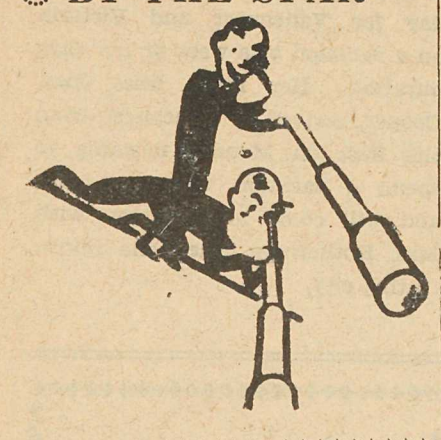
The Similkameen Star

Thirty-Ninth Year: No. 38 PRINCETON, B. C., THURSDAY, AUGUST 24th 1939 $2.00 Year, 5c Copy.

BY THE STAR—



BIRTHS

STAINS-To Mr. and Mrs. Harold Stains of Allenby, in the Princeton General Hospital on August 16th, a son.

HANIK-To Mr. and Mrs. M. Hanik of Princeton, in the Princeton General Hospital, on August 17th a daughter.

Oroville Plans Gala Time

Four prominent citizens of Oroville, Washington, visited Princeton Monday afternoon for the purpose of publicising the Okanogan County Fair and Rodeo, to be held in Oroville September 2nd, 3rd and 4th.

The men, Frank Bartell, propietor of the Peerless Hotel; Lyle Green of Oroville Reality; H. S. Boyer, superintendant of the Washinton Light and Power Company, and I. J. Doerr, publisher of the Oroville Gazette, made a hurried one-day trip to this part of the country to post advertising for the event.

The Okanogan County Fair is famous for its fine agricultural exhibits and farm products displays, its many educational features and the fine program of entertainment that is offered the crowds that attend.

☆ Mrs. Stan Thompson was a passenger in the Ewart automobile when John Ewart drove to Vancouver last Friday.

☆ ☆ ☆

☆ Douglas Stuart, popular member on the staff of the Bank of Commerce here, has been transferred to Vancouver.

☆ ★ ☆

☆ The Power Plant met Copper Mountain in a softball game last Thursday evening and after a hard fought game emerged victorious with a score of 6 to 3.

☆ ★ ☆

☆ Miss Florence Havel of Ioco, bridesmaid at the Sellers' wedding here on July 4th, is a guest of Mr. and Mrs. Wendell Sellers at their home near Princeton.

☆ ☆ ☆

• Sergent Jack Thompson of the Chilliwack Provincial Police with Mrs. Thompson and their two sons, John and Rolph, arrived in Princeton Wednesday evening on a holiday motor tour. Thursday evening the were the guests of Mr. and Mrs. Alec Bloomfield at their summer home on McKenzie Lake. They journeyed on from theer to their home in chilliwack early Friday. Sergeant Thompson was stationed here until 1934; when he was transferred to the Vernon police office.

BALL TEAM WINS AGAIN

Princeton repeated its win over Penticton baseballers on Sunday last, when the local team travelled to the Okanagaan city to defeat them on their own field 6 to 3.

The Penticton aggregation scored a run in each of the first three innings but later it was Princeton's game, two runs coming in in the third inning, one in the fourth, two in the fifth and one in the nineth.

The teams: Princeton: D. Currie, Gray, Garrison, Strogen, G. Currie, F. Oreskovich, Lindsay and Vaydo. Penticton: Webster, Beaumont, Phinney, Benway, Prentiss, Moore, Amy, Moebes and Kincaid.

Mike Oreskovich acted as base umpire and a Mr. Jones of Penticton turned in a good performance as umpire.

Carriers Change Province Routes

The Vancouver Province carriers in Princeton have re-arranged their rotes and improved their service to subscribers.

Through the efforts of the two men from the Province Circulation Department, Tom Harries and Eddie Sigurdson, there has been an increase of about 15 subscribers in this centre.

A competition is in operation now among the boys to encourage them to give still better service and build up their routes even more.

Monty Harrison Dwelling Burns

Fire destroyed the farm home of Mr. and Mrs. Monty Harrison, situated about 17 miles from Princeton on the Merritt road, late last Wednesday evening or early Thursday morning.

