Would Arrange to Supply Power To Keremeos District Says Campbell

West Kootenay Manager Here to Confer With H. C. Smith on Increased Power Supply for Granby Company

Increased power supply for the growing local demand was the reason for a visit here last week-ened by Mr. Lorne A. Campbell, general manager of the West Kootenay Power and Light Co., Rossland. The demands of the Granby operations and of the as yet unsupplied lower valley are the foremost consideration.

The happy settlement of the celebrated rates dispute was officially cemented by the conference between Mr. Campbell and Mr. H. C. Smith of Allenby, general manager of the Granby Company's local operations. They discussed additional power supply in consideration of the increased scope of operations at the local copper mines and concentrating plant.

KEREMEOS POWER AVAILABLE IF WANTED

Discussing with President W. A. Wagenhauser of the Princeton Board of Trade the matter of power and light supply for Keremeos and Cawston, for some time a vexed question in the eye of the lower valley, Mr. Campbell stated that there was no real reason why, with a little consideration, this territory could not be looked after.

Lack of initiative among the residents themselves rather than offishness on the part of the power company was the real reason why these communities were without power when high voltage lines passed through their limits, said Mr. Campbell in effect.

Mr. Campbell stated that he would be only too willing to meet with Associated Board of Trade delegates here to discuss the matter, and that he was sure they would find his company's terms reasonable.

"Nothing would please me more than the advancement of these communities through the supply of power for lighting and irrigation purposes," he said.

A reasonable guarantee and an ordinary return on its investment would be all his company would demand. The cost of putting in a transformer station to step down the current to the necessary voltage would be considerable but this was by no means out of the question. The company would be quite willing to undertake this providing it could be assured of reasonable interest on the investment.

This work, however, must be done carefully and well to ensure against trouble which would endanger the supply of power to the company's chief consumer in this territory, the Granby operations at Allenby and Copper Mt.

"So long as we had some guarantee that we would get sufficient revenue to pay interest on the capital this work involves, and to provide some margin for a sinking fund, we would not mind supplying the power gratis, in consideration of the benefits to the district."

"You may tell your boards of trade that the West Kootenay Company is right behind any scheme based on these lines that they care to submit."

President Wagenhauser, who is to convene the inaugural meeting of the Associated Boards of Trade council of the Similkameen shortly, stated that this matter would be one of the first to receive consideration of the amalgamated trade boards.

A NOTABLE MOUNT

Joe Rotherham is displaying a finely mounted golden eagle, a bird with a history. It was this bird which was found dead on the John Cosgrove ranch, near Hedley, in May. One leg was securely caught in a steel trap, to which was attached a heavy pole. It was presumed that the bird had flown until exhausted. The plumage is in excellent condition, and there are, naturally, no bullet marks.

FUNERAL HELD OF LATE COALMONT RESIDENT

The funeral was held Friday afternoon from St. Paul's Church, Rev. A. J. Williams of St. Cuthbert's Anglican Church officiating, of the late Mrs. L. Nelson, wife of Albin Nelson of Coalmont. It was largely attended. Remains were interred in the local cemetery.

Pallbearers were Ed. Hayes, Wes. Ramsay, Jno. Holmes, Andrew Stenvold, A. O. Johnson and Oscar Lind.

Floral tributes were as follows: Pillow—Father and Family; Glass—Tipple employees of Coalmont Collieries; wreaths—Power house Coalmont, Theresa Johnson and family, Algot Larson and family, Mr. and Mrs. H. Ahlson, Mother and John Holm, Mr. and Mrs. J. Carlson, Mr. and Mrs. Alex. D. Broomfield; basket—Princeton Lodge Scandinavian Fraternity; sprays—Brother Arvid and Sister Nanme, Mr. and Mrs. W. McKinnon, Mr. and Mrs. G. Murray, Hjaemar Nelson, A. O. Johnson, Mr. and Mrs. Stenvold and family, Mrs. Steele and Mrs. Knudson, Mrs. C. Berquist, Mr. and Mrs. E. Hayes and family, Mr. and Mrs. A. Gustafson, Mr. and Mrs. W. Rossiter, Mr. and Mrs. Ch. Green, Ligne Linedguist, Mr. and Mrs. C. MacKay Smith.

