Princeton Engaged in Real Clean-up Today

Trucks Loaned to Carry Away Debris; Sports to Be Held for Children on School Grounds at 4 p.m.; Substantial Prizes Offered

Princeton is cleaning up today. From the urchin to the oldtimer, citizens are thinking and acting "clean-up." Rakes, hoes, and the like are busy and rubbish fires dot the town. Trucks have been donated by transfer and business houses, and rubbish which will not burn is being hauled out of sight.

Not content with this good work, the board of trade, promoters of the movement, are making a real community bee of it, and are consolidating the civic spirit such an event promotes by holding children's sports at the school grounds at 4 p.m. sharp. A whip-round was made of Princeton merchants and citizens and $54.00 subscribed in less than an hour. This will go for prizes for the children.

School children will thus have the message of sanitation driven home. The ethical side of the case was presented to pupils of all divisions Wednesday when Principal Affleck spoke on the essentials of a clean town.

While the big effort is billed for today, a real clean-up is wanted, and will extend over a week. S. R. Gibson is in charge and following are the captains responsible for seeing that the town is made spick and span:

C. R. Watson—from Tulameen River to Bank of Montreal corner and all lanes to the rear.

W. B. Ewart—from Beauty Parlor to Post Office and all lanes to rear.

H. C. McGuffie—from vacant corner next Gregory's office to the Similkameen River and all lanes, etc.

Frank Iacchini—all that side of Railway Yards from the Tennis Court to Union Oil.

Gilbert Prideaux—from the Post Office to the Cave and back to the Hospital.

Mr. G. Harmon — New England Heights.

E. E. Burr—from Tulameen River to Lyall's Corner, and all lanes back to the river.

E. J. Rotherham — from Liquor Store to Oddfellows' Hall, and all lanes to the river.

C. V. Prosser—from Lynden Valley Coal office to the Railway Station and back to railway right of way.

Robt. Schulli—from the Cove to the Tunnel.

C. A. Bernard—all railway property.

LAST YEAR'S COMMITTEE TO CARRY ON AT KEREMEOS

Formal order has been issued by the Water Board, authorizing last year's water user's committee in Keremeos to re-condition and operate the irrigation system until June 15. The work of repairing and cleaning out the ditches and flumes starts Wednesday morning. The new Ashnola bridge will be ready in ample time for the start of the irrigation season. Keremeos users recently applied to have Keremeos established as a water district.

A whist drive and dance will be given by the Princeton Football Club in the I.O.O.F. Hall Wednesday night, April 24. Tickets are now being sold and may be had from any member of the club. A raffle for a fine cushion is being held in connection, and each ticket entitles the purchaser to admission to the drive and a chance for the cushion. The club, as do others of its kind, needs funds to start the season. The Moose meeting has been changed to Friday night next week.

ORGANIZATION OF BRASS BAND IS PLANNED

An organization meeting for the purpose of forming a band in Princeton will be held in the office of the Princeton Star promptly at 8 o'clock Monday evening. All interested, whether they reside in Princeton or not, or whether they now possess instruments or not, are asked to attend.

A brass band is to be organized in Princeton shortly. Agitation started recently has gradually gained momentum and has now reached the point where it will be an easy matter to effect definite organization.

A meeting for this purpose has been called for Monday night. Some years ago Princeton had a flourishing band but interest was allowed to wane. The band, however, owned several instruments, which have been stored in Allenby but were sought out and brought to town this week.

It is hoped to be able to get away to a good start Monday, and to create machinery whereby the band will be able to move along steadily. There will be much preliminary work to do before the band can even start practices, and no time can be lost if there is to be home-brewed music for the big July 1 celebration.

Already enough bandsmen and a conductor have been lined up to make the organization an assured success if all interested will only get together at the start.

What a good band means to a town is hardly realizable until a town that is accustomed to one is forced to do without one. As an intensifier of civic pride, a band has few parallels

CHARGES UNDER CRIMINAL CODE ARISE FROM FINDING OF BODY

Hearings Delayed Pending Finding of Coroner's Inquest to Take Place at Keremeos Thursday Next

Charges of drunkenness and of supplying liquor to Indians have resulted from the death last Wednesday night or early Thursday morning to August Francis, Penticton Indian, whose body was found in an abandoned auto Wednesday night of last week, the sequel to a drunken joy ride.

There are no evidences whatever of death by violence, thought violence was at first suspected. A jury has been empanelled and has viewed the body, while Dr. A. Francis of Hedley has conducted the post mortem. Parts have been sent to the coast for special examination.

Neither the inquest nor any of the charges have been given a hearing yet. It is unlikely that the charges will be heard before the inquest. The latter was last week adjourned, and will be held Thursday, April 25. The hearing of the charges was set for Saturday, but the cases will likely be remanded.

Local authorities are somewhat peculiarly concerned in this case. Inasmuch as the remains were found just outside of Hedley, the boundary of the district of jurisdiction of local police, the case is handled by the Keremeos detachment; but since Dr. A. Francis, who is coroner for the lower valley, conducted the autopsy, Dr. D. McCaffrey of Princeton is presiding over the inquest.

EXPECT POWER RATES TO BE FILED SHORTLY

The filing by the West Kootenay Power and Light Company within the next few weeks of a schedule of tolls is expected to bring the Granby-West Kootenay rates struggle to a final peak this summer, with on early settlement in sight.

The recent withdrawal by the mining company of the appeal to the privy council simply means the transfer of the case to another tribunal—the water board, newly invested with absolute powers in the matter of rates settlements by an amendment to the water act at the session of the legislature just closed.

It is expected that the Granby Company will be the first to file a protest when the power company presents its rates schedule for the Allenby plant, and the city of Grand Forks will likely follow with a similar protest shortly.

MINING NOTES

Regarding Coal Contract

In connection with the taking of the contract by Pease & Atkinson for the handling of local coal sales of the Tulameen Valley Coal mine, it should be pointed out that this does not affect contracts already held by other local transfer people. It simply means that the new agents have taken over the local sales formerly managed by the coal company themselves.

* * * *

Thomas Graham, M.E., Inspects Nine Mile Mine

Thomas Graham, M.E., consulting engineer of Victoria, and one of the best known authorities on coal fields and coal mining in the province, was a visitor to town this week, coming in Monday and leaving by this afternoon's train.

His purpose was to make a thorough examination of the property and workings of the Nine Mile mine, recently taken over by the newly formed Blue Flame Collieries, successors to the Lynden Coal Mines Ltd.

Mr. Graham will prepare and submit a detailed report on his observations, which should be available shortly. Until such time comment on his visit—and he made some significant comments—would be impertinent.

* * * *

Significant?

Formal application has been filed by the British Columbia Copper Company, original promoters of the now famous Copper Mountain project, to have their company restored to the register of companies. Just what is the significance of this move?

* * * *

Capitol Oil

Holders of Capitol Oil stock should be cheered by the following wire to a prominent local investor—followed up by a visit by the cheery Percy Harvey in person this week.

