The Similkameen Star

Forty-Sixth Year, No. 26 | PRINCETON, B.C., THURSDAY, JUNE 6th, 1946 | $2.00 Year, 5c per Copy

Fish and Game Men At Important Meet

At the regular monthly meeting of the Princeton and District Fish, Game and Forest Protective Association, held in the Parish Hall on Monday, with C. V. Prosser in the chair, C. H. Robinson, Nelson Fishery Supervisor, gave an interesting address on the removal of coarse fish from lakes and streams. Speaking from wide knowledge and long experience, Mr. Robinson was able to give local fishermen many valuable hints, and his address was much appreciated. During his brief stay here, Mr. Robinson visited many local lakes, Lorne, Wolfe, Lost and Otter Lakes. On these trips he was accompanied by Game Warden Allan Gill, and members of the local Fish and Game executive.

In the light of suggestions and information thus received, T. O. Lessard, chairman of the Work Committee, is preparing plans for schemes in hand.

The programme in hand calls for the removal of all coarse fish from Lorne, Wolfe and Otter lakes. Work will begin just as soon as conditions permit, probably within the next two weeks.

A highlight of Monday's meeting was the report by Stuart Baillie of the Interior Convention held at Clinton in May. He was accompanied at the convention by two other Princeton delegates, C. V. Prosser and T. O. Lessard. Resolutions forwarded from Similkameen were carefully reviewed. Important changes in hunting regulations for next Fall include: Deer season shortened by two weeks. and closing November 30; all three species of grouse in the Eastern District will enjoy a closed season; pheasant season will be the same throughout the province; shotguns for hunting deer will be prohibited in the Eastern District; there will be some reduction in the bag limit, and length of season, with respect to migratory birds, but until the Dominion regulations are published the exact changes will not be known.

COME ONE, COME ALL

All the members are hoping that the Work Committee will be able to carry out the coarse fish project, as well as the rearing pond project. These are big undertakings, however, and all available help will be needed. Sportsmen are urged to "dig their heels in, and help all they can". Only thus can projects in hand be successfully completed.

WEDDING

DOBIE — KIRBY

A pretty wedding was solemnized on Monday, June 3, in St. Paul's United Church, Princeton, when James Reid Dobie, youngest son of Mrs. T. Dobie, and the late Mr. Dobie, Princeton, was united in marriage to Miss Sarah Elizabeth Kirby, eldest daughter of Mr. and Mrs. Luke Kirby, Copper Mountain, Rev. J. C. Goodfellow officiating.

Given in marriage by her father, the bride was dressed in the traditional white, brocaded taffeta with full net skirt, slightly en train, and chapel veil. The bride's bouquet was pink roses and white carnations. The matron of honour, Mrs. Swenkeson, sister of the groom, was gowned in peach satin and full net skirt. The bride's sisters, Miss Sheila Kirby gowned in mist blue sheer, and Miss Nikkie Kirby, in mist blue satin and net, were bridesmaids. The groom was supported by Mr. Jack Young, and ushers were Messrs. Luke Kirby Jr., and Arthur Mullin.

Miss Anne Negrin of Copper Mountain as soloist sang "Because" during the signing of the register. She was accompanied on the organ by Mrs. G. C. Allen, Princeton.

After the open house reception at the bride's home, Mr. A. W. Seaton proposed the toast to the bride, and the happy couple left for Kelowna on their honeymoon.

Out-of-town guests included Mrs. T. Dobie, the groom's mother, Vancouver; Mrs. K. Garrison, the groom's sister, North Vancouver; Miss Joe Kirby, bride's aunt, of Calgary; and Mrs. M. Cooper of Vancouver.

W. E. Lucas, School Inspector, Lives At Trail

A letter received last week from W. E. Lucas tells that he hopes to stop over in Princeton for a day sometime in July. Mr. Lucas was formerly school principal here, and left for Cranbrook. Now he is Schools Inspector with headquarters at Trail. After waiting in Vancouver while her husband concluded a house hunting search in Trail, Mrs. Lucas, Valerie and baby Dawn are now settled in the famous Kootenay city. Mr. Lucas is very happy in his new duties.