SIMILKAMEEN TEAMS WIN FIRST AID HONORS

Similkameen teams did well in the first aid competition at Merritt Labor Day. Blakeburn carried off major honors, taking first in both five man and three man events; Coalmont and Princeton each secured a second.

Results were: Five man: 1, Blakeburn, 2, Merritt and Coalmont, tie; Three man event, 1, Blakeburn, 2, Princeton.

Balkeburn school children put on a display thta attracted the plaudits of a large crowd, and made a very favorable impression.

First aid is making real strides in the Similkameen as evidenced by the success of the meeting, and no loss by the July 1 competition at Princeton.

The Merritt competition was in charge of J. C. Biggs, with Dr. A. F. Gillis, Dr. J. J. Gillis, and Dr. C. Silk as judges. Mr. Biggs was recently an official at the East Kootenay competition held at Fernie.

The Princeton team was G. Callahan, A. Rintoul, W. D. Nicholl, H. Allan, with R. B. Lindsay as patient.

ONE MILE RESIDENT TAKES OWN LIFE

Robert Dixon Found Dead on Bed With Gun in Hands

Living a lonely life, and faced with the prospect of becoming blind, Robert Barr Dixon, 70, a resident of the One Mile district for upwards of twenty years, took an easy exit from his cares some time in the latter part of last week. Suicide, at least, is the theory held by the police and Coroner Dr. D. McCaffrey, who considered the circumstances so convincing that it was decided to dispense with the usual inquest.

Mr. Mathews, a neighboring rancher, was in the habit of making purchases for the late Mr. Dixon when he motored to Princeton; and occasionally Mr. Dixon came with him.

Wednesday of last week Mr. Dixon asked Mr. Matthews to bring him some coal oil. It was a recognized custom for articles bought for Mr. Dixon to be left on a bench under the Matthews' house, Mr. Dixon coming for them.

As Mr. Matthews was preparing on Saturday to make another trip to Princeton he went to the bench to see if Mr. Dixon had any message.

When he found the coal oil still there, Mr. Matthews became somewhat alarmed, and went with Mr. Oxley Hardwick, another neighbor, to investigate. They found the Dixon house locked, and, peering through the window, they perceived the form of Mr. Dixon on the bed. Their knocking failing to draw response, they came to Princeton and notified the local provincial police.

Constable W. J Thomson proceeded to the scene and the door was forced. They found the body of Mr. Dixon reclining on the bed, one hand grasping a 12 guage single barrelled shot gun. There were no signs of a struggle.

WAS WELL KNOWN

The late Mr. Dixon was a familiar figure. He came to those parts many years ago and had a small ranch at One Mile, a few miles from the town.

A son, Rev. George Dixon, resides in the family's native Banffshire, Scotland, where the late Mr. Dixon was himself once an ordained minister. Percy Rowlands has been named executor of the estate.

The funeral was held Tuesday.

SIMILKAMEEN PEOPLE ENJOY LABOR DAY PROGRAM

Labor Day in Merritt again proved a big attraction to Similkameen folk, Princeton people attending in large numbers. Blakeburn and Princeton and Coalmont did well in the first aid, but Blakeburn were ousted in the first round of football play, the only Similkameen team to compete. Merritt won the football competition, and also the baseball game, beating Spence's Bridge 3-1 in the former and Kamloops 14-12 in the latter. Athletic sports and a dance, with the usual midway attractions, were also enjoyed.

INJURED IN RUNAWAY

An old fashioned runaway took place on Bridge street Tuesday, when a Chinese vegetable peddler's horse became frightened and bolted. The animal was soon stopped, but not before he Celestial had received injuries painful enough to require his being taken to hospital.