"Gas struck twice on Capitol No. 1. Expect gusher four to six weeks. Directors here (Vancouver) very optimistic. Expect big things. Taking stock off market entirely Wednesday, April 17. Strongly advise you to double present holdings."

* * * *

New Coal Seam Struck at Wilson Mine; Track Laid

A new and promising seam of coal has been struck at the Pleasant Valley mine, more or less by accident. In following the main seam, which measures some four and one half feet a fine seam of excellent coal was exposed just above this main seam, and has proven very encouraging.

Trackage has now been laid over

(Continued on page six).

LAD INJURED BY TRACTOR

Accidentally injured by a tractor Saturday, Elmer Ross, Blakeburn youth, suffered injuries serious enough to cause his removal first to Princeton Hospital, and then to Vancouver General Hospital.

In such balmy spring weather as we are having today it is unkind to talk of the vagaries of the weather, but motorists over the Coalmont road Tuesday night had thing or two to say about the snow storm and the three inches of snow on the road.

BUSINESS MOVES

PRINCETON ACQUIRES MODERN CLEANING ESTABLISHMENT

With the formal opening tomorrow (Friday) and the Twentieth Century Cleaning and Pressing House, Princeton will acquire a thoroughly modern cleaning and pressing establishment.

The Twentieth Century firm will have its headquarters in new premises adjoining the Tulameen Hotel, occupying the site of the old pool room, recently destroyed by fire. This building was made to order, and incidentally something of a record hung up by M. Malich, the contractor, who laid the first boards Saturday last, and will have the building ready for occupancy Friday.

A Hoffman steam press, specially selected, and the most modern of its kind, has been installed. It is run by a gasoline motor, and with it the new firm will be able to handle all cleaning jobs from the toughest coat to the most delicate waist,. They will specialize in ladies' work.

J. Bonvin, who with R. McKelvie, is proprietor of the new concern, specially selected the press at the coast, where he saw it in operation. A delivery service will be instituted, with special attention to outlying camps.

For the opening day a special representative of the Tip Top Tailors, whose lines the Twentieth Century people will carry will be on the premises, demonstrating over 300 samples of suitings.

BROKERAGE AGENCY TO OPEN HERE NEXT WEEK

J. A. Brown expects to be ready to open his brokers' agency as representative of Stobie-Furlong, next week. Quarters have been engaged and made ready for use in the Irwin building next Nathan's store, and when the stock board goes up Princeton will have all the earmarks of a big town. Mr. Brown spent a few days this week in Vancouver, making final arrangements for the acceptance of the agency. He was accompanied by a nephew, Mr. Reg Lloyd, who will assist him in his new venture.

Board in Penticton

A direct private wire system connection with Vancouver, Toronto, Calgary and New York exchanges has been established in Penticton in the Wilkins and McNicholl office, with a special operator in charge.

NEW TAXI SERVICE

A new taxi service, local and including the Copper Mountain-Princeton run, has been established here, with headquarters in the old pool hall, formerly occupied by L. Q. Wilson.

The proprietors are Geo. Pearce and Jas. Victor, of New Westminster, both veterans in the transportation game. Mr. Pearce has been interested in the taxi business at the coast for 22 years, and was the founder of the well known "Blue Funnel" line of stages. Mr. Victor has been in Mr. Pearce's employ for the past five years.

The schedule for the Copper Mountain-Princeton service will be announced shortly, and it is stated that it is planned to make two regular runs daily. As Jimmy Waugh already makes a regular daily run, this will make three daily runs to Copper Mt. and return.

In addition to the taxi business, Mr. Victor will also conduct a cigar, cigarette, and confectionery business, he having taken a lease on the entire building sub-letting the card room to L. Q. Wilson. A barber chair will also be conducted.

OPENS POOL ROOM AT HEDLEY

Jack Collins left Monday for Hedley where he will take over the pool room across from Mr. Baxter's drug store, closed for some time. Jack is very popular in Hedley, and should do well.

Coalmont-Blakeburn Joins Move for Valley Unity

Board of Trade Organized in Coal Mining Town at Enthusiastic Meeting Monday Night; Princeton Delegates Pay Visit

To promote the interests of Coalmont, Blakeburn and Tulameen, and to co-operate with other trade boards and the public bodies of the district to fruther the interests of the Similkameen-Tulameen valleys at large, a Coalmont-Blakeburn board of trade was organized at Coalmont Monday night, consequent upon a missionary visit to Coalmont by a detachment from Princeton board Friday night.

The organization got away to a good start at a well attended meeting and proposes to fill a distinct and useful place in the life of its community.

Geo. Murray, superintendent of the Coalmont Collieries' Blakeburn mine was named president, I. McTavish, Coalmont merchant was elected vice-president, while the duties of secretary-treasurer were placed upon the shoulders of E. G. Lucas, new manager of the Coalmont branch Royal Bank.

It was agreed that a board of trade would best serve the obvious need for some necessary machinery to represent public thought in their section of the valley. It was also agreed that the organization be considered separate from and independent of the old Coalmont Commercial Association, which to all intents and purposes has ceased to exist.

The new board will waste no time in getting down to business, and will make a big effort to enlist a large and active membership, the following being responsible for this work: Messrs. Jos. Thompson, D. W. Brown, W. L. Matheson, E. Riley and G. McEachern.

The need of an organization to take up and discuss matters and situations prevailing in the district and bring them before the public eye with a view to improving present conditions where necessary hos long been felt, and it is hoped that this new association, which will divide its interests between Coalmont, Blakeburn, and Tulameen will solve this need.

Princeton Men Visit

The suggestion of a board of trade was presented to Coalmont-Blakeburn-Tulameen district Thursday night last when a delegation from Princeton board of trade, led by W. A. Wagenhauser, paid a hastily arranged but nevertheless successful visit to Coalmont, meeting with business men and citizens in the Coalmont Hotel, where matters concerning both ends of the valley were discussed, and the co-operation of the Coalmont end sought.

Princeton delegates were H. J. Collas, H. W. R. Moore, W. A. Wagenhauser, and C. R. Watson, while among the Coalmont men present were Messrs. E. G. Lucas, McFadden, Rossiter, Riley, Morcotte and others.

EASY WAY TO KILL COYOTE

Driving towards Hedley this week, Jack Pilkington of the Nickel Plate camp abruptly and promptly ran down a respectable looking coyote on the Hedley-Princeton road. When you can get them with a car, what's the use of packing firearms.

PLANS GOING AHEAD FOR COMMUNITY BANQUET HERE

Arrangements are progressing for the holding of the big community banquet here Friday night next. Outside towns are responding well, and it is practically certain that this will be one of the biggest community gatherings ever attempted in the valley. Little has been heard from outside men interested, and it is likely that the chief concern of the affair will be to promote harmony within the valley.

President W. A. Wagenhauser and Secretary H. W. R. Moore of Princeton board of trade are making a visit to the lower valley this afternoon in the interests of the banquet.

