"WAKE AND CALL ME EARLY, MOTHER DEAR"

Monday is May Day in Abbotsford and all the little girls and boys for that matter will want to be up bright and early so that they will miss nothing. Everybody hopes that it will be a nice bright day with lots of good weather. May Day is distinctly a children's day and the grown-ups take a second place all day, helping the children to enjoy themselves; until evening when a dance will be given in the Alexandria Hall which promises to be just as pleasant an event as the crowning of the May Queen and the afternoon's sports.

All arrangements have been made for a pleasant day for the sports and the crowning of the May Queen and it is hoped that the seventh annual celebration will as big if not bigger success than the previous ones, and that will be 'going some' too.

Good Queen Ferrol will with her maids of honor, Georgia Coogan, Beatrice Rucker, Flossie Hunt and Gladys Walters, give place to Queen Isabell and her maids of honor, Hazel Vanetta, Barbara Sumner, Mamie Bennett and Betty Swift, who will be the centre of attraction at the hall in the afternoon, when an excellent programme will be given.

Good Queen Ferrol, who is a native daughter of Gravenhurst, Ont., has had a most successful reign. She has seen the soldiers return and some of them get settled on farms around Abbotsford; has seen Abbotsford prosper during her reign: and May Queen Isabell elect, who calls her native home at Murrayriver, P. E. I., it is hoped will see greater prosperity in her reign in Abbotsford and district, and perhaps when she retires next year the Mayor of Abbotsford will make a big speech.

The following is a partial list of the sports:

FORENOON SPORTS—SCHOOL GROUNDS, 11 a.m.

CHILDREN'S RACES

Girls, 6 years and under ..... 20 yard race
Boys, 6 years and under ..... 20 yard race

BASEBALL MATCH between Abbotsford and Clayburn at 1 p. m.

BASEBALL MATCH between Abbotsford and Columbia College at 4 p. m. sharp

WANT INCORPORATION

It appears that at the last session of the provincial government an act was passed which permits small towns like Abbotsford to get incorporated without the old round about way of getting the majority of property holders to sanction it, and the question of incorporation in Abbotsford is quite a live on in some quarters during the last few weeks. A meeting is to be called in the near future to discuss the matter of incorporation. Just think of Abbotsford having a mayor and alderman to enliven matters a bit!

Mrs. G. R. Wright was at the coast this week on a visit.

Whish! Don't tell any person but F. W. washed his overalls at ten past two Tuesday morning. It is clean up week you know.

MT. LEHMAN W. I.

The regular meeting of the Mt. Lehman W. I. was held in the Orange Hall on Wednesday last.

Coun. Keay was present and intimated that if the district would ask the men of the district to have a "bee" to improve the cemetery, the council would complete the work. The institute agreed, and the date will be set for the latter part of June.

Intimation was sent to those in charge of the 1st of July picnic—an annual event in Mt. Lehman— that the institute would be willing to cater for it should the entertainment be held in Mt. Lehman.

Mrs. Fearn, the speaker of the day gave a very interesting and instructive talk on "Mothers' Pensions Many of the institutes throughout the country took an active part in having this bill brought before the Legislature in Victoria.

The next meeting will take the form of a garden party at the home of Mrs. L. Caghlan. To this meeting the members of the neighboring institutes are invited, and the gathering will be open as all the institute meetings are, to the ladies of the district.

A special meeting will be held to make a quilt which will be sold for the benefit of one of the ladies of the district who was burned out recently. Mrs. Owen has kindly provided the wool.

"BILL, THE COACHMAN"

The play, "Bill, the Coachman", presented by the Ridgedale Tennis Club on Friday evening, May 14, was voted a huge success by all who attended the performance.

In spite of the fact that Mr. Merton Dyce, as Samuel Brewer "did not know of whom and about whom" he spoke, he made a capital retired farmer. Mrs. John Smith as Mrs. Brewer played her part admirably. Miss Lucy Owen and Miss Minerva Page, as Miss Samantha Brewer and Miss Eunice Brewer left nothing to be desired in the way of two aspiring society butterflies. Miss Minnie Miller as Anna the novel-reading "innecent servant girl," handled her part skilfully, and Mr. Claude Farr made an ideal Bill, the Coachman. Mr. A. E. Farr made a decided hit by proving himself to be a "deuce of a fellah don't-cher-know" The part of Jack Thornton, disguised as Michael, the butler, was successfuly impersonated by Mr. Wyvern Page, who proved a costly convenience to the Brewers.

After serious complications Anna and Bill decided to "rendezvous" for life, while Samantha and Jack braved what "Father, Mother and Eunice" might say and eloped. Eunice finally helped Depeyster to realize his ambition to get "hitched" and Mr. and Mrs. Brewer went back to the "dear old home in Masqui to live happy ever after.

