Groceries, Fruits, Canned Goods, Vegetables and General Merchandise

Boots and Shoes

Prompt and careful delivery service to all parts of town.

B. B. SMITH

The Pioneer Store

## SINGLE MEN PUT SEVERAL OVER ON MARRIED MEN

At the school grounds Wednesday evening the local team of unmarried men trounced their less fortunate brethren in a weird and one sided game of baseball. It would be a crime to publish the score or to go very deeply into the details in connection with the exhbition. No one can be found to remember the score as the official scorer took writers' cramp before the game was over. The game caused considerable amusement for the spectators and players alike.

The game between the local boys and Stave Falls at Sumas resulted in a victory for Abbotsford by the large score of 23-12. The boys all played a good steady game and are now going strong and have little or nothing to fear from the best team anywhere in the Valley.

The new bulletin board has been set up in front of Johnston's barber shop and all informaton will be given there from time to time. The Post is making arrangements to get full reports of games played.

## MESSRS. ALANSON AND KERR ELECTED AGAIN

The annual school meeting was held in the school last week at which some business was transacted, the tax rate passed for the year and the election of two officers was held to fill the vacancy caused by the resignation of Messrs H. Alanson and Geo. Kerr, whose terms had expired. The two gentlemen named were prevailed upon to stand for reelection with the result that they were both returned.

There was a very small attendance of those interested in school matters.

## TAXPAYERS HOLD MEETING TO PROTEST AGAINST RATE

A meeting of those interested in school matters in Abbotsford was held here last night to protest against the abnormally high tax rate set for the school in this town for this year. It is claimed that taxes have practically trebled in the local school district and the meeting was called by a number of indignant citizens. The full particulars will be published in the next ssue of the Post.

## MT. LEHMAN NEWS

A very successful picnic was given at the municipal hall on July 1st. Although Mr. S. Cawley, M. P. P., and Mr. Chas. Hill Tout were not present to give the addresses expected, very appropriate ones were delivered by Rev. Mr. Reid and Mr. H. R. Phillips. A lacrosse game was played between Matsqui and Mt. Lhman, resulting in a score of 6 to 3 in favor of Mount Lehman. Sports of all kinds occupied the afternoon. Mr. Phillips had erected an old country boat swing and it certainly was enjoyed by all. The day wound up with a dance which was pleasing to all.

A number of the Mount Lehman people went over to Sumas to celebrate the Fourth of July. A lacrosse match was played between Mount Lehman and Matsqui.

Mrs. Dan Nicholson has returned from her visit to Stave Falls.

Miss Annie Reid is home enjoying her holidays.

The Merryfield Bros. now have charge of the post office in this community.

Mrs. Robert Brownell spent the week end at her home here.

Miss Margaret Reid, teacher, is spending her holidays in Victoria.

# MATSQUI REEVE RESIGNS OFFICE

### Council Refuses to Accept Resignation of the Reeve and Business Continues at the Board

The regular monthly meeting of the Matsqui Municipal Council was held in the Municipal Hall on Saturday, July 4th, with the Reeve in the chair and all the members in attendance.

The minutes of the last monthly meetng were read and adopted.

**Communcations Received**

Messrs. Hope & Farmer, re the plan of subdivision of the South 40 acres of the S. W. ¼ of Sec. 33, Tp. 13. The clerk was instructed to reply that the road on the northern boundary must be rough graded at least seven feet on each side of the centre of the road and clear of the ditches; also a guarantee must be given that the taxes will be paid in full for the current year not later than the last day on which the statutory rebate is allowed.

Caretaker, Matsqui Dyke, asking the Council to drain the pond of water lying on the side of the Glenmore road near the dyke. Inasmuch as the water is not interfering with the road, the council declined to take any action in the matter.

Secretary, School Board, re the use of the Municipal hall for school purposes and advising that the School Board is not in accord with the conditions under which the Educational Department will permit of the sale of the Dunach school grounds and building.

