駐ドイツ大使に大島中將返ざき

三國同盟締結に陰の活躍買はる

東京十九日（同盟）—獨伊三國盟により軸に緊密の度を加へた日獨間の關係の新段階に對處すべき重大任務を負ふ新駐獨大使陸軍中將大島浩氏が返り咲いた、現在の日獨關係の現狀からみて駐獨大使として大島中將はその經歷手腕から見て唯一無二の適任者であると云つても過言ではあるまい、同中將は昭和十三年末現外相當時約四ヶ年に亘るドイツ駐在武官から駐獨大使に任命されるや、白鳥駐伊大使と共に三國同盟締結當時の同盟結成に盡瘁して已まなかつたが、昨年八月の獨ソ不可侵協定成立により平沼內閣總辭職となるや、昨年十一月締結とゝもに官を辭したが、獨逸側は固く主張してゝも遂にその主張も敗れ、昨年十一月締結とゝもに官を辭したが、獨逸側は固く主張して遂に彼の眞意は去る九月の日獨伊三國同盟成立となつて實現したが、その締結にあたつては白鳥前駐獨大使と共に陰の人として盡力した、松岡外相と同中將の交誼から結ばれたものであり、三國同盟成立によりドイツ大使更迭の必要性が增したので、松岡外相は大島中將の再起用を決意、同中將に交渉懇願の結果外交方針などについて兩者の意見が完全に一致、同中將の快諾を得たものであるが、ドイツ側としても同中將の再任は極めて歡迎するところであり日獨兩國間の新段階にわつて大島新大使の活躍は期待される

親善を深めてゐるが、この大使館昇格を祝して明廿日獨國に交驩記念放送を行ふことゝなつた

この放送は午前八時（バンクーバーの午後三時）から四十分間ユーケーを通じて行はれるが、プログラムは先づ日本側から君が代、松岡外相の挨拶、モーレー在京アルゼンチン大使の挨拶、音樂などが送られ、ついでアルゼンチン側から國歌、フリオ・アーロー外相の挨拶、在ブエノスアイレス大森代理大使の挨拶音樂などの放送がある

日米戰は人類滅亡

野村大使の歡送會席上で

松岡外相・米に警告

東京十九日（同盟）—野村新駐米大使の歡送會が日米協會主催で十九日帝國ホテルに開かれ席上グルー米大使の歡送挨拶、松岡外相の新大使紹介を兼ねた別項のごとき深刻なる内容を含にして和氣藹々裡に散會した

◇

松岡外相はその冒頭で先づ日米關係悪化の基本原因が日本の自覺に對する米國の誤解にあるとの指摘したのち日本の聖戰が世界平和を目指す東亞新秩序建設にあることを闡明、これは時が時だけに明瞭な通牒と日獨伊同盟もかゝる平和を目的とするものであり日本はその建設的事業遂行に對する如何なる障碍にも斷乎たゝかはぬと日本の確固たる態度を示し地域的新秩序の例としては米國が過去に企てたパナマ會議もそれであると略說した

ついで『日米間に戰爭起らばそれは人類滅亡を意味する恐るべき惨禍である』と米の輕率に警告し、また支那の運命といふ問題に對する米國民の態度は感情的なものだが日本にとつては死活の問題だと述べ、最後に南京政府の誕生によつて東亞に新秩序が初めてふるとて米國が大所高處から事態の眞相を把握すべきことを要望、日米互いに大局的に一切の現實を直視して相互の立場を同情と協調的精神をもつて理解することが肝要であると述べた（寫眞は松岡外相と野村大使）

日亞間に交驩放送

東京十九日（同盟）—我が國と南米の友邦アルゼンチンとは去る十二月一日兩國の公使館をそれぞれ大使館に昇格、ますます親善を深めてゐるが、この大使館昇格を祝して明廿日獨國に交驩記念放送を行ふことゝなつた

南京政府の財政益す強固

國立銀行を設立

南京十九日（同盟）—中央儲備銀行の設立は十九日の中央政治委員會議において決定をみたので國民政府は廿一日新銀行創立總會に於ける第一回理事會を南京に召集し設立に關する一切の手續きを了したゝへ明年一月六日を期して業務を開始することになつた

◇

別掲汪政部長は次の如き聲明を發し新銀行の性格、經營方針などその全貌を明かにし國府今後の金融經濟政策に對する全國民の協力を要望した

經濟の復興、金融の健全を圖るは國民政府の重要施政方針である、しかして之が遂行には完全なる國家銀行の組織を必要とす、事變以來貨幣の低落、物價騰貴により人民は水火の中に呻吟し經濟は日に崩壞衰微の狀を呈しつゝあり、之を匡救するため本部は還都の初めにあたり貨幣價値の維持、金融の安定につき宣言し次いで中央銀行籌備委員會を組織し、以來愼重企畫したるが、基金の準備、營業の方針および紙幣發行など一切の準備に引つゝたるをもつて名稱を中央儲備銀行と定め、こゝに民國三十年一月六日を期し首都において正式成立、營業を開始するとゝもに重要都市に分行を設立することゝした發行紙幣は新法幣として納稅、爲替その他費一切の取引には皆これを行使せんとす、なは金融市場の動搖防止、人民資產の保證をはかるため現在流通の各種舊法幣は當分中央儲備銀行發行の法幣と等價流通を認め、然るのち徐ろに調整を圖り統一を行ふべく、萬一重慶側發行の法幣の數量ますゝ膨脹、貨幣價値下落、市場を攪亂し民生に影響を與ふることあらば既に準備しある有効なる辦法を發動し、以て健全を期すべし、日本軍票に關しては事變繼續中の特殊事態なるにかんがみ相互に充分協力しお〳〵その負ふ所の使命をとげるを得さしむ

切手貯金も復活

郵貯は五十錢より四千圓迄に伸びる！國民貯蓄

東京十九日（同盟）—聖戰遂行の底力として國民貯蓄の實績は年々すばらしい躍進ぶりを示し百二十億貯蓄の目標目指して堂々の進軍を奏でゝゐるが、現在の郵便貯金制限額は大正九年改正當時の十錢以上三千圓以下のまゝで今日のやうに貯蓄目標が增加してゐる際、こんな小額では徒らに窓口事務の繁雜を增し國民の貯蓄能力を制限するばかりなので、今回遞信省では郵便貯金制限額を五十錢以上四千圓以下に引上げることになり、大藏省と協議のうへ來る議會に『郵便貯金法中改正法律案』として提出、通過すれば明春四月より實施することになつた

なほこれとゝもに昔懷かしい『切手貯金』も再登場する、これは大正十二年の震災當時で實施され子供達の貯蓄心をそゝつてゐたもので一錢、二錢、三錢の郵便切手を臺紙に貼り一圓に達した時貯金帳に記入してゐたものだが、貯金額の引上げとゝもにこれを五錢切手、十錢切手に引上げて、五十錢單位乃至一圓單位の切手貯金にしようといふのである

安井內相辭任か

翼賛會強化、專任總務局長へ

東京——大政翼賛會の中樞機構は發足以來有馬事務局總長の總務局長兼任の下に國內新體制の推進を行つてきたが、最近漸く政界各方面において翼賛會の現在までの現れは各種の人事に對し私的觀念をさし挾むものとして非難的な批評が昂まるに至つた

近衞首相としてもこの種の批評に對しては愼重に考慮する所あり、更に翼賛會の上層人事を強化することは國防國家の翼賛姿勢確立の體制を推進する建前において首相自らも從來より主張してきた政治的筋金を入れることにもなるので、總務局長を專任たらしめることは當面の要務なりと思考するに至つたので、豫てその人選につき各方面の關係を考慮詮衡を進めてゐたが、このほど密に有馬事務局長の意向を徵した結果、現內相安井英二氏の出馬を促すことが最も適當と認められるに至つたよつて近衞首相はこのほど首相官邸に安井內相を招致、約二時間にわたり懇談、その決意を徵した結果、同氏も漸く翼賛會入りの決意を固めるに至つたので近く安井氏の內相辭任、專任總務局長が實現することゝ成るものとみられるに至つた（寫眞は安井內相）

めぐむ未来（二）

容は、なほわかるく、ビルディングの窓々の灯が、輝き始める頃であつた。

日比谷の通りを、ニヤ映画劇場の方へ歩いてゐた。

電車ホールを左に曲ると、何時か典子は、杉谷と肩を並べて四五間先を歩いてゐた。

杉谷さんと云ふのは、典子さんの結婚相手の一人ではないかと美鋼子は思つた。

「貴方、何をしていらつしやいますの。」

典子に囁いて、少し後に下つた美鋼子に、聞しかけた。

こんな場合は、美鋼子には苦手であつた。

「何もしないで、楽してゐますわ。」

美鋼子は少し疲くなつてゐた。

「いや――お嬢さまと二人で、とても楽しく楽していらつしやるのぢやありませんか」

と、郁郎も、てれたやうに云つた。

「何もすることがないことは、見たい紙がしますわ。貴なんかも、その嘘で紙の源のやうですわ。」

「僕ア典子を見てゐるせゐか、貴女は家庭的にも、淑女方ちやないかと思ひますよ。」

「――――」

郁郎は、無口な野卒なのに、今日は別人のやうに、おしやべりであつた。

美鋼子は、人一倍敏感な感情で、郁郎が、自分に對して、微妙な好意を持つてゐることを感じた。

が、彼女は、郁郎について、別に何も考へてはゐなかつた。たゞ、郁郎のおだやかな上品な性格を好きではあつた。

だから、かうして好意を示されると、のびゝとした明るい感じにはなつた。

映画館の前で、典子が切符を買つて、二人を待つてゐた。

郁郎といふ順に、腰をかけた。

ボイが、漫画をやつてゐた。

ボイが、赤ん坊を連れて散歩してゐると、その赤ん坊が、動物園の檻の中に、まぎれ込み、ボイが赤ん坊を救ひ出すために、象や虎などと大格闘を演ずる映画であつた。

漫画の次ぎにニュースがあり、それが済んでから休憩があり、美鋼子達は、外へ出た。

典子は、今日は美鋼子と郁郎とを二人きりにするやうに、態と別々に行動してゐるのか、それとも杉谷と二人きりで話したいのか、杉谷を誘ふやうにして、美鋼子の傍から離れると、杉谷と連んで廊下をぶらついてゐた。

