Forty-Sixth Year, No. 29 | PRINCETON, B.C., THURSDAY, JUNE 27th, 1946 | $2.00 Year, 5c per Copy

All Together With Elks and Teen Town In Big Celebration

Princeton will be decked out in its Sunday best this weekend for the big celebration arranged jointly by the B.P O. Elks and Teen Town. The results of keen competition in the Queen Contest will be announced at the dance in the Elks Hall on Saturday night. Softball will be played at the Wallace Field on Sunday afternoon: ladies at 1 p.m.; men at 2 and 4 o'clock, and winners' game in the evening.

Monday, July First, begins with a monster parade at 10 a m. The Queen crowning ceremony will be held at the school grounds at 11 o'clock, followed by races and sports for the children. At 1 o'clock the Rifle Club will sponsor a chicken shoot above the Tulameen Bridge.

Baseball, horse-shoe pitching, nail driving and other contests will be held at Wallace Field afternoon and evening, followed by a dance in the Elks Hall at night.

No Settlement Yet In Mining Dispute

In a statement issued by Dr. H. T. James, chairman of special committee for mine operators, and addressed to Harvey Murphy, western regional director, I.U.M.M. & S.W., there is no indication of any settlement in the discussions between the operators and the union over the eight-point demands concerning wages, hours and union security.

"It is urged that offers made by individual companies be accepted so that the industry can continue to survive and provide employment within the industry and markets for farm and manufactured products of British Columbia."

This is the gist of the special committee's recommendations, but the union officials want a general agreement with all the companies concerned rather than local agreements with individual companies. So far, negotiations have not been able to surmount this hurdle.

It is reported that some mines are to go on strike on July 3rd, if no settlement is reached before that time. The unions are asking that the Government appoint a commissioner to assume control until agreements are reached.

Earthquake Shock Felt In District

Residents in Tulameen and Coalmont felt the earthquake shock on Sunday morning quite distinctly. Bill Manion, Tulameen, reports that articles of furniture were rocked about, and for a time Mrs. Manion was quite sick. Jimmy Logan was visiting there at the time, and felt the shock.

The shock in Princeton was felt soon after 10 a.m. Mr. and Mrs.Dunningham chastised their two sons for jumping around so much downstairs, thinking that this was the cause of disturbance in the building.

Canning Sugar

Second instalment of sugar for canning falls due on Thursday, July 4th. This is for five pounds and will be the final issue on canning sugar for this year.

The allotment this year was the same as in 1945—ten pounds—and the first five pounds became valid on May 2nd, when coupons S8 to S12 inclusive became available. On Thursday, July 4th, coupons S17 to S21 inclusive will be valid. These coupons are not exclusively for the use of canning but may be used for other household purposes. It is not necessary to take all the sugar allotment at once as there are no expiry dates on sugar coupons without ample notice being given.

In addition to the July 4th canning allotment, two other sugar coupons fall due on July 18th. These are S22 and S23.

X-Ray Van Will Be Here for Five Days

From August 12 to 16 the X-Ray mobile unit will be in Princeton, and will be at the service of all citizens in the district.

More information will be forthcoming in the near future about these mobile units. This is only an advance notice. The whole-hearted co-operation of the whole community is confidently expected.

Robert Samson, Well Known Here, Married at Coast

On Friday, May 31st, Robert Samson, formerly resident here and at Hedley, only son of Mr. and Mrs. E. G. Samson, 1529 Graveley Street, Vancouver, was united in marriage to Miss Mona Ellerton, of Calgary, eldest daughter of Mr. Ellerton and the late Mrs. Ellerton. The wedding ceremony was performed in the church manse by Rev. Dr. Andrew Roddan, Vancouver.

Following the ceremony a reception was held at the home of the bride's aunt on 43rd Ave. West, Vancouver.

Mrs. E. G. Samson accompanied her son-in-law and daughter, Mr. and Mrs. Jack Milne, back to Prinecton, and is now enjoying a holiday here.

Film Board Will Train Operators

W. F. Goodland of the National Film Board showed pictures at Coalmont on Tuesday, and at Tulameen on Wednesday. Tonight he is visiting Brookmere, where interesting reels will be shown.

