STUDENT PUBLICATIONS BOARD

Editors' Note

The Editor wishes to acknowledge use of excerpts from the Handbooks of various North American Universities. Several innovations have been instituted this year in the Handbook, in particular the Diary. It is hoped that, as a daily memorandum, this feature will prove both acceptable and useful.

President's Message

With the opening of the session 1932-33, the students who are entering the University for the first time will wish to learn the duties and the obligations which membership in the undergraduate body imposes. To meet this need, in so far as it relates to student organizations, this Handbook has been prepared.

It will be apparent from the most casual reading of this little work of reference that no student, no matter how brilliant, can hope to carry a full year of academic work and take an active part in more than a few of the organizations herein described. At the same time, participation in one or more of these activities is essential to a well-rounded undergraduate course.

To you, who are entering upon the new and enlarging experience of University life, I extend a cordial welcome and trust you will discover quickly that education is an individual achievement for which you, and you alone, must assume the major responsibility.

L. S. KLINCK,
President.

WM. WHIMSTER
President, Alma Mater Society

To the Men and Women of the Class of '36

Kla-how-yah Class of '36! On behalf of the student body of the University of B. C. I bid you welcome as members of the Alma Mater Society, and remind you that now, in your hands, rests a share of the responsibility of upholding the name of your University in the place of honor and esteem it now enjoys.

This little book is designed to give you all the information that you require in order that you can readily adjust yourself to a new academic life. Study it carefully with a view of entering wholeheartedly into those activities of the Student Body to which you are best suited, and in which you are most interested.

To derive the utmost from your University life, you must balance your academic and non-academic activities with care. The "Handbook" offers you a selection of non-academic activities.

Make your selection with the same care you exercised in choosing your courses from the "Calendar" and then pursue both with sincerity and order.

To you falls the guardianship of the traditions of our institution. To those who have gone before you they are sacred. Honor and cherish them, for with you they are in trust, and by you will be handed on.

Class of '36—Tuum Est!

W. H. WHIMSTER,
President, A.M.S.

Kla-How-Yah!

In the Chinook jargon, "Kla-how-yah" is the single word of welcome and is, therefore, equivalent to any friendly greeting in English. "Kla-how-yah" has been adopted at the Unversity as the traditional salutation among its students. Three years ago it was incorporated into one of our yells, and every effort should be made to make the use of the word popular, for "Kla-how-yah" is too historically British Columbian to be lost to us. Greet fellow-students with "Kla-how-yah;" it takes the place of an introduction.

The Honour System

"The Alma Mater Society depends upon the honour of the individual student for the maintenance of discipline and order on the campus."

Members of the A.M.S. shall at all times endeavor to uphold the honour and good name of the student body and the University as a whole. They shall cooperate with the Student and University authorities in the maintenance of order and the protection of buildings, grounds and properties within the University precincts. This is to include fire regulations prohibiting smoking in the halls of the University buildings.

Historical Sketch

In 1890 the Provincial Legislature passed an Act establishing a body politic and corporate named "The University of British Columbia". No material progress, however, was made until 1894, when an Act was passed whch permitted the affiliation of high schools in the Province with recognized Canadian Universities.

In 1899 Vancouver High School was affiliated with McGill University in order to provide first year work in Arts, and took the name of Vancouver College. First year work in Arts was offered by Victoria High School when it became Victoria College by affiliating with McGill University in 1902. In the same year Vancouver College undertook the second year in Arts.

In 1906 an Act was passed incorporating the Royal Institution for the Advancement of Learning of British Columbia, which in the same year established at Vancouver the McGill University College of British Columbia. In 1915 the University of British Columbia was opened and the McGill University College of Vancouver and Victoria College which was part of it, ceased to exist.

Definite steps to establish the University were taken by Dr. H. E. Young, Minister of Education, in 1907, when he introduced a "University Endowment Act". This Act was followed in 1908 by an Act establishing and incorporating the University of British Columbia and repealing the old Act of 1890-91. This Act, with its subsequent amendments, determines the present constitution of the University.

A site commission, appointed in 1910, recommended the vicinity of Vancouver and in the following year the Point Grey site was granted to the University. The grant now consists of 548 acres at the extremity of Point Grey. The waters of the Gulf of Georgia form more than half the boundary of the University campus. A tract of some 3,000 acres of Government land immediately adjoining the site and lying between it and the City of Vancouver has been set aside by the Government in order that University revenue may be provided by sale or lease.

The first Convocation, held on August 1st, 1912, chose Mr. F. L. Carter-Cotton as first chancellor of the University. In March, 1913, the Lieutenant-Governor-in-Council appointed as President of the University, F. F. Wesbrook, M.A., M.D., C.M., LLD. On April 4th, 1918, Dr. R. E. McKechnie, the present chancellor, was elec-

ted. On the death of President Wesbrook, October 20th, 1918, L.S. Klinck, Dean of the Faculty of Agriculture, was appointed Acting President, and on June 1st, 1919, President.

From its opening in 1915 till the summer of 1925, the University carried on its work in temporary quarters on part of the site of the General Hospital in Fairview.

Construction work was commenced on the Science Building at the Point Grey site in 1914, but was interrupted because of war conditions. Work on this building was resumed in 1923 shortly after the great Student Campaign. The Science Building and Library, as well as nine other bulidings, were completed and ready for occupancy in the fall of 1925.

The inauguration of the new buildings was held on October 15th and 16th, 1925, on which occasion honorary degrees were granted by the University for the first time.

In 1931, largely due to the efforts of the students in their "Stadium Drive," an excellent playing field was constructed on the campus and it is hoped that suitable seating accommodations will be provided in the near future.

Freshman Initiation

The initiation will be held on the campus. The following is a tentative program, subject to change:

Regulations:

1. The period of initiation will approximately last until the end of the second week of the first term and will end by a night of hazing.

2. Placards, displaying the bearer's name (in at least two-inch letters) **must** be worn up to and at the Frosh Reception.

3. Green is the frosh colour. You may purchase your green berets at the Curator's office (Auditorium 301) for a small fee. The green symbol will be worn in all probability the same length of time as the placards.

4. Freshman class elections will not be held until after the results of the Christmas examinations are known.

5. The Initiation Committee (headed by Vic. Rogers, M.U.S. President) will act as a court before which Freshmen desirous of being excused may appear. They will also enforce the above regulations.

Take a Hint, Frosh!

1. Carry a copy of the Handbook. Read it **right through.**
2. Attend **all** the Alma Mater Meetings called for your class.
3. Learn the U.B.C. yells so that you can support the team.
4. Know the U.B.C. songs and sing them with a will.
5. Wear the U. B. C. colours—blue and gold. Wear a class pin—it's cheap, but it means a lot.
6. Take an interest in University affairs—read the bulletin board every time you pass by.
7. Turn out for athletics—U.B.C. needs you!
8. Do your work every day. "Keeping up" is much easier than "catching up."
9. Go to the Freshman Information Bureau with your problems—they'll be glad to help you out.
10. **Remember that this is a University of sportsmen, and act accordingly.**

Freshman Information Bureau

In cooperation with Dean Buchanan and the faculty, the Students' Council have formed this year a Freshman Information Bureau.

