# Engineers Climb to Dizzy Heights As Selby Leads Science To Victory

## ARTS '30 CUP WON BY SCIENCE, THEOLOGS SECOND; SCIENCE BUILDING A COLOSSEUM, FACT-SEEKERS GLORY OVER HEADS OF ARTISTS

Enthusiastic spectators, crowding both sides of the road east of the Cairn and swarming like so many flies at advantageous points on the Science building on Wednesday, saw start and finish of one of the most interesting and keenly fought athletic events that has ever taken place within the precincts of the University when three teams composed of Science men, the Anglican Theological College and Arts '30 made a fine bid for victory in the Arts '30 Road Race. After a gruelling 2 1-2 mile course around the Campus victory was finally attained by the Sciencemen with a low score of 48 points to A. T. C.'s 60 and 64 by Arts.

points to A. T. C.'s 60 and 64 by Arts

The gun was fired at exactly 3.30 and the runners started at a sharp and by no means easy pace down the wet road, followed by the roars of the crowd. At the bottom of the hill from the auditorium. Dunn, of Arts, and Selby, of Science were slightly ahead and running side by side. D. Carey and Thornber both Sciencemen, were a few steps behind with the main group plodding at their heels. The auditorium hill weakened some of the competitors and the race now spread itself out. At the second time past the Cairn, Dunn and Selby were still running at the same inexorable pace side by side, never slackening off a moment. Carey, with Thornber at his heels, followed ten yards behind, and still further in the rear came Root, Hammett, King, Theim, Lesson and

Hammett, King, Thein, Lesson and

The auditorium hill in the third lap spelled defeat for Dunn. For two laps he had kept up a pace with Selby and now in the middle of the terrific fight up the slope, the latter seemed to fairly fly forward, and by the time the level was reached he was 10 yards ahead. The spectators on that side pronounced it a wonderful example of running. Selby now kept the lead. Dunn was just behind, followed by Carey who was running well and had drawn ahead of Thornber, 15 yards in their wake came Hammett, Root, King and Thein, but they were perceptibly weakening.

And now in the last time around, the excitement grew intense. The runners were all holding out by main

### ARTS '30 CUP

Won by the faculty of Science as a result of its victory in the marathon road race Wednesday afternoon. This cup was presented by Arts '30 for annual inter-faculty competition at the University.

# Gym. Arrangements Near Completion

Most of the obstacles preventing immediate work on the construction of the proposed University gymnasium are now removed states R. Tolmie, president Students' Council.

Council has been working on the problem for some time. Mr. Tolmie's report follows:

"Council wishes to announce that the final arrangements for the gym are at last nearing completion. We have gone through a long period of anxiety, but at last we can almost heave a sigh of relief.

The Provincial Government has consented to fulfil the functions which it formerly intended to fulfil. It has furnished us with architectural plans. It will supervise the building and supply a building-inspector to make certain that the plans are being adhered to. And it might aid the holding-trustee and ourselves by calling for contracts through the Department of Public Works.

As for the holding-trustee, Mr. W.L. Reid has agreed to the final trust deed, and is all ready to begin his duties. The only thing he has to wait for this money.

The delay of the last few weeks has occurred in connection with the flotation of the loan (a sum not to exceed $37,500.00). It is the firm of Pemberton and Sons that is undertaking to float the loan. The legal advisers to Pemberton & Sons have been proceeding slowly and carefully on this loan. Our last message from them was that they were considering the scheme favorably, but that there were several legal hitches which had to be removed. They are preparing a list of draft resolutions which they will require to be passed by the Alma Mater Society before they will sign the bonds, and likely these resolution will entail a more formal amendment to our constitution to cover the gymnasium scheme.

That is what is delaying us now. As soon as they submit the draft resolutions, we shall post a notice for an Alma Mater meeting. Ten days after posting the notice (as required by our Constitution) our Alma Mater Meeting will be called. To pass the amendment, thirty-three per cent. of the registered students have to be present. Further notice will be given in Tuesday's "Ubyssey;" but please remember that a quorum must be present at that meeting. Any further delays will be caused by ourselves. Let us see to it that we do our part at that meeting, about two weeks hence."

J. ROSS TOLMIE.

# Seniors Stage Snappy Soiree

The evening of Tuesday, October 29 was a scene of gay festivity when the Senior class held one of the first of its class functions for th eyear, at the Willow Hall. Under the able supervision of the class committee, the hall was decorated artistically with Hallowe'en bats, skeloton and pretty colored streamers, that put fear, even, into the hearts of the most fearless of the gate-crashers. Splendid music rendered by the Hotel Belmont Orchestra added to the pleasure and enjoyment of the Seniorites, who, led by the illustrious Bill Turpin, of years gone by, wobbled and clouted the famous Varsity drag to the scintillating rythm.

Tasty refreshments and drinks were served to the sweltering mob of students who swarmed gallantly around the punch bowl to receive a goblet of the precious fluid for their lady-loves. Sandwiches and delightful cakes, that the senior women finally learned to make after four years study, were part of the offering. After the interval of eating and President Murphy's request to dispose of dishes, the dancing was resumed, and at the stroke of one, the happy crowd dispersed.

Patrons and Patronesses for the dance were Mr. and Mrs. F. G. C. Wood, Mr. and Mrs. H. T. Logan, Dr. G. G. Sedgewick and Mrs. Sedgewick and Miss M. L. Bollert.

Assisting on the Committee were: Misses Mamie Maloney, Claudine Tait, Esther Eddy, Marjorie Laurie, Jean Andrews, Messrs. Harold Mahon, Lionel Lang and Alan Chandler.

**ARTS '30 TEA DANCE**

**Come after the games.**

**Admission 25c at the Door**

# Senate Sanctions Reorganization Of C.O.T.C.

The Canadian Officers Training Corps will be permitted to re-organize at the University of British Columbia according to the decision reached at a recent meeting of the Senate. After careful deliberation it was decided that to permit the C.O.T.C. to function would be in the best interests of the University.

The stand taken by Senate is explained in letters received by the president of the A.M.S. from the acting-president of the University and from the secretary of Senate. Copies of the letters follow:

Mr. Ross Tolmie,
President of the Alma Mater Society,
The University of British Columbia.

October 23, 1928.

Dear Mr. Tolmie:

The Senate received and sympa-

(Continued on page 2.)

## Coming Events

FRIDAY, NOV. 2—
- Address by Maneck Anklesairia, auspices S.C.M., Arts 100, 3 p.m.
- Pep Meeting, Auditorium, noon.

SATURDAY, NOV. 3—
- English Rugby, Varsity vs. Vancouver, Brockton Point, 2:30 p.m.; followed by tea dance at Rowing Club.
- Canadian Rugby, Varsity vs Vancouver, Athletic Park, 2:30 p.m.
- Soccer, North Vancouver Ex-High vs Varsity I., Kerrisdale Park, 2:45 p.m.

MONDAY, NOV. 5—
- Occupation Lecture, Prof. W. E. Duckering, Ap. Sc. 102, 12:10 p.m.

TUESDAY, NOV. 6—
- S.C.M. Lecture, "Relation of Christianity to Non-Christian Religions," Rev. A. H. Sovereign, M.A.; Ag. 100, noon.

THURSDAY, NOV. 8—
- Science Banquet, Hotel Georgia, 7:30 p.m.

FRIDAY, NOV. 9—
- Pep Meeting, Auditorium, noon.
- Basketball and Dance, V.A.C. gym.
- Agriculture Class Party.

SATURDAY, NOV. 10—
- Alumni Dinner, noon.
- Canadian Rugby, Varsity vs Victoria, Athletic Park.
- Homecoming Theatre Night, Auditorium, 8 p.m.

SUNDAY, NOV. 11—
- Service, St. Marks.

MONDAY, NOV. 12—
- English Rugby, Varsity vs Edmonton, Brockton Point.

# HISTORY OF FAMOUS TROPHY IS OUTLINED

In 1889 the McKechnie Cup was presented to the British Columbia Rugby Union by Dr. R. E. McKechnie, for competition in English Rugby. This cup is symbolic of the provincial championship and was first contested for by Nanaimo, Victoria and Vancouver. After several years Nanaimo dropped out. Varsity entered the series and won the cup for three consecutive years, losing it in 1926. In 1927 it came back to U.B.C. but was lost last year after several very closely contested matches. This year the Club expects a repetition of two years ago, when they started out poorly in the Miller Cup series but ended up with the Provincial Championship and the McKechnie Cup.

**Wire Greetings to U.B.C. on Theatre Night**

# Completion of Home-Coming Program Augurs Well for Week-end Festivities

## PEP MEETING AND THEATRE PARTY FEATURE IN SOCIAL PROGRAM

A basketball dance, a theatre party, a church parade and two rugby games are features of the arrangements for the Home-coming week-end, Nov. 9-12. The festivities will last for four days, commencing with a pep meetiug on Friday noon and ending with the English Rugby game on fonday.

A monster pep meeting, sponsored by the Canadian Rugby, the English Rugby, and the Home-coming committee, will be held on Friday at noon in the Auditorium. On Friday evening two basketball games followed by a dance will take place in the new V.A.C. gymnasium. The men's Senior "A." team will meet a team representing the Alumni while the senior girls will probably play Meralomas or the Felixes. A word is necessary for those who are not acquainted with the hall. It has a wonderful new dance floor, and a seating capacity for 800 people. The gym. is situated at Athletic Park at the corner of Fifth Avenue and Hemlock.

An Alumni dinner is the first event of the programme for Saturday. After the dinner the Grads. will journey to Athletic Park where they will meet the Undergrads. The last game of the Big Four season between Varsity and Victoria will be played.

A theatre party in the Auditorium will constitute the programme for Saturday evening. Skits and plays by various classes and organisations will be presented. Yells will be given by opposing Faculties to add to the entertainment of the night. Council regrets that the Freshmen will not be allowed to attend this performance owing to the lack of accommodation in the Auditorium.

A special service will be held at St. Marks church on Sunday morning when the Rev. A. S. Sovereign will be in charge. The graduates and undergraduates will attend in a body.

The Edmonton English Rugby will play Varsity on Monday, November 12, at Brockton Point. With this event the celebration of Homecoming will be completed.

### THE LIPTON CUP

The Lipton Cup, emblematic of the Provincial Championship in Canadian Rugby was offered for competition for the first time last year. After a keenly contested season the trophy was captured by the Blue and Gold and has since been on display in the library show-case. If Varsity wins the game on Saturday, ownership of the cup for another year is practically assured.

