Forty-Sixth Year; No. 43 | PRINCETON, B.C., THURSDAY, 10th OCTOBER, 1946 | $2.00 per Year, 5c per Copy.

PROVINCIAL GAME BODY FAVORED

But Local Rod and Gun Club Debates Long Before Giving Approval

COPPER MTN. PLAYS HOST

Similkameen sportsmen favor a provincial association to co-ordinate the work of the local clubs in the various zones.

But it was only after long and eager debate that the suggestion was endorsed at the monthly meeting of Princeton and District Fish, Game and Forest Protective Association held at Copper Mtn. on Monday.

The various zones will be asked to circularize their member clubs on the subject.

Mr. C. V. Prosser introduced the topic, citing a Vancouver article urging a federation.

Copper Mountain gave the sportsmen—and women; there were six in the Princeton delegation of 16 — a good welcome.

New Secretary

The meeting was held in the Community Hall, Mr. G M M. Harman presiding.

On behalf of the Copper Mtn. members, Mr. W. I. Nelson welcomed the visitors.

The resignation was accepted with regret of Mr. A. S. Baillie Jr. of Copper Mtn., who has left the district, and Mr. W. Schneider of Princeton was elected to fill the balance of Mr. Baillie's term as secretary. Mr. Baillie's work was highly commended.

The next meeting, on Monday, 4th November, will be held in Princeton.

The Man They Took for Granted Dies

Everybody knew Henry Lee. For twenty years his quiet half-lounging lank figure was taken for granted, like the sunshine and the river. Everybody knew him. He never did anything to shake the easy tempo of his ways; and nobody knew, or needed to know much about him.

And now Henry Lee is gone, and this must be his epitaph, for nobody seems to know more.

Henry was one of the very few colored men ever to live in the Valley, yet with his quiet ways he aroused little curiosity.

The funeral card says he was 71 and died on Tuesday. The funeral on Saturday from St. Paul's Church.

Of his relatives nobody seems to know. He probably came from the Southern States.

But "Tug" Wilson, for whom Henry worked off and on, casts a rainbow tint on the sombre figure. In his younger days, Tug says, Henry was in the carnival game.

Of those days nobody seems to know; but this it can be said, that nobody seems to know that Henry Lee ever did any man much harm.

Keremeos Trumpet

Mr. and Mrs. Arthur Knott of Vancouver were recent Keremeos visitors.

Mr. and Mrs. Cole of Winnipeg are visiting at the home of their daughter and son-in-law, Mr. and Mrs. J. R. Campbell, Jr.

Mrs. Davidson of Nanaimo is visiting her daughter, Mrs. Leon Innis.

Mr. and Mrs. Willkie have returned to Keremeos after a holiday in Calgary.

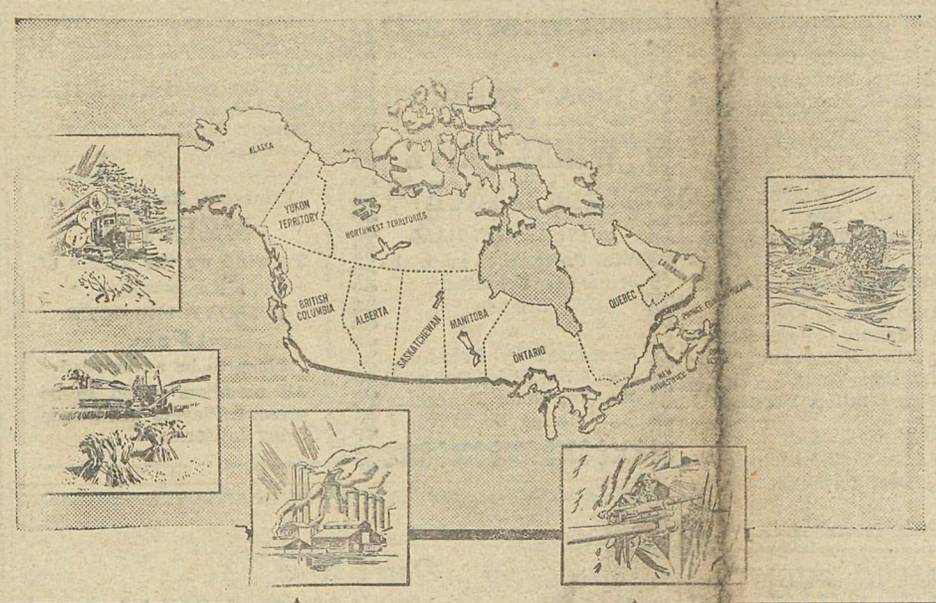
Mr. and Mrs. Wally Baxter have returned to Keremeos to reside. They were married in Vancouver 3rd October.