The primary purpose of this bureau is to advise incoming Freshmen on proposed courses and extra-curricular activities. Its suggestions are not necessarily final to the Freshman but merely advisory.

The duties of this Bureau will commence on September 19th, one week before the opening of the University, and will continue until September 28th, three days after the opening.

The personnel of this Bureau consists of eight members of the Alma Mater Society, preferably Seniors. The Junior Member, the President of the W.U.S., the President of Men's Athletics, the President of the A.M.U.S., the President of the Sc.M.U.S., and the President of the Ag.M.U.S., all have permanent representation on the Bureau. The other two members are to be appointed by Council before the opening of the Bureau.

The office of the Bureau will be in the Administration Building. Freshmen are requested to apply to the Bureau for advice during the specified

time, although certain members will be on call for a week following the opening of the University.

The Bureau is a new venture in Freshman Training and it is to be hoped that it will be successful.

General Information

LOST AND FOUND—The University Bookstore is the official Lost and Found Bureau.

NOTICE BOARDS—Notice boards are placed in every University building and in the space between the Arts and Auditorium Buildings. Students are at liberty to use them; care must be taken, however, to see that the notices are neat. The official Student Council Notice Board is on the South stairway in the Auditorium building.

UBYSSEY—The "Ubyssey," published on Tuesdays and Fridays is distributed in the Common Rooms.

TELEPHONES—Pay phones are installed in all the University buildings. Toll is 5 cents to the city exchange.

SCHOLARSHIPS—Information re Scholarships, Medals and Prizes will be found in the Calendar.

MAIL—Mail is received twice daily on the campus. The letter-rack for

clubs and societies is at the head of the south stairway in the Auditorium Building. General Student Letter-racks are situated in the lower hall of the Arts Building. The official address is "The University of British Columbia, West Point Grey, B.C."

UNIVERSITY EMPLOYMENT BUREAU—The objects of the Employment Bureau are to provide students with summer employment, to provide part-time work for students during the Winter Session, and to help students to obtain positions after graduation. This service is for employers seeking help and for students desiring employment. Those who know of positions vacant are requested to notify the Bureau. Correspondence should be addressed to "Employment Bureau, Registrar's Office."

THE BOOK STORE—The Book Store, which occupies a room in the Auditorium Building, is prepared to supply all the text books required for the various courses offered in the University, also such articles as notebooks, loose-leaf sheets, fountain pens, drawing paper and instruments. During the Winter Session the Book Store is open Monday to Friday, from 9 to 5 o'clock, and Saturday from 9 to 1.

THE BOOK EXCHANGE—(Ken Beckett, Manager). The purpose of this bureau is to effect the exchange

of second-hand books between students registered at the University in a manner more convenient and certain than the haphazard method of individual lists and notices. It operates under the supervision of Students' Council, and is directed by a manager appointed by Council. The office of the exchange is located in the basement of the Arts Building, in the old "Totem" office. As the exchange was instituted for the benefit of the students, they are urged to make full use of it; those with second-hand books for sale to place them in the hands of the officers of the Exchange, and those seeking books to enquire here. Watch the "Ubyssey" for announcements.

THE LIBRARY—During the session the Library is open on week days from 8.45 a.m. to 9.45 p.m. except on Saturdays, when the hours are from 9 a.m. to 5 p.m. Further information regarding the Library is posted on the notice board in that building.

UNIVERSITY HEALTH SERVICE AND FIRST AID DEPARTMENT—Exists for the prevention of communicable diseases, to render first aid in case of accident or sudden sickness, and for the general well-being of the student body, who are at liberty to seek advice about health matters. The Medical Office is located at

306 Auditorium Building. Students can help the service materially by observing the following:

1. Rules governing Medical Physical Examination: Students who have not been examined by the University Medical Examiner within the last 5 years will report immediately to the Health Service and secure an appointment, which must be kept on the date and at the time assigned. Students who do not conform to the above regulations will be reported to the University Health Committee.

2. Vaccination against smallpox will be performed free of charge, for students who cannot otherwise secure it. All students are advised to be vaccinated.

3. Illness, however slight, especially of a communicable nature, such as the common cold, must be reported when the student becomes ill, not after recovery, and the student must report to the Health Service before returning to classes.

4. Exposure to infection: In the case of a student being exposed to infectious disease at the residence of the student or elsewhere, report must be made over the telephone for advice as to procedure. In no case may the student return to the University before receiving advice from the Health Service.

5. Athletic students sustaining injuries: Students must report to the Health Service as soon after sustaining injuries as possible. Failure to so report will result in no recommendation being sent forward to the Council in case Medical treatment is necessary, and in no case will the Health Service be responsible or undertake to treat an injury where a student has unsuccessfully attempted to treat the part over a period of time, before reporting. A signed authorization from the Health Service is necessary before students may obtain treatment for their injuries, and apply to Students' Council for financial assistance.

The above applies to any student attending the University; the Medical Service is not available to any other than athletes.

Liability for Athletic Injuries

The University Authorities, the Alma Mater Society, or any subsidiary club or organization do not assume any responsibility for the payment of damages, doctor's bills, or hospital expenses resulting from injuries to players or participants in athletics. Any compensation shall be deemed to be

a voluntary contribution at sole discretion of Students' Council.

All applicants for this voluntary contribution must fill out an Accident Report Form immediately, in order to receive a hearing of their request. These forms may be obtained from the University Health Service Department, Aud. 306. the office of the Business Secretary, Aud. 303, or from doctors selected by Council. Further, the applicants must be attended by those doctors selected by Council.

Organization of the Student Body

The Student's Council is the governing body, its nine members being elected by the students late in the Spring term. This body meets every Monday night during the term to discuss all motions for student welfare. The Presidents of the Men's and Women's Undergraduate Societies, the Presidents of the Men's and Women's Athletic Societies and the President of the Literary and Scientific Executive, represent definite bodies of student opinion. These members bring up matters relative to their own subsidiaries, but are expected to know

and discuss matters outside their own spheres.

Each of the subsidiary clubs submits a budget early in the fall to its own governing body, which in turn submits it to the Council through the club president. Budgets are then allotted by Council. In addition to club budgets, special grants may be made at the discretion of the Council.

Each club has its own executive, which is elected by undergraduates interested in the activities of that club.

The Publications Board is a semi-independent body, having no representation on Council, though the Editor-in-Chief holds an "A" position.

CONSTITUTION

of the

Alma Mater Society

of

The University of British Columbia

(Incorporated)

Schedule "A"

Section 6, 37—"Societies Act"

Editor's Note — Students' Council has decided in favor of omitting the main body of the constitution this year as it is at present being revised. We print below 2 clauses which are important and not in need of revision.

MEMORANDUM

Clause 10. "Societies Act"

For the purpose of carrying out its objects, a society may borrow or raise or secure the payment of money in such a manner as it thinks fit, and in particular by the issue of debentures, but this power shall be exercised only under the authority of the by-laws of the Society, and in no case shall debentures be issued without the sanction of an extraordinary resolution of the Society.

Clause 22 of the "Societies Act," Section 2

The by-laws of the Society shall not be altered or added to except by an extraordinary resolution of the Society.

"Extraordinary resolution" means a resolution passed by a majority not less than three-quarters of such members entitled to vote as are present in person or by proxy (for proxies are allowed) at a general meeting of which notice specifying the intention to propose the resolution as an extraordinary resolution has been duly given.

