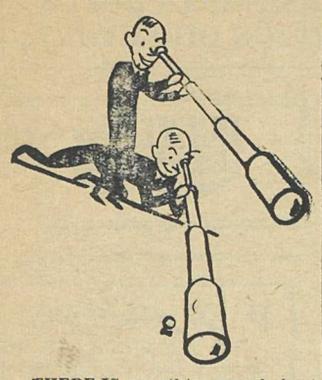
PROSPECT and— —RETROSPECT

RANDOM THOUGHTS



THERE IS something grand about the independence of age.

An old timer wrote to a Vancouver paper, asking why the Cathedral bells had not chimed on Dominion Day.

The answer of the Ringing Master reveals, between the lines, a grand old spirit. It is an explanation; in no sense a complaint.

"Lately," he explains, we have been carrying on under difficulties, as one of our regular band has been confined to hospital for 11 months through the effects of a shattered leg while serving in the Geat War.

"A second cannot always attend on account of weakness, in an airplane crash while in the same adventure. A third is suffering from a broken hand. A fourth is on holiday in the south. This leaves us with but half the regular team; others living at a distance we might have got but would be out of practice. Therefore it was considered best to have no ringing on such an occasion rather than to run the risk of poor ringing.

THERE'S A SERMON in that. The chime ringer, the craftsman and the man, is a remnant of a past age.

OVERTON—To Mr. and Mrs. F. Overton of Keremeos on Thursday, 11th July, a daughter.

WEDDINGS

Graham-Winkler

A Hedley wedding of interest was quitely solemnized in the United Church manse, Keremeos, Rev. C. H. Ballard officiating, when at 7:30 o'clock on the evening of Monday, 8th July, Margaret Lucretia Winkler, daughter of the late Mr. and Mrs. Anton Winkler, a native daughter and member of a well known Hedley family, became the bride of William Boyd Graham, late of Sterling, Scotland. Miss Thelma Ekloff of Princeton and Mr. Jerry Lawton of Hedley were the attendants. A few intimate friends and relatives were also present. A reception followed at the home of Mr. and Mrs. W. Lowe.

Mr. and Mrs. Graham have taken up residence in Hedley.

McInnes-Jones

A lovely wedding was solemnized at Hedley Wednesday evening, 10th July, when Constance Avonia, second daughter of Mrs. W. Lonsdale of Hedley, became the bride of John Allan McInnes, second son of the late Mr. and Mrs. A. McInnes of Nelson. Rev. C. H. Ballard of Keremeos performed the ceremony in the Hedley United Church, which had been beautifullly decorated with greens and flowers by the Ladies' Aid and friends.

The bride, who entered the church on the arm of her brother, H. I. Jones of Ioco, B.C., was tastefully attired in a dress of white silk net over white taffeta, with full sleeves, ruffles from neck to waistline, and a full skirt. She wore a full length veil held to the head with a coronation of orange blossoms. White and silver sandals and white gloves

CONVENTION URGES ROAD COMPLETION

Delegates From Ten Boards Draft Measures In Support Of Hope-Princeton Link At Penticton Thursday Night

AN EFFORT to put the Hope-Princeton road construction on a definite public works basis, and to complete the project with the least possible delay, was on Thursday night endorsed by delegates from ten boards of trade on both sides of the International boundary, at a special conference held at Penticton in the interests of the road.

Reeve Charles Oliver of Penticton and S. R. Gibson of Princeton were named a committee to personally urge the matter upon Hon. Grote Striling, M.P., member for Yale and British Columbia cabinet representative, when he visits the riding shortly.

Reeve Oliver made it his personal responsibility to secure the support for the undertaking of boards of trade and similar organizations at the Coast.

In addition to the boards represented, several others, more distant, in the Kootenays, including the Associated Boards of Eastern B.C., had notice forward that they would endorse any plan to secure early completion of the road.

Outcome of a thorough discussion, it was decided to re-iterate a former request that the road be taken out of the sphere of relief work and placed on a regular construction basis, men to be paid wages and adequate machinery provided.

Under Parks Plan

It was recommended that as has been done with the Big Bend road, the project be taken over by the Dominion Parks Board, the desirability of establishing a national park in the Three Brothers mountain area being considered.

There was some demurral on the park project, it being feared that creation of a park reserve would interfere with development of mineral resources of the area.

If a park were created, the road could be built in connection, to give access to the park.

The present policy of relief construction was condemned as being neither in the interests of the men nor the project.

The Resolution

WE RECOMMEND that this conference re-affirm the general tenor of the resolution passed by the Penticton Board of Trade: having in mind the putting of men to work on a wage basis, the development and access of airports along the Dominion route; and the desirability of establishing a national park in the Three Brothers area. We strongly urge that the Hope-Princeton link of the tansprovincial highway be pushed ahead, and immediate completion assured by a system of contract work financed by the Dominion government.

WHEREAS completion of the Hope-Princeton link of the Southern transprovinial highway has long been delayed, having been started nearly a quarter of a century ago,
AND WHEREAS little progress is being made, despite the large number of men who have been in camps along the route.
AND WHEREAS the actual remaining gap is only about 25 miles,
AND WHEREAS completion of this link would bring the Southern Interior into close touch with the Coast, this being of great benefit not only from a tourist standpoint, but also for business purposes,
AND WHEREAS the experience of past winters along those portions built indicates that the road could be kept open all winter with ordinary recourse to snowploughs,
AND WHEREAS the bulk of Interior population, including such well populated areas as the South Okanagan, Trail, Nelson and Fernie-Cranbrook sections would benefit from completion of this road more than from the building of any other highway.
AND WHEREAS the attitude of the Dominion authorities is that their camps are principally for the maintenance of men and not for work purposes, and that they are held back because of lack of suitable machinery,
AND WHEREAS the attitude of the Provincial authorities who provide such machinery as is in use is that the Federal government is now in charge and responsible for progress.
BE IT RESOLVED that this Board of Trade make representations of the strongest possible character, and request other Southern British Columbia Boards to take similar action, so as to bring home to the federal member for this district, who, as Minister of Defense, has the undertaking in his control; and to the Provincial member for this district, that some definite and forward-looking policy be adopted at once. That the Ottawa authorities be requested to adopt the attitude that this road requires completion at an early date, as being of benefit, among other things, to the Federal airmail route and airports. That the Victoia authoritites be asked to provide more road machinery for use on this route, as we believe there is at present considerable machinery unused in various parts of British Columbia. THAT the Dominion member for this district and the Provincial member be asked to give in unequivocal terms their definite assurance that they will seek the early completion of the short gap which now shuts off the Interior from the Coast, and forces us to travel an extra 150 miles if we desire to go to Vancouver by B.C. territory, or else sends us by American roads.