In view of the establishing a Film Bank for this district Mr. Goodland has undertaken to give instruction to persons of member organizations in operating the 16 mm projector. This will take place tomorrow, Friday, in the Oddfellows Hall at 2 o'clock in the afternoon, and at 8 p.m. Those desiring such instruction should be on hand.

Princeton Flying Club

A meeting of the Princeton Flying Club was held on Tuesday, June 18, at which a regular slate of officers was elected and a program mapped out for the future.

In view of the unsettled industrial future it was deemed advisable to continue taking flying lessons from B.C. Interior Aviation Co., but a group of Club members are willing to purchase an aircraft as soon as industrial peace is assured. In the meantime regular meetings are planned for the fall and winter at which competent speakers will address the members on subjects related to flying.

Dues were set at $1.00 a year and an invitation is being extended to all those who wish to foster the cause of aviation to join the Club. Membership in the club does not imply compulsion to take flying lessons.

The officers elected were: President, A. R. Eastcott, Princeton; Vice-President, Frank Mahoney, Copper Mountain; Secretary, Miss Diane Knighton, Princeton; Treasurer, Jack Young, Princeton; Executive Committee, L. McKay, Allenby; Gerald Burr, H. R. Knighton, H. Yard, Princeton.

THE WORKMEN'S COMPENSATION ACT
NOTICE TO EMPLOYERS

Effective July 1st, 1946, any employer engaged in the **Hotel, Beer Parlour** or **Catering Business** and having three or more employees (other than members of the family of the employer) employed at such work is deemed to be engaged in an industry under the Workmen's Compensation Act provided that:

(a) The employer in the hotel business operates a hotel, lodging house, club or other place where lodging is furnished and having in any case ten or more bed rooms, or

(b) The employer has a license to operate a beer parlour, or

(c) The employer in the catering industry operates a hotel, lodging house, restaurant, cafe, eating house, dance hall, cabaret, banquet hall, cafeteria, tea-room, lunch room, lunch counter, ice cream parlour, soda fountain, dairy bar, nursing home, private hospital, club, dining room or kitchen in connection with an industrial or commercial establishment, or office building or school or any other place where food is cooked, prepared and served and for which a charge is made,

whether or not any such establishment mentioned in clauses (a), (b) and (c) hereof is operated independently or in connection with any other industry,

AND

Any employer operating an **Apartment House** or **Commercial Building** in which rooms, suites or space is rented to a tenant and which employer has three or more employees (other than members of the family of the employer) employed in the maintenance, servicing or repair of the building,

AND

Any employer operating a **Retail Store** having three or more employees (other than members of the family of the employer) employed.

Such employers are now required to register with the Board by submitting an estimate of their payroll expenditure from July 1st to December 31st, 1946. Forms for this purpose may be obtained from this office, together with such other information as may be required.

The Workmen's Compensation Act provides that an employer who has not registered with the Board may be held liable for the cost of an accident occurring prior to such registration, in addition to the regular assessments.

Address inquiries to:

The Workmen's Compensation Act,
411 Dunsmuir Street, Vancouver, B.C.

June 1st, 1946.

HONORABLE THOMAS VIEN, P.C., K.C., vice-chairman of the National Clothing Collection sponsored by the Canadian United Allied Relief Fund, and one of the active workers in organizing the nation-wide campaign, scheduled for October 1 - 20, for the collection of serviceable used clothing for distribution by U.N.R.R.A. experts among the suffering millions in liberated European countries.

Self Determination For Fire Brigade

Appearing before the Princeton Board of Trade on Monday night, Fire Chief Jack Milne and J. Mitchell told that the time had come when the members of the Princeton Volunteer Fire Brigade felt that they should have control of the brigade, and responsibility for its direction. There is a great need for new equipment, and a meeting hall for the members. It was felt that the Board of Trade had rendered valuable service, and it was hoped that the brigade would still receive help from the Board.

The fire brigade is prepared to carry out plans for financing schemes they have in hand. The Board agreed unanimously that the request of the delegates be granted, and that in future the brigade members have directional powers over their own activities.

New Ration Book

More than 600 Local Ration Boards across Canada are preparing for the distribution of Ration Book No. 6 during the week of September 9 to September 16. Official announcement of the distribution was made by Donald Gordon, chairman of the Wartime Prices and Trade Board.

