With which is incorporated "The Huntingdon Star"

Vol. XXIII., No. 19. Abbotsford, B. C., Friday, April 7, 1922 $1.00 Per Annum.

CORRESPONDENCE

Abbotsford, B. C. March 14, 1922.
Dear Sir:

If we are to have good business in British Columbia, we must bring in new people, and to bring them in must tell of the advantages of the Province.

Here is a plan which has been initiated by the Publicity Department of Vancouver and taken up wholeheartedly and supported by the Vancouver Board of Trade, who has asked our Board to assist in putting it over successfully, which with a little work by all of us, can be made to yield big dividends at practically no cost.

B. C. Invitation Week

Let us have one week set apart, April 10th to 15th, as "B. C. Invitation Week" during which week our people in every part of the Province will write to their friends and acquaintances or anyone likely to be interested, inviting them to visit B. C. this year. To see for themselves what we have to offer the holiday or homeseeker, the investor, etc.

The idea is that the resident in any town or district will write of his own district. The Penticton man will invite them to Penticton, Matsqui to Matsqui, Sumas to Sumas, Nelson to Nelson, Abbotsford to Abbotsford.

Kindly secure the warm support of the leaders in your district in this important programme and advise progress being made at your earliest convenience.

In addition to the scheme outlines above, the Abbotsford and District Board of Trade has voted the sum of $5 for a copy of the best bonafide letter written by a pupil in the Public Schools of Matsqui, Sumas, Abbotsford to someone outside of British Columbia, and hope in this way not only to develop the interests of the growing children in the resources of the Province, but also the parents and through them thtir friends outside.

There are so many things to write about it may be difficult to select one theme that will appeal personally to many, so it is suggested that the children write of the pleasures that interest them and incidents telling about their school gardens, etc., etc. Agriculturists will write about their stock, their orchards, their methods of picking and marketing produce; the splendid opportunities for raising bees and poultry and the wonderful openings there are for the new industry of Loganberry growing. Lumbermen will tell of the forests, and miners of the wonderful mineral resources of British Columbia as yet practically untouched, and so on British Columbia's climate alone, is a great asset and her scenery is unsurpassed.

The "B. C. Invitation Week" will become a yearly event, increasing in importance. If you have any suggestions to offer or if the plan is not clear to you, we will be glad to answer any questions or to assist you in any way.

Yours very sincerely,
A. GEORGE,
Secretary.

SUPERIOR SCHOOL REPORT FOR MARCH

Division I. Teacher, M. McDowall. Percentage—91.22.

Proficency, 2nd Yr. High School—Jessie Duncan, Ella Fraser, Norah Hughes.

Proficiency—1st Yr. High School—Kate Parton, Muriel McCallum, Victoria Brown.

Proficiency, 1st Primer—Gordon Gosling, George Miller.

PREMIER OLIVER WILL BE PRESENT AND SPEAK

To-morrow afternoon at 4 p. m. the Matsqui-Sumas-Abbotsford Hospital will be opened and it is hoped that every person will be present.

Premier Oliver has kindly consented to be present and lay the corner stone, and also to give a short address. Other speakers will be Miss McKenzie, who will give a short address on Child-Welfare; Mr. E. D. Barrow, our local representative, who will spend the day in the district will also speak. Mrs. Ralph Smith, M. L. A., will give an encouraging talk to the ladies on the good work they have accomplished in securing the building of the hospital in this district. Other speakers may be present.

PETITION IS RECEIVED FOR NEW STREET

The regular monthly meeting of the Abbotsford and District Board of Trade met on Monday evening. The names of C. T. Baker and J. M. Rowley were added to the membership. The secretary reported having written to Hon. A. Manson, the Attorney-General, in regard to a jail and police quarters but had as yet received no reply.

Westminster, wrote to ask if there was an opening in his profession here, and the secretary was instructed to write and inform him that Abbotsford had an excellent legal firm among its professional business men.

A petition was received from interested residents asking the approval of the Board of Trade to open a street near D. McCrimmon's residence namely running north 280 feet on Gladys Avenue, thence 40 feet east on Elm Street. Although this would imply the purchase of a 30 foot lot by the Government, the petition was approved by the Board. It was decided to notify the proper authorities in regard to the poor condition of sections of the town road, the Boundary Road between the properties of Messrs. Thorne and Pratt, and also the road near the G. N. R. water tank. There is an overflow from the tank which is running over the street and spoiling the new gravel.

It was reported that some of the ladders were missing from the fire hall, and Messrs. Webster, Wright and Cottrell were appointed a committee to close in the ends of the hall and use the firehall funds for the improvement of the equipment.

The president, Mr. N. Hill, the secretary, A. George, and E. A. Barrett were appointed a committee to purchase a typewriter for the use of the Board. The delegates appointed to attend the convention of Associated Boards of Trade, held in Victoria last month, reported that they had unfortunately been unable to attend.

Mr. Baker spoke in regard to refuse being dumped along the Yale Road, and offered a suitable place on his property for the purpose. A committee to look into this offer was appointed consisting of Messrs. Baker, Duncan and Cottrell. In connection with the forming of an Association of the Fraser Valley Boards of Trade a banquet and meeting will be held in New Westminster on April 28th. A committee to make arrangements for his event include, J. A. McGowan, F. J. R. Whitchelo and A. Harrop, who are to give a report of their work not later than the 22nd inst.