# "Cambridge" is Subject of Address by Dr. Ashton

Another of the popular S. C. M. lectures was held in Agric. 100, Tuesday noon when Dr. H. Ashton was the speaker and chose as his topic, "Cambridge," illustrating his remarks with lantern slides.

Dr. Ashton is a Cambridge graduate himself and knows his subject from personal contact with that University world. He told of the feeling for Cambridge that was created by a collection of memories stored in the mind during undergraduate days. The feeling of "abiding peace" around the University buildings was stressed by the speaker, also the impression of unity gained by looking at the buildings, from the river, silhoutted against the evening sky.

According to Dr. Ashton, many of the world's greatest men have attended Cambridge University since its beginning, while comparatively few have gone to Oxford.

"Peace is necessary for the production of great scholars" and although the general air of the University is one of peace, it is still in direct touch with the outside world.

Dr. Ashton stated that when people are shown around the University of Cambridge, they are never shown the lecture rooms because only the pleasant places are on view.

Only about twenty-five per cent of the students who enter Cambridge ever get a degree. If a student is taking an honour course and fails once, he cannot try again and has to leave. Many great men have failed to get their degrees and nobody worries.

Life is centred in the colleges—students live there and have College rules to live by. The Colleges contribute to University funds and the students' tuition fees come under the College bill.

To break one of the College rules may cause a student to be sent down from the University. This is not always a disgrace if the deed has been sporting and appeals to the minds of the rest of the students. If such is the case, a mock funeral is given the recreant and the attending band is made up musicians who have never played their musical instrument before.

A picture of the playing field, where the great Oxford-Cambridge game takes place, was shown and the small grandstand and poor accomodation for spectators was pointed out by Dr. Ashton. He said that few Cambridge people turn out to watch this world famous game and that College spirit is never mentioned or encouraged.

Cambridge teaches the duty to the community. It implants a desire for wider reading and vacations are used for this purpose.

A few scenes of King's College Chapel were shown and the bell rang before Dr. Ashton could finish his colorful and instructive lecture.

The meeting closed with a meet of thanks to the speaker for his interesting lecture.

# Hindu Philosopher to Speak To-day

To-day at 3 p.m. in Arts 100, the students will have the opportunity of hearing Maneck Anklesairia, a Hindu philosopher, psychologist and lecturer of repute. This speaker should be especially interesting to the students, for he himself is a student, having studied in the Universities of Bombay, Columbia, Illinois and Wisconsin.

Maneck Anklesairia knows much of European student life, having recently travelled and studied on the continent. For some time past he has been a leading worker in a student youth movement in the United States, and has been selected as one of the leaders in the Local Peace Conference to be held in this city on the 17th of next month. Mr. Anklesairia has a world outlook and a vital interest in race problems and Internationalism. Everyone is cordially invited to hear this lecture which is to be held under the auspices of the S.C.M.

## THE COMING OF THE GRADS.

Next week in many cities of the world graduates of our University are meeting to renew acquaintanceships and to reminisce over their college days. Those nearer Vancouver will, we hope, return to the University to participate in the Home-Coming celebrations. As undergraduates, it is our pleasure and our privilege to welcome all who visit the University, and to those who are not so fortunate we would send a message of remembrance and an expression of pride in the achievements of the graduates of our Alma Mater.

Not so many years have passed since "Home-Coming" was first instituted. It is now a tradition and one which, we hope, will do much to provide closer contacts between graduates and undergraduates. At such a time of organized entertainments, however, it is easy to forget the true purpose of Home-Coming. In the great European universities, buried in the traditions of centuries, we may see an example which our students would do well to imitate. In these famous colleges when the graduate returns to his Alma Mater his welcome is not that of a few chance friends who may still be there but a welcome by all the undergraduates of a university whose ties prove more than sufficient to bind one generation to another.

Next week-end, therefore, we should waive that formality which may ruin a fine custom, and make equally welcome graduates of '18 or '28 with the best hospitality that our University can provide.

## U. B. C. C. O. T. C.

The decision of the Senate to permit the re-organization of the Canadian Officers Training Corps at the University of British Columbia comes as a result of prolonged discussion and a thorough investigation as to the advisability of adopting this measure. Various interests and aspects of the question had to be considered, and in weighing up the evidence for and against the re-establishment of the unit, Senate arrived at a decision which appears both fair and reasonable to all concerned.

In the first place, the rights of the Alma Mater society as expressed by the majority against the re-organization of the C. O. T. C. at the meeting last fall have been respected and observed. The main objection expressed by the students that the C. O. T. C. was subject to control outside the university has been removed to the extent that the individual in the C. O. T. C. is now not any more subject to state control than the individual in any other organization. It is true that this military training course might tend to promote outside control if not properly organized, but under the system authorized by Senate, the whole university will have a voice in dictating the policy of this organization.

Moreover, the decision of Senate is in keeping with the Honor system adopted by the students this session. The individuals in charge of and belonging to the C. O. T. C. will be entrusted to carry on the work of this organization in a manner consistent with the ideals of the University, for they, rather than outside authorities, are responsible for the work of the C. O. T. C. in the University.

The wishes and rights of the minority, on the other hand, have been respected and observed. A course in military training has been permitted to operate on the campus for the benefit of those desiring to take this course. The University, however, has decided to shift the responsibility for the course from outside authorities to those directly concerned; and we feel that those interested in the work can be trusted to carry on not only in the best interests of the University, but also in the best interests of world peace.

## ARTS '30 ROAD RACE

If the crowd which witnessed the track innovation on Wednesday afternoon is an indication of the Student interest which will be displayed at this annual event, the future of the Arts '30 Road Race looks decidedly promising. Members of the junior year are to be congratulated upon instituting a race which will, undoubtedly, prove equally as popular as the famous Arts '20 Relay. The choice of course is a happy one for it provides continued interest for the spectator.

Arts '30, however, has not established this inter-faculty road race purely for the amusement of the students or the establishment of a tradition—for we feel safe in saying that this race will become traditional in University sport. The primary and highly commendable object is to promote interest in track and to encourage athletes to commence training before the autumn and early spring meets.

The honour of winning the splendid cup which Arts '30 has placed in the Trophy case will, no doubt, do much to promote this form of sport, and we feel sure that in future years the Arts '30 Road Race Trophy will be one of the most eagerly contested of University awards.

## SENATE BACKS O.T.C.

(Continued from Page 1)

thetically considered the letter from the Alma Mater Society concerning a Canadian Officers' Training Corps., that was addressed to it last spring after it had given approval of the re-establishment of the Corps. at this University.

From its nature it is a matter that has to be determined for the University by the Senate.

In reaching a decision it had before it not only the opinion of the student body as expressed in the Alma Mater Society letter but also that of the Faculties.

That the Faculties and Senate reached a conclusion somewhat different to that of the students, may have been due in large measure to their having before them certain facts and factors that do not appear to have been presented to the students when the latter were considering the question.

Since the C.O.T.C. had not been officially abandoned by the University the question was not the establishment of a Unit, but whether it might be permitted to re-organize.

While the Senate considered this question from the standpoint of the University of British Columbia and stress was not laid on the fact that practically every University in the Empire is maintaining a C.O.T.C., this fact may have influenced the majority of the members of Faculty and Senate in concluding that the fears expressed by some were unlikely to be realized.

To remove a misapprehension that appears to have existed, may it be pointed out that the C.O.T.C. is under the supervision and direction of a University Committee of Military Education appointed by the Senate, even to the extent of the selection of its Commanding Officer. This Committee consists of the Chancellor, the Dean of Applied Science and the President of the Alma Mater Society, together with the Commanding Officer when selected. With the powers it possesses this Committee may be trusted to safeguard the interests of the University.

Yours very truly,
R. W. BROCK,
Acting President.
Oct. 29, 1928.

Mr. Ross Tolmie,
President, Alma Mater Society.
The University of British Columbia.
Dear Sir:

I have been notified by the Acting-President that, in accordance with a resolution of Senate, he has appointed the following members as a Committee on Military Education:

The Chancellor
The Dean of Arts
The Dean of Applied Science
The President of the Alma Mater Society
The Commanding Officer when appointed will be an ex-officio member.

Yours most sincerely,
STANLEY W. MATHEWS,
Secretary of Senate.

## Mamooks Plan Peppy Year

What is the Mamooks' Club? This is a question that students often ask themselves. As a definition, the Mamooks' Club is an executive in charge of all pep.-organized publicity, organized rooting, home-coming, and tag-days. The president, vice-president, and yell-king are appointed by Council on the recommendation of the junior member.

All pep meetings are supervised by some member of the club while the rooting is led by the yell-leaders who are members of the club. Bentley Edwards, Arts '30, has been officially appointed yell-king of the University with assistant yell-leaders Stewart Hale and Clair Horwood. Jack Macdonald of Science '30 is official song-leader.

In making his arrangements for Home-coming, Doug. Macdonald was given the full support of the Mamooks.

### *Badminton Loses; Plans Made*

Varsity "C" team lost an interesting match to West End on Saturday, 18-6. Considering the lack of practice that the team has had, the players put up a good fight and had hard luck in losing some of the matches.

The Varsity team was composed of Misses Gillies, Carter, Ramage and Spohn, and Messrs. Gold, Poole, Fernie and Patten.

Miss Grace Ryall, convener of the Social Committee announces that tea will be served every Saturday at a cost of 10 cents each, to the men. The girls of the Club will provide refreshments in turn.

It has been decided to limit membership in the Club to fifty owing to the fact that there are only four courts at the disposal of the Club each night. There are still two vacancies and as soon as these are filled, the membership will be closed.

**FOUND!**

Left, Oct. 29, in Essex car, by pretty little girl with frizzy hair, living near Spruce and Twelfth, a lady's red silk umbrella. Apply book store.

## *R. H. Hartley Elected Canadian Legion President*

### UNIVERSITY MEMBERS MEET

Professor R. H. Hartley of the University was elected president fo the University branch of the Canadian Legion at a meeting held at the University Club on Wednesday, October 24.

The meeting was an annual one and met for the election of officers for the coming year. Others elected to office were: J. F. Bell, Vice-president; J. H. Jenkins, honorary secretary-treasurer; H. R. Hare, A. Lawrence, and H. T. Logan, executive committee.

A most interesting address was delivered to the assembly by R. MacNicol, provincial secretary to the Legion.

The University branch of the Canadian Legion is composed of ex-service members of the University, including the administrative staff. All ex-service men of the University, who are not already members of the Legion, are asked to communicate with the secretary, J. H. Jenkins. Mr. Jenkins can be found in the Forest Products Laboratory on the campus.