Princeton Schools Set High Standard

THE rise that has brought Princeton school to a point where its standard is among the foremost in B.C. began with advent of Mr. R. D. Affleck. A prophet should not be without honor in own land.

R. D. Affleck

Given good material, Mr. Affleck has welded his staff so that it makes Princeton's school one of its greatest assets.

By exam results and inspectors' reports Princeton school has an enviable rating.

Mr. Affleck is at present marking papers for the provincial government.

CRITICS FAIL AT MEETING

Many Were Called, But Few Chosen At Annual School Parley

SCHOOL affairs in Princeton will be conducted for the next year very much as in the past. No major innovations were introduced at the annual ratepayers' meeting Wednesday night, and there were no problems of unusual import.

The lively interest in school matters, which reached the boiling point last year persisted, however, and the meeting, which attracted more than 100, was not lacking in political fireworks.

The two major bombshells however, failed to explode.

In the last half minute a rival was put forth to Dr. J. D. Butler, candidate for re election as trustee, but the vote resulted in a large majority for the incumbent.

Another move to shake up the whole matter of salaries was likewise abortive. Mr. H. H. Avery sponsored both efforts.

The major points:

Dr. J. D. Butler was re-elected trustee for a three year term, over Mrs. W. D. Young, a last minute nomination, 78 to 20. Mr. G. M. Harman was re-elected auditor, without opposition.

A motion proposing a complete revision of teachers' salaries was rejected. A re-arrangement by the board after the last annual meeting was questioned but no action was taken. An individual application for an increase was referred back to the board.

Estimates for the current year were passed as presented. The appropriation voted was $10.000 as against $11,000 last year, which should mean a slight reduction in the tax rate of 14 mills.

The janitorship was once again made an issue, but curbed in the infancy with the re-appointment of Mrs. L. Berquist for another year.

Trustees in their report expressed satisfaction with results for the past year. Pass percentage in elementary school was 98% and in high school 90%. No Senior Matriculation class will be conducted this year, neecssitating one teacher fewer. Enrollment is expected to be slightly higher than last year when it was: elementary school, 256; high school 86.

The election was one of the major flurries of the evening. Normally a tri annual event, Dr. Butler figured in his third contest within a year. He was elected to the board last September, after being unsuccessful in the July election, and had the short unexpired term of Miss A. Freeman to fulfill.

Dr. Butler Opposed

He was proposed by Mr. J. F. Madore. According to School Law the nominations must be left open until a stipulated time. Only the one nomination was made at the outset. A few seconds before the time limit expired, Mr. H. H. Avery proposed Mrs. W. D. Young. Scrutineers were Mrs. Avery, Mr. H. McConnell and Mr. D. Atkinson There was one spoilt ballot. Dr. Butler acknowledged the honor.

Mr. G. M. Harman's was the only name proposed as auditor. The post, which he has held for some time, carries no remuneration.

Ask Salary Revisions

Hinting disagreement with other members of the Board, Trustee A. E. Irwin challenged action of the board in revising salaries of three of the teachers after the last meeting. A new teacher was appointed, and alloted $1050 the minimum. The additional $100 provided for this salary in the estimates was divided between two other teachers, each of whom had to take on extra duties, since there are seven teachers for the eight grades, and Grade IV was divided between them The meeting had so many irons in the fire at the time that this point was never disposed of.

Mr. Irwin moved that the principle be adopted for the future that when a new teacher is engaged, he or she be started at the minimum salary. It was pointed out that this would be a drastic step, and an amendment to the effect that the salary be in accordance with the teacher's competence was pass-

[Continued on Page Four]

Car And Truck In Collision Sunday

INJURY and serious damage was avoided when a car, driven by E. Studd of Vancouver, and a truck, driven by C. A. Hodgson of Keremeos collided on a narrow stretch of road seven miles south-east of Princeton, towards Hedley

The accident occurred about 6 p.m. Sunday.

Damage, chiefly to the fenders of the car, amounted to about $20.00

Mr. Studd, who resided here 30 years ago, was visiting the district.

AGED MINER DIES IN SLEEP

Charles McKechnie, Recent Arrival, Passes In Sleep

BELIEVED to have succumbed by natural causes Charles D. McKechnie, elderly prospector, was found dead in his bed in his tent a few miles below Coalmont on the Tulameen river Sunday morning. It is presumed he suffered a fatal attack during the night.

The man, about 70, had been on the ground about seven weeks. Little is known about him. Const. R. A. Lees to whom the matter was reported, is investigating.

No inquest will be held.

Mr. Fred Waterman is spending the summer holidays picking fruit at Naramata.

Sixty-Four Ejected From Hope Road Relief Camps

Police Speedily Put An End To Strike Precipitated By Former Regina Marchers; Two Arrested

SIXTY-FOUR men were ejected from three camps on the Hope-Princeton road project Saturday afternoon as a squad of Provincial Police took the latest relief camp strike in hand. Order again prevails.

Two arrests were made, Sam Kurin and Edward Allen, ringleaders, being charged with vagrancy. They are held in Princeton jail awaiting trial.

Thirty-six men were expelled from Camp 411, the end camp, 25 from 425, next from the end of the road, and five from 412, third from the end.

Police found that the trouble resulted from the activities of members of the Regina party, as indicated in an earlier story.

The men, other than the two arrested, were simply turned loose, and the last thatwas seen of them they were trudging westward over the Hope trail, singing lustily "Hold The Fort For I Am Coming."