School Population Up as Fall Term Is Entered

ENROLLMENT HARDLY AS LARGE AS EXPECTED HOWEVER

Though the enrollment was slightly higher than at the corresponding period last year, and though there were indications that the average actual attendance during the ensuing months of the present school year would show an increase over last year's average, there was nothing phenomenal about the registrations at Princeton schools when they reopened Tuesday after the summer vacation.

Public school enrollment to Wednesday night stood at an even two hundred, with the high school total 48. It is likely taht a few more will enter public school, and the for the first time in history the high school is almost certain to top the half century mark this year. This brings the local high school into a position of considerable importance.

EXPECTED BIG INCREASE

The enrollment figures will no doubt come as a mild surprise to many, who noting what is generally supposed to be a considerable influx of new citizens, and judging by the scarcity of houses, were expecting a big increase in total registrations.

This total includes several East Princeton students, the school at that place having been ordered closed by the department of education.

RUNNING BUS

The high school enrollment is again augmented by the attendance of a number of Allenby students. This year a school bus is running, with Eddie Anderson the driver.

Enrollment by divisions at Princeton schools:

Div. 1—Grade 8		14
	Grade 7	19
Div. 2—Grade 6		21
	Grade 5	21
Div. 3—Grade 3		23
	Grade 4	24
Div. 4—Grade 3		15
	Grade 2	29
Div. 5—Grade 1		34
Total		200
HIGH SCHOOL—Grade 9		24
	Grade 10	17
	Grade 11	7
	Total	48

NEW SCHOOL

Copper Mountain's fine new school was opened this week. It has two class rooms and a science room.

MERRITT FOOTBALLERS WIN

Merritt footballers again carried all before them in the Labor Day football tournament at the Nicola town Sunday and Monday.

Similkameen teams did not make a very strong bid for honors. Copper Mountain had planned to enter, but had to call off at the last moment, as arrangements for getting off work could not be made.

BLAKEBURN 1; SPENCE'S BRIDGE 2

Blakeburn, considering the weakened team, gave a surprisingly poor display Sunday and were ousted from the competition in the first round by Spence's Bridge Sunday. The score was 2-1 in a contest that was close enough, but which hardly provided the thrills expected when a team beats the coal heavers.

MERRITT 3; SPENCE'S BRIDGE 0

In the final game Monday Merritt had little difficulty whitewashing Spence's Bridge to win handily 3-0. They held the upper hand at all times. It was rather dull football for a final, according to spectators, neither team putting up much of a display.

MAY MEET PRINCETON

Merritt is angling for a game with Princeton. It is more than likely that a home and home series will be arranged before the season ends.

The Nicola boys have done very well this year, and a real attraction is promised, as Princeton are stronger than at any time this year.

DOWN TO 29

Rain and cold weather fell upon the Similkameen like a pall at the week-end, and the wettest and coldest week of the summer was experienced. Considerable rainfall was recorded early in the eweek, while high winds were prevalent, with occasional electrical storms. Temperatures dropped and humidity rose. The lowest temperature of the week was Tuesday morning, when four degrees of frost were recorded. From 90 to 29 in five days is fairly fast work, but by no means a record. Forecasts are for warm weather.

The Star takes this opportunity to correct the advertisement under the name of Dr. Butler. Through a misunderstanding this was made to appear in the form of an advertisement rather than a professional card.

PETITION CIRCULATED TO REOPEN SCHOOL AT EAST PRINCETON

A petition demanding the reopening of East Princeton school, closed by order of the department of education, is being circulated in the Princeton school district. The petition points out that there are some twenty children deprived of proper school accommodation by the department's decision, and asks that the decision be changed.

At the annual ratepayers' meeting here, protest was lodged and a resolution framed asking the department to maintain the school, seemingly, however, without effect.