Some Facts the Public Should Know

The statement has been made "that copper is selling on the world market for almost double that of which it sold for prior to the war". In order that the facts are made available to the public and to the employees of the Granby Company I would point out that when this Company reopened its plants in 1937 the average price for export copper for that year, as quoted in the Engineering and Mining Journal, was 13.018 cents per pound, the average price in the year 1938 was 9.7c per pound, in 1939 and 1940, 10.7c per pound, in 1941, 10.9c per pound and in 1942, 1943, 1944 and 1945, 11.7c per pound while the average price for the first five months of 1946 has been only 12.2c per pound. We find, therefore, that there is neither truth nor any justification in the statement that the price of copper has nearly doubled in the last nine years. As a matter of fact the average price for export copper in the month of September 1939, when the second world war began, was 11.685 cents per pound so that there has been virtually no increase with the exception of the last few weeks. The average price for the month of May, 1946, was 13.78 cents which compared with the September 1939 price of 11.68 cents shows an increase of 2.1 cents per pound. More than fifty per cent of this increase has been offset by the increased costs of smelting, converting, refining and marketing which in September, 1939, amounted to 2.56 cents per pound. This expense has now advanced to 3.66 cents per pound with no allowance included to cover additional costs which must be assumed to take care of increased labour costs and increased fuel oil costs since the first of the year which will have to be paid by the company when concentrate shipments are again resumed.

In September, 1939, the wage rate paid to miners was $4.75 per shift. This wage rate was increased from time to time until the miners were paid $6.37 per shift. It was also increased on June 1st, 1946, by an additional twenty-five cents per shift bringing it to $6.62, an increase of $1.87 per shift or a total increase of substantially thirty-nine per cent since September, 1939.

VOCATIONAL TRAINING

THE Province of British Columbia and the Dominion Government have signed an agreement, for a ten year period, to expand the existing facilities for Vocational Education on the Secondary School level. The Dominion Government and the Provincial Government will give financial assistance on condition that the School Boards use these funds for extending the present facilities for Vocational training.

Vocational Courses will be offered Grade X to Grade XII pupils in High Schools, and additional grants will be given School Boards providing that the students devote half or more of their time to Vocational work.

The general purpose of this agreement is to train the youth of the country so that they will be better fitted when offering their services to employers, and to help in developing the natural resources of the country.

VOCATIONAL COURSES TO SUIT LOCAL NEEDS

Courses may be offered to suit local needs in any one of the following families of occupations: Forest Industries, Mining, Fishing, Agriculture, Communications and Transportation, Manufacturing and Mechanical Occupations, Construction, Business Occupations, Public Service Occupations, Personal Service, Home Making, and Artistic Occupations.

BURSARIES

Financial assistance will be given students who wish to take Vocational courses in a distant High School — if their local High School does not offer the courses required by the student.

VOCATIONAL TECHNICAL INSTITUTE

A Vocational Technical Institute is proposed to offer advanced courses for Technicians to Grade XIV level. Graduates of such an Institute would follow a new avenue of education to a Junior College level, and would provide our industries with well-trained Technicians.

ADULT EDUCATION

Vocational buildings and equipment provided under this agreement will be used for adult education purposes. Night schools will be able to offer extended Vocational courses to the adult population in the various communities where Vocational Schools are established.

DEPARTMENT OF EDUCATION

PARLIAMENT BUILDINGS - VICTORIA, B.C.

Honourable Geo. M. Weir, Minister.

Bernice Wardle Citizenship Trophy Awarded Pat Harman

Graduation exercises were held in the Princeton High School auditorium on Friday afternoon, with Principal K. F. Alexander in charge. The school's prize award, the Bernice Wardle Citizenship Trophy, was presented to Pat Harman, the second boy to receive this coveted award. Previous winners were Bernice Wardle, Maysie Ewart (two years in succession), Mildred Caverly and Gilbert Allen of Allenby. The prize award was presented by Rev. J. C. Goodfellow, who read the citation of Pat's accomplishments in Athletics, Literary, Academic and General standing. He is the son of Mr. and Mrs. G. M. M. Harman, Princeton.