# HOMECOMING PLANS MADE

### Many Grad's Expected to Attend Festivities at Week-end

The programme for Homecoming, arranged by a committee headed by John Oliver, is as follows:

**FRIDAY, NOVEMBER 9—**

8 p.m.—Basketball game in V. A. C. Gymnasium. Charge of 50 cents. Two games: Varsity versus Grads.
Varsity women versus graduate women.

10 p.m.—Dance following games. (This should be particularly attractive as the floor is new, says Johnnie.)

**SATURDAY, NOVEMBER 10—**

12:30 p.m.—Alumni luncheon in Hotel Georgia. Dr. G. G. Moe and Dr. Ashton will be asked to speak. Reservations for seats may be made with John Oliver, Ker. 693 L., or with Lenora Irwin, Douglas 2806. Mail orders to Miss Irwin, 955 Broughton street. All reservations before Friday if possible. Tickets for out-of-town members will be held at the door.

3 p.m.—Football at Athletic Park. Charge of 50 cents.
Varsity versus Victoria

8 p.m.—Theatre night in auditorium. Charge of 25 cents. Eleven acts and Varsity yells and songs. Centre section of seats reserved for grads.

**SUNDAY, NOVEMBER 11—**

7:30 p.m.—Church service at St. Mark's. Rev. A. H. Sovereign.

**MONDAY, NOVEMBER 12—**

2:30 p.m.—Rugby at Brocton Point. Varsity versus Edmonton.

## Plenty of Room

There will be plenty of room for every graduate at Homecoming this year. In past years criticism has been rightly levied at theatre night when the auditorium was filled with undergrad.'s long before the concert was scheduled to start. As a result many grad.'s, in whose honor the affair is given, have been forced to return home without even getting inside the building. This year the freshmen and freshettes will be tactfully told that their presence is not desired. This will not be intended as any slight against the charm, collectively and individually, of the class itself, but will refer only to their overwhelming numbers as opposed to the extremely small auditorium. Incidentally, since Homecoming comes each year they will find themselves able to enjoy three more such occasions before graduation, and after that they will be honored guests, so what more could they desire.

Many added attractions have been promised to the graduate who comes to look the University over during Homecoming week-end. For instance, we are now the proud possessors of the longest flagpole in the British Empire. It doesn't appreciate its job yet as it is lying on the ground instead of standing as all good flagpoles should.

However, it has an excellent little house erected over it, and has doubtless been placed in this position so that each grad. may inspect it from end to end in comfort instead of craning his or her neck to get a proper view. We understand that the members of the freshman class are all taking sewing lessons in order to get together on making a flag large enough to be seen when it is perched on the end of the pole.

There is another great attraction for the grad.'s, namely, the fish pond. Many happy hours are spent each day by dreamy students gazing into the depths of this young lake, which is the apple of Mr. Ridington's eye. Gold fish frolic in its depths and a small portion of the library itself is reflected in the limpid waters, when the wind doesn't blow. You mustn't miss this, grad.'s.

Many new roads have been made in the University section and a regular colony of houses have been built. There is also a perfectly beautiful station on the University grounds that makes waiting for the 'bus a real pleasure. It is nearly all roof and is very grand indeed. Don't wait for theatre night to visit the buildings, as you won't be able to see them in the dark and they will be locked anyway. Summon the nearest student and demand a personal tour.

We need the co-operation of every grad. to make Homecoming a real success.

---

**Tommy Taylor** took his M.A. at Wisconsin University at Madison, and his Ph.D. at Toronto. Congratulations, Tommy.

## *Do They Learn To Drink at Home or College?*

There have been many complaints lately, alleging drinking and gambling among the students of the University of Washington. When the complaints came to the ears of President Spencer, he assembled 2500 students on the campus and earnestly lectured them on these evils.

He was well into his subject, vigorously raking the actions of students who, thoughtlessly more than from mere idea of wrongdoing, might bring discredit on Alma Mater, when a boy, with moral courage that must be marvelled at, interjected loudly:

"When our parents and elders openly flout the Prohibition Law, why should we be any better?"

It was a "facer," and turned the spotlight of criticism from the doings of the students to those of their elders. At the present time, the Press of the States of Washington and Oregon is busy asking parents to "look themselves over," in connection with the serious charge laid on them by the boy student.

The editor of the student daily, commenting on the charges, says he is convinced that the charges are exaggerated.

---

**Harry Purdy** is lending much distinction to the campus of the University of Washington. His chief relaxation is working out the exact population of China.

**Ruth Teeple** is teaching in the city.

**Freda Edgett** is slinging logs with the B. and K. Logging Company.

**Izeyle Aconley** is secretary to Dean Clement.

**Helen Mathews** is assistant in Bacteriology at U.B.C.

**Lenora Irwin** is in the dairy bacteriology at U.B.C. She is going to marry Kuper Barlow next year.

**Harry S. Gutteridge** is on the staff of the Dominion Experimental Farm and has married a charming girl in Ottawa, name unknown.

**Hugh McCallum** is editor of the Farm Ranch Review in Calgary and married Audrey Ward in August this year.

**Tommy Wilkinson** is engaged to Bubbles Moore. He may have married her by now but we are not sure.

**Helen Creelman** is teaching on one of the city staffs. So is **Joan French.**

## *Where We Are and What We Are Doing*

**Kenny Caple** is principal of the school at Summerland and went to New York during the summer. Atta boy, Kenny.

**Eloise Angell**, or rather Tudhope, was also one of our prize guests. She spent a visit here in August but it was much too short. It is reported that Eloise is better looking than ever.

**Mary Lamont** and **Betty Fuller** are teaching at Ladysmith.

**Marjorie Leeming** is still on the staff at Duncan where she is a real acquisition. Her sister, Hope, is taking Education in Victoria and will finish her course at University here after Christmas.

**Flora (Chick) Musgrave** is instructing in athletics at the Margaret Eton School in Toronto.

**Milla Alihan** has returned to Smith College where she is continuing work towards her Ph.D. in Sociology.

**Dorothy Dallis**, after a successful three years in Paris at the Sorbonne is instructing in French at U.B.C.

**Dorothy Taylor**, of New Westminster, is spending the winter in Toronto where she is assisting Carroll Aikin in his dramatic work at Hart House.

**Jack Clyne** and **Betty Somerset** are married and living in Prince Rupert. **Gwen Robson** visited them when she passed through the city on her way to Eastern Canada to marry Lloyd Johnston. It is reported Gwen acquired a sunburnt nose in Prince Rupert so the climate must be changing for the better.

**Margaret Keillor** is in the botany department at U.B.C.

**Esther King** and **Gwynneth Lewis** are in the Carnegie Library.

**Lyle Atkinson** is in the Fraser Valley Dairy where he teaches the school children to drink milk.

**Keith Thornloe** makes cheese at Spencer's.

**Louis Smith** is doing industrial chemistry work in Prince Rupert.

**Murray Hunter** hems dish towels for his father.

**Russell Palmer** is president of the Phi Kappa fraternity at Montreal and is doing great things in skiing.

**Jack Bridge** is taking a medical course at Alberta, or is it Manitoba?

**Ethel Maclean** (Linky) is studying medicine at McGill.

**Bill Argue** is studying for his Ph.D. in botany at McGill.

**Helen Hughes** (MacGill) helps her husband to teach Sociology at McGill and is also working towards her Ph.D.

**Gertrude MacInnes** (Dinty) married **Gordon Letson** in July.

**Barbara Stirling** and **Brit Brock** are engaged. They haven't announced it yet but we know it is true.

**Marion Bullock-Webster** is unfortunately ill and is at the Jubilee Hospital in Victoria. Our sympathy and best wishes, Marion.

**Ruth Fraser** is suffering from a nervous breakdown and will be out of action for the next three months. It is reported that the hospital patients are starving in the mean time. Get well quick, old dear.

**Helen Turpin** and **Jack Grant** are married and are house-hunting. They can be seen nosing around odd corners of the city hunting for a duplex with a fireplace.

**K. Knowlton** is married to Douglas Roe.

# Inside Dope on Harrry Warren Is Given by Famous Sprinter

By PERCY WILLIAMS

Harry Warren was chosen for the Canadian Olympic Team because of the excellent record he made for himself in England. On different occasions before the Olympics he was matched against notable flashes, German and English, and on each occasion proved that he was worthy to represent Canada.

When the Canadian Team left Montreal it was with only four sprinters. Warren was to be picked up at Southampton, where he would be on the team as a spare unless he proved himself against any of the other four sprinters.

In Amsterdam it was a case that if anyone wanted Warren he could always be found training faithfully on the track. As far as I know, Harry Warren did not get a chance to pit his speed against any of the other sprinters. All through the games he was there to be had if anything did go wrong. No one, during the whole of the time we were there, heard even a murmer of protest or hard feeling towards the others and he never left off training.

In a week, when our part of the games was over, we left for London, and after a short stay there went to Dublin to run at the Irish games there. Here was the first real chance Warren had to match himself against the boys who had been rated above him at the Olympics. He fought his way successfully through the heats, and in the final flashed across the tape a good winner in the remarkable time of 10 3-5th seconds, equalling the Olympic record. To make this more outstanding, this race was on a grass track. Later I heard that a rather odd thing happened regarding this. As I understand it, the newspapers came to the conclusion that to have run the race that Warren ran would be next to impossible so they published the result as 10 4-5th seconds.

Whether Warren was really better than the other sprinters is a matter of personal opinion. While he was training to his peak of form the others were fighting their strength away in the Olympic Games, nevertheless he did prove himself when he was given the chance.

Right after these games Warren left the team and went to the south of England and later was to return to Oxford.

## STEP TO IT, GRAD'S!

Grad.'s, what are you doing? Your alumni members want to know and we want to tell them. Please write to us and let us know so that we can pass the news round. Address your letters to Helen Peck, 1990 Eighteenth Avenue West. We would also like to know whether or no you appreciate the "Ubysseygrad." Suggestions for improvement would be appreciated.

---

**Hunter Lewis** and **Stella** (Maguire) **Lewis**, formerly of Seattle, are now hitting the high spots in Chicago.

**Leslie Brooks** has been awarded a teaching fellowship in the department of English at the University of Washington. Atta boy, Leslie.

**Tarrant Guernsey** is with the Anglo-American Exploration Company in Rhodesia, South Africa, on a geological tour looking for oil. We hope he finds lots. **Gerald Jackson** is also in Rhodesia, but with the British Exploration Company.