"Continued rationing in Canada is this country's answer to a world crying for help," Mr. Gordon said in making known the government's decision to issue another ration book. "As long as human beings in so many countries of the world are starving or near starvation, it is unthinkable that Canadians should refuse to do their share in helping out."

Thousands of volunteer workers will again be recruited to serve at distribution centres, and Local Ration Boards throughout the country are calling for volunteers.

As in past distributions, it will be the responsibility of consumers to call for their own books.

Late-comers, who have not picked up their books by the final day on which the centre is open, will not be able to receive a book before September 30, and will thereby cause themselves considerable inconvenience.

Freding Completes The Road to Roaney

"The worst proposition I ever struck". So Ellis Freding describes the road he has now completed to the B.C. Marl and Clay Company's property near the old Roaney claims. Few other men would have tackled the job, but Ellis did it, and the road is now completed, from the Coalmont end.

There was much flattening out, and grading up to be done before the road could be made usable. The old road, a mile and a half, has been considerably altered, and now trucks can make the trip to the Company's property.

Interest Keen In The Barrel Derby Monday, 1st July

The big fish on the barrel will be dumped into the Tulameen at Coalmont Bridge at 10 o'clock Monday morning. When it will arrive at the Princeton bridge across the Tulameen is anybody's guess. And thereby hangs a tale, for the winning guess will net its owner a handsome prize. Guessing has been keen. Space on the Tulameen bridge will be at a premium all afternoon, and scouts along either side of the river will keep a weather eye open for signs of the approaching barrel. Many holding one ticket are buying another, hoping to double their chances on the winning ticket. The Barrel Derby is the first thing of its kind in Similkameen, and the results promise a big boost to better fishing and hunting in Similkameen.

Princeton Paragraphs

Mr. and Mrs. G. M. Harman spent the weekend at Penticton.

Mr. and Mrs. E. Barr Hall are holidaying at their summer camp at Trout Creek.

Lois McLaren, of the Diamond H. Ranch, was rushed to the Princeton General Hospital on Friday afternoon, and was operated on for appendicitis. She is reported making good progress.

Pte. V. Schulli arrived in Princeton on Monday on leave awaiting discharge. He enlisted in February, 1944, in the R.C.A.M.C., and transferred to the Armoured Corps. He came here from Calgary.

Mrs. Mary Fichter received a wire from Vancouver Wednesday morning advising her that her husband, George Fichter, was killed Tuesday while at work. She left for Vancouver on Thursday morning's train.

Mr. and Mrs. W. Cole, Michel, were here this week visiting their son-in-law and daughter, Mr. and Mrs. S. Angstadt. They also visited friends in Coalmont and Merritt, and plan to visit the coast before returning to Michel.

T. P. O. Menzies, curator of the Vancouver museum, who has been the guest of Mr. and Mrs. M. Harrison, One Mile, for a week, plans to leave by bus on Saturday, and hopes to spend a few days at Lytton en route to Vancouver.

Pass C.M.O. Exams

Following is a list of successful candidates at Coal Mine Officials' Examinations held on May 14th, 15th and 16th:

Second Class—Muir A. Frame, Cumberland, B. C.; James J. E. Anderson, Coal Creek, B. C.; Samuel Fowler, Fernie, B.C.

Third Class—Thomas B. Morris, Fernie, B.C.; Benjamin Volpatti, Jr., Michel, B.C.; Stanley Menduk, Natal, B.C.; David G. Brown, Fernie, B.C.; Fred Apponen, Natal, B.C.; Kenneth F. Kniert, Fernie, B.C.; Lawrence Donelan, Cumberland, B. C.; Robert T. S. Craig, Fernie, B.C.; William H. Davey, Michel, B.C.

Coal Mine Surveyor

Brockwell L. Montgomery, Fernie, B. C.

July Coupon Chart

Final instalment of canning sugar becomes available on July 4th.

MEAT	M 46
July 25th —	
MEAT	M 47

Butter Coupons R1 to R9, and Meat Coupons M29 to M39 expired on June 30th.

Coupons still valid:
Butter, R 10 to R 12:
Sugar/Preserves, S 1 to S 16.
Meat, M 40 to M 43.

