Editor's Note:

Efforts have been made in this, the third issue of the Handbook, to include all information of reasonable importance to the students, particularly to newcomers. There is nothing in the book that the student should not know, and it is hoped that he will not confine himself to reading only his own particular interest.

The Editor wishes to acknowledge the use of previous Handbooks and to thank those who have co-operated in making this issue possible.—Editor.

Foreword

The Student Handbook, which is issued just prior to the opening of the fall session, has long occupied the premier position among the works of reference which pertain to the University of British Columbia. Concise, informative and genuinely human, it has come to be regarded as the authoritative source of information on all matters relating to student activities.

It would appear that the three main purposes of all such guide books are, to welcome the freshmen cordially, to admonish them solemnly and to acquaint them fully with their duties and responsibilities, personal as well as corporate. The present Handbook conforms to type. In it will be found words of welcome, words of admonition and a body of information relating to activities which receive little more than mention in the calendar—in short the accummulated wisdom of preceding generations of students in this University.

I have therefore much confidence in leaving admonition to those who are younger and instruction regarding student organizations to those who are better qualified to give it. Mine is the easier and more pleasant task of extending a hearty welcome to all students, new and old alike. And in welcoming you all to the company of those whose chief purpose is the pursuit of learning, the one hope I would express is that in all your adjustments to University life knowledge may ever be the handmaiden of wisdom.

L. S. KLINCK.

JOHN CRAIG OLIVER
PRESIDENT ALMA MATER SOCIETY

To the Men and Women of the Class of '30

This handbook is intended primarily for you as freshmen. It occupies the same place in student activities as the University Calendar in the academic branch of your college education. Study your handbook carefully and choose your outside activities with as much care as your prescribed courses and then throw yourselves wholeheartedly into both.

At the same time bear in mind that you are members of the Alma Mater Society. As freshmen you constitute the largest single class in the University and your influence should be felt in all matters of student policy. As you assume this responsibility, the necessity of a good understanding of the principles of student self-government will be apparent to each of you. Nothing is as deadening as an apathetic freshman class—it can vitiate the best efforts of the rest of the University in any line of endeavor.

Above all, remember that it is the duty of every member of the Alma Mater Society to maintain a high scholastic standing. Without that, outside activities become worse than useless, while by combining the two, you will be in a position to better the Alma Mater Society as well as yourselves.

May you, the class of '30, make much of your opportunity.

J. C. OLIVER,
Pres. A. M. S.

Kla-How-Yah!

In the Chinook jargon, "kla-how-yah" is the single word of welcome and is, therefore, equivalent to any friendly greeting in English. "Kla-how-yah" was adopted at the University to become the traditional salutation among its students; but, although the word and its purpose have been recognized and accepted by students, the greeting has never generally been employed. It was, however, incorporated last year into one of our yells; and efforts were made at the same time to make the use of the word popular among undergraduates. "Kla-how-yah" is too rich in association with the early history of our province, too appropriately ours, in a word, too British Columbian, to be lost to us. Greet fellow-students with "Kla-how-yah;" it takes the place of an introduction.

Historical Sketch

In 1890 the Provincial Legislature passed an Act establishing a body politic and corporate named "The University of British Columbia." No material progress was made, however, until 1894, when an Act was passed which permitted the affiliation of high schools in the Province with recognized Canadian Universities.

In 1899 Vancouver High School was affiliated with McGill University in order to provide first year work in Arts, and took the name of Vancouver College. First Year work in Arts was offered by Victoria High School when it became Victoria College by affiliation with McGill University in 1902. In the same year Vancouver College undertook the Second Year in Arts.

In 1906 an Act was passed incorporating the Royal Institution for the Advancement of Learning of British Columbia, which, in the same year, established at Vancouver the McGill University College of British Columbia. In 1915 the University of British Columbia was opened and the McGill University College of Vancouver and Victoria College which was a part of it, ceased to exist.

Definite steps to establish the University were taken by Dr. H. E. Young, Minister of Education, in 1907, when he introduced a "University Endowment Act." This Act was followed in 1908 by an Act establishing and incorporating the University of British Columbia and repealing the old Act of 1890-91.

This Act with its subsequent amendments, determines the present constitution of the University.