ASHINGTON PRESIDENT WELL PLEASED WITH PROGRESS

A pleasant function took place Saturday evening when the employees of the Ashington Coal Company and their wives gathered at the Princeton Cafe, the guests of Manager Edward Floyd, to bid farewell to Mr. Dawes Pollard, who has been obtaining practical experience at the local property while on vacation from the Decorative and Applied Art School, Vancouver.

The event also provided an opportunity to meet the president, Mr. J. W. Irwin of New Westminster, who motored up for the ceremony.

In an address that reflected the jolly mood Mr. Irwin was in, no doubt because of the pleasant surprise that had awaited him when he inspected the company's workings, Mr. Irwin expressed genuine pleasure at the progress being made, and appreciation on behalf of the directors of the efforts of the local staff. The company, he said, had been fortunate in securing the services of Mr. Floyd, under whose management progress had been made beyond expectations.

He predicted that within six months the Ashington coal mine would be shipping 300 tons of coal daily, a market for which was already being secured.

The company, had, he said, secured every assistance and advice from the government, though the local member, Hon. W. A. McKenzie, minister of mines; from the president of the local board of trade; and in fact everybody in Princeton.

There had been, of course, those scrupulous ones who thought the new comers had more money than sense, but developments were now reaching the stage which vindicated their judgment in this investment.

Mr. Floyd acknowledged Mr. Irwin's compliment, and passed the praise along to his able assistants and employees, notably Mr. P. Carr. The people of Princeton had helped considerably. Co-operation would make this a mine.

Mr. W. A. Wagenhauser assured the gathering that the board of trade, which he represented as president, were naturally deeply interested in the success of any mining venture in their midst, and were anxious to assist in any way in its development, and indeed for the development of any industry which would benefit the Similkameen. He was personally convinced that Princeton would "make good," and believed that Mr. Irwin and his New Westminster associates would never regret their local venture.

"We are in bad way for houses for your people and others woh are coming to our town. It is a vital problem," said Mr. Wagenhauser.

"If when you get back you can interest any of your friends in advancing the capital to build houses here you will be doing the town a real service, and providing themselves with a real money making investment.

"As the only public body in Princeton at this time, everybody comes to the board oftrade, everybody comes to us with their troubles, often matters over which we have no control, and in which we are really not concerned; but we realize our position, and even in those cases we do our best to help along.

Mr. Pollard was thanked for his services, and wished every success He replied appropriately. Mr. P. Carr was also a speaker.

TO DEMONSTRATE FASHIONS

Mr. D. Tuer of the Consolidated Garments Limited will arrive here next Wednesday afternoon, Sept. 11, and remain here until the following day at 10 o'clock and will have on display at the Princeton Department Store a full line of ladies' useful fall and winter suits, coats and dresses, the very latest fashions from New York, Paris, London and Montreal. Mr. Tier recently had charge of the fashion display given at the Vancouver Hotel during buyers' week when his firm's samples created wide admiration. For the convenience of customers who cannot come during the day this store will remain open evenings when Mr. Tuer will be present. **

FIRES SUBDUED

Drenching rains, the heaviest in weeks, and generally lower temperatures and increased humidity brought great relief to the local fore fire situation over the week. There is not one really bad fire at this time, and danger appears to be over at last for the season.

Humidity was over 50 today. There are a few fires still smouldering, and a few men are still employed to watch the most threatening fires.

DEMONSTRATES BAKING POWDER AT LOCAL STORE

Miss L. Rowell, a domestic science expert, is giving a demonstration of cooking at the Princeton Departmental Stores all day tomorrow, Friday and Saturday. Everybody is cordially welcome to witness the simplicity with which wholesome palatable and attractive cakes, cookies and biscuits can be prepared. Miss Rowell, who is a graduate, will be glad to answer any questions about domestic science or household problems in general. Cook books will be given away free of charge. **

Extensive Plans Made for Banquet

Footballers of Valley Will Gather Here Monday

Elaborate preparations are bemade for the Footballers' Banquet which will mark a new epoch in the history of sport in the Similkameen, Monday night. A promising program is being lined up, and everything points to a memorable affair, the first of what is proposed to be a series of annual banquets.