The Ladies' Guild is operating a stall of vegetables, flowers, fruit and home cooking in front of the Keremeos Meat Market on Saturday, 12th and Saturday 19th October.

The higher mountains around the town show a distinct sign of approaching winter now.

The United Church is holding a Thanksgiving service Sunday.

Canada Gives Thanks . .



BASEBALLERS WIND UP

Princeton won another ball game on Sunday, but whether it was the Zoot-Zoots or the Old Sweats nobody seems quite clear. Or perhaps they were too much taken up with the "liniment" to care. At any rate, it wasn't the Red Sox or the Sad Sox, for the simple reason they ain't playin.'

I don't get to see this classick on account of linotype lumbago, but a guy tells me on the street next a.m. it is the Old Timers, believe it or not, which wins 12-11, or maybe it is 1946.

But Monseigneur George Schisler, mogul of the Seniors, comes in about Friday nudging me to put this in Thursday's paper, and he denies all knowledge, but is maybe still kind of hazy. That there Similkameen Indian Summer haze sure gits 'em specially when it carries a snifter o' liniment.

Stan says Al kept score on a bit of cardboard—and lost it.

Anyway, it was a moral victory for the old timers, though rival manager Al. Bloom looks up at this, askin', like, if old timers is supposed to have morals.

The Wind-up . . .
The Pitch . . ?

Princeton Baseball Club will wind up its affairs for the season on Tuesday with a meeting at a place not yet announced, possibly due to the haze.

It has been a successful season, with the boys playing winning ball and the community giving generous support.

Entering the league late, the team accepted so many technical losses through forfeiture that they never had a chance of finishing on top, but pulled well up the table.

With everything ready for a prompt start, Manager Schisler promises the fans something really good next year.

The club expresses thanks to the townspeople for their splendid donations and support at home games, for use of cars, and to the women who prepared delicious lunches for the trips.

A good attendance Tuesday would gratify conscientious Manager Schisler.

Princeton Paragraphs

☆ **Mr. J. Anderson of Copper Mt.** was a Princeton visitor Tuesday.

☆ **Mr. G.G. Lyall is spending a** few days at the Coast.

☆ **Mr. Tom Harvey, an old-timer** of the Osprey Lake district, was down from Bankier in mid-week

☆ **Rev. J. C. Goodfellow will at**tend the United Church conference at Kelowna next week.

☆ **The Canadian Legion hold** their annual meeting on Friday night.

☆ **Mr. Garnet Sootheran of Tula**meen was in town on Monday with a budget of good tidings.

☆ **Mr. Joe Gallo will shortly in**stall new modern machinery in his shoe repair shop.

☆ **A group of Princeton and** other Upper Valley teachers are attending the teachers' convention in Kelowna this week-end.

☆ **Mrs. J. D. Saunders has re**turned form a visit with her daughters, Mrs. F. H. Boulter of Victoria and Mrs. C. J. Dawson of Powell River.

☆ **Mrs. J. W. Huey returned home** on Thursday after spending an enjoyable five weeks visiting relatives in Alberta, Saskatchewan, Ontario and Detroit, Michigan.

☆ **Mr. James Booth, the well**known placer operator, is in town with Mr S. K. Atkinson of Boise Idaho, and plans to work large scale placer operations on the Similkameen River, using a new type dredge. Next issue.

LAST WEEK: 90 THIS WEEK: 24

Chill fingers put a nettling sting into the bright October blue this week and quaking early risers who had fidgeted through the night for an extra blanket peeped out on Thursday morning to find the puddles silvered with a thick veneer of ice.

Ground temperature recorded at Princeton Airport was 24 — nine degrees of frost, coldest so far.

Silver shivers suddenly snipped a muggy spell, with oozy rain on Tuesday. Cold nights with balmy afternoons for a while.

The mid-week dip saw the hills mantled in snow. On the Prairies snow was general.

Princeton Game Club Leads B.C.

PRINCETON leads the province in membership in sporstmen's organizations.