The president, first vice-president, second vice-president and secretary were appointed to arrange for judges for the school children's competition written during "Invitation Week." Capt. F. J. R. Whitchelo, convenor of the Publicity Committee, reported having been interviewed by the representative of Wrigley's Directory with a view to having the town advertised in the directory, and this will be further taken up by Messrs. Hill and Whitchelo. The Abbotsford Board of Trade are offering a prize of $5.00 to the pupils of the Matsqui-Sumas, Abbotsford School, for the best letter of invitation written during "Invitation Week," April 10th to 15th inclusive, to be written to a resident outside of B. C. asking them to come here to reside, stating the advantages and residential attractions.

The secretary was instructed to send the congratulations of the Board to W. L. Makin of Chilliwack upon his recent appointment as president of the Associated Boards of Trade of B. C.

DISTRICT EXHIBITS FOR FAIR DISCUSSED

NEW WESTMINSTER, April 4.—Men who will have the arrangement of district exhibits at the Provincial Exhibition in September met with D. E. MacKenzie, secretary-manager of the R. A. and I. Society, today and discussed plans of action.

Delegates entertained by Mr. MacKenzie at the Kiwanis Club luncheon, from Abbotsford, included J. A. McGowan, A. Hulton-Harrop, J. Brydges and G. S. Pratt.

Efforts will be made next year to send a good display from this vicinity to the Provincial Fair next year.

PERSONALS

Mr. and Mrs. H. Guy of Calgary are the guests of their brother, Mr. W. Gray. They will go on from here to take up residence in Victoria.

Miss Annie McPhee of the nursing staff of Vancouver General Hospital is enjoying a holiday at her home here.

The Ladies' Aid will give a play in the Alexandria Hall on May 5th.

Mr. and Mrs. J. Bates, Huntingdon, are rejoicing over the arrival of a little son, born last Monday.

Rev. W. Robertson attended the Presbytery in Vancouver last week-end.

Mr. Dan Emery of Vancouver expects to soon be busy on a tie contract on the McKenzie Road.

Miss Jean McDowell of Penticton is spending a holiday at her home here.

Mr. Brokovski, auctioneer, reports that the sale held last Saturday was the best this year.

Rev. J. L. Campbell of Collingwood exchanged pulpits with Rev. W. Robertson last Sunday. Mr. Campbell's resignation has been accetped at Collingwood.

The W. C. T. U. met at the home of Mrs. D. Rucker on Tuesday afternoon.

The Ladies' Aid spent a pleasant afternoon at the home of Mrs. Thompson on Wednesday.

The celebrated cartoonist, Mr. W. Bengough is coming to the new Theatre on the evening of April 12th.

A jolly surprise party was given at the home of Mr. and Mrs. W. Harkness, Thursday evening.

The Abbotsford Football team won a victory of 2-1 over the Langley players at Clayburn last Saturday, and brought home the Haddrell Cup, which caused great rejoicing.

Capt. D. W. Peck and family of Vancouver were the guests of his parents, Mr. and Mrs. H. Peck, last week.

Coming, May 19th, 20th "THREE LIVE GHOSTS."

ASSOCIATED BOARDS OF VALLEY TO MEET AT NEW WESTMINSTER APRIL 28th

A meeting of the associated Boards of Trade of the Fraser Valley will meet at New Westminster on Friday, April the 28th, for the purpose of completing organization and formulating plan which when matured will forward the prosperity of the Fraser Valley.

The idea of an associated Board for the Fraser Valley was first thought of and started by the Abbotsford board, and has met with the approval of nearly all the Boards of the Valley, including Chilliwack, Langley, Cloverdale, Ladner on the south side of the Fraser and Port Hammond, Port Haney and Port Coquitlam on the north side of the Fraser, together with New Westminster. The Mission City and Agassiz Boards have not as yet signified their intention of joining the new organization. Messrs. Hill, president of our Board and J. Brydges will meet the Mission City Board on Monday evening at Mission City and it is altogether likely that it will be put up to that Board in such a way that they will also become members.

There is a good field for such an organization in securing for the Valley the many necessary requirements that go towards helping to build up the various prosperous communities of the Valley.

REMEMBER OUR ANNUAL CLEAN-UP DAY

Shortly Abbotsford will have a clean-up day, and in this connection it might be mentioned that a new dump and refuse ground has been secured on the Baker place on the Yale road about a mile from the town. Abbotsford people are asked to make good use of this for all those things that are fund of no value when clean-up day comes along and also at other times.

Mrs. Green of Vancouver was the guest of Mrs. T. McMillan this week.

ANNOUNCEMENT

THE BRACKMAN-KER MILLING Co. has opened a Branch Store in Abbotsford, and can take care of your requirements for Grain, Hay, Feed and Poultry Supplies. A full line of Seeds is kept in Stock.

This well-known firm, with branches throughout British Columbia, needs no introduction as to Prices and Quality. Give the branch a call.

GETTING INTO PRINT

There are a lot of people in this beautiful old world of ours who do like to "get into print" just as often as it is possible to get there, and not pay for the space occupied believing that the editor has nothing else to do but to promulgate the bigotted ideas of some poor fanatic, with a mission to reform the world from his little sphere.

