THE ATLIN CLAIM.

VOL. 14. ATLIN, B. C., SATURDAY, MARCH 3, 1906. NO. 347

TELEGRAPHIC.

JESUITS AND ENGLISH KILLED.

Gunboat Goes to Quell Rioters at Nanching, China.

DIAMOND ROBBERS IMPRISONED.

Canada Loses a Million Dollars by Car Shops Being Burned.

To Investigate Canadian Insurance --Japs Study Conditions - Kaien Island Deal--Hello Girls out on Strike--Heinze Will Spend Millions Developing Copper--The Algeciras Controversy.

(SPECIAL TO THE CLAIM.)

Washington, D. C., March 1.—A despatch which was received here yesterday stated that during a riot which occurred on Monday at the American Mission in Nanching, China, six Jesuits and four members of an English family were killed. An American gunboat was on its way to the scene of the trouble. The despatch also stated that the Chinese government had instructed the governor of the province in which Nanching is situated to punish severely all those who had participated in the riot.

Vancouver, B. C., Mar. 1.—Wallace Barrington, partner of Harry Hazard in the recent diamond robbery at McMillan's jewelry store in this city, was arrested at Blaine, Wash., a few days ago, waived extradition proceedings and returned to the city with a detective. When the prisoners appeared for trial yesterday they both pleaded guilty to the charge of having committed the theft. Barrington was sentenced to five years imprisonment, while Hazard, who had materially assisted the police since his arrest, was given a sentence of four years.

Moncton, N. B., Mar. 1.—The large construction and repair shops and plants of the Intercolonial Railway in this city were totally destroyed by fire yesterday. The loss will exceed one million dollars. Over one thousand employees are thrown out of work.

Ottawa, Ont., March 1.—A royal commission was appointed yesterday to investigate fully the methods employed by the different life insurance companies and societies doing business in Canada.

Port Townsend, Wash., March 1.—A distinguished party from Japan, numbering thirty-nine persons, which is headed by Prince Tsai Tsi, who is a first cousin of the Japanese Emperor, arrived in this port last night. Before returning to Japan the several members of the party will make a thorough study of the political and trade conditions which exist in the United States.

Victoria, B. C., March 1.—At the Kaien Island investigation which is being held here by a special committee appointed by the B. C. legislature James Anderson, upon examination, admitted that the Grand Trunk Pacific company agreed to pay Peter Larson, of Montana, and himself $40,000 for their services in connection with the deal. There is an unofficial rumor in circulation that four Conservatives have joined the opposition, who are demanding the dismissal of the McBride government on account of the disclosures of the Kaien Island deal.

Vancouver, B.C., March 1.—The "hello central" girls and all the electrical workers of the Telephone Company in this city have been on strike since the 23rd of February because Superintendent Kent attempted to force the girls, of whom there are thirty-three, to remove their names from the membership roll of the electrical union.

Indianapolis, Ind., March 1.—The coal operators of this section have agreed to increase the miners' wages by a scale of from five per cent. and upwards and the threatened strike has been averted.

Vancouver, B. C., March 1.—Mr. August Heinze, the Montana copper king, will during the coming summer commence mining operations in the Bulkley valley, where he intends to expend several millions of dollars in developing copper properties which he has acquired.

North Portal, March 2.—Thirty carloads of settlers effects from Iowa passed through this place yesterday consigned to different points in the Canadian North West.

St. Petersburg, March 2.—Most alarming views of the present strained relations between Germany and France are entertained in certain diplomatic quarters here, where the situation is considered to have become extremely tense and a conflict between the two nations is thought to be by no means unlikely. Russia is using all her influence at Berlin to prevent a rupture.

Berlin, March 2.—The German government has decided to make some concessions in order to meet the French views on the present Moroccan question, provided that France is willing to yield something on her part. The extent of Germany's proposal will become known only at Algeciras, when it will be communicated to the French delegates at the conference.

Algeciras, March 2.—The French officials here don't look favorably upon the last Berlin report. One of the German Moroccan delegates has caused considerable excitement here by the disclosures that the proposed concessions of Germany would give the contract for the harbor improvements at Carabablanca and Saffi, the two leading Atlantic sea ports of Morocco, to the Cremzol Company, of France, while at the same time Germany would have secured the concession for extensive harbor improvements at Tangier.

