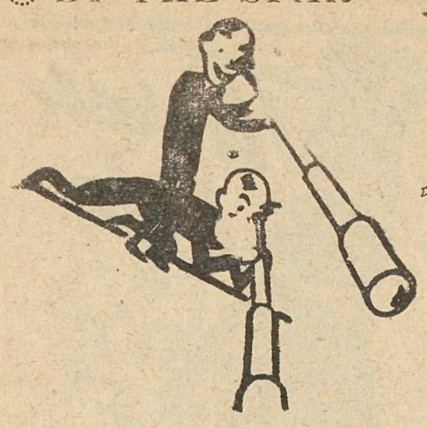
BY THE STAR—



The Similkameen Star

Thirty-Ninth Year: No. 49 PRINCETON, B. C., THURSDAY, NOVEMBER 9th, 1939 $2.00 Year, 5c Copy.

BIRTHS

ELY—To Mr. and Mrs. Gordon Ely of Hedley, in the Princeton General Hospital, on November 1st, a son.

LONG—To Mr. and Mrs. Victor Long of Princeton, in the Princeton General Hospital, on November 7th, a son.

Well Known Hedley Businessman Dies

Death came to John Love, 63, of Hedley at his home there early on the morning of November 4th. Almost continuously for the past 30 years he has been engaged in the pharmacy business in Hedley. Prior to the past three years he was in buisiness in Oliver but moved again to the Similkameen centre.

He is survived by his wife Minnie, one married daughter and a brother, T. A. Love of Grand Forks.

The late Mr. Love was born in Stanton, Dufferin County, Ontario on June 16th, 1876. For the past 40 years he has been engaged in the pharmacist trade. He was a member of the B. P. O. Elks for a great many years and had seen service overseas. His long residence in the Similkameen had gained for him a great many old and true friends who will mourn his passing.

The funeral services were held from the Hedley Anglican Church at 2 p.m. on Monday. Brother Elks of Lodge Number 28 acted as pallbearers. Burial was made in the Hedley cemetery with the Rev. P. R. Ellis officiating.

GOOD SALE OF POPPIES

The ladies of the The Legion Auxiliary in Princeton, following the lead set by Vancouver, commenced the sale of poppies on Saturday last, Nov. 4th., and the girl canvassers all report a very ready response to the appeal this year.

It would appear as if the new war in which we find ourselves engaged has a considerable influence on the attitude of the public, but it should be borne in mind however that the proceeds from the sale of poppies, as in previous years, is for the benefit of disabled veterans of the last war, and that the wearing of a poppy on November 11th is in remembrance of those killed during the war of 1914 to 1918.

The boy scouts, under direction of Scoutmaster A. E. Tidball, Princeton, will make a final drive for the sale of poppies on Saturday afternoon and evening, Nov. 11th, on the streets of both Princeton and Hedley.

"Wear a Poppy Armistice Day, November 11th."

Alterations And Additions To Local Hospital

For the past week, construction work has been proceeding at the Princeton General Hospital, where an addition is being built onto the present operating room.

The addition will contain rooms for both major and minor operations, a sterilization department for surgical instruments and equipment and a small ward for the surgeons and nurses.. Modern surgical and operating equipment will be installed.

The alterations and changes are being made after a long and careful study of other modern and up-to-date hospitals, and will cost approximately $10,500. The contract was let to J. Sinclair of Penticton in the latter part of October

Pending the rise of price in these lines of equipment, Princeton must consider itself fortunate in obtaining these necessities so reasonably.

The alterations should be completed about the 15th of December and the hospital will then be one of the most modern and efficient for its size in the entire province.

Trans-Canada Hiker Arrives

Mr. Eugene Mulier, trans-Canada hiker, arrived in Princeton on Wednesday enroute to Vancouver.

Mr. Mulier started out from Edmonton accompanied by two big husky dogs and wended his way across Canada by leisurely stages to Montreal. From that point his course has led him back across the Dominion. His two dogs draw a small wagon upon which is stacked the hiker's belongings.