The other week this paper received a letter from a fellow down in the States with a tariff bug in his head. He was seeking national fame at the expense of the editors of the country whom he asked to print his long epistle, just because he wrote it. His letter required an answer. Among the things that were said to him was the fact that "Sometime since, we quit giving advertising to those quite able to pay. Opportunities offered themselves every day but were declined with thanks." Then the letter concluded with the following "The Sphinx, the 'Great Mystery' of Egypt has stood silent since 2800 B. C., and has never uttered a word,—not even stuttered. We hoped that it would not be as long or as hard a struggle to convince him that his advertising should be paid for as it was to get the Sphinx to speak but that his letter could not be published until such time as a cheque was forwarded."

That was about a month ago and this week a fine letter was received in answer. It had taken him three weeks to write it, and believe us he lost no time in picking up words to express his ideas. Among other things, he was going to write a letter that would shrivel the editor and the whole staff, machinery and all His name as a reformer would be remembered in the minds and hearts of the people long after that of the editor had been forgotten, and a few other things. But he signed his name to the letter and was also signed to the first letter.

POPULATING THE COUNTRY

The Dominion Government spends a lot of money on immigration and often the people brought in make anything but good Canadians. At the same time there is no money spent to encourage the native-born. The interference would seem to be that foreigners are preferred to native-born Canadians. As long as there is such a severe handicap on raising families the tendency will be for young people to evade their responsibilities and choose the single life or the childles marriage.

We are making no suggestions as to what steps might be taken to encourage families. In some countries the matter has recived consideration. but not with any marked results. To bonus families, to tax bachelors and spinsters, to provide the use of doctors and hospitals free, are among the means that might be adopted. All these are subject to objections. Perhaps when people have done without children sufficiently long there will be a swing in the opposite direction, and once more motherhood will be deified and it will be the desire of women as in former days to perform their natural functions. It will once more be a shame to be childless.—Prince Rupert News.

THE AWAKENING OF LIFE AND LABOUR

"When the old spring fret comes o'er you,
For the Red Gods call me out,
And I must go."—Kipling.

The incoming of spring brings a natural resurrection of spirit which manifests itself everwyhere. Nature, held in bondage all through the long winter, throws off the shackles that held her in icy thraldrom, and with sunshine and bright raiment is rejoicing in her newly found freedom The spirit of quickening life and labour is felt by being and beast, bird and branch. All are awakening to a consciousness that a new life is beginning that calls for a greater degree of courage and energy than ever before. Memories of almost forgotten ambitions are revived. Dormant energies are pulsating and vibrating again with life. This is Old Mother Nature calling us to our tasks, rousing us to a determination to fight and conquer. Who has not felt life's blood course more quickly through his veins at this wonderful awakening period? The Red Gods are calling us—the gods of action—whose service calls for energy, tenacity, determination and ambition,—all the needful essentials and important factors in the battle for success.—Canadaink.

LET HOGS CULTIVATE ORCHARD

Hogs will graze and root over the ground in an old orchard, and there are a lot of these in the Fraser Valley, doing it a lot of good and getting most of their feed besides, especially bred sows that should be kept rather lean. Do not plow until September at earliest, so as not to start any new growth in the trees. Harrow *thoroughly. Sow four or five pecks* per acre of winter rye and winter vetch. Let hogs or cows graze it in early spring, but along in May it will get ahead of them, the vines and straw will become woody and it should be plowed under (crogs-wise from the fall ploughing) before it gets too heavy. Hogs would do the orchard no harm next summer, but it would furnish much feed. Harrow it often enough to keep down weeds. This soil evidently needs the bacterial life and humus that green manuring will supply, and also needs to be worked to let in the air and sunshine.

Apply lime after plowing under the green crop or in the fall. In September, 1922 you can again sow rye and vetch if you want to keep up this practise for another year, or if it could then be seeded to grass or left to be sown the following spring in crimson clover.—Country Life.

WHERE CANADA LEADS

Young as Canada relatvely is in the lives of nations, she has won leadership to a remarkable degree. For example, she ranks second among the world's wheat-growing countries, and holds the world's record for the best per acre yield of wheat and other grains.

Canada has the world's richest nickel, cobalt and asbestos deposits, and one of the largest gold mines—the Hollinger. She has the most extensive deep sea fisheries and pulpwood forests in the world.

Canada has in the Ontario Hydro-Electric power transmission line, one of the longest in the world, and, in the Chippawa-Queenstone power canal one of the greatest engineering works since the Panama Canal.

Canada has the world's largest inland port in the world—in Montreal; the world's highest hydraulic lift lock, at Peterboro; the largest bridge span of its kind, in the Quebec bridge, and the biggest dam in the world—on the St. Maurice River.

DISCRIMINATING AGAINST THE MOTOR

Years ago, before the advent of motor cars, the highways were used by horse-drawn vehicles. But we do not remember that any special fees and taxes were levied upon them and their drivers, for the building and upkeep of the roads. Nor was that because such vehicles were content with unimproved roads which cost little; since it was in the days of horse-drawn vehicles that we began and proceeded far with the construction of macadam, telford and asphalt pavements, in city and country. The roads were paid for not exclusively by those who drove upon them but by the whole community. There appears no convincing reason there should be a discrimination against motor vehicles which was never practised against vehicles of any other kind.—Boston Transcript.

RHUBARB FRITTERS

3 sticks of rhubarb; 1-4 lb. of flour; 1-2 oz. butter; a good pinch of salt; a gill of milk; one egg; 2 oz. of caster sugar.

Batter for fritters is best is made an hour or two before it is used.

Well whisk the egg. Sift the flour, mix the salt with it. Beat in the egg, melt the butter and beat in. Then add the milk gradually, beating well all the time. The butter must be perfectly smooth and be thick enough to drop, not pour from the spoon. So if the egg is a large one you may not need quite all the milk. Leave until wanted.