At the conclusion of the play dancing was indulged in until an early hour.

BORING CATERPILLARS

In certain sections of the eastern United States the notorious European Corn Borer has become established and in view of the grave danger of this serious foreign pest being brought into Canada, the Entomological Branch of the Dominion Department of Agriculture, have issued a special circular dealing with this insect and others which bore in corn and which may be mistaken for it. This has been prepared by Mr. Arthur Gibson, Chief of the Division of Field Crop and Garden Insects. It comprises 11 pages and has seven illustrations. A limited edition only of this circular has been printed. Agricultural workers and others specially interested may obtain copies free of charge on application to the Publications Branch, Department of Agriculture, Ottawa.

Dr. McQuarrie has moved down to Hub Square and has his offices in the Ward Block above the Barber Shop. Hub Square "financiers and millionaires" extend him a hearty welcome, and he may one day rank in the same class, we hope.

PERSONALS

Mr. Alex McCallum has returned from New Westminster where he has been acting as a juryman.

Mr. Anstey, public school inspector was inspecting the Abbotsford school this week.

Mr. and Mrs. Martin, Victoria, who have been visiting their daughter, Mrs. Lorne Farrow, will reside in Mr. Geo. Kerr's house, for the summer.

Capt. A. E. Robertson, Victoria, has ben visiting at the manse.

Mrs. Lowes spent several days in Victoria and Vancouver.

Mr. McEwen, the shoemaker, has purchased some property opposite the Sikh Temple and intends building himself a home.

Mr. and Mrs. Geo. Kerr left for the east on Friday last.

Mrs. W. Robertson left on Monday to spend a short visit in Seattle.

Mrs. Gray has gone to Calgary to visit her mother.

Mr. and Mrs. Alanson of Mission City were the guests of the Misses Steede on Sunday.

The Ladies' Aid will meet at the home of Mrs. Bryenton on Wednesday afternoon.

The Embroidery Club met at the home of Mrs. M. Shore on Tuesday afternoon. Several ladies were present.

McMenemy's and Mr. Browning motored to Vancouver on Wednesday to attend the Pageant.

Miss Florence McPhee was home for the week end and Miss V. Honn was her guest.

Mr. Frank McCallum came home home for the week-end and brought with him his friend Mr. Wm. Smellie.

It is understod that an effort is being made to have a Victorian Order nurse stationed at Abbotsford. Arrangements are being made to have a meeting on the 26th, when an address will be given and the matter discussed.

Mr. Jack Vanetta has been appointed fire ranger for this year.

MEMORIAL TABLET AT CLAYBURN IS ERECTED

Last week a memorial tablet was placed on the south wall of the Presbyterian church at Clayburn in memory of those who gave their lives in the war. The tablet is close to the honor roll with only a flag between them and the whole daped in green.

The tablet was donated by Mr. and Mrs. Millar, of Mission City but formerly of Clayburn.

The Ladies Auxiliary of the G. W. V. A. will have the club rooms open for the benefit of the soldiers wives, sisters and sweethearts, on Monday.

There has ben considerable talk about having a picture show in Abbotsford, but so far nothing definite has been settled on, but the matter is again revived by the fact that a picture-show man of considerable experience has been looking over the field and has pronounced it very promising. For the present his name is withheld by request, but it might be stated that he is one of the oldest operators on the coast with two machines, his own seats, etc. and now the question is a suitable location.

Automobiles WILL NOT climb telephone poles, no matter how well they can climb hills. It has been proven several times.

The Dominion department of agriculture, Ottawa, has designated the apiary of Mr. L. White of St. Nicholas an experimental apiary for test and observation. One of the hives is set on scales so that a daily record of the amount of honey harvested may be kept and the blossoms from which it is gathered chiefly will be noted. Should the hive "run down" in bad weather its extent will be measured.

Mr. J. J. Pace had the road grader at work today after the rain and did some good work in putting the road in shape.

THE ABBOTSFORD POST
Published Every Friday
J. A. Bates, Editor and Proprietor

FRIDAY, MAY 21, 1920

It is likely that the interprovincial road will be built on the south side of the Fraser River along the line of what is now the Yale road from New Westminster to Hope. This is the conclusion arrived at as the result of the interview of the Maple Ridge council representatives and the minister of public works at Victoria recently, when it was stated that only primary roads were looked after and intimated that this did not mean the River Road or the Dewdney Trunk road on the north side of the river. The interprovincial road must pass through the Fraser Valley and the present route of the Yale road is the only other road that runs from the coast to the head of the Valley—unless of course the government intends to put in air traffic for autos from the coast to Hope.

