Public Meeting

Having decided to stand for re-election I will address the electors at

HERRING'S OPERA HOUSE
AT 8 P.M.

To-Night

TUESDAY, May 27th

An opportunity will be given for free discussion.

Thomas Cunningham.

K. of P. Attention

SIR KNIGHTS U. R. K. of P. are requested to attend meeting of Royal Lodge No. 6 in lodge room Tuesday, May 27th, at 8 a.m. By order

S. G. TIDY, K. R. S.
JAS. HARLING, C. of R.

Englishmen Attention

ENGLISHMEN (not sons of gentlemen) are invited to attend a meeting for the purpose of organizing a lodge of the benefical "Order of Sons of St. George." Meeting on Friday evening the 30th, in Forester's Hall, Columbia Street, at 7:30 p.m.

To the Electors of the Electoral District of Westminster.

GENTLEMEN,—

I beg to announce myself as an independent candidate for the position of one of your representatives in the Provincial Legislature.

C. B. SWORD.

Matsqui, May 22nd, 1890.

PROPOSALS.

THE CORPORATION OF THE CITY OF New Westminster having assumed a portion of a portion of the hackney cab of Louis Island, now known as Lot 32, Group 1, New Westminster District, in consideration of money received for bridge tolls to carry out certain works in connection therewith, and lands promised for school purposes, and lands promised for the purpose of the city market, which are as follows:

1. To erect and maintain a good and substantial toll bridge, with good approaches, per sonal and wagons, between said lands and the portion of the City of New Westminster which is situate on the south side of the Fraser River, said bridge to be completed in accordance with plans and specifications approved of by the Chief Commissioner of Lands and Works for British Columbia.

2. To construct and keep in repair, to the satisfaction of the Chief Commissioner of Lands and Works, a good and substantial wagon road, not less than twenty feet wide, from said bridge through Lulu Island to the boundary of the Municipality of Richmond.

3. To construct all culverts, drains, ditches, and drains necessary for draining the thoroughfare Reserve.

4. All said works to be completed to the satisfaction of the Chief Commissioner of Lands and Works for the time being.

Persons proposing to construct and maintain the works above set out are requested to submit their tenders, specifying the tolls they propose to demand and state full details of work they propose to do, and state full of any proposed to be charged on the bridge, also to state date on which they will have the works completed, and to state the total quantity of land on said reserve they will take in full consideration of said undertakings, and the person whose proposal is accepted of by the Council will be required to give security to the satisfaction of the Corporation for the performance of said undertaking. Proposals will be received at the City Clerk's office, up to 4 p.m. on Monday, the 26th day of June, 1890, and must state the nature of the security proposed to be given. Tenders to be marked "Tender for Lulu Island."

The lowest or any tender not necessarily accepted.

D. ROBERTS,
City Clerk.

BIBLE IN SCHOOLS

THE PRESBYTERIAN GENERAL ASSEMBLY PASSES

A Resolution on the Use of the Bible in the Public Schools of the United States—A Much Sought Position.

SARATOGA, May 26.—At the Presbyterian General Assembly today a resolution was adopted concerning the Bible in public schools as follows: "Whereas a recent decision of the Supreme Court in one of the States affirmed the Bible a sectarian book, and its use in public schools unconstitutional, and whereas we see in this decision no mere local matter such as affects simply the people of that state, but the culmination of that effort which is being made with relentless pertinacity by a foreign hierarchy to our system of public schools throughout the land, therefore, resolved that we affirm the importance of our public schools to the welfare of our people, that with intellectual cultivation we must get moral training or the schools may prove a curse rather than a blessing. But this moral training must be based on religion, otherwise its sanction will not be strong enough to grasp the conscience of the people or its utterances obligatory enough to shape their character. That as the Bible is the source of the highest moral teaching we regard its exclusion from public schools as a menace to the national welfare and we urge members of the church to so arouse the public on this subject from the pulpit, the press and the ecclesiastical assembly that this book shall be restored to its true place in our system of education.

A Much Sought Position.

WASHINGTON, May 26.—The fight for the place of sergeant-at-arms is narrowing down to the assistants sergeant-at-arms, Reuben Quayle, and candidate Silas M. Bailey. Some fine work is being done for Bailey, but Mr. Reuben is very popular and starts out with nearly all the New England senators strongly in his favor. Senator Fry, who is one of Reuben's strongest friends, is in Maine on a fishing excursion, but when he returns he will put in some good work for his friend. Caucus will not be held until Saturday evening, June 14th. Bailey is said to have Pennsylvania and New York senators, with a good many others scattered through the west.

The Sullivan-Jackson Fight.

NEW YORK, May 26.—Sullivan recently sent a telegram to Muldoon, who was in Chicago, asking him if he would return to New York and take charge of him for the Jackson fight. Muldoon answered that he would do so, and immediately packed up his traps and is now on his way here to meet the champion and make necessary arrangements in the premises. When Sullivan is clear of his Mississippi trouble it seems very likely that Jackson will be the big fellow's mark.

The President and the Army.

NEW YORK, May 26th.—A special to the *Mail and Express* from Washington says: During the past week the President in conversation with a prominent diplomat expressed the opinion that it was a mistake for Congress to remove the duty from sugar when it was so easy to obtain reciprocal concessions between sugar growing nations in favor of American merchandise. He also depreciates a feature of the McKinley Bill which increases the duty on carpet wools. Not familiar with the views of the President would be surprised to see a strong message from him on this subject before the Tariff Bill is disposed of.

Committed Suicide.

DETROIT, May 26.—J. Stone, civil engineer, of Brooklyn, N. Y., was found dead in Belleisle Park last night. The body had lain in the park for some days and was badly decomposed. Stone's death evidently was from suicide as a pistol was in his hand. He had shot himself in the mouth, and was despondent owing to being out of work.

Rev. in a Church.

DETROIT, May 26.—The United Brethren Church at Ogden, near Adrian, had been desecrated for G. A. R. services, when members of the church who are opposed to secret societies broke into the building yesterday and tore down the decorations and threw them out doors. The act causes great indignation.

A 9-Round Fight.

SAN FRANCISCO, May 26.—Joe Choynski, of this city, and Jack Davis, of Omaha, heavy-weights, fought for a purse of $1,500 at the Occidental Athletic Club this evening. Choynski won in nine rounds.

On Account of the Girl.

MADISON, Ind., May 26.—Policeman James Hinds at noon today fatally shot Charles Antle, twenty years old. Antle courts Hind's daughter against the father's wish.

Mexican Mine Sold.

SAN ANTONIO, May 26.—The Dolores mines, East Chihuahua, Mexico, has been sold by C. L. Frich to an English syndicate for $10,000.

Struck a Rock.

HAVRE, May 26.—The steamship Gascogne struck a rock on the Scilly Islands yesterday. She arrived here leaking with a hole in her bow this morning. Nobody hurt.

Resigned the Presidency.

NEW YORK, May 26.—George Gould has resigned the presidency of the Pacific Mail and Houston Railroad. The former elected C. S. Bryce president and Samuel Thomas was elected to the directory.

Change of Directors.

NEW YORK, May 26.—The Atchison will put its own board of directors into the Atlantic and Pacific tomorrow.

On a Sealing Cruise.

SAN FRANCISCO, May 26.—From a private letter received in this city from one of the hunters on board the sealing schooner J. Hamilton Lewis, which left this port on January 11th on a sealing cruise it was learned it was not until the last day of the month the crew were able to do any hunting. On that day the vessel got to Cardell and captured 34 seals. On March 3rd Jefferson McIlvaine while at the wheel was knocked overboard by jibing of the main boom and drowned. His body was not recovered. Parents of deceased reside at Portland, Oregon. On March 21st a crew of hunters was discovered in a small boat off the mouth of the Columbia. Parties in the boat had been lost from the sealing schooner Sophie Sutherland. The hunters were taken aboard and two days later placed on a British iron ship bound for Astoria. Up to the time of letter being written the schooner had captured 370 skins and was about leaving for the north.

Oregon Transcontinental.

NEW YORK, May 26.—Details of the plan for the reorganization of the Oregon Transcontinental which has been definitely decided upon will be formally communicated at the annual meeting of the stockholders on June 16th. The new company will be formed which will offer in exchange for stock share for share of the Oregon Transcontinental stock. Three quarters of all the stockholders have already signified their willingness to join the new company.

The Dook on His Travels.