BIG AFFAIR

The gathering will be a footballers' banquet—and more. It will be a gathering of all sportsmen, and all interseted in sport, in the valley. It will take the form of a supper and entertainment and ladies will be present in as large numbers as men.

Strong committees have been lined up for the affair, and these will get down to real work in ample time. A number of noted personalities are expected to attend, with strong contingents promised from Coalmont, Blakeburn, Copper Mt., Allenby, Hedley, and possibly Merritt.

The gathering should do a great deal not only for football and sport in general but for better understanding in general among the different valley towns.

The program is printed opposite, subject to amendments. It will be an affair no person can afford to miss. Dancing will follow the entertainment.

Mrs. R. M. Irwin wishes to announce the beginning of her class in music. Anyone wishing to enroll will please do so before Sept. 15th. 43-1

Road Mishaps Put Lines Out Twice in One Day

Twice on Tuesday, August 20, as the result of road mishaps, Kamloops was cut off from telephonic communication with Vancouver, and nine other long-distance circuits and a number of local lines serving Haney subscribers were put out of order.

At 4 a.m. a five-ton truck skidded from the highway about one-half mile east of Haney and crashed into a telephone pole, breaking it off at the base. That afternoon at 4:30, a road gang cut down a large tree about four miles east of Haney. It landed on the telephone lines, tearing down one pole and putting all circuits carried on it out of commission.

In both cases telephone men made speedy temporary repairs to restore service.

An Automobile Road From Princeton to Hope For $50,000

The Coalmont and Tulameen people say they can make a passable road for that amount. As there are several producing mines on the proposed road, the scenery everything that could be desired, there is no reason why Princeton should not support it, as it will not interfere with the Princeton-Hope route.

COPPER MT. BASEBALLERS WIN AT PENTICTON

Interesting Game Results in 4-1 Victory for Visitors Monday

Getting to the slants of Ralph Thomas only late in the game, but yet in time to snatch four well earned runs, Copper Mountain baseballers treated a capacity crowd to a real display of baseball in the feature holiday attraction at Penticton Labor Day, against the home team.

For four innings Thomas held the visitors scoreless, while his team mates clung to a single run lead obtained in the first inning. In the fifth, however, the spell was broken and in each of the following innings except the ninth Copper Mountain squeezed over a run.

It was an exciting game to the finish, a tight pitchers' duel, with both moundsmen receiving airtight support. Penticton played vastly better ball than when here a week ago.

Copper Mt. had a strong though strange line-up, with three Princeton men assisting.

Score by innings—

Copper Mt.	0 0 0 0 1 1 1 0 1	—4
Penticton	1 0 0 0 0 0 0 0 0	—1

Batteries: Copper Mt.—McKenzie and Pope; Penticton, Thomas and Baker.

COPPER MT.—Pope, c; McKenzie, p; Kelly, 2b; Callahan, ss; Campbell, 3b; Garrjson, lf; McKinnon, cf; Hexamer, rf; Kimberley, 1b

Basketball Club to Meet

The annual meeting of the Princeton Basketball Club has been called for Tuesday, Sept. 17, in the office of the Princeton Star. Organization will be effected for what is expected will be a bumper season.

Reece and Jepson to Meet In Roped Square Saturday

Hac. Smith Issues Defi to Jepson for Wrestling Bout Here

Young Hackensmith today issued through the columns of the Star a challenge to Nels Jepson to a match for side money here. He also agreed to take on and through any five men at Copper Mountain within an hour, any stated date.

Princeton is attracting some real wrestling talent, now that the sport has taken on with a bang here. The latest acquisition is Young Hackensmith, a worthy young giant from across the line, who has great ambitions, and has toppled some big men in his effort to attain them. This pleasant young fellow tops the scales at close to 200 pounds and looks formidable enough to be Jack the Giant Killer.