This intrepid individual, a Belian, is hardy and healthy from his arduous trek. He has visited many of the most interesting parts of the Canadian scene, his trip through the Rocky Mountains was perhaps the most vivid and inspiring of all his adventures.

When asked if he planned to continue on his way through to Vancouver by way of the famous Hope Trail, he said that he had not as yet made up his mind although it is quite possible he will follow this route.

It has been his policy throughout the trip to walk the entire way, despite numerous tempting offers of lifts by kind-hearted truck drivers. It is his belief that only by travelling on foot can one really observe and appreciate the marveous scenic beauties of British Columbia.

The local badminton club is rapidly getting its members into shape for the coming winter competitions. They are planning to send a group of players to the Nickle Plate on Sunday for the first interclub play of the season. There is to be a meeting of various badminton officials of the clubs concerned after the tournament there to lay out a schedule of play. Miss Myrtle Garrison and Mr. Bob Adderly are likely to represent the Princeton club.

NEW CHURCH IS NOW BEING CONSTRUCTED

Building In Nice Setting On Billiter Avenue

Construction has already commenced on the new St. Peter's Catholic Church in Princeton. The new structure will measure 44 by 22 ft., of frame construction and will be finished in stucco. It is located on the rectory grounds in a lovely setting near the river at the lower end of Billiter Avenue.

For a number of years now, the church on Kenley avenue has not been large enough ,and hopes have been held for the erection of a larger building. The first drive for St Peter's Building Fund was made last February and the untiring efforts of those desiring the new church are likely to be rewarded with new premises before Christmas. The actual stucco work on the finishing is not to be done until the coming of spring. Mr. C. Thomas is contractor for the building.

AMBER SKI CLUB RECEIVES PRAISE

We note in the Province of Saturday, November 4th that the Province ski sportswriter Don Tyrell cornered Dick Lavery when he was at the Coast last week and extracted from him news of the doings of the Amber Club. Dick related to the Province reporter the ambitious plans of the Club and Mr. Tyrell was duly impressed with the performances of some of our junior skiers.

Miss Somerset Gives Interesting Lectures

First of a series of lectures by Miss Dorothy Somerset was held on Tuesday evening in the school. The subject of the lecture dealt with the the background of drama and instruction in the rudiments of the art.

Miss Somerset who is director for the Vancouver Little Theatre Association and is a lecturer for the Department of University Extension proved herself to be a very able and interesting speaker. Her discourse was of great interest to a large gathering of persons. Members of the Princeton Players' Club, the organization which sponsored the lectures, were extremely pleased with the results of the first talk given by Miss Somerset. They feel that the results will be seen in better and more sympathetically acted productions by the members of their club.

The lectures will be held each evening this week including Sunday. Each succeeding address will deal with more advanced phases of the dramatic art Special sessions will be held regarding costumes and stage settings.

The Princeton Players' club acquitted itself well at the drama festival at Penticton last spring and hope to improve for the next festival.

Princeton Skiing Preparation Are Progressing

Members of the Princeton Ski Club met on Friday evening in the Princeton Hotel for their monthly meeting.

Most of the discussion dealt with progress being made on the club hill and cabin. A week ago Sunday a large number of the members gathered at the hill to spend the day working on both hill and cabin and again this Sunday many willing volunteers were avaliabe to continue the preparations for the winter.

Bricks have been obtained for the construction of a chimney that is being built during the week Doors and windows are in place and the cabin will be stained as a protection against the weather.

THREE LOCAL SCOUTS GO TO CONFERENCE

Many New Ideas Obtained At Conference

Three local Boy Scouts, Patrol Leader Chris Butler and Assistant Patrol Leaders Ted Rhodes and Bill Tidball, attended the annual Patrol Leaders Conferenc in Rutland on Saturday and Sunday.

These conferences are designed to increase the interest in scouting among the boys and to provide a medium for an exchange of ideas between troops. At the conference there were 61 patrol leaders and seconds representing 14 separate troops. The Princeton delegates were made welcome and expressed the opinion that the trip was well worth while and that much had been learned to assist in building the Princeton troop.