**Lucy Edwards** is married to a doctor in eastern Canada.

**Bill Gough** is in the public health department at Baltimore and it is reported that he, also, is married.

**Harold Etter** has returned from China and is taking Education.

**Mildred Teeple** is married to Monty Caple and has a splendid eighteen pound baby boy.

# SPECIAL OFFER IS MADE TO GRAD'S BY UBYSSEY BUSINESS STAFF

Through the courtesy of the editor and business manager of the "Ubyssey" a special offer has been made to graduates of the University of British Columbia. This year an innovation has taken place in the Ubysseygrad, since it will now be incorporated in the "Ubyssey" three times each year. In addition to this the editor of the student publication has offered to run a special graduate column of interest to the grads every two weeks, or oftener if the need should arise.

The regular price of the "Ubyssey" is $3 per year. The student staff has offered to furnish the paper to the grads for this sum, to include the graduate fee of $1. That is, they will charge each of you $3 a year, but will send the graduate body one dollar of this amount. We cannot help feeling that many grads will take advantage of this offer as there is much of great interest to more than the student body that is published in their columns. The paper is published twice a week and will therefore take care of the complaints frequently received by the treasurer last year asking for more news of the alumni members. We ask all grads. to make a special effort to take this subscription. Besides very decidedly getting your money's worth you will be doing a good turn to the student staff by helping them to finance their paper more successfully. Instead of sending one dollar to the alumni this year, send three dollars and receive your copy of the "Ubyssey" twice each week through the mail. And remember, each week you ponder over the question you loose the chance of reading two issues of the "Ubyssey." "Tuum est."

Please clip this and send it to Mr. Syd. Anderson, 1876-64th West.

Name (print in full) .....

Address .....

Enclosed please find $3, being payment in full of subscription to "Ubyssey" and "Ubysseygrad" for year 1928-1929 and alumni fee for same period, or $1 as usual for Alumni fee.

# Players' Club Alumni

Many changes have recently taken place in the Player's Club. Since over two hundred grads are members of this Club, it is interesting to note them.

In the first place Prof. F. G. C. Wood has left the Club. Since its inauguration, Freddy has been the backbone of the organization, and the students came to lean rather too heavily on his judgment. "Freddy knows best," was famous long before "Mother knows best" came to the Capitol. At all events overwork and poor health have forced the honorary president and director of the Club to leave it to struggle along as best it can without him.

Under the leadership of Miss Dorothy Pound the Club is managing to keep its reputation so far on the same high pinnacle on which it has always resided. The executive and president deserve great credit for their organizing abilities in this direction as none of them have had any experience in the Club executive work before. They are being ably assisted by Dr. Isboel MacInnes, Miss Honor Kidd and Mr. Harry Logan, as advisory com-

Nevertheless, and by-the-way, it might be a good idea if the Player's Club alumni body Alumni graduate members should combine to form a Player's Club alumni body. This club could act as an advisor to the student club whenever its opinions should be asked and could, in the mean time, have a very good time by itself.

Without doubt the Students' Council would allow the members the free use of the auditorium on occasional evenings when they are inspired to humor the muse. Financial troubles would hardly exist and any plays in which the members were, collectively or individually, interested could be produced. The students could be the audience and an occasional guest night could be introduced. Some of our members have written plays and this would give them a chance to try them out; others could direct plays, and others again read them and suggest plays for production.

How about it, Players' Club alumni? If you are at all interested please write to Miss Avis Pumphrey, 1335 Davie Street, or Mr. Phil Elliott, 1342 Walnut Street and arrangements for organization can be made.

# Selective Method Predicted

University education is undergoing radical change, in the view of Professor Murray Butler, President of Columbia, who is justly regarded as one of the world's foremost educationists. Dr. Butler notes a change from the prescribed course of study to a selective and experimental process of learning.

In earlier days, he declared in a recent address, students had a uniform body of knowledge and a uniform method of discipline. Then came an immense mass of new information. Two new fields of study were opened for the first time: one in the sciences of nature, the other in the sciences of man and society. There was rapid growth in physics, chemistry, psychology, physiology and other sciences, and with this growth came the necessity of choosing only a small proportion of the total subjects to be learned. As a result of this change, experiments in education became essential, and a substitute had to be found for the prescribed course of study, which was no longer practical.

This need led to the most important achievement of the last half century in American college education; it is the course giving introduction to contemporary civilisation, which Dr. Butler styles "a common denominator for education, giving a uniform exposition of the fundamentals of the material and spiritual world."

Dr. Butler advises students to acquaint themselves with the outstanding leaders of the world, and to read much of their writing, in preference to the "cheap and tawdry imitation," which surrounds us at all times. Among the political leaders he recommends to be studied are Lenin and Mussolini.

---

The sympathy of the Alumni is extended to **Peggy Law**, who recently lost her father.

**Herbert Grantham** and **Aimee Archibald**, **Iola Fleming** and **A. C. Gauthier**, **Thelma Benson** and **Sheridan Walmsley**, **Katherine Farris** and **Charles Y. Robson**, **Sara Josephine Battle** and **Mr. E. L. Harris**, **Terry North** and **Grace Pettapiece**, **Anne Feterly** and **Joe Kania**, **Lila Coates** and **Dr. Maitley**, **Jack Knapton** and **Jocelyn Babbit**, **Freda Wilson** and **Charles Stewart**, **Beatrice Bell-Irving** and **John Abercrombie**, **Barbara Howell** and **Tommy Taylor**, **Ethel Marie Miller** and **Kenneth Carlisle**, **Helen Bennett** and **A. L. Wheeler**, **Joan Meredith** and **William McKinnon**, have all been married. Aren't we grad.'s popular?

**Sherwood** and **Evelyn Story** were married the other day and the best wishes of the Alumni Association go with them.

**Kirsteen** visited us this summer with her husband. She is at present in Europe but is coming back to the city at Christmas time before returning to her home in China.

**Harry Warren** has been running in the Olympic sports and doing especially well in Ireland. He tells us that he is acquainted with high society these days and even had a chat with George Bernard Shaw the other day.

**John Oliver** is now a professor in science at the University, and is an impressive figure on the campus.

# *Americans Treat Their Principals Rough*

The football coach at a Wisconsin high school has been appointed superintendent of schools, to give him authority over the principal of the school. This action was taken by the school board arising out of a dispute concerning eligibility of players. The school defeated its principal opponent, but many of the winning team's players were disqualified as ineligible. The principal offered no assistance, and the coach saw himself in the position of standing out of the football schedule owing to having an incomplete team.

# GOOD DISPOSITION NEEDED NOT MUSCLE

"The college athlete is a flash in the pan on a two-year ice marathon," declared Stefansson last week, in discussing men he took with him on Arctic exploration. "The college athlete pans out below the average of men I have taken to the Far North, so I leave him at home."

The explorer added that he ignored physique, and chose men for their dispositions.

# NEW VARSITY

"Ubysseygrad's" congratulations to Hamilton, Ont., on the turning of the first sod of its $2,500,000 university last week.

# *President's Report*

May 16.—The Alumni Association has held during the past year a number of functions, chiefly among which were the following:

1. The Annual Home Coming Week was arranged by a committee in charge of Mr. John Oliver in co-operation with the Students' Council. An elaborate program was carried out and among other events there was a presentation made to the University of two valuable totem poles of the Muskeam Indians. The money for the purchase of the totem poles was provided by Mr. W. H. Malkin and it was by reason of the efforts and assistance of General V. W. Odlum, Colonel A. M. Brown and Mr. William Murphy of the Historical Research Committee that these poles were secured for presentation to the University.

2. In October a luncheon was held which was addressed by Dean Brock and Dr. Boggs. The luncheon was well attended and a most interesting report was given by Dean Brock on the conference on the Pacific relations.

3. A Historical Research Committee was established under the convenership of Mr. William Murphy and is now functioning with a view to gathering data from the pioneers of the Province and putting it into the form of a written record, copies of which will be presented to the University Library and to the Provincial Archivist at Victoria. Mr. Murphy has already done a tremendous amount of work in connection with this Committee and reports satisfactory progress. It was through the efforts of this Committee that the totem poles referred to above were secured. Through the courtesy of the Vancouver Daily Province and the Provincial Librarian this Committee is arranging for financing up to $750.00.

4. In November the Association combined with the Faculty Women's Club to give a ball. The dance was held at Lester Court and was well patronized by members of the Association.

5. Two bulletins were issued by the Association during the past year. The Publication Committee consisted of Miss Marjorie Agnew, Mr. Gordon Scott and Mr. Cliff Dowling and their efforts were much appreciated particularly by the out-of-town members.

6. During the Christmas vacation a bridge and dance was held at the Winter Gardens which afforded an opportunity for many of the out-of-town members of the Association to meet. The affair was a decided success financially and in other respects.

7. A representative was appointed to attend the convention of the Alumni Associations held in Portland. A report of the proceedings at the convention was submitted to the executor.

8. A luncheon was arranged for the 14th of February and it was expected that Sir John Martin Harvey would address the luncheon, but owing to the unfortunate illness of Sir John, the luncheon was not held.

9. During the Easter vacation the Association entertained the teachers attending the convention of the Teachers' Federation of British Columbia. About 200 teachers were supplied with transportation and refreshments and were shown over the University buildings and grounds at Point Grey. The Committee in charge of this entertainment consisted of Miss Mary Robertson, Miss Evelyn Storey, Mr. Paul Whitely and Mr. J. P. G. McLeod. A letter was received from the Teachers' Federation expressing appreciation of the entertainment and it was felt by the University authorities that the results would be of great benefit to the University, particularly as many of the out-of-town teachers were given an opportunity of seeing the University for the first time.

10. The executive secured an amendment to the University Act at the recent Liberal Legislature under which the Board of Governors are empowered to collect a life membership fee for the Alumni Association upon graduation. No steps have yet been taken to make a formal request to the Board of Governors to do so.

11. Various members of the executive have during the year been able to be of assistance to the students in arranging for the debenture issue of $37,500 which the students are making for the purpose of erecting a gymnasium.

12. The Association with the financial assistance of the Board of Governors entertained the graduating class of 1928 at tea following the conferring of degrees. This Committee in charge of Mrs. Arthur Lord and Mrs. Sidney Anderson performed this difficult task in a very able manner.

13. The Association entertained the Graduating Class at a dance on the day following graduation. The committee in charge was under the convenership of Mr. Leslie Mallory and Miss Avis Pumphrey and the affair was undoubtedly the most successful graduation dance which has yet been given by the Association. Financially it was successful as shown by the Treasurer's report.

SHERWOOD LETT.