Arrangements are being made for a match with Nels Jepson here at an early date.

Hackensmith is taking every opportunity to get a match, and has already tussled with some of the mat's greatest exponents, including George Kosonaros and Jack Taylor, whom he defeated. He is preparing for another meeting with Taylor, the leading Canadian heavyweight, shortly, the event to be held in Winnipeg.

Heavyweight Boxing Attraction Creates Interest

Nels Jepson, conqueror of Ernie Arthur, and an athlete who has shown that he is as versatile as he is game; tackles something extraordinary Saturday when he meets Joe Reece, colored heavyweight, here Saturday night in a six round boxing event.

The bout will be the headliner of an athletic card at Joe Hartman's arena which promises real action. Jepson though primarily a wrestler, is said to be no mean exponent with the gloves, and has shown well in training.

Good preliminaries are planned, with local flyweights are bigger men from outside figuring in these events.

PRINCETON GOLFERS FAIL TO WIN SPENCER CUP

Princeton again failed to attain the standard of the first years of competition in their annual quest for the Spencer cup over the Labor Day week-end, but both candidates, H. C. Smith and Alf Sorenson, from the local club made a favorable showing.

The coveted silverware was won by J. L. Colquhoun of the Penticton Club, with om Syer, last year's champion as runner up. There was a large field.

The history of the Spencer cup is one that should inspire "stick-to-itiveness." Tommy Syer was twice runner up before he captured the silverware last year, and it remained for last year's runner-up to oust him this year. Princeton players held the trophy the first two years it was in competition.

The winners:

1926—R. Levack, Pr.; T. Syer, Pen.
1927—R. Moore, Pr.; T. Syer, Pen.
1928—T. Syer, Pen.; J. Colquhoun, Pen.
1929—J. Coulquhoun, Pen.; T. Syer, Pen.

Feel This Tread GRIP

HERE'S a real test of tire treads we want you to make. Come into our shop—anytime—and just press the palm of your hand on the top of a Goodyear All-Weather Tread Tire—just the way the tire presses on the road.

That's all. But what a story it tells! The All-Weather Tread *grips* your palm. You can feel it pinch. If you need a non-skid tire, this is it.

MEDAL PLAY TO START SUNDAY

The king pin event of the season's fixture card of the Princeton Golf Club takes places this week-end in the form of the club championship competition.

The tournament will be straight medal play, eight to qualify, no handicaps. The qualifying rounds in both men's and women's sections will be played Sunday, the following rounds as circumstances permit. After the qualifying round eliminations will be on the knock-out system. Beautiful trophies are the rewards.

In the ladies, president's prize competition last week, a flag competition, Miss A. Freeman made a new ladies, record for the course, a net of 49, to lift the premier honors. She carried her flag to the second green. Mrs. H. C. Smith was runner-up, reaching the ninth green.

Nicholson, a lumberman from Chapleau, Ont, a first cousin of Mrs. Green's who will also visit the Greendale fox ranch this month.

AT THE THEATRES

PRINCESS

Princeton movie fans certainly cannot complain of the attractions offered them. In line with a number of screen classics, the ball at the Princess this week-end is outstanding. "Abie's Irish Rose" is one of the most popular of recent photoplays. It is a gripping story of human affection. The Monday-Tuesday bill brings old favorites, the Mackaill-Mulhall duo, in a comedy.

A thrilling story of the underworld, "His Last Haul," was well received last week-end. "Feel My Pulse," starring Bebe Daniels, provided no end of amusement this week.

CAPITOL

"The greatest picture ever filmed" is what many critics say of "Ben Hur," and in many ways they do not do it justice. It is a master picture, tremendous in its story, and handled with great skill. It is, however, a picture which could quite easily be misjudged, but examined in the true sense of art it is a masterpiece.

