instruments played by Mr. Gibbs and Mr. Cochrane. All the told time dances were on the list, quadrilles, waltzes, two-steps, three-step, minuet, etc., and everybody voted the venture a great success. There was plenty of fun, there were plenty of callers-off, plenty of partners and—no wallflowers.

* * * *

Tomato Growers Meet

The Keremeos Tomato Growers Association held their first meeting of the year on Monday night when contracts with the association were signed and plans for the coming season talked over. It is important that anyone intending to grow tomatoes this year should get in touch with J. W. Lewis, secretary, as soon as possible.

* * * *

The Women's Institute held its first meeting of the year Wednesday when members were enrolled and a program for the year drawn up. Publication of the annual report is of necessity held over until next week.

CAWSTON NOTES

Mr. and Mrs. S. R. Manery returned on Friday evening from Vancouver where they spent the past two weeks with relatives.

* * * *

Miss Hilda Gibbs returned on Wednesday via Penticton from Mission City and Vancouver where she has been visiting friends.

* * * *

Miss Rose Smith returned to New Westminster last week after being a guest at the home of Mrs. G. Wainwright. Miss Smith accompanied her sisters Misses Margaret and Mildred Smith of the teaching staff on their return after the holidays.

* * * *

Messrs. John and George Agar of Watrous, Sask., recently spent a few days visiting their father, Mr. G. Agar here.

* * * *

The young people of Cawston and Keremeos enjoyed Saturday evening in the Community Hall, in music and dancing.

* * * *

Mr. Frank Manery recently spent several days a guest at the home of his sister Mrs. C. Tickell.

* * * *

Mr. and Mrs. A. Dunnett and daughter Margaret returned to their home in Kelowna last Monday after visiting Mr. Dunnett's parents here.

* * * *

Miss Margreta Rooney spent the past week with friends in Penticton.

CAWSTON MAKES APPEAL FOR MORE DIRECT ROAD

Cawston, Jan. 17.—In the press we read of the improvements being done on our roads in the Similkameen Valley—and the contemplated diversions on highway between Keremeos and Penticton. One proposed change is the construction of a road via Yellow Lake at the enormous cost of $30,000. We read nothing about building a road between here and Keremeos, paralleling the Great Northern Railway. The Hon. Mc. McKenzie, speaking in the Community Hall here, previous to the last provincial election, said he would use his best endeavors ot have that road built.

It should be built. The item of hauling our apples to the packing house at Kermeos would justify its being built.

Last season upwards of forty thousand boxes of fruit were harvested and hauled via the high road to Keremeos packing houses that could be taken at a saving in cost of at least one and a half cents per box were that road opened up. Does the fault lie with the people of Cawston—not moving to have it built. We think so.

At an early date we shall endeavor to give you figures, together with distance and elevations on cost of building a highway through the boundary line via Cawston rather than by Yellow Lake, Penticton and Osoyoos. These figures will favor the Cawston route.

COPPER MOUNTAIN STILL WINNING HOCKEY GAMES

(Continued from page one.)

Allenby 1; Copper Mt. 5

Badly hit by injuries, and forced to play the same team throughout the entire game, Allenby played like champions for one period, but fell away under a terrific Copper Mountain onslaught, fed constantly by fresh and capable men and finally skated off home ice a badly beaten team, 5-1, Friday.

The game at the start was a real battle of champions, productive of the best hockey that has been seen locally this year. From the first whistle both teams opened up. Allenby was obviously well aware of the big task in hand, and there was a determined effort in their play. Individual and two man rushes were tried, Copper Mountain working in closer, Hogg, Rhodes and O'Grady being dangerous. Davis brought the fans to their feet when he skated clean through but was blocked. Craigen was working very hard, Richmond was forced to make a one-handed save. Hogg drew the first penalty. It was Sewell who got the goal that gladdened Allenby's hearts. He is possessed of a beautiful swerve and it was this that carried him past he lurching forms of three visiting players and in on Richmond after 13 minutes play, to bulge the corner of the net, high up. Copper Mountain uncorked some uncanny back-hand passing, indicative of great team play. Ollie Carrington was working like a terror, with his hook check spilling men all over the ice. Sewell drew a penalty.

A Big Edge

Copper Mountain was a different team in the second, They skated like fiends and simply tore through the home defense. O'Grady's shot all but caught Doran unawares. Half a dozen players piled on Doran, but he held on. Craigen went off. Doran left his charge to rob O'Grady. Carrington went off. Copper Mountain nearly scored when Doran missed the puck and three men piled on him. The goalie was more on his back than his feet at this period. Rhodes was edged off after skating through. Doran held the puck with two blue shirts on him. Play was fast and rough. Carrington went off. Pesut almost shoved Doran, puck, stick and all over the goal line. The inevitable goal came after 11 minutes play, and at so fast a session that play actually continued some seconds before the goal judge got his hand up. Craigen batted he rubber through.