A site commission appointed in 1910 recommended the vicinity of Vancouver and in the folowing year the Point Grey site was granted to the University. The grant now consists of 548 acres at the extremity of Point Grey. The waters of the Gulf of Georgia form more than half the boundary of the University Campus. A tract of some 3000 acres of Government land immediately adjoining the site and lying between it and the City of Vancouver, has been set aside by the Government in order that University revenue may be provided by sale or lease.

The first Convocation, held on August 1st, 1912, chose Mr. F. L. Carter-Cotton as first chancellor of the University. In March, 1913, the Lieutenant-Governor-in-Council appointed as President of the University, F. F. Wesbrook, M.A., M.D., C.M., L.L.D. On April 4th, 1918, Dr. R. E. McKechnie the present Chancellor was elected. On the death of President Wesbrook October 20th, 1918, L. S. Klinck, Dean of the Faculty of Agriculture was appointed Acting President and on June 1st, 1919, President.

From its opening in 1915 till the summer of 1925, the University carried on its work in temporary quarters on part of the site of the General Hospital in Fairview

Construction work was commenced on the Science Building at the Point Grey site in 1914, but was interrupted because of war conditions. Work on this building was resumed in 1923 shortly after the great Student Campaign. The Science Building and Library as well as nine

other buildings were completed and ready for occupancy in the fall of 1925.

The inauguration of the new buildings was held on October 15th and 16th, 1925, on which occasion honorary degrees were granted by the University for the first time.

Organization of the Student Body

The Students' Council is the governing body, its nine members being elected by the students late in the Spring term. This body meets every Monday night during the term to discuss all motions for student welfare. The Presidents of the Men's and Women's Undergraduate Societies, the Presidents of the Men's and Women's Athletic Societies and the President of Literary and Scientific, represent definite bodies of student opinion. These members bring up matters relative to their own subsidiaries, but are expected to know and discuss matters outside their own spheres.

Each of the subsidiary clubs submits a budget early in the fall to its own governing body, which in turn submits it to the Council through the club president. Budgets are then allotted by Council. In addition to club budgets, special grants may be made at the discretion of the Council.

Each club has its own executive which is elected by undergraduates interested in the activities of that club.

The Publication Board is a semi-independent body, having no representation on Council, though the editor holds an "A" position. This seat was taken off the Council last year in order that the Board may be freer in its criticism of policies.

March 8th, 1926.—The monies raised to May 8th, 1926, by a committee of the W.U.S. must be set aside in trust for the furnishing of the permanent Women's Union Building, such fund to be administered by the Women's Undergraduate Society, subject to the approval of the Students' Council.

Athletics

The day of athletics for the "superman" only, is past. Athletics are now recognized as essential to a well-rounded education. At U. B. C. we cater to quantity, and from this quantity, develop the quality. With this in view, the Men's Athletic Association has from time to time, brought under its control, new sports until at the present time the diversity of activities offered at U. B. C. is unsurpassed on the continent.

Freshmen are advised to choose the activity most beneficial to themselves and to follow that sport energetically. Half-hearted pursuit of a sport is harmful to the individual and is seriously demoralizing to one's team-mates. No favorites are played; every man must merit his place.

Sports at U. B. C. are divided into Major, Minor and Sub-Minor. Major sports include Rugby, Track, Soccer and Basketball. Members of the first teams in these sports fulfilling certain eligibility requirements receive Big Block letters. Minor sports include Swimming, Tennis, Rowing, Boxing and Ice-Hockey. For members of first teams in these sports and for members of second teams in major sports, small block letters are awarded. The Sub-Minor sports are Badminton, Grass Hockey and Canadian Rugby. Members of first teams in these sports, members of second teams in Minor sports and members of third teams in Major sports receive plain letters.

MEN'S ATHLETIC ASSOCIATION

(Francis Butler, President)

Membership in the Association is open to all male members of the Alma Mater Society. The Executive of the Association, which is composed, in the main, of the presidents of the various clubs, is the only recognized medium between the constituted clubs and the Students' Council.