Vancouver, B.C., March 2.—The Privy Council has decided the famous street-ends case, which has been kept in the courts for two or three years by the City of Vancouver and the Canadian Pacific Railway Co., in favor of the latter.

GENERAL NEWS.

The Roman Catholic church at Beauford, Que., was burned on Feb. 22nd. Loss $45,000.

Mrs. Isabella Brooks suicided at Toronto on Feb. 23rd by drinking carbolic acid. She had been in poor health.

Johnston Jordan, of Port Hope, Ont., died last week as the result of mistaking and drinking carbolic acid for medicine.

James Sulthorp, a Port Hope farmer, fell into a large grain bin last week and was drawn under by the suction. He was dead when recovered.

Rebel Hottentots ambushed a German military patrol near Sendooru, German West Africa, last week and killed Lieutenant Bendor and six troopers.

At Grand Rapids, Mich., on Feb. 19th J. T. Tewes, of Jersey City, broke the world's record for indoor shooting with a 22 calibre rifle at 25 yards, when he made 2281 out of a possible 2500.

Joe Gans, the colored lightweight pugilist, was in San Francisco last week and issued a challenge to fight Jimmy Britt on the understanding that they give their share of the receipts to charity.

Edith Maud Thompsett, aged 34 years, of Toronto, walked out of a bed room window on Feb. 22nd while in a somnambulistic condition and fell 20 feet to the hard pavement below. The fall killed her.

At Washington on Feb. 22nd chairman Hull, of the committee on military affairs, in presenting the army appropriations bill urged the necessity of preparations of both the army and navy for trouble in the Orient.

While en route home from San Francisco, where they had been defeated by the New Zealand team by a score of 43 to 6, the British Columbia rugby football team defeated the Portland team by a score of 31 to nothing.

The German government will shortly lay before the reichstag a proposal to give the United States the same treatment under the new German tariff as is given to countries with whom Germany has reciprocity treaties.

A fierce engagement took place near Okatrinodar, Caucasia, on Feb. 20th between Russian troops and 600 mutinous Cossacks who were out on a foraging expedition with five machine guns. There were many casualities.

A compulsory education bill, which provides that all children between 6 and 28 years of age not having passed the 7th grade must attend school 120 days each year, has been introduced in the Nova Scotia legislature.

Geo. Bauerman, a middle-aged carpenter, was burned to death in a fire which also totally destroyed the cabin in which he resided at Whitehorse on Sunday, Feb. 18th. Too much liquor and a over-heated stove caused the trouble.

The bye-election in Maisoneueve, Quebec, made necessary by the death of Hon. Raymond Prefontaine, resulted in the return of Alphonse Verville, the Labor candidate, by a majority of 2,000 over the opposing Liberal.

On Feb. 22nd Mrs. Richard Colwell, of Gossareld township, near Kingsville, Ont., laid an information against her husband alleging that he sold her, body and soul, to Frank Dobson, a farmer, the consideration being a promisory note for $50.

At Los Angeles on Feb. 23rd in a twenty-round fight Tommy Burns won the decision over Marvin Hart, colored, and the world's heavyweight championship. There was no knock-out. Burns, having the longest reach, was able to outpoint Hart.

A Kingston, Jamaica, despatch of Feb. 19th said that Edward St. George Banwell, the defaulting teller of the Crown Bank of Toronto, accompanied by his wife, had left for Canada. All the unsigned bank notes stolen by him have been cancelled and he was broke.

In the British parliament on Feb. 23rd the Unionists appealed against the King's speech, which they thought favored home rule. The Nationalists were much pleased and promised to cease obstructing after an amendment offered by the Unionists was defeated by 408 to 88.

A despatch of Feb. 21st says that foreigners residing in Pekin were receiving many telegrams from relatives indicating a feeling of alarm over the possibility of a Chinese outbreak. Foreigners and ministers there argued that the Chinese never appeared more friendly than at that date.

The official news agency at St. Petersburg on Feb. 23rd received a despatch from Paris bearing the marks of government inspiration which suggests the possibility of President Roosevelt being able to bring about a reconciliation between France and Germany, at Algeciras, the same as he did for Russia and Japan.