Interpretation of a Quorum—33% of the total student body shall constitute a quorum. In the case of an Extraordinary Meeting called to pass an extraordinary Motion, such as a change in the Constitution, it requires a majority of 75% of the quorum.

Exchange Editor

(To be appointed)

Three publications are undertaken by the Publications Board: The "Ubyssey," the "Totem" and the "Handbook."

The "Ubyssey," now on a firm financial basis, enters its seventh year as a 6-column, twice-weekly journal. It appears every Tuesday and Friday

noon throughout the session, except in examination weeks.

The "Ubyssey" is the University newspaper, dealing with the current events of college life. It is managed entirely by the students. A Literary Supplement published twice a year is open to contributions. The Publications Board is affiliated with the Pacific Intercollegiate Press Association, and exchange news from other colleges in Canada and the United States is featured.

The "Totem" is the University Annual, the traditional publication to the graduating class. A special staff prepares this annual, its editor being a member of the Senior or Junior year of any faculty.

The "Handbook" is that interesting little document which now rests, in all probability, between the thumb and forefinger of your left hand.

Undergraduate Exchange System

Through this scheme the National Federation of Canadian University Students hopes to most effectively serve the fundamental purposes for which it was formed. The scheme offers an opportunity to Canadian University Students, without extra ex-

pense to themselves, to receive a year's study at a university in another part of Canada.

Briefly speaking, the Exchange Scheme provides that each university, through its selection committee of a member of faculty and two students, shall nominate, on application, any number of students not exceeding one per cent of the enrolment. The only prerequisite is that the student desiring to take advantage of the scheme must have completed at least two years of study and be representative in a general way of the student body.

Through the cooperation of the various university authorities in promoting this scheme, it is provided that exchange schools are exempt from tuition fees, which, except in extreme cases, is more than sufficient compensation for the railway fee involved in effecting the exchange.

The Junior Member on Council is our representative on the N.F.C.U.S. and can give full information respecting the Exchange Scheme. Last year President Earl Vance attended the N.F.C.U.S. convention at Toronto as the U.B.C. delegate.

Curator

The Curator is the keeper of all the athletic equipment of the Alma Mater Society. He is in his office in

the south-east corner of the Gymnasium at certain hours as posted and all equipment must be obtained from him and returned to him at the end of the season. For those desirous of playing Canadian Rugby, a system has been introduced whereby a student may, after depositing a nominal sum with the Curator, obtain a complete outfit for the season. His deposit is refunded when he returns the outfit at the end of the season.

Requisition System

No bills will be honoured by the Students' Council unless they are covered by purchase order from the Business Secretary. The business houses of this city have been informed of this ruling and it will be rigidly observed by Council.

Undergraduate Societies

The Undergraduate Societies comprise the Women's Undergraduate Society, the Men's Undergraduate Society and the subsidiary class organizations.

Membership in the Undergraduate Societies is conferred automatically on all students at the University. The Women's Undergraduate Executive is composed of President, Vice-President, Secretary-treasurer, President of Nursing, representative of Agriculture, and Vice-Presidents of the other class organizations. The Men's Undergraduate executive is composed of President, Secretary-treasurer, and Presidents of the Arts Men's, the Science and the Agriculture Undergraduate Societies. The class presidents are members of the Undergraduate Society of the faculty to which they belong; thus the class organizations are connected with the Undergraduate Societies.

The duties of the Undergraduate Societies are mainly social; also, the president of each society is a member of a standing committee on discipline, see By-Law No. 31 of the Alma Mater Constitution).

The Presidents for this season are: Women's Undergraduate Society, Dorothy Thompson; Men's Undergraduate Society, Victor Rogers; Arts Men's Undergraduate Society, Stewart Crysdale; Science Undergraduate Society, J. R. A. Maconachie; Agriculture Undergraduate Society, David B. Turner.

Valedictory Gifts

The practice of presenting valedictory gifts to the University was commenced by the class of '19. Their gift was the "Arts '19 Scholarship" of $150, which was awarded annually for seven years. Other gifts were as follows:

1920—Relay Cup.

1921—Portrait of Dr. Wesbrook.

1922—$300, to be used for some University purpose later to be determined.

1923—Art collection.

1924—$443.96, for the purpose of an addition to the Art Collection begun by Arts '23.

1925—Addition to Arts '23 Art Collection.

1926—Trophy Case.

1927—Medical Equipment in Health Office.

1928—Wesbrook Memorial Seat (in front of the Library).

1929—Stone Seats in front of Library.

1930—Chancellor's Chair.

1931—Collection of documents and records connected with the early history of B. C.

1932—$500 for purchase of books in Library.

Points of Interest

THE MEMORIAL WINDOWS—The Canadian Jubilee Memorial Windows are one of the most recent additions to the Library. They are situated near the western end of the main concourse, but may also be viewed from the hallway below. Presented to the University by an unknown donor, the windows were unveiled on November 28, 1928, by the Honorable S. F. Tolmie, Premier of British Columbia.

WAR MEMORIAL — Inside the main doorway of the Science Building are erected two war memorials—one "to commemorate the supreme sacrifices and willing services of the members of the 'D' Co'y 196th Battalion, C.E.F. Western Universities in the Great War, 1914-1918;" and the other "in honour of the B. C. reinforcing platoon, 196th Western Universities Overseas Battalion, C.E.F."

THE SUN DIAL—The Sun-Dial with its oblong face and engraving of the Cairn and the Lions is a familiar object to all visitors of the Botanical Gardens. It was presented to the University in 1926 by B. S. Hartley (Professor of Mathematics—retired, 1931) who designed it especially for the position in which it now stands.

FLAG POLE—The University flagpole is at present being seasoned. It is 204 fee from base to tip. It tapers from 47 to 14 inches and contains 4,070 feet of lumber. When erected, it will take its place among the four tallest flagpoles in the world.

THE BURNETT COLLECTION—The library of the University contains a collection of curious relics, rated as the most complete representative Polynesian collection in the world. The collection was made by Dr. Frank Burnett, who, during a period of 35 years, sailed around the cannibal islands in the South Pacific.

Among the exhibits are figures of Polynesian gods, native implements, several skulls, and samples of native dress. Bill Tansley superintends this museum of relics.

STAMP COLLECTION—The University stamp collection comprises the postage stamps of Canada and the early British North America colonies; it contains many interesting stamps, dating from the time of Queen Victoria to the present day. This collection is not yet complete, and all new contributions will be welcomed. Those interested may have access to the collection through the registrar.

TOTEM POLES — The Totem Poles now situated in the Botanical Gardens were presented in 1927 by

the Alumni Association. They are from the Musquiam Reserve, Point Grey, and are the last two of the tribe. The pole on the right is the Capilano Pole, a carving of the celebrated Capilano Chief; on the left is the Tsem-Lano Pole, symbolic of the magical powers of Tsem-Lano, a great Musquiam warrior.

PAINTINGS IN THE LIBRARY—The series of paintings by John Innes which hang in the Library represent early scenes in the history of British Columbia.

GEOLOGY MUSEUM—The Geology Museum is located in the southern wing of the Applied Science Building. It contains valuable and interesting collections of material illustrative of both physical and historical branches of geology and new additions are constantly being made.