美鋼子が一人でトイレットに行き顔を直して出て來ると、郁郎が彼女を待つてゐたやうに、廊下に立つてゐた。郁郎は先きに立つて人影の少い方へ歩きながら

「貴女が、外出なさるときは、お母さんは、お寂びしいでせうね。」

と、靜しかけて來た。

「ゝゝさうなのです。でも、母は御本を讀むのが、とても好きなのです。」

「どんな御本です？」

「フランス文學が、好きですわ」

「お母さんは、インテリですね」

「ゝゝさうよ。頭腦も、私なんかよりずーつと、いゝの……」

「時々、貴女と喧嘩なんか、なさいますか。」

「いゝゝ。ちつとも、本當の母子といふよりも、姉妹のやうですわ。私、お母さんになら、何でもお話しするの……」

郁郎は、一寸考へてから……

「お母さまは、再婚なさる意志はないのですか……」

と、訊いた。

「ありますわ。私が、結婚したら、お母さんも結婚なさるつもりらしいわ。」

と、美鋼子は、何のこだはりもなく、明かに答へた。

「ちや、貴女の御結婚の方が、先決問題ですか……」

「私は、どちらでもいゝの……お母さんが、結婚なさつたら、そのお家へくつついて行くつもり……はゝゝゝゝ」

郁郎は、美鋼子の自由な話しぶりを、好もしいと思つた。

新焚いて遡航する土人船ポンく蒸氣

カット説明の説明の説明コーハ

四

船尾の水車が動き出したかと思ふに、ウオレスバアリー氏が眠りする。ランパンの灯が夜空にきらめいてゐた。配置についてから前途は交通遮り明だ。

いくらかの懸念はあるにしても、それは幻想の境を出ない。夫船の不安な第一夜である。まづ眠るより仕方あるまい。ドアにはしつかり鍵をかけた。船はのろ〜と一時間七、八キロの速力で進んで行く。

◆

異様な物音に夢は破れた。いつの間にか眠つてゐたらしい。大地―といふをかしいが、マヤトラの大地が冷えてゐた。ピンショリと汗をかいてゐるのに冷える大地が感じられた。ドシン〜と、下甲板になにものかがぶつかる音である。小窓から外の闇に眼を凝らす。船はまた岸につけられ、クーリー然とした三人の水夫が、岸に積まれた薪を甲板に投げ込んでゐる物音なのだ。

内地の薪自動車ではないが、この川蒸氣船も薪を焚いて進むのだ。川岸の土民は二尺わたりの長さに拵へた薪を細のまはりに整然と積んで船の買入れを待つてゐるのだ。そのさき岸辺のいたるところにこの原始的燃料給所がある。

つた。船は夜も盛も三、四時間おきにこの薪を補給しては進む。またウト〜と眠つた。

航海に船長の内職

夜が明けた。南洋の空はバラ色から忽ちコバルト色に變る。清々しい夜明けの時間は短かつたまた〜く間に太陽の光りが强烈の度を加へてくる。椰子、バナナ、カポック、ブスバ、蘭類の繁茂する緑の岸、悠々たるムシの流れよ。爽快であつた。その風景はどこか昔の記憶にあるやうな氣もした。外見は瀟洒なこの土人船はラヂアボート號といつた。ラヂアとは王の意である。土人船の料理も馬鹿に出來なかつた。本吉のまゝ、悠久につゞく大自然のなかを、わがラヂアボート號が遡つて行く。

ムシ河はこの種の船が十數餘上下してゐる。上下二層、長さ十間、幅二間の小船である。船長は船主から一ケ月四、五百ギルダーの借船料で借りる。上下の甲板は一航一人十ギルダー乃至十五ギルダーで商人に又貸する。下甲板の中央に屋のない出入口がありその近くの甲板に店を開くもの〻賃借料がもつとも高く、上甲板は安い。商人は主として支那人である。この船の上甲板には煙草、清涼飲料水、雜貨、乾物店、また野菜、果實、雜貨店がならび、下甲板には金物食器店、雜貨文房具店があつた。しかしこの又貸料だけでは船長は赤字だ。そこで掛船の半分ほどの船を左舷に寄着して曳きつれ、上流奥地にむかつて米、屋根瓦、材木

土人船不安の一夜

一等運轉士は船先にたつて車輪形の舵を操つてゐる。室を占領されて何處に寢るのかわからない。もう五十に近い。アメリカの俳優ウオレスベアリーを小さくしたやうな性格的な顔だ。うす汚いポロシャツにサロン、それでもさすが船員のたしなみか大きなヤドロンパイプで紫煙をはいてゐる。あたりはすでに暗い。十時過ぎのだ。

るゆとりはない。これが一等運轉士長の宿命なのだ。

船長の腰には帶刀

ゐるなる程だ、船は倉庫から赤ん坊と米袋をまかんに積込んでゐる。船長がニヤリと笑ふ。小柄な男だ。さすが船長らしく、眞新しいシャツとサロンをつけてゐる。帽はさみにしたクシリ（土人の帶刀）のサヤがすつと頭を出してゐるのは不氣味だが、顔をみるとどんなにたちの悪い男でもなさうだ。

「喧嘩をするつもりか」といくら問ひ糺しても、ひうそ言葉が通じないのだから、詳しいことは何もわからなかつた。わからないまゝに上甲板の船室にある部屋に案内させた。

千振村のホームスパン製造風景

冬陽を浴びて、ホームスパン製造

カタ〜〜〜古風な餘韻を殘してゆかしげに糸車はまはる糸はスフか、木綿か、絹糸かそれはまがひもない純羊毛のホームスパン。開拓村千振郷の閑雅なその風景です。北滿は大規模の緬羊には適しないといふひとがあります。しかし適するか適さないかは千振村の人達がやつてゐる事實を見ればわかります。冬季の飼料に枯れ草を十分に貯へておけば、十數頭の緬羊飼育は茶飯事。副業として十分に引き合ふのです。牧草萌え出づる五月の候に、羊毛を剪りとり洗毛して貯へておけば、冬の農閑期には家庭婦人にとつて實益を兼ねたこよなき趣味の仕事です。大規模の牧羊、それは開拓に渡る人々に對しての今後の研究問題です。

アンペラなどを運び、復路ゴムを主とした土人の物産を運んで運賃をとり、あるひは自ら商ふのであつた。

莊嚴日の出と落陽

バナナ、椰子の木が多くなるとカンポン（部落）の近づいたことがわかる。部落に近づくと水の上につき出た小屋がある。それが土人の便所なのである。日本のいはゆる厠なるものはこゝに語源をもつといはれるものである、やうやく人の入れる廣さだけ板で圍んであるのだが、中にゐる男や女の顔は外部からみることが出來る。そんなのが二三ではない。かと思ふと、その傍で土人が水浴し、女が洗濯してゐる。

ポーポー、と船體に似合はぬ汽笛が喚ぶ。椰子の木蔭で待構へてゐた土人たちがドヤ〜と入り込んでくる。うれしさうだ――この船は彼らにとつて憧れ

であり娯樂であり、無聊の慰めなのだ。

行けども、行けども兩岸に鬱蒼たる密林がつゞく。常夏だからまだいゝやうなものゝ、冬にでもなつたらその荒涼さはやりきれないだらうと思ふ。

ムシ河の日の出と落陽は莊嚴であつた。また思ひ出したやうに百、二百戸の部落があるラヂアボート號は克明にこの部落に立ち寄つて行く。一どしきり土人たちが船一踏み込んで遊び、かつ雜貨品を買ひもとめて行く記者の姿をめづらし氣に眺める若い女もあつた。

日本製絹布の女達

ムシ河畔の土民はスマトラマレー族の名で總稱される。細くわけたらきりがない。服裝はジャバ人と同じくシャツにサロン姿、あるひはメード・イン・ジャパンであらうと思はれる綺麗な人絹布をまとつたハイカラな女がゐる。男女ともジャバ人に比してひどく小ざつぱりしてゐるのが記者にはめづらしい。家屋もジャバ人の家のやうに竹の柱、アンペラの壁ではない。床下の高いのはスマトラ人の家屋共通だが、立派な材木を使つた家が多く、廻り廊下に瀟洒な窓ガラスがしつらへられてゐるのにはひどくビツクリする。ジャバでも、バタヴィアでも町に跳のものが眼につく。だがこの川沿ひの部落の土人は革のサンダルをはき靴をはいてゐるものすらある、前から氣付いてゐたのだが、こゝは豫想以上に民度が高く「文化」の匂ひさへするのである。

親獨リンドバーグを大統領候補に推した

米國內務長官が暴露す

獨逸とか伊太利とか云はれてゐる人リンドバーグ大佐に關して昨日ニウヨークで米國內務長官イクスは面白い事實を暴露した、曰く――「去る九月ロサンゼルスのナチ派は特にリンドバーグ大佐を米國大統領候補者に推薦した秘密べき事實があつた編にして有ナチス派の贈物（即ち賄賂）をリンデー大佐が拒絕したと云ふ事については何とも云はぬが推薦された事だけを證拠に公開して戴く、リンドバーグ大佐はヒトラーから勳章を貰はれて喜んでゐるが米國のドイツ派もまたリンドバーグを唯一の眞の力として熱心に米國大統領にまで擁立しようとしたものである」そして此の內務長官はドイツ派が米國內の軍需工場を破壞せんとして盛んにサボタージュを試みてゐることを指摘し且つ米國と日米の仲を割かんと謀してゐるのだと告げ更に驚くべき陰謀としてパナマ運河破壞を企てゝゐるに違ひないと述べた

ニウヨーク十九日――ルーズベルト大統領の大規模英援助計畫は共和黨側の對案となつてゐるが、獨逸ニウヨークに組織された親獨團體たる「戰爭介入反對委員會」委員長バーン・マーレヤールは昨日ルーズベルト案を徹底的に批判し「大統領の提案は米國の總てのものをその戰爭に贈與する事である」と猛烈に基を攻擊した、要旨次の如し

ルーズベルト大統領が提案した對英援助案は何も讓歩に對し平等並にロンソン法が撤廢されない限り如何なる米國人もなしないことを敢てなし得る權を一人のルーズベルト大統領に與へよと要求するやうなものである、英國、その聯合國、そして米國政府自身も歐洲戰爭が米國の借款を要求したとて無駄であるとの論に飽した結果、大統領は米國の金、船舶、飛行機、軍需品、そして米國人の犧牲の一人でもその儘英國に贈與するといふが如き驚くべき提案をなすに至つたのである、本委員會は米國の獨立の權能を大衆に警告して米國を戰爭の渦巻から救はんとするもので、これがためにはレヂオ、新聞、學校、集會、ポスター其他のあらゆる

キャピラノ夫人

いつだつたか三十年前の「大陸日報」を繰つてみると、ふと北晩香坡インデアンの老酋長ジョウ・キャピラノの死が報じてあつた、而もその記事の中に、當時晩香坡にゐた明敏史佐々木千重師外二三の同胞が會葬したとある。ジョウ・キャピラノは死んだ時、恐らく七十歳以上であつたことと思ふが、去る十五日の日曜日にはそのジョウ・キャピラノの妻メリー夫人が、健つになるか判らぬ程の年を拾つて死んでしまつた。

◇

メリー・キャピラノは日曜日の午後「それ一服しようか」と

を繋ぐ平和の女王として生れたのが、去る日曜に「一服しよう」と云つた儘昇天したメリー・アグネス・キャピラノ夫人である。

◇

レイ・コホ・ロテと稱はれた平和の女王は、ニウ・ウエストミンスターで初めて建てられたキャソリック教會で、北晩香坡の若い酋長ジョウ・キャピラノと結婚式を擧げた。彼女は南部ピー・シー州のインデアンの中では最も美しく、また人氣があつた。また各地インデアンの系統に通じてゐたので、英國其他の國の貴顯なども訪問して來たものである。