They pronounce it "Dook" in Vancouver. Connaught don't like reporters. At least he thinks he can enjoy a little junket just as well without them. He don't like to have it telegraphed all over the world how often he eats when he is travelling, what time he goes to bed, what time he arises, whether he sups his porridge or uses a knife and fork at it, and all the other weighty matters with which the reporter is commissioned to deal. So he commanded Sir John McNeill (who is the Dook's equerry) that no scribe was to be allowed on the "Queen's Train," going through the mountains. Sir John executed this command with promptitude and much apparent personal satisfaction. But the reporter is a being who laughs at such commands. Reporter Gibbons, of the *Colonist*, fairly chuckled. He got himself passed off as a train despatcher extraordinary, and was stowed away in the baggage car, where he and Conductor Curtis and Operator Dowling enjoyed about four feet square of floor room that was not taken up with the royal paraphernalia packed away in innumerable trunks and boxes and barrels and things. In this fix the "train rolled silently out of the yard" (as the *World* avouches) while the Dook and his party bowed their adieus to the Vancouver people who were quite tickled to death by this unexpected and wholly undeserved example of royal urbanity. The train rolled and rolled and rolled. The despatcher extraordinary was in high glee, and so in good truth was Sir John McNeill, for that sad old dog had learned someway that the despatcher was a reporter! Fast river, lake and mountain rolled the train and as the hours also rolled along the doleful occupants of the baggage car in their cramped positions battling with trunks and bundles and barrels that were continually on the roll too, began to feel mighty hungry. The roll too would cease rolling only at lonely fuel and water stations, where no morsel of grub could be got, or between stations when the train would slow up to allow the Dook and his party to eat, and they repeated that performance it appeared to the wearied occupants of the baggage car at marvellously frequent intervals. Sir John was working off his little joke on the train despatcher extraordinary. At length they were approaching North Bend, where the famous two-sisters dining room in the Swiss Chalet is located, and the denizens of the baggage car were thankful that their fast was soon to end. It was just lunch time. But the command of the inexorable Sir John came to stop only one minute—not time enough to get up the stairs to the chalet and back again, to say nothing of eating. Sir John had time, however, to look in on them and express a confidential hope that they were enjoying the journey. They bowed profoundly, but were too empty for utterance. Then the train rolled again, and about ten miles out came to a wonderful whole a symphonic repast was enjoyed by the Dook and his party. More rolling—interminable rolling, it seemed,—and about five hours afterwards, when the shades of night were falling, the party stopped again at a safe distance from any eating house to enjoy the scenery. Sir John was in a rapture. He protested to the Royal party, in language loud so that the train despatcher could take it in, "That a man could live on such scenery as that!" A mighty groan, like unto that which came from the paunch of the wooden horse of Troy, was emitted from the interior of the baggage car. The train rolled again, and several hours afterwards two cigars were sent into the baggage car with the compliments of Sir John. They proved out to be the worst six-for-a-bit weeds that could be picked up anywhere. Long, long afterwards, ages it seemed, they reached Kamloops, after having passed a night on those boxes, and there they got food. Sir John's face was marked with a suppressed chuckle about how that reporter had got the best of him. Sad old dog!

THE FACTS IN THE CASE.

EDITOR TRUTH: Sir,—In addressing the public meeting in your city on Wednesday night, I said that the agreement for the administration of the minerals in the railway belt by the Provincial Government, the Dominion Government stipulated that the purchase price of the land to be acquired for mining purposes should be $5 an acre, which purchase money was required to be paid down upon the purchase of a claim, and that this purchase money constituted the $105 complained of by the miners. A person in the audience (a Dominion official) I understand) coarsely, broadly and repeatedly challenged the truthfulness of my statement. In order that there may be no misapprehension upon the point, I beg you will publish the following extracts from the terms of agreement formulated and submitted by the Dominion Government and assented to by the Provincial Government:

"B—All lands of the Dominion which "may be for sale from time to time within "the Railway Belt, containing minerals "within the meaning of the Mineral Act "(R.C.), not being Indian reserves or settlements, or portions thereof, and not being "under license or lease from the Dominion "Government, shall be open to purchase by "the Provincial Government at the price of "five dollars per acre.

"C—Any lands sought to be acquired by "the Provincial Government under the last "clause shall be set apart from alienation "by the Dominion upon the Provincial Government depositing in the Department of "the Interior a written application therefor, with such description thereof as to enable him to be identified, and thereupon "the consideration money shall immediately be "paid," etc., etc.

The Order-in-Council from which the foregoing extracts are taken was laid before the Legislature during its last session, and was printed, so that anyone who may be disposed to question the accuracy of the above can compare it with the official document.

Regretting this occasion for troubling you,

I am, yours truly,
JOHN HOBSON.

Victoria, May 23, 1890.

BOARD OF ALDERMEN

ALDERMAN LYAL RESIGNS AS A MEMBER OF THE BOARD.

Chief Pearce Explains the Presence of Policemen at the Public Meeting—A Short and Uninteresting Session.

The Board of Aldermen met at 8 o'clock last night in the City Hall. Present—His Worship Mayor Brown, and Aldermen Hoy, Sinclair, Shiles, McPhaden, Smither, Batchelor, and Clerk Robson. Absent—Aldermen Johnson and Lyal. After the minutes of the previous meeting were read and approved, Ald. Shiles rose to a

QUESTION OF PRIVILEGE,

and said that he had been charged with taking the members of the city police force off the street and placing them in the opera house during a political meeting, with a view to intimidating all opponents of the principal speaker from expressing their opinions. He denied the charge emphatically, and asked leave to call upon the chief of police for an explanation.

Chief Pearce came forward and stated that perhaps he had been the worst written about and talked about man of late in the city; but in nearly every instance the statements were either entirely false or the circumstances and facts of the case so misconstrued or distorted as to convey an entirely wrong idea. He had told Officer Carty to place a man in the hall, as was his custom at all large public meetings. He himself had gone there as a private citizen to hear the speech, but had neglected to take off his uniform, as he considered he was nearly always on duty. He had intended to stay but a short time, but saw by the actions and utterances of certain individuals that there was trouble brewing, and thought he would remain. One individual was standing up and disturbing the meeting, and he requested him to sit down. That was all he had done. Two other policemen were there, but they were off duty. At about 8 o'clock Officer Sawyer told him that Mr. Cunningham had requested that special constables be detailed to keep order in the hall but he had said that he had no authority to place special constables there, and did not see why Mr. Cunningham desired it.

His Worship suggested that the Police Committee instruct constables not to appear at public meetings in uniform when off duty.

COMMUNICATIONS.

From James Haynes, protesting against the enforcement of the Pound Bylaw in one part of the city and not in others. Referred to Police Committee.

From F. Booth, city scavenger, asking that a box be placed on Columbia Street in which orders for scavenger work can be placed. He was given the privilege of putting up a box for himself.

From W. J. Armstrong, Dominion Returning Officer, asking for the use of Hyack Hall and the hall at Hewration No. 3, Front Street, for use as polling booths on the 19th June. Granted.

From Jas. Cunningham, asking for a drain on Agnes Street, from John to Dunsmuir Streets. Referred to Board of Works with power to act.

From Alderman D. Lyal resigning his position as a member of the Council, giving as his reason that his time is so fully taken up with his private business to attend properly to the business of the city. Resignation accepted and a warrant ordered issued for a new election.

From W. Turnbull & Co., applying for permission to lay building material on Carnarvon Street, opposite the court house. Granted.

REPORTS.

The Board of Works reported, recommending that the following tenders be accepted for streets: John Patterson, Melbourne and Dublin Streets, for $4,000; Thos. Allen, three streets at Sapperton, $925. Adopted.

Ald. Hoy, of the Board of Works, asked for further time in which to report on subdivisions of certain streets.

BYLAWS.

The Street Watering Bylaw was read a first and second time.

Council went into Committee of the Whole on the Corporate Loans Bylaw, Ald. McPhaden in the chair. After passing three clauses the committee rose, reported progress, and asked leave to sit again. Leave granted.

The Weighing Machine Bylaw was laid over for one week, owing to the absence of Ald. Johnson.

Council adjourned at 9 o'clock.

LADNER'S LANDING.

Queen's Birthday Celebration—Provincial Politics—Representation to Mr. Robson—Dominion Election—Market Reports, Etc., Etc.

The loyal citizens of Ladner's, assisted by visitors from the surrounding municipalities as well as from the cities of Vancouver and Westminster, carried out a most interesting programme of sports, consisting of foot races and boat and canoe races, the following being the results of the principal races:

300 yards flat race—D. Gilchrist 1, Seymour 2.

100 yards flat race—D. Gilchrist 1, Frank 2.

75 yards flat race—D. Gilchrist 1, Frank 2.

Potato race—Seymour 1, Bob Chemainus 2.

Sack race—F. Parmiter, H. Butcher 2.

Three leg race—W. Arthur and A. Parmiter 1.

The boys' races were won by Clermiston Bob, Roberts, S. Watson, and H. Watson.

The canoe race, after a very exciting contest, went to the Musqueams.

The quoit pitching match, "Lulu Island v. Delta," resulted in a win for the Delta, Mr. Sam. Delaiavesch defeating Mr. H. M. Tiffin.

The greatest enjoyment of the day was the music rendered by the Delta brass band who, under the careful tuition of Bandmaster F. W. Harris, after only three months training, performed the following programme to perfect time and to the immense satisfaction of all residents of Ladners, who have just cause to be proud of their band, and the thanks of everyone present was tendered to the bandmaster and members of his band for this their first public performance.

PROGRAMME OF MUSIC.

Slow March	"Encouragement."
Schottische	"Amusement."
Mazurka	"Enjoyment."
Quickstep	"Fire Step."
Polka	"Success."
Polka	"Lavin Dreamland."
Polka	"Tally Ho."
Quickstep	"Rainbow."
Galop	"Ladner."

God Save the Queen.