ENGLISH RUGBY CLUB

(Gerald Stevens, President)

This club is the oldest and best known in the University, having gained fame by winning the McKecknie Cup during three successive years. Judged by weight of silverware won, last year was not as successful as in years past, but with many of last year's stars returning, hopes are brighter. Material is needed for four teams.

TRACK CLUBS

(Frank Elliott, President)

Track and field sports are now coming into their own at U. B. C. The new track will be in fit condition for use this year and with most of last year's men returning, a team will undoubtedly be sent to the Western Intercollegiate meet at Saskatoon. Last year the team was victor by a clear margin over College of Puget Sound at Tacoma. Besides intercollegiate meets, an inter class meet is held in the Spring term. The Arts '20 Relay which is perhaps the most interesting athletic event in the year, is also run under the auspices of the Track Club.

SOCCER CLUBS

(Stan Gale, President)

Soccer, the third of the major sports, has probably the strongest hold with the public of the province. The most prominent of this club's past successes, is the winning of the Mainland Cup in 1924. Three teams are entered by this club in the various leagues, the first team being a member of the Pacific Coast League. (The Soccer Club was the most poorly supported of all the Varsity clubs last year.)

BASKETBALL CLUB

(Russ Robinson, President)

Basketball was put on the same footing as the other three major sports last fall, following the winning of the Championship of Western Canada the previous Spring. Practices are held two or three nights a week at Normal Gym. Four teams are entered in the city league. In addition to these games, exhibition matches are arranged with Interior teams and American college teams.

TENNIS CLUB

(Ian Stevenson, President)

This coming year promises to be the greatest in this club's history, since they have courts of their own. These courts were erected during the summer months. The championship tournament, open to all students, is held early in the fall term. There is a great possibility of intercollegiate tennis being played this fall.

MEN'S SWIMMING CLUB
(Dalton Allan, President)

The purpose of the Men's Swimming Club is to teach those who are unable to swim, how to swim, those that swim poorly how to swim well, and to develop those that can swim well into swimmers that can compete with the best. A class will be formed this year to take the lessons of the Royal Life Saving Society. Meets are held with city and Victoria teams, and in addition, a team is sent to the Banff Carnival. Entering the Carnival for the first time last year the U.B.C. won first place. An inter-class meet is held in the Spring Term.

ROWING CLUB
(Dick Davidson, President)

The Rowing Club was inaugurated at U. B. C. during 1920. Races are held with Victoria teams during Xmas holidays, with the University of Washington and with Vancouver Rowing Club. Last Spring, in the meet with Vancouver Rowing Club, Varsity defeated the Vancouver eight in the major event. A Varsity team also raced Brentwood College during this meet. The club has an open membership. Turnouts are held from the Vancouver Rowing Club premises. Through the generosity of our neighbors, the University of Washington, the Club now has an 8-oared shell.

BOXING CLUB
(Duncan Todd, President)

The growth of this club is retarded through lack of suitable competition; nevertheless a busy year is spent. Best

obtainable coaches teach the art to those wishing to take it up. The club has fully equiped training quarters near the campus. One of the members of this club won a Canadian championship last Spring.

ICE HOCKEY CLUB
(President to be Elected)

This club enters a team in the intermediate division of the City League. Turnouts are held at the Arena once a week, while league games are played every Friday night. Up-country students find this club very popular. The Hockey Club has the Senior Provincial Championship to its credit, winning this in 1921.

GRASS HOCKEY CLUB
(President to be Elected)

Two teams are entered in the Mainland Grass Hockey League by this club. Practices are held at Brockton Point under the supervision of able coaches. In addition to the league fixtures, exhibition matches are arranged with Island teams.

BADMINTON CLUB
(President to be Elected)

Founded 1921, the club enters teams in the City League and in addition, holds its own tournament in the Spring term. Members of this club are entered in the Provincial Championship Series each year and several titles were won by members last year. Matches and practices are held in the King Edward High School Gym and in the Drill Hall on Beatty Street.

CANADIAN RUGBY CLUB

(Harry Seed, President)

Founded 1923-1924. This club's progress has been marked with signal success. Last year intercollegiate games were held with American colleges and the junior team won the city championship. Though games with American colleges will be lacking this year, a team has been entered in the inter-city league which is being formed this fall, and in which Vancouver Island will be represented. Turnout dates will be posted on the notice board.

