TRUDELL—

Death took an intrepid pioneer of Cedar District 4th December, when Henry Trudell, father of Mrs D P. Williams of Hedley passed on.

Born eighty years ago in Three Rivers, Que., the rugged French-Canadian crossed the continent before the advent of the railway to take a position as head sawyer in the Haslam mill at Nanaimo fifty years ago. Shortly after, he established a farm at South Cedar, which has become a familiar landmark.

Besides his wife and Mrs. Williams he is survived by two sons, Josph and Alexander, both of Cedar district; and three daughters, Mrs. J. Struthers, Vancouver; Mrs. A. M. Robertson, Toronto; and Mrs. L. H. Malpass, Nanaimo.

The funeral was held at Nanaimo the following Thursday, under the auspices of Ashlar Lodge, A. F. and A. M., of which he was a member.

CRASHED INTO PARKED AUTO

Princeton Police Seek Hit-and-Run Driver Who Damaged Car Sunday Afternoon

PRINCETON police are looking for a hit-and-run motorist who crashed into a parked car on Sunday afternoon. The vehicle, owned by E. Samaan, was parked in front of the family residence near the Princeton school on Sunday, when suddenly another auto, said to be travelling at excessive speed, swerved and crashed into it, seriously damaging one fender. It continued its course without stopping.

Police have a description of the marauding vehicle, but so far have made no arrests.

Faith And The Rain Will Move Mountains

A newspaperman had a story literally thrown at his feet, but is tickled it was not as good as it might have been.

Driving up from the Coast early last Sunday morning, the Printer's Devil, entering the tunnel just west of Boston Bar suddenly saw the world collapsing in front of him. The brakes were good, and several tons of loose rock that fell from the roof did nothing but make a noise. With mixed feelings the cherub moved away enough of the debris to get by, and here's the story.

Soft weather caused much loose rock to slide to the road at various places, and driving through in the dark was quite an experience.

Man Breaks Leg At Missezula Lake Farm

A BROKEN LEG fifty miles from help generally makes good fiction; but it made fact this week, when Carl Dillard suffered such an injury at Missezula Lake

He was brought in by sleigh by Bill Johnson, as far as the Rowlands place, from which point Mr. Rowlands drove him by auto to Princeton.

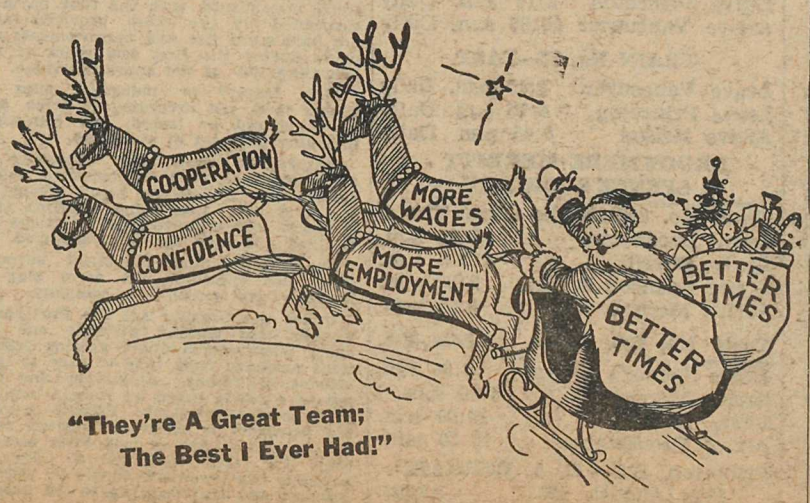
Princeton Lad Breaks Leg While Sleighing

SLEIGHING claimed its first accident of the season as young Gerald D'Angelo suffered a broken leg. Hospital reports the youngster is doing fine, while police again urge parents and youngsters to exercise utmost caution.

Watered Stock Worry To Mascot Secretary

THERE is no watered stock about the Mascot, but its ardent secretary is troubled by that very problem. Mr. Victor J. Creeden, who is the official in question, is also privately engaged in the importing business, and it seems that in some manner or other leakage from the Vancouver system (no new city hall scandal hinted at) made quite a mess of his quarters. So he is coming back at the city for damages. But after all, he is located on Water street, so what can you expect?