Pauline Gallo conducted the proceedings and revealed herself as an accomplished mistress of ceremonies. Eleanor Hatton accompanied at the piano while the assembly classes sang their school song and other pieces.

Ralph Anderson presented the Athletic crests; Junior: Gerry Bell, Bill Kelly, Lorne Triplett, Howard Bell, Dudley Paul, Mabel McNaughton, Dot Macaulay.

Senior: Art Thomas, Pat Harman, Stan Schisler, Fred Gee, Ralph Anderson, Wallie Paul, Don Gray, Anne Sarich, Jean Macaulay, Dot Nelson, Mary Gallo, Pauline Gallo.

Pat Harman presented the Academic crests: Junior: Don Bernard, Wayne Bernard, Eleanor Hatton, Betty Kovalcik, Jack Yammy, Florence Berger, Clayton Hamilton, Marie Sugget, Maralyn Ashley.

Senior: Frank Antonich, Athena Cappos, Pat Harman, Jean Macaulay, Anne Sarich, Zenie Lypchuk, Doreen Schisler.

Fine Arts Crests were given those taking part in Assemblies, School Concerts and events of this nature. Those winning were: Junior: Margaret Godden, Billy Kelly. Senior: Ralph Anderson (grade 12), Catherine Howarth, Pauline Gallo, Gilbert Allen, Athena Cappos, Doreen Schisler.

Citizenship awards, presented by Pauline Gallo, were: Senior: Pat Harman, Doreen Schisler, Gerry D'Angelo, Anne Sarich, Art Thomas, Gordon Agar, Jean Macaulay, Gilbert Allen, Stan Schisler. Junior: Betty Kovalcik, Gerry Bell, Eleanor Hatton, Florence Berger.

Curtis Huey announced that Beta House was the winning house for the year, and presented a trophy to it. Gilbert Allen, speaking for the graduating class, made the valedictory address, in which he urged those graduating to maintain the school spirit. Then he made suitable gifts from the class to the Principal and to Mr. Crowley, teacher of Science.

Principal Alexander addressed the assembled classes, and told of the various lanes of study and activity into which the curriculum was divided, emphasizing the need for developing personality.

Members of this year's graduating class are: Pauline Gallo, Jean Macaulay, Beryl Lucas, Anne Nilsen, Betty McLachlan, Connie Pollock, Lindy Harman, Zenie Lypchuk, Gilbert Allen, Don McKay, Curtis Huey, Stan Schisler, Ralph Andersen, Art Thomas, Gerry D'Angelo, Wally Paul, Eric Goodfellow.

Local Passes In UBC Examinations

A wire has been received indicating passes in the University of British Columbia examinations. Special winter session for veterans, Faculty of Arts and Sciences: 1st year, passed, Clarence F. Dixon, Hedley; passed with supplmental, George M. Gould, Princeton. 2nd year, passed second class, Jack Bysterbosch, Hedley. Regular session, Faculty of Applied Science, 2nd year, passed second class, Daniel Lavery, Allenby; passed, Stanley L. Thomas, Princeton. Faculty of Arts and Science, 1st year, passed first class, Donald C. Allen, Princeton; W. Lewis Hatton, Princeton; passed second class, Norman S. Brooke, Hedley; Robert M. Shaw, Princeton; Stanley C. Tower, Princeton; Mary C. Tremaine, Hedley; passed, Eva L. Loomer, Hedley; Warren L. Peterson, Allenby; passed with supplemental, R. Kenneth Peters, Keremeos; passed in certain subjects, Naomi H. Ray, Princeton. 2nd year, passed first class, Marney J. McLellan, Hedley; passed second class, G. Gwendolyne Avery, Princeton; E. Maysie Ewart, Princeton; passed with supplemental, Robert B. Knowles, Hedley. 3rd year, passed with supplementals, Ernest T. Rice, Coalmont. Home Economics, 1st year, passed, M. Eleanor Burr, Princeton; Marjorie C. Cawston, Cawston.