RETURN OF LIQUOR DENIED IN MAGISTRATE'S VERDICT

Court Rules That Delivery Was Technically Made of 209 Cases of Booze Seized Here

Return of 209 cases of liquor seized by members of the Princeton detachment provincial police from box cars here and at Belfort March 7, 8 and 9, wos denied in police court last week when Magistrate Ernest Waterman, handing down his finding Friday afternoon, declined to honor the application of the Consolidated Exporters Corporation, on the grounds that evidence showed that technically the exporting firm had made delivery here, and hence the goods were not theirs when seized.

H. W. R. Moore, who appeared for the applicant, immediately stated he would appeal, and intimated that he would secure instructions from his client for the carrying of the application to a higher court.

Meanwhile agreement was made whereby the liquor will, pending appeal, be kept intact in the local lock-up, the services of a special watchman being retained to guard this valuable cargo, said to be worth $8,000.

Three points were stressed by the magistrate in handing down a written verdict Friday afternoon. He considered that the man Jackson, who had instructed the loading of liquor onto box cars here was not acting as the agent of the Consolidated Exporters while here, but that he was acting as agent for the U.S. purchasers, and in this capacity he virtually took possession of the liquor here. Consequently, the liquor was not legally the possession of the Consolidated, and therefore their claim for its restoration was out of order.

Mr. Moore at once remonstrated that it was a question of the difference between possession and right, to which his honor replied that the onus was on the applicants to prove right of possession, which in his opinion they had not done.

Formal arrangements were entered into for the safeguarding of the liquor and the storing of it so that it could be identified in case of return being ordered by the court of appeal.

EASTER EXAM RESULTS AT COPPER MOUNTAIN SCHOOL

Grade VIII—1, Emily Nelson; 2, Kathleen Forshaw.

Grade VII—1, Willie Lindsay; 2, Bob Nelson.

Grade VI—1, Helen Anderson; 2, Coll Campbell.

Grade V—1, Mary Watling; 2, Charles Stalker.

Grade IV—1, John Kovich; 2, Bobby Muir.

Grade III—1, Ronald D'Altroy; 2, Frances Dignan.

Grade II—1, Betty Muir; 2, Tony Kovich.

Grade IA—1, Jessie Daughertry; 2, Milner Gould.

Grade IB—1, Juanita Graham; 2, Ruby Anderson.

STAN MOUNCE LEAVES

Mr. Stanley Mounce, who, during his short spell of residence here has endeared himself to a host of friends, left Wednesday for his home in Cumberland, V.I., having severed connections with the Princeton Departmental Store, where he was employed as clerk in the grocery department.

Here about nine months, Mr. Mounce speedily made a number of fast friends, who will greatly regret his departure. He was secretary for the board of managers of St. Paul's Church, and due tribute to his work was paid by Rev. Goodfellow at Sunday's service. His friends gave him a jolly send-off Monday night.

Stan returns to a position as manager of Campbell Brothers' grocery department in his native town, with whom he was employed for seven years before trying his luck here.

Incidentally, Stan has a little experience ahead of him, as will support the flustrated groom at wedding of a pal in Victoria next week.

Presentation

A pleasing function took place at the Princeton Departmental Store at the close of business on Monday when Mr. Wagenhauser on behalf of the staff presented Mr. Stanley Mounce who is returning to his home on Vancouver Island with a silver lighter suitably engraved. In expressing his regret at losing Mr. Mounce's services, Mr. Wagenhauser recalled how Mr. Mounce and Mr. Wagenhauser's daughter Muriel had started at the Cumberland public school on the same day 17 years ago.

Customs Returns for 1928-9

Customs returns for the port of Princeton for the fiscal year 1928-29, which ended March 31, were $29,179.45 or almost 30 per cent. better than 1927, and the best since 1921.

The year finished off with a record month, importations rising to an especially high figure $2828.24. June claimed the highest excise duty, $600.00, and was also the leading month in excise tax with $1105.03, but in total collections March was a good first with $4001.79, and May second with $2989.04.

Detailed figures for the month, and corresponding month in 1928 and 1927:

	1929	1928	1927
Importations	$2828.24	$ 757.19	$ 819.32
Excise Duty	410.00	410.00	290.00
Excise Tax	763.55	755.99	252.28
Total	4001.79	1930.18	1361.60

	Importations	Excise Duty	Excise Tax	Total
April	$2171.05	$ 120.00	$ 775.75	$3066.80
May	1666.24	480.00	830.80	2989.04
June	540.26	600.00	1105.03	2245.29
1st quarter	4386.55	1200.00	2711.58	8291.13
July	949.60	360.00	1043.49	2353.09
August	760.17	480.00	1220.53	2460.70
September	1365.33	360.00	1100.68	2826.01
2nd quarter	3075.10	1200.00	3364.70	7639.80
October	683.11	120.00	809.72	1612.83
November	1210.54	120.00	648.08	1978.62
December	533.12	240.00	528.64	1301.76
3rd quarter	2246.77	480.00	1986.4	4893.21
January	500.34	240.00	764.91	1515.25
February	316.42	120.00	404.85	841.27
March	2828.24	410.00	763.55	4001.79
4th quarter	3645.00	770.00	1933.31	6358.31
Year's total	13,533.42	3650.00	9996.03	27,179.45

Comparative totals for the last ten years: 1920, $38,721.76; 921, $19,359.61; 1922, $7827.47; 1923, $7,298.87; 1924 $15,358.73; 1925, $11,164.23; 1926, $34,348.80; 1927, $27,899.65; 1928, $27,179.45.

Looking It Over

[Our own and other people's views.]

LAY IT ON EASY BOB

DAVE TAYLOR, PUBLISHER

Dave Taylor, who, seeing that his parents reside in South Wellington, may be claimed as a native product, has joined the glorious company of B.C. newspaper publishers. He is not only the latest to join the ranks of B.C. publishers, but he is very much the youngest, and while prophecy is hardly in our line, yet we venture to say that a good deal will be heard of Mr. Taylor in the next few years. Dave showed more than average ability at school, and his parents sent him to the University of British Columbia from which, in due course, he graduated with double honors. This in itself is a notable achievement, and in fact Dave looked too young for all these honors. At least he chose a profession wherein if they are recognized they are speedily forgotten. He won his newspaper spurs at Trail, and then, about a year ago, he went to Princeton to fill a position on the Star. He has now purchased the Star from Mr. J. A. Brown, and is out to blaze his own trail in newspaperdom. We will be much interested in following that blaze, and as one publisher to another we wish Dave all the good luck in the world in his new enterprise.—Nanaimo Herald.

WE CERTAINLY DO

A reader from an outside camp—who for the sake of protecting our resident correspondent's feelings shall remain nameless—writes: "I do not know who is supposed to send in the ——— news but it seems as if that column is always vacant, so I am taking the liberty of sending in a little news. Hoping this will meet with your approval."

It certainly does, and we only regret that the items were received so late that some of them lost most of their news value and had to be discarded.