Police re-inforcements were in charge of Inspector John Macdonald of Nelson and Sergeant E. M. Gammon of Penticton.

THE WEATHER WAS ECLIPSED INSTEAD

THE SIMILKAMEEN packed a real grudge against the weather man this week after having missed the greatest show in years, and, what hurt most—Jock and me at any rate—it was free.

For the second time this month rain has spoilt the fun of dry-belt Similkameen while the saturated Coast has basked in sunshine. As it was Dominion Day, so it was with the eclipse. And to add insult to injury, the clouds swept by and the full moon came out in all its glory just after the spectacle was ended.

Disappointed Similkameen folk listened to the radio account or waited for the newspapers.

WEATHER IS HOTTEST YET

Season's High Set This Week And Humidity Is Low

A HEAT WAVE descended on the Similkameen this week, rose to near oppressiveness suddenly, and then fluttered and tapered off in rain.

A season's high of 97 was reached on Sunday. It was more than the atmosphere could stand, however, and by Monday an electric storm worked up rain. The air continued heavily charged through the week, with humidity low and a general oppressiveness prevailed. Occasional showers were interspersed with high temperatures.

BAROMETER DROPPING

THE WEATHER continued warm at the week-end, but the barometer is dropping, indicating that relief is in sight.

Though the general opinion was that Sunday was one of the hottest days of the year, the official recording was only 89.

FIRE NEAR HEDLEY

ONLY one fire was reported by local forestry officials this week. It was a small and inconsequential blaze on Twenty Mile creek, about three quarters of a mile from the town of Hedley. Its origin is put down to carelessness. It was caught early, and did no damage.

Hot weather and low humidity has increased the fire hazard perceptibly.

Trouble In Camps On Hope End Too

TROUBLE has developed in the Hope-Princeton road construction camps on the Hope end. Approximately 150 men have been ejected from four camps. Some 300 men, about half the camp population, declined to go to work on Tuesday. A number of Provincial Police arrived from Vancouver, and those who would not work were required to leave the camps. The dissatisfaction is believed to have been inspired by members of the Regina trek who recently arrived in the camps.

"Regina Converts" Are Not Converted

RETURN of the Regina marchers to the relief camps from which they walked out prior to their memorable trek which ended in rioting death of one officer, injuries to many on both sides, and arrest of several participants, including Arthur Evans, does not mean that the "strikers" have given up the fight and are reconciled to the camp system.

This was made very plain when the dissenters, at a final meeting in Vancouver, decided on a return to the camps. It was just a way, the leaders said, of circumventing present difficulties and waiting for a happier opportunity.

Recent developments in camps at Hope and Princeton suggest that it may have had a more sinister motive. The camps had been gradually filling up, despite the "strike."

Mascot Mill Work Again Under Way

AFTER being delayed a day or two by an injunction, work was resumed this week at the Mascot millsite.

The facts are obscure, but it appears that certain local men who held an interest in the mineral claims, were not satisfied with fulfillment of conditions as to distribution of shares, and, holding surface rights on the property wanted for a millsite, held out for satisfaction.

Whatever the difficulty, an adjustment was evidently speedily arranged and work was resumed as usual at the mill project on Wednesday. Other operations had not been interfered with.

"Only Work Is Done By Machine Crews"

"THE only work that is being done on the Hope-Princeton road is being done by the men on Provincial Government machines."

This is the statement of one of the men employed on the road—on one of the machines.

The men on federal "pay" are making no contribution of any note towards the building of the road, this man said. "The officials can say what they like,' he added. They are, he said, barely cutting their own firewood. Asked if there was not some way in which the men under Dominion government care could be made useful, he said, "Not for 20c a day."

He said that the machines, manned by men who are paid 45c per hour, are doing good work.

MEN STRIKE AT CAMPS

"Bennett Told Us We Don't Have To Work," Say Strikers

FOMENTED, it is believed, by men who participated in the Regina disorders, trouble has broken out in the Hope Road relief camps.

Major E. Chambers, chief of the department of National Defense organization in British Columbia, is en route to Princeton to take personal charge.

Actual trouble at this time is confined to camp 425, near the end of the project, and known as Fourth Camp. At this camp thirty men are reported to have declined to return to work after lunch Thursday. Constables Deane and Hatherill visited the camp Thursday afternoon to investigate the trouble.

The attitude of the men is said to be the result of agitation by men admitted to the camps last week, who had returned from Regina, participants in the general walkout, "on to Ottawa" campaign, and subsequent clashes with authorities. A few are identified as officers in the strikers' organization.

Asked why they refused to work, the men replied that their delegation had been told by Premier R. B. Bennett that they were not expected to work in the relief camps.

Although for the present actual trouble is confined to the one camp, 425, there are indications of it at other camps in the project.

No Failures In Final Exams At Hedley

EXAMINATION results at Hedley school reveal a satisfactory standard of work according to Principal G. A. Clarke, who announces the following promotions. Every student in Grades IX, X, and XI obtained promotion.

Grade IX

1. Kathleen Brooke, 83.4%; 2. Florence Brown, 83.4; 3. Enid Brooke 78.2; 4. Stanley Samson, 74.4.

GRADE X

Jean Douglass, 86.8%

GRADE XI

Violet Jones, 78.4%.

SEVENTY MEN ADMITTED TO CAMPS THIS WEEK

MORE THAN 70 men arrived in the federal relief camps this week, local officials of the department of National Defense report. The total number of men in the camps in the district is now 240, the highest since the general walkout of 4th April, it was stated.

Bob Lansing's hopes in the tennis championships were qaushed when he lost to Giles Friday.

EDITORIAL

A MODERN TRAGEDY

IN THIS DAY AND AGE we have come to expect a lot from governments that is neither horse sense, good business nor in the interest of the public weal. But it is generally the easiest way out and therefore to the advantage of the governors, or rather the politicians.

But, expecting little, we must confess that the attitude with regard to the relief camp question simply stumps us: for it does not even work to the advantage of the politicians themselves.

By dodging a responsibility that should have been met years ago, the authorities find themselves in a predicament that ordinary common sense tells them they can not blunder through; and yet they continue to blunder.