Santa Claus Is Coming To The Valley



"They're A Great Team; The Best I Ever Had!"

Similkameen Merchants Present Special Christmas Values In This Issue of The Star—Read About Them—Read The Ads

THREE hundred and sixty-four days of the year are just anybody's days; one day belongs to Santa. The good people of the Similkameen are well aware of this, and one and all are banded together for the joyous festival carnival—an event, of course, that has no small significance in Princeton's business year.

Mindful of this urgency, and with the rueful memory of depression years still poignant, Similkameen merchants have united in one big effort to keep Similkameen's prosperity in the vanguard—by keeping Similkameen's payroll dollars rolling—in circulation—at home.

Annually hundreds of thousands of hard-earned Similkameen dollars—dollars that came from Similkameen's fertile valleys or gold-studded hills — wander away to alien markets—lost forever to Similkameen prosperity.

And now at Christmas-tide, when those dollars are freest, Similkameen merchants make a special appeal—not merely for themselves, but for the Valley—your home—whose business interests they are charged to order.

Princeton merchants, of course, are anxious to make their town the mart of the Similkameen; but they do not despise the claims of other valley towns to local loyalty. Hedley, for instance, offers much. Indeed, all the Similkameen merchants listed in this ★ Special Christmas Shopping Edition want you to feel that they have put forth a special effort to merit your support; they have put in, for your convenience, large special stocks, and they take this means of bringing them to your notice. Read the ads. Remember that your first duty is at home. See how Similkameen's merchants are co-operating in this big Similkameen-for-Similkameen campaign, and make your purchases accordingly.

Leading the parade, by reason of the importance of the cause and effect, is the big closing-out sale of the **Princeton Department Store.** This is no mere attention compelling trick. Mr. Wagenhauser, after a long reign as Princeton's mercant prince, is definitely retiring. The sentiment of loss is only balanced by the rumor that Phoenix-like will rise, with the new year, a revival of the old original firm; but all that in its time. For the present it is enough to stress that this is a genuine closing-out sale, and at Christmas time, that speaks volumes.

Turning from this scene of activity, the informed shopper knows that all gift merchandising starts at the old established store of **A. L. White.** It is really notable, the range and quality of gift merchandise there in stock—something, indeed, that is a credit to the town.

One of Princeton's leading business firms, the **Cosmopolitan** has again risen to the occasion with a nice general stock, including groceries as well as men'swear and ladies' wear.

Another opportunity that Princeton enjoys this year for the first time is access to a high class stock of imported goods. Real Chinese wares have a distinct fascination, and appreciative shoppers will find at **Lew Lun's** some intriguing wares. He also offers a full range of ladies' and gentlemen's wear.

Specializing in men's wear, but with some nice special lines for ladies, and shoes for all the family, **C. V Prosser** has much that will attract you. The store has recently been enlarged and re-ordered and you will find shopping here a real pleasure.

Christmas time generally means big-eating time, and the freights have just been groaning under the loads of good things they have been carting to Princeton. A good share of these was deposited in **Simpson's Grocery,** where you will find everything in that line that goes to make a feast.

Overwaitea offers a similar service, and don't overlook the old corner store of **F. P. Cook Estate** which has been dispensing Christmas cheer since 1886.

What would Christmas be without a Turkey? Well, have no fears. There are plenty for all — if you speak quick enough. **Burns & Co., Limited, The Quality Meat Market** and **Princeton Meat Market are** all offering everything in the meat line, while the grocery department of the last named rounds out the service. **Huff's Meat Market on Wheels** brings these items to your door, and claims to bring you a saving.

"Say it with flowers"—and it is the ideal way to say "Merry Christmas," suggests Mrs. Ethel Pattinson, who supplies Christmas blooms to order Her **Princeton Bakery** also offers everything in Christmas baking.

Gray's Bakery brings you not only Christmas Cakes, puddings and pastries, but also confections and novelties.

Princeton Drug Store has a large gift stock, and **James Corrie** specializes in tobaccos and smokers' supplies, offering also chocolates, periodicals, razors, cameras and souvenirs.

Thomson's invites you to look over their big stock of ladies' and men's wear, and **The Quality Store** and **The Elite Shop** both carry a wide range of ladies'wear, while **Collen's** offers fine bargains in men'swear, and is featuring costumes for the masquerade ball.