# NEW EXECUTIVE

President, Mr. Lyle A. Atkinson; Secretary, Miss Lenora Irwin (in place of Miss Dorothy Brown who was forced to resign owing to overwork); Treasurer, Mr. Syd Anderson; First Vice-President, Miss Marjorie Agnew; Second Vice-President, Mr. John Grace; Publications, Miss Avis Pumphrey, assisted by Miss Helen Peck, Miss Jean Tolmie, Mr. Francis Pilkington and Mr. Cliff Dowling.

# *What We Are Doing*

**Kaye Lamb** is now in gay Paree frolicking around with a history scholarship or words to that effect. Atta boy, Kaye. Rumour has it that even more questionable plays will be written by this famous author on his return from "Le Mort Rat" and other indecent places.

**Gerald Newmarch** is taking a post-grad. course in electrical engineering in Hamilton and is learning all sorts of hot gags.

**George Clark** took his wife on a flying visit to Japan this summer but is once more settling down to work.

Visitors to the city this summer included **Christine Urquhart** and **Mrs. Ernest Hoy** (formerly Marjorie Day). The former is living in Noo Yark while the latter, just to show her originality, lives at Newark, which sounds the same but isn't.

**D'Arcy Marsh** is now on the editorial staff on the Vancouver Star and can be found at all times diligently poking in obscure corners of the Hotel Vancouver, trying to find the original of the some photo or other in order to get an interview. Sleuth hound is now his middle name.

**George Vincent** is teaching in New Westminster, after deserting Isis in Nanaimo. It is reported that Nanaimo has gone into mourning, but we may be mistaken.

**Max Wright** is now principal of the school at White Horse. He spent the summer in the city but has once more retired to the North for the winter. back to England for Christmas.

**Bill Phillips** has been digging dams in North Vancouver but hopes to get home to England in time for Christmas.

**Phil Wainman** is now a distinguished member of the army, having joined the signalling corps in England.

**Jack Heelas** is playing naughts and crosses in the B. C. Telephone Company. We think he calls it doing accounts and adjustments but the principle is the same.

**Pete (Georgina) MacKinnon** is now editor of the Children's Page on the Vancouver Daily Province.

**Isobel Harvey** is doing social service work in the General Hospital, spending many hours each day with the children and giving them a wonderfully happy time.

**Mary Robertson** is now the backbone of the University library and works under the firm hand of John Ridington himself. It is reported that she is engaged to be married to John Oliver, and the rumour so far has not been denied.

**Oenone Baillie** is the hardworking secretary of the Arts professors at the University, and can be seen at almost any time hurrying across the campus with a worried expression on her face. Letters and mimeographs are the bane of her life. According to Peter Palmer this may be rectified before so very long.

**Isobel Russell** is librarian in the Science library and rumour has it that the Science men have developed a passion for studying.

**Louise Morrison** has returned from a long visit to Europe where she motored here, there and everywhere. At present she is the secretary of the Players' Club and seems to be quite content to remain in Vancouver, even after gay Paree and London.

**Wanetta Leach** has deserted the University for a position in the B. C. Packers. She reports that one of the happiest aspects of her new job is the charming view over the harbour.

**Myrtle** and **Art** have a delightful home on Drummond Drive. The view is wonderful while it is reported that the garden is rapidly becoming a tourist's paradise owing to their hard work with spade and shovel.

**Kathleen Peck** has been visiting Eastern Canada and the States this summer but has decided that Vancouver knocks them all cold.

# *Treasurer's Report*

Mr. Lyle Atkinson, president of the Alumni Association, who held the position of treasurer last year, received several irate letters during his term of office inquiring, in no polite terms, "What happened to my dollar?" It was difficult to reply in any detail to these letters without sending a complete treasurer's report to each one. This the president has elected to do, publishing in full the financial report of the association. In this way the out-of-town members will be able to see for themselves that the, by this time famous, dollar was used for more purposes than simply that of the printing of the bulletin. Some of the epistles he received stated that weekly or even a daily bulletin should have been received by the sender of the dollar in question. Mr. Atkinson and Mr. Sherwood Lett, former president, had other views on the subject, and were backed in their assertions by the other members of the executive. The treasurer's report, read in conjunction with that of the president, should explain very fully that the Alumni Association had certain obligations to fulfill in social and financial ways to maintain their prestige in the University circles and throughout the city. Certain social events were a necessity and, although in some cases the alumni members charged the guests for the entertainment, in many others it was considered bad policy to do so.

It is possible that the out-of-town members may remark "What good do we get out of social events and activities held in the city?" To these people we point out that such a thing as a good name and prestige reflects on members whether they be in the city or at the other side of the world. For the satisfaction of those who may feel that they have not received their money's worth the treasurer's report in full is printed.

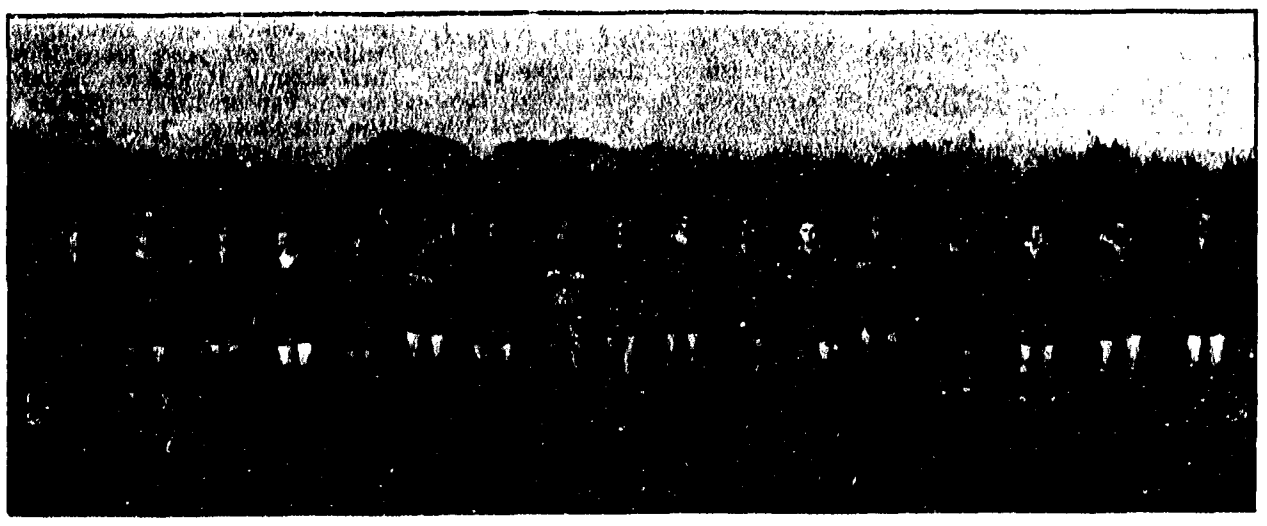
# VARSITY MEETS CITY IN BOTH RUGBY CODES SATURDAY



VARSITY'S McKECHNIE CUP TEAM IN BATTLE ARRAY
This aggregation goes into action against Vancouver Rep to-morrow.

## *U. B. C. and Vancouver Rep To Clash in Series Opener*

### MANY MEN TRY FOR PLACE ON McKECHNIE TEAM

Choosing the fifteen pig-skin chasers to wear the Blue and Gold colors when Varsity meets the Rep. on Saturday is going to be no simple task. Competition is keen and the eagerness shown by the players turning out makes the problem no easier. Last Wednesday saw about thirty senior men sweating under the orders of our hard working coach, Jack Tyrwhitt. Jack deserves a lot of credit for the time he has spent and the way he has worked in turning out a McKechnie Cup team of which the University are going to be proud. The players are working hard too. They go out for long runs at noon time and are hitting the hay early these nights, storing up millions of calories of vitality to be used against Vancouver on Saturday. The coach is doing his part, the team theirs, so it's up to the students to get behind them in a whole-hearted manner and go out and cheer the boys to victory. For the benefit of those who have not been following this sport, we introduce the following members of the Senior English Rugby squad in the form they are going to function on Saturday.

**Phil Willis**—Captain of the team and all-around good fellow. He is one of the most experienced players and has played against three international teams—the All Blacks, Maoris, and Waratahs. He is the master man behind the play and puts all his energy into crashing through the opposition.

**Estabrook.**—"Estie" is a robust lad with a nice disposition when off the rugby field. He handles well and possesses a mean tackle which is very effective.

**"Phil" Barratt.**—A cool head and fast pair of legs combine to make "Red" Barratt one of the prettiest styled players on the field.

**Art Fell.**—Plays on the opposite wing to Barratt and is a hard man to stop. Has caught on to the finer points of the game and plays his position well.

**Bert Barratt.**—Possessed with uncanny ability in getting the ball out to the threes, combined with a perfect knowledge of the game and a deadly tackle, Bertie is probably the best half in the city.

**Fred Foerester** and **Bud Murray.**—These two are as neat a pair of hooks as ever scraped a ball in these parts. They have played together for two years and are each endowed with clogs that can twist the pigskin in any direction regardless of the opposition. Foerester has been out from injuries, but should be back in the line-up. Mason, substituting for him, hooks in good style and has the qualifications of an "A 1" forward.

**Sparks.**—Gunboat Sparks is leader of the scrum and will hold the hooks together Saturday. He breaks the scrum quickly, follows up fast and can dribble well. The team would not be complete without him.

**Wilson.**—Known to his team-mates as "Pooch." A good scrum man and aggressive forward. He always gets his man.

(Continued on Page 6)

**BIG FOUR RUGBY STANDING**

| Posit. | Team | GW | GL | Pts |
|---|---|---|---|---|
| 1 | Varsity | 4 | 0 | 8 |
| 2 | Vancouver | 3 | 1 | 6 |
| 3 | Victoria | 1 | 3 | 2 |
| 4 | Westminster | 0 | 4 | 0 |

Don't make any dates for November 16. Keep it open for the Arts' Ball.

### IT IS THE DUTY OF EVERY STUDENT TO SUPPORT AT LEAST ONE MAJOR SPORT TO-MORROW

The record crowd for a football match for all time was 117,000 at Soldiers' Field, Chicago, last month, when Notre Dame University defeated Army by 7 to 0, scoring the winning points in the last few minutes of the game.

## *Sportorial*

One distinguishing feature of the major sport is the fact that students are urged to lend their unanimous support to teams of premier standing in preference to those of minor or sub-minor ranking. For this reason, it is lamentable when two major events occur at the same time as is the case on Saturday and it is to be hoped that in future these clubs will map out their schedules in harmony with one another before their seasons open.