During the day the band was banqueted at the Delta Hotel by Host McNeely.

The sports took place in a field near the landing, kindly placed at the disposal of the sports committee by Mr. McNeely, and over 2000 people were estimated to be present. The proceedings wound up with a ball at the town hall in the evening, dancing being carried on till 12 o'clock.

POLITICS.

Much political buzzing was done, as may be readily understood when so large a crowd of people from all parts of the district gather together so near election time. The general opinion is that Mr. Robson will undoubtedly head the poll, a very largely signed petition having been obtained for him here. The consummate cheek of Herring and Sinclair offering themselves for the district was much commented on, whilst a report that Mr. Cunningham intended offering himself as a candidate in the district caused lots of laughter. Two or three parties from here are spoken of as candidates for Westminster city. A caucus is to be held, and probably Mr. Steele will be sent, as his talents are supposed to be equal to the combined talents of Herring, Sinclair and Cunningham. Mr. Robson treated his constituents well in the Redistribution Bill. He took off Vancouver and some of the islands, and still gives us three members for what remains of the old district.

For the Dominion election, of course, all here will support Mr. W. H. Ladner, who being a farmer, will if returned give the agricultural interests in the Province a representative at Ottawa.

PRODUCE MARKET.

Hay $16, oats $40, barley $28, wheat $26, potatoes $20, all at per ton f.o.b. here.

Crops are looking well after the late rains, and seeding is finished.

INTERIOR JOTTINGS.

Newsy Items Culled From Our Interior Exchanges.

The first snow fell at Revelstoke for the season 1889-90 took place on November 11th, 1889. The last occurred April 11th, 1890, just five months after. The total fall between these dates was 13 feet 4½ inches.

McDonald Bros' hotel at Sprout's Landing is going up rapidly.

Genelle Bros' sawmill at Sprout will soon be in operation, when all demands for lumber will be readily supplied.

About 500 men are now employed on construction on the Kootenay & Columbia Railway, and as many more will be required to reach the terminus this season. Three miles of road have already been graded.

Business at Nelson is very dull. Notwithstanding this fact property is fabulously high. Lots on Vernon street which were quoted last week at prices ranging from $250 to $500 are now stated to be worth $375 to $800.

There is some discontent in the camp of Winthrod, McLean & Co., contractors on the Columbia & Kootenay Railway, owing to the fact that men brought in from the east were receiving $1.50 per day, while those from the west were getting $2. From this or some other cause, all the small boats at Sprout, including one from the steamer Kootenay, have been stolen and used in making the trip down to Little Dalles, in Washington.

The placer miners of Big Bend have taken their departure from Revelstoke. William M. Glover and Andy Hunker led the advance on Tuesday to clear out the French Creek trail. Friday morning a cavalcade of fifteen loaded pack animals and two saddle ponies started out. The party were composed of Mr. and Mrs. Goodwin, John Sanderson, William McKenzie, A. W. Bleland, James Turley, E. A. Booth and W. M. Clemens, the latter two being from Portland, Oregon. Saturday morning Thomas Ardiel and John Bell left on foot and expect to overtake the train at Carne's Creek.

The Kamloops St. Andrew's & Caledonian Society are making preparations for celebrating Dominion Day on a grand scale.

The grasshoppers have commenced depredations in the district between Kamloops and Shuswap, and fears are entertained that they will do serious damage to the hay and grain crops. Should the present dry weather continue for a lengthened period, many fields will not yield any crop at all, as the small streams are now almost dry, and there is no water available for irrigating purposes.

Dr. Tunstall, of Kamloops, is seriously ill of congestion of the lungs and pleurisy.

Rev. J. A. Wood, who has labored as a missionary in the Ashcroft, Clinton and Cariboo fields for some time, was on Sunday of last week at Ashcroft presented by his Ashcroft flock with a purse containing $41, as a mark of their appreciation and the esteem in which he is held.

Mr. McMillan, late public school teacher at Lillooet, has assumed charge of the industrial school at Kamloops.

An enterprising mining company have at last struck the continuation of the celebrated Last Heron lead, on the lower end of Greene Creek. It will be remembered that the Heron Company (Mr. James Laidlaw, foreman) worked a very excellent piece of ground during the winter of 1886-7, which netted to the owners (night) some $20,000 each. Large sums of money and labor was expended to find its continuation down stream covering years, but without success. It is reported that the present fortunate miners have found the run of gold on a higher level than it ever before had been looked for.

Patrick J. Gallagher, fuel agent of the C. P. R. at Donald, was married last week to Miss Elizabeth Kenny.

Mr. James Bates, of Hotel Douglas bar, won several important prizes at Hastings on the 24th, among which were 1st in hop, step and jump, running long jump; 2nd in standing high jump, and a tie at vaulting, and this despite a serious attack of rheumatism in his right knee.

Messrs. F. G. Strickland & Co., of this city, yesterday wired for Mr. Alex. McLean, of the Copp-Clark Company, Toronto, to come out and take charge of the book-keeping department of their business. He is considered one of the best accountants in Canada.

Sewer excavations on Columbia Street are assuming such proportions as to become somewhat annoying, both pedestrians and vehicles.

Notes From Sicamous.

SICAMOUS, B.C., May 24.—H.R.H. and party left here this morning, having stayed here all night. Mr. Dowling, of Vancouver, accompanies the party to Donald.

The S. & O. Ry. grading is in full blast. The line is located to Enderby.

Steamer Red Star cleared today for Enderby with full cargo. Passenger list: Mr. McKay, Indian agent, Kamloops; J. Brady, Mr. Patterson (S. & O. Ry.), D. G. Cummings and others.

Mr. George Riley, contractor, has gone to Victoria.

Emperor William.

BERLIN, May 26.—The Emperor is confined to the palace with a lame foot as a result of the accident yesterday.

Telephone No. 85 — Armstrong Block, New Westminster

Bell-Irving, Paterson & Co.

Wholesale and Commission Merchants, Wholesale Dealers in Liquors,

SHIPPING AGENTS

On hand direct from England, large stock of liquors, vitrified drain pipes. Orders taken for iron (bar and sheet), gas and water pipes, galvanized iron ware, tin plates, rails, and all classes of metal work.

THE TRUTH is printed every morning except Monday, and will be sent to mail subscribers at the following yearly in advance rates: 1 month 75 cents, 3 months $2, 6 months $3, 1 year $5. Delivered by carrier in New Westminster, $1 a month. The weekly edition is issued every Saturday, and will be mailed 3 months for 50 cents, 6 months $1, 1 year $2.

CLUB RATES: The weekly edition will be mailed to clubs of not less than 5 for $4 a year each, the names to be sent in at one time.

REGULAR ADVERTISEMENTS will be inserted in the daily edition at the following monthly rates, payable on 1st day of each month: For one inch (the column is 22 inches) $3 a month; for 2 inches $5; for 3 inches $7; for 4 inches $8; for 5 inches $9; for 6 inches $10 per month. No patent medicine advertisements inserted in either edition.

TRANSIENT ADVERTISEMENTS (in either daily or weekly) $1 an inch for first insertion and 50 cents an inch for each additional insertion, payable in advance.

LOCAL NOTICES 25 cents a line, contract rate to cents a line each insertion in daily. Weekly rate 25 cents a line each time.

BIRTH, MARRIAGE AND DEATH NOTICES will be charged at the rate of 25 cents per insertion.

JOB PRINTING (such as letter, note, statement and bill heads, envelopes, circulars, dodgers, posters, cards, tickets, etc.) is good work and at reasonable rates. Orders from outside business men will receive prompt attention.

ADDRESS: THE TRUTH, New Westminster, British Columbia.

The Truth

Daily Edition.

NOTES AND COMMENTS.

Over in Vancouver they are laying themselves out for a good sturdy fight for legislative honors. There are already some six or eight candidates for the two seats and so far it seems to be anybody's race. The struggle just now seems to be to "capture the workingmen." Candidates talk about "capturing" workingmen as if they were so many sparrows that need only to get into a big barn and then bar the doors and windows closed on them. The workingmen are ordinarily supposed to go in a flock, and really what seems to constitute strength in any other class of voters, that condition of being massed together, appears to be an absolute weakness in the workingmen. The candidates are struggling to huddle them all together, and then they have a lot over there. At present there are several balls thrown out for them to flock after. The whole process must be a very disgusting thing to respectable and thinking workingmen. It must appear to them that they are regarded by these politicians much as the angler regards the fish he is whipping the stream for. He takes a world of care about the fly that he uses and carefully plays the fish till he is landed, but as soon as he gets a fighting fish like this he is safely landed. It is a pity that workingmen cannot state frankly to a candidate of their own number here as well as in Vancouver. There are plenty of leads among them cleverer and stronger than any that they will choose outside of their own ranks. But they won't "flock" round one of their own number. And why? Is it on complications of the adage that "familiarity breeds contempt?" If so, the adage was never verified more disastrously either to themselves or the country at large.