On Saturday afternoon the conference took the form of a series of lecturees and discussions, at which many good pointers were gained by the Princeton representatives. A banquet was held on Saturday evening in the Rutland Community Hall when E. C. Weddel of Kelowna spoke to the boys. ence the three Princeton lads were treated to a show. On Sunday they attended church parade to the Rutland Cenotaph where a wreath was laid.

For the duration of the conference the three Princton lads were made up in three separate patrols but were billeted together in Kelowna. They paid a visit to the CKOV radio station and many other interesting places during their short stay.

Next year the conference will likely be held at Vernon and at Princeton the following year. The Okanagan valley troops of Scouts hope to publish a paper prior to Christmas and Princeton has been invited to contribute articles, for which a correspondent will be picked later.

At the troop parade next Friday evening the delegates will be able to present to the troop the main points of the conference.

RED CROSS SOCIETY NOW ORGANIZED

Dominion-wide Drive To Be Held This Month

The Princeton Branch of the Canadian Red Cross Society came into being on Monday evening at a meeting in the Elks' Hall when over forty persons attended.

The first part of the meeting was given over largely to explanations by authoritative persons as to the aims and obligations of the Red Cross Society. An executive was then elected as follows:— Mr. P. W. Gregory, president; Mrs. W. S. Garrison and Miss A. Freeman became first and second vice-presidents; Mrs. C. R. Mattice, recording secretary; Mrs. Eric King, corresponding secretary and Mrs. A. Sorenson, treasurer. Miss Knowlton, matron at the Princeton General Hospital is taking over a class in nurse aids and assistants, a modified form of home nursing.

At the meeting 37 persons signified their earnest desire to see the Red Cross Society gain a firm footing in Princeton by paying their membership fee. The charter had been received from divisional headquarters thus making the Princeton Branch fully authorized to take part in the Dominion-wide drive for finances which is to commence on November 13th and will last until November 24th. The campaign is being given publicity in newspapers and magazines, on bill-boards, posters and stickers and over the air, while throughout the Dominion plans have been completed. British Columbia is being called upon to raise $300,000 dollars. The whole of B. C. excepting Vancouver and Vancouver Island has as its quota $105,000 to raise. Thoughout the entire Dominion service clubs and benevolent organizations are assisting the Red Cross in every way possible.

Fire Brigade Plan Dance

The monthly meeting of the the Prince on Volunteer Fire Brigade was held at the home of Fire Chief "Curly" Pease on Tuesday evening.

In addition to ordinary business. plans for the annual New Year dance were discussed and committees appointed. Jack Milne and George Allen were chosen as an advertising committee, Berni Johnson, Rob Mitchell and Lloyd Cooper are in charge of refreshments, Lawrence Lavalley will have charge of the kitchen. Decorating will be done by the brigade as a whole.

The examination results of the Pharmaceutical Association of B. C. have been made public and Mr. Alec P. Henderson, pharmacist for the Princeton Drug company, tied with Mr. George L. Tha of Vancouver for the Mallinckrodt chemistry prize, awarded each year for the highest marks obtained during the year in chemistry.

FROM OUR FILES

20 YEARS AGO

Dr. W. H. Wood of Greenwood is opening a drug store in the Princeton Hotel block. W. A. Jones of Vancouver will be manager and is looking after the installation of fixtures and expects to open for business in a few days. It will be known as the Princeton Pharmacy.

☆ ★ ☆

Princeton has oversubscribed its quota of Victory Loan Campaign by several thousand dollars. The Prince of Wales flag and two crests have been won and the flag now floats in front of the Victory Loan Headquarters in Chairman P. W. Gregory's office.

☆ ☆ ★

Severe frosts did considerable damage to local potato crops. It was the earliest cold snap in years.

☆ ★ ☆

30 YEARS AGO

The death of George McCosky on Thursday last, 5th inst., removes from among early day Princetonians a familiar figure.