Membership roll of the Prinecton and District Fish, Game and Forest Protective Association stands at

545

the highest in the club's history, and relative to population the highest in B.C.

Reporting for the Works Committee at the monthly meeting, Mr. T. O. Lessard indicated that he and his henchmen aim to keep up the record-busting.

He gave a comprehensive report of the various projects undertaken during the year.

WEDDINGS

☆ **Account of the marriage of** Miss Ada Elaine Pearce of Keremeos to Mr. Francis Allen Barnes of Princeton is unavoidably held over till next issue.

☆ **Mr. and Mrs. W. Sim were in** Vancouver this week for the wedding of their son, William, to Miss Helen Keightly. All have now returned. Next issue.

NEW ORDER FOR THE UP-VALLEY SCHOOLS

Local Boards, Annual Meetings Go—Small Schools Linked with Princeton

ELECTION MEETINGS TUESDAY, WEDNESDAY

MEETINGS will be held next week to elect representatives to administer the newly reconstituted Princeton School District.

Under the Cameron Plan recently adopted by the British Columbia Government Department of Education several small rural schools in the area are amalgamated with Princeton to form the Princeton School District.

The old local boards of trustees are abolished. Each area selects representatives who will meet later to choose the governing board.

Tuesday night's meeting in Princeton, to be held in the High School Auditorium, is said by local officials to be one of the most important in school history here.

At this meeting qualified voters of the School Attendance areas of Princeton, One Mile Creek, Five Mile Creek and Nine Mile Creek will hear and discuss the report on the new school district and will proceed with the election of representatives.

Tulameen Meeting Too

A similar meeting of the ratepayers of the Attendance areas of Tulameen, Coalmont and Manning will be held in the Tuameen School on Wednesday evening.

The Annual Ratepayers' Meeting, always one of the liveliest events of the calendar in Valley towns, is a thing of the past.

Hereafter the elected and appointed representatives will take the place of the qualified voters.

Representatives named on Tuesday and Wednesday nights will act for the ratepayers at this year's Annual meeting to be held next month.

From their number they will appoint the regular School Board to take office on 2nd January, 1947.

The representatives chosen at these meetings will not be the governing body. They will select the governing body.

Will Consult Ratepayers

The elected representatives will, however, continue to function after they have selected the board.

They will also consider the budget and transact any other business that would have been before the ratepayers under the old system.

These members correspond to M.P.'s chosen by the voters. They pick the cabinet. Though the "cabinet" will administer the affairs, from time to time matters may be referred by them to the elected representatives.

Local ratepayers meetings may be called by these representatives to discuss important issues.

Attendance areas where the school has only one teacher will elect one representative. Those having three or more teachers will name three representatives.

Thus Princeton, with some twelve teachers, will have the same number of members as Copper Mtn., with four teachers, while Tulameen and One Mile Creek, with one-room schools, will each have one representative.

Allenby and Copper Mtn., being company towns, with no private taxpayers, will not hold elections. Their representatives will be appointed by the Inspector of Schools.

Even though schools are no longer operating, members wil be chosen for their areas.

Both meetings, at Princeton and Tulameen, will be conducted by the Inspector of Schools, who will explain the working of the new plan

Tuesday's meeting, virtually the last of the old order in Princeton, could always bring out a last kick.

Smaller Schools Opposed

There is certain to be lively interest and some eager questioning on the new plan, as a radical departure.

But the transition is generally expected to be quiet. The Cameron Plan is now law in any event, and there is no question of approval or disapproval.

Strongest opposition, local officials say, appears to come from the smaller schools, possibly afraid of losing their identity, possibly fearing increased rates.

Already pupils from the smaller schools are taking advantage of the facilities at Princeton, no longer subject to fees.

Princeton to Have Its "Fall Fair"

To the young but lusty Parent-Teachers Association go the kudos for coming up with something really new and really enterprising in benefit functions.

And if it goes over—and it has all the marks—it will add something to the calendar of local functions and become an anual institution.

They modestly haven't given it a name other than "display", but, along individualist lines, it seems to shape very much like a fall fair. Keremeos ladies have shown the way in that for years.

Agrarian aspect will naturally be not so strong at this end of the Valley, but this is compensated for by ample variety.

Among the displays are ores and amateur photography.

There will be tea and music.

The display will be on two days, next Friday and Saturday, in the Elks Hall.

Film Library For Princeton

A National Film Library bank is to be formed in Princeton, with a wide selection of subjects available for loan locally.