The Singer Manufacturing Co. has filed plans with the building department of New York for a building that will tower 300 feet above the highest present sky-scraper in that city, so says a despatch of Feb. 23rd. The building when completed will be 40 feet higher than the Washington monument in Washington, D.C., which is 555 feet high.

THE ATLIN CLAIM PUBLISHING CO., LTD.

W. POLLARD GRANT, EDITOR-MANAGER.

The Vancouver Province says the telegraphic report which was circulated last week, to the effect that the Grand Trunk Pacific would not begin construction in the western part of the Dominion for several years to come, is a rank fake, and publishes a denial of it over the signature of Vice-President Morse, who says the work of construction will be carried on as rapidly as possible and that the entire road will be completed and in operation by the allotted time, 1911.

The letter of Provincial Game Warden A. B. Williams, in another column, contains a volume of truth in respect to the indiscriminate slaughter and destruction of the big game asset of the Atlin district. It is certain that the district might have a considerable amount of money expended in it every hunting season by wealthy tourists if our game laws were properly respected by the Indians and residents, and it is the duty of every citizen of the camp, not only to respect the game laws, but to at all times help to enforce them.

Our worthy game warden speaks of the time when "our mining is all done." He certainly knows more about the condition of big game in the Atlin district than he does about our past and present mining operations or the enormous possibilities in this line in the future.

Placer Claims.

Dr. Young Introduces Bill To Alter The Size of Claims.

The following is from the Victoria Times of Feb. 10th:

The amendment which Dr. Young introduced yesterday to the Placer Mining Act is calculated, he says, to give creek claims a much longer lease of life than at present. The life of a creek claim at present is limited to 250 feet square. Dr. Young points out in explanation of this amendment that in the case of the distance between benches being narrow, and consequently the ground rich, the present size of the claim is satisfactory. On the other hand, however, where the auriferous gravel extends over a wide area between the benches the 250 feet square is not sufficient.

He proposes to make it 250 feet long in the direction of the stream. It will however extend 1,000 feet wide, 500 feet on each side of the centre of the stream. By this system Dr. Young points out that a miner who stakes a claim will have a fair chance to get the rich streams. By limiting it to 250 feet in width a miner might carry on his work in low grade dirt with no prospect of reaching the paystreak in the limited width. Under the system he proposes the chances are altogether altered. It would result, he thinks, in miners taking up their residence on the claims and working these claims for years. This is of importance, the member for Atlin says, in his district and points out that it is in line with the proposal made for the Yukon. The Yukon claim, however, is proposed to be 500 feet long and extend for 1,000 feet on each side of the central line. Governor McInnes, who is on his way to Ottawa, includes this proposal among others which he will submit for approval to the Dominion government.

Dr. Young's amendment will likely give rise to considerable discussion in the House when the bill comes up for second reading and in committee.

CORRESPONDENCE.

[The Claim is not responsible for views expressed by correspondents.]

Game Laws Should be Enforced.

Game Warden's Office,
Vancouver, Feb. 8th, '06.

Editor of THE ATLIN CLAIM,
Atlin, B. C.

DEAR SIR,—I am sending you, under separate cover, a marked copy of my report. At the latter end you will see that the few tourists who visited the town of Lillooet left in that place at least $20,000 besides $800 for licences. Now I should like to call the attention of the people in Atlin to this fact, as I consider that the Atlin district is a better district by far for game than Lillooet and should have at least as many tourists as that place. It is possible that the distance Atlin is away may have something to do with the small number of tourists you get, but this is not the chief reason, as wealthy sportsmen do not mind distance or expense to obtain shooting. The reason is because the reports of the destruction of game by Indians, and by hunters for sale of heads and meat, have been very widespread and as a sporting centre Atlin has got a black eye. I think it time that the people should be made aware of the value the game is to them. Would it not have made a great difference to the merchants, hotel men, and in fact everybody if you had had the same amount of money left there that was left in Lillooet this season? You should get double that amount. There is enough game to keep a small town going for years, after your mining is all done, if it is properly protected.

I am having numerous enquiries from tourists as to the best places to go next shooting season and I have no doubt that I should have sent a good many in to Atlin had I not had a knowledge of the way the game has been slaughtered and also the indifference of the majority of the people to this fact.

