LOCAL FIRM WILL ERECT VICTORIA OFFICE BUILDING

R. V. Winch & Co., Ltd., have awarded the contract to the Norton-Griffiths Steel Const. Co. for the erection of a 60x120 office bldg, 2 stories in height, but with walls capable of bearing 8 stories, on Fort st, near Broad. Half of the ground floor will be occupied by the owners, and will be handsomely equipped with mahogany fittings. The bldg will be of rein-concrete, faced with brick and sandstone. An arched entrance, with wide center hall and offices on each side, as in the Winch bldg in this city, will be constructed.

TWO NEW RAILROADS TO ENTER THIS CITY

The Great Northern Railway will commence early in January to double track its line from Everett, Wash., to Vancouver, a distance of 116 miles. It is reported that the Union Pacific and Chicago, Milwaukee & Puget Sound Railways will enter this city over the new tracks, this being the motive for the improvements.

NORTH VANCOUVER PASSES LARGE IMPROVEMENT BY-LAWS

NORTH VANCOUVER—Money by-laws to the extent of $200,000 were passed here last Saturday. The by-laws provide $100,000 for local improvement of Marine drive west of Capilano, and $100,000 for walks and road improvements throughout the municipality, including a bridge over Lynn creek. The extension of Marine drive and Keith road is a portion of the highway between Roche Point and Point Atkinson.

WILL CALL FOR TENDERS FOR ELECTRIC GLOBES

VICTORIA—The city purchasing agent will shortly call for tenders for globes of varying sizes for 500 standards throughout the city. Tenders will also shortly be sought for three more large garbage carts, and another street sweeper will be purchased at a cost of $325.

WILL ADD LARGE SPACE TO WHARF

Tenders will be recd by E. H. Beazley, manager for the Union Steamship Co., foot of Carrall st, for the building of a wharf, approximately 200x86 ft, including pile driving, until Saturday, Oct. 21.

This will be the first move of the steamship company in an extensive plan of improvements, among which are a new office, sheds, etc., to cost several thousands of dollars. Several vessels have lately been added to the fleet of the company, and much more warehouse and shed room is required. Dalton & Eveleigh, 615 Hastings st W, are drawing plans for the bldgs, but nothing will be done towards building until the new wharf is well under way.

WILL BUILD STORAGE PLANT.

MERRITT—The Nicola Valley Meat Co. is calling for tenders for the erection of a 50x70 2-story bldg adjoining their present premises, estimated cost $15,000, for cold storage purposes. The second floor will be used as a public hall. The main floor and basement will contain two refrigerating rooms and an ice storage room, with storage space for 100 tons of meat. Offices will also be built in the new bldg. A Triumph refrigerating plant has been purchased in Cincinnati, which will be operated by a 40 h. p. gasoline engine, yet to be purchased.

WILL BUILD APARTMENTS.

Archt. H. M. Barker, 429 Pender st W, has completed plans for a 2-story frame apmt bldg for Alex McLachlan and E. E. Goodwin, to be erected at 1643 4th ave E, and to cost $7,500. The contract has been awarded to the M. H. Nelems Const. Co., Inns of Court bldg, who will award all minor contracts.

UPTOWN THEATER SITE CHOSEN BY PANTAGES

Alex Pantages, the theater magnate, will be in the city to day to close up on a site for the location of his proposed theater. Some difficulty has been experienced in getting either of the two sites considered, the NE corner of Hastings and Abbott sts, and the SE corner of Dunsmuir and Seymour sts, and a third site has practically been settled on, the SW corner of Richards and Georgia sts, owned by J. Gibbs, proprietor of the Dunsmuir Hotel. This site was formerly occupied by the First Congregational church, and is cleared ready for building. It is understood that as soon as the arrangements for the property can be concluded building operations will be commenced at once.

WILL USE CANADIAN POWER FOR ELECTRIC LINE

SEATTLE—It has been announced that arrangements have been completed with the Western Canada Power Company to supply the motive power for the Bellingham-Skagit interurban railway, now under construction between Bellingham and Mount Vernon. Power is taken from Stave Lake, 50 miles north of Bellingham. A large part of the line has been graded, and it is planned to have the line completed by next summer. The line from Mount Vernon to Everett, when completed, will form the last link in the Stone-Webster electric railway from Bellingham to Tacoma, which will eventually connect with the B. C. E. R. at Sumas, forming a through electric interurban line from Vancouver.

WANT FIGURES FOR INTERIOR ALTERATIONS

Gould & Champney have completed plans for extensive alterations in the offices of Tupper & Griffin, Royal Bank bldg, 408 Hastings st W, and would like to receive figures on the various works, especially on the carpenter work. You will save two dollars by paying a year in advance for the Record, besides saving considerable time and the annoyance of paying a small bill each month.