◇

彼女はまたカヌーを漕ぐ事

上手で、昔はよく北晩香坡から潮流の早いファースト・ナロウを渡り晩香坡によく來たものだが、十年昔ブロックトン・ポイントで危く溺死せんとしたことがあつた。それでもよく危機を脫して、自分でまたカヌーを漕いで歸宅したのであつた。また二ケ月前には亡夫ジョウ・キャピラノの墓詣りに行き、森林の中で道に迷ひ、危く死なんとしたことがあつたそうだ。キャピラノ夫人の息子マチアス・ジョウは今北晩香坡インデアンの酋長であるが、彼女がキング・エドワード七世やクヰーン・アレキサンドラ自署入りの寫眞を所持してゐることや、曾孫、玄孫まで澤山あることは本紙既報の如くである。【山本倫也】

來春二月を期し 獨機一万出動說

英本土南半と海上大爆擊豫想

大海戰も行はれん

ドイツは英國を屈せざれば歐洲天地の新秩序も完成せざるを見て、來春二月中旬以降三月中旬ころ迄の間に對英一大總攻擊戰を行はんとして居るとの情報あるは本紙既報の通りであり英國の地理的關係からみて此の總攻擊は空軍を主体とし次に海軍、最後に陸軍の順序に行はれるであらうと云ふ點も既報した通りだ――この總攻擊戰に際ドイツは第一線機一萬を出動せしめ其のうちの約八千機をもつて英本土南半（日本の北海道より稍大きい面積）を集中攻擊し殘りの約二千機を以て周圍の英艦隊攻擊を行はんとする可能性が充分にあると謂はれる、正に飛行機で全土を覆ふ程度だ、而して獨逸海軍は最近殘存艦隊を先頭に出動させて英艦隊に對抗ふかも知れないので今次戰爭最初の大海戰も演出出來ると云ふのだ

獨軍よ何時でも來い

用意成るとチャーチル演說

英首相チャーチルは本日の議會に於て獨軍が來年二月迄に對英總攻擊を試みんとして居ることが充分に想像される、天候的にみて冬は夏に次いで好適期でもあるからだ、英國は理想からいへばまだ遲く半分の期間を終つたに過ぎないが今冬中にドイツが一大猛攻を英國に加ふることあるとするも何ら恐るゝ所なし、英國は渡打ち喰ふまで防衛の態勢が出來上つてゐるから在、ヒトラーとナポレオンの立場は其に酷似して居る、ナポレオンの事に觸れたくないのだがヒトラーは大陸（尨大な勢力を振つてゐるが彼は今や今後二ケ月間内（即ち來年二月迄）に英國（翻して何等かの行動を執らねばならぬ破目に陷つて居るのだ、獨軍よ何時でも來れ、我に用意あり

來年こそは 歐洲戰決戰期

英首相仄めかす

チャーチル首相は來年二月頃迄に獨軍の大攻勢を豫想するとして演說したドイツの對英總攻勢が過ぎたと思ふものがあれば誤れる危險な觀方である、英國はこれに對して萬全の準備を整へなければならぬ、英國はドイツ軍の進攻戰に對しては先づ完全に準備が成つてゐる、來年は或る意味で英獨戰に決戰的機會を與へる年だと思つてゐる、即ち英軍はそろ〳〵ドイツに對して本格的攻擊手段をとり得る成算が立つてゐるからだ

一九四三年、一九四四年迄に戰爭が續くと云ふことは今ちよいと考へられぬがそれでも用意だけは必要なのである

ヒトラーも來春二月頃までに何か英國に對して手段をとらねばならぬハメに陷つてゐることはいろ〳〵な點からみて確定と云つてよい、現在ドイツが英國に對し大々的空襲を行つてゐないのは予のみる所では一つに惡天候云々に起因するものであつて天候さへよ

ローマは曰く 伊軍は負けて居ない

數へた捕虜三一五四六

イタリー軍が英軍のためエジプトから伊領リビア内へ撃退され多數の捕虜を出して居るのは事實だがローマのガイダ主筆は本日右に關して次のやうな事を云つてゐる

イタリーはまだ負けて居ない、退却した事だけで戰爭の勝ち負けが判るものではないからだ、目下のイタリー軍作戰はリビア内へ英軍を誘ひ込んで軍を消耗させ最後に勝つにある、叩けば英軍は最早やヘト〳〵になつてると言ふではないか

さて本日のカイロ電をみるとリビアの伊軍基地バルヂアは既に包圍され英軍は更に七十哩西方のトブルクへの攻略戰を進めて居るとある、海上からの英艦十五吋砲には伊軍も困り抜いてゐると云ふのだ

本日英軍司令部で數へた伊軍の捕虜は三萬一千五百四十六人（うち將校が一千六百廿六人）更に最前線から送り込まれつゝある伊軍捕虜は千に上るか判らぬ位だと云ふ、過去十日間の伊軍撃破數は約百機で毎日平均十機の割合だと

ギリシヤ戰

報なし

◇

でやらアルバニアのギリシヤ軍は海岸方面を餘り攻めず山岳地帶を突破してバロナ港方面を大きく包圍する作戰ではないかと思はるゝ點が多い、即ちアルバニアを中央遮斷してアルバニア南半を占領する作戰だ

英國の新オーダー 三十億弗内外

飛行機一万二千

英國は近くいよ〳〵米國へ對して約三十億弗の一大注文を發することになつたことが本日判明した、これは左の武器や船舶を含むものだとされて居る

△飛行機一萬二千機十二億弗
△船舶六十隻一億弗
△砲、銃、戰車など十七億弗

仙方カナダへもどし〳〵注文が來てゐるのは事實らしく加奈陀軍需工業は今後六ケ月以内に一年少くとも十億弗の軍需品を生産し得る事になつたと本日のオタワ電は報じてゐる

◇

英航空機製作相ビーバブルックは次の如く發表

ドイツは特に空からの對英進撃のため尨大な空軍の建設を企てつゝある、ドイツ新聞の廣告欄は毎日飛行機設計家、技術家、無電技師、石油專門家並に新工場の設計者らの求人で滿ちてゐる、空軍の猛訓練並にその他の廣汎な準備は唯一の目的、即ち英本土侵入に向けられてゐる事は聞違ひない

日本都市 耐火武裝

卅四市へ强制

東京――空襲下にもビクともしない防空諸施設の整備擴充を目ざす内務省ではとくに空襲の目標となりやすい都市の耐火武裝を先決として近く新潟はか十三都市へ新たに防空建築規則を適用することに決定、同時に木造家屋の防火改修補助金を明年度から從來の八倍、一ケ年八百萬圓に增額し既に防空建築規則を實施されて居る東京はか十九都市と合せて主要卅四都市の大部分を五ケ年計畫で强制的な防火改修に取りかゝる事となつた殊に新潟市等は浦鹽方面からのロシア機に對して充分防空準備をして置く必要があるのである

英軍の死傷は 一千足らず

かつたら相變らずやつてくる

チャーチルはエジプト及びリビア戰線に關して本日次の如く報告した

北アフリカの英軍作戰は目下最も滿足に進んでゐる、十二月十六日（月）迄の英軍の死傷は一千に足らない、此間イタリー軍を捕虜とした數は最少に見積つて三萬以上、外に英軍が鹵獲したものは大砲百門、戰車五十臺、その他軍需品は莫大な量に達して居る、目下の戰況は一に對する三、四乃至五の有利を以て勝戰を續けて居る、この方面の戰鬪には濠洲軍（濠洲騎兵も加はる）印度軍及び英國軍の聯合軍であり

街はアフリカ南端の喜望峰方面も今夏以來獨軍侵入の惧れあつた爲め非常に防備が强化されてゐる點を初めて發表した

參謀本部がマジノ線を頼り過ぎた敗戰の失敗を決して繰り返してはならないのだ、ドイツに對する用意と準備はいくら增加しても過ぎることはない、だが如何なる攻擊も恐るる所ではない

市立病院からも 英國に血を送る

晩香坡市立病院では市民から血を集め病院内のタンクに貯藏して今後でも〳〵と英國へ人間の血を送る事になつた

獨逸軍五万 入伊は無根

ローマ十九日――英米系の宣傳機關は五萬のドイツ軍が既にイタリーの海港に集結してゐると放送して居るが、イタリー政府は十八日この報道を事實無根なりとして正式に否定した

餅も日本で 切符制度

東京――正月用の餅の配給に就き東京府經濟部と警視廳では目下協議を進めて居るが、七百萬市民に一人も漏れなく公平に行き渡るやう切符制によつて配給することに決定した、その具体的方策としては業者から町會――隣組を通して各家庭へ配給される事になり目下一人當りの分量を協議中である

ブラジルを語る

（上）

輪湖俊午郎

輪湖俊午郎氏（一）は長野縣出身、松本中學四年在學中覺身北米加州に渡り米國で外人の土地所有を非ずるや、大正二年同地を捨てゝブラジルに移住し珈琲園を經營、間もなく同地最初の邦字紙日伯新聞を刊行、後ブラジル時報の編輯長となり同七年十三年振りで歸朝して翌年夫人同伴で再渡航、サンパウロ州アリアンサで農場を經營する傍日本の同國移民事業に盡瘁した、現在三男一女をもうけて在留邦人間で重きをなしてゐる。

◆

「肥沃な土地は人をも肥らせる」ブラジルにはとんな諺がある、それはこの沃野に惠まれた南米ブラジル、この國と日本の交渉は正に移民で始まり移民に始まれた眞に有名な國交だ、最近我領事館の調査によれば在留邦人數十萬五千と推定されたが、第二世の國籍は日本、ブラジル二重の國籍に分れこれに加算されてゐないブラジル國籍第二世三萬五千と調査洩れを合算すれば先に十萬は確實と思はれるしかも創業時代によつてクオーター（四分の一）、なる混血兒年三千名の移民入國を許可する上に第二世の自然增加數は年平均一萬内外と推測されて、在留邦人六十萬突破は今後十年目位で實現される可能性を持つて居る、之等は釀造酒といふ部類で麥とか粟とか米などで釀造して濾して粕を分けたものである、ビールは四度内外、清酒は八、九度から十二三度ぐらゐ、日本酒は十三度から十五六度ぐらゐである、支那料理屋でよく飲ませる俗にいふ支那酒の紹興酒は十一度から十三度くらゐ、先日攻略した浙江省の紹興附近が本場で糯米で造つたものである。

……○……

ベーで飲ませるキユウラソーペパミントの如き赤い酒青い酒なども甘いが併しアルコール分の強い酒はアルコール砂糖とエ

八百五十二萬平方キロ、人口約四千八百萬でその密度は僅かに一平方キロ八人餘に過ぎない、この中氣候、風土ともにブラジル聯邦北伯州の總面積は他州に比べ南伯州は珈琲で生産する最も豊沃な地、我が先輩同胞も實に九割五分がこの地に集中してゐる。