OUTDOORS CLUB

(President to be Elected)

Any student who is fond of hiking, mountain climbing or camping will be interested in the Outdoors Club. Hikes are held nearly every week of the term. The club's cabin on Grouse Mountain is the headquarters from which excursions are generally made into the mountains.

INTER CLASS ATHLETICS

The Governor's Cup, donated for inter class athletics, is up for competition during the entire year in all branches of sport, by the various classes. In this way all students able and willing to take part in athletics have an opportunity to show their ability and to help their class in a genuinely effective way. A special executive manages this inter class competition.

ROOTERS' CLUB

(President to be Elected)

The Rooters' Club was formed during the session 1924-25 for the purpose of stimulating interest in all athletic contests. "Pep Rallies" are staged in the Auditorium on the day previous to the big events. These rallies take the form of entertainment having, wherever possible, direct bearing on the coming event. The annual Theatre Night which is held at one of the downtown theatres is also under the auspices of this club. The club also handles the yell-leading. All undergraduates automatically become members on payment of Alma Mater fees.

WOMEN'S ATHLETIC ASSOCIATION

(Jean Gilley, President)

The executive consist of president, vice-president, secretary, treasurer, and presidents of the subsidiary societies.

The Women's Athletic Association like the men's, comprises all the women interested in athletics, and is the only medium between the various athletic clubs and the Students' Council.

BASKETBALL CLUB

(Doris Woods, President)

This club enters two teams in the senior division of the City league. Practices are held Tuesdays and Thursdays, 5 p.m. to 7 p.m. in the Normal Gym. Exhibition games are held with visiting teams throughout the year.

SWIMMING CLUB

(Gertrude Dowsley, President)

Practices are held in the Chalmers and Canadian Memorial tanks. In conjunction with the Men's Swimming Club, meets are held with the V.A.S.C. and with Victoria at Xmas time. As in previous years, a life saving class will be formed this winter.

GRASS HOCKEY CLUB

(Dorothy Russell, President)

This is the only open air game for women at the University. It is handicapped through lack of competition. The feature contest of the year is with a representative Victoria team during the Island invasion at Xmas. All equipment is furnished by the club.

GYMNASIUM CLUB

(President to be Elected)

The purpose of this club is to give physical training to girls unable to take part in the organized athletics. The club meets once a week and indulges in physical exercise, apparatus work and aesthetic dancing.

TRACK CLUB

(President to be Elected)

In conjunction with Men's Track Club an inter-class meet is held in the fall term, the feature trophy at this meet being the Arts '25 cup.

INTER-CLASS ATHLETICS

The Spencer Cup for inter-class athletics corresponds to the Grosvenor's Cup in Men's Athletics. Competitions are held in Basketball, Swimming, Track and Hockey. These competitions are handled by the executive of the association.

Three publications are undertaken by the Publications Board—The Ubyssey, The Totem and The Handbook.

The "Ubyssey," now on a firm financial basis, enters its second year as a twice-weekly journal. It appears every Tuesday and Friday noon throughout the session, except in examination weeks.

The "Ubyssey" (so spelled because it is the "Odyssey" of U.B.C.) is primarily a newspaper. It is intended to give every student a knowledge of what is going on in the various departments of the student activities. Contributions of a purely literary nature are published in the literary corner. The Publications Board is affiliated with the Pacific Intercollegiate Press Association, and exchange news from other colleges in Canada and U. S. is featured.

The "Totem" is the University Annual, the traditional gift to the graduating class. A special staff prepares this publication, its editor being a member of the senior or junior year of any faculty.

The Handbook. This is it.

Literary and Scientific

THE LITERARY AND SCIENTIFIC DEPARTMENT

Honorary President.....(To be Elected)
President.....Max Wright
Secretary .....Mary Carter

The objects of the department are primarily directed towards the cultural education of the student body, and the promotion of social unity within the college; while secondarily, its object is to constitute itself a medium between the Students' Council and its own affiliated bodies.

Active membership in the department is automatically conferred by membership in the Alma Mater Society.

INTERCOLLEGIATE DEBATE

(Wm. Taylor, Manager)

Among the debates already arranged for this fall is the annual contest with University of Southern California to be held at Point Grey.