Representatives of various local organizations have been invited to meet in the office of Mr. P. W. Gregory on Thursday evening to complete the details.

Under this service of the Canadian Government's National Film Board, a selection of films is kept in the local libraries, to be borrowed for screening by interested groups.

The Tale of Signor Giacometbini Zinner

THE STARS fell down on Wednesday night and the heavens were lit with little streaks of flashing fire.

The unaware, chancing to look aloft in the early evening, wondered, literally, what in heaven was going on.

☆ Though nation-wide publicity heralded the phenomena, there were many ☆ who hadn't heard, and many who did see were quite perplexed ☆ over what it was all about.

It was the comet, Giacobini Zinner, shedding its tail as it crashed through space millions of miles overhead. The sky streaks were fragments of the tail, meteorites such as are ★ commonly seen on any starry night, and known as falling stars.

★ There are always loose stars —or more correctly mihiature planets—running ☆ around the vasty heavens and doing their best to defy the celestial forces such as gravity that keep things in order up above. Our world is one of the better behaved, but relatively minor planets. ☆

It is very probable that the whole complex celestial system, the universe, was formed through countless ages by the disintegration of one huge planet—huge chunks breaking off to form new planets, taking ordered courses in obedience to natural forces. ☆

☆ The process continues ceaselessly, with fragments breaking off and hurtling through space. When they strike the earth's ● atmosphere they ignite and become visible.

Bits of meteorite are often picked up on the ground; some have been found in the Similkameen. ☆

Sometimes they crash into houses. Usually, however, due to the relative smallness of this planet in space, they ☆ give us a good miss.

The comets are wayward bodies that defy an ordered orbit. Their courses, however, can be plotted, and the astronomers knew well in advance about Wednesday night, Giacobini Zinner would be closest to the earth.

★ The tail of a comet is composed of fragments, constantly breaking off in its defiant ☆ flight. In time the comet disintegrates entirely and disappears. ★

But crude technical explanations could not enhance the marvel of Wednesday night. ☆

With a full moon and a blue autumn sky, the celestial fireworks were beautiful, exciting, fascinating—like a London blitz.

Experts say that the display, seen all over North America, was the most dazzling of a century. ★

☆ **Tailpiece**—The rumors that the stardust was the disintegration of The Star's linotype are definitely untrue.

BRITISH COLUMBIA'S Social Welfare Program

BRITISH COLUMBIA'S social legislation is designed to promote the welfare of children, individuals and families, suffering from various social needs. Some of the most important Acts are

SOCIAL ASSISTANCE ACT

Social allowances, general medical services, drugs and other types of assistance may be granted under the terms of this Act. The Act has been designed to make legal provisions [illegible] granted assistance under other more specific Acts, with the result that no one who is eligible should be denied essentials necessary to maintain or assist in maintaining a reasonably healthy and normal existence.

MOTHERS' ALLOWANCE ACT

Under the terms of this Act provision is made for the granting of an allowance to mothers with children under the age of sixteen years, and under certain conditions under eighteen years, who are widows or who cannot be supported by the husband for certain specific reasons.

OLD-AGE PENSION ACT

This Act enables the Province to make provision for persons seventy years af age and over under the terms of the Federal Old Age Pensions Act. Persons who are not eligible under the terms of this Act may be granted comparable assistance under the "Social Assistance Act."

CHILD WELFARE

Child Welfare legislation includes the Protection of Children Act, Children of Unmarried Parents Act, Adoption Act, Boys' Industrial School Act, Girls' Industrial School Act and the Juvenile Delinquency Act, and entails the protection and care of dependent or neglected children; placement of children in adoption homes; and care and treatment of delinquent children.

★

British Columbia's program is the most outstanding and the most generous in Canada. The services available to those in need, at our district offices in unorganized territory and in municipalities, are the most comprehensive in the Dominion.

Miners' Strike Is Still Deadlocked

No developments are reported in the metal mines strike, which has tied up all Similkameen mines for more than four months.

A spokesman for the Copper Mtn. branch of the union said this week that no negatiations whatsoever have taken place with the company since the strike began.

There is no change in the situation at Hedley.

No Advance in Bread Prices

The Dominion Government, following a conference in Ottawa between federal officials and representatives of the National Council of Bakers and Grocers, has ruled against any increase in the price of bread.

Some bakers complained that costs were increasing.