Wash the rhubarb and cut it into cubes.

Have ready a pan of boiling fat. Stir the rhubarb into the batter. Put the rhubarb batter into the fat a dessertspoonful at a time, being careful to keep them separate. Fry a golden brown. Drain on a sieve of kitchen paper. Sprinkle plentifully with sugar and serve.

TO BUILD JAM FACTORY

HANEY, April 1.—The Pacific Berry Growers have purchased from the Carr estate about two acres west of the United Farmers' premises with 300 feet frontage on the C. P. R. for the purpose of constructing a jam factory. Preliminary work on the ground has already been started.

A man is like a tack, he can only go as far as his head will let him.

SEED TIME AND THE OAT SUPPLY

The unfortunate crop conditions in 1921 in many parts of Canada, more especially for oats, led the Seed Purchasing Commission of the Seed Branch at Ottawa, to hold in reserve considerably more than half a million bushels of No. 1 seed oats for this spring's seeding. This grain was stored in government interior terminal elevators at Calgary and Saskatoon. Early in March about 400,000 bushels of this grain had been disposed of, a considerable proportion of it going to Ontario, Quebec, and more eastern points. The Seed Purchasing Commission supplies seed oats in car loads only and at the net cost of the re-cleaned seed. It is understood that during recent months bankers and others have persisted in encouraging merchants to be cautious. Reports reaching the Seed merchants indicate that seed merchants have been so guided by these precautions as to have in many cases an insufficient supply of seed grain to meet the full requirements. So much of the success of a crop depends on the quality of the seed sown as well as the promptness of getting it into the ground when the proper seedng time arrives, that farmers who have not already secured their full requirements of seed should see to it without further delay.—Dept. of Agriculture, Ottawa.

VICTORIA HAS EXCITING DAY

VICTORIA, April 3.—Yesterday the first "Blue Sunday" in Victoria, proved anything but a day of rest for the police. Honored more in the breach than in the observance, the order of the majority of the Police Commission that the Lord's Day Act must be strictly enforced, resulted in 40 business men being reported by the police to headquarters. The names of these tradesmen, who are charged with violating the act, will be submitted to the attorney-general for his decision as to what action shall be taken against them.

The order against practically all forms of Sunday trading was issued by Police Commissioners Marchant and Staneland. Commissioner Joseph North dissented from the order, and opposed the "closed Sunday." Yesterday he met the morning boat, acting as agent for Vancouver and Seattle hotels. He was promptly reported by the police as a Sunday trader.

RHUBARB CREAM

1 lb. rhubarb; 2 oz. of caster sugar; 1-2 pint of cream; 1-4 pint of milk; 1 oz. of gelatine. 1 teaspoonful of lemon juice.

Wash and cut the rhubarb in cubes, put them in a stewpan with the lemon juice, the sugar and half a pint of water, stew gently until quite soft. Then rub it through a hair sieve, using a wooden spoon.

Dissolve the gelatine in a gill of warm water, strain the dissolved gelatine into the fruit pulp. Stir in the milk and the cream well whipped. Stir over gentle heat until it is quite hot. Turn into a wet mould and leave in a cool place until set.

HOW TO GET RICH

Live up to your engagement.

Earn money before you spent it.

Never play at any game of chance.

Good character is above all things else.

Keep your own secrets, if you have any.

Never borrow if you can possibly avoid it.

Keep good company or none. Never be idle.

Keep yourself innocent if you would be happy.

Make no haste to be rich if you would prosper.

Always speak the truth. Make few promises

When you speak to a person look him in the face.

Do not marry until you are able to support a wife.

Ever live (misfortune excepted within your income.

Save when you are young to spend when you are old.

Avoid temptation through fear you may not withstand it.

Never speak evil of any one. But just before you are generous.

Never run into debt without you see plainly a way to get out again.

Small and steady gains give competency with tranquility of mind.

Your charatcer cannot be essentially injured except by your own acts.

Good company and good conversation are the very sinews of virtue.

If any one speak evil of you let your life be so that none will believe him.

When you retire to bed think over what you have been doing during the day.

If your hands cannot be usefully employed, attend to the cultivation of your mind.

Running through the telephone cord are a number of delicate flexible wires. "Kinks" are formed when this cord is allowed to become twisted, and some of these wires may be bent or broken.

This means a "noisy" telephone line. You cannot hear or be heard as well. In fact, a twisted cord may cause a complete interruption of your service.

Keeping the telephone cord straight will give you greater satisfaction in the use of your telephone.

MODEL "490" TOURING CAR

PREDICTS DRY B. C. IN LESS THAN 3 YEARS

SEATTLE, April 1. — British Columbia will go dry, bone dry, within the next three years. Roy Lyle, Washington prohibition commissioner, declared recently following an investigation into the governmental controlled liquor traffic in the province. He said the present form of liquor regulation would effect this.

"While the provincial government's control of liquor has lessened the former evils," Lyle explained, "it has not proved an entire success in some ways. Many of its proponents admit the system is not good. I found a surprising number of officials and leading citizens favoring a bone dry law. This sentiment is increasing and I expect British Columbia to go dry within the next three years at the most."

FAIL TO CUT ESTIMATES

PORT COQUITLAM, April 1.—The School Trustees met specially to consider a letter from the City Council asking them to reconsider their estimates with the view of reducing them. The trustees reconsidered and could not find a justifable reduction in any item.