そして九十二パーセントまでが農業に從事し商業三パーセント、工業二パーセント、その他三パーセントとなつてゐる、同州農務省一九三八年の調査では邦人地主數一萬四千三百十八戸に酒といふが中々多種多様で世界各國の酒となると專門家でも知らないものも少くない一般に知られて居るところでは強い酒でウヰスキー、ブランデー、サツカ、高粱酒、ヤヤンチユー、泡盛などがある、之等は何れも蒸溜酒といふ部類のもので酒とか酒精とか蒸溜して出來る、強いのは五十度六十度位いのでも三十度以上ある。

酒の話

（下）

東京　住江金之

我國の燒酎の如きも此部類で酒精で造つたり濁酒醪で造つたり、蕎麦原料としたりする、ウヰスキーは本場は英國のスコットランドである、ブランデーの本場は佛國で殊にコニヤックはコニヤック市附近に產する良質ブランデーの稱である、サツカは蔗糖產で他と違ふ點は樽木の炭で濾して無臭にしたところである。それでウヰスキー、ブランデー、泡盛、燒酎何れも各特有の體臭があるがサツカだけは體臭がない、此點アルコールに近いのである、曾て日露戰爭の折廣に酒を齎り込みに行つた連中がいろ〳〵美味しい洋酒を持つて行つたが喜ばない、最後に變用アルコールを持つて行つて歡迎されたといふが洵に當然の事である。

……○……

ビール、清酒、日本酒などは前の酒に比べるとアルコール度も劣く味も柔かであり、又多くは黃金色とか琥珀色とか銘々の色ツセンス或ひは果物の皮などでまぜ合せた酒である、朋友前待ち合所でボーイが持つて廻るベルモットも清酒とベルモット蔗糖などで造つた混ぜ酒であり、又通人が飲む各種のカクテールはいろ〳〵の酒と香料などを混ぜて造つたものである、曰くヤンハッタンカクテール曰くミカドカクテール曰く何々、數限りもない名前で今日も明日も毎日の如く新しいカクテールが新製されて居る。

旅から旅（八）

「大夫が女房につかまった」
明日の早立ちにそなへて、臥床に入つてゐた侍者たちが色をなして駆け立つたが、どうしやうにも手の施しやうはない。
「私たちの力ではどうする事もなかつた。」
「お細を貰く、暇をはわりませぬ。そのやうな暇はださいませぬ」
ふり絞つて叫ぶ藤に、無疑や、一座の者が驚いて飛び出して来た、が、どうする事の出来なかつた。
「申し申し月表でいらせ」
「我々は貴にてまゐつて居るのぢ」
さう云ふなかりで取りつく島もなく、乗物の用意までもあつて、四人彼ひに駆れた年増が目にも止まらなかつた
追ひすがる無疑たちを引き放して、青嶺を後はす暇も與へず、宿の表に出すと、夜の暗に紛れて、廣島の城下を立ちぬけてしまふのだつた。
「大夫が盗られた」

不服の一つで、居合せた武士がすぐに南無右衛門の乗物を追ひかけた。まもなくつく城下を外れたばかりの街道に大目付配下の侍たちは、一刻も早く遠野家の領地外へ出ようとしてゐる。
「我々は遠野家の家臣でござる」
大姿守が、京より招きし南無右衛門に、何なる後度がござつたか。仔細を篤と承はりたい」
「御用に公儀お侍なればとて、嘘の御検査は然るべきでござらう」
遠野家の家臣十餘人が、乗物を取巻いてつめよつたが
「拙者様方々の御内命でござる」
「大奥よりの密命にて、御検査様より申上ぐるはすでにございまする」
毅然として侍たちは少しも怯く様子がなかつた。
歴代藩主の御霊中で最も威の高かつた二代藩主光貞公の内命—さう聞いたばかりで遠野の家臣も口出しが出来なくなつた。
「お嘘ぬの仔細は御なる儀か夫も一嘘は承はりたいと申しまする。お塞つかへなき限りにて御打ちあけ下されたい」
苛立ちを丁寧にして聞くと
「御藩御用を受けし直参の武士を、京の奥谷に斬り棄てたことがござる、そのお咎めと存じ申す」
「南無右衛門が斬りましたか」
「拙者ども、しくは存じませぬ、南無右衛門並に配下の女嘘人四名にて、公儀御直参を殺害いたしたとやら。御藩よりお

Washington Star Welcomes Envoy

WASHINGTON — The Washington Star interpreted the appointment of Admiral Kichisaburo Nomura as Japanese ambassador to the United States as a definite gesture of conciliation.

The Star reviewed Nomura's negotiations with the United States including the period of his visit to the White House during the arms conference and said:

"It is partly in the utilization of these contacts that Foreign Minister Yosuke Matsuoka hopes to improve relations with the United States—relations which became more strained than ever when Japan joined the axis and which may be even more strained if, as seems to be indicated, Japan launches a new expansion drive in southeastern Asia."

The Star said it believed that Nomura was not a friend of the axis because of his moderate foreign policy. "Perhaps Nomura's solicitude for friendly relations of his country with the United States will enable him to impress on his government the seriousness of American intentions with respect to the preservation of the status quo in the Far East," the Star said. "That is his task and mission; if he fails, his mission will have been futile."

"Our strength and our vitality as a democracy has come from the fusion of many cultures, many tongues, many creeds. This was the foundation upon which our forefathers built. This is our heritage. It must be our guide in these difficult days—if we are to maintain our democratic institutions."

Travellers Abroad Must Get Permits

New Gov't Decision Also Affects Japanese

Dispatches from Ottawa Tuesday told of the government's decision to strengthen restrictions on non-essential use of foreign exchange for travel abroad from January 1, 1941.

Canadians who wish to travel in a non - sterling country must secure a permit from the Foreign Exchange Control Board even though they intend taking no money with them.

This new measure is also believed to apply to Japanese residents in this country who wish to take a trip to Japan, and it is reported the local Canadian Japanese Association is at present contacting the federal authorities for information in this regard.

According to the Canadian Press, these permits will be issued for legitimate purposes, but the board's order is prompted by "evidence that a number of residents were taking advantage of previous regulations by crossing the border with no money in their pockets but arranging by illegal means to have money placed at their disposal in the United States.

Cleaners Work Late Beginning Tomorrow

In order to provide for the extra busy period just before Christmas, cleaning and pressing establishments and dressmaking stores are allowed overtime for the next three days, it was announced yesterday by the Japanese Cleaners and Pressers' Union.

Permits for overtime may be secured at the Trade-Schools Regulation Branch located in the Hall Building, 789 West Pender Street.

New York Vagaries

One of the New York columnists told this story the other day:

A plane, being tested at a flying field near New York crashed. In the midst of the excitement, a Japanese came on the field and calmly set up photographic equipment and proceeded to snap pictures from many angles of the wrecked plane. One of the spectators, watching the Japanese at work, sensed dastardly activity, drew the attention of a police official to the fact. The official shooed away the complainant, adding the information that the Japanese was the official photographer of the aircraft manufacturing company. — Larry Tajiri's Vagaries.

BUSSEI XMAS SOCIAL

RushRoyalCityPreparations

By a Correspondent

NEW WESTMINSTER — The armed merchant cruiser, "S. S. Y.M.B.A. and Y.W.B.A.," scarred by more than a dozen hits by its 12 months of activities, is making its last desperate attempt to sink her adversary "The Raider 1940" by using a specially designed and constructed shell called "Christmas Social."

Already, part of her members are busily engaged in making hasty repairs while Captain Hori, although mortally wounded from shrapnel of "Bussei activities," refusing to leave his post, is again issuing commands for the decks to be cleared and guns to be manned ready for action at a moments notice.

The materials for this so-called shell are being rapidly assembled by the officers who are putting forth their last remaining ounce of energy so that this encounter will be long remembered by its pursuer "1940."

To doubly ensure the functioning of this gigantic social diplomatic Yukiko Fujiwara and Nagata have already enticed the local Taikus, Y.P.S., Shiseikai and Do-So-Kai to give their fullest co-operation by promises of entertaining program to be presented when the machine of social is set in motion.

In this hour of need, "The Council" of local Bussei, unanimously elected Toby Shinohara to be the "M.C." when the secretly planned social gets under way at the Temple on December 29 from 6.30 p.m.

According to the latest bulletin issued, all local nisei organizations have responded so whole-heartedly that the chairman of the committee promises this to be the event climaxing the "Bukkyo Danjo Seinens" activities for the year.

Closing Times Extended

Stores Do Thriving Business

Although the fog tended to retard the rush of Christmas shoppers to a certain extent over the weekend the community stores on the whole are doing thriving business and there is a faint sign that a new year-end sales record may be established, it is reported.

Japanese residents in the Fraser Valley and other districts who have been putting off shopping excursions to the city fearing traffic accidents in the fog are expected to stage a grand exodus into the local Japanese shopping district now until Christmas.

Special holiday closing times of the community stores have been decided by the Japanese Merchants' Association at its executive meeting this week. According to the time-table, the stores will close as usual at 5.30 p.m. today and tomorrow, but on Saturday and the two subsequent shopping days next week, they will be kept open until 9 p.m. After the Christmas and Boxing Day holidays, the merchants will return to their normal time and will close their stores at 5.30 o'clock.

Contribution to Canada

Knight Inlet Aids War Effort

KNIGHT INLET—That the Japanese residents in this country are fully behind Canada in her war effort is being revealed repeatedly in spontaneous contributions, both individually and collectively, to the national exchequer, Ottawa.

This week another similar manifestation of loyalty was made when the members of the Knight Inlet Japanese Fishermen's Association donated a sum of $55.00 through their cannery manager to the Department of National Defence.

Their action was in conformity with one of the motions passed at the association's annual meeting held recently.

Mr. Kinsaburo Chiba is the newly-elected president of the Association.

U.S. Nisei Try 'Know Us' Campaign

(The Tacoma Times recently published an article by Tadako Tamura, well-known writer member of Puyallup Valley JACL.)

Highly reminiscent of yesterday's flaming anti-Japanese agitations is the following paragraph taken from Dr. Albert W. Palmer's new book covering a sympathetic discourse on the "Orientals in American Life." The paragraph quoted was written in reference to the fantastic reasonings of a prejudiced public regarding the comparatively high birthrate of Japanese immigrants.

"Here was an Oriental invasion from within which might overwhelm the white supremacy of the Pacific Coast, for these American - born Japanese children were citizens by birthright, regardless of the fact that their parents could not be naturalized. Some extremists even saw in this a subtle plot of the Japanese Government to colonize the Pacific Coast."

Shades of prejudiced suspicion! We American-born Japanese had been branded "fifth columnists" long before we even saw the light of day in this America, our native land of freedom and tolerance! Perhaps they, the "anti-this'n-that" element could not know that our heritage in this land, which had proved so foreign and hostile to our parent generation, was to be that cherished "American Ideal" loftily beyond the reach of petty prejudice.