Fishery Supervisor Visits Princeton

Arriving here on Saturday, James Robinson, Nelson Fishery Supervisor, spent the weekend here, and left here Tuesday morning. On Saturday, with Game Warden Allan Gill he visited Wolfe Lake, and inspected the two fish traps already installed there. He reported that they were serving the purpose for which they were installed, and that large numbers of coarse fish are being trapped.

On Sunday with the Game Warden and T. O. Lessard, Mr. Robinson visited Otter Lake and Otter Creek, looking for suitable locations for fish traps. On his recommendation there will be installed a trap on the incoming creek, only ten feet from Otter Lake. Another will be placed in the incoming Otter Creek, fifty feet from Clancy Lake. Bill Manion will be in charge of these two traps.

Monday was a busy day. The three traps at Lorne Lake, which are being looked after by Nils Leed, were inspected. Nils reports that the fish trap is giving good results, 208 squaw fish being taken from one trap in one day.

The incoming creek at Dry Lake was also cleaned out by the Fish and Game Club, so that trout could go up stream to spawn. Len Stewart tells us that fish are making the best use of the channel.

The creek between the two Murphy Lakes, otherwise known as Bear Lakes, is to be cleaned out as soon as the water goes down, so that fish can spawn, and travel from lake to lake. This will be good news for residents of Coalmont and Tulameen especially.

C. V. Prosser went out on Monday night with the Game Warden and Mr. Robinson on a tour of inspection.

FISH DO GROW

The biggest fish to be caught in the district so far was caught by Mr. and Mrs. Bobby McKinnon of Copper Mountain on Friday morning at 9 a.m. The fish was caught at Thalia Lake, locally known as Square Lake. Fish were planted in this lake seven years ago by the Princeton Club, and we are assured that the fish taken out on Friday is by no means the biggest in the lake. The big fish weighs 19½ pounds. It took forty minutes to bring to shore. It is a Kamloops trout.

Mrs. McKinnon saw the fish jump in the lake, and said to her hubby "Let's go after it". Bobby rowed the boat, but when the big fish proved too much for Mrs. McKinnon Bobby took a hand in landing it safely.

The road to this lake was made passable by the Club two weeks ago.

Dr. R. R. Laird, MLA Visiting District

Accompanied by his wife, Dr. R. R. Laird, M.L.A. arrived here yesterday on a visit to points in this district. He planned to see the Princeton end of the new Hope Highway today.

The First of July

There are many people who object to changing the name of July First from Dominion Day to Canada Day. Those in favour of the change feel that it marks Canada's coming of age as a unit of empire. They see in the word Dominion the suggestion of inferiority. Those who wish to maintain the old name feel that the substitution of Canada carries within it the seeds of disruption from the Empire family of nations. Our own preference for Dominion, apart from its historic content, lies in the fact that it rolls more easily off the tongue.

Any discussion of names will not affect the observance of the day. Both the B.P.O. Elks and Teen Town have joined hands to make the celebration worthy of the occasion. Events are planned to begin on Saturday, June 29, with a big dance in the Elks' Hall, in the course of which the winner of the Queen Contest will be announced.

The colourful ceremony of crowning the Queen will take place on Monday forenoon at the cenotaph grounds. Booster buttons will be on sale by members of Teen Town, and these buttons will be good for admission to both dances and all sports events.

Roll Out the Barrel

As the first of July approaches, interest in the Barrel Derby grows more keen. It is a guessing contest, with handsome prizes to the winners. Tickets are selling fast. No time must be lost if you would secure the winning ticket. Take time by the forelock, and buy it today.

The story is often told of the unfortunate man with no arms who went around the streets of Calgary with a billboard fore and aft hung from his neck. Whether he was coming or going one could read the words: "I don't want your sympathy". Someone was game enough to ask him just what he did want, and the man replied, "I want someone to scratch my back". The boys who have sponsored the Derby have done an immense amount of unselfish work. They don't want your sympathy, but they do want your support. They have a big job to do, and they will not sleep o' nights till it is done.

The big fish painted on the barrel has become a symbol for better fishing and hunting in Similkameen. The Princeton and District Fish, Game and Forest Protective Association is convinced that better fishing and hunting will pay big dividends in tourist trade, and that every citizen will come in for some share of the benefits. The response to date has been good. Those who have undertaken the job begin to know that it will justify itself. The next few days will tell.