Since the session commenced this fall, the "Ubyssey" has featured Canadian Rugby as the game of the campus, but to-morrow English Rugby plays its first match of the year in the famous McKechnie Cup Series, which fact puts both teams equally in the lime-light. It is the purpose of the Sports Supplement, therefore, to advertize both games side by side and to induce every member of the Alma Mater Society to get out to-morrow and attend one of these events.

For Canadian Rugby, the game with Vancouver will be a crucial clash, as the city plans and the collegians expect a surprising come-back. Just as important is it for a large crowd to attend the English Rugby game when they meet the Rep. team, since this will be the first match of the series and the boys need the confidence which student support can give them.

## CANADIAN GRID STARS TO TILT WITH CITY IN CRUCIAL GAME

### BIG FOUR TEAM AS YET UNDEFEATED TO BE PUT TO TEST TO-MORROW

On Saturday at 2.30, Athletic Park will be the scene of a life-and-death struggle between Vancouver and Varsity's as yet unconquered Big Four Canadian Rugby team. A victory for U. B. C. means that the series and the Seaforth Cup is a sure thing. Varsity has four wins on the asset side of their ledger, while Vancouver is credited with three victories and one loss, so the game means everything to Jack Cranston's battlers. As for Victoria and New Westminster, they are out of the picture.

A too-successful beginning was the cause of Varsity's slump in the last two games, but the frame of mind in which they enter the lists on Saturday will have to be of a "do-or-die" nature in order to make this game Vancouver's swan song.

Vancouver is a formidable team, with a tough line and sweetly working backfield. The team will include such men as Henderson, Donnelly, Tennant, Young, Downey, Cranston, Bartean.

Immediately following the Big Four event, Varsity's Intermediates will meet their old friends, the Meralomas, in a perfectly friendly tussle of course. One of the surprises of the season was Richmond's victory over them last Saturday, so the U. B. C. boys hardly know what to expect. Considering the double-header, it will comprise two of the "fightin'est" games seen in Vancouver for years.

### Who's Who

**Dr. Gordon Burke.**—Dr. Burke, who has figured in Varsity's history since the inception of Canadian Rugby, is a coach of sterling value and incommensurable worth. He is a veteran of the University of Washington Huskies, for whom he played end, and he still delights in bringing down the occasional 200-pounder to demonstrate the undeniable fact that he can both practise and preach with balanced skill.

**Norman Burley.**—Norm, famous as star middle for Kingston Royal Military College and Queen's University, is well known in national football circles, both as a player and coach. On this coast he played for the old Native Sons and has acted as mentor for Vancouver, Varsity and several other local clubs. Of late years, however, he has been attached solely to Varsity. Both Norm and Dr. Burke deserve the credit for any success which this University has achieved in the past, and the fact that they sacrifice their personal time and comfort without remuneration is a striking example of unselfish interest in the game.

**President Wilmer Haggerty.** — Bill gleaned his knowledge and experience

(Continued on Page 6)

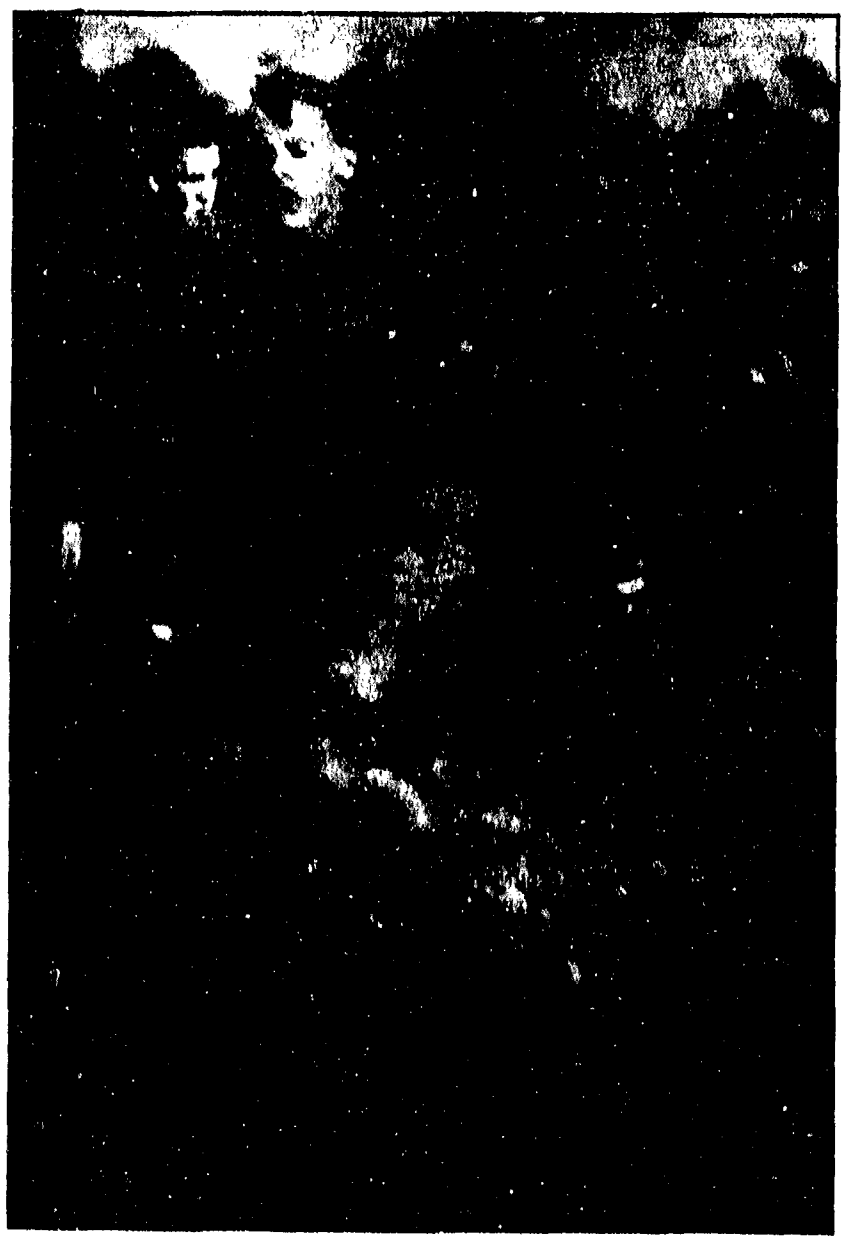


Photo shows Wentworth breaking away for yards with Smith in the background. These men have figured notably this grid season, the former in the back-field and the latter in the line. More will be seen from them to-morrow.

### ENGLISH RUGBY PROGRAM

TO-DAY, FRIDAY, NOV. 2—
Pep meeting, noon. Nine-piece orchestra. Burlesque "Midsummer Knight's Scream."

SATURDAY, NOV. 2—
Parade of cars starting 1:30 o'clock from Connaught Park (corner Larch and Tenth) down to Brockton Point where space will be reserved for 100 cars.

McKechnie Cup Game, 2:30. Varsity vs Rep.

Tea Dance at the Rowing Club, given for the team by a group of university girls. Everybody welcome. During tea dance there will be a rowing race between Arts and Science, staged by the Varsity Rowing Club.

## Football Squad May Come to U.B.C.

The McGill senior football team may take a jaunt across the continent to play the college champions of British Columbia if plans now proposed are realized. A McGill coach received an invitation from private interests in British Columbia, inquiring as to the possibilities of sending a squad out to the Coast, and if financial matters can be arranged and permission received from the University, the red squad will probably leave about the middle of December.

## Women's Senior "A" Hoopsters Promise Interesting Season

The Women's Senior "A" Basketball team expect a good season. Last year's team, B. C. finalists and runners up in the Dominion championship, has returned in full force. Keen competition is expected as there are only three teams on the Mainland league, "The Felixes," "The Meralomas," and Varsity.

Thelma Mahon, the team's fast forward and most dependable player, has again assumed the duties of captain. Claire Menten, a steady forward and good shot, has been the cause of many good team plays in previous years. Rettie Tingley, a very good running guard and a brainy player, will again turn out for Senior "A." Renee Harris, a good shot and a reliable player, will play centre and forward. Jean Whyte, the hard working centre and a good shot under the basket, proved a great asset to the team last year. Although Marjorie Lanning is not as experienced as her team-mates, she has been playing a good game at standing guard. Florence Carlisle has been working hard and, though this is her first year, will probably turn out for Senior "A." Mary Campbell, Senior "B" centre, last year, shows great improvement and will probably fill a guard position.

The Senior "B" team has not yet been selected. The next game will be on Homecoming week-end, when the Senior "A" will play the Senior "B."

## *McKechnie Season Opens*

(Continued from Page 5)

**Farris.**—Ralph is about the fastest forward in the bunch. He usually gets into some of the three-quarter runs where his speed and snappy pass are effective.

**Player.**—Has been showing up well of late and is anxious to secure permanent position.

**Locke.**—Is endowed with a neat turn of speed and shifting swerve, which make him a hard man to down. Plays his best game in his own position at seven-eighths.

**Ford.**—A freshman who has shown up well of late. He will fill the full-back berth, and his sure tackle should be very effective against Vancouver.

**Fraser.**—Short and stocky with a likeable smile and plenty of stamina. He should show well on the forward line Saturday.

**Cotterel.**—A speedy man from the city of birds. Played first team for University School, where he acquired valuable experience and a great tackle.

**Alpin.**—Heavy, thick set, with a good boot, he should be a mainstay to the scrum and a hard man to hold.

The team has been practising hard every morning and is rounding into splendid shape. They should give an exhibition of rugby that will be a credit to its coaching and an honour to its University. Such a team deserves support and should get it whole-heartedly from the student body and the faculty. Last year and the year before about 1200 students attended the first McKechnie Cup game, and a still bigger crowd is expected Saturday. The tickets are 25c for students if bought on the campus; otherwise they are 50c. Tickets are being sold by Ralph Farris and other members of the English Rugby Club, as well as by scores of beautiful women in the College. Let's go, everybody! Don't forget the Pep meetings Friday noon in the Auditorium.

## *Skating Club Becomes Active Organization*

At an enthusiastic meeting of the Skating Club on Tuesday noon in Arts 105, Alan Campbell was unanimously elected president for the coming year. Other members of the executive elected were Jean Ballard, vice-president and Lily Dobson, Secretary-treasurer. Two representatives from each year were also elected to assist the athletic representatives in rounding up teams for the Rotary Ice Carnival on November 9.

Those chosen were: Arts '32—Dorothy Phelps, Murray Garden; Arts '31—Margaret Finley and Don Grant; Arts '30—Ruth McKee and Kimball Nicholls; Arts '29—Lily Dobson.