THE CAIRN—The Cairn was first set up as a memorial of the province-wide campaign in 1922, when a group of enthusiastic students marched from Fairview to the new University and dedicated the Cairn. Only a skeleton of the present University stood then.

The Cairn Service for Freshmen, which was inaugurated in 1928, has become a tradition at the University.

Eligibility Rules

ATHLETICS—The eligibility rules for athletics were found last year to be unsatisfactory. Four new systems are under the consideration of Students' Council, and a new system will be elected by the vote of the students at an early Alma Mater Meeting.

MEN'S UNDERGRADUATE SOCIETY—

1. No student shall hold a "B" office in any class executive work whose general scholarship average is less than 50 per cent.
2. The class executive of the Freshman year shall not be elected until after the Christmas exams.

PUBLICATIONS BOARD—

1. No student shall hold a "B" office on the Publications Board whose general scholastic average is less than 50 per cent.

FOR CLUBS UNDER L. S. E. EXECUTIVE—

1. No Freshman shall engage in any major activity of the Debates Union or the Musical Society during the first term should he or she obtain below an average of 50 per cent in the mid-term examinations or during the second term if he or she obtains an average below 50 per cent in the Christmas examinations.

2. No freshman shall be eligible for the Player's Club unless he or she obtains at least an average of 60 per cent in the Junior Matriculation examinations. and he or she shall be automatically disqualified for membership during the remainder of the session should he or she obtain an average of less than 50 per cent in the Christmas examinations.

3. No student shall be a member of the above clubs unless he or she is registered for at least 9 units.

4. No student shall remain a member of the aforementioned clubs should he or she fail to obtain an average of at least 50 per cent on anv set of examinations nor shall he or she be again eligibile until he or she has again obtained an average of 50 per cent.

The method for enforcing these rules for clubs other than those coming under Men's Athletics shall be: The President of the organization concerned, or his appointee, shall send a list of those concerned to the Faculty Committee on Student Affairs. This committee shall recommend to Students' Council the withdrawal from the organizations of those students who have not come up to the required standards outlined above. The final decision on this matter shall rest with Students' Council.

Athletics

It is the aim of the Men's and Women's Athletic Association to promote clean sport, and to prevent the unhealthy condition resulting from indoor work of the student. There are coaches for all sports, who give their time voluntarily and who have been star athletes. They have been carefully selected with the influence which they have on their athletes in mind; with your support they try to develop first, sportsmen, and second, a winning team.

The University does not seek to train star athletes, but to develop young and inexperienced athletes. There are many different sports and teams of all calibre in each sport; the places on teams are given without favoritism or prejudice; nationality, age, experience, pedigree, bankroll, past records, etc., do not mean a thing; the place is open for the best man. There is an opportunity for everyone who is physically fit, and we are anxious for you to take advantage of this —it is to your interest and ours. To those of you who are not capable of active physical participation, we offer positions managing these teams. This is an excellent stepping-stone to executive work.

Here we allow the freshmen the opportunity to play on any team on

which they can win a place. The Freshman classes in the past have had men on the first teams in every sport; that is the challenge that they leave. Watch the notice boards for the first practice and go on out!

GRANTING OF AWARDS

(a) The selections of winners and re-winners of awards shall be vested in the "Awards Committee" which shall be composed of:

(1) President of Men's Athletics, who shall act as chairman.

(2) Captains of first teams in major sports.

(3) One member of the Alumni appointed by the Alumni Association.

(4) One member of Faculty appointed by the President.

ELIGIBILITY FOR AWARDS

(a) Honorary awards shall be made at the discretion of the Awards Committee for particularly outstanding contributions to athletics.

(b) Members of teams winning Canadian Championships shall receive a gold emblem symbolic of the sport in which they are engaged.

(c) Athletes who fulfill the following requirements shall be possible candidates for the Big Block which shall be given entirely at the discretion of the Awards Committee.

(1) The Athlete shall be member of the first team of a Major Sport and shall have fulfilled the following time regulations.

(a) Basketball: One-half of the total playing time in league games and equivalent.

(b) Canadian Rugby: One-third of the total playing time in league games and equivalent.

(c) English Rugby: Participation in three-quarters of the McKechnie Cup Games and equivalent.

(d) Track: Five points in a Western Canadian Intercollegiate Track Meet, or particularly outstanding performance throughout the year in Track. (Points awarded 5-3-1).

(2) Any athlete representing the University, in any other sport, who has turned in performances which compare favourably with the Canadian Championship Standard in that Sport.

(d) Athletes fulfilling the following regulations and who have the recommendation of the Captain and President of the Club shall be possible candidates for the small block which shall be given entirely at the discretion of the Awards Committee.

(1) Members of the First Team in Major Sport who failed to qualify for a Big Block.

(2) Members of a Second Team in a Major Sport, subject to the time regulations for the Major Awards in Basketball, Canadian Rugby and English Rugby, and to members of a W.C.I. Track team or equivalent, or those who turn in performances which compare favorably with Varsity record.

(3) Members of First Team in Sub-Major Sport who participate in one-half meets or total playing time.

(4) Any athlete whose exceptional work in Minor Sport during the season or the Play-Offs gives him the vote of the Captain of the team and the President of the Club.

(5) Any athlete in a sub-minor sport representing the University having turned in a performance comparable with B. C. Championship Standard.

(e) Athletes in any team in any sport who have the recommendation of the Captain of the team and the President of the Club shall be possible candidates for the Plain Letter which shall be given entirely at the discretion of the Awards Committee.

(f) The Committee may consider any case which is properly brought before it and make any award which it deems fit.

AWARDS

(a) Honorary Awards. Class (A) shall be a gold pendant miniature of the Big Block, as awarded in 1930. Class (B) shall be gold pendant, in the form of a miniature block.

(b) Big Block: The Big Block to be of Gold Chenille of the first quality on a Royal Blue background. This letter to be sewn on the chest of a navy blue, pull-over sweater. This sweater to be standard. That the sweater be of very close, shaker knit. That the name of the winner be sewn in the back of the neck of the sweater. The sweater and Block to be as awarded in 1930. A royal blue band, one-half inch wide, edged with gold, to be knitted into the left arm for each time the award is won, 3 bands to be the maximum.

(c) The Block: Shall be interlinked "BC" in block letter, on a blue background.

(d) Small Block: Shall be of gold Chenille, the same as the Big Block only on a smaller scale, without the sweater.

(e) Plain Letter: Shall be an interlinked "BC" in plain letters.

PASSES

Passes or tickets to all games in which the University is a participant shall be given to:

(1) All members of the Awards Committee.

(2) All members of Students' Council.

WEARING OF AWARDS

(a) No person shall wear a lower award than the highest which he holds.

(b) No person shall wear more than one letter on the same sweater.

(c) Letters shall be worn only on sweaters recognized as standard University Sweaters or plain black sweater.

(d) No Letter Award shall be worn by others than winners of that award: this to be considered as a breach of student discipline and to be dealt with by the discipline committee of the A.M.S.

(e) No awards or other tokens of appreciation given by any club in the University shall in any way resemble the official awards made by this committee.

REPLACEMENT OF AWARDS

(a) Letters will be replaced free of charge as many times as the athlete wins them, providing the athlete turns in the old letter.