James A. McGowan, advising that he had moved back the fence aiong the Ware road, so that the work of improving this road may be proceeded with. Filed.

C. N. P. Railway Company stating that orders had been given to cut the Canadian thistles on their rightofway Filed.

H. E Watkins stating that he was unable to accept the position of municipal constable. Laid over.

Register, County Court, stating that the Matsqui Plans Approval By-Law, 1914, had been registered.

Minister of Marine and Fisheries stating that the matter of the preservation of the fishing industry of the Fraser River to the white and Indian fishermen would be given their earnest and careful consideration. Filed.

C. Poignant addresed the council as to the advisability of taking the initial steps towards establishing a crushed rock plant on Sumas Mountain at the east end of the Harris road or also entering into an agreement with some individual or individuals to take a certain quantity of crushed rock who would feel justified to operate a plant at this point. Mr. Poignant stated that Mr. Farman had a steam engine which he could use to run the crusher and he thught a crusher could be purchased (secondhand) in Vancouver for a very reasonable price. During the year there are periods when work on the farm is very slack, and the rock could be crushed and hauled on the road at a minimum cost. It would be necessary to open up half a mile of road to reach the proposed quarry which work would be done by Mr. Poignant at a nominal cost. The council promised him that they would go as a body and investigate the premises as at early a date as possible, although it was stated that nothing definite could be done this year.

Mr. P. S. Keay, dog tax collector reported that certain persons had refused to pay the tax when called upon to do so and the council instructed him to enter action against them

Councillor Satchelll reported having inspected the half road allowances along the rightofway of the B. C. E. R. through the north east 1-4 of section 4 township 14 The one n section 4 township 14. The one on the south side was satisfactory, but there was no semblance of a road on the north side.

Mr. E. G. Hooker asked if the hall and grounds would be available for a joint Sunday School picnic some time during the first week in August if the plans now in embryo were consummated. The council gave verbal assurance that this would be granted

**Tenders**

Tenders were opened for work as follows:

Grading the Turner road from the Fore road to the Harris road: Henry Frederickson $297.00; Carl E. Poignant $168.00; Hans Stenerson $125 R. Engstrom $79.000.

The later was awarded the contract the work to be completed by August 1st.

Grading road along the C. P. R. Matsqui village, and building two culverts thereon: Henry Frederickson: $69.

Mr. Frederickson was awarded the contract, the work to be completed by August 1st.

The clerk was instructed to order a new share for the road-grader to be usedwhen the grader was grading a dirt road, and the old share would be used in rounding up a gravelled road.

| Total | $75.00 |
| C. L. Clark, lumber for Tp. Line road ditch | $19.50 |
| Half cost of ditching | $19.50 |

## MATSQUI WOMEN'S INSTITUTE AN ACTIVE ORGANIZATION

The Matsqui Women's Institute now has a membership of 80. The officers are:

Miss Bessie Cruickshank—Pres.
Mrs. F. Stocker—Vice-President.
Mrs. W. E. Wright—Sec-Treas.
Mrs. Ham, Mrs. Goodchild, and Miss M E. Alexander—Board of Directors.

This institute held its monthly meeting on Wednesday, July 8th at the home of Mr. and Mrs. Cruickshank with a very large attendance and all thought they had a most enjoyable as well as a most profitable time. Papers were read by quite a few of the members and the president gave a long and intresting talk on the conference at New Westminster. She told about how much charitable work was being done by the Central Park Women's Institute and many other things of how the Institutes are assisting everywhere.

Among the subjects under discussion was the medical inspection of our country schools and a vote was taken up to have more music and singing in the school here, but it is hoped when the new school is completed that there will be enough space in one of the four rooms to enable music especially singing to be taught

The flower show to be held in August took up quite a long time of the meeting. The show this year promises to eclipse last year's show as it seems that evorybody's home is surrounded by flowers this summer.

The institute also had the pleasure of meeting Mrs. Fitz-Gibbon, noted speaker and writer. She gave some interesting facts about the work in Vancouver and her recent visit to the prairies. She suggested that all should try and add a little more humor o our daily life as it would help to lighten work and make all more happy. It is worth while to try.