Day by day they are making things worse for themselves, and of course for the people who pay them to do a proper job.

What else do they expect than trouble with the Regina army? Be these fellows right or wrong, there is one thing sure, they have made up their minds that they don't want the camps. The hardships they have borne, the sacrifices they have made, are ample proof of their determination; and it is common inference that suffering hardens opinion rather than softens it.

And yet these men, openly avowing this determination, are sent back to the very camps their aversion to which precipated all the trouble.

No one would think of putting a diseased cow into a healthy herd in hopes of curing her. And no man who has shown so strongly his convictions as these have is to be converted by putting him into a camp where serenity prevails. In a short time where there was one dissatisfied man there are ten. The authorities are simply subsidizing trouble.

The police are sent in and the men are simply driven out. They go back to Vancouver, sign up under another name, are sent back to the camps, and so it goes in a vicious circle. Each time the man is more bitter, a harder problem to deal with.

How can it be otherwise? Is is fair to constituted authority, and to the police organization who are a vital and honorable factor in its dispensation?

Where are we getting?

These dissenters we call radicals. Radicalism properly means getting at the root of things. It is our belief tha it is us, who respect constituted authority, who ought to be the radicals.

This undoubted social disorder is a growth, nurtured in the fertile soil of hard times, its root unmistakably poisoned by sinister foreign influences in the form of communism, which, whatever its individual merits, is certainly poison to our accepted system.

With any infection, mental or physical, there is only one treatment—eliminate it entirely.

It is imperative, if we are to survive this menace, that all constituted authority, be it imperial, federal, provincial, muncipal, or individual, should concentrate in one direction, and that is to eliminate and obliterate this toxin, which is an enemy common to all of us who respect our present order, regardless of our divergent views in other matters.

And it is imperative that we realize that. Such an exhibition of petty jealousy as bandied between McGeer, Gardner, Bennett et al in the recent Ottawa trek is a disgrace to common sense and to our social order.

Nero must stop his fiddling Some months ago a belated investigation was started into camp conditions. That an enquiry was necessary implied a serious problem. The inference is that the application of what changes were found advisable be instituded at the earliest possible moment. Instead, while Rome burns, the report is bandied by politicians?

Are jails and billy-clubs the solution to a social problem?

No better example could be found than right here in Princeton. For months the poison spread while the government doctors administered in turn thrashings and headache powders.

Then they became radical, rational. They clipped the infection. The wholesome effect bears its own witness. If proper care is taken that the weakened parts are not subjected to further contamination, Princeton will again be strong and healthy and happy in the realization of its error.

Poison is something you can neither reason with nor thrash into purity. It must be removed.

PERLEY'S PALAVER

What's The Answer?

So they may not fight it out in Ethiopia after all. Well, it's about time somebody had some common sense. We had just been beginning to swing back to the idea of enlightened despotism. You've got to have a head, and one fellow with the right ideas can do a lot more, if he does it for society, than a democracy that gangs up on itself. But Mussolini evidently doesn't fill the bill, so until the perfect dictator comes along we'll stick to

Princeton Paragraphs

Miss Jessie Ewart is enjoying a vacation at the Coast.

Mr. M. Gellatly is limping from a leg injury sustained at Blakeburn.

Mrs. McKelvie and Cynthia are vacationing at the Coast.

Mr. Victor Zaharoff has arrived from Vancouver as assistant to Mr. S. M. Nechiefman.

Quite an unusual summer fog came up after the rain on Monday night.

Inspector John McDonald of the Provincial Police was in from Nelson this week.

Road superintendent A. C. Mc Kenzie, now of Penticton, was in town this week.

Mr. and Mrs. J. A. Macfie and Billie returned Friday morning from a motor trip to the Coast

Miss Agnes Ewart has returned for the summer vacation from private school in Vancouver.

Mr. J. B. Forsythe is on holiday. Mr. Bob Edwards is relieving at the liquor store.

Mr. and Mrs. A. Lindholm and family will leave shortly to take up residence in Banff

"Newsy" Hill came over the Hope Trail this week and visited old tillicums.

Mr. W. Freeman and Miss Freeman enjoyed a drive out the Hope road Sunday. The flowers are a delight this year.

Mr. Tupper, legislative member, is expected in town shortly. Hon. Grote Stirling, federal member, is also expected in the near future.

Mr. T. C. McAlpine visited properties in the Hedley district this week, motoring to Vancouver on Wednesday.

Accomodation was at a premium over the holiday week-end, with the hotels full and the restaurants and beer parlors doing a rushing business.

Mr. Allan Clark was an overnight visitor to Princeton in mid-week—a case of in-again-out-again. In from Brookmere and off to Midway to operate for the C.P.R.

Mr. Lawrence Lavalley dropped in to help us cuss our machines tonight. Lawrence is in good practice as he is just recovering from a bad spell of rheumatism.

Mr. Eric Lind is substituting as night clerk at the Princeton for the good man Friday, who is doing some decorating at the Hedley branch.

Mr. and Mrs. R. D. Affleck and Tony left for the Coast Sunday. Mr Affleck will mark papers. Mrs. Affleck and Tony will remain at the Coast.

Evidenly the corner store does not figure on letting any grass grow under its feet. Noticed Perley out on the war path with a scythe Thursday. There was no hammer, however.

Mrs. P. Swanson of Vancouver, formerly of Princeton, has as her guests her niece, Mrs. W. G. O'Neill and Mrs. O'Neill's two children, Joyce and Wayne.

Mr. W. E. Lucas motored to the Coast recently, and played best man to Mr. Ralph Thomas at the latter's wedding. Mr. Thomas is well known in the district and was man to Mr. Ralph Thomas at the formerly teacher at Hedley. Here's hoping Bill's humor has improved by the time he gets back.

St. Paul's Sunday school has suspended for the summer months.

Const. Deane has returned from witness duty at Corbin.

The C.P.R. depot has received a new coat of paint.

No wonder the good nurse sighed this week.

Mr. Billy Britton of Tulameen is a visitor in town to-day.

Miss Christina Winkler of Vancouver has been visiting at her home in Hedley.