Believe us, we want to see the entire valley represented in these columns, and, working under obvious handicaps, it is only by co-operation from others, not only in Princeton, but more especially in other points, that we can hope to be of the service which is possible to us. We invite at any time such items, and we mildly suggest that our correspondents take this to heart—just the guilty ones. For others, if you have anything that you feel is worth broadcasting, let us have it, either by notifying us direct, or by handing it in to one of our correspondents. We need a live correspondent in Allenby and we also want some stuff from the extreme lower end of the valley. Any volunteers?

THE DAWN OF A COMMUNITY SPIRIT

Coalmont, Blakeburn, and Tulameen by their enterprise in forming a board of trade, have taken an important step in the laudable movement for the consolidation of interests of the Tulameen ond Similkameen valleys.

For many years, and year after year, the story has always been "Why, things will be booming next summer." And that's perfectly true. But it did not take a very wise poet to write

"Tomorrow never yet
On any mortal being rose or set."

Today is what matters, and what Shakespeare said about opportunity is far more essential. Someone else has said that heaven helps those who help themselves, and there's a lot of truth in the dictum.

It is certainly gratifying to see seeds of community pride sown on soil so fertile. In the last few months the valley has taken a decided step forward towards the consolidation of interests, and we venture to suggest that unity of purpose and industrial progress are practically synonymous.

Keremeos and Hedley first, and then Coalmont-Blakeburn-Tulameen have created machinery which will certainly make co-operation possible There is not a doubt in the world that there is a marked difference of views in various sections of the valley, and one had only to be present at the schools athletic meeting Saturday night to see that we have, in different parts of the valley, a whole lot to learn about ourselves. We really are very much misunderstood even by members of our community-family.

Before we can hope to interest the outside, and get outsiders to understand and pull for us, we have to first understand ourselves, and start the momentum with a little pull of our own. Associated boards of trade, like Leagues of Nations, may be to hard headed fellows sheer idealism, but there is not so much difference between idealism and sane common sense, if you give it a chance. It's not the idea, but the application thereof.

Too many and too frequent have been the little estrangements of the past. These will not be eliminated by the establishment of an associated board, but certainly an occasional get together, and the realization of a big common object ahead of local petty ambitions will undoubtedly work for the broad-minded attitude necessary to us if we are to appeal to the outside world.

This being so, the banquet of Tulameen-Similkameen citizens here Friday night affords a real opportunity for the concrete embodiment of all these sentiments and ambitions. It is a matter of vital interest to the community, and its high and solemn purpose should not be clouded by its entertainment value.

Princeton—staid old Princeton—is even catching the spring fever that is rousing its tributary points to action. It seems that something of a civic pride is stirring here. It was good for the soul to see such a gratifying response to appeals for a clean-up, and now they're talking about a band. Well, Utopia isn't necessarily in the clouds, you know.

The sale of the 1927 Chevrolet car held at Princeton Garage under the hammer of deputy sheriff Jock Collins Monday last was not very enthusiastic, no doubt due to the failure to advertise it; Princeton Garage purchased the car.

NOTICE

TAKE NOTICE that an application will be made to the Supreme Court of British Columbia at Victoria, B.C., on Monday the 13th day of May, 1929, at 10:30 o'clock in the forenoon for an order restoring the British Columbia Copper Company Limited to the Register of Companies.

Dated at Port Alberni, B.C., this 15th day of April, 1929.

THE FIRST SKI-JUMP

How ski-ing got its start in Phoenix—and incidentally, a good one on Andy Johnson—came to light by a digression at the meeting of Princeton Ski Club Tuesday night. E. Engen, veteran jumper who is now taking an active part in the establishment of a jumping hill here was the first "jumper" in Phoenix, and he did his stuff on an apple box. Andy Johnson, then mine host at a flourishing tavern, and as ever with a keen eye for business, realized the publicity value of the stunt, and at once assumed the role of promoter. Engen drew the crowds, and Andy drew the beer, and occasionally gave his jumping attraction an odd tankard-full by way of recompense. Thus ski-ing started in Phoenix.

It is announced that a change has been made in postal rates whereby postage on first class mail to France is now 3 cents for the first ounce.

1929 SCHOOL SPORTS MEET WILL BE HELD AT COPPER MT.

Centralization of Sports After This Year Favored by Delegates at Meeting Here

Copper Mountain will be the venue of the annual schools track meet this year, the date of the meet being set on May 31. This is a reversion of the system formerly in vogue, though last year the date was set forward considerably.

E. M. Crooker of Keremeos was named president, this being a succession from the vice-presidency to fill the place vacated by the departure of Dr. Lee Smith. Ned Nelson of Copper Mountain was named vice-president, and J. A. Brown of Princeton will again be secretary.

Considerable was the opposition from the lower valley to the selection of Copper Mountain as the venue of this year's meet but by a narrow majority after a lengthy discussion, these objections were overruled by majority vote the deciding factor being that the prevailing system of alternating the annual meeting be upheld for this year, but that from next year an effort be made to centralize the meet permanently.

In this way, it is felt, a recurrence of the deadlock of Saturday's meeting, on the awarding of the meet to Copper Mountain, could be avoided; travel evenly distributed; the meet generally stabilized, and the expenses greatly reduced, in that a central association would handle the meet and all its financing. This marks a gradual trend towards centralization commenced with the decision last year to form a definite association whose purpose it would be to foster sport among Similkameen schools.

There will be few innovations in connection with this year's meet, with Copper Mountain responsible for the bulk of the preliminary work, a task which they have already begun. The program will be the same as last year's, and the rulings also unchanged, the code of the Amateur Athletic Union of Canada to hold except where local rules have been made. The rule calling for advance entries will be strictly enforced. The executive committee, who automatically become the trustees for the McKenzie cup, will be ultimately responsible for all matters in connection with the staging of the meet.

Officers

Officers elected for the year were: President ,E. M. Crooker, Keremeos; vice-president, N. E. Nelson, Copper Mt.; secretary-treasurer, J. A. Brown Princeton.

One or two perplexing problems arose, and one or two constitutional precedents resulted. A definite limitation was made to the right of proxy when it was determined that proxy could only be carried by a direct representative from the same town, on presentation of proper credentials, and proper excuse from his principal. Each school now properly represented shall be entitled to two votes at meetings of the association.

The most difficult matter in connection with the meet was the opposition of lower valley points to Copper Mountain's application for this year's meet. The lower valley presented a united front against this award on the grounds that public opinion in their section held that the distance was too great, and the Copper Mt. road too dangerous.

Copper Mountain strongly opposed this sentiment, and were supported by upper valley delegates, who, while expressing a desire to see the venue more central, claimed that it was only fair that the meet should continue to go its rounds as promised when it was inaugurated, and also discounted the views from the lower valley on the Copper Mt. road.