There seems to be a vast deal of chatter just now about the land law of British Columbia. And to be sure it is a very important thing. But who would be a better guide to the Legislature in fashioning such a law than a workingman? Will they listen to what everyone else says he is willing to do for them, but seldom think of undertaking to do it themselves. The history of those laws to protect workingmen in their wages has been most unsatisfactory. Even in the oldest settled portions of the continent, where the discussion of their actions is the farthest advanced, the same troubles arise. Do workingmen really enjoy the sport of being angled for and eventually "captured?" It would almost look like that. But if that be true, and they have had laws, they have themselves to blame. The spectacle was witnessed in Vancouver the other day of half a dozen candidates in so many workingmen—being taken up in a caucus of workingmen and voted upon as if they formed part and parcel of that caucus. The thing is simply ludicrous. There were the workingmen in a flock, decoying by their own votes what candidate should take the whole bunch! The flocking process is brought down to a pretty fine point, surely, when it is manipulated to this degree of success. We admit that the whole thing is degrading. If the workingmen cannot choose one out of their own number—their own caucus, as it is called—let them go to the polls and choose their candidate there, but let a workingman not sacrifice his independence of choice, of will and of intelligence, simply because a majority of his fellow workmen think differently from him. In other words, don't flock.

By advertisement in another column it will be seen that Mr. THOS. CUNNINGHAM has determined to be a candidate in this city. A meeting of his friends was held last night, it appears, at which this course was decided upon. Tonight Mr. CUNNINGHAM will address the electors in the Opera House, and he invites discussion. As the representative of the city during the last session of the House, Mr. CUNNINGHAM is entitled to that fair and generous hearing which should always be accorded to a member in giving an account of his stewardship. But we do not at all question that he, as well as every other speaker tonight, will receive fair play. Mr. Brown, it is to be hoped, will be present, and also any others who will go there with the object of a full and frank discussion of public policy.

Why will our wayward esteemed contemporary persist in doing violence to its conscience, and to whatever good opinion the public may entertain towards it, by continuing to assert that the Premier and the Government are not pledged to a redistribution after the census, and to disregard the balance of power. Only a week ago the Premier made the following statement at a meeting in this city at which, if our memory is not faulty, the editor of our s.c. was present. The Premier said:

"Every member of the Government had stated it most plainly to the delegation from the Mainland, and in the Legislature, and through the newspapers, time and again that the Government intended, when the next census was taken, once and for all, to disregard and put aside the unjust theory of the balance of power. Those who had sedulously endeavored to mislead the people as to the Government's intentions in this matter, had done so wickedly, dishonestly and with no good end in view.

Surely our s.c., notwithstanding the slight agitation under which it labored that evening, must remember those words.

VIOLIN TUITON.

MISS M. CONNON, holding first-class certificate from Trinity College, London, Eng., will receive pupils for the above on Wednesdays and after the 1st. For terms apply at LYALL'S BOOKSTORE. 277-tf.

New Westminster District.

NOTICE IS HEREBY GIVEN THAT THE undermentioned tracts of land, situate in Squamish River Valley, New Westminster District, have been surveyed and that plans of the same can be seen at the Lands and Works Department, Victoria, and at the office of Charles Warwick, Esq., Assistant Commissioner, &c., New Westminster.

DESCRIPTION.

Fractional N. E. ¼, fractional N. W. ¼, and fractional S. W. ¼ of Section 4; Section 5; Sections 7, E. ½ and S. W. ¼ of Section 10; Section 11; Section 14, E. ½; Fractional S. E. ¼, Fractional S. W. ¼, and fractional N. W. ¼ of Section 15; W. ½ and S. E. ¼ of Section 16; E. ½ and N. W. ¼ of Section 17; E. ½ and N. W. ¼ of Section 21; Section 22; Section 23; Section 26; W. ½ of Section 27; Section 28; N. E. ¼ of Section 33 and Section 34.

Claimants to any portion of these lands must file a statement of the same with the Government Agent for the District within two months from the date of this notice, as provided by section 19 of the "Land Act" (Consolidated Statutes).

Blank forms for Declaration may be obtained at the Government Agent's Office, New Westminster, and at this Department.

F. G. VERNON,
Chief Commissioner of Lands & Works.

Lands and Works Department,
Victoria, B. C., 20th March, 1890. 181-6t

PUBLIC NOTICE.

WE, THE UNDERSIGNED, Mackenzie Blacksmiths and Farmers, agree to close our shops on Saturdays, at 6 o'clock p.m., and 7 o'clock every each Saturday evening on and until Saturday, May 3rd, 1890, during the summer months.

THOS. OLVER,
ROBERT LAW,
HUGH & CAMPBELL,
BULLEY & HOWSON,
HUGH CUNNINGHAM.

New Westminster, May 2nd, 1890. 204-1m

NOTICE

Supply of School Furniture.

SEALED TENDERS WILL BE RECEIVED by the Hon. Chief Commissioner of Lands and Works, up to noon of Saturday, 31st day of May next, for supplying the Educational Department with school desks.

The desks must be of an approved pattern, with non-breakable and hardwood finish, in all respects fully up to the standard of a sample desk which may be seen at this office. Preference will be given to home manufacture, all points of merit being equal.

Tenders must give full particulars, and must state the price for each desk and be each one accompanied by a certificate of the same, to be ready for use in the school rooms at Victoria, Nanaimo, Vancouver or New Westminster, in such quantities and at such times as may be required.

The lowest or any tender not necessarily accepted.

W. S. GORE,
Surveyor General.

Lands and Works Department,
Victoria, B.C., 20th March, 1890. 181-3t.

A BYLAW

Respecting the Municipal Assessment Roll of the Corporation of the District of Surrey for the year 1890.

The Reeve and Council of the Corporation of the District of Surrey enact as follows:

1. The Assessment Roll of the said Municipality shall be returned by the assessor to the Municipal Council on the 20th day of April next.

2. All persons complaining of their respective assessments on the said roll, shall within one month after the time hereinbefore fixed for returning the said roll, give notice thereof in writing to the Clerk of the Municipal Council, specifying in each notice the grounds of their respective complaints.

3. The said notice shall be left with the Clerk of the Municipal Council, prior to the time mentioned in the next section of this bylaw.

4. All complaints of which due notice shall have been given under the last two preceding sections, shall be heard at the Council Chamber of the said Corporation on the 20th day of May, 1890, at 11 o'clock in the forenoon or as soon thereafter as they can be heard. This bylaw may be cited for all purposes as the Assessment Bylaw, 1890.

Passed the Municipal Council the 3rd day of February, 1890. Reconsidered, and finally passed the Council this 5th day of May, 1890.

JAMES PUNCH, Reeve.

L.S. HENRY T. THRIFT, C. M. C.

EDUCATION BRANCH OF THE PROVINCIAL SECRETARY DEPARTMENT.

Victoria, May 6th, 1890.

NOTICE IS HEREBY GIVEN THAT THE Annual Examination of Candidates for Certificates of Qualification to teach in the Public Schools of the Province will be held as follows, commencing on Friday, July 4th, at 9 a.m.:

In Victoria—High School Building.
In Kamloops—Public School Building.

Each applicant must forward a notice three days before the examination, stating the class and grade of certificate for which he will be a candidate, the optional subjects selected, and at which of the above-named places he will attend.

Every notice of intention to be examined must be accompanied with a testimonial certifying to the moral character of the candidate.

S. D. POPE,
Superintendent of Education.

ALEX. HAMILTON
B.C. MONUMENTAL WORKS
Columbia Street. 291-1m.

To the Electors of Westminster Electoral District:

GENTLEMEN, Having been requested by many electors from the different settlements of the district to become a candidate for your suffrages at the approaching general election of members to represent your district in the House of Assembly of British Columbia, I have decided, after due consideration, to yield to the wishes of my friends and will, therefore, be a candidate for election on the 12th of June next. As the time before the election is short, and the roads in many places between the settlements in a state which certainly does not reflect credit upon the past administration of this important department of the Government, it may be impossible for me to see personally every elector as I would like to do, previous to the election. I promise you, however, that if you do me the honour of electing me one of your representatives, my best services will always be at your disposal, and I will at all times contend manfully for the material and political rights and interest of your fine District. The development of the great agricultural resources of the District to their fullest extent I consider to be of paramount importance, not only to the District of New Westminster, but to the whole Province. And in order to aid that development, easy and rapid means of communication by both land and water between the rich agricultural District and the center of population, where markets for produce are to be found, is a prime necessity, and I can assure you that no exertion on my part will be spared to provide facilities more in accordance with your interest and the requirements of the age than at present exist.

My political principles may be briefly stated thus: Equal rights, development of our natural resources, good roads, bridges and ferries, security and economy in the administration of the government, and as perfect an educational system as it is possible to adopt. I believe it to be the duty of a government to see that the inhabitants of every section have facilities for educating their children.

Trusting to receive your votes and support on the 12th of June, I am, gentlemen,

Yours faithfully,
MARSHALL SINCLAIR.

New Westminster, May 16, 1890.

Modern Eastern Magic.

The last issue of The Journal of the Anthropological society of Bombay contains a curious paper by Mr. Behatack on twenty of the branches of eastern magic, all of which are in vogue at the present time. The first of these is the "Arcana of letters and of names," by which letters and figures are combined into magic squares, incantations, etc. These derive their power from the "arbitrary use of them made by the spirits governing the natural world, in such a way that the ninety-nine beautiful names of God and other divine words formed of letters containing the Arcana, which pass into material substances, intercedes." The magician, of course, is the sole interpreter of the uses and significances of the combinations.

