FOREST FIRE

IN ALL DIRECTIONS EXCEPTING EAST.

VALLEY SMOKEY.

On Monday evening, the valley along Boundary Creek was filled with thick smoke, that came down through the gaps from the north, west and south.

That from the north comes from forest fires to the south of Eholt. These fires have been burning the timber for over two weeks and judging from the heavy smoke is burning more fiercely.

The smoke from the west is due to brush fires at Deadwood.

In the neighborhood of Midway there are two forest fires one south of Midway and the other back of the Bruce.

Everybody would be glad if we could have smelter fires instead of forest fires.