(b) Letters or sweaters will be replaced at cost providing the old letters or sweaters are turned in.

MEN'S ATHLETIC ASSOCIATION

(Bob Osborne, President)

Membership in the Men's Athletic Association is automatically conferred on all men students in the Alma Mater Society. The executive of the body composed of the presidents of all branches of sport, is responsible for the organization, supervision and administration of athletics for men.

The Association has been recognized as a local board of the Amateur Athletic Union of Canada. Any athlete intending to play on any outside team must obtain written permission from Men's Athletics; if such is not done, the athlete is liable for suspension from all amateur athletics.

To encourage a man to stick to the sport he is best suited for we give our highest athletic award to an athlete who measures up to a certain standard in that sport. However, most of the Big Blocks go to the Major sports, the small letters to the Minor sports, and the plain letters to the sub-minor sports. The second team in a Major sport has rating of Minor sport, while the third team in a Major sport and the second team of a Minor sport have sub-minor rating.

The sports are classified into four groups as follows, due to achievement and interest shown:

(a) **Major**: Basketball, Canadian Rugby, English Rugby, Track.

(b) **Sub-Major:** Soccer, Swimming.

(c) **Minor:** Badminton, Golf, Grass Hockey, Ice Hockey, Rowing.

(d) **Sub-Minor:** Boxing, Fencing, Gymnasium, Outdoors, Skating.

BIG BLOCK CLUB

(Pi Campbell, President)

This Club is entirely separate from the Awards Committee, membership being automatically conferred to holders of the U.B.C. Big Block Award. Its aims are to bring about a unity of spirit and effort for the furtherance of Varsity sport and to keep in touch with preparatory schools in order to advise prospective athletes for University sports. Members of the Club often handle the seat sale for athletic as well as Homecoming activities.

BASKETBALL

(Lorne Falconer, President)

Four teams are fielded in City leagues by the Basketball Club. Occasionally trips are made to the East, to Vancouver Island, and to Seattle for a game with the University of Washington. Other Coast teams visit our gymnasium for exhibition games.

Regular practices and coaching are available in the gymnasium. Watch the Notice Board for dates.

CANADIAN RUGBY CLUB
(Al Pike, President)

Three teams are fielded in City leagues by this Major Sport. The first team at present holds the Hardy Cup, symbol of Western Intercollegiate supremacy. A strong Senior City team is fielded and freshmen are advised to turn out for this team, the logical stepping-stone to "Big Four." Dr. Gordon Burke and Joe Price are the able Senior Coaches, while some member of the Senior squad usually supervises Freshman training.

ENGLISH RUGBY
(Esson Young, President)

The major events of the Club's activities are the McKechnie Cup series, the Miller Cup Series and the Intermediate and Freshman Series. An "English Rugby Club Pep Meeting" is a yearly feature, usually to give publicity for some important match. It is the aim of the Senior team to carry off the McKechnie Cup, and they have succeeded 4 times since the inception in 1923. Last year E. L. ("Buck") Yeo brought his vast coaching ability to the aid of the English Rugby Club and it is hoped that he will take up the work again this year.

Hours of practice will be posted on the Notice Board and in the "Ubyssey."

TRACK CLUB
(Max Stewart, President)

Track, one of the four major sports, has just completed a very successful year. Under Mr. Brandreth, their able coach, the Club is looking forward to another good year. In the Spring U.B.C. engages the College of Puget Sound in a dual meet at Tacoma. Negotiations are under way to see if Washington Frosh can be brought here in October and, if finances can be arranged, a team may be sent to Saskatoon for the Western Intercollegiate Meet. Following is a detailed outline of this year's programme:

Sept. 28—Varsity vs. Frosh.

Oct. 5—Arts '30 Road Race.

Oct. 12—High Schools vs. Varsity.

Oct. 19—U. of Washington Frosh vs. Varsity (tentative).

Oct. 26—Varsity vs. Y.M.C.A.

Feb. 1, 1933—Cross-country Race—(Points count on Governor's Cup).

Feb. 15—Arts '20 Relay—Old Fairview Buildings to present site—an interclass competition. (Points to count on Governor's Cup).

March 1—Interfaculty Track Meet.

March 8—High Schools vs. Varsity.

March 15—Inter-class Track Meet (Points count on Governor's Cup).

March 22—U. B. C. at College of Puget Sound, Tacoma.

SOCCER

(E. H. King, President)

The Soccer Club fields two teams each year, one in the second division of the V. & D. League and the other in the Junior Alliance. Much rivalry has sprung up between classes and soccer supremacy is settled by a knock-out competition in the second term. All men interested in soccer are requested to communicate with the president through the letter rack.

SWIMMING

(Norm Gustafson, President)

The Swimming Club is an organization for men and women. Many U.B. C. swimmers, under Coach Norman Cox, were improved to such an extent that they performed creditably in the trials for the recent World Olympics. A tank is engaged for two or three nights a week and the hours of practice will be published in the "Ubyssey." Competition is carried on with prominent Vancouver clubs, while the feature inter-class meet is held in November, for the Allan and Boultbee Trophy. A small membership fee is charged in order to defray expenses such as the rent of the tank.

GOLF

(Bill Castleton, President)

The Golf Club is open to both men and women, and has gone ahead rapidly since the opening of a beautiful 18-hole course on the campus. A Handicap tournament is held before Christmas and an Open Tournament after Christmas. In addition to this, a yearly match with the University of Washington has been inaugurated. By purchasing membership cards in the Club, students are afforded a cheaper rate at the course.

MEN'S GYMNASIUM CLUB

This Club is open to all men students of the University. It purposes to give all men organized physical training. Classes which include floor work and apparatus are held weekly in the gymnasium under and experienced instructor.

ROWING

(Edgar Vick, President)

The Boat Club uses the premises of the Vancouver Rowing Club. An interfaculty race is held in the Christmas term and races with Brentwood College, Vancouver Rowing Club and the University of Washington take place in March.

BADMINTON
(Ken Atkinson, President)

The Badminton Club enters teams in the Vancouver and District League; intercollegiate games are arranged whenever possible. An Annual Tournament is held in the Spring for the Championship of the University. Practices will be held in the gymnasium.

FENCING

The Fencing Club is a Men's and Women's organization open to all interested. There is a cup for competition within the Club, coaching is provided, and if enough talent is forthcoming, there will be a meet with the University of Washington.

ICE HOCKEY
(Dick Briggs, Manager)

The Ice Hockey Club enters two teams, an Intermediate and a Junior. Although no major titles have been won recently, practices and games at the Arena provide excellent training for those interested.

GRASS HOCKEY CLUB

The Club has entered two teams in the Mainland League for the past four years and other games have been played at Victoria and Duncan. The club is anxious to obtain new members and all interested are asked to watch

for notice of meetings in the "Ubyssey."

OUTDOORS CLUB

A Club for those students who are interested in mountain climbing and skiing. Hikes are held nearly every week of the fall term. During the Spring term the Club's cabins on Grouse Mountain are the headquarters for skiing activities on the Plateau and neighbouring ridges.

TENNIS
(Reginald Price, President)

The U. B. C. Tennis Club has just finished its first season and some excellent material was uncovered. Program for the coming year includes a Fall tournament, one or two dances, matches with Faculty members, and intercollegiate competition in the Spring.