Four Entries In Elks Queen Contest

Posters announcing the July 1st celebrations being sponsored by the B.P.O. Elks have been placed in all local stores. These posters carry photographs of four competitors for regal honours in the Queen contest. Their names are Shirley Bloom, Lindy Harman, Connie Pollock and Doreen Schisler.

Weather Summary For Month of May

The mean temperature during the leafy month of May was 54.8. The extreme highest temperature for the month was 84.0; extreme lowest, 24.5.

The total precipitation due to rain was 1.07. The total number of days when there was measureable precipitation was 6 days.

Copper Bonus For Granby Employees

As from June 1st, all Granby employees at Copper Mountain, Allenby and the Power Plant, will receive a bonus of 25 cents per shift for day men, and $6.25 for employees paid by the month. This increase reflects the recent advance in the export price of foreign copper.

Princeton Ski Meet

Following a meeting of the Princeton Ski Club in the Oddfellows' Hall on Tuesday night, the members visited A. O. Johnson, who is leaving this week on a trip to the coast. At the meeting it was announced that the tow motor is now in shape, and the cable in hand ready for installation.

H. M. McLean Leaves For Home In East

Following a request by telegram from his brother, H. M. McLean, Ontario millionaire, left on Monday for his home in Merrickville, Ontario. Mr. McLean came to Princeton on April 1st. He came here for a rest, which he found and enjoyed at the Roache River summer cabins. During his stay here Jim Lewis and Buck Allison were his guides.

Mrs. Andrew Stewart, English war bride, arrived in Princeton on Monday. Andy is logging with his stepfather, W. Woods. He was overseas with the Canadian forces for four years.

REGARDING DISABLED VETERANS

The progress of modern medical science, unsurpassed hospital and convalescent treatment, the diligence of casualty rehabilitation officers and the co-operation of Canadian employers are important factors in helping our disabled veterans on the long road back from the battlefield to successful re-establishment. But the most vital factor of all is the spirit and determination of the individual man or woman, and the stories of thousands from Halifax to Victoria prove that our new veterans are imbued with these qualities.

This month, from coast to coast, the Department of Veterans Affairs is showing Canadians just how these veterans are getting along. The story is one every citizen should know and understand.

In DVA hospitals across the country casualty rehabilitation officers are constantly meeting patients, getting to know them personally and learning their future desires or plans, so that when the time comes for them to leave hospital they may be given every opportunity to enter productive and useful employment.

However, employment alone is not sufficient. The real keynote of successful rehabilitation lies in the part-time and intelligent understanding and interest on part of all Canadians. Charity and sympathy are not the end which these veterans seek. They seek the right to mix with their fellows in accordance with the mental, spiritual and physical facilities which they possess. If the people of Canada know the disabled veteran, they will give him the chance to prove his ability. If they know him not, they may retain the outmoded approach of pity. In such a way they cannot help. —A.T.P.

Meeting dates for the DVA Educational Campaign have been announced. H. Walker, CRO, speaker, and J. Crank, motion picture operator, both members of the DVA staff at Shaughnessy Hospital, Vancouver, will visit Princeton on Thursday, June 27. Details of local meeting will be announced later.

SIGNS OF THE TIMES

At the meeting of the Princeton Board of Trade on Monday of last week the question of directional signs at road junctions came up for discussion. Mr. S. Langford pointed out that many of these in this area had rotted, and were no longer upstanding, honest guides. One he had seen was actually pointing in the wrong direction. He urged that the new ones promised be made of durable material, and set in concrete bases.

Good signs well placed help to make a tourist feel that he is in friendly territory, but when he has lost his bearings because of the absence of such signs then he feels like a stranger in a strange land. Anything that can be done to make a visitor feel at home is worth while. It will be a case of money well spent.

Princeton is no longer the little place that oldtimers once knew. Perhaps the time has come when all our streets should be named. Of course they have names already, but few people know the street names other than Bridge Street and Vermilion Avenue.

The Only Remedy for Hunger is FOOD!