Alchemy comes next, and is followed by astrology, the most popular of all the Eastern occult sciences. It is practiced on all occasions, to discover thefts, to foretell the result of a journey, the future of an infant, etc. Another popular practice is soothsaying from the sacred books by opening one at random and placing the finger on a line. This is almost the only one of the sciences which costs nothing, and which every one can practice. The selection of days is a subordinate branch of astrology, and is employed to ascertain what days are lucky or unlucky for the commencement of certain enterprises, the wearing of new clothes, and the like.

Divination and the interpretation of dreams are common everywhere. Summoning and subjugating demons is the most fearful of the magical sciences. There are two kinds—one dangerous and embracing unlawful magic, the other religious and consisting mainly in confining demons in flames, so that they are compelled to obey the commands of the magician. Geomancy is practiced by means of dots made with a pencil and arranged in complicated combinations so that they answer questions.

The art of invisibility appears to be only known by name to Mr. Behatack, for he does not desire it. Jefr is a science which is only known to one family. It is defined as "the general science concerning the Tables of the Eternal Decree and of Predestination," and enables adepts to know all that has happened, is happening or will happen in the most remote future.—London Times.

Feathered Policemen.

The description given by The London Globe of the cariamas or seriemas, located in the eastern aviary of the Zoological gardens, will amuse everybody while it should not surprise any one. That there should be among birds a species which is fitted to perform among its kind the duties undertaken among men by policemen is a fact for which all might to be prepared. Why should not each variety of created things have in its midst the same sort of functions and functionaries, modified according to circumstances and habit? More than one pictorial artist—as, for instance, C. H. Bennett in this country—has shown us what marvelous resemblances birds and animals can be made to bear and actually do bear to man, and if humanity finds it necessary to have policemen, why should not the "feathered tribes" be similarly impelled.

The cariama seems particularly well fitted for the post of public guardian. He perambulates his cage with all the regularity and hauteur of his human prototype on his "beat," and if at intervals he emits piercing shrieks which seem uncalled for, he only the more faithfully carries out the analogy. This, no doubt, is his way of blowing the whistle, and when he does it in his cage it is probably from it direct or from immemorial custom. He has already been acclimatized in the poultry yard, where he faithfully performs his duty as the preserver of order. If two young cocks assault or batter each other he steps in between them and stops the combat "by a series of pecks divided impartially at the heads of both."

Impartiality, of course, is an excellent quality in a policeman, whether he be bird or man; would there were more of it. The origin of the cariama is, it seems, lost in obscurity; but it is admittedly ancient, and possibly he may be a lineal descendant of the judge birds of ornithological antiquity.—Denver Republican.

Tough Old Zulu Chiefs.

The old chiefs in South Africa know nothing about trekking, and on several occasions became so impatient that they started off on foot ahead of the wagons. One day they had to walk thirty-seven miles before reaching water, and then had to wait two days on scant rations before we came up with them. One of these men is 75 years old, but the tough old Zulu (the Matabele rulers are of Zulu origin) was none the worse for the escapade.

On another occasion, in spite of our warnings, they left us, armed only with assegais, in the worst part of the lion country. When we followed a few hours afterward, we saw to our horror that their footprints in the sand had been partially obliterated by the spoor of a lion. Fortunately, however, he had followed them only for some hundred yards, and then, probably not being hungry, he wandered off toward a pool of water.

Such vagaries were to us a source of constant anxiety, for how could we face the king without bringing back his Indians? Our own lives would not have been safe. We should have been proclaimed as imposters or accused of witchcraft.

However, we managed to divert their minds and keep them employed at the wagons by shooting twenty-six gray monkeys for them. The skins of this particular species are only worn by royalty or big chiefs.—Cor. London Telegraph.

A cashmere shawl does not depreciate by age; on the contrary, it gains a certain mellowness, for the coloring becomes toned by time. The true worth of the vegetable dyes which are employed may be seen in other descriptions of shawls which are imported.

Engineer.

New Westminster, May 1st, 1890. 211-16

The Chinese Puzzle.

Imagine a language devoid of grammar or syntax; unhampered by declensions, moods, tenses or inflections of any kind; essentially monosyllabic; in which the slightest change of pitch in the voice completely modifies the sentence; subject to no rules of logic or construction; a language petrified into solid blocks and representing human thoughts as a mosaic represents a picture; a language in which every sentence is a puzzle even to the sons of the country; a language which once written can no longer be read, but must be scanned—and even then you have imagined but a few of the characteristic peculiarities of Chinese.

It has often been said, it is still said today, that the Chinese speak after the fashion of children, directly, straight to the point, with an energy of expression, a directness of purpose, and a natural logic devoid of the artificiality of occidental tongues. As an example of this child like simplicity, which we may be pardoned for thinking peculiar, let us take the following sentence. A Chinaman says to us:

"To have—one—(numerical particle)—widow—wife—he—to be—religion—friend—house—within—necessary—to use—all—to have—although—forsooth—not—to earn—rich—noble—to arrive—bottom—to pass—to obtain—day—product."

We see at once that in his simple, straightforward way he meant to say:

"There lived a Christian widow who possessed all that she needed; though not rich, she had enough to live upon."

If brevity be the soul of wit, our children of today have certainly improved upon the Chinese rendering, though how they might have expressed themselves fifty or sixty centuries ago, when the Chinese language was being invented, we have of course no means of knowing. If the parents of that time at all resembled those of today, they would have allowed the children to prattle on unheeded until they knew better, or sent them to bed—or— Well, whoever was right, somebody was wrong. So much for the vaunted simplicity of Chinese.—Harper's Magazine.

They Got the Seed.

There is a miserly old lady living in Oshkosh who, it is believed, judging from circumstances, has chests and chests of gold secreted in her house somewhere. She is so penurious and hates to part with her money so bad, that when she is compelled from absolute necessity to buy the necessaries of life she walks to the store farthest from her house so that she can keep in her possession the money that must be spent for food a little longer, and pays for her purchase with more reluctance that Isaac of York could command while parting with his gold.

It is told of this old lady that one day, while running over some money, a five cent piece dropped to a big wood box filled with wood, shavings, etc. She searched for an hour in vain, and was almost distracted by the loss, when a bright thought struck her. She would have a couple of little boys, who were playing near the house, seek it. Accordingly she called them in and told them if they would find the money which had dropped in the wood box she would give them each a cent. The youngsters, eager to earn the price of a stick of candy, went willingly to work, and after hunting for about two hours, gave a howl of delight when they discovered the missing coin.

The old woman eagerly snatched it from them and, after carefully depositing it in her pocket book, called these dear little children and said they well earned their reward. She then went into another room, brought out a bottle that had once been filled with perfume and gave each one of the boys a scent of the lingering odor, after which she called them dear little darlings again and told them to run away now and play. The little fellows were so overwhelmed with gratitude at the old lady's munificence that they kindly thanked her in their abstraction.—Oshkosh Times.

Electric Lights and the Eyes.

The men who made the electric light the indispensable thing to us that it is today must go a step further and invent some means of softening it, or we will become a nation of blind people in a few more generations. No eye can sustain the glare of the electric light that now meets the gaze everywhere. It is ruinous to the sight and induces paralysis of the eye. Any defect in the eye is readily transmitted to children, and we can easily see what weak and unhealthy eyes people will have after the electric light has been at work upon several degrees of ancestors.

We are much too reckless in our use of the light, when a little caution would relieve the eye from the danger. There is no good reason why a spectator in a theatre or hall should have to look at an electric light or just one in fixing his eyes on the stage, and yet this is what he must do now and then. Nor should one read or write by the electric light, yet there are a large number of people in St. Louis and every large city who never use any other light for night work. The only light the eyes will stand healthfully is a soft lamp light, and people will have to pay in the future for giving it up contemptuously as they have done.—Physician in St. Louis Globe-Democrat.

Happiness Assured.

First Paterfamilias—Beg pardon for intruding, but the fact is your son has proposed for the hand of my daughter, and as the two families are almost strangers, you knowing nothing of my daughter and I nothing of your son, I thought it would be a sensible thing to come around and compare notes.

Second Paterfamilias—Excellent idea! Has your daughter always had everything she wanted—dresses, jewels, waiting maids, and so on?

"No. She has had to help her mother. How old was your boy before you stopped thrashing him?"

"Well, I thrashed him pretty regularly until he was nearly grown up."

"I am satisfied."

"So am I."—New York Weekly.

High School Entrance Examination.

THE SEMI-ANNUAL EXAMINATION of candidates for entrance to a High School will be held in the Central School Building, New Westminster, commencing at 9 a. m., June 9th.

Candidates must be prepared

R. E. POPE,
Supt. of Education.

Education Office,
Victoria, May 9th, 1890. 221-18

Legislative Elections.

To the Electors of New Westminster City:

GENTLEMEN,—In response to a requisition, numerously signed, which has been presented to me, I beg to offer myself as representative of this city in the Provincial Legislature.