But such was the situation peculiar to that by-gone era (we hope) of immigrant days when public opinion was all but swept away by the flaming hysteria of jingoistic elements who made it their business to peer suspiciously into the faces of all newcomers.

Time marched on: Our parent generation plodded on, braving the antagonisms of the community-at-large. They strove diligently to disprove the mountains of accusations flung at them....

Time marched on: The second generation children came. Compelled by changing circumstances, the Japanese broke away from their heretofore almost completely gregarious habits. They weren't the bewildered, wide-eyed immigrants anymore....they found themselves responsible heads of growing families. The children had to be educated the "American way" and thusly the stoical mask of the Japanese immigrants was removed—revealing their true personality. And through personal contact with the American public, the walls of suspicion gradually fell away to the communities which had come to know the Japanese people....

Time marched on: The niseis (a term applied to us, the American-born sons and daughters of the Japanese immigrants—meaning "second generation" in the Japanese language) were growing up, distinguishing themselves at school—scholastically and in the athletic field. And in the classrooms, the youthful niseis learned of the "American Ideal."

Time marched on: War clouds hovered over the Far-Eastern horizon and finally broke. American - Japanese relationship became strained and prejudice and suspicion again moved threateningly over the youthful nisei world—leaving us bewildered and desperately clinging to the "American Ideal" gleaned in the classrooms. But the greater part of the American public seemed to forget that Time had indeed marched on—that the present era was far-removed from the days when the "no speakee English" immigrants presented suspicious characters in the community. National magazines such as Liberty re-spanned the years and retrieved from musty files the anti-Japanese-in-America material of immigrant days and tacked it onto the American niseis and the now-aging remnant of the original immigrant stock....

But still Time marched on in spite of the seemingly retrogressive circumstances besetting the nisei—a situation resulting from the present international flareups.

We, the niseis have come into our own and the present era marks a significant change for the better (we hope). We have indeed attained majority and with it have come the realization that we have got to "make ourselves known" locally as well as nationally.

The national organization of the Japanese American Citizen' League came into being eleven years ago with the slogan: "Building Toward Responsible Citizenship." Local chapters have sprung up wherever any sizeable concentration of nisei population occurred until today there are fifty chapters covering the Pacific Coastal and Intermountain regions. The National JACL Convention at Portland, held in the fall of this year, received national attention—coupled by very favorable comments.

In the fall of last year, that touching article on the niseis entitled "Be-

The OLD LADY

By T. M. K.

"T. M. K." is the pen-name of a well-known Nisei matron, very active in young people's affairs. Her short story, "The Old Lady" won second prize in the recent J.C.C.L. contest. Dr. Norman F. Black, adjudicator, commented that the author possessed great insight in her character portrayal.

Authors Note: The characters in this short story have been fictionized and do not refer to any living person or persons. Incidents are also fictionized and no offence is meant to any peoples or country.

There she lay, still, hawk-nosed and grim. Even Death could not soften the lines that life had drawn down the side of her mouth, yet, you saw the classic features finely molded, at best revealed in something like beauty. In life....in the latter part when her family knew her....they had seemed sharp, harshly predatory, on occasion smoothing out to bland hypocrisy. Now, there she lay, her eighty years laid to final rest.

She was, once upon a time, a little child beloved of mother and father, in a small village in southern Japan. The only child of her father's second wife, who had died when she was still a baby, she was merely tolerated for her father's sake by her older half-brothers and sisters. He died, however, when she was in her teens, and in him she lost her last protector. After his death her troubles began. Father Kinzaemon had neglected to register his second marriage, thus leaving Yae illegitimate. The numerous step-brethren took advantage of their joint father's remiss, and literally threw Yae out of home and inheritance. At first she cried in helpless anger and despair, but at length she dried her tears, knowing them to be useless, and shook her minute fists at them, resolving:

"I'll show them!"

Some sympathetic villager helped her to migrate to a distant town, where she boarded with kindly folks while she helped around the house. Her reputed beauty soon got her many offers of marriage. However, Yae being a strong-minded sort, did not accept the first one that came along. At length, though, a pale young man came, attracted by the sparkle of her wicked black eyes and by her enchanting, exciting modernity. He was a merchant with a bent for pharmacy. He loved concocting strange-smelling herbal salves and doses. Of worldly goods he had a comforting amount but, best of all, he had no close relatives; that is, he had no mother or father to create an in-law problem. True, he had several brothers, but she was sure she could manage them as just so many more fatuous males. Anyway the candidate was charming in his address, so Yae accepted him through his go-betweens, smiling at his stammered formalities when he was presented to her.

Thereafter he hadn't much time to stammer or loiter among his beloved herbs. She drove him, and herself, to increase their small wealth. She worked as hard as any man, selling and bartering the goods over the counter of their tiny, untidy shop. Every other year or so she took time out to have a baby, first a girl.... worse luck!....then a boy, then two more girls....drat them! Then this energetic woman sent these babies to their many uncles and aunts-in-law to be brought up with their cousins, while she worked. Horrors! The village Grundys wagged their tongues in vain. Yae merely sniffed at them her scorn, and slaved harder than ever. So did the poor husband.

One day he gave up trying to follow this magnificent wife. He died.

After this Yae grew sharper in features and tongue. She brought back her only son to her side, but soon found she could not cope with his high spirits on top of the doubtful business of the shop. The times became harder for this widow to eke out a living from her fellow-townsmen, and finally she had to send back the boy to his uncle, and sold the shop. There was a rice-field for sale which bought at a good price, and forthwith worked it mostly by herself, and grudgingly hired the necessary labor at harvest time. The years were lean, but they slipped past.

Then there filtered into this inland town tales of a land, far, far away across some unbelievable ocean, a land where the gold grew on the pavements for anyone to pick up as easily as....that! Yae half-believed, heard some more and suddenly made a decision. It was a momentous decision as the neighbors will tell you. Imagine a woman, a lone widow at that, galloping off to some heathen country on the chance that she might scoop up a share of that fabulous gold! What was the world coming to? However, nothing loth, they hauled out the equivalent to the town's brass band and gave them a splendid send-off, Yae and her son. She left the management of the rice-field to her favorite brother-in-law, and turned her face and her heart toward the new land.

"Son," she said later at the boat's railing as they sailed out of Yokohama, "we do not return without the gold!"

* * *

What a strange land! No rice paddies, no cosy thatched houses! Everything so huge and bare, so cold! What a gigantic country this was, and this noisy, blaring city, swaggering to meet the foreigner. What mountains and trees! Yae could scarcely believe her eyes.

She forgot her homesickness in the wonder of these goldfields. Her son was apathetic, being merely sleepy and tired from the unaccustomed journey.

After getting in touch with the proper people who would help her to get used to this new land, she straightway boarded her son at the Jesuit college, because there the discipline was exemplary. To her, modernist that she was, there was no difference between the creeds of Catholic, Methodist or Buddhist. To tell you the truth, it was only in her later years that her soul's peace bothered her at all.

Her first job was as a houseworker paid by the day. Then she graduated to sleeping at her employers, when her new friends told her that it was the quickest way of learning the strange customs of this stranger country. The food was tasteless. How she sometimes longed for the delicacies of her native land! Thick soup of tasty bean-curd, the small mounds of gleaming white rice cooked to just the right degree of flakiness instead of the mush they called rice-pudding. Oh for those tooth-aching sweetmeats that were as tasty as they were lovely to look at, cut in the shapes of flowers, of birds, and the fish, Tai; colored as delicately as the leaves of spring, as gorgeously as the autumn foliage! On her days off, she hastened to the homes of her new friends who did not have to slave in another woman's house, where she gorged herself with her native food....what she could get, anyway....and wondered at the nauseating taste of the western peoples.

As for the job itself....m-m-m-m, the less said the better. To say the least, it was highly distasteful. Oh well, time enough to think of taste later. First a little cash, then the mastery of the language, after which she would look around to see what she could see. Perhaps, perhaps....

Her mistress marvelled at the tireless energy of this tiny Japanese, who looked more like a doll than a grown person, with her snapping black eyes, always so ingratiatingly polite, and wondrous willing to learn; her aloof dignity at times surprised and nonplussed this blue-eyed household. How odd, the Japanese!

* * *

Social life among the Japanese immigrants was of a necessity very meager. The men drank quantities of imported sake (this was the days before strait-laced prohibition), retold hardships, and mulled over and laughed over doubtful stories as is the custom of males in every country. Wealth was still in the making, so that the recognized amenities were of the barest sort. One there was, though, among the immigrant men, who had early made his mark in this rough country, and who was looked up to by his fellow - countrymen as the successful sample of the pioneer, someone to envy and to emulate. He had few intimates who dared to call him by his given name. Others not so intimate called him Sekine-sensei, a term of respect reserved for one's superiors. Among his Canadian contemporaries he was called 'that enterprising Sekine,' a good chap, especially in his cups.

Inevitable then, that this newest immigrant should be introduced to him, especially as they were from the same prefecture in the old land. When Yae was first brought to him....and she came in great curiosity....his indifferent glance infuriated her; all the more so because her own eyes had slid over him in veiled approval. He was good-looking in a way, of a physical hardness that appealed to her strongly. She elicited more information about him from her recent and willing acquaintance, Mrs. Abe, who kept a small dressmaking establishment on Powell Street. The boardwalk before her shop was often trodden by the elite of the Japanese community, such as there were.

Mused Yae:

"So? He is rich. How has it come about that one of our race, an immigrant, is so well-padded with gold as you say he is?"

Answered Mrs. Abe with eager celerity:

"Well, I tell you, Yae-san, I don't rightly know for sure, but my husband says that he loses several thousands of dollars in the what-you-call poker games these 'hakujin' play for the fun, a kind of 'bakuchi-uchi,' and the funny part is that he never seems to care whether he loses or not, because his expression never changes. It is strange. My husband says he owns much valuable property in the next city....I can never pronounce these outlandish names, can you?.... and he owns our biggest rice-mill and he has his fingers in every sort of money-making thing. The 'hakujin' think a great deal of him, and I believe he does a lot of business with them. My husband knows a man whose cousin works for this Sekine-san, and he says they make good money, much better than farming the rice-fields back home."

"Is that so?" was Yae's only comment on these occasions except for a little judicious prodding to which Mrs. Abe responded gallantly.

Yae listened, and half - believed, as she had done once before to the tales of this fabulous land..and made a silent decision. She would acquire that man before long, before any other woman did....that is if he were single. This afterthought was only an afterthought; it did not deter her much. True she had not heard of any wife, but that was beside the point. The next time she met him socially, she pointedly, and studiously ignored him.

Now Mr. Sekine was far from being a proud man, he wasn't vain..not so that you could notice anyway. .Indeed he cared very little for the trappings of success, and he took no particular interest in the deference paid to him by his less wealthy countrymen, but, when a woman, and such a woman as Yae with her sleek beauty, her sly eyes, her compelling energy, ignored him as rudely as she did....well, that was a slightly different matter.