Members of each year are requested to get in touch with their representatives immediately, as each year will field a team of four girls and four boys. The winning team will be presented with a cup and individual prizes for members.

The Club will meet every Thursday evening at 8:15 in the left hand corner of the Arena on the far side as you enter.

## *Gridders Meet in Finals*

(Continued from Page 5)

as protegé of Max Cameron, famous as the central figure in last year's struggle for major standing. In his official capacity as President of the Canadian Rugby Club, Bill is always in the thick of things looking after the interests of football enthusiasts in the University. His indefatigable energy and unquestionable "college spirit" is no small factor in the inner workings of the Canadian Ruby team.

**Captain Vic Odlum.** — Vic arrived here last year from R. M. C. after several years of big league football. He starred on the line-up of last year's Lipton Cup Champions in the middle position, and was unanimously elected as Captain for 1928-29. His vast experience and fighting proclivities are often the power which turns the tide of battle.

**Neil Watson**—Centre. Neil has a spiral pass which is dead sure and a dream to work with. Invaluable as snap-back, he has the ability—we are sorry about this condition—to play any other position on the team. An episode is recollected where the gentleman in question officiated as quarterback with hitherto unsuspected ability.

**Sandy Smith**—Also centre. Sandy undoubtedly knows what he is doing on both offense and defense. Any man who requests that someone be ready to carry the opposing snap off the field must be all right.

**Oliver Camozzi**—Guard. Oliver is the prime mover in the well-known firm of Camozzi & Hall (un)-Ltd., inside. Bill Henderson, in the last game against Vancouver, hit the Varsity line, seemingly encountered a cement wall and rebounded correspondingly. Dr. Burke was heard to remark, in a matter-of-fact tone, that Camozzi must have been in there somewhere.

**Wilf Hall**—Also inside. Started with Varsity on the battling Intermediates of three years ago and has been working with Oliver Camozzi ever since. This pair are the classiest set of insides in seven counties.

**Denis Pearce**—Still another guard. Den. has appeared on the U. B. C. squad for the last three years and is a steady player with the characteristic Varsity fight, fight, fight.

**Ross Jackson** — Tackle. Varsity's big blonde bucker, who partners with Captain Vic Odlum. He good-naturedly offers himself as victim whenever Dr. Burke undertakes to show the Intermediates how to clip, with the whispered phrase, "The bigger they are, the harder," etc.

**Jack Cummings**—End. Jack is fast and a good tackle, and has all the knowledge of a good outside man's complicated duties at his finger tips.

**John Coleman**—Flying wing. This is Johnnie's first year in fast company and he seems to be enjoying himself. He learned his football at St. Andrew's College, Toronto, and they seem to turn out fairly good pupils. "Coleman" is a name which strikes terror to the hearts of opposing safety men, for if they are on the receiving end of a punt, Johnnie is always waiting to welcome them with open arms and a set jaw. Since the game at Queen's Park he has reached the momentous conclusion that shoes work better with cleats.

**Campbell Duncan** — Another end. Cam's latent talent was well-developed on last year's Big Four line-up. He is known locally by the delightful cognomen of "the tacklin' fool," and he never spares himself in his almost fanatic eagerness to "get his man."

**Tommy Berto**—Quarterback. Tommy handled the Intermediates last year in his first season, and this year has moved up to the first string. He is a natural athlete with an instinctive "football brain."

**Steve Gittus**—Also quarter. Steve is one of the youngest boys on the squad, but that is no standard by which to judge his rugby. He is an ex-Kiski and former Hyack with considerable experience already behind him.

**"Cokie" Shields** — Half. "Cokie" needs no introduction to the public. He scintillates in every branch of sport and displays his breath-taking speed and awesome kicking in every game. Often his superhuman toe, left or right, has been the power behind the throne in Varsity's victories.

**Charlie Wentworth**—Half. Charlie, in the comparatively short time which he has been with us, has earned for himself an enviable reputation and is one of the proverbial good men who can't be kept down.

**Blair Dickson**—Half. Blair is back again after a regrettable absence of one year, but he is showing his old form. When he gets under way he can't be stopped and he runs like a scared cat.

## *Track Club Has Plans For Full Program*

The Track Club has already successfully started its programme in staging the Arts '30 Road Race on Wednesday.

There are three other events on the fall program. In the first place, in two weeks time the Indoor Track Meet takes place at the Horseshow Building at Hastings Park. This is an annual event which was inaugurated last winter. Last year, since it was the first atempt, it was not as successful as was expected, especially as regards the attendance. This year, however, both the student body and the athletes are taking more interest in the event. The women are going to stage a programme of their own in connection with the meet which is sure to make a difference.

The track meet is an Inter-class affair and as usual wild surmisers are gloating as to the name of the winning class. Science and the Frosh seem to have the best chance, although the Sophs. should make a good showing. The Juniors have only a few tracksters but everyone of those will be on hand for the honor of the class. The Seniors appear hopelessly out-classed and apathetic.

The sprints will be copped by Percy Williams with Bobby Gaul, Shields, Fell and Harvey to make him step out. In the hurdles Fell and Shields are the best men. The weights and broadjump should find Shields, Alpen and Dirom trying their skill. In the high jump Roberts of the Aggies, Fell, Chappell, Thornbur and some other good men will try to jump over the moon. The 440 and the 880 distances will likely bring out a goodly number of runners among whom the chief are Roberts, Terry, Chappell and Thornbur. The longer distances of the mile and 2-mile have a few showing their speed, viz.: Chappell, Selby, Todd, Debrisay, Edwards, Terry, and Dunn. The pole-vault and the relay are usually in doubt until the last minute; but for the former Alpen and Dirom look well and the Frosh seem a good bet for the relay. Little is known about the women's events, but it is certain that there will be speed and color galore.

For the further enjoyment of the gallery of spectators and the more exercise for the athletes an informal dance will be held immediately after the meet. This was a popular innovation last year and should be a big drawing card.

Two weeks after the Inter-class meet the Varsity Track Team clashes with the Y.M.C.A. in their annual Indoor meet. Last year, to the great surprise of the dopesters, the Varsity handed the Y.M.C.A., a team composed largely of provincial champions, a neat trimming. Varsity is anxious to repeat the performance and the Inter-class meet will bring out the material necessary for this programme.

After this dual meet the trackmen will rest until after the exams when training will be resumed for the Road Race in Victoria during the Victoria Invasion. The Road Race is a two-mile relay against the Victoria Y. Four men constitute the team and each runs a fast half-mile. This year the course has been changed so that the race will be run at half-time at the McKechnie Cup Rugby Game. Varsity has failed to win this event but Fell, Selby, Terry, Chappell and Dunn, are anxious to go this Christmas, so that a strong team will make the trip and maybe win.

**Lloyd Gillanders**—Half. Lloyd is another speed artist who has joined the big league, for whom we must thank the Blackhawk Junior team of 1927-28.

**Gavin Dirom**—Half. Gav. returned a little late this year, but he is now in lovely condition and his massive bulk and speed can't be touched. Another veteran.

**Harold Cliffe**—Another inside (cf. Camozzi, Hall, etc.). Cliffe is a late development, but he has the frame and the enthusiasm which is half the battle. Harold showed up well in the game at Victoria.

## *Of Interest To Women*

**Curious Costume**

This ensemble seen on the campus or usually on a girl is an exquisite combination of seal-skin and buffalo hide. It is a leading style in the West and tends to become a favorite pastime frock-coat. Worn with the coat is a hat and other clothes of many varieties which are very sang-froid.

**Coffee Grinder**

Of great aid to the householder is the above coffee-grinder. It not only grinds out coffee but if coaxed will give forth music. Exclusively used in every home. Price, 38 cents.

**Dancing Shoes**

Fashionable dance pumps worn at the Science Ball last year. They are valuable for foot protection during the Varsity Drag. They also keep your partner in complete submission. Sold at the Book Store, including laces. Price reduced from 40 cents to 38 cents.

**Charming Sox**

These quaint period sox lend themselves to the slow rhythm of the time-bell. Colored a novel brick-yard red, they accentuate the wearers individuality. The insouciane created by the owner is extremely novel. As for the lady in the foreground that ain't no lady that's a co-ed.

## *Rare Recipes*

**Simple Salad**

Asparagus tips, grapefruit and romaine, mixed heavily with Chili sauce and pounded until exhausted, forms a most heavenly Chiffondale French dressing. Care must be taken to chop the asparagus tips in their dressed state in order to prevent them becoming embarassed. When you have completed this salad you will find that its naivete has completely won the hearts of your guests.

**Persillade Potatoes**

Wash and pare (to Freshettes, pare—peel) potatoes, trim to uniform size or else jealousy will result. Boil in hot water. Add salt, pepper, etc., to taste, and also add butter if you have guests. Put in oven, bring up kindling, start fire, thus making oven hot. Baste the potatoes to a standstill. Drain water and serve as soup. Use potatoes as stuffing for chickens and ragdolls or for geology experiments.

**Crab Controversy**

Is the meat of the domestic crab different from that of the Japanese crab, not to mention the Chinese?

This is the important question which is at present troubling the best of cooks in the nicest homes. For there are two sides to the controversy, those upholding the merits of the domestic crab and those in favor of the Japanese crab, not to mention the Chinese. If well boiled they will both appear well cooked, but Alasse Cuisine, famous frier, firmly states that the domestic crab is not reliable as it is wont to change color when boiled. To settle the question the best way to offer crabs is to serve bologna instead.

**Aristocratic Artichokes**

Artichokes are at present the rage for the well-decorated table. No home no matter how low it may be, should suffer being without its little quota of artichokes. These are easily obtained in groups of threes and fives. Buy yours now and improve the quality of the pictorial dinner table effects.

**Freak Frock**

Flat rayon blossoms in brilliant shades of elephant's breath, rose, red and yellow on a dull purple background make this dress what it is to-day. Decorated with vicious, light blue knots, it becomes tres chateau in its design. As worn by Mabel McGillicuddy in the Caf., the snapshot reveals the dress's full possibilities.

**Rugby Strip**

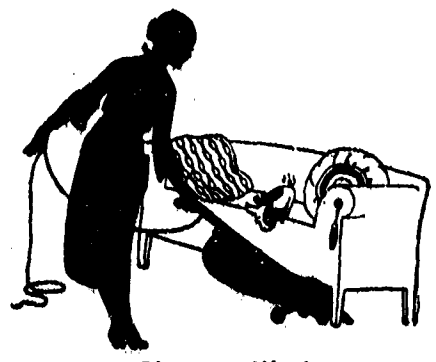
This group photo of fashion celebrities reading from left to right, front row kneeling, is one of Sciencemen in rugby strip. In the background another player is visible to the naked eye, but he is considered of no account, since he is only a dummy. It is easily seen from the helmet that the one on the right is a Canadian Rugby enthusiast.