Sergt. Gammon of the Provincial Police was over from Penticton on Friday.

Const. F. Henley now of Kelowna, formerly of Keremeos, was in town this week.

Mr. P. F. Bird of the Bank of Commerce staff is taking his holidays

Mr. Bob Mitchell and Bob Jr. were at Lightning Lakes on a fishing trip this week.

Rev. and Mrs. Goodfellow and family motored to Penticton Thursday, returning Friday.

Mr. Charlie Luxon left the hospital Wednesday, with his knee in a cast.

Dr Butler has returned from a periodical visit to Coalmont and Blakeburn.

Chief Pease gives notice that rain or shine he's going for that annual fishing trip at the end of the month

Mr. and Mrs. Harry Knighton and Diane motored to the end of the Hope road on Sunday.

Const. J. Deane has arrived from Port Alberni to join the local detachment Provincial Police.

Mrs. Johnson, a daughter of Mr. and Mrs. Hardwick, well known to older residents, is relieving at the hospital.

A number of Penticton young folk passed through Princeton this week en route home, after visiting with Bobbie Muir at Copper Mtn.

The Rhythm Boys' Saturday night dances are proving very popular with the out of town young people. Hedley and Blakeburn are invariably well represented.

Messrs Jack Coles and Bob Lansing motored to the Coast at the week-end. Bob is taking part in the Western Canada tennis tourney. Jack visited his folks.

Const. F. J. Hatherill has arrived taken up residence with his sister, to take up his duties here. He has Mrs. Hopkins, in the constable's residence.

Despite the rain, Mr. Saunders obtained a very fair picture of the cup-winning football team. The Province says its not quite sharp enough to print, however.

A number of Hope supporters came over with their ball team. They found many old acquaintances in the Similkameen. "Peg" White was once manager of the team.

Mr. Ed. Burr keeps smiling despite his two new worries in life—a bad knee and a Model T. Mrs. Burr is improving after her recent unfortunate injury.

A recent magazine feature in the Sun, on the diamond cutting industry (for diamond drilling) showed Mr. Perry Hall, well known local man and son of Mr. and Mrs. E. B. Hall of Princeton.

Pari-mutuels were tried out at the horse races Monday, but due to entries being made on the spot and loosely handled, what would have undoubtedly been an attraction was not very prominent.

CAWSTON

Miss Verna McDonald returned from Vancouver last Tuesday after visiting for the past few months with her sister, Mrs. C. Lauritzen.

Mr. and Mrs. W A. Grube and daughter Mary Jane and Mr. H. Wall of Oroville, and Mrs. Bertha Fulwiler and son Clifford of Seattle spent Sunday with Mrs. G. S. Armstrong.

Mr. R. L. Cawston and family of Copper Creek visited Mr. A. H. Cawston and family last Sunday.

Mrs. Earl Weitzel and children returned to thier home in Penticton Tuesday. Miss Sine Nielson accompanied them and will remain in Penticton for a few days.

Mr. H. Hawkinson and family of Salmo were in Cawston over the week-end.

Mr. and Mrs. J. Geitz and children left for their home in Saskatchewan after spending the past six months here.

Mrs. W. N. Sinclair and little son Grover, Miss E. J. Dunnett. Miss Francis Lang, Miss Gladys Roblin, Mr B. Newton and Mr. Guy Lippingwell spent the week-end camping near Nickel Plate.

Mr. and Mrs. S. R. Manery were in Oroville Monday.

Mr. Geo. Agar was a visitor to Penticton Wednesday.

Mr. and Mrs. C. Lauritzen of Vancouver are visiting Mrs. Lauritzen's parents, Mr and Mrs. John McDonald.

The annual school meeting was held on Saturday evening. Mr. Geo. Wainwright was elected auditor and Mr. Shemilt trustee, to take the place of Mrs. W. N. Sinclair, whose term has expired.

Mr. A. S. Wainwright left for a short visit to Vancouver Monday.

Mrs. Thos. Pettipiece and son A. P. Pettipiece and Mr. and Mrs. James McDonald were at Penticton on Monday.

M. Thos. G. Bean of Chopaka was in Cawston on Monday on his way to Ashnola on a prospecting trip.

Mr. A. M. Richmond, formerly of Copper Mountain, now district mining engineer, visited local mining properties this week. He spent some time at Steeve Creek, which gives real promise.

Const. Hemingway is acting chief constable until Const. Hatherill arrives. Despite his experience, Const. Hemingway, formerly North Vancouver police chief, has little seniority with the Provincial Police

Const. and Mrs. Jarvis and children left for the Coast recently. Mr. Jarvis was glad of the Vancouver appointment because it offers an opportunity to give his boy specialists' care for his eyes.

Mr. Roy Curran, who recently returned from the Coast, says that "Buck" Buchanan was asking for all his tillicums hereabouts. "Buck" played ball with Copper Mtn. a few years back.

Mr. C. H. Bocking, president of the Granby Company, Mrs Bocking and party were visiting at the Lodge Copper Mtn. Mr. Bocking was an interested visitor to Hedley Thursday.

Mrs. H. Hunter received a letter from Mr. Hunter Friday mailed at Cherbourg, France. Mr. Hunter, who is visiting the old land after fifty years, reports a somewhat rough passage.

Mr. Joe Wigmore was admitted to the Princeton hospital last week. Joe was 72 1st April last, being an "April Fool baby." Born near London, Ont. Joe was a schoolmate of Mr. J. J. Warren of the Consolidated.

Mr. Jack Coles, following the departure of his parents for the Coast, has gone "back to nature" and has built himself a summer mansion, measuring all of two by four, near the golf course. There is just a chance that the Interior Champion is getting serious about his golf.

Several were up from Hedley for the dance Friday. There was not the usual Saturday night crowd in town

Mr. Deward Broomfield is assisting with the West Kootenay construction at Hedley. Deward plans to make electricity—and women—his interest in life.

This would make a good ad. for Mussolini, who encourages marriages. Last spring Bill Francis and Jean McDiarmid, two of our well known young people, decided two could live as cheap as one (Sylvester says but only half as long). Bill's brother, George, and Jean's sister, Freda, were the attendants. This time they were the principals.