A NEW EXPLANATION

"Say, Mike, what is meant by the sins of omission?"

"Falsifying your income-tax report, I reckon."

Education and Economy

The age old idea that education is a luxury, if not an actual extravagance, seems to maintain itself with a strange persistence. In England, efforts were recently made to secure the shelving or repeal of the Fisher Education Act of 1918. In response to these requests the Board of Education issued a circular to all local education authorities in which they set forth certain economies to which the Board will give its assent. The circular takes a wide and sane view of the situation, and while it urges and even requires economy in many directions, it gives the local authorities clearly to understand that refusal will meet any suggestion to economies which would in any way imconfronted with the alternative to suffer, it is directed to incur the expenditure. We draw attention to the situation in England because it is evidently much on a par with the situation here in Mission City: In both cases the effort is based, ostensibly, on a desire for economy. The fact of the matter is of course, that a so-called "saving" on education which in any way restricts its just development is not economy, but a peculiarly ignorant form of extravagance. Mr. Clynes, the British Labor member, summed up the situation accurately when he declared, in the House of Commons some time ago; "There is no state expenditure more worth incurring than this outlay upon educating the masses of the people."
pair the efficiency of the ordinary opment. Where a local authority is services of education or their devel-

FAVOR WORK ON THE FRASER RIVER

VICTORIA, April 1.—At its final session yesterday the convention of the Associated Boards of Trade of British Columbia decided upon Vancouver as the place where the next annual convention will be held.

A silver tray was presented to the honorary secretary, W. E. Payne.

The board passed a resolution urging that work on a drydock be continued.

The Mill Bay-Saanich Peninsula automobile ferry-project received the backing of the boards.

A resolution from the Rossland Board of Trade, asking that the Dominion Railway Act be amended to prevent abandonment of service on railway lines when this would work hardship upon communities or individual settlers along the route, was passed.

North-Vancouver's free port resolution was referred to the next executive, as was also one dealing with a Mission-Matsqui ferry.

A resolution from South Vancouver, supporting the efforts of the Point Grey, Burnaby and New Westminister Boards of Trade in attempting to have further improvement work done with a view to developing the Fraser River as a fresh water harbor, was passed.

Another resolution endorsed by the convention was one asking the C. P. R. to plank the bridge at Mission City in order to allow vehicular traffic upon it.

It was decided to extend to the members of the federal parliament an invitation to visit British Columbia after the present session with a view to their becoming more familiar with conditions in the province.

A resolution asking for increased telephone and telegragh service between Prince George and Vancouver was passed.

J. W. CREIGHTON IS NOW SUPERANNUATED

Mr. J. W. Creighton was one of the sixteen civil servants who were pensioned off, under the B. C. government's Superannuation Act announced at the beginning of the present month.

Mr. J. W. Creighton has been assessor for the unorganized part of the Fraser Valley since 1908, succeeding Mr. Fletcher, and was a man whom many held in high esteem in that position. He was a frequent visitor to this district, and many took advantage of his experience and judgment in the matters of assessable property. His many friends in the district will wish him yet many years of health and prosperity.

Retirements on pensions, according to length of service, became effective under the Superannuation Act when civil servants reach the age of 65.

There's no one makes a success of any sort wi'oot hard work—and wi'oot keeping up hard work, what's mair.—Harry Lauder.

FORECASTS OF BUSINESS PROBABILITIES

A review of industrial conditions with a forecast for the present year that has just been issued by Babson's Statistical Organization will provide investors with a viewpoint that may aid them in figuring out the relative position of the industries in which they are especially interested. In agricultural implements for instance it is estimated that the present radical price cutting will continue and the market will remain weak. In the case of automobiles the demand is increasing owing to seasonal tendencies and price reductions. There will be further cuts in prices and the demand will be most active for the lower priced cars.

In iron and steel the demand is improving, with manufacturing activity about 40 per cent. of capacity. Prices will continue weak but business will be better in 1922 than in 1921. In hardware, prices will continue weak for months to come and the outlook is only fair. In tires prices are at the bottom. There will be unusually keen competition, but demand will be better this year than last.

In lumber there will be an improved demand, with keen buying and conservative buying. The condition of the leather industry is fair. Tanners are working to about 50 per cent. of capacity. Stocks however are low in the trade and the basic tendency is upward.

In boots and shoes demand will improve in the next few months. Prices will remain and further reductions will be made in the retail trade. The demand for brick will increase during the spring and summer. Stocks are low and activity will begin early in the spring and continue throughout the summer. In the case of cement, however, stocks are said to be relatively heavy. There will be an improved demand and production will be fair.

Men's clothing will see a continuation of cut-rate sales for some little time. Producting costs will continue low. There will be a slight increase in manufacturing activity. General clothing prices will reach the low point this summer. In women's clothing labor troubles will increase costs of production. The demand will be good and continue throughout the summer.

Got Till June 30 To Pay Farm Taxes

VICTORIA, March 22.—The date for the payment of farmers' taxes has been extended from April 30 to June 30, the Hon. John Hart, minister of finance, announced yesterday.

ROAD MATTERS CONSIDERED BY SURREY COUNCIL

On the Pacific Highway the government gangs are dumping a large amount of gravel on the stretch between the green timber paving section and the Serpentine flats. Five extra trucks have been engaged on this work and it is expected that the unpaved portion will be in fairly good condition in the near future.