**LOST.—One Ox-Skin Moccasin**

## NEWEST NEWS NOTES

**Rufus McGoofus**

The most popular man on the campus, Rufus McGoofus, demonstrates what the well-dressed man will wear. A grey tweed suit, amplified by blue stripes gives a striking effect. Realizing this, Rufus now goes about the Varsity knocking 'em cold.



**Clean-up Week**

Modern methods are now being applied to cleaning the Women's Common Rooms. This dark, mysterious lady is using a vacuum cleaner to clean up stray powder, compacts and chewing gum. This invention will be tried out in the Lower Men's Common Room (c.f., F.G.C. Wood) to gather in lost collar buttons and cigarette butts.

(Scenery kindly loaned by the Player's Club.)

"What does c-o-w spell?"
"I don't know."
"Yes, you do. Something that has two horns, four legs, and gives milk."
"Oh, sure. Goat."

# Faculty Fans Feature Football Future

## Dr. Shrum and Dr. Sedgewick Contribute Respective Views

A bargain!—a ticket worth two dollars for twenty-five cents! I could not miss the opportunity. A second bargain—a ticket worth X dollars for thirty-five cents. A problem:

(a) What to do?
(b) What is the value of X?

Solutions:—

(a) Do your bit.
(b) $2222. . . . . Oh! these decimal points! You must decide tomorrow where it should go. (Do not forget significant figures.).

Synchronism of watches and clocks is an earthly convention and must be overthrown—page Einstein. If Dr. Sedgewick could travel with the velocity of light, then he might see both games. It appears, however, that the ends and halves on the Varsity Lipton Cup team are about the fastest group ever met in rugby circles.

If the Blue and Gold can win the championship of the Big Four League—we shall see the winners of the Western Inter-collegiate Rugby Union here for a play-off game. Should Varsity win that game, they have the right to challenge the winner of the Eastern Inter-collegiate (McGill, Queens and Toronto) for the inter-collegiate championship of Canada. If Vancouver wins tomorrow they may yet earn the right to a play-off with Regina Rough Riders—and all prospects for some inter-collegiate sport postponed.

Permit me to say that the Big Four League assumes no responsibility for the conflicting date. Their schedule of games, dates and parks was drawn up and published early in September and this is simply a mistake for which neither of the Varsity clubs is responsible. They should see that it does not occur again.

Who would not like to see both games? It happens to be my preference to see the men of Dr. Burke and Norm Burley battle their way through their most crucial game, and win the Lipton Cup. It wil lbe the greatest battle in all history! (This information has been obtained from reliable sources.).

The Dominion Championship playoffs depend upon the result of tomorrow's game, and all the eastern and western papers have requested press reports.

Tomorrow fifty thousand spectators will watch Canadian University teams play Canadian Rugby. Will you? Will I? Best of luck to both teams!—two wins will put Varsity where she ought to be.

G. M. SHRUM.

It will never be my habit to urge people to go to University games, even McKechnie Cup games. If students don't want to go, they should stay away. I don't believe in compulsory games—which seems to me a contradiction in terms—and I believe even less in compulsory or merely dutiful attendance. Hearty noise and enthusiasm I love, but I haven't much stomach for organized ballyq-hoo, though it does "pay," especially with vulgar people and vulgar things. For myself, I want to go to the McKechnie Game and I shall certainly enjoy myself at it unless times have changed.

That game is the oldest and most important tradition in B. C. sport. It is likewise the nearest approach to an effective tradition in sport at U.B.C. In the last ten years our teams have furnished, in the main, the chief interest of the series. They have usually played well, but even when they played badly, they have habitually been able to play better in the last five minutes than at the beginning.

That is good to see, even in defeat. Besides, English Rugby is still the King of Manly Sports. It is a game, not a mere public circus. Its traditional methods of training still remain the sound and rational methods—for games, that is, though not for professional businesses. It has variety, risk, color, skill, and surprise, all of which things are the essence of sport. These are the reasons why I am going to Brockton Point on Saturday afternoon if by that time I am still sound of wind and limb.

G. G. SEDGEWICK.

# Arts' 30 Road Race

(Continued from Page 1)

force. Passing the Administration building it seemed as though Dunn were actually gaining on Selby, but the inevitable incline made it an impossibility. Selby forged ahead in a magnificent way, and it was apparent that victory was in his hands. Topping the hill, Dunn seemed exhausted but never for an instant did he relax his pace. At a short distance behind Thornber, like Selby, had drawn ahead of Carey and their battle was as intensely interesting as the leaders.

A hush of anticipation fell over the spectators, and then a sudden roar greeted the first figure to appear around the Agricultural building on the last stretch. It was rumoured that Dunn had succeeded in out-running Selby, but every doubt was soon dispelled.

Selby, after having run an extraordinary fine race, spurted to victory in 15 minutes, 4 seconds, amid the uproarious acknowledgment of all concerned. Dunn followed, beaten, but cheerful, in 15.15 seconds. He also ran a splendid race. Carey was next, having beaten Thornber in the last 100 yards. As each runner came in he was greeted with generous applause and the enthusiasm showed by everyone was unbounded, no less being evinced by Percy Williams, whose familiar figure was a welcome sight amongst the spectators. The race was a treat both for the supporters of the victorious team and those who were defeated, being a fine example of perseverance and sportsmanship.

The results were as follows:

Selby, Dunn, Cary, Thornber, Hammett, King, Root, Thein, McMullen, Leeson, Cockburn, Edwards, Ward, Litch, Dobson, Swanell, Kingley, Valentine.

# *Outlook Bright For Women Hockeyists*

Varsity's first women's grass hockey team clash with Britannia High School in the Senior League game at Connaught Park at 8:45 on Saturday morning. The game promises to be a good one, as Britannia is leading the league and Varsity's team will be even stronger than the one which beat Kitsilano on October 20. As Kitsilano beat Britannia in an earlier game, there is a good chance of Varsity winning.

The half-back line has improved greatly and the forwards have at last developed a real combination. The line-up will be the same as against Kitsilano except that Carol Sellars, inside forward, will again be playing. Players on both first and second teams will meet to-day at 3 o'clock in the Lower Common Room before going out to practise.

# First Soccer to Meet North Van. Ex-High

Next Saturday at 2:45 Varsity's Soccer hopefuls tangle with North Vancouver Ex-High at Kerrisdale Park. The game promises to be an excellent one and a good turn-out of students is expected.

The play of Varsity last Saturday was most encouraging and their form at the mid-week practice even more so. In Ferguson, Varsity have a find. Never given much chance to shine before, his work in the game last week left little to be desired. He has one fault; he uses his feet when he should use his hands. The backs are improving steadily, especially Allan. The half-backs are good; they perform the difficult double task of offense and defense as well as the best in the league. Their well-placed kicks to the forwards have been good, and improvements in the forward department itself causes much optimism.

During the season the combination of the forwards has been rather poor but their most striking weakness was in front of the goal. There they would wilt utterly and miss chance after chance to score. Two hard practices and a game, however, have wrought a vast change, and they should win this time.

Varsity's team for Saturday will be chosen from Ferguson, Allan, Mitchell, H. Wright, Newall, Hyndman, B. Wright, Partridge, Rigby, Chalmers, Todd and Cooke.

## SECOND SOCCER

To-morrow, Varsity II. Soccerites tangle with Riverview at Dunbar Park. The students are in no way discouraged by their previous lapses. The team is settling down regularly now, the only department giving trouble being the forwards. The Collegians' defense should be unbeatable. With Smith back in form having a good partner in Pollock and three reliable half-backs in front of them, the U.B.C. back division has nothing to fear.

The forwards have a different tale to tell. Manager Smith and Captain Miles are already grey with worry caused by the Varsity sharp (?) shooters. England, the students' sole reliable forward will be out for a point or two and with decent support should lead the line to the goal.

The team will be picked from McGregor, Smith, Pollock, Sanderson, Miles, King, Yolland, Roberts, McKeller, Wiles, Streight, Hutcheson, England and Freeman.

## ATHLETIC REPS. CONFER

That the women will only have three events in the track meet was decided at a meeting of the executives and class athletic representatives on Monday noon in Arts 100. These events will consist of a relay of four girls, the one hundred-yard dash and the high jump. Whether or not they will take part in the Indoor Track meet to be held in November, will be decided by the number of girls who sign the notice posted in the Lower Arts Hall.

# *Feather-Pushers Win On North Shore*

Varsity "A" team journeyed to North Vancouver Wednesday evening and gave the North Shore players a better run for their money than they expected. The final score was 17-7 in favor of Varsity.

Players on the "A" team were: Misses Helen Matheson, Esther Eddy, Jean Russell, Margaret Lyle and Messrs. Jack Sparks, Nic Solly, Vacy Fernie and Terrence Holmes.

# *Class and Club Notes*

## ENGINEERING INSTITUTE

A meeting of the Engineering Institute of Canada will be held on Friday noon in Applied Science 100. Mr. A. E. Wheatley, of the Association of Professional Engineers of B. C. will address the meeting.

## BIOLOGY DISCUSSION CLUB

A meeting of the Biology Discussion Club will be held on Monday, November 5 at the home of Dr. and Mrs. A. H. Hutchinson, 4548-6th Avenue West, at 8.00 p.m.

A paper entitled "The Physiological Effects of Radiant Energy" will be read by Mr. Fred Sparling.

## VARSITY CHRISTIAN UNION

A meeting of the Varsity Christian Union will be held on Monday, November 5th, in Arts 204 at 12.10. The V. C. U. will also hold a discussion group every Friday at 12.10 o'clock in Arts 204. The subject for study will be "The Earthly Life of Christ." All are cordially invited.

## DEBATES TRY-OUTS

Tryouts for Freshettes who wish to represent their class in interclass debating were postponed till next Tuesday noon. All interested meet in Arts 105 to deliver their three minute speech.

# *Noon-Hour Talks*

To assist students who may be considering the choice of an occupation, and the courses to select here in the University to prepare them for their lifework, a series of half-hour talks at noon will be given on Mondays at 12.10 in Lecture Room 102 in the Applied Science Building.

The first talk will be on the "Life and Work of the Civil Engineer," given by Professor W. E. Duckering, on November 5th.

## NOTICE!

Will all those who were given Canadian Rugby tickets to sell for last Vancouver game please turn them in to Gordon Shields immediately.