Allenby rallied and all play ran from end to end. Rhodes got in a good shot from the side, and Richmond made a good save at the other end. Davis went through but was brought down. Copper Mt. swarmed through with Doran out, but Allenby contrived to clear. Goals were bound to come. A Copper Mountain tally was disallowed for charging. Rhodes got one close in and Craigen scored with a long shot.

The third was all Copper Mountain. Allenby were tired and disheartened, and Copper Mountain kept sending on fresh relays. It was only a question of how long the home team would hold out. Davis and Rubbra tried to revive the homesters with solo efforts, but invariably came to grief on the visitors' blue line. Doran had to fall flat to save from Rhodes. Hogg scored after 9 minutes play following a Copper Mountain sortie, and four minutes laer O'Grady took Craigen's pass to score. It looked to many fans as if O'Grady scored a minute later, but the goal judge did not give the signal.

Summary

First period: 1, Sewell, 13:00. Penalties—Hogg, Sewell.

Second period—2, Craigen, 11:00; 3, Rhodes, 5:00; Craigen, 4:00. Penalties—Craigen, O. Carrington.

Third period: 5, Hogg, 9:10; 6, O'Grady from Craigen, 4:00.

Referee—O'Genski.

Princeton 5; Copper Mt. 7

Four goals in ten minutes, after trailing by three or four goals all the way, were enough to send Princeton rooters into ecstasies and dyed in the wool Copper Mountain fans into shivers, but not enough to prevent the home team winning 7-5 when the rivals met on Copper Mt. ice Monday night. At that, it was Copper Mountain's closest call of the year.

Copper Mountain's vigorous start against an indifferent Princeton team was responsible for the story of five straight for each team, but different ways. Copper Mountain were three up in a little better than ten minutes, and it looked like the flood for Princeton. It was 5-1 at the end of the second, and it still looked like the black hole of Calcuta; and then it looked like chilli-peppers.

The opening minutes were cautious, but clever, individual sallies by Drake and McKinnon featuring. Play speeded up, and it was soon obvious that Princeton's defense was gaping wide. Rhodes slipped through to take a rebound and open the scoring at 2:50. Princeton checked well in center ice, but it was only three minutes before Hogg and J. Pesut came down in a beautiful rush to score the prettiest goal one could wish for, Hogg netting. A minute later Rhodes netted from an offside position. It was 3-0 when Quail's stick diverted a long roller from Hogg into the corner of the net. Copper Mt. was all over Princeton, and Rhodes and Hogg came near scoring. Davidson led the reds in a rush on the home net, and a grand pile-up followed. Quail was kept batting them out as Copper Mt. swarmed in.

The second opened at a faster gait, and it was scrappy hockey. A scramble in the Princeton net and a chance poke by Hogg at Garrison's shot, with nearly drastic results, gave thrills. Quail was at fault in clearing and Rhodes poked oue through on Drake's pass. Four goals down, Princeton tried drastic changes, and they worked. Davidson went back to defense, with Wright playing on the wing. The latter got down to business at once and beat Richmond with a surprise shot from well out, but Craigen countered this twenty seconds later taking a pass from Drake. Roberts came on and drove hard shots at Quail. O'Grady drove a terrific one at Quail. Rhodes took a nasty bump and was out.

Plenty of Goals

Starting four goals down, Princeton's third period play was a revelation. Rhodes was playing hard, and having a rough passage. Craigen made it 6-1 with a soft shot from the side, and almost repeated when he sailed in a minute later. It was fast and scrappy. Craigen drew a penalty, and while he was off Wright, manoeuvering neatly, gave McKinnon a good scoring chance, and he took it. O'Genski drew a major for throwing his stick. Muir just failed to get through. Copper Mountain's last goal came when O'Grady picked up a loose puck and in a melee P. Pesut scored. After this goals came thick and fast. Craigen was felled by Hogg's stick, and a minute later Hogg went off for cross-checking Wright. Wright again scored from five yards. Davidson took McKinnon's pass to net, and Muir passed to McKinnon, for another counter, but the clock nipped Princeton's belated rally.

Summary

First period: 1, Rhodes from Drake, 2:50; 2, Hogg from J. Pesut, 3:00; 3, Hogg, 4:20. Penalties, none.

Second period: 4 Rhodes from Drake 1:10; 5, Wright, 8:00; Craigen from Drake, 0:20. Penalties, none.

Third period: 7, Craigen, 6:00; 8, McKinnon from Wright, 1:40; 9, P. Pesut from O'Grady, 2:00; 10, Wright, 1:50; 11, Davidson from McKinnon, 1:05; 12, McKinnon from Muir, 0.55.