BOXING CLUB
(Ernest Brown, President)

The purpose of this Club is to promote intercollegiate boxing and to coach inexperienced men. A statement of physical fitness must be handed in by each applicant. There is also a small fee for coaching expenses. Boxing is regulated and governed by intercollegiate rules; weights range from 112 pounds to 175 pounds and over.

INTER-CLASS ATHLETICS

The Governor's Cup, donated for inter-class athletics, is competed for during the entire year by the various classes. In this way all students able and willing to take part in athletics are enabled to show their ability and help their class in a really tangible way.

The big athletic, intra-mural event of the year has always been the Arts '20 Relay Race. Each Spring every class turns out a team of eight men to compete for the cup.

The Arts '30 Inter-Faculty Road Race will be held in the Fall term. This race is run entirely on the Campus, each team consisting of eight men.

WOMEN'S ATHLETIC AWARDS

Honor: Isobel Macarthur, Pres. W.A. A. (a).

Big Block Re-Winners:

Jean Whyte — Phyllis Boe
Gladys Munton — Mary McLean

Big Block New Winners:

Muriel Clarke — Elmi Teppo
Andree Harper — Dorothy Johnston
Betty Hicks
Dorothy Rennie — Phae Van Dusen
Mary McDonald — Ellen Gleed

Numerals:

Jo Reid — Eileen Parkhill
Lois Stonehouse

WOMEN'S ATHLETIC ASSOCIATION

(Ruth Witbeck, President)

Membership in this society is automatically conferred on all women students interested in athletics. Meetings are called periodically for discussion of athletic problems. The executive consists of President, Vice-President, Secretary-Treasurer, presidents of the subsidiary clubs and athletics, and representatives from the various classes. The Executive is the only medium between the athletic clubs and Council.

WOMEN'S BIG BLOCK CLUB

(Irene Ramage, President)

This Club has been organized only a year, its purpose being to maintain a high standard of athletics among the women and to assist freshettes in selecting their sport. It also serves to link up the major sports, as members of the Club must be winners of a Big Block in their own particular sport. The Awards Committee of the Club has power of suggesting outstanding students for the Big Block award, the final decision being left to the W.A.A.

BASKETBALL

(Gladys Munton, President)

This Club enters two teams in the City League. The Senior "A" team is considered a Major team and members receive Major awards. Regular practices will be held in the gymnasium. Exhibition games are held with visiting and local teams.

GRASS HOCKEY

This is the only outdoor sport for women at the University. Two teams are entered in the Lower Mainland League, and matches will be arranged with Victoria College and Duncan. Regular practices will be held on the campus, with all equipment being furnished by the Club.

GYMNASIUM CLUB

(Jean Campbell, President)

The purpose of this Club is to give physical training to girls by means of exercises, apparatus work and aesthetic dancing. The Club will meet under the supervision of a trained instructress, on Thursday afternoons from 4 to 5 in the gym. Any woman student is eligible for membership.

INTER-CLASS ATHLETICS

The Spencer Cup for inter-class athletics corresponds to the Governor's Cup in Men's Athletics. The Relay Cup is also competed for in the annual meet.

Under the supervision of the executive of the association, competitions are held in Basketball, Swimming, Track and Hockey.

TRACK

In conjunction with the Men's Track Club, an inter-class meet is held in the Fall term, the feature trophy being the Arts '25 cup.

NOTE—See Men's Athletics for information regarding Badminton, Fencing, Skating, Swimming and Tennis for women students.

Literary and Scientific

THE LITERARY AND SCIENTIFIC EXECUTIVE

(G. Neil Perry, President)

This executive presides over such phases of student activity as may be termed cultural and instructive. By means of regular meetings the executive is able to act as a medium between the Student's Council and those clubs and societies under its control.

LETTERS CLUB

(Sydney Petit, President)

The Letters Club, now in its fourteenth year, meets every second week for the discussion of literature in all branches. Membership is limited to twenty elected members of the two upper years, who are responsible for the program of the reading of prepared papers, followed by informal discussion bearing on the topic. The Club executive includes a critic whose function it is to criticize the style of the author and the way in which the paper is read.

INTERNATIONAL RELATIONS CLUB

Formed under the auspices of the Carnegie Endowment for International

Peace, this Club purposes the study of International Affairs. Selected publications are sent out each year to form a permanent library. Students who show a genuine interest in the purpose of the Club and who have completed their Freshman year are eligible for membership.

MUSICAL SOCIETY

(Dr. W. L. McDonald, Hon. Pres.)
(Terence Crowley, President)

The Musical Society aims to cultivate and encourage an interest and appreciation for music, and at the same time provide an opporunity for students to enrich their knowledge of music. To accomplish this they have planned noon-hour recitals to be presented throughout the year, presenting vocal and instrumental solo work as well as choral and orchestral selections. The final production of the year will be in the nature of a Gilbert and Sullivan Opera, staged by a competent producer and musical director, under the guidance of an advisory council. Admittance to the Society is by private try-outs conducted early in the fall term. The cast for the Opera will be selected later by separate try-outs. A nominal membership fee is charged to cover activities not budgeted.

PLAYERS' CLUB

(Bill Cameron, President)

The Player's Club is probably unique in the field of amateur theatricals in Canada. Founded a few weeks after the opening of the University in 1915, it is today one of the most active campus organizations, leading the way in dramatic activities. Excellent facilities for finished performances are available on the Auditorium stage, part of the equipment of which was contributed by the Player's Club.

Membership is limited to 70, sixty of whom have passed competitive try-outs; the ten as a result of technical skill. A prize of $50 is offered to the student submitting the best play suitable for the Club's Annual Christmas Performance.

The annual Spring Play has become a feature entertainment in twenty towns throughout British Columbia. Since 1915, more than 300 performances have been given. In this way the Club has become a valuable connecting link between the University and the province at large.

FRENCH CLUBS

Three Clubs, L'Alouette, La Causerie, and La Canadienne, have been organized for the purpose of encouraging fluency in the French tongue and promoting interest in French life

and manners. Fortnightly meetings are held throughout the session, the programs consisting of games, songs, lectures, conversation and refreshments. Members are chosen mainly from the two upper years, and a few vacancies are reserved for Fall applications.

THE GERMAN CLUB

The aim of Der Deutsche Verein is to promote interest in the life and culture of Germany, and to provide opportunities for interested students to gain fluency in conversation. Membership is limited to students of the two upper years.

HISTORICAL SOCIETY

(Willard Ireland, President)

This Club was organized to give students of the Upper Years a fuller understanding and appreciation of history. Meetings are held every twc weeks, at which prepared papers are read by various members on historical subjects. This is followed by informal discussion bearing on the topic. Membership is limited to twenty members of the Upper Years. At present there are 2 vacancies to enable students from Victoria College, entering their third year, to become members.

PHILOSOPHICAL SOCIETY

(H. T. J. Coleman, Hon. President)
(George Kellett, President)

The Philosophical Society meets every three weeks to discuss problems of general or particular interest. A limited number of students from the two upper years comprises the membership, and provides the program. Emphasis is laid on student papers, followed by criticism and informal debate. A few vacancies are reserved for Fall applications.