"A stuck - up female," he snorted, "no manners, less gentility!"

That was his first reaction after the first snub. Later on he wasn't so sure of himself, and was unwillingly intrigued by her continued indifference. As you may guess, he hadn't, as yet, met a woman who was insensible to his looks and wealth, his place in the small society of Japanese immigrants. Then, after all, he was awfully bored with the women who sought to attach his gold to their unattractive selves, or to their grown but immature daughters with clumsy feet and hands raw from work. After all this Yae woman was pretty. She had a pair of dainty hands and feet, and an exciting, brooding smile. So there you were, he had been as good as snared ....well, almost.

One day he deliberately sought her out at the dressmaking shop by pretending he wanted a shirt made of special silk that he had imported for his store on Oppenheim Street. Yae had, in the meanwhile, transferred her activities to the dressmaker's trade because housework ruined one's hands for the purpose she had in mind. Of course she had gone to Mrs. Abe, who was big-hearted if overmuch given to chattering. Well, this day, Sekine lounged in, nonchalant, scarcely paying any attention to the several women bent over their work, Yae among them. Mrs. Abe was quite flustered with his request, knowing that he always went to some swanky 'hakujin' haberdashery.

"We are honored, Sensei. I, myself, shall put the stitches on this most beautiful cloth. Will you come this way and deign to be measured?" and she led the way, bowing and hissing behind her teeth, to a back room where there was a full length mirror, a table with its box of head-pins, some coat hangers. Not seeing the tape-measure anywhere, she called into the workshop:

"Yae-san, will you bring me the measuring tape? I am sure it is somewhere around there."

"Hai, shochi-itashi-mashita, I will bring it," Yae answered in her cool, liquid voice, a smile hidden beneath suddenly dancing eyes.

Sekine watched complacently as she brought it, and his glance flickered over her, taking in the trim little body, neatly fitted in black. H'm, he mused, she couldn't be more than thirty, a widow, with a son, he'd heard. He thought that she looked very capable for her size, and might be deucedly entertaining, too. He felt he must get to know her better.

"Arrummph! I believe I have met you before, have I not? You are from the same prefecture as myself?" he asked confidently.

"Hai, so de gozai masu," she replied demurely.

"Ha!"

"Gomen kudasai," she murmured and excused herself from the room, her face in the shadow.

"Ah, moshi-moshi...." he begged, but she had gone.

He looked down at the woman who was timidly measuring his square shoulders, and asked:

"Her name is Tanaka, is it not?"

"Hai, Sensei. A good seamstress, and hard-working too, as she supports her son who is in the Jesuit college in the Capital."

"H'm."

And he let it go at that. As he went back into the front of the shop again, he gazed around until he had sighted the one he searched for. There she was, centered on her work, not looking up as the others did. There was, disdain in the curl of her exquisite lips....and a laughing ridicule for his obvious pretense. So, she guessed why he had come here, eh? Good, good, all the better for a sweet revenge, though at the moment he wasn't sure what the revenge was for. Many a lurid word passed through his mind uncensored at the woman's shrewd appraisal of his tactics. He got out of that shop as fast as he could and with as much dignity as he could command, but he knew that Tanaka female was laughing at him. The thought made him boil with suppressed rage. Just wait and see, he promised, he'd show her who was who in this community!

Back in the shop, the ladies chattered and wondered on the reason for the great man's coming to this little place for a shirt. Surely he did not need another one, on top of all he must have. They speculated and guessed something near the truth. One of them said with a sly laugh:

"To my mind, he came here out of curiosity."

"That's the truth," said another, "it's only reasonable. Which one of us did he come to see? Can you tell us, Yae-san? You spoke to him, did you not, in the inner room?"

Their concerted eyes turned to her, and of a sudden it came to them that Yae was a remarkably pretty woman, and really refined-looking compared to their drab selves. Could he have come to see her? He must have. It was said he had an eye for beauty. Feminine gratification lit their faces as they one and all chuckled, Mrs. Abe too. They began to tease her.

"Oh, Yae-san, such a man as he came to see you, such a man as has never looked with desire on any woman yet, though he likes them doll-like, they say. What do you think?"

"There is nothing to think. If he is curious to see a newcomer, why, let him, say I."

"Why, goodness! Aren't you even excited?"

"No," said Yae, and smiled at their incredulous faces.

"Oh, oh, what a woman you are ....and he such an eligible person! Who knows what might not happen?"

The others chimed in and agreed that Yae was a cold creature not to be elated that the wealthy Sekine-san had come to look her over. Yae laughed outright.

"Why should I get excited? Shall you expect me to faint or something?"

Yae's laugh was full of scorn, but underneath she was terribly gratified. So, he had to come to see her. Well, let him. Perhaps, the next time she might....just might.... smile. Let him finally yearn for her desperately; let him beg for her favors. The proud eagle should stoop for her favors, crafty little wren that she was.

* * *

If you must have the truth, Mr. Sekine, that self - sufficient man, was having a bad time. He had never in his life hankered for a woman; he had looked on them as a necessary adjunct to their drinking parties, especially the cute ones, those painted wenches who poured the hot sake and sang in their hoarse voices the latest love lyrics. Other women were too drab to merit attention, and really now, one couldn't expect him to be bothered by half-grown fillies. Now, this Yae woman was getting on his nerves. For the life of him he couldn't take this matter to his friends. They would laugh at him, and forthwith call for a match-maker. The gods forbid! He wasn't marrying anyone, much less a woman who laughed at a man to his face almost. No, no matter which way he looked at it, there was no way out of his dilemma. This was altogether against the best traditions of his race, that he should be acting, or rather thinking, like some mummer on the stage mooning over an erotic mistress. Enough to see it on the stage without having it happen in real life—to him of all people!

"Drat the woman! Can't I get her out of my mind?"

Cursing did no good, however, as he felt only a growing exasperation against all women. This was the frame of mind he was in when he went back to that shop to collect his shirt. He couldn't help but go, as the Abe woman had phoned to remind him it was done a long time ago, and would his excellency come to fetch it? He could hardly delegate such a delicate errand to anyone else, could he, and have the embarrassing situation brought to light? He went into the store with a heavy, purposeful tread, and had the proprietress all in a dither, as he brought forth an impressive roll of greenbacks to pay for the unwanted shirt.

"Many, many thanks, Sekine-sensei, it was such a pleasure to work on such beautiful cloth. It isn't every Japanese that can afford to wear such a..er..shirt."

Mrs. Abe scraped and bowed as she wrapped it up for him. He payed no attention to her, but glanced around to encounter Yae's slight smile of recognition. His spirits did an unexpected double somersault, and surprisingly he felt jaunty and swashbuckling. He bowed in return and forgot his change magnificently. He picked up his parcel and shoved it into his capacious pocket, and forgetting every resolution to 'show that woman', he left the shop in a daze.

We-ll, after that, what could you expect? Not only were the gossips kept busy, but two matchmakers vied with each other to pluck this luscious, gold-plated plum. They waited with bated breath as events marched, and Mr. Sekine seemed more enamoured than ever with this woman. Not that he ever took her out in the accepted western way; oh no! he hadn't quite fallen to that yet. Anyone with half an eye could see what was bound to happen. The little widow was very circumspect, very polite....and properly aloof. She smiled at him oftener, but then, that was understandable. What woman wouldn't give her eyeteeth to attach such wealth?

Finally Mr. Sekine's best friend called on both matchmakers....not to create bad feelings....and expressed his patron's desires pertaining in a certain quarter. In the course of the next few weeks there were many polite bowings and greetings and submissive hissings behind the teeth, much conference, acquiescence, consultations. At length everything was concluded in a most satisfactory manner. The widow, Yae Tanaka, had consented to marry the heretofore unmarried Mr. Sekine.

The ceremony itself was the traditional 'san-san-kudo,' with shallow wine-cups of lacquer-ware being passed from groom to bride and back again three-times-three - to - make - nine, by two young girls dressed in the colorful costumes of the old land. Very few were present, beyond the intimate friends of the groom, the friends of the bride....and, of course, the priest in his flowing black robes and white embroidered surplice. Afterwards there was a riotous celebration at the most expensive restaurant on Powell Street, where many 'kandokkuris' or rice-wine were served to the guests, and delicacies of the most exquisite shapes, tastes and colors, artistically arranged in individual lacquered boxes were presented to each and everyone to take home. It was a reception that filled the gossips' tongues for the next nine days.

As a concession to the western custom, they went to Seattle for a week's honeymoon amid a much inebriated send-off. Fine feathers made a very fine bird, and Yae was no different from her kind. She splurged. She bought rich broadcloths, soft woollens, finest silks, all cut in the latest fashion, a luxurious fur collar and an enormous muff of ermine, and many, many bright flowers and ostrich plumes for her many hats. She had, too, a heavy gold buckle much carved and laden with gems for her belt, and a gold watch on a thin gold chain to hang around her creamy throat in the current fashion. She bought fancy laces for her blouses and several, not one, brooches to hold them in place under her chin. Her acquaintances volubly envied her lot.

The OLD LADY

Sekine's enchantment lasted exactly sixty-nine days.

On the evening of the sixty-ninth day, he had come home pleasantly anticipating a quiet, after-dinner leisure to talk over some of the more interesting events of the day with his intelligent wife; to play a game of solitaire which he had tried in vain to teach Yae; to retire again well-satisfied with the bounteous blessings of life. He got mischievous pleasure in bowing this wife of his bosom with a tricky financial problem, watching her screw her face up as her indifference sharpened to concentrated effort in trying to solve the complications of his daily business. Sometimes he was surprised at the shrewd understanding that she had inborn for money matters. Well, this evening he came home with the usual feeling of comfort and satisfaction. He ate his dinner with a good appetite, and went into the front room to enjoy his pipe while Yae cleaned up. Rich as he was, he scorned hired help around the house, where a man ought to have some privacy. In about half an hour Yae came in with her mending to sit in her usual place, a silent companion. Sekine was greatly gratified with this jewel of a wife.

To get on with the story, this night he was bursting with news, so much so that he could scarcely wait to get around to the subject; nevertheless, he waited a decent length of time before he casually mentioned:

"I made a smart deal today. Got the better of that other fellow I told you about last night. Remember?"

"Yes, Husband, I remember."

"Did another good piece of business, too."

"That is fine, you always do."

"Uhuh."

Sekine was complacent. He continued, knowing he had her undivided attention:

"I sold that logged-over bit of land, forty acres, just this side of the new business district. Didn't think I'd ever get rid of that land with such a big profit too, but apparently the town is spreading out that way, and the real-estate men think it is going to be worth untold millions someday, and what do you know, I got $50,000 for it. What do you think?"