"Home James" was the title of a hearty comedy laugh. "Tarzan the Mighty" got off to a good start which promises real excitement. The detective story was a gripper.

A double attraction is promised this week-end in Charlie Chaplin, the screen's funniest man, and "The Michigan Kid," both headliners.

"Plastered in Paris" is the title of a clever comedy next week, with "Prep and Pep," a college story, coming in mid-week, while the screen's idol, Ramon Novarro, appears in what is said to be the greatest aviation picture ever filmed, next week-end.

"It's your turn to have Mother"

"HONOUR thy father and thy mother." Most of us remember the commandment but in later life when we become fathers and mothers ourselves we are apt to consider the responsibility for our own parents' upkeep a bit of a burden.

Cases are not rare when family quarrels have arisen because children don't want mother or father unloaded on them for so many months each year.

Well, do you, yourself, want to be in this position when you will have become old?

Certainly not! Then prevent it so far as lies in your power by setting aside part of your earnings now, so that when the time comes, you will not need to sacrifice your self-respect by becoming a burden to your children. Write for particulars of the Confederation Life Pension Bond guaranteeing a regular monthly income. Ask for the booklet entitled "Your Key to Happiness" which describes it fully.

With the summer over, St. Paul's United Church is preparing to resume all activities. Special musical attractions are promised for Sunday's service.

COPPER MT. CLUB'S PROTEST IS UPHELD

The protest of the Copper Mt. club against the victory of Blakeburn in the play-off here Sunday, Aug. 4, for the Similkameen League championship and the Wagenhauser cup, was upheld at a meeting of the league executive Tuesday and the game ordered to be replayed at Princeton Sunday, Sept. 3.

The grounds that the field was not adequately lined off were substantiated by most of the evidence presented, and left the meeting but little choice in its decision.

Blakeburn again were unrepresented, nor was President Jerry Brown in the chair. The latter had given verbal notice of his resignation, but handed in nothing in writing on which the executive might act.

Evidence was given by Referee Nicholl, Linesman Samuel, Secretary Dave Taylor, and Delegates Moore Black of the Copper Mt. club.

Mr. Nicholl stated that in his opinion the field was not well enough lined, and complaints were laid by both clubs prior to the kick-off. He was, he believed, at fault in allowing the game to proceed, but did so in consideration to the spectators. Linesman Samuel supported this view. Mr. Taylor testified that considerable work had been done preparing the field.

All connected in any way with the protest were excluded when the protest was considered prior to the vote.

Copper Mt. delegates were recalled to see if they would not consider withdrawing the protest. They stated that their club had originally intended to do so but that in view of the attitude of the Blakeburn Club, it was the wish of the Copper Mt. club that the matter be forced. By a vote of two to nil the protest was upheld.

The meeting ordered the game to be replayed Sunday and named A. Samuel and J. Rossi a committee to make preparations.

ATTITUDE UNCERTAIN

Blakeburn were notified by wire of the finding of the meeting, but what attitude they will take cannot be foretold at this time. To date they have ignored the protest. The meeting instructed Blakeburn to return the Wagenhauser cup to the league secretary, pending settlement of the championship. It will be formally presented at the banquet here Monday.

The meeting was held in the Star office. A. Samuel occupied the chair, Dave Taylor recording. Delegates were W. F. Black and E. Moore, Copper Mt. and W. D. Nicholl and J. Rossi, Princeton.

Princeton was well represented at the Merritt celebration on Labor Day, more than 11 cars going over from here and many from other points of the Similkameen, including Alex Broomfield, Sam Larson, W. A. Wagenhauser, Grant Smith, Mr. and Mrs. Muir, Dave Muir, Mr. and Mrs. C. Hunter, Mr. and Mrs. Loomer, Mr. Bob Lindsay, Mr. and Mrs. Gulliford, W. D. Nichol, A. Rintoul, G. Callahan and A. Samuel.

E. P. Chapman of South Slocan was in Princeton Monday.