However, their sentiments prevailed only by a very narrow margin, and really on a technicality, the right of Hedley to be represented by proxy by an outside man, previously instructed to oppose Copper Mountain's plan being questioned. Twice the meeting split 4-4 on Hedley's right, which, if granted, would surely have meant the denial of Copper Mountain's application, until Chairman E. M. Crooker, expressing a desire to be fair to the entire association, cast the deciding ballot against Hedley's proxy right, and thus allowed the motion favoring Copper Mountain to carry 5-4.

Would Centralize Meet

Delegates were instructed to take up with their schools the suggestion to centralize the meet, either at Hedley, Keremeos, or Princeton, and the matter will be decided at a special session following the Copper Mt. meet.

PRINCETON AT COPPER MT.

Princeton footballers will journey to Copper Mountain Sunday to meet the team representing that town. Blakeburn had wished the Princeton team to play there Sunday, but Copper Mountain had first call.

GOLF COURSE HILL SELECTED BY PRINCETON SKI CLUB

Will Set to Work to Build Regulation Ski Hill on One of Best Sites in the Province

Princeton will have by the first snow fall, a standard ski-jumping hill, which in the early opinions of local enthusiasts will be at least the equal of anything in the province.

This intimation was given Tuesday night when a well attended meeting convened in the Scandinavian Hall to consider the report of the special committee appointed to investigate a site for the hill. The committee suggested a hill properly a part of the new Princeton golf course, but actually skirting the course on the upper side. The golfers, it was reported, were willing to have the ski club take over for winter use this hill gratis, and in so doing the skiers are protected by a ten year lease held by the golf club.

Following several glowing reports by officials who had inspected the property, the meeting unanimously decided to adopt the hill, and made preliminary plans for clearing the site and erecting the necessary take-off.

If Princeton's ski hill is all the local experts say for it, then their ambitious program to bring in outsiders for annual tournaments, and to go ahead with the sport on a somewhat startling scale, is justified.

According to E. Engen, veteran jumper, who has recently taken up employment here, coming from Penticton, Princeton has one of the best natural hills he has ever seen, and quite the equal of any hill in the province, not even excepting Revelstoke, where, because of the very nature of the hill, jumping becomes a business rather than a recreation.

The Princeton hill will provide a

British Columbia

The Mineral Province of Western Canada

has produced Minerals of an aggregate value of approximately

$1,113,500,000.00

Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those interested in mining should refer to such reports. They are available without charge upon application to the DEPARTMENT OF MINES, VICTORIA, B.C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, also are recommended as valuable sources of information.

Mining Companies are advised that under the "Mineral Survey and Development Act" they must notify the Resident Engineer and the Provincial Mineralogist of any interest acquired in any mining property and file full particulars, and as soon as it is issued file with the said officials a copy of their Prospectus or statement in lieu of Prospectus. Further, that they must file with the Resident Engineer one copy, and with the Department of Mines, Victoria, three copies, of any pamphlet, bulletin, circular, advertisement, or publication relatnig to mining property as soon as the same is printed.

COPPER SKINNED MATRONS OF PENTICTON TANGLE

That the aborigines of our fair country also have their matrimonial troubles was evidenced recently when some Penticton spouses aired their difficulties in court. It was hardly the romantic tribal love we read about in Hiawatha.

A sharp tongue was responsible once aagin. Gossip had it that one matron was too friendly with a young brave, and the gossip became so tantilizing that the matron concerned boldly responded, and her provoker challenged her to mortal combat, which duly ensued. A third woman entered and promptly took control of matters, so much so that the affair ended in court.

FILMING OF NICOLA VALLEY INDUSTRIES IS SUGGESTED

The filming of Nicola Valley industries, with a view to exciting outside interest and securing desirable publicity, is being considered by Merritt board of trade. Followng the filming of the opening of the Planet mill, it has been suggested that the activities of Nicola in mining, stock raising and other industries be shown to the outside world through the medium of the silver screen.

ILLICIT TRAFFIC IN HIDES DETECTED NEAR NIGHTHAWK

Breaking up a ring alleged to be engaged in illegal dealing in hides, Buck Fruit, Oroville game warden, seized a large quantity of beaver and muskrat pelts in a concealed shack on the Similkameen River between Nighthawk and Chopaka. Two men, thought to have been responsible for the traffic, were just too quick for the official eye. Five beaver hides forty muskrat pelts and 50 traps were included in the cache.

FREIGHT SERVICE REDUCED

Commencing April 1, freight service on the Oroville-Wenatchee line of the G.N.R. was reduced from daily to tri-weekly schedule. Northbound freights leave Appleyard Monday, Wednesday and Friday, with the return from Oroville Tuesday, Thursday and Saturday.

EXPENDITURE PLANNED FOR NORTH WASHINGTON ROADS

Considerable expenditures are planned for Okanogan county roads, according to appropriations brought down by the Washington state legislature. Chief among the proposed works are:

Omak-Okanogan paving $170,000.
Methow River bridge, $12,000.
Pateros-Brewster Flats, new road, $65,000.
Chelan County line oiling $27,000.
Total appropriation for state road 10, $333,620.
Orondo road, north, $60,000.
Wenatchee-Okanogan County, oil, $51,000.
Betterment and reconstruction, $13,450.
Cascade wagon road, $200,000.
Mansfield-Coulee cut-off $13,450.
Soap Lake Coulee connection, $60,000.

FISHING OPENS MAY 1

Fishing in Similkameen district lakes officially opens May 1, with streams being open for fishing one month later. These regulations, which are the same for all sections of the province, are year after year the cause of much confusion, public knowledge of them being in marked contrast to hunting regulations. It seems that the department might do some useful educational work along these lines.

MANY THOUSANDS OF FRY AND EGGS DISTRIBUTED

The following summary of distribution of Eastern Brook Trout fry and eggs is given out by Dominion Fisheries Overseer Geo. H. Gartrell: One Mile Creek (Princeton) 10,000; Tulameen River, 20,000 eggs; Ashnola Creek, 20,000; LeLievre Lake, 2,500; Kelowna, 5,000; Mission Creek, 10,000; Bear Creek 10,000; West Fork Kettle River, 15,000; East Fork, 15,000. In addition, 5,000,000 white fish eggs were planted, all in Okanagan Lake. All eggs and fry came from the Summerland hatchery.

Renovation is planed for the Commercial Hotel, Hope. Twenty rooms will be re-decorated, the work to start about the end of May.

GOLF COURSE HILL SELECTED BY PRINCETON SKI CLUB

(Continued from page three.)

200 foot jump, which may be moved up or down as desired—an unusual and desirable feature. The runway itself is excellent, and will require very little levelling, while there is a natural landing place which will require little improvement.

From a community point of view the hill has many attractions. It is within two miles of town, accessible by road, and the resultant improvement of this road will benefit not only the skiers but also the golfers. The surroundings are among the most picturesque of any in the country, and the hill itself, a natural location, will be very economical. Because of the situation of the hill with regards to roads and fences, admission charges will be an easy matter, and from the spectator's point of view, the hill is local. Whereas with many hills the eye can follow the jumper only at the take off and after he has completed the bigger orbit of his jump, in this case the eye can follow him every inch of the way from the time he starts to the time he completes his jump.