GUIDE CLUB

This Club has been organized so that Girl Guides may continue their interest in guiding while at the University. Pressure of work usually prevents active Guiding but through the Guide Club members can follow the work and development of the movement. Meetings will be held once a month, when talks will be given on Guiding in general. The Club is open to all Girl Guides, but at present is limited to a membership of thirty.

VARSITY CHRISTIAN UNION

The Union has for its object the defense and proclamation of the fundamental truths of the Christian Faith, and especially the need of closer relationship with God, which is possible

only through the redemption offered by Jesus Christ. It desires to present a witness, both spiritual and intellectual, to the truths of historic, evangelical Christianity. It is affiliated with the Inter-Varsity Christian Fellowship of Canada. Its activities include daily noon-hour meetings, several dinners and informal squashes during the session, services in city churches, and a conference each term with the University of Washington.

STUDENT CHRISTIAN MOVEMENT

(Bob McMaster, President)

The Student Christian Movement on the campus is open to all students regardless of creed and colour. The only qualification is a real interest in the "raison d'etre," and an honest attempt to work out an intelligent philosophy of life. Its activities consist of:

1. Weekly study groups on the Life and Teachings of Jesus.
2. Study groups on problems of modern life;
3. Occasional week-end discussion camps;
4. Spontaneous, informal evening groups in home of members.
5. A spring camp for one week at the end of the spring term.

BIOLOGICAL DISCUSSION CLUB

(Art Elliot, President)

The aim of the Club is to further the interest of undergraduate students in biological topics. Membership is limited to twenty-five students: Upper class students in biology, and second year students who have taken Biology 1 and are taking either Zoology 1 or Botany 1. Fortnightly meetings are held at which papers are presented by members of the Club and Faculty.

THE ART CLUB

(Marjorie Greenwood, President)

The Art Club was organized four years ago with the intention of promoting interest in different branches of Art among students. The work of the Club consists of sketching, painting, cartooning, sculpturing, and discussions and lectures on Art subjects.

ENGINEERING INSTITUTE OF CANADA

This Club is organized as a student section of the Vancouver Branch. Membership is open to third, fourth, and fifth year Applied Science students. Meetings are held during the University session, at which addresses are given by prominent engineers in the province and members of the Uni-

versity Faculty. Student nights are held at which papers are presented by student members, for which prizes may be awarded. On Saturday afternoons visits are made to engineering projects and works in the vicinity of Vancouver. A dinner is held in the fall term and other social events may be arranged.

THE RADIO CLUB

The objects of this Club are to promote an interest in radio communication and experimental work, and to extend the knowledge of the principles of radio by individual and collective research. Meetings are held weekly when papers on suitable topics are given and discussed. All students nterested in radio are eligible for membership.

UNIVERSITY PARLIAMENTARY FORUM

(Victor Dryer, President)

This is an organization formed two years ago to promote interest in public speaking and debating. Meetings will be held fortnightly and will be conducted according to British Parliamentary Procedure, with a Speaker and organized parties. Debates will cover topics of current events.

G. M. DAWSON GEOLOGICAL DISCUSSION CLUB

(Arthur Buller, President)

This Club meets every two weeks during the season. to present and discuss papers on geological and mining subjects. An outside engineer is secured for each meeting to speak on some problem with which he is familiar.

Qualifications for membershp are: One summer's work on a geologcal survey and two courses in geology; or four courses in geology. These courses need not be taken before membership but must be taken before the end of the first year of membership.

LITERARY FORUM

(Isobel Arthur, President)

The Literary Forum, formerly the Scrap Book Club, whose members are women of all years, was last year able to conduct an entertaining and instructive program consisting of literary papers followed by discussion, criticism of plays, and light impromptu debating and public speaking. The Club will engage in similar activities this year.

CANADIAN OFFICER'S TRAINING CORPS

(Com. Officer, Col. H. F. G. Letson)

The Corps offers a three-year course in Military Education. The training requires attendance at lectures and drill parades which are arranged so as not to interfere with academic work. An annual camp is held at Victoria during the Christmas vacation. The Rifle Association, now a permanent organization, is open to corps members, who may take part in various service and miniature range competitions and Dominion matches. A C.O.T.C. Ball is held usually in the second term.

CHEMISTRY SOCIETY

(Molly Bardsley, President)

The object of this Club is to create an interest in matters pertaining to chemistry, rather than to supplement the knowledge of the class-room. It affords students an opportunity of reading and listening to papers on all phases of the science. Membership is limited to those students taking Chemistry 3 or higher. However, open meetings are held throughout the year at which prominent outside speakers and members of Faculty speak; all interested are cordially invited to attend such meetings.

FOREST CLUB

The aim of the Forest Club is to create interest in forestry in all its phases. Instructive and interesting lectures are given by prominent members of the lumbering industry, forestry profession and the faculty. Papers are also read by the student members. Although intended primarily for Forest Engineering Students, the Club is open to all interested in forestry.

AGRICULTURE CLUB

The object of this Club is to create interest in the various phases of Agriculture. A series of noon-hour lectures is arranged, and evening meetings are held every two weeks. Public speaking is encouraged by an annual oratorical contest, and by minor debates throughout the year. Interest in livestock is stimulated by an annual judging competition taking place at the Experimental Farm at Agassiz. The feature event of the year is the Club banquet, held in the spring, at which trophies are presented for the oratorical contest and for the livestock judging competition. Membership is open to all students interested in Agriculture.

CLASSICS CLUB

(Max Humphrey, President)

The Classics Club was formed for those members of Upper years who are interested in classical subjects. The Club meets every three weeks during the term when students give papers on various aspects of the Greek and Roman civilization. Two papers are delivered each evening, and discussion, led by the members of the staff of the Classics Department, follows.

MATHEMATICS CLUB

(R. V. McLean, President)

The Mathematics Club was founded for the purpose of discussing problems and methods that are not included in the curriculum. Papers are given by professors and members, who number twenty-five, and are chosen from honour students of the two upper years and graduates. Meetings are held fortnightly.

LAW CLUB

The purpose of the Club is to provide an introduction to the study of jurisprudence for all students interested in Law. Meetings are held fortnightly, and usually take the form of mock trials, in which every member participates in some capacity. Quite frequently a speaker secured from among the practising lawyers and

judges of the city gives an address upon some of the aspects of Law. The Club has made a beginning in acquiring a collection of law books. The ultimate aim is to work for the establishment of a Law Faculty at U.B.C.

THE CHESS CLUB

(Reed Fordyce, President)

The Chess Club was founded in 1926 in response to the interest displayed in the game. Tournaments are held during each term and matches with other clubs are arranged. The feature event is the annual Handicap Tournament.

THE PHYSICS CLUB

(Pat McTaggart-Cowan, President)

The aim of this Club is to enable students of Physics to hear papers on the latest developments in that subject, and to provide them with an opportunity to gain experience in the preparation and delivery of such papers. In order that these ends may best be attained, three short papers on different subjects are usually delivered at each meeting. Membership is open to all students taking one or more Physics courses.

Fraternities

Fraternities have existed at U. B. C. for a number of years ,and have become an integral part of the life of the campus. They are essentially social organizations among the ment and women. Men's fraternities are governed by an Inter-Fraternity Council, and Women's by the Pan-Hellenic Association, which bodies are made up of representatives from each fraternity and a member of Faculty. With Council, they have formulated a set of "rushing" rules which outline both the obligations of fraternity and "rushee" in this matter. Make it your business to know these rules. A set may be obtained on application to the Inter-Fraternity Council.