I frankly confess that, aside from the great question of the just distribution of legislative power, I would scarcely care to be a candidate. If you do me the honor to elect me I shall make that question my first consideration at all times, and in order to do this it is essential that I keep quite free from any entangling alliances with either Government or Opposition. But to the people and the advocacy of the rights of the people, in this matter and in all others, I can fully and freely pledge myself; and with those, be they on what side of the House they may, who are animated by a similar spirit, I will work cordially.

The present crisis demands special treatment. We of the Lower Mainland are denied our just share of legislative power, and so long as that is the case our true policy, in my opinion—nay, the policy which our own self-respect compels us to adopt—is to return no man to the Legislature who will not make the righting of that wrong his first business. It may safely be assumed that those who shall be found willing to do right in this matter will be the most likely to do right in others also.

Notwithstanding the utmost devotion to this first question, your representative will have to deal with many other matters, and perhaps it will be sufficient now to say on this point that I believe there is room for a good deal of work before the administration of public affairs can claim to be what it should be—government by the people for the people. I should earnestly endeavor to do my share of that work.

I believe I may safely assume that you need no assurance of my deep and abiding interest in everything that makes for the prosperity of New Westminster City.

I am, Gentlemen,
Very truly yours,
216tf J. C. BROWN.

To the Electors of Westminster District:

GENTLEMEN,—I beg to announce myself as a Candidate for the position of one of your representatives in the Provincial Legislature.

I will take an early opportunity of letting you know my views on all matters affecting the District and Province in general by personally visiting the different districts.

Livingston Thompson.

Hatzic Prairie, 11 May, 1890. 218-21tu.

Legislative Elections.

To the Electors of the District of New Westminster:

GENTLEMEN,—At the request of nearly the entire body of Chilliwack and a large number of friends from Sumas, Surrey, Langley and Johnston's Landings, Lansdowne and Agassiz, I have consented to become a candidate to support the present Government in the election for a representative for the District of New Westminster in the Legislative Assembly of British Columbia.

I hope to be able to do so early date to meet the electors and explain my views on the political situation.

221-4t JNO. C. HENDERSON.

To the Electors of the District of New Westminster:

GENTLEMEN,—One of the Candidates for the Commons circulated a report that sufficient pressure will be brought on me to retire from the field. I desire to state here, once for all, that no pressure, however strong, will avail against my candidacy and that I will go to the polls and accept the verdict of the people as it shall be given there.

WM. H. LADNER.

New Westminster, May 7th, 1890. 218-tf

ELECTION CARD.

To the electors of New Westminster District:

GENTLEMEN,—At the earnest request of a large number of the Electors of the District of New Westminster, I have consented to become a candidate for representative of the District in the Provincial Parliament.

I shall take an early opportunity of addressing you at all the various polling places, of which you will receive due notice. My political career is unfolded and as it was so sudden and is letters of gold. Remuneration is Protection, or separation.

Up fellow Electors, and rally round this standard! Let us shake off the political shackles that have bound down the Mainland for years and retarded its progress. Let us arise in full strength and independence and secure our just rights at the polls.

I now ask you, gentlemen, one and all for your votes, confidence and support at the forthcoming election.

I remain
Yours faithfully,
216tf Arthur M. Herring.

Provincial Elections

To the Electors of New Westminster Electoral District:

I hereby announce myself a candidate for New Westminster District at the approaching Provincial Elections, and solicit your votes and influence.

JAMES PUNCH.

Downsville, Quesnel, May 16. 216-6-tf

Parliamentary Election -1890-

To the Electors of New Westminster District:

GENTLEMEN,—Having been requested by a large number of electors of this District to offer myself as a candidate to represent you in the House of Commons, to which request I have much pleasure in complying, I beg to state that should you do me the honor to elect me as your representative whilst giving the present Government my free and independent support, I would do my utmost to favor the following amongst the many measures that I consider would be beneficial to the interests of this Province and the Dominion at large.

To urge the further improvements of the navigation of the Fraser and other rivers, the protection of their banks, the improvement of any harbors in this District, and the construction of canals where necessary for the purpose of allowing farmers and others every facility to reach a market.

To encourage agriculture by protecting all such articles that can be produced in this Province, and to lower duties on all that cannot, and which are absolutely the necessaries of life, and increase the tariff on luxuries so that the consumer would be even taxed less than at present.

To increase the representation in proportion to the wealth and importance of this District.

To increase and have adequate mail service to all portions of the Province and free letter delivery in cities.

No diminution in the Chinese Restriction Act.

To have the Fishing Regulations amended to meet the requirements of this Province.

To have a Dry-Dock constructed at some suitable point on the Mainland to meet the growing demands of this District.

To urge the exchange of Lands in Peace River for the Lands in the Railway Belt.

And that Mining Machinery be admitted free of duty until such is manufactured in the Dominion.

To appoint efficient Immigration agents in all important localities.

To urge the Dominion Government to contribute to make Roads and Bridges through Dominion lands.

To urge immediate aid in any measure to prevent the overflowing of Dominion lands in this Province and to reclaim those subject to inundation.

Having been a resident of this District for over twenty years and knowing its requirements, I should be in a position to advocate your interests, and also my having had the honor to be your representative for the last four years in the Provincial Legislature would place me in a position of knowing something of Legislative routine.

I hope to visit each polling station during the canvass and more fully explain my views on the various topics of the day, which would be impossible to do in a short address.

I have the honor to be,
Gentlemen,
Your obedient servant,
WM. H. LADNER.

(Chilliwhack copy.) 212-tf.

To the Electors of New Westminster City:

GENTLEMEN,—Owing to pressure of business I feel that I cannot possibly give that time and attention to Public business that your representative should do. I therefore withdraw from the contest. I sincerely thank the large number of friends who have promised me their support and influence, and perhaps in the near future I will be in a position to serve you.

I am gentlemen
Your Obedient Servant,
E. S. SCOULLAR.

May 22nd, 1890. 221-12tu.

Parliamentary Election -1890-

To the Electors of New Westminster District:

GENTLEMEN,—In view of the near approach of the election to fill the vacancy caused by the death of our late representative (the much-respected D. Chisholm) and as I have stated in my card to you that I am a candidate for that honor, I will now lay before you some of my views on the leading questions which I consider will arise in the near future for consideration.

I have been asked what I mean when I announce myself as a Liberal-Conservative; I reply, "That by nature and education I am a Conservative, but a residence of over 30 years in this Province and much intercourse with our American cousins has had the effect of changing many of my views, and given me liberal ideas, therefore, I claim I am a Liberal-Conservative." Owing to the fact that party lines are not defined in British Columbia as they are in the older provinces, I consider that our representatives are not in duty bound to give a *through-thick-and-thin* support to any party, but they should go to Ottawa prepared to give a generous support to all good measures which may be brought before them, and to consider the prosperity of the Dominion as a whole, but our own Province in particular, and should a measure come before them which they consider in any way detrimental to the interests of this Province they should take their stand like true men and vote against it.

I am opposed to a certain extent to the Tariff, or National Policy, as applied to British Columbia. We are a long way from the centres of manufacture in the East, and many articles of every-day use to our Farmers and others, and which we cannot produce at home, can be obtained more readily and at shorter notice from our near neighbors over the line, and in many cases the articles are better adapted to our needs than those brought from the Eastern Provinces; in fact, much of our Farming and Mining Machinery, Wooden Ware and other articles are brought from the States, although the duties are so heavy. Again, regarding our food supply; we do not raise enough to supply our wants, and are obliged to cross the border for it, and are met with such heavy duties that heads of families in this Province pay more than ten to one compared to their compeers in Eastern Provinces. We have had example to the point during the last three months. If we had not received a good supply from California there would have been a great famine; as it is we are now and have been paying 25 cents per pound for mutton, which is more than ordinary mortals like to pay, and the same state of affairs is likely to obtain again after any long and severe winter, for in spite of "Protection" for the last eleven years our stock raisers are little better prepared to meet hard winters than they were before, and to my mind the only ones who have reaped the benefit of the N. P. are the manufacturers. As a true Britisher I would like to see "Free Trade," but as that is out of the question, I would advocate "Reciprocity" in many articles which are at present in the Tariff lists, as I think it would be beneficial to both countries, and the workingman would not have to go down to deep into his pockets to buy what he needs to eat and wear. I am aware the Government must have a revenue to carry on the affairs of the country, but I would have "Incomes pay more, and get at the pockets of the richer classes, who can better afford to pay taxes.

Owing to the long continued sickness of the late Mr. Chisholm, he was unable to be in his place this session, and very little during the previous one, so we of this District have been practically unrepresented, and our local wants have not been brought before the notice of this House. Had he (Mr. Chisholm) been in his seat, I do not think the Postmaster-General would have been left so much in the dark concerning the necessity of regular mail facilities in the Lower Fraser so as to enable us to have been when he planned to cut off the mail subsidy from the important points, and there are other places in the District which need better facilities, which I consider should receive that gentleman's earliest attention.

I hope that in the near future our District will reach that point that we may look for it to be divided and receive another representative. At present I think it is the largest constituency in the Dominion, extending over 1,500 miles of territory, and when the census returns are in I think the necessary number of population will be found to demand such additional representation.