E. J. JOHNSON WILL SUCCEED GOEPEL

VICTORIA.—The successor to W. J. Goepel as deputy minister of finance for the provincial government will be E. D. Johnson, who has for the past two or three years been assistant deputy minister, it was announced yesterday by Hon. John Hart, minister of finance. Mr. Goepel's superannuation, after 29 years in the service of the government was given out to that effect.

APRIL ROD AND GUN

The April issue of Rod and Gun in Canada is a particularly attractive one, and from cover to cover it abounds in bright, interesting features. The stories include a splendid contribution from the pen of Frank Houghton, entitled "The Trail of a Golden Hope"; while "Birds," by Phil H. Moore, is also worthy of special mention. Bonnycastle Dale is the author of "Our Wild Decoys." The various departments contain a wealth of valuable information, as usual. A complete report of the annual meeting of the Northern Ontario Outfitters and Guides is given. A handsome art cover by F. Williams, who also contributes a short story, will likewise attract attention to this month's issue.

Rod and Gun in Canada is published monthly at Woodstock, Ontario by W. J. Taylor, Limited.

SET TAX LEVY AT 25 MILLS

PORT MOODY.—The City Council considered their estimates for the year at a recent meeting and imposed a tax rate of 25 mills. The estimates are $58,923. The rate is made up as follows: General, 12-12; School Board, 5 1-2; debentures, 7. In the estimates the principal sums are $15,000 provided for as interest and sinking fund, $10,000 to pay off temporary bank loan; $10,000 to the Board of Works; $8,200 for school purposes; $2284 police department; fire equipment, $1000.

Asked to Organize

An invitation has been extended to local basketers to send a representative to the provincial organization meeting in Vancouver on April 22nd, 1922. Mr. Stanley V. Smith, secretary of the Vancouver and District Basketball League, which is fostering the movement to organize the provincial governing body, has sent this invitation to the editor of this paper asking that it be turned over to the proper authorities.

The time is certainly ripe for the organization of a British Columbia Basketball Association, and it is to be hoped that every district and city in the province will be represented at the organization meeting. The Vancouver officials are asking basketball leaders in all districts to communicate with Mr. Smith at once, and even if they are not able to send representatives, at least to write and say that they are in line with the action.

The basketball game has been booming in British Columbia this Winter as never before, and if any reasonable means of awarding provincial championships is to be arrived at, there must be an organization in charge.

Athletic Doings

(From the Fraser Valley Record)

"Ye Mighty Mohawks from the Reservation, Westminster," (according to the Mission Hotel Register) visited Mission City on Saturday evening and returned with enough "baskets" in their possession to keep the rest of the tribe busy filling with salmon berries all summer. At 10:45 p. m. the massacre was over and the score board read the same as the clock, with the Mission boys on the short end of the score.

In this game "Big Chief" Todd's bunch of huskies were strengthened by the presence of Evan Lewes, a native son of the Royal City and of course a member of the tribe, but sad to relate he is also the star forward of the U. of W. basket ball squad. As a scorer he is some "Indian," he seemed to go up in the air and just drop the ball in the basket. He was ably assisted by Shiles, being responsible for 25 baskets between them. Taylor, Grimstone and Lavrey (spare) also figured in the scoring column while the "Big Chief" put up an excellent game at guard.

With C. Galliford unable to play through illness, Cox and Beaton absent until the last period, the Mission boys were badly handicapped, although four intermediate substitutes, Stafford, Cole, Northcote and MacLean played a hard game during the first period but were unable to hold the Mohawks in check. The score at half time was Mohawks 18, Mission 7.

The second half was somewhat livelier, but the lead was too much to overcome. Cox was the star, getting 9 out of the 10 goals.

In the junior game the Mission High School boys defeated their opponents from Matsqui by a score of 11 to 6.

I find that all eminent men work hard.—Livingstone.

CLAYBURN

One of the brightest social events of the juniors of Clayburn was the eleventh birthday party of Master Keith Laverne Rottluff, at his home, Twin Cotton Farm, on Saturday, March 18.—Those present were Misses Olivia Soules, Louise Thompson, Elizabeth Austin, Verna Bateman, Alive Dwyer and Jeanne McCulloch, and Masters Louis Case, George Mutch, Ian Trimmnow, Wilfrid Young, Richard Young and Frederick Manders. The afternoon was devoted to games and dancing and at 6 o'clock an enjoyable dinner was served.

SAVE LITTLE BY CEASING WORK

VICTORIA, April 3.—Cessation of work on the Esquimalt drydock will cost the Federal Government $2,000,000, in addition to the $1,250,000 aleady spent on the project.

This fact was made known on Saturday at a conference held in Chamber of Commerce rooms between Victoria business men, shipping and ship repair interests and others in close touch with the Federal Government.

The expenditure of $2,000,000 following the proposed closing down of operations will be to the contractors and sub-contractors for material and equipment already purchased. As about one and a quarter millions have already been actually paid out by the Government on the drydock, nd the total cost of the work is only slightly over $4,000,000, the federal Government, by carrying out its reputed intention to cease operations, will save only $750,000, those attending the conference were informed.

VICE-PRESIDENTS OF THE VANCOUVER EXHIBITION ASSN.