I hope you will do the best you can to impress these facts, through the medium of your paper, upon the people of Atlin. I am, sir,

Yours obediently,
A. BRYAN WILLIAMS,
Provincial Game & Forest Warden.

I BUY FURS.—C. Goldstein will be in Atlin from the 15th of March until April 1st and will pay highest prices for fur. Call or leave word at Royal Hotel. m5

Hockey Matches and Carnival at Discovery.

Atlin Seniors Lost But the Juniors Won--Carnival Prize Winners.

Several from Atlin and a large number from the creeks were in attendance at the Discovery skating rink on the afternoon of Saturday last to witness the second games of the season between the senior and junior hockey teams of Atlin and Discovery.

The senior game, which was called first, started at about 3 p.m. and was productive of 30 per cent. better hockey than the previous week's game. Owen and Sinclair occupied positions on Atlin's team in place of E. D. Rorke and Burnside, and Gilmour played for Discovery instead of W. Sweet. The match was well contested from beginning to end and resulted in a win for Discovery by a score of 5 to 3. The home team started the score moving in the first quarter, when they got two goals to the visitors' one, and they maintained their lead throughout the game. In the second quarter each team scored one goal, the score being 3 to 2. After about four minutes play in the third quarter Discovery forged through the Atlin defence and scored their fourth goal. Atlin secured the rubber at the subsequent face-off and inside of thirty seconds had scored their third and last goal. During the remainder of this and the last quarter the visitors poured a fusilade of shots at the Discovery goal, but all to no effect as Dick, at point for Discovery, proved a veritable barrier and stopped pretty nearly everything which came his way, and the few odd shots which got past him were taken care of by Gilmour in goal. Discovery scored one goal in the last quarter. Dick, who most certainly saved the game for the home team, and Miller, for Discovery, and Owen, McPhee and Bourne, for Atlin, did good work for their respective teams. Fetherstonhaugh did most of the scoring for the winners. Atlin shot often enough but the shots lacked sufficient steam for goal-scoring. The line-up was:

DISCOVERY.		ATLIN.
C. Gilmour	Goal	Theo. Sweet
J. Dick	Point	G. Sinclair
F. P. Miller	Cover-Pt.	W. Owen
Fetherston	Forwards	O W. Rorke
J. Palmer	Forwards	F. McPhee
J. Cartmel	Forwards	C R Bourne

Referee, R. M. Wilson; goal umpires, E. Rosselli and W. E. Fisher; time-keepers, A. J. Burnside and R. D. Fetherstonhaugh.

THE JUNIORS.

The junior teams then took the ice and furnished a very good game, which would have been much better had there been the required number of players on each team. As it was, the two forwards and one defence of the teams had by far too much ice to cover and, being in continuous motion, they were much fagged at the finish. The Atlin boys, however, demonstrated their supremacy as stick handlers and by their combination work and good shooting defeated their opponents by a score of 4 to 2. The teams were as follows:

Discovery—Carl Anderson, Harry Costigan, Charley Bruce and Robert Roxborough.

Atlin—Leonard Haslett, Alan Fraser, Harry Mobley and Lyal Fraser.

The players of the junior teams and a number of their young friends were the guests at dinner of Messrs. Hampton & Durie, proprietors of the Nugget Hotel. The Atlin seniors were entertained to dinner at the same establishment by the Discovery seniors, and both dinners were very pleasant affairs.

THE CARNIVAL.

The fancy dress carnival at the rink in the evening was a splendid success and was well attended by skaters en masque, skaters in ordinary attire and spectators. The Discovery orchestra supplied good music and the scene on the ice as the skaters glided around was one of much blitheness. The rink was well lighted, the ice in good condition and both spectator and skater thoroughly enjoyed themselves. The judges, Messrs. R. A. Jackson, Geo. A. Kerr and E. Rosselli, had a most unenviable duty to perform and we are certain that their decisions were well arrived at in awarding the prizes as follows:

Best sustained character—Lady, "Columbia," Mrs. James Stables; gentleman, "Turk," Mr. D. Ross.

Best girls' costome—"The Atlin Claim," Jessie Anderson.

Comic gents—1st, "Policeman," Thos. Hanna; 2nd, "Clown," V. Trotman.

Comic girls costumes—1st, "Mary Jane," Jos. Palmer; 2nd, "Topsy," Harry Costigan.