He sat back to enjoy the incredulous look on his wife's face. $50,000 for worthless land! She was enchanted. A fortune that was unearned! What would they do with it? Why it could buy that bit of property back in the old village many times over! Yae's eyes gleamed, so that she had to quickly bend over her work to shield them from her husband's too curious glance. She concentrated on the hole in the sock, thinking the while how she could get her hands on some of that money. If she had only had, she would be the wealthiest woman back home, enough to make the other villagers goggle and look up to her in amazement and respect. Her erstwhile step-brethren too, could now be put in their places. She felt a fierce longing to do so.

"Well, Yae," asked Sekine, impatient for her praise, "what do you think of it?"

"Why, husband," she answered slowly, "I scarcely know how to congratulate you on such a marvellous piece of fortune. It takes my breath way."

And it did, you know.

She looked at him, her eyes shining with excitement, her lips parted in a dazzling smile for this wonderful man of hers. Her very tones flattered him, soothed his vanity.... which had come to life after his marriage....and the trembling of her voice did not convey to him anything of her inner seething. Yae dropped her mending and clasped her hands in sudden resolution.

"Husband, this money, is it pure profit?"

"Pure gravy. Why?"

"Well, I was thinking....you see, back home in my old village, there is some property I could buy cheapy and someday sell at a great price. You see through it will run a road when traffic becomes greater, and whoever has that land will have the right of way. The present owners are very poor, and would be glad to take present profit instead of future gain. It is just this side of the bridge which they write me that the government is rebuilding. It is a mere $3000 in American money."

Yae continued without stopping—

"If as you say, this money is pure profit, then can you not let me have ..say..half of it? After all, to you, it is only chicken-feed, and I am sure you can make that amount anytime you put your mind to it. Please, husband, let me have it, it means so much to me...."

Her voice trailed away, as she waited for him to answer.

Sekine had listened at first with amused disbelief. In those days a woman had no business handling money or going in to business like any huckster. There were limits to where a lady could break conventions, and anyway, a wife had no right to calmly ask her lord and master for half his business profits to gratify some personal whim. Incredible! Sekine, more than any other man, disliked the pushing sort of woman. That was why he could not believe his ears; why he kept his eyes glued to hers, wondering what was going on in that pretty head of hers. Did she really think he would give her the money, and have other men laugh at him for a henpecked husband? Yae, too, kept her face toward his, but her eyes were veiled. She did not wish this man to know that the overpowering desire she had for that money was consuming her good sense. She waited. At last, after what seemed an eternity, he answered:

"Do you really mean what you are saying? What does a woman want with all that money? It is not the thing for you. Don't I give you enough? Why must you want to buy some worthless land you will probably never see again? What are you thinking of?"

"Do you refuse my request?"

"Of course I won't give you all that money, but if you want that land so badly, why, I'll instruct my man in Yokohama to buy it in my name. Does that not satisfy you? I'll give you, too, some money to buy more clothes if you want."

An unexpected rage and frustration blinded her for a bad moment. She shut her eyes and silently rocked herself in her chair. These stubborn males! The stingy..(gasp)..domineering fellow! As if that money were all he ever had! As if she didn't know that he had ten times that amount tied up in other highly profitable businesses. Her anger got the better of her, her anger that was made up of these many weeks of hard self-control, and she shot at him with spite that astounded him:

"....and what would you do with all that money? Like as not, even if you didn't give me a penny, you'd spend a great part of it in some futile poker game, or put it into more enterprises to make more money than you'll ever need. You never let me hire a maid, a cook, or anything. I never see any cash, except I must use it for geegaws. You spend it more foolishly than I ever would. You would give it to the first one that told you a good sob-story, to every drunken friend that lives on you. You think that because I am a woman I am content with the purchase of more clothes and jewels than I can ever use. You think that because I am a woman I have no head for business. Bah! I could do things in business as well as any man, and if I hadn't been limited by my sex, I would have done so long ago! And I wouldn't be as slipshod as you are. You're too easy-going. You lose as much money as you make, because you expect the small details to look after themselves. How can you build a firm business without taking as great a care of the smallest item as you would the biggest? Give me that money. I'll not waste it. Most likely it will come in handy one of these days when you have run through your fortune in your careless way."

Yae stopped for sheer lack of breath, and glared at him sitting opposite like a stupid clown, his mouth hanging open. As for him, he was too dumbfounded for speech. Had he heard aright? Was this the woman he had married....the soft, sly minx he adored in the depths of his heart? Heavens, how bright her eyes were, snapping at him like that. Random thoughts rushed through his mind, but he sat there, his pipe forgotten, his peace shattered, a slow realization now that Yae had deliberately married him for his money, and she had succeeded only too well. He forgot his other profitable deal that had been so much mud in his rival's eye....the contract with the Dunsmuir Collieries to supply the immigrant Japanese laborers there with the necessary food and wherewithals of life.

He stood up slowly, his disillusion complete, and went over to his wife, towering over her, undecided whether or not to strike her for this shock. Yae did not flinch, but sat there tensed, not knowing what to expect for her outburst. Gradually Sekine relaxed. Before quitting the room and house, he said to her quietly with foreboding emphasis:

"Fool!"

* * *

The next day he woke up with a violent headache. He remembered the splendid spree of the night before when he had drowned his disillusion in countless cups of sake and the western brew called whiskey. The mixture, he also remembered, hadn't been fortunate, and he had become fuddled for the first time in his life. What was it now that had started him off? With a wrench he concentrated on it, and groaning, he turned over in bed, pulled the blankets about him in a frenzy of self-directed fury.

"That woman! After all I've done for her. Practically took her out of the gutters to make a lady of her, and this is her gratitude! What ambition, what adroitness! What a fool I was to be taken in by such a one! Wants me to turn half my wealth over to her! A woman saying such things to me! Says I'm sloppy, and says too she can manage my business better than I can! Insupportable! And I thought I had captivated a charming woman! Fool that I am! The gods will laugh at this. Damn!"

Yae was calmly preparing breakfast in the sunny kitchen, and thinking thoughts that would have surprised the angry man her husband had become. She was thinking that she could soon make him think her way. After all, was he not infatuated with her? Let him get over his first surprise at her acumen. He was a man after her own heart, except for his slovenly methods. She didn't think though that he should have to go and drown his surprise in a grand drunk. Since she was entirely devoid of the finer sentiments, she could not begin to understand the terrible disappointment she was to her conventional husband. Her feminine wiles were for a strictly utilitarian end, and once she got what she wanted she went from there direct to the next place. She hadn't given the poor man two months before she had wakened him from his bliss. However, as the morning dragged on and no husband, she went to wake him.

"Ne, anata, wake up. It is late."

She shook him, but he only groaned and turned away.

"Are you sick?"

"NO!!"

Sekine roared from the depths of his disenchantment, as he leaped from his bed, almost pushing her over in his hurry to get away from her.

"Must you yell? What will the neighbors say?"

"To hell with the neighbors!! Get me my coat!"

"Surely you are not going out without eating your breakfast."

"Why should I eat if I'm not hungry?"

"WE-ell, if that's the case....by the way, you were carried home last night. I think you had better be more circumspect, especially now when you have this important deal to handle that you told me about last night."

"What's that to you. Shut up and leave me alone!"

"Why husband, what is that you say?"

"I said, keep your mouth shut, you've said too much already."

"I must say, you are dreadfully rude...."

"Shut up!!"

Yae shut her mouth primly and left the room. Back in the kitchen she made a resolve. Something was wrong somewhere, and the best thing to do would be to leave him alone for a time. When Sekine came home for dinner, she broached the subject to him. He was silent and morose as he chewed away.

"Husband, what do you say to my going to Japan for a while?"

"Huh?" What's that you say?"

"What do you think of my going to Japan?"

"For good?"

"Oh not necessarily. I just want to see the home town and see how my other children are."

"Yeh! Your children! You didn't tell me in the beginning you had three of them besides that rascal son of yours."

"You didn't ask me."

"Why should I have?"

"Well, what do you say?"

"Go ahead, if you want to. Maybe you'd like your village to see how prosperous you've grown, eh?" he asked with a grimace.

"Why not? May I have that $3000?"

"Still harping on that eh? Well, why not, as you say, if it will make you happy?"

Yae was so busy with her own thoughts centered in that far-away village that she did not see the sardonic grin on his face. She wouldn't have known what to make of it if she had seen it.

"That's very kind of you."

"Certainly not. Cheap at the price

Judges Impressed By Artistry Shown

As a record of the 1940 B. C. Amateur Photography Contest held Nov. 29, under co-sponsorship of Nippon Camera Club and Tairiku Nippo, the English Section presents four of the prize winning pictures in this issue.

Mr. Jack Balkin, former president of Vancouver Photography Society and Mr. Jack Helm noted amateur photographer, and Mr. Densaku Kondo, artist, were the adjudicators.

Mr. Balkin when commenting on various works was highly impressed by standards set by competing pictures. "It was with great difficulty that we were able to grade the various works", he said, and added that "pictures were better than I thought they would be."

Prize winners were:

1st: Eichi Hayashi's Going Home (Vancouver).

2nd: Setsukichi Harada's Still Life (Vancouver).

3rd: Eichi Hayashi's Mother and Child.

4th: Tak Toyota's Farmerette (Duncan).

5th: Harry Kuroyanagi's Summer Sky (Ocean Falls).

6th: Sueji Koyama's Bridge (Woodfibre).

Honorable Mention: S. Harada's Summer, When Day Is Done, and Chief's Wife; Kiyoshi Kakutani of Britannia with his Smoker.

First Prize

"GOING HOME"

By E. Hayashi

Eichi Hayashi of Vancouver won the Tairiku Cup, first prize, with the above entry entitled "Going Home". It was the only work to receive full marks for subject matter. Printing and composition were praised. A second Hayashi entry "Mother and Child" won third prize.

Second Prize

"STILL LIFE"

By S. Harada

Setsukichi Harada of Vancouver won second prize also Tairiku Cup with his "Still Life" largely because of its excellent printing. Adjudicator Balkin encouraged Mr. Harada with the remark that "he will become an expert in the art of printing pictures if he keeps up his good work".

Making a Real American

A writer in The San Francisco Chronicle has, we think summed up the idea of the real American. He brings out the point that we have long insisted on. Joseph Henry Jackson, in a review of Louis Adamic's new book, "From Many Lands," stresses the point we have in mind.

In his review, Mr. Jackson referred to "Americans who are not quite Americans in spite of themselves." He later received a letter from a critic who complained of the expression. He suggested the phrase, "Americans who are Americans in spite of what the old stock Americans think?"

Mr. Jackson says perhaps this is a smoother way to express the idea. The correspondent then goes on to say that he thinks an American might be defined as "A process of thought and action at the base of which is the democratic way of life." To this the reviewer takes exception. He says that would mean an American is just a "Process of thought and action." He says an American is also a man of flesh and blood and emotions, most particularly emotion. He believes that is the whole point to Mr. Adamic's book.