The going always gets a little harder as one nears the top of the hill, but that only serves to stimulate greater effort. The boys have a good slogan. "Help the boys help you". By helping them, you are doing yourself a good turn. Good luck to those who have done the spade work, making sure of success on the First of July.

Those Unsightly Garbage Cans

There was a time when Bibles were chained to church pulpits in Europe. That was in the Middle Ages. Now, in Princeton, we have unsightly garbage cans chained to telephone poles in our main street. The containers are big, unsightly, hideous-looking affairs, painted battleship grey (or whatever colour it is). They are an eyesore to residents, and will be a shock to tourists looking for the City Beautiful. They should not be allowed to disfigure our main thoroughfare. They are an eyesore now, and our guess is that later on, when the hot weather comes, they will be a star attraction for flies and mosquitoes, not to mention more sinster evils.

The painted "drums" carry the name of Teen Town. This indicates that they have done the necessary work in placing them, whether the idea originated with them or not. We have always tried to belong to the Booster Brigade, and are ready to commend our young people for any honest effort they put forth in the interest of the community. But in this case the most we can admit is that the idea is good. In large cities they may have small, neat, covered containers for waste, but to have big, uncovered, painted drums in our main street is a mistake that should be rectified without delay. They are the first things that tourists would notice on entering our town.

Prospectors Aided

Nearly 100 prospectors have been sent into the field under the Government's scheme to aid prospectors in uncovering new mineral wealth within the Province, it was announced by the Honourable R. C. MacDonald, Minister of Mines.

It will be recalled that the Government appropriated $50,000 to grubstake prospectors and this year, they are being urged to concentrate on the search for gold. This scheme has proven very beneficial during the past few years and a number of promising finds already have been made.

Red Cross Speakers Tell Of Need

A meeting of the Princeton Branch of the Canadian Red Cross was held in the Parish Hall last week to hear Mrs. R. L. Johnstone, regional representative, and Mrs. R. C. J. DeSagte, R.N., who told of the continued need of the work of the Red Cross.

Mrs. Johnstone told of plans to collect enough blood plasma so that there may be free blood transfusions for every one in need of such treatment. Nutrition and Home Nursing are also part of the peace time activities of the Red Cross.

Mrs. DeSagte gave a thrilling account of the work in connection with repatriates from the Philippines and elsewhere, and thanked the ladies for the work they had done during the war years.

Walter Schmidt Kills Coyote With Bare Hands

Walter Schmidt collected the bounty on a coyote which he killed with his fists. Walter was out logging, and saw the coyote. Then he stopped the car, and went after it on foot. It was only a small specimen, and this he knocked out with one blow. Seizing the coyote by the hind legs after it had been stunned, Walter hit its head against a tree and killed it.

Water Spout Seen At Thalia Lake

When George Mitchell and Pete Lockhart were at Thalia (Square) Lake two weeks ago, they saw an unusual sight on the lake. A big squall hit the lake, and raised a waterspout about 25 feet high. As the wind advanced, hitting the lake in various spots, the phenomenon was repeated.

George and Pete had been working on the road to the lake.

A NUMBER of people are opening Dude Ranches along the Hope Road, and elsewhere in Similkameen. Before long people from all over will be coming here for fishing, hunting, skiing and other sports. Princeton is becoming the centre of a large district which is the playground of the West.

Visitors will not fail to note the strength of body and keenness of intellect that characterize people who have lived long in Similkameen, and when they learn that the people here live on FIVE ROSES FLOUR then they will know the reason why.

The Existing Telephone Situation

Despite all our efforts, we are still extremely short of telephone equipment and materials,such as telephones, wire, cable and central office equipment.

Labor disputes have made it impossible for eastern factories to keep up with their deliveries to us in recent months, and our big development program for 1946 is badly disrupted.

However, the supply picture is becoming brighter as far as telephones and wire are concerned. The factories say that they expect to improve their deliveries shortly if no new upset occurs.

Cawston Outscores Princeton Players At Wallace Field

The local baseball team was out-played on Sunday and lost a 7-5 decision to the Cawston nine. Timely hits and smart outfield work by Cawston coupled with some poor base-running by Princeton made the difference in the final score.