The most efficient way in which we can send increased bulk shipments of WHEAT, MEAT, CHEESE and EGGS to needy countries is through the Canadian government food Boards. These increased bulk shipments can only be made providing we reduce our own consumption. Here are five important ways by which we can make greater quantities of food available for export:

(1) BUY AND USE LESS BREAD, FLOUR AND OTHER WHEAT PRODUCTS, MEAT, CHEESE AND EGGS. SUBSTITUTE VEGETABLES, FRUIT AND FISH WHERE POSSIBLE.

(2) KEEP YOUR HOME STOCKS LOW — BUY ONLY ENOUGH FOR IMMEDIATE REQUIREMENTS.

(3) AVOID ALL WASTE.

(4) GROW A VICTORY GARDEN AGAIN THIS YEAR. PLANT MORE THIS TIME IF YOU CAN.

(5) DONATE ANY MEAT COUPONS YOU CAN SPARE. ENQUIRE AT YOUR LOCAL RATION BOARD.

Share with the hungry!

THIS
ILLEGAL STRIKE
MAY CLOSE
INTERIOR MILLS FOR GOOD!

The I.W.A. lumber strike is illegal—it breaks a law on the Statute books of Canada—makes all concerned liable for heavy cash penalties. In addition to stiff fines for operators and unions, EVERY STRIKER CAN BE FINED $25 PER DAY!

On top of all this, the strike is against the public interest, even against the interest of many strikers, particularly those of the Interior.

1. The strike was called on a vote of only 34 per cent of those made idle by it.
2. It has tied up production of fruit boxes and threatens entire Interior fruit crop.
3. It has cut off supplies of vitally needed lumber for veterans and other housing requirements.

Refusal of the I.W.A. to accept a fair offer of wage increases may have the same result as the lumber strike after World War I. The strike of 1919 closed down many Interior lumber camps AND THEY REMAINED CLOSED!

Wages in the forest industries of B.C. are already high, hours are shorter, than in any seasonal lumber operations in Canada. Is it reasonable, is it sensible, to insist on more?

THE WORKMEN'S COMPENSATION ACT
NOTICE TO EMPLOYERS

Effective July 1st, 1946, any employer engaged in the **Hotel, Beer Parlour** or **Catering Business** and having three or more employees (other than members of the family of the employer) employed at such work is deemed to be engaged in an industry under the Workmen's Compensation Act provided that:

(a) The employer in the hotel business operates a hotel, lodging house, club or other place where lodging is furnished and having in any case ten or more bed rooms, or

(b) The employer has a license to operate a beer parlour, or

(c) The employer in the catering industry operates a hotel, lodging house, restaurant, cafe, eating house, dance hall, cabaret, banquet hall, cafeteria, tea-room, lunch room, lunch counter, ice cream parlour, soda fountain, dairy bar, nursing home, private hospital, club, dining,room or kitchen in connection with an industrial or commercial establishment, or office building or school or any other place where food is cooked, prepared and served and for which a charge is made,

whether or not any such establishment mentioned in clauses (a), (b) and (c) hereof is operated independently or in connection with any other industry

AND

any employer operating an **Apartment House** or **Commercial Building** in which rooms, suites or space is rented to a tenant and which employer has three or more employees (other than members of the family of the employer) employed in the maintenance, servicing or repair of the building

AND

any employer operating a **Retail Store** having three or more employees (other than members of the family of the employer) employed.

Such employers are now required to register with the Board by submitting an estimate of their payroll expenditure from July 1st to December 31st, 1946. Forms for this purpose may be obtained from this office, together with such other information as may be required.

The Workmen's Compensation Act provides that an employer who has not registered with the Board may be held liable for the cost of an accident occurring prior to such registration, in addition to the regular assessments.

Address inquiries to:

The Workmen's Compensation Act,
411 Dunsmuir Street, Vancouver, B.C.

June 1st, 1946.

Rotary To Sponsor Clothing Drive

The recently formed Princeton Rotary Club is officially sponsoring the National Clothing Collection for the local area from June 17th to June 29th inclusive.

A strong committee, under the chairmanship of George Schisler, has been formed and plans are already well under way to take care of the large response which is anticipated. The committee will publish details of their system for clothing collection in the next issue of the Similkameen Star.