Some very excellent singing was enjeyed by the institute, Mrs. Van Knoblick, acompanied by her sister Miss McLagan on the piano.

The business part of the meeting then adjourned after the singing of the National Anthem, with music by Miss G. Alexander.

A vote was also taken to get Miss Alta Crist to report on the meetings of the Women's Institutes.

All were then inviteed out on the lawn where dainty refreshments were served in the shade of some fine maple and cherry trees, the latter loaded with delicious fruit. It was quite late before the members left for their homes and it seemed so very pleasant to stay in such a beautiful place, but finally all dispersed to their homes thankful for so gay and profitable a time.

## MISSION CITY PIONEER GOES TO GREAT BEYOND

On Sunday last the mortal remains of the late Mr George Duguid, of Mssion City was interred in the Hatzic cemetery, the services being conducted by Rev. J. Thorburn Conn of the Presbyterian church of this place The deceased was a member of the Presbyterian church

Th late Mr. Duguid was a native of Deeside, Scotland, but came to the Fraser Valley many years ago from Australia, and worked for various firms as engineers, the last position of this kind being on the Mission ferry.

For many months the deceased had lain on a bed of sickness but was ever a patient sufferer He made a great many friends in this part of the Valley being ever willing to lend a helping hand, and a word of good cheer. Many will remember George Duguid for many years, and all will extend to the bereaved widow, in her time of bereavement their sincere sympthy.

**Advertising rates made known on application**

**Our Shibboleth—Neither for nor agin' the Government**

FRIDAY, JULY 17, 1914

There is the rumbling of an election in this fair province of ours. The noise first was heard in Manitoba during the recent election there. But of course it is denied in this province by many who should be on the inside track and in the know.

There does not appear to be any good reason why the McBride government should go to the country at the present time with two more sessions in which to do business, and a majority all their own. There does not appear to be anything to gain by putting the country to the expense of another election, unless it be to give the province a more representative government—a house composed of representatives fresh from the wish of the people

There is one of two things that is likely to happen should there be an election in the province within the next two months—either a house re turned to Victoria composed entirely of Conservatives or the leader of the present government to find that the country is not so enthused over the present Conservative principles now as they were two years ago

Two provinces within the past two months have returned Conservative governments to power but there has been in both provinces an increase in in the Liberal representation in the new parliaments. Would this be the case in B. C.. No one can foretell the result of any election. If Liberalism increases the further west one goes it might be just possible that we might have a change of administration altogther. (This will no doubt tickle some of our Liberal readers especially if they keep enlarging on the possibilities which it suggests to them)

---

There is every indication that the district around Mission City will not be considered backward any longer when speaking of us in regard to the fruit industry, should the present prosperity among the fruit growers continue—shipping out the raspberry in car load lots and receving pay within a few days after the delivery of the goods. It looks very much like business indeed

No doubt the alliance is merely an experiment, in the experimental stage and it is up to the farmers to make it permanent by shipping the very best fruit it is possible to ship, making a name for the district as the one from which the consumer can rely on getting the very best of fruit he wants and at a reasonable figure The present advance augurs well for change in the fruit industry in this district The fruit can be grown around Hatzic and Mission—the delicious and first class article, and there is no reason why the present demand will not only keep up, but increase to such an extent as to make this district a most desirable one to live in for fruit growers.

---

The recent election in Ontario and Manitoba shows that the closing of the polls at five o'clock is not an appropriate hour for the workingman

---

Golden is going to consider incorporation when the Board of Trade takes the census of the town.

The present activity in the Conservative ranks would indicate there is something under consideration at the present time as to whether it is an election or not time will tell.

---

### NEW WESTMINSTER MARKET

As this is the season when the majority of the farmers throughout the Fraser Valley are busy making hay the attendance of the Valley residents at the New Westminster weekly market Friday morning was not up to its usual standard. Attendance of residents was also not as large as on former days as many of them have gone to their summer homes at the various pleasure resorts.