☆ ☆ ☆

A deal was put through by F. P. Galliac, representing Spokane capital that affects the United Empire. A force of nine men at present employed at building a road down One Mile will be increased to one hundred men in a few months as accomodations are provided and the coal and ore properties developed. W. C. McDougall and John M. Smith developed the U. E. to its present state and established its value.

★

AT ALLENBY

A whist drive was held in the club rooms over the Allenby store at Allenby on Monday evening. Sponsored by the Allenby Community League, it was the first of a series of card parties scheduled for this winter.

The club rooms where the drive was held have been freshly painted and redecorated.

☆ ★ ☆

On Tuesday evening, the dining room at Allenby was the scene of a double reception held in honor of Mr. and Mrs. Gwyn Jones and Mr. and Mrs. George Hingley both newly married couples. Mrs. Gustafson was in charge of arrangements for the affair which was very much enjoyed by all those attending.

☆ ☆ ☆

Preparations are being made to put the Allenby skating rink into shape for the coming season. New lights have been erected and it is likely that the netting will be replaced. Weeds have been cut down and removed and a layer of sawdust will be put down to assist in ice-making.

★

Miss Helen McEchern spent the week-end at the home of her parents at Coalmont.

SAM HAYES
Commentator-Inventor

Sam Hayes, NBC's Sperry News commentator, faced with the problem of timing a split-second, rapid-fire news broadcast, turned inventor to simplify the job of producing his show. His invention is an electric clock that tells at a glance how much time has elapsed on the broadcast, and how many minutes and seconds are left.

"It is difficult to tell time accurately by a stop-watch when a broadcast is in progress," Hayes said. "The timing clock is easier to easier to watch and accurate to the split second and simplifies the task."

Work On Rink Is Going Ahead

A gang of volunteer workers met at the local skating rink on Sunday and set to work boarding up the side and end farthest from the school. Several truckloads of sawdust were hauled to the spot by the Princeton Sawmill's truck and the ground was cleared and raked in several places.

Some dissatisfaction has been expressed ragarding the manner in which the boards are being applied. However, another crew of volunteers will be asked to turn out next Sunday when more sawdust will be available. The ground will also be cleared along the outside of the boards near the school where it is planned to build a shelter for spectators.

★

Athletic Association Discuss Rink Plans

A week ago Wednesday evening the Community Athletic Association met in the Travellers' Cafe to discuss plans for the skating rink during the coming winter.

The local school board gave the association permission to go ahead with plans to erect boards along the sides and end of the rink and to build spectators shelters along the side next to the school. It was decided to surface the rink with sawdust to facilitate the making of ice when the colder weather arrives

Another meeting was held last evening in the same premises to further plans and to choose a caretaker for the rink.

★

The local Oddfellows are planning a trip to Penticton on Monday evening when they will be entertained by members of that lodge.

☆ ★ ☆

Mr. "Sandy" Sanderson returned to Princeton on Saturday morning by motor from Vancouver where he has been on business for almost a week.

Some Helpful Cooking Hints

Here is a homely dish which will add prestige to your cooking. That may sound paradoxical but it's not because we mean "homely" in the very best sense of the word. This dish is plain and wholesome economical, very tasty and just the thing to set before a hungry family on a chilly fall night.

Boiled Fish and Vegetable Dinner

2 lb. fillets, steak or pan dressed fish; ½ lb. each turnips, potatoes, onions, carrots; 1 lb. cabbage; 1 teaspoon salt; 1—4 teaspoon pepper; 1—4 cup diced salt pork (fat back); 2 cups water.

In a heavy kettle, fry the pork to a golden brown, add 1 cup water and all the vegetables except the cabbage, which is cooked separately. Allow the vegetables to cook for 20 to 25 minutes, add the salt, pepper and second cup of water. Lay the fish (flesh side down) across the vegetables, cover with the cooked cabbage, and cook the whole about 5 minutes more. Place the fish in the centre of a hot platter, surrounded by the cooked vegetables. The liquid remaining in the kettle may be served in a side bowl.