In the meantime, local citizens are urged to go through their clothes closets, attics and basements and select the clothing which they can donate to this collection. All kinds of used, serviceable clothing are required in order to take care of the countless millions of war stricken men, women and children, who have suffered the devastation of war and are continuing to suffer in time of peace.

The aim of the National Clothing Collection is to have every man, woman and child in Canada donate at least one garment to this collection. The local citizens, in the previous drive, responded admirably and it is hoped that a similar response will be achieved this year.

All washable garments and goods should be washed, but need not be ironed; all other garments need not be dry-cleaned. Clothes without buttons are acceptable. Items which can not be received include straw hats, feather beds, pillows and mattresses.

Legion Notes

Members of Princeton Branch No. 56 of the Canadian Legion are requested to keep in mind the regular monthly meeting to be held on Friday, June 14th, at 8 p.m. at the Legion.

A number of important subjects will be placed before the meeting for discussion and action, and a large attendance is requested.

The downstairs portion of the building has now been fully repaired and for the first time since December last the veterans will meet in their own premises.

SAVE OUR FORESTS

A photograph has just been received of a National Forest poster in Idaho. The notice has been fastened man-high to a tall tree. It reads: "This is God's country. Don't set it on fire and make it look like Hell". A word is enough to the wise, but those who are not 'wise' must be reminded often. Nuf sed!

Peachland will play Princeton baseball on Sunday at 2.30 at the Wallace Field. Keremeos won over Princeton in last Sunday's ball game by 10 to 9.

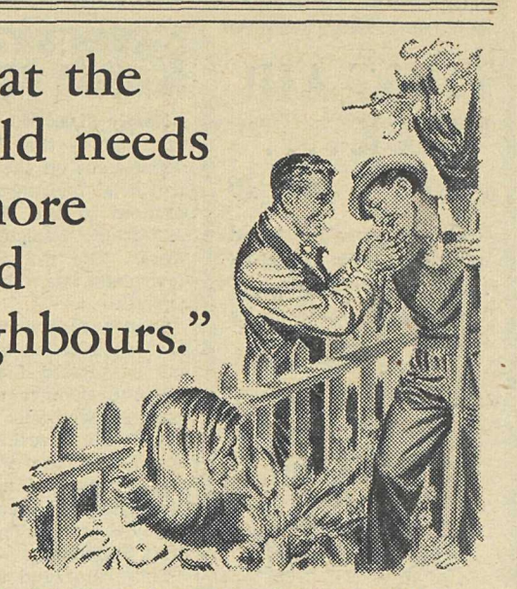
"What the world needs is more good neighbours."



"Yes, Frank, there's a whole tangle of troubles to be straightened out all over the world. Makes your head swim to think of it."

"And yet, Jim, most of it springs from one cause . . . suspicion. You and I wouldn't be very good neighbours if we suspected each other of all sorts of skullduggery. Actually, what the world needs is more good neighbours."

"Yes, the life insurance business is a good example. British life insurance companies have had offices in Canada since 1833 and several of our Canadian companies are well known throughout the United Kingdom."

"What about American companies?"

"We found it good business to be good neighbours with the American life insurance companies. We welcome them here. They carry almost one-third of all the life insurance in force in Canada. And our Canadian companies are well liked in the U.S.A. where they do a large and increasing business. As a matter of fact, they are well and favourably known throughout the world. Nearly half the business of the Canadian companies is outside Canada."

• • • • • •

Life insurance is truly an international business—a neighbourly business. At home Canadians buy their life insurance as they choose from British or United States or Canadian companies. And our Canadian life insurance companies abroad! Who can assess the value to Canada of the confidence in the Dominion which they have built up over the years in their dealings with tens of thousands of foreign clients and of their services in establishing Canada's reputation for financial integrity and security throughout the world?

A message from the Life Insurance Companies in Canada and their agents.

A Gentleman's Game

From the B. C. Capital

Nearly $1,000,000 will be spent this year by the Public Works Department on the surfacing of provincial highways, it was announced by the Honourable E. C. Carson, Minister of Public Works. The work, however, is dependent upon the delivery of asphalt.