An interesting visitor to Princeton during the past week was Dr. R. Wallace of Malaya. Dr. Wallace, a prominent man in that far off land, told of things that arouse wonder here. He had with him skins of giant pythons. Dr. Wallace was fascinated with our mountain scenery, and vowed his intentions to return. He is en route to Scotland on holiday. He was accompanied as far as Banff by his brother, Mr. Dave Wallace.

WATER NOTICE

DIVERSION AND USE

TAKE NOTICE that the Kelowna Exploration Company, Limited, whose address is Hedley, B.C., will apply for a licence to take and use 6 cu. ft. per second of water out of East Fork of Twenty Mile Creek, also known as Hedley Creek, which flows south-westerly and drains into Twenty Mile Creek about 4 miles above the junction of Twenty Mile Creek and the Similkameen River.

The water will be diverted at a point about 3½ miles above the junction of the East Fork with Twenty Mile Creek and will be used for power purpose upon the mine and mill described as of the Applicant, near Hedley, B.C.

This notice was posted on the ground on the 17th day of June, 1935.

A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Princeton, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days of the first appearance of this notice in a local newspaper.

KELOWNA EXPLORATION COMPANY, LIMITED, Applicant.
By W. R. Bonnycastle, Agent.

The date of the first publication of this notice is Thursday, 11th July, 1935. 31-36c

WATER NOTICE

DIVERSION AND USE

TAKE NOTICE that the Kelowna Exploration Company, Limited, whose address is Hedley, B.C., will apply for a licence to take and use 6 cu. ft. per second of water out of West Fork of Twenty Mile Creek, also known as McNulty Creek, which flows southerly and drains into Twenty Mile Creek about 4 miles above the junction of Twenty Mile Creek and the Similkameen River.

The water will be diverted at a point about 3 miles above the junction of the West Fork and Twenty Mile Creek, and will be used for power purpose upon the mine and mill described as of the Applicant, near Hedley, B.C.

This notice was posted on the ground on the 17th day of June, 1935.

A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Princeton, B.C.

Evan Thomas and Tommy Rhodes were up Slate Creek Tuesday.

Garnet Willis has one flock of sheep on Princeton Mtn and one on the Nine Mile range.

Harry Allison reports plenty of snow on the north slopes of Three Brothers. He says this was the usual thing years ago.

Mr. S. M. Nechiefman was in the Boundary country for a few days in connection with a mining venture. He is expected back on Thursday.

Pictures of the early days of a town do not usually come from a distance of 5000 miles, but Princeton got two such this week. They were from the collection of Mr. S. Sands, former owner of Princetown site, who has been located in New Guinea.

HEDLEY WINS EXHIBITION FOOTBALL

And Their Injured Skipper Benefits Mentally And Physically

SCORE 3-NIL

And Now Everybody Is Happy Again

RECOMPENSE was made in double measure Sunday for Hedley's loss in the recent Similkameen football championship classic, when the miners trounced their tormentors 3-0 in a benefit game that netted $17.00 for Charlie Luxon, Hedley captain, who suffered a serious injury in that game.

Hedley well deserved the spoils, but the margin flattered them, and while in no sense alibi-ing, the team they beat was not the one that took their measure in the final. Only two positions were the same.

But there is no apologizing for Sunday's showing. Heat and Princeton's team difficulties considered, it was a splendid contest in which the honors went to the better team. Nor, after their misfortunes of the previous game, could they be denied the breaks which undoubtedly went their way.

It was a fine exhibition, with plenty of hard exchanges, fought out in splendid spirit.

Farewell To Arms

Except, that is, for one incident, and, in the philosophical aftermath, that was humorous rather than serious.

Bill Francis was the piece de resistance. Bill apparently has a bad leg, and thought to take a rest by refereeing. He knows now that he didn't know the half of it.

To say the least, Bill—one of the best—had his moments. The biggest was when Princeton, who had if anything an edge in the first half, were storming the Hedley goal, with a ruck of players striving pro and con as the ball bobbed on the line. The pros won the day, but—out of the blue came Bismark, and scooped the ball up in loving arms, casting it, to the amusement of the fans, the amazement of his former buddies, and the apparent oblivion of Brother Bill, to the four winds, or what have you. Marus cheerfully admits it, but says little fellows should keep their tempers. But Bill finally came through with a spot kick, and Mr. Dodd banged it against the goalie, so every body was happy.

Taylor won the toss and with wind and grade Princeton made the running.

Hedley's Scoring Bee

The break came in the second half, when Big Jim Norman topped a ball that was the goalie's all the way. McLeod nipped in for a simple goal. Graham, who surely played one of his best games, got a second shortly after on a shot form twenty yards that Hansen tried to punch out, and which glanced off his fist.

Fate caught up with Jock McIntosh, who otherwise gave a bonny display. He accidentally palmed one, and the serious Mr. Murray made hay. Jock got away with a deliberate one at the other end, so it was a bargain.

Hedley has found a grand goalie in Anderson, who incidentally had more work to do than Hansen. One save from Bonner was very fine indeed. The veteran McLaren was again a tower of strength. If Mac would only control his punting he'd be just about a hundred percenter.

In a Princeton team that gave a surprisingly good display all round the merit marks go to the two McIntosh boys. Jock is as good a back as he is a sportsman. Jimmy can't stake many claims in the direction of ability, but he's high grade in the other line. It was his first game, and he's right there.

HEDLEY—Anderson; H. Pilkington and McLaren (capt.); G. Francis, Graham and Gregory; J. Pilkington, Green, Murray, McLeod and Trudgian.

PRINCETON—Hansen; McIntosh and Norman; Jones, Rigby and Taylor; Muir, Dodd, Bonner, McIntosh and Meadley.

Referee—W. Francis.

STAR — SPORTRAYS

☆ D.T.