Mr. Jackson continues that a member of a racial minority group may be more thoroughly democratic than any tenth generation of Anglo - Saxon stock. Then he states the idea that we like best:

"But—and this is why Mr. Adamic's book was written—if other Americans don't know about him—well, is he in the fullest sense an American? Can he be, in spite of himself, as I put it—in spite of his complete intention and feeling—fully an American in all senses of the word, until and unless every other American, of any racial background, admits he is?"

That statement, in our opinion, tells the whole story. Mr. Adamic's book was written largely with the purpose of telling Anglo-Saxon Americans about those of other racial origin. Such organizations as the Japanese American Citizens' League are doing much to forward this work and are meeting with considerable success. However, old stock Americans have a duty and there will not be national unity until they grant recognition.—Seattle Japanese American Courier Editorial.

The OLD LADY

....and Yae, I suppose you want more for incidentals, eh?"

"Of course."

Then Sekine made up his mind. He was never a man to do things by halves, and now he did not quibble. After all, he had had sixty-nine days of unalloyed happiness, and if that was all he was going to get, why, he could well afford to pay for it in cash if that was what she wanted. So he decided to give her the $3000 plus another ten thousand or so. Perhaps he ought to give her all of that $50,000 ....he never wanted to see a penny of it again!

"All right, Yae, I'll arrange everything for you. When do you leave?"

"The next boat leaving three weeks from today."

"By yourself?"

"No, I'm taking my son. I might be able to arrange a marriage for him. You, I'm sure will get along. You did before we married."

"Oh, sure, sure."

So it happened that in less than three months, the Sekines parted, little knowing that never would they see each other again this side of eternity; that before she set foot in this country again, he would be gathered to his ancestors, after a wild dissipated life. He watched her go with conflicting emotion. All his unadmitted love, his passion went with her and left him lonely, embittered. He gave a last wave as the boat churned away from the docks, then pulling his cap lower over his face he turned back to the city—alone.

• • •

Yae went home in style. The whole village turned out to meet her, to welcome their adventurous daughter back to the familiar places. She lorded it over her now repentant half-brothers and sisters, showed off her fine clothes and jewels, spoke a few words in English to prove how accomplished she was in the western manner. Her triumph was long and continued. The 'soncho' or head man of the village came to pay his respects and money and lands changed hands, smoothly. There was even a great banquet in her honor, where all the choicest viands in the place were served up to her with great and servile deference. How her small soul expanded under this adulation!

"....and we hereby officially and respectfully welcome back to our village the illustrious daughter of our race, who has proven herself great beyond measure in venturing to that strange land across the seas, and who now has come back to us, in this our village, to live among us....for a while, at least....an example of courage and wisdom for us all."

She had shown them!

EPILOGUE

Yae lived long, but whether or not worthily is a matter of controversy. She was flattered by her fawning sycophants, hated by her dependants. To the end she maintained her hold on the family, but when she died there was nothing left of that great fortune that was hers after the death of Mr. Sekine. Except in the immediate family, no one mentioned the trail of unhappiness she had spread around her. All that was forgotten in the flamboyance of her generosity to the church and needy impostors. Only her dependants remembered the ruthless temper of the old lady, her bland disregard for their likes and dislikes, and how she had squandered in her later years the fast disappearing fortune.

And now....

There she lay, still, hawk-nosed and grim, her eighty years laid to final rest.

U.S. NISEI

tween Two Flags" appeared in the Saturday Evening Post. Through the sympathetic understanding of its author, Magnar White, the niseis of Los Angeles spoke to the Post's reading public. Recently, the Life Magazine generously introduced the L. A. niseis in pictorial effect. And in these gestures we realized the answer to our pleas "to know us" for what we really are—American citizens of Japanese parentage seeking release from the question mark of prejudiced suspicions reflected upon us as a group.

Hereabouts, the Puyallup Valley chapter of the Japanese American Citizens League is conducting a "know us" campaign of our own...and very successfully through the generous cooperation of The Times and other newspapers. Annually, the Valley chapter whose membership is comprised by the nisei youth of Fife, Firwood, Puyallup, Sumner, Alderton, Orting and vicinities sponsor the highly-successful Carnival-Bazaar at the Fife high school auditorium.

From the city, from the valley—the general public has responded in multitudinous droves. Annually the attendance mark goes over the one thousand mark—at times, fully one-third of that crowd representing an enthusiastic group of our American friends. And year after year, the business firms of Tacoma and the Valley contribute generously towards its success....

Nisei Sports

Jimmy Railton, chairman of Pro-Rec Christmas basketball tourney, yesterday was asking why Japanese failed to enter a team this year, which goes to show we can be conspicuous by our absence. Chinese Students ousted a Senior B team Tuesday which brings to mind that in Seattle, Chinese have teams in Class AA and C, Japanese leagues, and doing well too.

Our G.V.A.A. team is having a lot of fun—even though they must suffer the sometimes caustic castigations from Captain Yoshio Matsui, the one-man brain-trust. We sympathize with the girls particularly because by nature they expect soft words and stern commands would naturally upset them. However, Matsui is Matsui, so when it is one of those "do or die" affairs, we must expect him to fume and froth at the mouth. Matsui-san, "do-o ka yasashiku."

'Shuttlers Need Practice'....Mat

After their disastrous showing against the second ranking Die Hard G.V.V.A. badminton team Monday, Captain Yoshio Matsui decided the Strathcona squad will have to hold a practice session all by themselves early in the new year before the league gets under way again.

Shaughnessy Bees who have beaten Die Hards are leading so Strathcona's only hope for championship honors is if Die Hards can take the leaders in second meeting. Every match counts as there are no playoffs...that's why Monday's 7-9 decision was tough.

Particular emphasis will be laid on mixed doubles play, according to Matsui who is far from satisfied that Strathconians are playing at their "peak".

GYM OPEN TO PUBLIC

Strathcona gym is open to Japanese School players tomorrow night, providing they supply own shuttles, it was announced. Doors open at 7.15.

Tuesday Evening Basketball Statistics

Monarchs subdued Ernies 37-20 and Nomads beat Celtics 16-10 in Tuesday intermediate contests. Details were reported yesterday.

2 Soccer Teams Claim Default Wins

Senior and junior soccer captains are asked to meet tomorrow night at 7 p.m. in Tairiku Hall, Shadow Nakatsuka announced last night.

The Japanese Soccer League received two protests, one each from senior and junior divisions this week. There seems to have been confusion about time and place in both cases.

Kitsilano Redwings think the Nakatsuka team should give them the December 8 tilt by default since they failed to turn out. Redwings claim Nakatsuka members should know all senior games are played in the morning and could have secured exact time by the simple process of phoning.

The other protest concerns Fairview Bluebirds' claim that Cambie Tigers defaulted last Sunday's game. Tigers hold their team went to a wrong park and because of fog were delayed, according to one version.

Fog postponed senior games last Sunday will be replayed his week-end with New Westminster Tailkus meeting Redwings and Cambie Tigers travelling to Nakatsukas.

Juniors have Ex-Strathcona at Redwings; Bluebirds at Tailkus, 10 a.m., Lord Tennyson; East Enders at Thunderbirds, 1p.m., Powell.

Ski Slants...

By F. S. C.

Although every one below us groped about in the thick fog, nine members of Fuji Ski Club enjoyed the bright sunshine and pure crispy ozone of Grouse Mountain and most of all the fast powdery snow which means perfect skiing, Sunday

How we hated to go home to be swallowed into that damp fog. Perfecting their turns and forms were the order of the day while some skied to their hearts content, regardless of their form and style until well after 4.30.

Though skiing has not reached its full swing, treasurer Miss Kou Higashiyama wishes to collect all back fees (1939-40) by the end of the month. Starting the first Sunday in the New Year all members who have not paid up will be classified as a visitor and charged visitor's fee each time they come up until the fee is paid up. The 1940-41 fees are now payable.

In anticipation of many visitors this season we wish to make the following announcement to the public. Everyone is welcome but in order to defray the cost of tea, coffee, etc., non-members will be requested to pay the cabin manager a nominal fee of 35 cents for the day or 50 cents over-night for men and 15 cents for ladies and children.

Non-members may store their skiis at the cabin for a nominal charge of $1.00 per season, but at their own risk.

Due to lack of firewood this year members are prohibited to make a stay in the cabin more than one night by himself with his friend unless given permission by the secretary.

Recently the club took out fire insurance on the cabin and ski equipment. Members who wish to benefit from this are asked to get in touch with the secretary for further information.

We are sorry to hear that our invaluable member, Tuck Shimizu, is leaving us on January 3rd for a trip to Japan. On the other hand, we are glad that one of us is going to have the privilege of skiing at many famous ski centres of Japan, so we wish Tuck a bon voyage and good skiing!

Junior Cage Games Sat.

Junior basketball tilts Saturday are Monarchs-Trojans at 6 p.m. and Mikado-Marpole at 7.

HOKUTOKAI ACKNOWLEDGES

Harrys Win 6th Straight 34-30

Even a Californian threat made no difference to championship bound Harrys last night as they stretched their win streak to six by out-manoeuvring M. & N. comfortably to a 34-30 triumph. They accomplished the feat too sans the services of ailing Shige Ashikawa without whom Harrys are supposed to be second rate stuff.

George Hinaga the San Jose lad everybody was eyeing, gave a neat display of rapid-fire dribbling but due to strangeness to small floor perhaps, scored only four points. He was tricky and fast but had trouble finding the hoop.

It didn't jell into a "classic event" as had been hoped since Ashikawa and Goozie Suzuki couldn't play. However it gave the many customers some choice moments especially after M. & N. cut down an 8 point first quarter deficit to draw even at 13-all at the half.

Taking the limelight with a super-display was Baron Wakabayashi, he who is usually the badman working his heart out for the absent "great one" to tally 10 points, Harrys high. Baron couldn't do a wrong thing.

Kay Hirano, the man who has evidently been snubbed by appointment committee for All-Star berth against Seattle Hornets, wasn't exactly a drawback for M. & N. with 12 points or 32 points in four games.

Toru Tokawa, mediate ace, another All-Star maybe, filling in for Ashikawa, bagged his 6 points in last quarter when they counted most. Also attaining prominence was Tosh Hashimoto with a couple of pretty shots. Joe Akiyama, as usual, played as well as his language is opposite sometimes.

His lame ankle better, George Ide returned to match "So Big" Nobuoka's four digits, the latter being an All-Star choice, 'tis said if Coach Kinzo Fujioka approves.

MARPOLE WHIPS STEVESTON

Steveston got Michi Mori back and looked like they might go places but Marpole had other ideas and turned them back 47-37, the same ten point distance the fishermen couldn't bridge throughout last half. It was the Miike machine's fifth straight win.

Jinx Miike ran wild to boost his total by 23 points, and Yosh Fujioka looking better than in first game tallied 13 points, both by the way are not All-Star choices which is certainly none of our business, if the powers that be take notice.

Kunio Ichino sank a few beauties while Dave Naruse worked like a spartan for 11 and 10 points respectively. As Kichiji Nishi and Fred Nishi, Steveston brain-trust would say, "if only the team could have started with all members."