GENERAL

Q *What are Canada Savings Bonds?*
A Canada Savings Bonds are the successor to Victory Bonds and War Savings Certificates. They are your country's promise to return your money to you at any time and to pay you interest at an attractive rate.

Q *Why are Canada Savings Bonds being offered?*
A Because during the war, millions of Canadians learned the savings habit by buying Victory Bonds and War Savings Certificates. A recent survey shows that 82% of them want to keep on saving by a similar plan.

Q *Is the Government selling Canada Savings Bonds just to raise money?*
A No. Borrowing needs of the Government can be met by other types of loans. The main purpose of the Canada Savings Bond is to provide Canadians with a convenient way to continue this kind of saving and investment in peacetime.

Q *Is there any limit to the amount of Canada Savings Bonds that one person may hold?? If so, why?*
A Yes. There is a limit of $2,000 for each individual, but each member of a family may hold bonds up to the limit.

Q *What is the price of Canada Savings Bonds?*
A 100%. That is, a $100 bond costs $100. If payment is not completed on or before November 15th, 1946, interest will be added to the purchase price.

Q *In what denominations are Canada Savings Bonds available?*
A $50, $100, $500 and $1,000.

CASHING OF BONDS

Q *Can I cash my bond at any time before November 1, 1956?*
A Yes, any branch in Canada of any chartered bank will cash your bond immediately at full face value, plus interest at 2¾%, upon your identification as the registered holder.

Q *Can Canada Savings Bonds be assigned or transferred?*
A They can be cashed, but not assigned or transferred. This is necessary to prevent any individual from acquiring more than the authorized limit.

INTEREST COUPONS

Q *What interest is paid on Canada Savings Bonds?*
A 2¾%—payable yearly on November 1st from 1947 to 1956, by coupon cashable without charge at any branch in Canada of any bank.

Q *Are interest coupons registered?*
A No. They are payable to bearer.

REGISTRATION PROTECTION

Q *Why is it necessary to register Canada Savings Bonds?*
A Registration gives protection in case your bond is lost, stolen or destroyed. It is also the simplest way to ensure that individuals do not hold more than the $2,000 limit.

Q *In whose name can Canada Savings Bonds be registered?*
A They can be registered only in the name of one individual, adult or minor, up to the amount of the authorized limit.

Q *Can Canada Savings Bonds registered in the name of a child be cashed?*
A Yes. Banks are familiar with the necessary regulations.

Q *Can Canada Savings Bonds be disposed of when registered in the name of a deceased person?*
A Yes, any bank will supply the necessary information.

Q *Can I replace my Canada Savings Bonds, if they are lost, stolen or destroyed?*
A Yes. It is wise, however, to keep Canada Savings Bonds in a safe place, as you would any other valuable documents. In case of loss you should immediately notify the Bank of Canada, Ottawa, of the circumstances.

HOW, WHEN AND WHERE TO BUY

Q *Where can I buy Canada Savings Bonds?*
A At any branch of a bank or from an authorized investment dealer, stock broker, trust or loan company — or through the payroll savings plan if this is in operation at your place of employment.

Q *How do I pay for Canada Savings Bonds?*
A In any of the following 3 ways:

1. By payment in full at time of purchase.
2. By monthly instalments through a bank, trust or loan company.
3. By regular deductions from pay, where employers operate the Payroll Savings Plan.

8 out of 10 will buy again....

THE FIRST BUICK

The first 1946 Buick to arrive in Princeton was delivered to Mr. Jack Thomson of Williams' Dairy this week through Messrs. Bretts (Princeton) Ltd., local General Motors dealers.

It was shipped to Kelowna with two others. Mr. Harry Knighton and Mr. Thomson flew to Kelowna to pick it up.

"THE ATOMIC BOOK"

"The Atomic Book" is the title of an ilustrated lecture to be given on Wednesday in the Parish Hall by Rev. J. A. Raymond Tingley, district secretary for British and Foreign Bible Society.

This will be Mr. Tingley's first visit to Princeton. He succeeds Rev. N. A. Harkness, now retired.

The lecture is timed for 8 p.m., with Rev. P. J. Brownlee in the chair.

If Cows Had Gears

If cows had gears
And sparking plugs,
And pumps and taps
Instead of dugs
We'd give you all the milk
you seek.
But gadgets such
They just ain't got.
But smiling service
Helps a lot.
With that we leave you till
next week.