Plans are already being discussed for the putting of the hill into good shape. Work will be done by voluntary helpers, who will launch "bees" until the course is cleared—a comparatively simple job, and the necessary preparations made. E. Engen will have charge of the laying out of the lines of the jump. It is likely that the take-off will be at an elevation of some seven feet, whereas it is said that the Banff take-off is 30 feet. In addition, the hill is on the unexposed side, which will keep the glare of the sun out of the jumpers' eyes, and will give a longer season. A working committee appointed some time ago will get to work arranging for the improvements to the hill.

Big Plans

Plans for the future are somewhat momentous. Now that ski-ing has been successfully launched, it is hoped to place the sport on an established basis, and in time to make Princeton a recognized center for the sport.

Erection of a permanent club house was considered, but it was thought inexpedient at this time, as arrangements might be made with the golf club for the use of the present club house for jumpers only.

Encouragement of the youngsters was regarded by the meeting as essential if the sport is to flourish. In this respect the hill is suitable, as there are several places for smaller jumps, which could be used not only by the youngsters, but also by townspeople who took to the sport for enjoyment.

But to introduce the sport bigger things are planned including a tournament in early January, to which Revelstoke and Vancouver jumpers, possibly including the world famous Nels Nelson, will be invited. Affiliation with the Western Ski Association may be considered later, and the club is going about the drafting of a constitution. With the holding of the annual general meeting, and the election of officers, October 1, it is hoped to enter into a new era in local sport.

Mrs. E. Doerflinger is enjoying a short holiday in Calgary, and will on return visit the Turner Valley oil fields.

Miss Ward, Miss Gwen Potts, and Mr. Jas. Dickie were Princeton visitors from Merritt way over the week-end.

Another carload of Essex cars arrived for the local dealers this week. Wm. Dailey's local salespeople placed four new Essex cars Saturdoy.

The Ford Motor Company has supplied you with one of the finest on the market; have it greased by us every 500 miles and keep it that way. Burr Motors, Ltd. 23-1

H. M. Ward of Vancouver has joined the staff of the Princeton Departmental Store in the grocery department, taking the place vacated by Mr. S. Mounce.

After several weeks at the home of her parents, Mr. and Mrs. W. S. Garrison, Mrs. W. A. McCulloch returned to Kimberley this week with her daughter, Zellah.

Ford Motor Company took the prize offered by the Saturday Evening Post for the best showing of advertisements over a year. Notable among their series was the introduction of airoplane advertising.

Ford sales are far in the lead in Texas and in South Carolina according to authentic reports from these section amounting in some instances to 40 per cent of the totals. Burr Motors Ltd. 23-1

Mr. H. E. Fitzgerald of Sardis, B.C., was a visitor to Princeton last week, looking for a location. He may bring his family here for the summer. He was accompanied by Mr. A. Currie, who is also considering locating here.

Walter Gill's many friends will regret to learn that he was seized with an attack of flu shortly after reaching New Westminster, where he was to take a training course, and has been under the weather since. Mr. Palmer who succeeds Mr. Gill, comes from Nanaimo, so is not unacquainted here.

COMING EVENTS

Reserve the Date—Hospital Auxiliary dance, Friday, May 10, Orange Hall. Tickets $1.00 each. 21-tf

* * * *

Come and Go Tea and Sale of Home Cooking—Tuesday, May 14 3-6, at the home of Mrs. McGuffie; auspices of St. Cuthbert's Ladies' Guild. 23-1

PRINCETON TENNIS CLUB

Organization meeting Bank of Commerce rooms, Wednesday, April 24, 8 p.m. 23-1

At the Theatre

Local theatre patrons received a mild disappointment Friday night, when because the film "Chang" was destroyed, the Princess had to be content with a last minute substitution. However, "We're All Gamblers," a romance of the prize-ring and the New York night club, was well received. The youngsters especially enjoyed Monday and Tuesday's show, Rin Tin Tin in "A Race for Life" where the wonder dog assumed the role of a race track hero.

This week-end two pictures, both coming with good reputations are billed. Colleen Moore in "Oh Kay" has had more than nation wide publicity with this picture, while a screen favorite, Jack Mulhall, stars in "See You in Jail," showing Monday and Tuesday.

"Chang" is not lost to local fans, but will be shown May 10 and 11 in place of "We're All Gamblers."

BLAKEBURN NEWS

Several Blakeburnites went down to Princeton Saturday evening, on business and pleasure bent.

* * * *

Miss Betty McWhirter made a rapid recovery from nasty burns received recently, when she fell into a heap of ashes.

* * * *

Mr. James Craig has returned from another of his mysterious trips to his old home on Vancouver Island.

* * * *

The Blakeburn Young Girls' Club is proving itself a live-wire body, and recently had a real good time at the home of Mrs. J. Cuthberison

* * * *

Mr. and Mrs. A. McLean have removed from Blakeburn.

Society

Calendar of Events

Friday—Firemen's Ball.

Wednesday — Whist drive and dance.

Thursday—Dance, Orange Hall, I.O.O.F. function.

* * * *

To Visit Merritt

Some twenty members of the local Vermilion Rebekah lodge will journey by auto to Merritt tonight to accept the hospitality of the Rebekahs of that town.

* * * *

St. Cuthbert's Ladies' Give Enjoyable Sale

The Parish Hall was the scene of a delightful function Tuesday, April 9, when St. Cuthbert's Ladies' Guild entertained at a highly successful sale of work.

Decorations were exquisitely carried out with paper festoons and spring blossoms, the stalls being beautifully decorated. Prime honors in this respect went to Mrs. McConville and Mrs. Gillham, in charge of the candy stall, which, made gay with neatly clad dolls and paper designs, was the center of attraction as well as of business. Carnations and daffodills graced the tea tables.

So pleased are the ladies with the financial success of the event, that they have decided to entertain at a Come and Go tea, May 14; and so delighted were the many guests that another function by these popular entertainers will be welcomed.

In charge of the stalls were:

Home cooking—Mrs. G. G. Lyall and Mrs. R. D. Affleck.

Needle work—Mrs. A. J. Williams and Mrs. H. W. R. Moore.

Candy—Mrs. J. Gillham and Mrs. McConville.

Tea tables—Mrs. C. A. Bernard, Mrs. G. Wardle and Mrs. W. J. Thomson.

Kitchen—Mrs. J. Macfie and Mrs. P. Davis.

* * * *

Home of Mrs. W. D. Williams Scene of Jolly Event

Over thirty members and friends of St. Paul's Church Ladies' Aid enjoyed the hospitality of Mrs. W. D. Williams at her One Mile home Thursday night, when a jolly evening was spent in games and social intercourse. The male members of the party—few but by no means shy—spent the evening at cards. Delightful refreshments were served, and the entire party voted the affair a huge success.

