Reign of Terror.

Elections in Lisbon result in riots.

The Elections in Lisbon gave the Monarchist party a decided victory, as a result, a bloody riot took place last Sunday, and the City is experiencing a reign of terror.

It is reported that the mob plundered the poorer districts, which looks as though the Republicans were not wholly responsible for the disturbances.

Three newspaper offices, supporters of the Government, were wrecked and great damage done before the soldiers appeared upon the scene. They fired on the mob killing several and wounding a hundred more; the streets are covered in blood.

OTTAWA.

The House will adjourn next Wednesday the 15th. until Tuesday the 21st., for Easter.

Attempt to rob the Imperial Bank.

St. Catherines Ont. :–

Four burglars made a desperate attempt to rob the Imperial Bank at St. Davies.

Two of the men kept the citizens back with revolvers while the other two tried to blow open the doors of the vault.

They failed however to force the inner door and the situation becoming too hot for them they jumped on their horses and made good their escape.

Premier Resigns.

Asquith appointed in his place.

Premier Bannerman has resigned Office owing to his serious illness.

The Chancellor of the Exchequer The Hon. Herbert Asquith has been appointed to succeed him.

The King, who has been in France for sometime, has summoned Mr. Asquith to Biarritz and he will assume his new duties immediately on his return.

Mr. John Burns has been mentioned as likely to be offered the Chancellorship.

Our latest report of Mr. Campbell Bannerman is that he is much worse and sinking rapidly.

Ottawa :–

Mr. Oliver's Immigration Bill, providing that all immigrants must come direct from the place of their birth if they are to be admitted into Canada has passed the Senate.

The Royal assent has been given to the Bill.

WILL STOP HINDOO IMMIGRATION.

Administrative measures to be taken.

As a result of the conference between Mr. John Morley, the Earl of Elgin, and Mr. McKenzie King, administrative measures are to be taken to stop Hindoos emigrating to Canada.

Circulars are being sent to India explaining that the state of the labour market here renders it undesirable that Hindoos should come here.

It will also be explained that the climate is not at all suitable for them.

Terrible Blizzard

The worst storm ever known.

What is reported as the worst storm that has ever been heard of has been raging round Toronto.

Great havoc has been caused all along the shore of Lake Ontario.

The waves forced their way one hundred yards further inland than they have ever been before and many exciting rescues took place.

Several families have been rescued from their houses by boats.

Ottawa has not escaped and damage is reported from Montreal, but up to the present we have heard of no loss of life.

THE ATLIN CLAIM PUBLISHING CO., LTD.

HUBERT FAULKNER, MANAGER & EDITOR.

Owing to the fact that the "Gold Group" Mine (late Beavis property) is going ahead very satisfactorily, although at the present time we are not in a position to make any definite statements with regard to it, and, that it is reported that several investors representing a large amount of capital will visit the Camp during the coming season, we wish to impress upon all holders of good quarts, and placer propositions of which they wish to dispose, to remember that at all times we are pleased to publish reports of good properties in the District if they are communicated to us.

We would ask however that only actual facts be dealt with in such reports, and that the imagination be not allowed to cause statements to be published which cannot be verified, since this will do more harm to the property than anything else. Each property so misrepresented, not only minimises the owner's chance of making a deal, but, injures the reputation of the whole Camp, and tends to scare away the investor.

It is owing to this sort of thing being practiced in the past, that, now we have several good sound propositions to offer, that capitalists are afraid to come forward for fear of running up against one of the "wild-cats" which gave us such a bad name years ago.

The Government takes over the recovery of the bodies on Spruce Creek.

A Public Meeting was held in the A. B. Hall, Discovery, on Monday afternoon April the 6th. to decide what was to be done with regard to the recovery of the bodies of the two entombed miners.

The attendance at the meeting numbered about 70, nearly all of whom were miners.

Mr. Norman McLeod was in the Chair and Mr. W. B. Conroy acted as Secretary.

It was moved by Mr. Kirkland, seconded by Mr. Alex. McDonald, That we make a request upon the Government to recover the bodies of the entombed miners on Spruce Creek, as the miners have exhausted themselves in trying to recover them.

Mr. Fraser, the Government Agent, asked for information as to the scheme to be employed, and the approximate cost; a lengthy discussion followed, and it was ultimately moved by Mr. McKay and seconded by Mr. Swanson that a Committee of 5 miners be appointed by the Chair to devise ways, and the probable cost of extricating the bodies.

The following acted on the Committee:- Messrs. Carlson, McLaren Conroy, Alliott and McDonald.

The Meeting then adjourned for one hour to allow these Miners to come together, with Mr. Fraser to formulate plans, and at the end of that time they reported that the most feasible ways were, either to run an incline, or sink a shaft, at a probable cost of between $1,500 and $2,000.

The Meeting then adjourned and Mr. Fraser communicated with Victoria by telegram, and received a reply authorizing him to employ men to recover the bodies.

Mr. Fraser met the Miners on Wednesday, and Mr. McLaren was placed in charge of the work of sinking a shaft. The work is proceeding well, and we hope their sad object will be speedily attained.

Our thanks are due Mr. Conroy for his kindness in supplying the particulars of this report.

CARD OF THANKS.

To the Editor,
Atlin Claim.

Sir,

I take this, the first opportunity, to thank, through the medium of your paper, all the miners and other kind friends, who so assiduously worked at great personal inconvenience and risk, in the endeavour to save the lives of my brother W. S. Alliott and my sincere friend Edward Bowly, and who, when all hope of this was abandoned continued to labour so energetically for the recovery of their bodies.

In expressing my thanks I wish also to include those of the members of my family and of the late E. Bowly's, to whom, it will in their sorrow, be a source of great satisfaction to know that so many kind friends, testified their sympathy and sorrow for the two young men, cut off so sadly in the prime of their lives.

I remain
Yours faithfully
Alex. W. Alliott.

BOARD OF TRADE.

At the Board of Trade Meeting held on Thursday the 9th. there were present:- Messrs. Fraser, Brown, Paxton, Neville, Faulkner, Conley, Anderson and Capt. Hathorn in the Chair.

A letter was read from Mr. Sloan stating that an engineer would examine, and report to the Government on the feasibility of making the Atlinto River navigable.

There was a discussion with regard to the 10 per cent increase in the freight rate charged by the W. P. & Y. Co. towards the end of the season, and it was dedided to write to Mr. Berdoe asking for an explanation of the matter.

Mr. Fraser said that he had been advised that the Launch "Tagish"
