THE ATLIN CLAIM.

VOL. 10. ATLIN, B. C., SATURDAY, JANUARY 9, 1904. NO. 234.

P. M. A. of B. C.

Provincial Mining Association Will Form Branch in Atlin.

Everyone Interested In The Welfare Of The District Should Join And Aid The Association In Its Good Work.

It is intended to form a branch of the P. M. A. in Atlin, in addition to the branch in Discovery, to enable all those who are interested in the mining industry to assist in promoting the objects of the Association.

The P. M. A. undoubtedly deserves the support of this community. Its constitution says;—"The objects of this Association shall be to protect, develop and foster the mining industry of British Columbia in all its branches". Such worthy objects exactly coincide with the requirements of Atlin, and we must not fail to continue the work commenced by us so vigorously last winter, when a large number of our delegates conduced to the success of the convention, and to bring Atlin very prominently before the mining world. It would indeed be ungrateful to ignore the efforts that are being made by the P. M. A. which represents 10,000 members, and which has already succeeded in greatly improving the condition of mining affairs throughout the province.

But it is evident that without a small subscription from the branches, the work of the Association cannot be adequately conducted.

The Atlin branch will not conflict with the Atlin District branch, which has its headquarters in Discovery; but the distance is too great for Atlin members to attend meetings in Discovery during the winter, and a little friendly emulation will be good for both branches.

The Annual Membership fees for all branches of the Provincial Mining Association are as follows;—

Mining Companies,	$10.
Retail Merchants, Hotel and Saloon Keepers,	$5.
All other Members,	$1.

All persons friendly to the mining interests are eligible to become Members of this Association.

Copies of the Constitution and By-laws may be had on application.

A meeting will be held at the Grand Hotel on Tuesday evening next the 12th. inst. at 8 oclock and it is to be hoped that everyone will attend, and support this endeavour, which has for its object the advancement of mining, and therefore the advancement of our Camp.

600 PERSONS KILLED

Fire at Chicago Theater Creates Terrible Panic.

Asbestos Curtain Fails to Act. Apparent Culpable Negligence Of The Management.

Chicago:—A fire broke out on the stage of the Iroquois Theatre and the asbestos fireproof curtain failed to act, the flames, fanned by the draught, spread to the auditorium the result being that a terrible panic ensued in which six hundred people lost their lives, the majority of whom were trampled to death.

The building was entirely destroyed, and the employee who was operating the fireproof curtain volunteered the statement that he had warned the management 3 weeks previously that the curtain was out of order and could not be depended upon in case of emergency.

BULLION CREEK.

Continued Good Reports from the New Placer Fields Near Whitehorse.

On 47 below on Bullion, a man named Johnson is averaging nine ounces per day, from the rim along the bench. Quite a number of prospectors are working; and all along the line good reports are current.

The Whitehorse people have raised quite a large sum to be used in advertising the new placer fields, a very commendable action and likely to derive large benefits for the merchants and others of that city, if judiciously done.

From Mr. Brewer's report, on the Copper belt at Whitehorse, it would appear that Whitehorse needs no "booming", and that its Quartz alone is sufficient to make it quite a mining center.

WAR

Russio-Japanese Crisis Feared at Lloyd's

War risks at Lloyd's rose to 35 guineas per cent. to the end of January and 45 to the end of February. Cargo insurance jumped from 5 to 20 shillings. The owners of two cargoes already half way to Japan found difficulty in effecting insurance even at the latter rates.

Death Of Mr. Caplice.

One of Montana's Pioneers and a Prominent Citizen of Butte Laid to Rest.

Many will remember Mr. John Caplice who visited this camp in 1901 and 1902 and regret the death of one of the best friends a prospector ever had.

His funeral, which took place in Butte, was the occasion of a solemn conclave of Montana pioneers, who payed homage to their departed friend John Caplice.

Requiem solemn mass was said and all the resident and visiting clergy in the Sanctuary assisted by Bishop Brondel on his throne participated in the impressingly solemn service.

The death of Mr. John Caplice removes the President of the Montana Society of Pioneers and leaves a blank in the mining world of the Western States.

BONDED

Monro Mountain Mine Again Bonded.

Ten Stamp Mill Will be Brought In Over the Ice If Purchaser Is Satisfied With The Property.

The well known Monro Mountain Mine has again been bonded and the bondee is expected here daily.

It is the intention of the bondee, if investigation proves satisfactory, to erect a 10 stamp mill on the property at once.