Among the guests were noted: Mr. and Mrs. C. Summers and daughter, Mr. and Mrs. W. S. Garrison, Mrs. W. B. Ewart, Mrs. J. Gellatly, Mrs. A. L. White, Mrs. P. Davis Mrs. Sheppard, Mrs. L. Cooper, Mrs J. Forsythe, Mrs. Berquist, Mrs. T. Lindsay, Mrs. R. J. Armstrong (Copper Mt.), Mrs. W. Raincock (Oliver), Mrs. L. Arnold, Mrs. W. McCulloch (Kimberley), Mrs. J. Meher, Mrs. H. McConnell, Mrs. H. B. Meausette, Mrs. G. Allen, Mrs. E. Meausette, Mrs. McLaughlin, Mrs. C. Bromfield, Mrs. J. C. Goodfellow. Mrs. A. King, Mrs. H. Foster, Mrs. W. Foster, Mrs. Moore, Mrs. C. V. Prosser.

These functions are held fortnightly, and are open to any ladies who desire to attend.

* * * *

The dance of the Blakeburn Football Club held April 6 was a conspicuous success, so much so that the footballers, encouraged by their effort, have arranged for another dance on April 20.

CAWSTON SCOUTS ENTERTAIN

Cawston troop boy scouts will hold forth to the public Friday evening when they present their fourth annual entertainment, in aid of scout funds. Outstanding attractions of an ambitious program include the special appearance of the "Three Cawston Crows" in an original number, "High Flying;" and "A School Days Farce," by Rev. W. A. B. Clementson entitled "Jimmy's Jinnee" will be another stellar number.

IN MEMORIAM

In loving memory of our dear son and brother, Charles Edward Hammill, who passed away on April 18, 1928.

As we loved him, so we miss him,
In our memory he is near,
Loved, remembered, longed for always,
Bringing many a silent tear.
God saw when the footsteps faltered
And the pathway was too steep,
So he closed the weary eyelids,
And gave His loved one sleep.

Sadly missed by his loving mother, father, and sisters. 23-1

BUSINESS LOCALS

If it's Tinsmithing or Hot Air Heating, consult me. H. B. Meausette.

KEREMEOS NOTES

On Saturday afternoon St. John's Guild held their Easter sale of fancy work, home cooking, plants, etc. All the stalls were well patronized. The fish pond did a brisk trade with the youngsters and the tea tables were very busy.

* * * *

On Wednesday evening Mrs. Innis invited about twelve young ladies to her house to hold a "shower" for Miss Margarite Harris who is to be married early in May. The evening was spent with music and games and Miss Harris was the recipient of many lovely and useful gifts.

* * * *

We hear that Mr. Thos. Nicholson is progressing favorably but is still confined to bed in Kelowna hospital.

* * * *

On Wednesday the Women's Institute held their regular meeting. The secretary was authorized to pay $21 as a donation to the Victory Hall funds, this being the balance, after paying rent and expenses, of the Easter Monday dance.

* * * *

Mrs. Kirby entertained at bridge on Thursday afternoon in honor of her daughter Mrs. Harrison. Mrs. Chas. Armstrong carried off the premier honors, while the consolation prize fell to Mrs. E. C. Armstrong. Mrs. Harrison left on Sunday for Kaleden.

* * * *

Mrs. Echlin entertained a few guests on Friday afternoon to meet Mrs. Alexander from Vancouver, who is spending a couple of weeks in Keremeos, the guest of Mrs. Purslow.

PROPERTIES SOCIETY MEETS

Keremeos Public Properties Society, at their annual meeting Wednesday of last week arranged for a clean-up day for the cemetery in the near future. Officers were re-elected for another year, with the exception that Mrs. Barlow takes the place of Mrs. E. M. Daly, who is now in California.

AS YOU WERE

By a strange juxtaposition of names in a recent issue, W. Constantine was reported as being fined $10.00 for assault on M. Kabusik. The story should have read the other way.

CAWSTON NOTES

(Cawston correspondence did not arrive until Friday, too late for last week's issue.)

Mr. P. Madden and Mr. T. Rooney left recently to spend the next few months in the Peace River district.

Miss Mildred Smith was a visitor to Princeton Saturday evening, attending the meeting in conection with the school sports day.

* * * *

Mr. and Mrs. Warren Rolls of Penticton were visitors at the home of A. Whyte on Sunday.

* * * *

The Cawston troop of Boy Scouts, Misses Margaret and Mildred Smith, Mrs. C. Tickell and J. Burnell motored to Penticton on Monday evening where they attended the concert given by the Westminster Glee Singers.

ENJOYABLE CONCERT AND DANCE AT CAWSTON

A most enjoyable concert and dance was held in the hall on Thursday evening under the auspices of the hall board when the crows turned out to celebrate the eighth anniversary of the opening of the hall.

A varied program of musical items and recitations was enjoyed by all and brought forth hearty applause from the appreciative audience.

After a dainty lunch—for which the Cawston ladies are noted—the floor was cleared and dancing was indulged in up till 2 a.m., the music being supplied by the new six-piece orchestra from Keremeos. Ice cream was sold during the evening and proceeds from this and admission amounted to a little over $70.

HEDLEY NOTES

The first half of this April has seen less water in both the river and Twenty Mile Creek than usual. Owing to this condition mining and milling at Hedley are at a low ebb. The prosperity of our little town depends upon the surrounding country being wet. (ambiguous—Ed.)

* * * *

Last Wednesday Mrs. Hutchinson of the General Hospital of Vancouver arrived to act as assistant to the matron of the local hospital.

* * * *

Thursday, Mr. Louis Rolls was taken to the hospital suffering from a severe attack of erysipelas. We understand he is steadily improving.

* * * *

Garages Extend

Mr. Ambrose Tree, Ford agent, is planning to enlarge his garage at the mill road bridge, crossing Twenty Mile Creek. It is a pleasure to record that some branches of business are paying in Hedley, as they must be, since additions are needed to both garages in town.

* * * *

Mr. and Mrs. E. Burr of Princeton, oldtime Hedleyites spent a few hours with us last Friday.

* * * *

Thomas Daly, now agent of the Sun Life Insurance Co., was a visitor last Friday. He reports business good.

* * * *

Word was received recently that Miss E. Williams former matron of the Hedley Hospital, after visiting friends around the Bay of San Francisco, sailed from there on the S.S. Mongolia for her home in England via the Panama Canal.

* * * *

The general health of the town is good, though money and water are scarce at present. Board bills are many but the food is excellent. Merchants are living in hopes of better days to come in the near future if Old Sol will warm up the mountains of snow and flood us with water—it is power we want for both mine and mill.

* * * *

Word was received Monday that Mr. G. P. Jones had suffered a slight setback and would not return here until a later date.

* * * *

Messrs. Patton and Spall of Keremeos paid Hedley a hurried official visit on Tuesday.