★

LEGION PLANS

Remembrance Day will be observed by the Princeton branch of the Canadian Legion with ceremonies at the cenotaph.

The Legion pipe band will parade from the school grounds followed by the school children just prior to 10:30 in the morning. At the cenotaph the Legion will make a presentation of two new flag standards and a Union Jack to the Ist Princeton Boy Scout Troop. Following the presentation, Pipe Major W. Forsyth will pipe the Scottish lament, "The Flowers of the Forest." Wreaths of several organizations will then be laid on the cenotaph to be followed by the "Last Post" and a two minute silence at 11 o'clock concluding with "Reveille."

★

BASKETBALL

The second basketball game between Princeton and Copper Mtn. was played in the Copper Mtn. hall on Saturday evening when the Mountain boys came back strong to win the second game 27 to 17. The first game ended 33 to 25 for Princeton so that Copper Mtn. has a two point edge on the two games.

The game showed plenty of interesting but rough moments and only for a few minutes was there any sign of really fine basketball. The Copper Mtn. team showed a great improvement over their previous efforts but the Princeton team seemed to have difficulty in sinking their shots and in consequence have rigged up a backboard in the school yard in an effort to improve their shooting.

Mr. L. F. Champion, townsite manager at Copper Mtn, made a brief trip to Vancouver during the week.

Mr. Allan McLennan, United Distillers Corporation representative was a visitor to Princeton early this week.

We placed our orders for Fall early and saved prices, thereby making a Big Saving for the Princeton Public

The Stock is large in all lines that we carry and should satisfy the most exacting.

FISH SERVED piping HOT

MAKES A Delicious MEAL

More than 60 different kinds of Canadian Food Fish and Shellfish can be served in a great variety of excellent recipes, easy to prepare and as tasty as can be. You can get Fish, no matter where you live, all the year round. Choose it, either fresh, frozen, smoked, dried, canned or pickled, according to your preference, and you will find that modern methods of handling and transportation have brought you all its original "tang" and savour.

Serve fish often. It is good for your family, and they will vote it delicious . . . they will find it hard to decide which way of serving fish they like best.

DEPARTMENT OF FISHERIES, OTTAWA.

BAKED FISH WITH STUFFED GREEN PEPPERS

Cut off head, tail and fins of fish and split down the back-bone so that it will lie open. Oil baking pan and place fish in it skin side down. Sprinkle well with salt. Strew all over with finely sifted bread crumbs. Sprinkle with oil or fat. Place in hot oven (500°). Add no water. Bake quickly until well browned (10 minutes per inch thickness of fish). Reduce heat toward end of cooking time. Delicious served with green peppers filled with hot crushed pineapple.

Oddfellows Hold A Successful Social Evening

A week ago last Wednesday the local Oddfellows and Rebekah's held a whist drive and dance in the I. O. O. F. Hall.

The affair was well attended and all those present had a very enjoyable time. Among the prize-winners for the whist drive, Mrs. J. E. Ray won ladies first and Mrs. Ernie Gray came second while Mrs. Len Larson was awarded the sitting prize. Mr. A. Gould won the men's first, Mr. J. M. Cummings second and Mr. Webster achieved the sitting prize.

Dance music was provided by Harry Knighton, Bert Rose and Dave Noreen.

St. John's Ambulance Classes Reopen

The first classes for this year of the Princeton St. John's Ambulance Association were held a week ago Monday in the Mine Rescue building. A class of approximately thirty men and women are engaged in this field with the ladies predominating.

Mr. A. Gould is in charge of the lectures for the course with Mr. George Arthur acting as instructor for the roller bandage classes. The first aid groups meet in the Mine Rescue Building each Monday evening throughout the course. These classes have been held continuously in Princeton for the past twelve years.

L. O. L. DANCE

The annual L. O. L. dance was held on Friday evening last in the Lodge's hall. The dance was very poorly attended despite careful preparations and the fine music of the Knights of Rhythm Orchestra. This annual dance has been a popular one for years.