The protection of the river banks at Chilliwack, Sumas, Burton's Prairie and other places should receive my earnest attention, also the works for improving the channel at the Sandheads, in view of the expected increase in our shipping interests.

I consider the Province should have control over all railway charters and privileges within our borders.

Our fishing interests, being of such great importance to this District in particular I feel should receive more than ordinary attention.

I would urge the cutting of a canal through the Delta lands from the mouth of the Serpentine to Fraser River, also to enquire into the question of cutting one from the Fraser River to Port Moody, which has often been suggested to me.

Immigration, I consider, should be fostered, and encouraged judiciously. Just at present it is coming here fast enough; I would not like to see a large influx poor in at once, as many would be disappointed and go away disgusted, and probably give our glorious Province a bad name.

There are many other matters I would like to touch upon, but I would make this address too long. I hope to see as many as possible before the election, when I shall be prepared to lay my views more fully before them and answer any questions. As soon as possible after the arrival of the writ I will arrange for a personal canvass, and will send due notice of time and place of meeting.

During my long residence in the Province I have travelled through much of it, from Victoria to Cariboo, and have noted its growth and requirements, therefore, I feel fully competent to bring such matters before the notice of the House in a practical, business-like manner.

Should I have the honor to be elected, I assure you I shall watch over the interests of you District faithfully and to the best of my ability, not forgetting that I go as a true British Columbian and to do my duty as such.

Yours faithfully,
WM. B. TOWNSEND.

To the Electors!

At the request of a number of prominent residents of the District of New Westminster, I have consented to become a candidate for the position of Representative of the District in the House of Commons.

I shall take the earliest opportunity to fully inform the electors of my views upon all questions affecting the District.

Gordon E. Corbould

New Westminster, April 14, '90

Parliamentary Election.

-1890-

To the Electors of New Westminster District:

GENTLEMEN,—As I have already announced, I beg to offer myself as a candidate for the seat in the Commons made vacant by the death of our late member, and I cease before you as a supporter of the Government of Sir John Macdonald, reserving to myself, of course, the right to act independently should the action of the Government in any matter seem prejudicial to our interests.

I would strongly urge immediate attention to the improvement of the River where required, for the protection of the rich agricultural lands of this District, and, if elected, I shall at once proceed to Ottawa and leave no stone unturned to secure the immediate appointment of a competent engineer with a view to the prompt undertaking of this most important work.

As you are aware, the duty on certain kinds of mining machinery has been remitted in this Province as a special concession to British Columbia on account of the special conditions obtaining here. I would strongly urge the further application of this principle of special tariff arrangements, so as to relieve consumers of goods which must be imported, while preserving the protection of our agricultural and other interests.

The land laws of the Dominion, having been framed without clear consideration of our requirements, are in many points unsuitable, for example in the conditions as to clearing. I would endeavor to secure immediate reform in this important matter.

Subsidies having been granted to railways in the various provinces of the Dominion, I should urgently present the claims to similar assistance of railways within our own Province.

Should the City of New Westminster decide to build a bridge across the Fraser, I should use my best endeavors to obtain a substantial subsidy for the work, urging that an undertaking of this character should rank with canals and railways as one entitled to national aid.

The next census will undoubtedly show such an increase in the wealth and population of this District as will constitute an undeniable claim to increased representation in the Commons. That claim, if elected, I shall support to the utmost of my ability.

Although, with the growth of the District, the mail service has been improved and extended, it still lags far behind our requirements. I should give special attention to this part of your representatives work, feeling that it is one which is of vital importance.

I should urge the enactment of such fishery regulations, especially in the issuing of licences, as would, without any injustice to the canneries, the importance of which to the prosperity of the District all must recognize, fully protect the free fishermen, and encourage the settlement amongst us of the greatest possible number of that industrious and hardy class of men.

All enactments and regulations for the protection of white labor would receive my hearty support.

Continued work towards the improvement of the harbors of New Westminster and Vancouver, and the efficient lighting and buoying of the same, is a matter which would have my closest attention at all times.

In a word, I should constantly urge upon the Government the wisdom of a liberal policy in public works in this District, the vast resources of which make it certain that such a policy would be amply justified by results.

Trusting to have the opportunity of seeing every elector before polling day.

I am, Gentlemen,
Very sincerely yours,
214tf GORDON E. CORBOULD.

FARM FOR SALE.

AN old and well cultivated farm of 100 acres situated on Nicomen Slough, Johnston's Landing, P. O. B. C., 75 acres under a high state of cultivation, the acres of choice prairie land balance in brushwood, orchard of over 400 fruit trees and a quantity of small fruits, bushes and vines.

WALWORTH'S STAGE

RUNS every Tuesday and Saturday from Westminster at 8 a. m., via Yale Road to Sylvester's stopping at Hutchison's Camp. Leaves Sylvester for New Westminster on Mondays and Fridays at 6 a. m.

To the Electors of New Westminster District:

GENTLEMEN,—At the request of many friends from all sections of the District I beg to offer myself as a candidate for a seat in the Legislature at the approaching Provincial election.

I shall, if elected, be a supporter of the present Government, in so far as in my judgment their measures are just to all portions of the Province.

The conventional allotment of representation agreed upon at the time of confederation I consider to have been based upon what was deemed an equitable adjustment at that period of our history, subject to such subsequent revision as our altered circumstances might from time to time necessitate. Any delineation of political lines of demarcation between Vancouver Island and the Mainland to be observed as a fatal barrier to the future harmony, prosperity and well being of the Province. Holding these views I shall, if elected, strenuously oppose any measure for the further redistribution of the representation which does not aim at the complete obliteration of all existing sectional boundaries.

I shall advocate a more conservative policy in the disposal of our timber lands, and support any judicious measure to prevent the destruction of timber by forest fires.

I will support a liberal expenditure in the opening up for settlement our agricultural lands and the development of our mineral resources.

Upwards of eighteen years of active pioneer life in the District have made me familiar with the wants and difficulties incident to the common lot of every settler, and should I be returned as one of your representatives, I will endeavor to do my part to give each portion of the District due recognition.

I shall endeavor to meet as many of the electors as possible during the canvass, and shall be glad to explain further my views on public questions.

I have the honor to be
Gentlemen,
Your Obedient Servant,
JOHN KIRKLAND.

ELECTION CARD.

AT THE REQUEST of a number of Electors of the District of New Westminster, I have consented to become a candidate for Representative of the District in the House of Commons.

I shall take an early opportunity to inform the Electors of my views on the various questions with which as their Representative in the Commons I would be expected to deal.

CITY NEWS

Miners' Association Then Declare Him Sane—Meeting of Englishmen—The Queen's Birthday—An Alderman Resigns—Surrey Council—Today's Advertisements.

New Advertisements Today.

Englishmen Attention—R.O.S. of St. George
K. of P.—S. C. Tidy
Public Meeting—T. Cunningham

An Alderman Resigns.

Alderman David Lyal has resigned, owing to the demands of his business affairs, and a new election will be held in about two weeks in Ward 4 to fill the vacancy.

Surrey Council.

The Council of the Municipality of Surrey met at Surrey Centre yesterday at 2 p. m., Reeve Punch presiding. Very little business was transacted other than the opening of tenders for the completion of Surrey dyke. Tenders were read from Bradshaw & Co., for $8,500; from McDonald & Armstrong, for $3,000; and from D. McGilvray, for $1,500. These tenders were referred to the Dyke Committee, which will meet in New Westminster today and investigate the matter.

Miners' Association.

A Miners' Association has been formed at Revelstoke, the object of which is the union of miners and all interested directly in mining operations, for the purpose of promoting and encouraging the mining interests in British Columbia, and to advise with the governing powers regarding all legislation affecting the same. Any free miner, or person directly interested in mining, shall be eligible to membership. The following officers have been elected: D. Campbell, president; W. A. Scott, vice-president; T. L. Heig, secretary; James W. Vail, treasurer. Executive Committee—James M. Kellie, William McKenzie, W. M. Brown, F. Rosser, E. Gardwin, W. Taylor and J. F. Hume.

They Declare Him Sane.

Early Sunday afternoon an alarm of fire called out the department, and it was discovered that the city lockup was on fire. A prisoner named Alex. Ross, who had been arrested the night before on a charge of drunkenness and disorder, had kindled a fire with the intention of burning down the jail. Strong hands, however, effected an entrance, and as the old Hyack hand fire engine had water through the hose on the building, it was speedily extinguished, with but little damage done.

In the police court yesterday morning Ross was remanded for an examination by physicians as to his sanity. They reported later in the day that he was sane, and he was held over for trial at the next assizes and will most likely be locked at Hotel McBride for his numerous attempt at the destruction of corporate property.

Meeting of Englishmen.

The attention of the English residents of Westminster is called to an advertisement in the DAILY TIMES, notifying them of a meeting on Friday evening next, in the Freemen Hall, for the purpose of organizing a lodge of the Benefical Order Sons of St. George. This order is composed of Englishmen and their descendants, and is beneficial and social in character. It is the strongest society in existence composed of one nationality, and organized for purposes alike beneficial to its members and for the community in which it exists. It is conducted on the same principles as kindred orders, with the exception that songs, recitations, etc., are given at its meetings, which are thus made harmonious and agreeable to all, insuring a large attendance and greater interest in the prosperity of the order.—Con.