Sportsmanship, we suppose is a matter of opinion To us. the fellow who goes out and plays his darndest is no public enemy,whether he is for or against you. But some of the fans don't see it that way. Sport is for men, not cherubims, and its play, not results that counts. Like the knights of old, we can, figuratively, crack a pate and shake hands on it. It's the spectators. many of whom have never kicked a ball, that seem to die hardest. We presume the bird who talked to us on Sunday knows all about it, so let it pass. We thought we were doing the sporting thing in doing all we could to help an unlucky—just that—victim of an accident. When we do get ours—and we've had it before—we'll know how to take it, any way.

☆

We saw, on the other hand, examples in plenty of what we consider sport. An old team mate, now in a rival jersey, says, as a former pal is about to shoot, and after he has beaten the other for the ball, "Steady. Lots of time." A fellow who had just beefed his head off over the penalty—righteously if noisily—refuses to take the ball when the linesman makes an error on the call.

☆

A fellow who came several miles and rushed back to go on shift urged that he be allowed to pay his share of the expenses.

☆

In one tub of colorful water rivals of a few minutes before scrubbed eachother's backs. No sir, our ideas of sport may be all wrong, but we think we get more kick out of them than the warped psychogogy of that fan accords him.

☆

One fellow, who missed the boat, raced seven miles in a chartered car to catch the team, and incidentally we might have been writing up a bad crash, but we're not telling that. No sir, chivalry is not dead, thank heavens.

☆

And so to the routine. We called Nanaimo when the series started, and we're still on that horse.

☆

And by the way, we have a rather warm letter from Blakeburn re the football championship situation. If we print it, we'll certainly have to answer it, and we're counting ten.

HEDLEY WINS FROM LOOMIS

Gold Miners Atone For Last Week's Defeat In Washington

HEDLEY earned sweet revenge for an unexpected setback at Loomis the previous week, when on the home diamond on Sunday they crushed the Washington boys 15-4 in a one-sided contest. Because of the excessive heat the game was called at the end of the eighth, at the visitors' request.

For the first four innings the visitors kept pace, but a hitting barrage in the fifth that netted six runs thoroughly demoralized them, and one run was their best for the rest of the game.

The previous week Hedley was beaten at Loomis 2-1.

HEDLEY—C. Hambly, c; Clarke, ss; Ash, cf; Stephens, 1b; Corrigan, p; Reimer, rf; Gregory, 3b; S. Hambly, 2b; Proctor, lf.

LOOMIS—T. Hill, lf; V. Hill, 2b; Berg, c; Ford, 1b; Hart, p; Swina, 3b; McMillan, cf; J. Hill, rf; Sain, ss.

WOULD CLOSE LOCAL LAKES

Rod and Gun Club Plans To Restock One Mile, Summers Creeks

BOTH One Mile and Summers creeks will be closed to fishing for three years, if a recommendation made at Monday's meeting of Princeton Rod and Gun Club is acted upon by the Provincial Government.

The motive behind this apparently drastic move is to give these waters a thorough chance to be made permanent attractions for fishermen

It was argued that these creeks, close to town and easily accessible, have been heavily fished recently, and are in danger of being depleted. The plan is to concentrate on building them up, stocking them with fry and giving them every opportunity to grow.

It is recommended that One Mile (Hunter) Creek be closed the full length from its mouth to Bergson lake. This includes the chain of lakes along the One Mile road. An effort would be made to clean these lakes out, getting rid of the many predatory fish which destroy trout. They would be stocked with fry.

Five Mile To Be Kept Open

Summers creek would be closed to Missoula lake, the lake being left open.

Five Mile creek, which is said to be in healthy condition, would not be closed.

It was recommended that a closed season be established in this district on Willow Grouse.

Comment was made on a letter in the Star recently, over the signature of Mr. Clement, complaining of the 'shooting' of grouse out of season by motorists at Jellicoe. The meeting endorsed Mr. Clement's attitude.

Twenty-five attended.

Gray Wins Monthly Medal After Tie

ERNIE GRAY won the monthly medal at the Princeton Golf Club this week after a playoff with Alf Sorenson. They finished all square in the regular play on Sunday. Mr. Gray won the decider on Thursday.

Sunday a match play vs. par competition is scheduled.

Critics Fail At Annual School Meeting Here

[Continued from Page One]

ed in its place.

Financial statement, auditor's report and estimates were passed without difficulty, though Mr. Lester brought in an unsuccessful motion that the estimates be considered separately. The board had had this information printed and distributed prior to the meeting, and the innovation seemed to be a popular one.

Mr. W. E. Lucas of the High School teaching staff had forward a written application for an increase in salary of $150 per annum. The matter was referred to the Board. Mr. Lucas' present salary is $1600.

At this point Mr. Avery tabled a resolution, with Mr P. Russell as seconder, calling for appointment of a committee of three men to sit with the trustees and revise all salaries in accordance with the general stipend as per government report, considering duties and abilities. The motion failed.

Janitor Again

A troubled question last year, the janitorship was again under discussion. Messrs J. Horrocks and J. Sim proposed that tenders be called for annually for this position. Mrs. W. Haddow had some plain comments on the point, and the matter was easily settled for at least a year by a motion to re-engage Mrs. Berquist at the present salary.

Question was raised as to the efficiency of the automatic coal stoker, to which Mrs. Berquist replied that it was giving satisfaction.

Customary votes of thanks were extended to the trustees and auditor and others.

Mr. J. Milne occupied the chair, and often had to exercise his authority. Mr. Avery and Mr. Russell were also proposed but declined. Mr. W. E. Freeman, board secretary, recorded. The meeting was held in the school.

HOPE ROAD SOCCER TEAM WANTS GAMES

A REQUEST is to hand from Mr. W. D. Fratt on behalf of the newly organized football team of Camp 406, for a match with Princeton. Unfortunately Princeton is not in line for any activity just now, but Hedley might be interested. Oliver has also been seeking games with Princeton.

Shower For Bride Held At Keremeos

ON THURSDAY afternoon at the home of Mrs. W. G. Mattice, Keremeos, Mrs. S. R. Manery of Cawston, Mrs. Mattice, and the Misses Anne Egli and Helen Manery were joint hostesses at a miscellaneous shower and tea, in honor of Miss Mary Sorge, whose marriage to Mr. J. Rainbow of Hedley took place on Monday.