The honorary vice-presidents of the Vancouver Exhibition Association for the Valley are:

Agassiz—W. H. Hicks.
Aldergrove—Thos. Armstrong
Chilliwack—G. O. Nesbitt.
Dewdney—W. J. Manson.
East Chilliwack—W. H. Hawkshaw.
Maple Ridge—John Laity.
Matsqui—H. F. Page.
Mission City—S. Smith, K. P. King.
Mt. Lehman—J. A. Morrison.
Pitt Meadows—W. J. Parks.
Port Hammond—Adolf Lundgren.
Ruskin—Colin F. Jackson.
Sumas—A. E. Wells.

R.B. BENNETT LOSES RECOUNT

CALGARY.—Judgment was handed down in the Bennet-Shaw West Calgary election case, the appeal of R. B. Bennett, K. C., being dismissed. J. T. Shaw, the present member was declared elected at a recount held after the election. All ballots marked in ink were thrown out by the re-count judge and his decision has now been upheld by the Appeal Court of Alberta.

Work, well done, is the best of fun—Boy Scout Motto.

OFFSETTING COMPETITION

The thing for the merchants of this community to do in their own interests is to advertise faithfully, and to make their printed announcements interesting and helpful to those whose trade and favor are desired.

The serious competitors of the retailers of this community are the big stores of the big cities—those that send out catalogues and have mail-order departments.

The poorest way to offset this competition is for our local merchants to remain silent. For them not to "speak up" is to give the mail-order houses a better chance to get business from this community.

A WORD TO THE PUBLIC

When you send your money out of this community you enrich the great shops and impoverish this community. Strengthen—not weaken—the merchants of this community. It will all be returned to you in the form of better values.

Be Loyal to Your Community

CLEAN AND WHOLESOME

It is an important feature with us to keep every tool and appliance in a thoroughly sanitary condition. All our surroundings are sweet and wholesome, not only those which are exposed to the view of the customers, but all portions of the premises. No better meat can be offered for sale.

MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on

Friday, the 12th May, 1922

for the conveyance of His Majesty's Mails, on a proposed Contract for four years three times per week over the

Abbotsford Rural Route No. 1.

from the Postmaster General's pleasure.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Office of Abbotsford, B. C. and at the office of the District Superintendent of Postal Service.

District Superintendent's Office
Vancouver, B. C.
31st March, 1922.
J. F. MURRAY,
Acting District Superintendent.

A meeting of the directors of the M-S-A-Hospital was held on Monday evening, at which W. Coutts and J. C. Winson were appointed directors in place of J. Brydges and J. L. Preston, who had resigned. J. W. Wells was appointed temporary janitor and matters of routine business were completed.

SHILOH STOPS THAT COUGH

For grown-ups or children. Safe, sure and efficient. Small dose means economy and does not upset the stomach. At all dealers, 30c, 60c and $1.20. 4

Brew This Fine Spring Tonic Yourself

Brew a cup of this gentle and effective remedy and take it before going to bed, three times a week, for a while.

CELERY KING

It will purify the blood, make you feel vigorous and healthy at a cost of only a few cents. Give it to the children, too. All druggists have Celery King, large packages, 30c and 60c.

Improved Service For Fraser Valley

Canadian Pacific Railway announces a traffic accommodation increase which will be of interest to the Fraser Valley and especially to fruit and produce growers and dealers.

Commencing April 30, the Canadian Pacific will put a light train on the run to Mission Junction and Huntingdon. It will leave Vancouver at 7:30 a. m. and reach Huntingdon at noon leaving at 1.30 p. m. and arriving in Vancouver at 7 p. m. It will be a mixed train and will carry passengers, freight, express and general.

The Agassiz local will be continued in addition to the mixed train. The increase of the transportation facilities has come as a result of the desires of the residents and interests doing business in fruit and produce districts of the North Fraser Valley.

Plans for the May Day celebration are progressing rapidly and favorably. A committee meeting will be held at the home of Mrs. J. Vanetta next Tuesday evening, when all interested are invited to attend.

The management of the Local Theatre have plans under way for the installation of a Radio-phone in the Local Theatre.

It is rumored that the Pacific Milk Co.'s factory will be re-opened within the next two weeks.

Another dance, in aid of the Hospital, will be given in the Abbotsford Theatre Friday, May 1st.

The Chatauqua dates for Abbotsford have been announced as May 30th, 31st, June 1st, 2nd, 3rd and 5th.

Hon. E. D. Barrow and the government engineer will be in Abbotsford this Saturday, looking over the requirements of the town. They are expected about 11 o'clock.

From digging trenches in France to digging in the old cornfield back on the farm, with a flying, eventful hour in Paris en route. That's Charles itenary in his latest picture "PARIS GREEN," which will be on view at the Abobtsford Theatre tonight, Saturday, April 8th.

Plenty of laughs dots Charley's journey. His screen name this time is Luther Grten. In Paris Lonesome Luther meets a chic French Madamoiselle, Ninon. Then he returns to America and is discharged from the service. Just after Luther, again a Farmer Boy, has been thrown over by his small town sweetheart, pretty Ninon appears on the scene, pursued by a pair of slick rascals. Luther of course, disposes of them and then, with the aid of a French-English Dictionary, dedicates his heart to Ninon. "Paris Green" is declared to be unusually appealing.

LEDGE RADIOS

At any rate a sucker is shorn every minute.

Some crops depend upon the sun but wild oats thrive best on moonshine.

About the only encouraging note in the present situation is the one that is stamped paid.

Very few poets are blonds. This is probably due to the fact that poets are born and not made.

There are fatted calves in abundance for the modern prodigal who wastes his substance in riotious flivving.