Tenders for the surfacing work have been called and the work will be pressed forward during the fine summer weather. The tenders cover four main contracts—one covering Vancouver Island, one the Fraser Valley and Lower Mainland, one in the Okanagan and the other in the Upper Fraser Valley.

Fruit Shipment

Three thousand tons of raspberries and strawberries from this year's pack in British Columbia have been contracted for by the United Kingdom Ministry of Food, it was announced by the Honourable L. H. Eyres, Minister of Trade and Industry. These berries will be shipped in SO2 solution but some concern is felt in connection with the fulfilling of this contract inasmuch as 15,000 barrels are needed and the present strike situation may make it difficult to secure the necessary shipping material.

SATURDAY, JUNE 8TH

—PRINCIPAL.

Mountain Shower

A very pretty shower honoring a popular Copper Mtn. bride elect, Miss Betty Kirby, was held in the library of the Community Hall, Thursday, May 23rd. Co-hostesses were Mesdames G. Seaton, K. Gourlay, S. Popovich, E. Mushta, N. Romo, and Misses D. Owen, H. Thomas, L. Chase.

The room had been decorated with pink and white streamers and pink and white peonies. The honoree's table carried out the same color scheme with its pink tapers in crystal holders and as its 'piece de resistance' a large three-tiered artificial wedding cake, the bottom layer of which was a chest of silver donated as a gift by a large group of those present. Many other equally lovely gifts were showered upon the guest of honor.

Pleads Cause Of Native Indians

Oliver, B.C.,
May 29th, 1946.

To the Editor:

Through the medium of your paper we would like to bring to the notice of your readers that this Society has advised the Hon. J. A. Glen, Minister of Mines and Resources, that it emphatically endorses a Resolution recently passed by the Indian Association of Alberta:

"That all Indian veterans in Canada be eligible for an additional sum of $3500; this additional sum will be a loan through the proper channels of Rehabilitation and the Department of Veterans' Affairs. This loan will be repaid on amortized instalments over a period of 25 years with interest at 3 percent per annum. An initial downpayment of 10 percent would be furnished from the Band Funds of the Band to which the veteran belongs."

At the present time Indians who are veterans of the Second World War may qualify for a credit of $2320 to be spent for stock, equipment, housing, etc. This is to help them to set up on their Reserve and assume the activities of peace time rehabilitation.

In many Reserves this sum of money is not enough to rehabilitate Indian veterans. They may have to divide this money in many different ways, housing, purchase of stock and equipment such as tractors or power machinery for farming where power farming is the general practice. This sum will not provide adequate rehabilitation; it will mean small unsuitable houses, or too little stock or not enough of any of these needs supplied. The veteran will become discouragd and the whole scheme will be a failure.

The service of the Indian veteran was equal to that of the white veteran, his life was just as valuable as that of the white veteran. There can be no valid argument against these statements. The testimony of returned officers of the Canadian Armed Forces will show that the Indian was a valuable soldier, therefore his service and sacrifice should be recognized as equal to that of the white veteran.

Now is our opportunity to prove by our actions that that "Democracy" for which the veterans fought is something more than a mere slogan and that it truly represents equal rights and justice for all citizens irrespective of colour, race or creed. There is no law on earth which can disprove that those Native Canadians who offered their life to their country in time of need, were not making as great a sacrifice as their white brothers, therefore, not only are they entitled to it, but they must receive equal treatmnt at the hands of their fellow Canadians and the Government.

Yours truly,
ALBERT MILLAR,
President,
Okanagan Society for the Revival of Indian Arts & Crafts.

AWARD OF COMMERCIAL CONCESSION IN MANNING NATIONAL PARK

One only commercial concession will be disposed of in Ernest Manning Provincial Park. The site of the development will be at the junction of the Similkameen River and Lightning Lakes Creek. The requirements will necessitate an investment to range from $50,000 to $200,000, depending on methods and type of construction. Applications will be received by the Chief Forester, Victoria, up to noon of June 17th, 1946. Preference will be given to returned veterans.

Application forms and additional information are available on request to the Chief Forester, Victoria, B.C. 24-4