Any student is at liberty to try out for a place on debating teams by delivering a short speech on the subject to be discussed, in these tryouts delivery receives major consideration.

Debates were held last year, as formerly with international teams and interest in these events is always high.

PLAYERS' CLUB

The Players' Club is the most important dramatic club in the University. Membership, which is limited to sixty, is determined in competitive tryouts. Contestants failing to gain membership but who attain honorable mention, are eligible to try again the following year. The club gives members the opportunity for training in the histrionic art and valuable experience in the producing of plays.

Each year a prize of fifty dollars is offered to the student writing a play suitable for production in the Club's Xmas performance. In eleven years of existence the club has staged the following: "Spring Plays," "Fanny and the Servant Problem," "Merely Mary Ann," "The Importance of Being Earnest," "Green Stockings," "Sweet Lavender," "Alice-Sit-By-the-Fire," "Mr. Pim Passes By," "You Never Can Tell," "The World and His Wife," "You and I," and "Pygmalion."

Prof. F. G. C. Wood is the coach.

MEN'S LITERARY SOCIETY

(F. C. Pilkington, President)

The Men's Literary Society aims at developing public speaking among the men of the University. The society enters a team in the Vancouver Debating League, in which members only may compete. In the Oratorical Contest however, the whole University is eligible. The inter-class debates are also handled by this Society.

WOMEN'S LITERARY SOCIETY

(Alice Weaver, President)

The Women's Literary Society corresponds to the Men's except that it has a more definite yearly program. It holds each session three inter-class debates for the Silver Debating Shield, and an Oratorical Contest for book prizes.

FRENCH LITERARY AND DRAMATIC SOCIETY

(President to be Elected)

In order to promote co-operation in all activities, the two French Clubs, La Canadienne and La Causerie, were combined to form the French Literary and Dramatic Society. The program consists mainly of lectures, conversation and refreshments. Last year the united clubs produced a very successful play in the auditorium.

HISTORICAL SOCIETY

(Bice Clegg, President)

The Historical Society is not a social club, but is one which offers to its members opportunities for independent research on contemporary problems. Membership is limited to twenty students of the upper years who show aptitude in history.

LETTERS CLUB

(Leslie Howlett, President)

The Letters Club, now in its eighth year, meets every second week for the discussion of literature in all its branches. Membership is limited to

twenty elected members of the two upper years, who are responsible for the programme of the reading of prepared papers, followed by informal discussion, bearing on the topic. The Club last year augmented its staff by the election of a critic, under whose guidance the members make definite headway towards the appreciation of their chosen subject.

AGRICULTURE DISCUSSION CLUB

(President to be elected)

The "Aggie" Discussion Club is a literary and debating society, the aim of which is to foster public speaking among the "Aggies." Programmes consist of debates, addresses, more or less impromptu speeches, and mock parliaments and trials.

MUSICAL SOCIETY

(Ida Kerr, President)

The Musical Society was formed with the purpose of bringing to light the musical talent of the students and of affording diversion to all those musically inclined. The Society is composed of Glee Club and Orchestra, of which the latter generally plays at certain University functions. The Society itself gives two main concerts, one at Christmas and one in the Spring Term. The latter event is open to the public and admission is charged; last year, in the University auditorium, the concert was the most successful to date.

CHEMISTRY SOCIETY

(Hazen Nunn, President)

The Chemistry Society was founded nine years ago, with the intention of increasing general interest in chemistry. Instructive and interesting lectures are given by the faculty, and papers are read by students. The Society is open to all students interested in its subject.

MATHEMATICS CLUB

(President to be elected)

Founded three years ago, the Mathematics Club aims at giving instruction and stimulating interest in those who appreciate mathematical problems.

CLASSICS CLUB

(Dave Warden, President)

The Classics Club was founded to satisfy the cravings of that body of students interested in the "classics." It is a closed club, limited to members of the two upper years.

ENGINEERS' DISCUSSION CLUB

(President, B. Kerslake)

This Club was formed to enable those men who intend to follow the engineering profession to express their opinions in public. Membership is limited to actual and prospective members of the science faculty. A three-fourths vote is needed for election.