It is reported that all household goods and furniture were burned. Mr. and Mrs. Harrison have taken up temporary residence in one of the small cabins near their former home.

Water Project Work Progressing

Each day progress on the laying of the new water pipe under the main street of town is becoming more rapid and satisfactory.

The lower end of the street, from Vermillion to Harold Avenue, is back to normal on the west side, and the least possible interference to traffic and los of time was made with the excavations on the east side of the street between Harold and Billiter Avenue.

From Harold Avenue to the end of the street digging has started, and re-assrance has been given that the entire project will be completed and the street back to normal by August 26th or shortly after that date.

AQUAPLANE FEATURE AT DRY LAKE

Elks, Ski Club, Legion and Game Association Hold Outings Same Day

Sunday, August 20th is likely to go down in history as Dry Lake Day, or something to that effect, for no less than four Princeton organizations held annual picnics at the lakeside that day. At least two hundred and fifty persons attended the picnics being held on the shores of the little lake.

The Elks and the Princeton Ski Club combined their two picnics into one, with results that were pleasing to both groups. The music provided by the Elks' loudspeaking system was enjoyed by all. The Canadian Legion and Legion Auxiliary affair was highly successful, with the pipe band lending a hand in entertaining everyone present.

The Fish and Game Association outing offered as its part of the day's fun a new form of sport in these parts—aquaplaning. Towed behind Jim Bocock's fast outboard boat, the aquaplaners thrilled the many onlookers and spilled themselves into the lake time and again It was a new experience for almost all who tried their hand at it, and some fine exhibitions were for h-coming. Mrs. Bert Tidball and Miss Fat Pope both turned in good performances as representatives of the fair sex. Bert Tidball was first to try his fortune on the slithering plank and before the day was over, many others were given an opportunity to try their luck, or skill. At first Jim Bocock kept the boat well out into the centre of the lake, but later spectators on shore had a chance to see the riders in action at close range, the boat and board sometimes being driven within a few feet of shore. Charlie Burt was there with his camera, so many of the performers will likely get a chance to see themselves as others saw them.

During the afternoon, the lake presented a pleasing sight, there being no less than seven boats on its surface. while at all times with the exception of dinner and supper, many swimmers disported themselves in the water.

The kiddies had a wonderful time. There was ice cream for them all, lots of good things to eat, and games and races, too.

The Elks and the Legion turned out to do softball battle during the afternoon, with the ex-service men roundly trimming their opponents.

After supper, picnickers began to leave the scene of the day's activity, and it was past seven thirty when the last bus rolled toward home.

☆ John Ewart returned to Princeton last Tuesday evening by motor from Vancouver. With him were Miss Maisie Ewart, who has been vacationing in Vancouver, and the Misses Agnes and Jean Ewart, who have just returned from a visit to San Fransisco and the World Fair.

Board of Trade Met Monday

The monthly meeting of the Princeton and District Board of Trade was held in the downstairs room of the Travellers' Cafe at 8 o'clock Monday evening.

The secretary read a letter from G. M. Shrum, Director of the Department of Extention of the University of British Columbia. This letter and accompanying information explained a plan, sponsored jointly by the Dominion Department of Labor and the Provincial Department of Labor, for the establishment of Rural Occupational Schools in various parts of the province. The plan was put into operation last winter with very satisfactory results, and the assistance of community groups is being solicited in this regard for establishment of similar schools this coming winter or spring. Courses of instruction will be offered in agriculture, household science, dandicrafts, recreational and general lines to young men and women between the ages of 16 and 30 who are not gainfully employed.

It is necessary that at least 25 young persons be enrolled before a school may be opened, and suitable accomodations must be found to house the classes.

It was in regard to forming a local committee to handle such details that the assistance of the board was asked.

The meeting decided to turn the project over to the recreational committee for an investigation and report as the attitude of the board was favorable to the scheme.

A report by the chairman of the civic and health committee told of the fine bathing facilities that have been sponsored by the Municipality of Summerland of the swimming instruction and encouragement extended to youngsters to become adept at swimming and life saving in that community. The committee chairman expressed regret that some provision is not made for young Princeton boys and girls in order that they be given a chance to become adept in water sports. We have water here and could provide swimming facilities with little effort.