Because the aim of the fraternity is to bring together in a close bond of brotherhood such men who have similar tastes, talents, or ambitions, it must necessarily follow that none can join except on invitation by the members. If an invitation is extended you, do not decide hastily—**a good fraternity will not try to force you to a decision immediately.** You will be no better or worse for having declined or accepted an invitation. A fraternity may be a distinct help or it may be a hindrance. It will not raise you to sudden eminence among your fellows;

the best it can do is to inspire you to greater endeavors and higher achievements. There is mutual helpfulness in the intimate association of like-minded men, but be sure to retain your own individuality. Before joining ask yourself these questions: How are the character, reputation, and ideals of the chapter? How does it stand scholastically? What is the cost of its dues, assessments, room rent, initiation fee and so forth?

Do not allow your membership to interfere with your personal ideals. You will find that some of your warmest friends will be made among non-fraternity men. Many of the leaders on the campus will be non-fraternity men. Do not feel slighted if you are not invited to become a member of a fraternity. It is no reflection upon your character, capacity, or personality. Nor should you do yourself the injustice of becoming an "anti-frat." And above all, remember that your University comes first; that we all belong to that **Fraternity which surpasses all—U.B.C.**

Social Events

FROSH RECEPTION—A dance given in honour of the incoming students. The Freshmen are expected to mingle with members of the upper classes. Introductions are not necessary. One ticket only is allowed each undergraduate. Takes place about the second or third week of the fall term.

HOME-COMING — The Annual Home-Coming Week-End is celebrated early in November. It is intended to bring the Alumni into closer contact with the students and includes various entertainments in honour of the graduates. One of the features is Theatre Night, at which each class puts on some short act.

UNDERGRADUATE BALLS — Each Faculty is allowed to give one general dance during the year. Of late the supply of tickets has been somewhat limited and it is sometimes difficult to obtain tickets for a dance unless you are a member of the Faculty in charge. The Arts Ball is held about the middle of November. The Aggie Ball takes place about the end of January and the Science Ball about the middle of February.

CLASS PARTIES—Each class of each Faculty is allowed to hold one class party during the year. Members

only of the class holding the dance are admitted. Class fees pay for these dances.

HI-JINX—An annual fancy-dress party for women students only. Any male students attending this dance in disguise will be severely chastised. The Women's Undergraduate Society takes charge of all arrangements. A small admission fee is charged. Takes place during February.

MUSICAL SOCIETY CONCERT—Each Spring the Musical Society gives a concert in the Auditorium, to which the public is invited. Several light operas have been staged with great success by the Society. An admission fee is charged.

CHRISTMAS AND SPRING PLAYS—Late in the Fall term the Player's Club presents four representative plays (including the Student Prize Play) in the auditorium for students only. Admission is free. The Club also presents a Spring Play late in the Spring term which is open to the public. An admission fee is charged. (See note on Player's Club for details of try-outs, Spring Play, etc.)

CO-ED BALL—A dance arranged by the Women's Undergraduate Society to which the women students invite the men. Takes place during the latter part of February.

Songs

Hail, U.B.C.

(Verse)

We wear the blue and the gold
of the victors,
We are the men of the U.B.C.
All other teams acknowledge us
masters.
We are strong in adversity.
Work for the day and work for
the morrow,
We are the ones who will do our
share.
Shouting in joy and silent in
sorrow,
Bravery conquers care!

(Chorus)

Hail! U.B.C.,
Our glorious University;
You stand for aye
Between the mountains and the
sea;
All through life's way,
Let's sing Kla-how-yah Varsity.
Tuum Est wins the day
And we'll push on to victory!

Harold King,
Education '32.

Alma Mater

Alma Mater, guardian of our youth,
Fair is the laurel wreath that crowns thy brow,
Friend of our country and the friend of truth
Thy children hail thee now.

Alma Mater, daughter of the years,
The great of other days are with thee yet;
Speak thou their high faith in our duller ears,
Forbid us to forget.

Alma Mater, watcher of the hours,
Thou lookest on the mountains and the sea,
And rulest in the might of other powers
In loftier majesty.

Alma Mater, feeder of the flame,
High hopes and noble purposes are thine—
On us, whose pulses quicken at thy name,
Grant that the light may shine.

Alma Mater, mother of our love,
Many the paths we tread in future days—
Yet naught that time shall bring can e'er remove
Thy memory or thy praise.

—H. T. J. Coleman.

Sons of Western Highland

Sons of Western Highland
Forest, field and island,
Raise a shout for Varsity;

Sons of ancient glory
Told in song and story,
Lead on out for U.B.C.

Onward, onward!
This the battle cry
Forward, forward!
For our hearts are high.

Sons of story olden,
On to glory golden,
Win the fight for U.B.C.

Hi! Hi! The Varsity

It is the work of all the land
To build up now what they began;
So join with us and lend a hand
To build the future Varsity.

(Chorus)

Hi! Hi! the Faculty,
The Students of the U.B.C.
Hi! Hi! the Varsity!
We're working for the future.

My Girl's a Hullabaloo

My girl's a hullabaloo,
She wears the Gold and Blue;
She goes to Varsity too
Just like the others do.

(Chorus)

And in my future life
She's going to be my wife.
How in the world d'ja find that out?
She told me so.

She goes to all the games
Just like the other dames,
I fork out all the change
Just like the others do, etc.

When we go walking
She does the talking,
I do the squeezing,
She does the teazing, etc.

As we grow older
She will grow bolder,
And she will hold her
Head on my shoulder, etc.

There is a Tavern in the Town

There is a tavern in the town, in the town,
And there my dear love sits him down, sits him down,
And drinks his wine 'mid laughter free,
And never, never thinks of me.

(Chorus)

Fare thee well, for I must leave thee,
Do not let the parting grieve thee,
And remember that the best of friends must part.
Adieu, adieu kind friends; adieu, adieu, adieu;
I can no longer stay with you, stay with you;
I'll hang my harp on a weeping willow tree,
And may the world go well with thee.

Come in all your fighting trim,
Come in all your strength to win,
Come and show your spirit for the Blue and Gold,

Come and shout your war-cry out
With all your power and might,
And whate'er we do, we will all be true
To our cherished University.

Here's to dear old U.B.C.,
Here's to dear old U.B.C.,
Hearty are the men who wear the Blue and Gold,

We'll send across the land our ringing cry. (Rah! Rah!)
Hail to dear old U.B.C.
Her fighting spirit cannot die.
Even when our luck is gone,
We'll carry on for U.B.C.

Vera Peters, Arts '33.

Hail to the Gold and Blue

Sons of our Alma Mater.
Gird you against the foe,
Count not the cost but fight boys,
And on to victory we'll go.
Hearts that are never weary,
Hearts that are brave and true,
Glorious the cause and worthy,
Hail to the Gold and Blue,

When in thy halls we gather,
May hope attend our way,
When from thy courts we wander,
Let faith and truth alone hold sway.
Go forth in exultation,
Ever our pledge renew,
Source of our inspiration,
Hail to the Gold and Blue.