Penalties—Craigen, Hogg, O'Genski.

Referee—Rubbra.

Teams

Copper Mt.—Richmond; Hogg; J. Pesut; Craigen, Drake, O'Grady, Rhodes, P. Pesut, Kelly, Roberts.

Allenby—Doran; Davis, Rubbra, O. Carrington, Sewell, Hammond, Pyper.

Princeton: Cadden, Quail; G. Pesut, Davidson; Muir, McKinnon, Wright, Schisler, D. Muir, Garrison, O'Genski.

PRINCETON JUNIORS AND INTERMEDIATES WINNERS

Princeton 4; Copper Mt. 1

A brace of goals in each of the final periods was sufficient to give Princeton a victory over Copper Mountain in the first intermediate game of the year, played Tuesday night on Princeton ice. The final tally was 4-1.

It was good hockey, considering everything, and on the run of the game there were hardy three goals between the teams. Princeton's finishing, however, was much better, and two of the goals came as a result of sheer opportunism on the part of Mike Oreskovich. Then, too, Princeton's defensive work was very sound.

There was no scoring the first period. In the second, Princeton had a big edge, and the first goal came when Oreskovich snatched a pass to score from well out. Ken Garrison, who showed up well in intermediate company, got the second on a good shot from the side, well out. With the score 2-0 against them Copper Mt. came out to do or die, and gave the home defense considerable trouble. It was Princeton, however, who scored, Oreskovich skating in fast to bat through his own rebound. Copper Mountain reduced the leeway a few minute later on a melee, Pesut pushing the rubber through. Oreskovich laid down a pass to G. Pesut for Princeton's final goal. Pesut on defense wsa a tower of strength to Princeton. The game was hard at times amusing, and generally clean, only penalty being meted when P. Pesut and J. Muir tangled just before the end.

The return game will be played at Copper Mt. Thursday, Jan. 24.

Princeton—Pitt; J. Muir, G. Pesut; A. Muir, Priest, S. Garrison; Coles, Oreskovich, K. Garrison.

Copper Mt.—White; P. Pesut, Plecash; Stalker, Vickery, Johnson, Roberts.

Referee—Bobby McKinnon.

Midgets at It

Town midgets were in a scoring mood aaginst the West Princeton boys Saturday, and emerged on the long end of a 6-3 count. Maurie Garrison obtained a trio of counters, F. Caruso getting two and Roscoe Hanson one. Schulli (1)and Dewhurst (2) scored for the losers.

Town—W. Garrison; Gregory, Hanson; A. Caruso, F. Caruso, M. Garrison.

West Princeton—Mitchell; Schulli, Gellatly; McEachern, Dewhurst, Smith.

Referee—L. Cooper.

Real inter-city warfare will be waged when a team of Allenby boys under 12 years meets Princeton on local ice Saturday.

High School Lads Win

Junior hockeyists had a week of action. Allenby suffered another defeat here Thursday night 6-1, after leading in the first period 1-0. It was fast hockey, with Princeton having a distinct edge towards the end. Burr (2), Lindsay (3) and Garrison were Princeton's marksmen, while Almstrom got the visitors sole point.

Princeton trekked to Hedley Saturday, a picked high school team, including Williams, Joss and Almstrom of Allenby, vanquishing the home boys 3-0 . Princeton had a big edge, but the small rink cramped play. Burr (2) and Almstrom were the scorers.

The return game, played at Princeton Monday night, saw Princeton walk over Hedley 9-2. The locals were a bit too good for the visitors, and scored almost at will. Lindsay (3), Garrison (4) and Burr (2) scored for Princeton, H. Neill and R. Neill netting for Hedley.

Princeton—Cook; Vaydo and Plecash; Burr, Garrison, Lindsay, Oreskovich, Chung.

Allenby—Lawrence; Pitney, Williams; Almstrom, Joss, Stalker, Carter.

Hedley—Baxter; Winkler, H. Neill; W. Corrigan, T. Willey, R. Neill, F. Corrigan, J. Willey, Hambly.

A survey of current publications places the Family Herald and Weekly Star of Montreal in the lead for variety and quality of reading. Always recognized as a steady guide and counsellor to the farmer the survey proclaims it almost as equally popular in urban homes.

Mr. and Mrs. S. Manery and family of Cawston were in town on Friday, en route home after spending a holiday at coast points.

FINAL SWEEP
of the big clean-up sale of
Princeton Departmental Store
This sale positively closes **Saturday, Jan. 19th.** In a big effort to cut our $50,000 stock in half we are continuing our relentless war on prices. Goods literally thrown at you in our endeavor to reduce surplus stock before stock-taking, and to make way for the arrival of new spring goods.