Milady is no doubt thinking about her personal appearance. Anticipating a busy week, both **Elizabeth's** asd **The Avalon** urge you to make appointments early.

DEPARTMENT OF MINES

Synopses of Mining Laws

MINERAL ACT

Free Miners' Certificates

Any person over the age of eighteen, and any Joint Stock Company is entitled to enter upon all waste lands of the Crown and upon any other lands whereon the minerals other than coal are reserved to the Crown and its licensees (with specific reservations), for the purpose of prospecting for minerals, locating claims, and mining. The fee to an individual for a Free Miners' Certificate is $5.00 for one year. To a Joint Stock Company having a capital of $100,000.00 or less the fee for a year is $50.00; if capitalized beyond this the fee is $100.00. The Free Miners' Certificates run from date of issue and expire on the 31st of May next after its date or some subsequent 31st of May. Certificates may be obtained for any part of a year terminating on 31st of May for a proportionately less fee. (Free Miners' Certificates are also applicable to the Placer Mining Act.)

Mineral Claims

Size: 51.65 acres.
Recording fee: $2.50 per claim.

Representation: Assessment work to the extent of $100.00 must be done each year and recorded on or before the anniversary date of record of the claim. Cash in the sum of $100.00 may be paid in lieu of such assessment work. Fee for recording assessment work, $2.50. If the required assessment work has been performed within the year, but not recorded within that time, a free miner may within thirty days thereafter record such assessment work upon payment of an additional fee of $10.00. The actual cost of the survey of a mineral claim to an amount not exceeding $100.00 may also be recorded as assessment work. As soon as assessment work to the extent of $500.00 (or cash paid of a like amount) is recorded and a survey made of the claim, the owner of such claim is entitled to a Crown Grant on payment of a fee of $25.00, and giving the necessary notices required by the Act.

PLACER MINING ACT

Four types of placer claims:

Creek diggings; bar diggings; dry diggings; and precious stone diggings. (For details see Part II, Placer Mining Act.)

Representation: A placer claim must be worked by the owner or someone on his behalf continuously as far as practicable during working hours. Lay-overs and leaves of absence may be declared by the Gold Commissioner under certain conditions. To hold a placer claim for more than one year it must be re-recorded before the expiration of the record or re-record.

Placer Mining Leases

Size and method of staking, etc.

Eighty acres in extent, staked along a "location line" not more than one-half mile in length. In this line one bend or change of direction is permitted. Where a straight line is followed two posts only are necessary, i.e., an "initial post" and a "final post." Where there is a change of direction a legal post must be placed to mark the point of the said change. The leasehold is allowed a width not in excess of one-quarter mile. The locator is required within thirty days after the date of the location to post a notice in the office of the Mining Recorder setting out the name of the applicant; the number of his free miner's certificate; the date of location; the number of feet lying to the right and left of the location line; and the approximate area or size of the ground.

Dredging leases on rivers for five miles below low-water mark are also granted.

Fees: Annual rental on placer mining lease, $30.00; annual development work required to be expended, $250.00; annual rental on dredging lease, $25.00 per mile; annual development work required to be expended, $1,000.00 per mile; the value of any new plant or machinery employed to count as money expended in development. Fee for recording certificate of work, $2.50. Lease fee, $5.00.

Provisional Free Miners' Certificates, (Placer) Act

Department of Mines Act

Among other things, these Acts provide for the staking and representing of placer claims without payment of fees, and assistance to prospectors by free assays, etc.

A detailed synopsis of the above Acts; also the "Mines Development Act"; "Mineral Survey and Development Act"; "Iron and Steel Bounties Act"; and "Phosphate-mining Act"; are available at the Department of Mines, Victoria. Complete copies of the Acts may be obtained from the King's Printer, Victoria.

Synopsis of Land Act

PRE-EMPTIONS

VACANT, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement.

Full information concerning Pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C.; Bureau of Provincial Information, Victoria, or any Government Agent.

Records will be granted covering only land suitable for agricultural purposes within reasonable distance of road, school and marketing facilities and which is not timberland, i.e., carrying over 5,000 board feet per acre east of the Coast Range and 8,000 feet per acre west of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, on printed forms obtained from the Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

Pre-emptions carrying part time conditions of occupation are also granted.