Social Events

Since the purpose of this book is to deal with the "other" side of college, it is well to give the student some idea of the nature and approximate dates of the main events on the social calendar.

FROSH RECEPTION—A dance given in honor of incoming students. The Freshmen are expected to mingle with members of the upper classes. Admission is free, one ticket being given to each undergraduate. Takes place about the second or third week of the fall term.

UNDERGRADUATE BALLS — Each faculty is allowed to give one general dance during the year. Tickets, which are $2.00, are available to all undergraduates of all faculties as long as they hold out. The Arts Ball is held about the middle of November. The Aggie Ball takes place about the end of January and the Science Ball late in February.

CLASS PARTIES—Each class of each faculty is allowed to hold one class party during the year. Members only of the class holding the dance are admitted. Class fees pay for these dances.

BASKETBALL DANCES — Several times a year the Basketball Club holds informal dances at Normal Gym in honour of visiting basketball teams. The dances are open to all students, admission generally being 50c.

ANNUAL VICTORIA INVASION—This is the major event on the social calendar. This year the Invasion takes

place January 7th to January 9th. Athletic contests are arranged for all teams with Vancouver Island teams. Two dances are given for U. B. C. athletes—one in the Victoria High School and the second, the following night at the Empress Hotel. Victoria College plays the part of host for the Invasion. Special boat and hotel rates are arranged.

MUSICAL SOCIETY CONCERT—Each Spring the Musical Society gives a concert in the Auditorium, to which the public is invited. An admission fee is charged.

XMAS AND SPRING PLAYS—Late in the fall term the Players Club presents four representative plays in the Auditorium for students only. Admission is free. The Club also presents a Spring Play late in the Spring Term which is open to the public. Admission is charged.

ALMA MATER

Alma Mater, guardian of our youth,
Fair is the laurel wreath that crowns thy brow,
Friend of our country and the friend of truth—
Thy children hail thee now.

Alma Mater, daughter of the years,
The great of other days are with thee yet;
Speak thou their high faith in our duller ears,
Forbid us to forget.

Alma Mater, watcher of the hours,
Thou lookest on the mountains and the sea,
And rulest in the might of other powers
In loftier majesty.

Alma Mater, feeder of the flame,
High hopes and noble purposes are thine—
On us, whose pulses quicken at thy name,
Grant that the light may shine.

Alma Mater, mother of our love,
Many the paths we tread in future days—
Yet naught that time shall bring can e'er remove
Thy memory or thy praise.

H. T. J. COLEMAN,
Dean of Arts and Science.

KLA-HOW-YA

Words and Music by J. E. Kania, Sc. '27.

There's a Varsity way out west, called the U.B.C.,
Where the sun sinks down to rest in the western sea.
Mansions have we, tall and fair; varsity spirit strong,
On the campus — everywhere — you'll hear this all day long.

(CHORUS)

Kla-how-ya boys; Kla-how-ya girls;
That's our greeting here.
Our colors of old are the Blue and the Gold,
And we all have lots of pep.
Kla-how-ya here; Kla-how-ya there,
Wherever you may be,
R'aring to go—right on our toes,
That's the U.B.C.

Then there is the faculty, frowning and austere,
Who, around exam. time, make life a lot to bear,
Still they are a jolly lot, helping us along,
And when they are feeling gay, they'll join us in this song.

Co-eds have we, fair to see, who all functions make
Just as pleasant as can be; this certainly is no fake.
Class draws sometimes spoil the fun, "Who'd'ya" is the game,
Full of tribulations, still we're happy, just the same.

SONS OF THE GOLD AND BLUE

We are sons of the Gold and Blue;
We are loyal, brave and true;
We will fight for the right with all our might,
For the glory of the "U."

We are proud of thee, O Alma Mater,
Unto thee we sing.
And in thy praise, our voices raise
Until the mountains ring.

—R. G. Phillips, Arts '27.

These "Lectures" Begin When You Like.

Our private dance studio is open from morn to dewy eve—from 9:00 a.m. to 9:00 p.m. And you can come in when it suits you. *Just make an appointment.*
Our system of instruction is adaptive, and is based directly on the dancer's personality. Many of our students tell us that they learn more here.