* * * *

Some Weather Data

At 4:30 a.m. Tuesday morning, the early morning notes of robin red breast were heard for the first time of the season on the flat above the compressor house. The first wax bird made his appearance on Saturday, the 13th, also on the same flat, and the bluebirds are fluttering around the porches hunting for their nesting places in their usual haunts.

* * * *

We are informed by Mr. H. D. Parnes our radio enthusiast, that he is getting daylight reception without any trouble watever. With the good reception coming over his radio, the evening program always entices a number of friends to his residence where many pleasant hours are passed.

TULAMEEN RIPPLES

Spring is in the air—for the oldtimers are beginning to get their rockers and sluice boxes repaired. A good many new men are flocking in and all the old ones are in their toes ready to have the road opened up. Reports are that a lot of rock has slid in just above Eagle Creek and it will be impossible to get past until it is blasted out.

* * * *

A Mr. Smith was in town a week ago looking over the lots adjoining the railroad. We expect these lots to be put up at public auction soon.

* * * *

Mr. W. Marks, the new road foreman, has made considerable improvement to our streets. So Princeton is not the only city.

* * * *

Miss Alice Marks, daughter of J. J. Marks of Tulameen, has gone to Vancouver on a visit to her sister, Mrs. Robinson.

* * * *

The Slate Creek Consolidated Placers are going full blast, three shifts working.

* * * *

Mr. S. Bush has secured the Blair timber and will have his logging trucks in operation soon. The outlook is good for the year's logging.

* * * *

Mr. J. A. Schubert is paying Tulameen a visit, looking over his business interests.

* * * *

J. Jensen, or B. S. Wilson as he is better known by old timers, has added trucking to his mail carrying business.

Mrs. E. Gray has been acting as relief teacher for Division II, vice Miss Thomson, who is ill.

"It's really too good for the kitchen now. Isn't it marvellous how Permalak transforms things?"

The beauty of Permalak lies not only in its colors, but in its soft satiny finish. The colors *are* beautiful—the whole wide range of them. And the finish is beautiful too, so rich and lustrous.

The easiest of all finishes to apply. And it dries in no time.

CHURCH NOTES

At Copper Mt.

Rev. J. C. Goodfellow conducted service at Copper Mountain Tuesday.

* * * *

W.M.S. Meets

A meeting of the W.M.S. of St. Paul's Church is colled for Wednesday next.

* * * *

Quarterly Meeting

The quarterly meeting of the church committee of St. Cuthbert's has been set for tonight in the Parish Hall.

* * * *

Sale Success

What dresses remained unsold from the sale of work here a week ago were speedily snapped up at Copper Mountain when the ladies of St. Cuthbert's Guild put them on display there yesterday.

* * * *

W.M.S. Presbyterial Meeting at Kamloosp Successful

Gathering from Okanagan, Similkameen, Nicola and main line points a large delegation attended the annual meeting of the Kamloops-Okanagan presbytery held in Kamloops April 9 and 10. Mrs. J. C. Goodfellow was the local delegate.

Subjects under discussion included an address by Miss Evelyn Mitchell, field secretary on the work in foreign fields; the work in Japan, by Mrs. Hughes of Kelowna; the Mission Bands, by Mrs. C. H. Maharg of Vancouver. Mrs. F. P. Shaw of Revelstoke spoke on Evangelism.

The treasurer reported $4320 sent to the general fund, while supplies valued at $367.00 were sent by auxiliaries and mission bands to general hospitals. Work among newcomers to dis ricts, the sick, and amongst young people, was also provided for. Distribution of missionary information and Christian stewardship of money were also under review.

Mrs. E. R. Dawson of Penticton is president. Mrs. J. R. Standen recording secretary.

* * * *

Service of Song

A complete service of song lent pleasing variety to the series of evening services at St. Paul's Church Sunday night, and at the same time provided a musical treat for a better than average congregation. Solos by Mr. A. Bastian, a newcomer to the choir, and Mrs. J. Meher were respectively entitled "A Dream of Paradise" and "Just for Today." Mrs. T. Dobie (contralto) sang as a solo "The Be'ter Land," an old number; Miss V. Bastian and Mrs. J. Meher sang as a duet "Softy and Tenderly," with choral accompaniment. Two anthems "Tenderly Guide Us" and the "Glory Song" were rendered by the choir. Mrs. H. Hunter and Mrs. R. M. Irwin presided at the organ, with Dave Taylor saxophonist.

TEAM FOR SUNDAY

The following will represent Princeton in the football game against Copper Mountain, at Copper Mountain, Sunday: Dodd; Norman, Rintoul; Muir, Bontain, Taylor; Nowell, Francis, Dobie, Rossi, Cousins; reserve, Arnold, A. Dodd. Players will please be at Hotel Princeton by 2:15.

Name Selectors

Manager Arch Samuel and Captain Alex Rintoul were named a selection committee for Princeton Football Club at a meeting Tuesday. Tickets are now being sold for a whist drive and dance to raise funds for the club. A practice will be held Friday.

TENNIS DEVOTEES TO MEET

Princeton tennis enthusiasts will organ'ze for the season at a meeting called for Wednesday night in the rooms over the Bank of Commerce. Officers will be elected and plans made for the coming season. The club controls a court near the depot.

MINING NOTES

(Continued from page one).

the bridge spanning the Tulameen River, and installation of machinery is now in process. There is more machinery to come and although all main trackage has been laid, as far as the tipple, there is still some tracklaying to be done. The railway gang has left temporarily.

Work is proceeding nicely, though there is no definite announcement at this time about actual production. W. R. Wilson paid another visit to the mine this week.

* * * *

Plan Mill for Foster Mine

Plans for the erection of a concentrating mill were broached by officials of the Princeton Mining and Development Company, owners of the Foster mine, some five miles below Princeton on the Similkameen River. Considerable tunnelling has been done on this property, where a good ore body has been uncovered, similar in quality to Copper Mountain ore. The president and secretary of the company visited from Chilliwack last week-end, and stated that they contemplated an early resumption of operations.

* * * *

Interests Capital

Word comes form Hedley thta Duncan Woods, one of the largest claim holders in the valley is shortly to make a trip to the coast to interest and bring in capital to work his promising properties. He is another of the old school of prospectors who by years of patient waiting have merited the smile of fortune.

* * * *

Work Placer Property

Full steam ahead is the report from Tulameen concerning the octivities of Slate Creek Consolidated, operating two properties on Slate Creek. Three shifts—continuous work—are being operated on the tunnel.

BASEBALL MEETING POSTPONED

Counter attractions caused the postponement of the meeting of the Similkameen baseball association called for Saturday night. It will be held Saturday, April 20, in Princeton Hotel. Organization for the season will be complete, and this year it is hoped to have Allenby and Coalmont compete, along with Princeton and Copper Mountain.

BALLOON TIRE SERVICE

FIRST, we specialize in Goodyear Balloons. That enables us to keep a complete range of popular sizes always in stock because our costs in buying and handling are confined to one single brand—and that, the best. You'll like our prices and you'll appreciate our kind of service.