Those who were present however, were eager to buy and around all of the stalls a brisk appearance was noticed despite the fact the attendance was not so large.

Peaches, grown at Sardis, and at Burnaby were the new feature and sold at 75 cents the box for the shipment from Sardis, at 15 cents the dozen for the supply from Burnaby. Another new feature was fresh string beans which were good sellers at 12½ cents the pound.

Eggs took a sudden rise n price and sold for 40 cents the dozen retail and 30 to 35 cents the dozen wholesale. A few of the vendors held to the old price of 35 cents the dozen retail. The usual large supply of butter was on hand and sold at last week's quotations, viz., 30 to 35 cents per pound retail and 25 cents the pound wholesale. Devonshire cream was again a steady seller at 45 cents the quart and 25 cents per pint. Cottage cheese was on sale ae 10 cents the pound. Pure cream cheese sold at the regular price of 50 cents the pound.

With the fishing season coming on and the Chinamen going away to do work in th canneries the large number that are usually present to buy the ducks and chickens were absent. There was an extra small supply of ducks on hand and the price was very low, the majority going at 13 to 15 cents the pound. Broiling chickens remained at the usual price of 18 to 20 cents the pound. In this line there was not the same brisk trading as is generally noticed.

Potatoes at the outside price were $1.50 per sack, while a small contingent went at $1.25 the sack. By the ton they were $25. One man from Clayton held his potatoes at $2.25 the sack. Tomatoes were also somewhat cheaper and could be had at 12 1-2 to 15 cents the pound. Cucumbers, extra large, were 10 cents each, while some small variety were sold at 5 cents apiece. Cabbages, lettuce, radishes and onions all remained at the usual price. Peas could be had for 4 to 8 cents the pound.

Around the fruit stalls raspberries and currants were the best sellers going at 8 to 10 cents the pound for red currants and 10 to 12½ cents the pound for black currants. Raspberries were $1.25 to $2.00 the crate or by the box they were 5 to 15 cents according to quality. Rhubarb was 2½ cents per pound. Black berries, both tame and wild, could be had for 12 1-2 cents per pound. The supply of gooseberries and Cherries was limited.

In the fish department the best seller was fresh herring which went at the usual qrice of 3 pounds for 25 cents. Fresh salmon also met a ready demand at 12½ cents the pound for Red Spring and 50 cents each for white and sockeye. Halibut was at the regular price of 10 cents the pound.

With the flower vendors the best sellers were sweet peas by the bunch, and potted plants. The season for flowering plants is about over. The sweet peas went at 10 to 25 cents the bunch while the potted plants could be had for as small a price as 5 cents each.

The warm weather again affected the supply of meat and the quantity was not very large. The best supply was that of veal which could be had for the price of 25 to 28 cents the pound.

Squabs sold for 25 cents each, while grey and black rabbits ranged from 25 cents to $1.25 the pair.

The following prices were quoted:

**Wholesale Poultry**

| | |
|---|---|
| Chicks, 2 days old each | 10c to 20c |

## INDIAN LOSES LIFE IN FRASER RIVER

An Indian hailing from Chilliwack who was drowned in the river on Friday last was found at the north end of Nicomen Island on Saturday.

It appears that the Indian and his wife were sitting on the river bank when their canoe, which had been pulled up on the shore, was being carried away by the strong current. The Indian waded into the water after the craft until it became impossible to wade further when he commenced to swim, still in pursuit. After going about sixty yards from shore he was pulled under by the current and was swept to his death.

The body was searched for with grappling irons but without success until Saturday evening, almost twenty-four hours after the man had disappeared.

A dance is being held at Clayburn this evening. Quite a number from here will be in attendance.

The Union Sunday School of St. Pauls church hold their annual pic nic at Winson grove next Tuesday 21st at 11 o'clock

The lawn social at Mr. and Mrs. Cobley's home at Huntingdon last Tuesday evening was well attended and greatly enjoyed

Mrs. Thomas York and little daughter Gladys left on Monday 13th to visit friends and relatives in Van couver and Victoria.