Rutland is the next team to play in Princeton. They meet the local boys on July 1st at 11 a.m. prior to the Elks-sponsored tournament.

When I know of a better oil —I'll tell you

Yes, sir, and I can tell you right now RPM Motor Oil is tops. It's compounded! And boy, does that ever make a difference to your engine!

Your car's cooling system can't stop the fiery heat of modern motors from blasting cylinder walls . . . but RPM sure can . . . and does!

Most oils duck from such hot spots, but not RPM. This means better lubrication and a lot less wear.

Save Money, see your Standard Dealer and change today to RPM.

Your Standard Man

P.S.— Don't carry a lot of dough with you when you're travelling. Use a Standard Credit Card. It's good in the United States and right here at home, too. Your Standard Dealer will be glad to take your application.

APPLICATION FOR A WATER LICENCE

"WATER ACT, 1939"
(Section 6.)

I, The Director, The Veterans' Land Act, whose address for Service is 518 Rogers Building, 470 Granville Street, Vancouver, British Columbia, hereby apply to the Comptroller of Water Rights for a licence to divert and use water out of Similkameen River which flows South and discharges into **Okanogan River** in the State of Washington, United States of America, and give notice of my application to all persons affected.

The point of diversion will be located at a point on the Similkameen River where the North boundary of Lot 2755, Map 1479, projected Westerly intersects the said river. This point being approximately 2000 feet West of the Great Northern Railway.

The quantity of water to be diverted is **4000 acre feet per annum.**

(Cu. ft. per sec., gal. per day, or acre-ft. per annum).

The purpose for which the water will be used is **Irrigation.**

The land or mine on which the water will be used is **C/T No. 99975F:** Kettle River Assessment Dist., Section Three (3), Township Fifty-two (52), Similkameen Division Yale District, save and except (a) the Right of Way of the Vancouver, Victoria and Eastern Railway and Navigation Company as shown on plan attached to D.D. 8285, (b) those portions subdivided by Map One thousand four hundred and seventy-nine (1479). (c) those portions subdividd by Map One thousand five hundred and seventy-three (1573).

Certificate of Title No. 99976F: Kettle River Assessment District; Lot Two hundred and fifty-eight (258), Similkameen Division Yale District, save and except that part subdivided by Map One thousand five hundred and seventy-three (1573).

Certificate of Title No. 99977F: Kettle River Assessment District, Parcel "Z", Map One thousand four hundred and seventy-nine (1479), save and except that part shown on Plan "B" Three thousand two hundred and fifty-five ("B" 3255): Lots One (1) to Seven (7) inclusive in Block Eleven (11): Lots Fourteen (14), to Twenty-three (23), inclusive, in Block Seven (7): Lots Two (2) to Eleven (11) inclusive in Block Six (6): Lot Seven (7) in Block Four (4): that part of Lot Eleven (11), in Block Four (4), lying outside the boundaries of District Lot One hundred and thirteen (113): that part of Lot Fifteen (15), in Block Three (3), lying within the boundaries of District Lot One hundred and thirteen (113): that part of Lot Twenty (20) in Block Three (3). lying outside the boundaries of District Lot One Hundred and thirteen (113): Lots Sixteen (16) to Nineteen (19) inclusive, and Lots Twenty-one (21) to twenty-eight (28) inclusive, in Block Three (3), all on Map One thousand four hundred and seventy-nine (1479).

Certificate of Title No. 99999F: Kettle River Assessment District, Lot Seven (7) in Block thirty-six (36): Lots Six (6), Seven (7), Eight (8), Eleven (11), Twelve (12), Thirteen (13), Fourteen (14), Seventeen (17) and Eighteen (18), in Block Thirty-seven (37) all on Map One thousand five hundred and seventy-three (1573).

A copy of this application was posted at the proposed point of diversion or site of the dam on the land or mine where the water is to be used on the 22nd day of April, 1946, and two copies will be filed in the office of the Water Recorder at **Kelowna, British Columbia.**

Objections to this application may be filed with the said Water Recorder or with the Comptroller of Water Rights at Victoria, B.C., within thirty days of the date of the posting on the ground.

THE DIRECTOR,
THE VETERANS' LAND ACT,
By R. W. Brown,
His Agent.