Queen's Birthday.

The people of New Westminster celebrated the Queen's Birthday pretty generally, and all seem to have had a good time. A very large number went to Victoria, both by the Yosemite and via Vancouver, to participate in the three days' sport at the capital city, and from those who have returned it is learned that the celebration across the gulf was a very successful affair during the whole three days, the game being especially well contested. The lacrosse match between Vancouver and Victoria twice won by the latter by two goals to one, and the cricket game between Victoria and New Westminster eleven was won by the Royal City boys with a score of 170 against 120 for Victoria.

At 8 o'clock Saturday morning the commodious steamer Dalsarie left with the Old Fellows excursion for Derby. The steamer was literally loaded down with human freight, and nearly every member of the huge throng was loaded down with large hampers of good things to eat during their days outing. The steamer went up as far as the Mission, and then returned to Derby, a short distance below Langley, where everybody went ashore and had a jolly time in the pleasant grove along the river bank. The new military band was in attendance, and the fine music they rendered was a prime factor of the day's enjoyment. There was no platform for dancing at Derby, much to the regret of the young people anxious to indulge in that kind of amusement. The steamer left at 8 o'clock, arriving at her dock in the city about 7, where the tired and yet gallant captain and officers were hearty cheered by the excursionists, as was also the military band.

A hundred or so of our people went over to Hastings by train, to witness or take part in the athletic sports, and never enjoyed at that place, and had a good day's enjoyment. Several New Westminster boys carried off prizes.

Besides the above there were numerous private picnics in the country in different directions, and all were very enjoyable affairs.

SHORT POEM

[BY W. [illegible]]

Up to his street in the old hack hole,
I catch a glimpse of the upper pole,
Of lifting machines with two or three coils

Judge and Mrs. Bole have gone to Victoria for a short visit.

Jas. Orr, M.P.P., was in town yesterday from Vancouver.

Miss Peters, of Vancouver, was in the city yesterday.

Mr. Ed. Port went to Victoria yesterday for a few days' visit.

Mr. W. H. Ladner, of Ladner's, returned home on the Yosemite yesterday.

Uniform Rank K. of P., meets tonight in their hall. See notice.

W. E. Dickinson has for sale a quantity of alder and maple cord wood. 221-tf.

There will be a meeting of the Rowing Club at the city hall tonight.

The alarm of fire late Sunday evening was caused by burning rubbish on Prevost Street.

The new fire bell was badly cracked by the efforts of some one on Sunday night while ringing an alarm.

The choral service to have been given on the evening of the 25th is postponed for two weeks. 223-2t

☞ Keep your eye on WHITE ROCK, and for further particulars apply to McEllson & McCall, Blaine. 199-tf.

Mr. Thomas Cunningham, M.P.P., will address the electors of the city in the opera house tonight. See notice elsewhere.

Wanted—An engineer to run portable engine. Apply at once to F. G. Strickland & Co., Front street. 223-tf

Steamer Dunsmuir left yesterday morning at 6 o'clock for Nanaimo. She is due early tomorrow morning with the circus.

The Yosemite left at 3 o'clock yesterday for Victoria with a large number of passengers and a heavy freight list.

The coal mine near Brownsville, of which we heard so much a short time ago, has been abandoned as useless.

At the target practice at the Brownsville range, last Saturday afternoon, some very fair scores were made. The shooters were mostly new members of the militia.

Mr. Joseph Holman, of London, Ont., arrived in town on Saturday, on a visit to his son. He will make a short tour of Victoria and the Sound cities before returning home.

Yesterday W. H. Vianen received a consignment of Winnipeg whitefish, packed in ice, and in excellent condition. They met with a ready sale.

Mr. John Gilmore, a prominent stockraiser of the Nicola Valley, came down yesterday with a drove of mares. He is a guest at Hotel Douglas.

Messrs. Ed. Kinnell, Chas. Cooney, and John O'Brien, all of Kamloops, arrived in town yesterday on their way home from celebrating the 24th in Victoria.

Mr. J. Korkenke and family, of Seattle, were in town yesterday on their way to Blaine by private conveyance. They were guests at Hotel Douglas.

Senator and Mrs. McInnes and two sons arrived from Ottawa yesterday. They will take up their temporary residence at the corner of Agnes and John Streets.

Mr. James Brenson, formerly of the Grotto Hotel, this city, arrived home last night from quite an extended tour through the Eastern Provinces and States.

A new shingle mill of large capacity will soon be established just inside the city limits on the Vancouver road. Messrs. F. G. Strickland & Co. have orders for the machinery already booked.

Mr. L. F. Barnes's new steam launch, the Nellie, made her trial trip on Saturday afternoon up to the McLaren-Ross mills and behaved herself to the entire satisfaction of her owner and builders.

Charley, a Surrey Indian, was tried yesterday before Capt. Pittendrigh for an attempted assault upon a young Indian girl. He was found by the doctors to be demented, and the case was dismissed.

The alarm of fire last Saturday evening was occasioned by some window curtains in the Cleveland Hotel catching fire. It was extinguished before the fire brigade arrived. No material damage was done.

Political Pointers.

Hon. F. G. Vernon, Chief Commissioner of Lands and Works, is making a political pilgrimage from Kamloops through Nicola, Similkameen, Rock Creek, Okanagan and Spallumcheen.

Mr. G. B. Martin, M.P.P., is working hard for his election in Kootenay.

Mr. A. Irwin is out as an Opportunist in Yale. It will be a straight Government vs. Opposition fight there.

In the Spallumcheen district it is stated that Mr. Donald Graham has given up his intention of being a candidate, but that Mr. Rabbitt, of the firm of Wood & Rabbitt, will contest the seat, with Mr. Vernon as an Opposition candidate.

C. A. Semlin, M.P.P., is doing missionary work in West Kootenay, in support of the Opposition candidates who have taken the field.

Mr. Marshall Sinclair goes up-river this morning shooting votes. As he stepped on board the boat he was complacently singing to himself this little refrain:

"Gather them in, gather them in,
Gather the voters in."

An air of delicious and sparkling satisfaction was upon his countenance, and his handsome features were fairly rippling with smiles as he told the reporter the tale of his successes as a canvasser. And there is no doubt he is a rustler, and these other eleven candidates will have to hustle to get into a leading place.

Scavenger's Work

ALL PERSONS are required to take notice that the following is a copy of Sec. 27 of the Sanitary Bylaw, 1890:

"Sec. 27.—No person not being a licensed scavenger under this Bylaw, or the employee of such scavenger, shall engage in removing any garbage, offal, swill, ashes, or night soil. Provided, however, that nothing in this Bylaw shall prevent any person from removing any such garbage, offal, swill, ashes or night soil from any premises owned or occupied by himself, or allowing such removal by any person using the same for manure, or as food for pigs, poultry, or other live stock, but no payment shall be made, or consideration given or received, for or on account of such removal, other than the thing removed, and every such removal must be made in accordance with the provisions of this bylaw."

The penalty for a breach of the provisions of this Bylaw is a fine of $20, or imprisonment for a period of two months.

D. ROBSON,
City Clerk.

New Westminster, May 23, 1890. 224-6t.

B. C. PENITENTIARY.

TENDERS WILL BE RECEIVED BY THE undersigned until 12 o'clock, noon, of

Wednesday, June 11th, 1890,

for supplying the Penitentiary, from July 1st, 1890, to 30th June, 1891, with the following articles:

1. Coal, bituminous, "Old Wellington," screened.
2. Coal, Anthracite, Banff.
3. Salmon, cod, fresh and salt.
4. Groceries.
5. Beef.
6. Blankets, White, 4 ft., per pair.
7. Flour, Oatmeal, Shipping Bakers.
8. Leather and Findings for Shoe Shop, detailed lists of which can be obtained on application at the Penitentiary.
9. Drugs and Medicines.

Neither the lowest or any tender necessarily accepted.

Samples may be seen and blank forms of tender obtained on application to the Accountant at the Penitentiary, between the hours of 9 a. m. and 5 p. m. daily.

No tender will be considered unless on these blank forms.

Imperial weights and measures required.

All articles supplied to be of the best quality.

WRIGHT & JAMESON, Proprietors.

ELECTION CARD.

To the Electors of New Westminster City and District:

GENTLEMEN:—At the urgent request of a large number of the Electors of the above Districts, I have consented to become a candidate, and respect your support and patronage.

My political banner is unfolded, and on it will be seen, printed in gold letters, "Straw Hats—good coverings for massive craniums; Men's Fancy Flannel Shirts; Balbriggan Underclothing; Summer Coats and Vests; Linen Dusters; Pique and Fancy Vests; White and Black Ping Hats;" all of which are very suitable wear for the present political campaign, which is liable to be very warm and close. (An endless variety of Men's and Boy's Suits, Felt Hats, etc.

Electors, rally around this standard, and down with monopolists and—high prices.

I am perfectly sure I can give you better value for your money than any other candidate in the field.

Yours respectfully,

J. E. PHILLIPS.