ROAD REQUESTS ARE GRANTED

MT. LEHMAN, April 5.—Petitions and delegations literally beseiged the Matsqui Council meeting at the Municipal Hall on Monday, the ratepayers evidently believing there is weight in signature and numbers. In some instances the signatures were backed up by the petitioners in person, and such force could not be resisted.

Heading both a delegation and a petition, Mr. R. K. Nicholl of Bradner succeeded in obtaining the sympathy of Councillor Keay with the needs of repair work on the Paterson road, south of the B. C. E. R., and the Township line road at Bradner.

Mr. Baines represented fourteen petitions for the grading of the Ross road at the junction of the Abbotsford road known locally as Baines Hill. His request was granted.

Eight landowners represented by Mr. J. Almgren sought to have the Turner or Rutliffe road, Matsqui Prairie, gravelled or rocked, Councillor Bell promising assistance.

Mr. and Mrs. Little, who obtained consent for an outlet over the Canadian National Railway at the last meeting, were confronted with the opposition by the owners adjoining the right of way, who sought compensation or the opening of a road in the other direction. The Councillors confirmed their previous action and ordered the removal of the obstucting fencing.

In the next instance they rescinded their former decision regarding fence removal. This case came from the Marsh Landing district, where the road between Sections 22 and 23 is only twenty feet wide. From evidence presented the council thought the road should be widened, but hearing from Mr. Leslie Marsh on Monday that the road was gazetted twenty feet ten years ago, with consent of owners and persons benefitted, and that only three persons at the most could use this road, they decided to "let well enough alone."

Mr. Van Malderin will be again ordered to move his fence from across the Authey road. The first move was not far enough, as the new posts are in the middle of the road.

Claiming that they had been paying taxes for fourteen years without benefit of road, Mr. Jas. Stevenson and T. Wynn, on the Aberdeen road, South, asked for the taxes on six quarter sections for three years to be spent on grading and gravelling this mile and a half of road. This was too large an order; one councillor suggested $150, but was informed by petition to spend that amount over the road it would have to be put on with a salt shaker; $300 will be spent there this year.

Mr. F. Smith of Rand headed a request for the reopening of the north and south road from Lombard Station. Councillor Keay promised inspection. Consideation will be given to the petition of Crist and others for a new bridge over the creek on the Crist road.

Requesting the extension of the Towlan road by stumping and grading, Mr. S. Solomon and Mr. A. W. McDonald were promised that council would call for tenders at once.

The cuvlert on this road would be built by day work.

Mr. J. C. Murphy, seeing that the municipal lands adjoining his own were up for sale and that the description included the new right of way laid out between the properties, inquired whether the roadway was to be sold, and was assured to the contrary.

The corner of the White road turning into the Mount Lehman road takes a curve out of the gulch and creek. The settlement of this intrusion has hung fire for many years, but was settled finally on Monday by Mr. C. Rummel agreeing to convey title to the diversion for $50, council paying surveyor and incidental expenses. Rumor mentions the possibility of a store going up at this corner.

Mr. A. T. Welch settled a long tanding dispute concerning drainage work done under the Ditches and Watercourses Act, whereby he claimed to have paid surveyors' charges twice; $15.75 was refunded, $4.50 returned to the clerk, and the sore spot comfortably healed over.

Tenders for repair work on the Mt. Lehman road showed very close figuring by the contractors. Two estimated the work at $350, one at $374.50, Mr. A. E. Tracey making the successful bid, which was $345.

For the Campbell Hill work Mr. W. Embery's offer of $125 was accepted, and for the culvert building at Mt. Lehman Church and school, Messrs. S. McLean and Geo. McCallum were awarded the contract at $30.

Councillor Ware will endeavor to open up the half mile of the Boundary road from the International Boundary to the Farmer road, Huntingdon. Messrs. Finlay and Smith received this encouragement from their appearance at the meeting.

The Council will hold an extra meeting to dispose of a mass of business at the Agricultural Hall, Gifford, on Easter Monday.

"PARIS GREEN"
Also a Two Reel Comedy, "Seashore Shapes."

SATURDAY, APRIL 15th
BETTY COMPSON
In
"AT THE END OF THE WORLD"
Another heart-filling Betty Compson triumph like that in George Loane Tucker's "Miracle Man."

Beautibul Chinese Costumes, especially designed and made of the most costly and luxurious silks, and other rich materials, are one of the btauty features of "AT THE END OF THE WORLD" Betty Compson's Paramount starring vehicle which will be presented at The Abbotsford Theatre, Saturday next, April 15th. The entire production is rich in oriental atmosphere. The story opens in a Chinese Cafe and gambling establishment in Shanghai, China where Cherry, the motherless daughter of an English proprietor, reigns as queen. In this setting Miss Compson as Cherry, wears several georgeous Chinese gowns and so attired, is charming and fascinating. There are several other Chinese settings, all of which are rich in oriental investure, and other principal locale of the story is a lonely island light house station where the girl and several men whose destinies are interwoven with her own are finally drawn. Milton Sills, Mitchell Lewis, Casson Ferguson, Spottiswoods Aitken and other famous screen celebrities are in supporting cast.

Hon. John Oliver will be among the speakers at the opening of the new hospital tomorrow afternoon.

Mrs. M. M. Shore is visiting her parents at New Westminster this week.

A sale of home cooking will be held on April 15th in the Home Oil office under the auspicts of the Ladies' Missionary Society.