Rev. H. C. Fraser, M. A. of Chilliwack, will preach next Sunday in the Presbyterian church in exchange with the Rev. Mr. Campbell.

It looks as though the mosquitoes may not materialize this summer to the glad disapointment annd glad relief of our fortunate citizens.

The Seven Sutherland Sisters are demonstrating their hair tonic this week at the drug store. Saturday will be the last day in town.

Mrs. Ben Nelson gave a five o'clock tea on Tuesday afternoon in honor of her daughters Selma and Mrs. Nixon and baby of Victoria.

Miss Edith Yates, daughter of the Rev. Mr. Yates, arrived in Abbotsford on Thursday morning from Calgary. She will spend a holiday with her parents here.

There is a great crop of hay being harvested here this season as is attested by the numerous loads that are being brought to town daily to be weighed.

Mrs. G. C. Clark and family have returned to town after having spent several weeks visiting different cities in the Valley, on the coast and on Vancouver Island.

Mr. J. Sanson, one of the good looking officials at the C. P. R. here is enjoying a holiday at the coast. Mrs. Sanson accompanied him. Mr. Gray is filling the vacancy caused by the absence of Mr. Sanson.

Rev. A. L. Burch of New Westminster Hall, Vancouver and family are occupying the home of Mr. and Mrs. J. C. Alder and may spend a fortnight here. Mr. and Mrs. Alder are enjoying a holiday in Vancouver

Under the auspices of the Ladies Aid a pleasant lawn social was given last Wednesday evening on the grounds surounding the church. A big bonfire lighted the grounds and many "Weenies" and marsh mellows were roasted on long sticks in the fire and a social hour enjoyed by all present.

At a meeting of the Westminster Presbytery held in Agassiz last Tuesdty arrangements were made for the induction of the Rev. J. Thorburn Conn to the pastoral charge of the Presbyterian church at Mission City on Wednesday evening the 22nd of this month. At the same meeting Rev. J. L. Campbell of Abbotsford was elected clerk for the Presbytery in place of Rev. J. R. Douglas, who resigned from that office on account of his work of immigration chaplain requiring his time.

On Monday next, July 20th a social meeeting of theh W. C. T. U. will be held in the Presbyterian church when the reports of the provincal convention will be given by the delegates, Mrs. Campbell, Mrs. Miller (Clayburn) and Mrs. Parton

An interesting programme of music is promised, and everybody will be welcome.

The meeting will open at 2:30 sharp.

At the close of the programme all present will be invited to the home of Mrs. J. F. Boyd where refreshments will be served on the lawn weather permitting. If the weather is unfavorable then in Mrs. Boyd's home.

Don't forget the date—July 20th that is Monday.

### RETURNED FROM ONTARIO

On Tuesday morning last the editor of this paper returned from a six weeks visit to the east where he visited his aged mother, who died last week after a lingering illness of a number of years.

Mr. George Turnbull, superintendent of the construction of the public schools in the Fraser Valley passed through Mission City on Tuesday of this week on his way to New Westminster. In conversation he stated that the contractors of the Matsqui public school are progressing well with the new four-roomed school, expecting to have it completed in time for the opening of school, if all goes well.

**Electricity on the Farm**

There are many lines of work about the farm which may be don by the electric current to great advantage. The first cost of installing a small motor is insignificant compared with the time and labor which will be saved by its work at a small cost for current Pumping water, grinding feed, sawing wood, operating cream separators, churns, etc., are classes of farm work for which electricity is now generally used.

The provision of electric current also makes it possible for you to have the convenience of modern lighting as well as the facilities for using electric labor saving aplianoes such as Irons, Washing Machines, etc., in the house.

See our Light and Power representative at Abbotsford if you are interested in saving of time and labor made possible by using the electric current.

SEE THIS APPLIANCE AT OUR SALESROOMS.