PURCHASE OR LEASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes. Minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land, $2.50 per acre. Further information is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

As a partial relief measure, reverted lands may be acquired by purchase in ten equal instalments, with the first payment suspended for two years, provided taxes are paid when due and improvements are made during the first two years of not less than 10% of the appraised value.

Mill, factory or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtained after residence and improvement conditions are fulfilled and land has been surveyed.

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

Under the Grazing Act the Province is divided into grazing districts and the range administered under grazing regulations amended from time to time to meet varying conditions. Annual grazing permits are issued based on certain monthly rates per head of stock. Priority in grazing privileges is given to resident stock owners. Stock-owners may form associations for range management. Free or partially free permits available for settlers, campers and travellers, up to ten head.

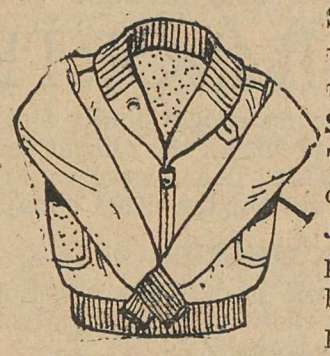
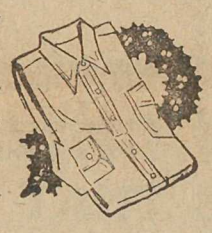
Gifts for Men

If you have not examined the splendid and varied Gift Stock at the Cosmopolitan, do so without delay. You will find quality lines, carefully selected with a view to good taste and to value as well as fashion. You can safely select any gift item.



Spare a minute to walk round the store with us—everything neatly displayed and price-marked for your inspection. We are particularly proud of these **Leather and Suede Jackets,** two tone, with pockets and zipper front. Then of course **Sweaters** is one of our best lines. We are featuring **Jantzen** in all styles, and the new pleasing off-color shades, with the brushed-wool proving the most popular. Then we recommend the well known **Arrow** line of **Shirts.** These come nicely boxed and in a fine style assortment, and any man will tell you a dozen reasons why he prefers them. Then look at these **Arrow Pyjamas.** A plain, sensible night garment, with just enough pique to be distinctive. Broadcloth and flannelette. Here's the new **Hudson's Bay Blanket Coat.** Its bright colors and its superb warmth have made it instantly popular; and it's fashionable, too. And now **Ski Mits and Ski Caps** to match. Both made from Blanket Cloth. Mits have soft leather palms and sell for $1.95. The caps are in one or two colors—for boys girls, ladies and men. Then for men again we know the **Hickok Belt** is a big favorite.



They come individually boxed, and in a variety of styles. We have an especially fine line of **Men's Socks** to suit all tastes. In **Ties** you cannot do better than the **Currie** line. We have a nice assortment. **Suspenders** and **Garters** always make an excellent gift, and there is no harm at all in giving a **Stetson Hat.** Then we have **Slippers and Shoes** for all the family.

In the line of general gifts, why not a **Hudson's Bay Blanket?** Or a pair of **Gift Towels?** We can recommend for man or woman one of these beautiful **Scarves. Boxed Stationery** always makes an acceptable gift, and the same goes for **Leather Goods**—purses, wallets, albums, etc. Had you thought of **Travelling Bags,** Club Bags, Over-night cases and the like? Then for a man, you can't go far wrong with **Tobacco;** and **Chocolates** find the way to any woman's heart. We have plenty of both in a wide range

HEDLEY

Mr. and Mrs. W C. Dougiass, with their infant son and Nancy, left on Wednesday for . Berkeley, Cal., to spend Christmas w.th Bill, Jean and Sheila, who are attending the University of California.

Soft weather brought down a large slide on the mountain back of the school Sunday night, but no serious damage resulted.

The first of Hedley's new street lights were switched on last Monday and the balance will be in use in a few days. "Let there be light" is the watchword, and the community is quite joyous about the new acquis tion.
ser ous damage resulted.

Hedley basketballers put up an excellent fight against Yakima and made the game interesting, though losing out 59-50.

Miss Dorothy Brown is making good progress after an appendix operation in Princeton Hospital.

Turkey shoots are the order of the day in Hedley, with the birds disappearing fast.