Due to many members being absent no other reports were forthcoming, save a resume of the part the board has played in the creation of the Princeton Community Association, which was elected to carry out the program of building a community hall here in Princeton.

Although no favorable reply has been received from the Department of Lands with regard to the allocation of a park, it was suggested that with the river at such a low ebb, it would be an opportune time to clear a part of the river bed of large boulders and debris, with a view to making future provision for swimming in the river. The meeting was brought to a close following this discussion.

☆ Dr. and Mrs. J. D. Butler and their two sons, Graham and Chris, left Sunday for Victoria where they will spend a two or three week vacation. Graham will remain in the capitol to attend Victoria College for his second year university work.

DIRECTORS CHOSEN FOR NEW HALL

Financial Campaign Effort for New Hall to Start This Week

When the public meeting voted unanimously in favor of a community hall in Princeton, at the meeting held a week ago Wednesday in the Orange Hall, a board of directors was elected to form the directorate, later named the Princeton Community Association, to be incorporated under the "Societies Act" as a benevolent association.

Those elected were: Doctor R. J. Wride, president; T. B. Hooper, vice president; A. D. C. Washington, secretary; P. W. Gregory, treasurer; Ernie Gray and W. D. Seaman, directors. Mrs. H. G. MacDonald was then chosen by the directors to act with them.

A meeting of the directorate was held the next evening in the offices of P. W. Gregory, where the name, Princeton Community Association, was chosen.

On the next evening, Friday, another meeting was held in the annex of the United Church, and a campaign was planned to raise funds for the building of a hall.

The entire town is to be canvassed by the following enthusiastic followers of the plan to build a hall: Mrs. W. Garrison, Mrs. H. G. MacDonald, Miss Barlow, Mrs. A. McFie, Mrs. Ed Westover, Ed Anderson, Andy Vaydo, Dr. R. J. Wride, P. W. Gregory, T. B. Hooper, Terry Thomson, Bob Adderly, A. D. C. Washington, Bud Woodford, Jim Norman, Ernie Gray and Ed Westover. The town was divided into districts, and each pair of cansassers were allotted a section to cover. Certificates of membership are to be offered to the canvassers as a type of pledge, and, included in it are outlined a number of ways in which payment may be made.

A tremendous effort on the part of every person in Princeton must be made in order that the hall may become a reality, and everyone is askedd to do his best to assist and follew the directorate in their public- spirited and unselfish attempt to fulfil the long-felt and urgent need for an adequate community hall in this city.

Princeton must awaken to the new spirit of co-operation and willing self-sacrifice to the common good that is raising a hesitant but welcome head amonst its citizens.

It has been suggested that a large thermometer type of gage be erected in some central place to keep the public interest and attention centred on the work and progress of raising the funds necessary for constructing the hall. This and other forms of attracting attention may be utilized by the directorate shortly.

• Elmer Burr left Princeton Sunday morning by motor for San Fransisco where he will join Mrs. Burr and their daughter, Eleanor, who have been visiting at the home of Mrs. Burr's parents in Los Angeles. Before returning home it is likely that the family will stop in San Fransisco for a short time to see the world fair.

IT'S AS SIMPLE AS "TWO AND TWO"

TO succeed, industry must have adequate markets for its products. Foreign trade is a matter of foreign competition and demand, and is largely out of our hands as individual citizens of British Columbia. A steadily growing domestic market is no less important, and this is our personal individual concern.

When you specify "Made in B. C. Products" every time you are about to make a purchase you are helping British Columbia Industry to buy more from those engaged in producing raw materials and to provide more work for British Columbians. When, by example, you encourage your fellow citizens to do likewise... you are rendering inestimable service to yourself, your neighbour, and your Province.

☆ Two Seattle commercial photographers, Dewey Engeset and Morris Peterson, in company with Podunk Davis, left Princeton early Monday morning to spend about ten days in the country west of here. They plan to cruise through the game preserve and down into the Three Brothers country and return by way of the Skyline Trail. Some of the most beautiful mountain scenery in North America lies along their path, and it is the intention of these men to make a photographic record of their mountain journey.