Mission City with no road from the coast on the north side of the Fraser and only a one-horse ferry system anross the river at Mission-Matsqui will become like the "Desterted Village" about which Oliver Goldsmith wrote that lovely poem many years ago; and the other towns on the north bank of the Fraser will be far from the maddening crowds of the enthusiastic tourists who visit our province, as they will not want to go on our back roads for fear of being tried up. And all this because dear old John Oliver was fortunate enough to misrepresent Dewdney instead of a good man, who would have the interests of his riding at heart. The people on the south side will glory in their monopoly of a through road in the Fraser Valley. Unlike the municipalities on the north side of the river they will not have to go fifty-fifty with the government for their main road. It will be good to the residents on the south side and will be all right unless the present government is sent back to the farm to dig potatoes after the next election.

Throughout the business world today there are many firms considering the farmer who never looked upon him except as an article of convenience years ago. The farmer is coming to the front very quickly in the Fraser Valley. The banker, the merchant and the manufacturer is taking him into their confidence and they want his business now that he is more prosperous than he was a few years ago. In the Ontario government the farmer and the laboring man have combined against the two old-line politicians to form a government that will be representative of the people. This will be all right as long as they do not begin pulling crosswise. The farmer would have been better to stand alone, as the laboring man smacks too much of the city man, and the cities want all or none.

There are now many farming organizations throughout the Fraser Valley and they will do well to watch the line of action taken in business as well as in politics. The politician is now also watching how united the farmer stands, and if a bold front is put on there is no reason why farmer legislation can not be passed for the good of the Fraser Valley and the rest of the farming communities of this province, in the very near future.

Comment is being made thoughout the country from coast to coast this last couple of days on account of the budget at Ottawa by Canada's Finance Minister. It is the greatest thing that has happened in Canada for many a day—certainly the most important except the winning of the war.

BRITISH COLUMBIA TELEPHONE Co.

It is a well known fact that the greatest sufferers from conditions of living brought about by the war are the great body of unorganized citizens who constitute what may be broadly called, for want of a better term, the middle classes of the social structure—the classes of workers who have not the opportunity of either the capitalist and business classes or the skilled and common working classes to in a measure correct the burden living conditions place upon them. As the cost of decent living has mounted the man in business has been able to keep pace with the rise by enlarging his earnings, while the laboring man has through his union been more or less successful in securing increase in pay sufficient to enable him to cope with the high prices of the things he must buy to live. The classes between these two have not, however been able to secure anything like sufficient increase in earnings to meet the situation. Consequently, on them has fallen the greatest burden of the war.

The clerical workers of the world over have had and are still having difficulty in securing decent living pay let alone proper compensation for their services and now they are chafing under the load high prices places on their backs. They cannot understand why, for instance, the man who files the saws at a lumber mill should receive two or three times the pay of the man who keeps the mill accounts with all the responsibilities they give him. And he is thinking very seriously of adopting the manual workers' system of union organization to enable him to demand better conditions.

The first step is being taken in Great Britain, where a great Middle Class Union is being organized. Already the grand council of this union is calling upon the British government to establish arbitration courts for the settlement of all industrial disputes and to make strikes illegal without a secret ballot under government control. This British class is estimated to number five millions, and organized it would soon dominate the politics of the country.

The movement is spreading in this country, the clerical forces of government offices taking the lead in organization. Now word comes from Vancouver that the bank clerks are being signed up as a union under the Federation of Labor.

The clerical workers of Canada, if organized, would be a mighty force and would be able to curb the extravagance of big interests on the one hand and of unreasonable labor unions on the other—Kamloops Telegram.

OLIVER-ELLIOTT SUIT

Vancouver, May 19.—Efforts are to be made to gett he Oliver-Elliott libel suit on for hearing before a Victoria jury, before the courts adjourn on July 31 for the two months' summer vacation according to Joseph Oliver, son and solicitor for the premier, in the famous suit against Mr. R. T. Elliott, K. C.

The wind was so strong at Chilliwack the other day that it blew a house down.

"FLEXO" What Is It?

Flexo is a highly resilient, solid material possessing practically all the desirable characteristics of fine Para rubber, but none of its defects. There is, however, not a particle of rubber in its composition.

Flexo is the result of long continued research and experience and is a unique synthetic, chemical compound.

It is perfectly neutral substance unaffected by heat or cold. It may be boiled in water or frozen in ice without being affected in any way.

It contains no glycerine or other substance which can be dissolved water.

So far as can be ascertained it is a substance incapable of becoming hard by use or losing its resiliency and seems incapable of being worn out, providing that there is no friction with the surface of the ground.

Any extra weight, beyond air, is more than counter balanced by the fixed resiliency and the absence of damages caused by slack tires.

FACTS FOR YOU TO THINK ABOUT

Tires filled with FLEXO are always full and round, you never have a flat tire.

You ride free from the worry of prespective punctures and blow-outs. No more inner tubes to buy. Increased mileage of casings. Gives the same comfort riding as the air-filled tires.