The table was tastefully decorated with pink streamers suspended from a wedding bell. A bowl of pansies rested on a cluny lace centerpiece, while vases of pink and white snapdragon completed the decoration. The beautiful presents, which testified to the high esteem of the bride-elect, reposed in a prettily decorated pink and white box which was drawn in on a wagon by little Miss Kathleen Manery, and Master Billy Mattice of Oliver.

WEDDINGS

[Continued from Page One]

completed her costume. She carried an arm bouquet of pink carnations, roses and maidenhair fern.

The two bridesmaids, Miss Violet Jones and Miss Marion McInnes, respectively sisters of the bride and groom, were both charming, the former in a dress of green lace, cut on Princess lines, with long sleeves, satin sash and wearing picture hat, white sandals and gloves. Miss McInnes chose blue silk net with ruffled cape collar and skirt, white picture hat, white sandals and gloves. Each carried a bouquet of carnations, sweet peas, and maidenhair fern.

The flower girls, Ruby Jones of Ioco and Pearl Lyon of Hedley, both nieces of the bride, caught her train. Both wore pink, Miss Jones in organdie, with pink sash and hair ribbon; Miss Lyon in taffeta trimmed with green flowers, frills of the same material, pink sash and hair ribbon. Their bouquets of sweet peas and maidenhair fern enhanced a delightful picture.

Mr. David Mosses of Hedley supported the groom.

Ushers were Mr. Gordon A. Clarke and Mr. Freeman Carrothers, both of Hedley.

Mr. James Crossley of Keremeos, at the organ, played the wedding march, and Mrs. J. Robinson of Vancouver sang "Oh Promise Me" during the signing of the register.

Following the ceremony a reception was held at the home of the bride. Mrs. Robinson sang "Mighty Lak' a Rose", accompanied by Mr. Crossley. A three-tier wedding cake decorated with white roses and a white wedding bell centered the table.

The bride's going-away costume was a two-piece tailored suit of silk and wool, gray coat with silver buttons, and gray shoes. She carried a bag of contrasting fabric.

The bride and groom left for a short honeymoon in the Kootenays, They will visit relatives in Trail and Nelson. On their return they will reside in Hedley.

Out of town guests included Mr. and Mrs. H. I. Jones and daughters Wilma, Mildred an Ruby of Ioco; Miss Clara Flemming of Watertown, North Dakota; Mr. and Mrs. J. H. Argyle and son Jack of Nelson, and Mrs. E. L. Hedley of Nelson, the groom's sister.

Rainbow-Sorge

A wedding of unusual interest united two well known Similkameen families when on Monday, 15th July, Rev. C. H. Ballard of Keremeos officiating, Mary Eva, eldest daughter of Mr. and Mrs. F. C. Sorge of Keremeos became the bride of John A. Rainbow, son of Mr. H. T. Rainbow and the late Mrs. Rainbow of Hedley. The ceremony was performed in the United Church, Keremeos, beautiful with summer flowers.

The bride, who was given in marriage by her father, entered the church to the strains of the wedding march played by Mrs. D. J. Innis. She looked charming in a flowing gown of white taffeta with veil of silk net and coronet of orange blossoms.

She was attended by her two sisters, Ruth and Dorothy, as bridesmaids. The former wore yellow organdie, the latter mauve. Each carried sweet peas.

Mr. William Pearce supported the groom. Following the ceremony a reception was held at the home of the bride's parents, relatives and intimate friends being present. A three-tiered wedding cake, adorned with roses, centered the bridal table The room was decorated with blue and white streamers.

The bride's mother chose blue for her costume.

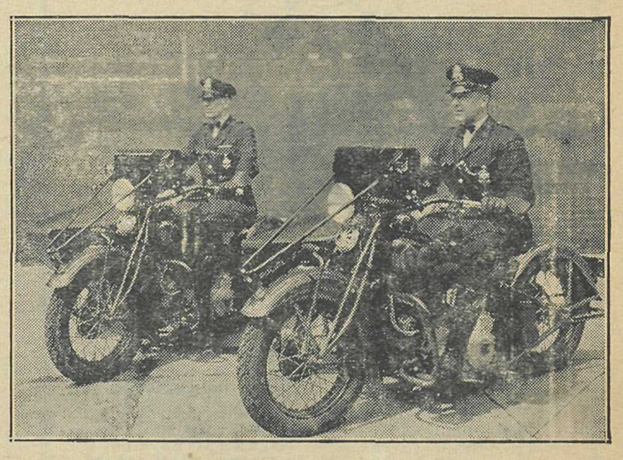
The bride's travelling costume was in blue and white.

On return from a honeymoon tour of the Kootenays, Mr. and Mrs. Rainbow will reside in Hedley.

Walker-Zummer

At Okanogan, Wash., a marriage licence was issued to Emery Walker of Keremeos and Mary M. Zummer of Rutland. Witness was A. S. Michel.

First Radio Motorcycle Cops in Canada



THE first permanently installed radio-equipped motorcycles in Canada are the two shown above with officers Geo. McIver and P. Gatineau, of the Verdun Police Motorcycle Squad, photographed as they drove away immediately after their machines were equipped by a Northern Electric radio engineer on June 21st. The radio sets are located on the handle bars. The "V" shaped rods in front serve both as supports and antenna.

LOOK BEFORE YOU LEAP

If there is one thing that you should examine carefully before you buy, it is tires. Make sure you are getting tires that not only *look* good but tires that you will know *are* good even after you've driven them thousands of miles. Every tire we sell, in each price range, is this kind of tire. They are all DUNLOP Cable Cord tires, fully guaranteed, with the DUNLOP name on the sidewall. Examine them before you buy any tire.

What A Relief For the Frimwells

"We used to think that we didn't need a telephone because our neighbors had one," said George Frimwell. Whenever we had to call we just ran next door.

"Then we began to wonder if it was fair to our neighbors. They were always very nice about it, but it must have been a great inconvenience to have members of our family barging in on them morning, afternoon, and night.

Finally, we decided to have a telephone of our own. What a relief. It's a great feeling to know that we won't be pestering our neighbors any more."