The mine has been worked continuously since the Nimrod Syndicate gave up their option, and from all reports received it looks like a paying proposition.

COAL PROSPECTING LICENCES.

NOTICE is hereby given that, 30 days after date, I intend to apply to the Hon. Chief Commissioner of Lands and Works for a coal prospecting licence over the following described lands, situated on the Tooya River, Cassiar District: Commencing at a post marked "James Stables S. W. Corner", thence North 80 chains; thence east 80 chains thence south 80 chains; thence west 80 chains to point of commencement, containing about 640 acres.

SATURDAY, JAN. 9TH., 1904.

A notice appears in this issue calling meetings for the purpose of electing Fire Wardens for both Atlin and Discovery.

The citizens of both places should wake up to the fact that the election of Fire Wardens is a very serious matter, especially when one considers the legal rights and powers they are permitted to exercise, and it is their bounden duty to nominate and elect men capable and willing to take office, which office is a gratuitous one in the interests of the general public and a thankless one at best.

Great Faith In Atlin.

Mr. J. M. Ruffner Says Hydraulic Mining Will Uncover Riches.

"Atlin is going to be the greatest hydraulic mining district on the coast, and the returns from this form of mining next season will astonish even the most sanguine," said Mr. J. M. Ruffner of Atlin to The Province.

Mr. Ruffner stated that the past season had been a very successful one in spite of the general shortage of water experienced throughout the Yukon and Atlin districts.

Although many of the hydraulic mining companies throughout Atlin were as yet only engaged on development, there was no doubt of the ultimate success of the operations. The British-American Company had been making preparations all summer for operations on a large scale, and rich returns were promised next season. For many miles along Pine and Spruce Creeks development was being done on a large scale with every assurance of success. Few of the companies had reached the stage where a rich clean-up could be expected, but the returns so far had been quite satisfactory.

In the case of the Pine Creek Power Company alone some $35,000 had been spent in development work last summer, in addition to the initial outlay during the previous year. The returns from last season's operations had paid for these improvements, and for next summer still further improvements, and development work, which is to cost in the neighborhood of $25,000, are planned. These improvements, Mr. Ruffner said, would be largely in the way of ensuring an additional supply of water to enable operations to be continued later in the season.

A Suggestion.

It would not be a bad idea to have waterproof mail sacks at this time of the year.

Quite a number of valuable parcels were badly damaged by water on last Saturday's mail.

NOTICE.

ELECTION of FIRE WARDENS

Meetings of the citizens of Atlin and Discovery will be held on Monday the 11th. inst. at the hour of 10 oclock a. m., in Atlin at the Court House and in Discovery at the Police Station, for the purpose of electing THREE FIRE WARDENS for each place.

Any citizen aged 18 years and upwards, except an Indian or Chinese, is elegible to vote for election.

J. A. Fraser.
Government Agent.

Wheeling, Secretary of the Company, and are in a position to deal with their friends and customers even better than when each were doing business separately. Don't let any person try to make you believe that the A. T. Co. is controlled by any other than officers of the Company.

NEW YEAR

On Spruce Creek.

Space does not permit us publishing a lengthy but interesting letter from "K" giving full particulars of how the community on "Poverty Flat" Spruce Creek, (Four at the most, but as the little nigger said "If you count by the fun we have we are most a hundred".) started the New Year.

Music, by the now famous Spruce Creek Orchestra, Songs, Dancing, Stories, Recitations and an ample supper comprised the programme, and the guests departed "Happy to meet but sorry to part".

The success is mostly due to Messrs. W. Kyle and George Gould and to Mrs. Fleming, the hostess and chaperon.

WANTED—FAITHFUL PERSON TO CALL ON retail trade and agents for manufacturing house having well established business; local territory; straight salary $20 paid weekly and expense money advanced; previous experience unnecessary; position permanent; business successful. Enclose self-addressed envelope. Superintendent Travelers, 655 Monon Bldg., Chicago.

STABLES & LUMSDEN

IRON STORE, FIRST STREET,

ARE STILL TO THE FRONT IN

Groceries, Dry Goods, Boots & Shoes, Etc.

The Line of FALL and WINTER GOODS we have placed In Stock this week are certainly EYE-OPENERS

Just see our shirts and underwear
And socks at any price a pair.
Our mits and gloves cannot be beat.
Our boots and shoes so trim and neat

Cigars and cigarettes to smoke,
But see our pipes, oh! my!
If once you get your eyes on them
You cannot help but buy

AT THE IRON STORE