FLEXO can be changed from a worn outer casing to another.

THINK OF WHAT YOU WILL SAVE

Your time wasted with punctures and blow-outs and that means money. Your clothes: Think of how many suits of clothes you have spoilt when changing tires. Your temper and the good will of your friends. Your money on inner tubes and the money you have lost through missing appointments by blow-outs and punctures.

OUR GUARANTEE

We will Guarantee to Each Purchaser: (1) That Flexo will not flatten and (2) That Flexo will not harden and (3) That Flexo will not change its resiliency and (4) That Flexo will last 50,000 miles at least and On failure to fulfil either of these conditions we will replace the Filler Free of Charge to the purchaser provided the Filler is not allowed to be exposed to the outside wearing surface.

Overland

Triplex Springs

Take the Jolts Out of Canada's Rough Roads

To appreciate fully what an improvement *Triplex* Springs are, you must ride in the Overland and see what they *do*.

To light weight and economy of 100-inch wheelbase they add the steadiness and road flexibility of 130-inch Springbase.

It is a new sensation to ride in a light weight car with the comfort formerly confined to the heavy car of long wheelbase.

—To be relieved from nerve-racking jolts and to go confidently ahead over rough roads at a good roads' speed.

The made-in-Canada Overland is a striking example of the new strides being made by Canadian industry.

WILL FILL IN DRY GULCH

A contract for a fill of 65,000 cubic yards on the Fraser Valley line of the B. C. E. R. has been let by the company too F. B. Dill of Vancouver, the figure approximating $50,000. The work will consist of filling in what is known a, the Dry Gulch, about three mil s from South Westminster. Culvert work is also included in the contract. The gulch is at present bridged by a trestle 200 yards in length which was built ten years ago when the line was first opened. Instead of replacig same the company decided to make a permanent fill there.

A sub-contract on the work has been let to the E. J. Ryan Construction Company.

BUILD ROADWAY AS EXAMPLE

Montreal, May 12.—At least two sections of roadway will be built by experts during the Canadian Good Roads' Association at Winnipeg, which opens on June 1 and will last until June 3 at the Royal Alexandria Hotel so that the hundreds of delegates attending will be able to have a practical demonstration of the manner in which highways are built. Offers have been received from the Grain Growers' Ltd., of Winnipeg, and from the Canadian Iron Ingot Co. of Guelph to construct sections of gravel or earth roads during the convention, supplying all the necessary men and machinery, and their offer will almost certainly be accepted. Most of the roads in this part of the Dominion are likely to be of gravel earth or macadam for the next decade, and the demonstrations that will attend from all the municipalities who become members of the Association. It is also probable that other roads of concrete, asphalt, or macadam will be built during the convention under the supervision of the most expert highway officials of the continent.

Apart from the practical demonstration, the delegates will also be shown cinematograph films of the process of constructing waterbound macadam, earth, cement concrete asphaltic concrete, tar macadam, gravel and other roads, which are being loaned by the Ontario government through W. A. McLean, the deputy minister of highways.

The tentative official programme of the convention, which will be presided over by S. L. Squire, the president, and be attended by official representatives from every government in the Dominion, shows that a wide variety of subjects will be brought before the delegates.

BULLER'S CIRCUS OPENS HERE ON MONDAY NEXT

Circus day for Abbotsford for the first time this season will fall next Monday when the Buller Dog and Pony Show and combined circus makes it apeparance here at 2 o'clock This time has been set in order to give schol children a chance to attend The Buller shows will be here for one day, performances beginning at 2 p. m. in the afternoon and 8 o'clock in the evening of each day.

Included in the personnel of the Buller shows are Miss Belle Wheeler a beautiful young girl who performs amazing feats on ladders and aerial work. The McMann wire act has been accorded great praise inother cities. Little Florence Barlow diminutive lass, is a bareback rider, and to her falls the honor of holding a reception to the children who attend the first day's matinee. Every child may have a ride on the ponies, numbering one hundred or more. Miss Pearl Barlow is an accomplished dog trainer, and to Al Barlow falls the lot of entertaining as one of the old-fashioned clowns of the show.

But it is not alone to the little ones that the Buller shows appeal for there is the lure of the circus which captivates the elders as well. Thoroughly trained ponies go through all forms of evolutions, leaping and diving dogs, monkeys and toher animals show the result of their training under the master hand of L. Carigon. One of the features of the show is a pony which walks the tight rope and another is a riderless act wherein four big thoroughbreds got hrough their paces with precision, skill and intelligence. Monday promises to be a red letter day among the little ones and grown-ups. The show is accompanied by a band composed entirely of returned veterans. The Buller show is the only all-Canadian exhibition of its kind in the Dominion.

Mrs. J. A. Hargitt, of Mission City attended the Ridgedale concert last week and reports it as one of the best yet held at that place.
